# The GOAL OF TRAINING By L. Ron Hubbard

Scientology is a science of life. It is the one thing senior to life because it handles all the factors of life. It contains the data necessary to live as a free being. A reality on Scientology is a reality on life.

reality on Scientology is a reality on life. The game of having a science of life around is something that has ordinarily been held down by those who have bent it to their own desires. If they did know anything about life, they didn't let anybody else in on it. In Scientology we're playing a different game because we are letting somebody else in on it. We're not operating as a secret society trying to pull power out of the society by just letting what we know remain unknown. That is a fine way for an individual or group to perish!

My own philosophy is that one should share what wisdom one has and should help others to help themselves. I have never seen wisdom do any good kept to oneself. If you would care to investigate savage cultures, of which I have investigated a few, you would discover that it is ignorance itself, it is lack of wisdom in that community, which brings about terror, injustice, maltreatment decay and deterioration. Wisdom afloat in a culture makes the culture. The very definition of culture could be summated — the amount of technology, knowingness, wisdom, in existence in the society.

In our western culture, the humanities have been far outstripped and over-balanced by a technology appertaining only to the physical universe and leaving out of its computation – the mind, life, beingness. Man's ability to handle destructive physical universe forces is far, far greater than his ability to handle himself. He is in a precarious state of existence and needs a road to travel to a higher and far happier state of existence, with similar resultant improvements in his societies. He needs a road to carry him away from the inhumanity and barbarity with which he has been forced, through lack of enlighten-

1413

ment, to handle his affairs.

As Scientologists, we find ourselves the sole guardians of the only road to the highest state of existence – Clear and beyond. (A Clear is a thetan, or being, who has no reactive, or stimulus-response, mind and who can be at cause knowingly and at will over *mental* matter, energy, space and time as regards the First Dynamic [survival for self].)

The route to the highest states has been sought by Man in the fields of religion, mysticism, spiritualism, philosophy, mental arts, metaphysics, science and allied studies. Vast libraries could be filled with the scraps of information gathered in the course of this search. The great achievement of Scientology has been the culling of truth from this sea of data and finding that the truth has a tiny group of data possessed of the overwhelming power of changing all other facts in this universe and in livingness.

The opening of the road depended upon the success of codifying this information so that it could be relayed to others.

Scientology research has resulted in a full range of completely successful techniques for improving conditions in life. Now you could have techniques for improving the state of an individual and have them sit in a book for 8 billion years without raising the ability or improving the condition of a single person in the entire human race. Techniques have to be administered. They are administered by the most valuable beings on this planet – trained Scientology Auditors. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment. (A process consists of a set of questions asked by an auditor to help a person find out things about himself or life.)

Auditors are being trained at Saint Hill and in the Academies of Scientology Organizations throughout the world. They learn to perform flawlessly as auditors, to run certain exact processes, and to obtain results with these processes by auditing well and exactly. The auditing skill acquired is a discipline in living and a know-how of the parts of life. It is something *new* in the universe. Training is the bridge between the student's own learning and experience and livingness and the data which is offered to him in Science of life.

It will take a lot of auditors to have a civilization without insanity, without criminals and without war, where the able can prosper and honest beings can have rights and where Man is free to rise to greater heights. There is a mission for each auditor. The mission of Scientology is not conquest, it is civilization. Scientology works, not to harangue men toward impossible freedoms, but to make Man civilized enough to be worthy of his freedom. Scientology's goals are well within the grasp of its technology used by trained Scientologists. As Scientologists, we seek the evolution to higher states of being for the individual and for society. By equipping more and more Scientologists through training, with a brilliantly workable technology, we are achieving our aims.

### TRAINING ... The Road to Total Freedom

Training in Scientology is unique. Man has never before had a truly workable, standard technology for improving the conditions of individuals and handling Life. Previous attempts to understand the mind, to fathom the spirit and to reach higher states of beingness, have all foundered or, at best, achieved something which couldn't be passed on to others. Only in Scientology is it possible to handle Life itself and handle it so that an individual can emerge as his essential self – Clear. Man has had innumerable 'disciplines' and 'schools' but' before the arrival of Dianetics and Scientology no work-able technology for the restoration of self had ever been discovered.

discovered. It is only now, in the middle of the 20th Century, that it is possible for an individual to enroll in the Academy of any Scientology Organization and know that he will learn *workable* techniques in the field of the mind and Spirit. Today standard technology is taught in all Scientology Organizations throughout the world. This technology is the thoroughly tested, validated, condensed result of 35 years of research and development by L. Ron Hubbard. Scientology data and technology have been carefully arranged in gradual levels so that all training is on a gradient and all students can steadily and quickly win as they study. The student starts his Scientology training by doing the

they study. The student starts his Scientology training by doing the New Era Dianetics Course in the Academy of his local Scientology Organization. He learns the anatomy of the human mind, and gains practical experience in handling it in actual auditing sessions. He is now ready to start training on the Level 0 Certi-fication Course. The course, given in the Academy, fully covers all aspects and theory of Level Zero (which com-prises the subject of communication). On completion of this course, the student earns the award of a Hubbard Recognized Scientologist Certificate. The student is then eligible to enroll on the Class Zero Course, which trains a student in the practical application of the level. He com-pletes his checksheet, audits a preclear successfully to Grade 0 Release, passes his examination and is then fully classified as a Class 0 Auditor. (See the Routing and Graduation Chart for a full run-down of the subject matter of each level.) Each level follows this pattern. Each level follows this pattern. A Theory Course with the appropriate certificate and a Practical Course with its level of classification. The levels follow each other in a smooth gradient, and each level is properly mastered before the student progresses confidently to the next level.

Auditors can train up through the levels to Class VIII. Depending on the level to which an Academy is authorized to train, the Academies of local Organizations train and classify students up to Class 0, 1, 11, 111, and 1V.

The student grad-uates as a Class VI Auditor. He can elect, or be invited, to sign a 5 year contract with an Organization and train at Saint Hill as an Intern, to Class, VIII. To the beginning Scientologist, a Class VI Auditor may seem to have attained 'unreachable heights of technical ability, but the arrangement of Scientology training courses into carefully graded levels ensures that the student progresses easily till he, too, is a Class VI Auditor with a mastery of the auditing skills which makes him one of the most valuable beings on Earth. This training programme has the enormous advantage of being, at the same time, the cheapest and fastest route to Clear and beyond. The Class VI Auditor has already learnt, on the Saint Hill Special Briefing Course, the skills needed for auditing himself to Clear. Once he has graduated, he may immedi-ately enroll on the Clearing Course and rapidly audit himself to Clear.

professional route to Clear has as their prerequisite the New Era Dianetics Course, which can be done at the local Organization or Saint Hill. In all aspects of life the trained person is of greater value to himself and others than the untrained person. Well trained Academy auditors are needed by the millions of beings on this planet who are seeking auditing along the road to total freedom. Only Academy trained auditors can audit others up the invaluable Grades of Release. The freedom of others and the freedom of tomorrow's children depend entirely on each one having a tomorrow's children depend entirely on each one having a well trained auditor.

The doors of Scientology Academies are open and have already trained thousands of auditors. As you read this right now, an auditor is releasing someone in one of the many Hubbard Guidance Centres around the world. Mankind needs thousands more trained Scientologists.

Get training – and gain the reward of knowing that others will make it to Clear tomorrow because you cared enough to prepare to help them today.

work after becoming a fully trained Class VI Auditor. He will work in the field of world diplomacy, politics and economics, along with auditing part time.

As a personal win thus far from the Briefing Course Michel said, "1. have a much bigger reality that we are actually making this dream come true, the dream of making a much saner planet and one that can survive.'

### 1978 - THE YEAR OF LIGHTNING FAST NEW TECH

I have some exciting news about services.

Processing has gotten so fast that actually clearing whole areas is in view. 1978 was indeed the year of Tech Breakthroughs!

If processing had to get more expen-sive due to inflation, why then it had to be made much quicker and better. Actually processing costs today per result are much cheaper than ever before red will continue to be as the improve and will continue to be as the improve-

and will continue to be as the improve-ments have been so great. It all began with New Era Dianetics. When I look back and remember the hundreds and even thousands of hours some people spent on Book One Dia-netics, it's like an old story half remem-bered. If one of those 1950 auditors had the tools of NED they would have been bug-eyed at its fast results. Even the 1968 Dianetic auditor would have been incredbug-eyed at its fast results. Even the 1968 Dianetic auditor would have been incred-ulous if his preclears had responded with the speed that NED pcs are achieving. It's probably about 100 to 1. But, the 1950-1968 auditors as auditors might even have objected a little bit to NED as it would have run them out of press. The overell cost of 1950.1972 pro-

pcs. The overall cost of 1950-1977 pro-cessing, despite being cheaper per hour,

cessing, despite being cheaper per hour, was much more expensive. Take a Drug Rundown. These used to go on for hundreds of hours and some-body said they would have cost many thousands of dollars to complete. But with NED Drug Rundowns, they go off zip, zip, zip in one or two intensives. NED is so fast that even an incomplete old DRD can be finished up and repaired

old DRD can be finished up and repaired and ended utterly in less than one inten-sive. You would be amazed how fast and thorough it is. So it isn't the cost by hour or by intensive; it's how much the whole Rundown costs that counts and if it can be given in far fewer hours it is cheaper no matter the cost per hour.

NED is cleaning up anything and everything Book One ever mentioned with lightning speed. Of course, when somebody goes Dianetic Clear, he can't be run on more engrams, right? Right! So it's forbilden now to run NED on So it's forbidden now to run NED on Dianetic Clears.

The main problem of good auditors The main problem of good auditors today is hitting such tremendous wins on pcs that they have to wait 2 or 3 days for the F/N to die down – if it does. Auditors are getting sore legs from just walking in and out of session. It's awful. We are making Clears these days in many cases so fast that Clearing Course bracelat numbers are imming up by the

bracelet numbers are jumping up by the thousands per month. We are also finding that some old Dianetic pcs had gone Clear and the auditors didn't notice. Incredibly enough, sometimes on a next life basis we are running into Dianetic Clears from 1949 and '50 so even those auditors were better than they thought they were. So we're not only making new ones we're finding old ones - such is the power of NED

well as the development of new technique wen as the development of new technique giving much faster results and far higher gain per hour of auditing and speedy resolution of Dianetic cases. Included in NED are twelve brand new developments. They are all contained in far more detail in the NED HCOBs and more best the exterior become

packs. Due to the extensive changes and improvements in Dianetics, old Dianetic auditors are also training on the NED Course as it only takes 3 weeks for the

able student. A. PREASSESSMENT. With the new Preassessment tech developed for NED, each illness or condition the pc needs and wants handled gets handled with a new technique.

B. NEW DRUG RUNDOWN. This is the answer to a druggy's dreams. Without withdrawal symptoms and in a no pain, no strain rocket ride, he comes right back up to Ke ord here.

up to life and living. Where the old DRD took hundreds of hours and sometimes had to be repeat-ed, the NED DRD requires only a few intensives that are a joy all the way according to the avalanches of Success Stories which poured in on me from over

the world during the pilots. With a good NED trained auditor, the cost of a final, finished, completed Drug Rundown has shrunk way below what it did and far below the habit. The Mafia, Drug Enforcement Agency and other criminals hate it, as it's doing them out of a job Enlightened forcing governments a job. Enlightened foreign governments liked Narconon but boy they'll love it now. Indeed, the dead will walk again. C. END OF ENDLESS DRUG RUN-DOWNS REPAIR LIST. A lot of people who have had Drug Rundowns old style and have had to have there recented will and have had to have them repeated will be overjoyed to know that they can be finished with rapidity. In fact with new finished with rapidity. In fact with new developments, a Repair List can be finished off so fast that the Rundown has to be sold on the basis of one inten-sive. This applies only to getting a CS 53 and the Repair List and is done only on those people who have "completed" an old Drug Rundown and does not apply to the NED new Rundown in Section B above. If it takes more, that's too bad for the Org. If one wants to get his old Drug Rundown handled terminatedly he should ask for the End of Endless DRD Repair List. (Demand a "CS 53" to begin Repair List. (Demand a "CS 53" to begin it and then get the repair.)

D. OBJECTIVE ARC. This brand new process introduces the pc to the wide, bright world. E. SWEAT PROGRAM. Some of these

H. DIANETIC STUDENT RESCUE IN-TENSIVE. Those who find study diffi-cult will be delighted with this one. The slow student turns into a blur of absorbed new knowledge. I. PREPARED ASSESSMENT FORM.

This NED process list dredges up the unwanted conditions that wait in the future so they can be handled before they

hit the pc. J. *IDENTITY RUNDOWN*. Freud said that people who are detached and to whom things are unreal could never be bandled. This one makes him wrong and the pc right. K. DISABILITY RUNDOWN. To a pc,

disability can take many guises, anything from an inability to talk to girls to being unable to speak Arabic. We have a way to

handle to speak Arlanc. we have a way to handle this now and it works. L. DIANETIC REMEDIES. The Dianetics Remedies formerly in use in Dianetics have been refined and expanded with New Era Dianetics tech. They're used where the pc is having trouble with

where the pc is having trouble with secondaries or engrams and speed up the already swift potentials of NED for the pc who might bog on it. 2. SUPER POWER. were once promised Power for their staffs. were once promised Power for their starts. If Org staff are very, very good and get on policy and everything, they will one day look up and see a New World Corps team move in on them, and then . . . . New World Corps means just that! 3. END OF ENDLESS INT REPAIR.

Pcs in the past have often had to have their Interiorization Rundown repaired and sometimes more than once. This repair, found while researching upper levels finalizes any seemingly endless redo of interiorization repairs. Pcs on the pilot actions of this have been ecstatic with NEW INTERIORIZATION RUN-DOWN. When a pc exteriorizes during processing, he can thereafter find it difficult to exteriorize again – to put it mildly. The new Interiorization Run down, in good hands, puts a final finish to any such trouble and the pc ceases to have any trouble because of exteriorization or in exteriorizing. DIANETIC CLEARS. Undoubtedly the BIG news that resounded around the world in '78 was the huge numbers of people who were discovered to have made Dianetic Clear. In 1950 and on, people used to ask "Where are all the Clears?" Well, they were right there! In 1978 I discovered that it was deadly to go on running Dianetics on a Dianetic Clear. Such gave the semblance of no-case-gain! (Naturally.) So when I announced that

running Dianetics on a Dianetic Clear was forbidden, people began to look around and lo and behold they had been making and to and behold they had been making Clears with Dianetics and had been going right on by it! The pc who-had made it wasn't declared Clear and further Dia-netics didn't work on him (naturally). So in 1978, after my announcement, auditors began to check and listen to the pc and found they had real Clears all over

the place! Now NED produces far faster gains and many (not all) NED pcs began to go Clear,

And the Clear numbers have been run-ning up like one of those computers. Rehabbed and allowed to declare these

Dianetic Clears abruptly attained the full results of Clear!

Excited avalanches of Success Stories have been pouring in on me for months in the thousands and from all over the world.

And it's interesting that amongst those found there are a few who went Clear on Dianetics in their last life — in the 50's! (It's quite a scramble locating their last life folder and records so they can go onto full OT!)

"Where are the Clears?" There they were!

6. REDEFINITION OF INSTANT

6. REDEFINITION OF INSTANT READ. Making it easier for auditors to learn metering and giving pcs vastly in-creased speed of gains due to higher accuracy of metering. 7. CLARIFICATION OF CONFES-SIONAL PROCEDURE. Resulting in faster gain in a shorter period of time. 8. SERVICE FACSIMILES RE-VISITED. The early 60's handling of Service Facs was revised and overhauled and became the new Grade IV of Scien-tology processing. tology processing. 9. POWER TO FORGIVE. Making it

possible for the pc to fully end cycle on any shame, blame, regret or guilt of the

past. \*\*10. NED FOR OTs. The discovery and development of techniques by which the Second Wall of Fire can be overcome. This consists of 29 fantastic new con-

fidential Rundowns, delivered by a specially trained OT Auditor.

The auditors are in training right now from AOs to give NED for OTs to all those who are OT III and auditors already trained on it are delivering it at Flag in

Flag's new Advanced Org Division 4A. Some of the miracles of life have been exposed to full view for the first time ever in NED for OTs. The rave Success Stories coming from this are the talk of

There have been technical improvements and discoveries and advances in 78 that are reaching into every level of tech and speeding it up.

The following is just a partial list: (Key:

1. NED. (New Era Dianetics). A re-fiscament of all previous Dianetic techni-ques from 1950 up to present time as

It is pretty strenuous - but so is a traffic accident when an unexpected "trip" happens. Everyone who has had

the courage to go on a Sweat Program and stay with it has come up bright as a gold nugget. F. POSTULATE OFF AS THE EP OF A

DIANETIC CHAIN. The discovery that some old Dianetic auditors had not been actually completing a chain to the correct end phenomena of getting a postulate off opened the door to a lot of residual gain. Pcs with mean reputations keep right on being mean until they get the postulate

the auditing world. \*\* 11. OT VIII. This Rundown was developed and will be available to OT VIIs who have completed their NED for

OTs which is a prerequisite for OT VIII. 12. UPPER LEVELS. There are other OT Levels above VIII but these will be released from time to time when people are ready for them. We're already higher than Man has ever been and it can get quite stratospheric

#### TRAINING

In 1978 giant training stides were made for I was very busy on that as well. The NED Course was brought down to 3 weeks, Class 0-4 Checksheets were care-fully shortened back to the 1968 level when auditors were being made at speed but without losing tech which is quite a trick when you come to think of it!

When you realize that a large portion of training costs goes into living ex-penses while taking the course, reducing the length of time of a course gives an

CLASS IV
AUDITING ACTIONS THAT CAN BE RUN
Class IV Orgs - Those orgs which are in major cities on 5 continents - have a large variety of public services which they can give. Many of these are very economical and are there for the raw public as well as to keep their fields getting service.
Amongst them are the following:
1. GROUP PROCESSING. After an Intro Lecture a successful gradient for raw public is being part of a group who are audited simultaneously. Group Processing can be pretty effective and on a large number of 'Teleases attained'' you will find the public reporting great gains made in group auditing. It is an economical way to keep one going even after he's had professional processing.
2. CO-AUDIT. (Cooperative Auditing). A

2. CO-AUDIT. (Cooperative Auditing). A public person is instructed in the rudi-ments of auditing and under the super-vision of a trained auditor, groups of teams audit each other, attaining good

+3. LIVINGNESS REPAIR. This is often the first action taken on a person by a professional auditor and can bring a great deal of brightness back into his life. †4. NED. (New Era Dianetics). This was the bombshell of '78 and NED auditors (as well as courses) are available

Auditors (as well as courses) are available in every org. NED consists of at least 12 separate Rundowns as noted in the New Dis-covery Section above. It occasionally makes a Dianetic Clear although this must not be promised. The only "trouble" with NED compared to earlier Dianetics is that it produces results yery fast One is that it produces results very fast. One can achieve more result per hour of auditing time by about 100 to 1 over old Dianetics and when you realize that old Dianetics was the first and remains the only fast and effective processing known to Man you get some idea of where NED is at. It is interesting that when some-body has been skillfully mucking him-self up for trillions and trillions of years that a NED auditor can salvage him in under 100 hours!

under 100 hours! 5. XDN. (Expanded Dianetics). In '78 improvements on this were undertaken and the full new Expanded Dianetics is being released in '79. It comprises very specialized applications of Dianetics for the more difficult case.

the more difficult case. \*6. QUAD GRADES AND EXPAND-ED GRADES 0-IV. These are more fully covered in the book "What is Scientology". They are the wonder workers which put ability to live back into life. They handle the basics of relationships amongst people and improve one's ability to handle himself and others. For Dianetic Clears, this is usually their first auditing (less the engram running first auditing (less the engram running R3RA part of New Grade IV) after attaining Clear and permits them to expand beyond their previously barriered exis-tence. These grades are very far from limited to Clears.

NEW GRADE IV. Grade IV has been improved enormously by including and refining formerly Class VI materials The engram running part cannot be run on Clears but the listing processes can. It is guaranteed to make the preclear

technical achievement to put on one side of one sheet of a paper everything that can be wrong with a mind. The "C/S" stands for Case Supervisor who is the one, unseen in some ivory tower, who tells the auditor exactly what to do between sessions when you're getting audited. This is a primary tool he uses in analysis. In '78 it was polished up and made as bright as the morning star to detect and handle things you didn't even know were wrong but which might have you totally caved

hantal difficulties, enabling them to lead happily married lives. It can restore the bloom of spring romance! \*16.AUDITOR RUNDOWN. This is an intensive which fully handles any case reasons why an auditor might have diffi-culty and enables him to move forward without any losses or failures from past efforts to help people stopping him. \*17.TEACHER OR SUPERVISOR IN-TENSIVE. This is for any person involved in, teaching or supervising, or education and enables him to become a vastly better teacher or supervisor. \*18.EXECUTIVE OR BUSINESS-MAN'S INTENSIVE. This enables an executive or businessman to face situa-tions of stress with calmess and frees him from past business stresses. \*19.MONEY PROCESSING INTEN-SIVE. This handles the inability to have money resulting in the ability to increase income.

\*20.PROFESSION INTENSIVE. This enables a person to overcome difficulties that he may encounter in his profession

that he may encounter in his procession or in any given subject. †\*21.*FIXATED PERSON RUNDOWN:* This enables a person to overcome the condition of having his attention fixated

on one person. \*22.SUPPRESSED PERSON +\*22.SUPPRESSED PERSON RUN-DOWN. This is a magical Rundown just now being released to Class IV and other orgs. It utilizes a principle found in an early ACC but never fully developed and released till '78 that one could bring the Suppressive in a person's life to communi-cate to him and seek peace, without ever contacting him. When expertly done on d person who has been the target of sup-pression by antagonistic people it brings RUN person who has been the target of sup-pression by antagonistic people it brings him back to freedom and handles his environment as well. When one realizes that most illness is precipitated by suppression one can understand the need and use of such a miraculous Rundown. It's unbelievable until one experiences it. The way to get processing cheaply is, of course, to take the training route and get trained and make your grades at the same time. Training is very fast these days

same time. Training is very fast these days due to the new checksheets. Class IV Orgs teach the Co-Audit Auditors Course, the fast New Era Dia-netics Course, the NED Validated Auditors Internetion the NED Validated Auditor Internship, the NED Validated visor Course, the Validated NED Case Supervisor Internship, now have all the shorter checksheets for and teach Class O-IV, the Permanent Class IV Auditor Internship, the Class IV Conducts Auditor Internship, the Class IV Graduate Auditor and Case Supervisor Course, the Perma-nent Class IV Graduate Case Supervisor Internship and will teach Expanded Dia-netics Auditor and Case Supervisor Courses and Internships. They also teach a considerable number of public courses, lists of which will shortly be available from Class IV Orgs as in 1978 Depart-ment 17 was ordered to get busy handling and training the public as the pre-wave of the New World.

### CLASS VI ORGS (SAINT HILLS)

The original Class VI Org was located a beautiful English Estates, Saint Hill Manor, East Grinstead, Sussex. When a Class VI Org was formed in Copenhagen to service Europe in all languages it was staffed by people from Saint Hill who named it, of course, "Saint Hill". And when the American Class VI Organization was formed it was staffed by people taken from Saint Hill and, of course, they called it The American Saint Hill Organization. The services remain the same in each of the organizations.

The following services are given at

Saint Hill Orgs: 1. ALL CLASS IV ORG AUDITING ACTIONS AND COURSES. They cost a bit more but the Saint Hills are essentially training orgs and the auditing delivered there is usually quickly available and very well done.

POWER PROCESSING. Grades V and VA are still available and being delivered at Saint Hills for persons who did not Dianetic Clear, delivered only by make Class VII auditors who are specialized on it. Power continues to produce its startling results.

ADVANCED ORGS

Because of the nature of OT Auditing the person has to learn to audit himself as most OT Levels are too fast to be audited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTs are audited on the predudited by another (only OT VII, and NED for OTS are audited by another (only OT VII, and NED for OTS, are audited by another (only OT VII, and NED for OTS, are audited by another (only OT VII, and NED for OTS, are audited by another (only OT VII, and NED for the stellar realms of the Advanced Orgs, before starting the rocket ride up the top introverted. It saves time to get a set up before starting the rocket and this is what they in most interested in getting completed. They have a checklist of predusites for AO levels and this is what they i doesn't take much time and saves time later.

\*2. SOLO AUDITORS COURSE. The AOs are the place where the preclear or Dianetic Clear learns to solo audit so he Dianetic Clear learns to solo audit so he can go on up the grade chart. Some people, wanting the best auditing they can get for this solo flight, also take lower level professional auditor courses and even Class VI at the Saint Hills. At one time a Dianetic Auditors Course was a prerequisite to AO services prior to the Solo Auditors Course and while this is not now demanded, and while the Solo Auditors Course is very good, smart preclears and smart Dianetic Clears take other courses before they get to an AO and then they're sure to make OT even more easily. Twe heard Solo Auditors say that they only wanted a professional on their case and that's why they were making themselves into one before they went to an AO. Even Class IV Orgs have professional courses. professional courses.

3. RôEW. This is the tech designation of the step a non-Dianetic Clear must take before going onto the Clearing Course in Advanced Orgs. It is Grade VI. It returns wers to act on one's own determinism It incidentally tells one why the human race often reacts so oddly to life. †\*4. DIANETIC CLEAR REHAB. The state of Dianetic Clear is checked and

rehabilitated which is a very fast action in most cases. It has to be verified because if the person didn't make it he has to go onto the Clearing Course and if he did really make Dianetic Clear, to do the Clearing Course would be disastrous because, of course, he's already Clear. This is why AOs are now engaged on a project of recovering folder libraries particularly of the few pcs who have died in the last few decades. Always bring your own folder or get it sent to the AO if you are going.

5. THE CLEARING COURSE. This was one of the most famous breakthroughs of all time requiring years of research. Those who did not make Dianetic Clear solo audit themselves to the full bursting glory of Clear. \*6. OPERATING THETAN I. For the

Dianetic Clear who has had his Solo Course, set up and verification as Clear, this is the first solo auditing step. These OT grades have their own End Phenomena but they are confidential.

OT III. This is the big step and one \*8.

has to allow time for it. \*\*9. OT III EXPANDED. \*\*10. OT VII. This is auditing step by a professional OT auditor. It can be given in any sequence after OT III and before OT VIII. +\*\*11. NED FOR OTs. This is the big news of the OT world. AO auditors were specially trained at Flag and are just now on their way back to AOs to deliver it. The new Division 4A Flag is an AO now and had its gala opening and its first avalanche of pre-OTs on December 16. There is very wild excitement on the results of NED for OTs as, of course, they've never been seen before on this or any other planet. NED for OTs can be given any time after OT III and before OT VIII and is a prerequisite for OT VIII. \*\*12.0TIV

The FSO was several years afloat and has a long tradition as the top training and processing org of the world. Its quarters in the posh Fort Harrison Resort Hotel still carry its distinctly nautical flavor. Flag is the top Tech org of the world and if they can't do it, nobody can. What you pay for at Flag is the most expert C/Sing for the best Rundowns by the best auditors in the world. Its services are: 1. All levels and Rundowns, NED, CLASS IV, CLASS VI, CLASS VIII and all AO services (in its new Division 4A) as listed above are delivered at Flag. Flag runs on the the world to inherit the rough and "unsolvable" cases. Flag runs on the basis of results or else so far as their tech stuff is concerned. The words "failed case" do not exist on Flag. Therefore they have Rundowns and handlings to untangle the most tangled and get it going again. (Flag gets easy cases too. In fact they get some of the easiest "and fastest cases in the world because such people have a way of making it through to the top.) \*\_\*\*3. INTEGRITY PROCESSING. Flag was the place where all the NED for OT auditors place where all the NED for OT auditors were trained. When its new AO Division 4A was opened just before Christmas even other hotels in town had to be booked to take care of the OTs arriving for their NED for OTs. The sensation caused over the world rivalled the origin-al landing of Flag in Florida. They con-idered it a Christmas retent and it was sidered it a Christmas present and it was. ALL AO LEVELS.

possesses abilities and potentials that neither he nor any of the wise men of the ages ever dreamed of. In 1978, a great many new insights and revelations about life were disclosed, many of them discovered in my research at very upper levels. These then were used to speed up the lower and more funda-mental grades. Without discarding any of the tech we already had, all of which remains very valid, the time and cost for a given result was greatly reduced. And, as demand for auditors far exceeded supply, new training skills were also developed and the checksheets which govern the time in training were also reduced so that good auditors could be made FAST! A lot of 1978 time was spent on doing this. But there was one discovery in '78 that I haven't said very much about and am really not likely to since it is a sad thing. It is what really happens to a thetan who is not salvaged or processed

and goes on down the route. Man, when I saw that and knew it to be true I I saw that and knew it to be true I actually felt sorry for these guys that try to hit at us. Poor devils. Some religions talk about hell. It's an understatement of what really happens. I got a real close look at what we were salvaging people from. Well, we can do it, better than ever today, especially with these newest discoveries discoveries

ever today, especially with these newest discoveries. All this developmental work has done in '78 despite the fact that I also spent several months of that year directing, photographing, lighting – you name it – nine bright sparkling training films! They are now in the process of being edited and you'll be hearing much more about them when they begin to be released later on in '79. In case you are under the mistaken impression that Scientology was bruised in 1978 you should know that raw public bought and are buying Scientology texts in a wave of best selling that is making history in the retail and publishing world. There has never before been such a boom in any specialized organization's books. Book publishers use us as an astonishing example of what can happen. Hordes of new public are sweeping these books out of the stores and in the better run orgs, are crowding the Public Division to the rafters for service. Truth doesn't bruise

very easily. New books also got attention in '78. HAVE YOU LIVED BEFORE THIS LIFE? was introduced at the Atlanta Book Fair and, in the hands of retail dis-tributors, began its own boom. It has gone 5X the normal best seller and is still going. (After all, we discovered past lives) lives.)

Ives.) And bright, new, and in your book-store is a big impressive hard cover book WHAT IS SCIENTOLOGY? released at Christmas! It contains all kinds of data, really a huge handbook, just the thing to use to inform and overawe your friends. 347 information packed pages plus over a hundred big full color illustra-tions contain the answers to just about plus over a hundred big full color illustra-tions contain the answers to just about every question ever asked about Scien-tology. Although staff wrote it, I had to keep it rounded up and to the printer and many a day was spent in tropic heat getting its photographs shot. There is data in it that hardly any Scientologists knows. It's a reference and reading total must for every Scientologist's library. And, in-cidentally, it's about half the price, des-pite its quality, of regular bookstore books of the same size – a triumph in itself in these inflationary times! In '78 a lot of time was spent in developing the New Mark VI E-Meter. It was needed as OTs were going off the top

of the Mark V. The New World Corps is equipped with the specially built Mark VI. This beautiful and far more sensitive meter will be available to general auditors around February '79 from Pubs Orgs. The Mark V will continue to be valid and sold as it's a good meter and less expensive. The Mark VI is just a Rolls Royce. Needless to say, I was very busy this year!

# The Hubbard Professional Mark VI

### **Everything you need as an Auditor**

The Mark VI is an engineering breakthrough. It is possibly the most sensitive device in the world today. Even the most subtle reads come through with crystal clarity. This feature alone makes the Mark VI a truly OT Meter.

### **Mark VI Features:**

Here!

As the following description will illustrate, the Mark VI is a superimproved meter. The meter movement itself is a hitherto and unknown type of movement. It is the first real improvement in the meter movement since 1962 when the first Mark V's were released. The refinements of the Mark VI E-Meter are such that it tells you more with less effort. The difference in operation of the new Hubbard professional Mark VI is like the difference between

driving a Chevrolet and a Rolls Royce. It's for the auditor who cares, the auditor who abhors retreads and it is the PC's choice.

THE DESIGN OF THE MARK VI SHELL IS UNIQUE. It is made of injection molded high impact ABS plastic (similar material to the US telephones) that can easily be cleaned with a damp cloth. Besides the futuristic shape, for instance, the Tone Arm knob and dial has specially been recessed so that you could audit without a meter shield and the PC cannot easily see the TA position. (The PC leads come out of the left side of the meter now so that there is no stringing necessary and the cord does not get in the way of the auditor). It has a very unique flip-out leg stand in the back of the meter that eliminates fumbling with a lid or clasps. This leg, and the meter, have small non-skid pads to keep the instrument stable and firmly in position while in use.

THE SHELL HAS BEEN SPECIALLY DESIGNED INTERNALLY TO BE DUST PROOF and.

### Your Complete Mark VI

CORRAL SAND (BEIGE) PARAKEET AQUA (LIGHT GREEN) SILVER SHADOW (GREY) GOLDEN BROWN (TAN)

The charge cords, PC jack, and leads are made to exactly match the color of the meter (special corrosive resistant cans are provided with each meter also).

EACH MARK VI COMES WITH ITS OWN STURDY ABS PLASTIC CARRY CASE which is specially manufactured in the color matching the meter. The carry case is lockable and comes with spare keys. It is durable and sturdy and can be used for shipping the meter in for repairs, etc. The case is lined with dark grey foam, molded to accept the meter and accessories. There is no extra charge for the case, it is included in the cost of the Mark VI meter.

Once again I have blown a large area of oposed aberration by getting correct data on a Saint Hill Special Briefing Course. As an T, I keep finding areas where I have been pping myself up because of wrong informa-n or lack of information about thetans or nks. The Saint Hill Special Briefing Course are fixing that up! Chuck Dana. (OT IIIX)

is sure fixing that up! Chuck Dana, (OT IIIX) I am not even to the "wall of tapes" yet, but I am amazed by this course. So far I have discovered many, many secrets of tife which have really made me much more causative. I had no idea the vast fund of knowledge we have at our hands, no concept of the wisdom a per-son can achieve simply by application of him-self to these materials. This course is exactly the right thing for me. In short, it is what I want to know. Thanks to my excellent super-visors, high-toned fellow students, and helpful taff.

staff. Marian McPhee, SHSBC Student The wins I've had in applying the Saint Hill Special Briefing Course data to my life, really applying it, have been no less than tremendous. I can see major changes occurring within myself and my sphere of influence. There really is such a thing as ethics, the theta universe, knowing-ness and postulates. I have found it out here. Karen Russell

I am elated in receiving and being able to use the knowledge gained on the Briefing Course. It just keeps on getting better and better. Before the Briefing Course I didn't really believe Ron when he said training is 50% of OT but I do now.

Hal Gerbis Last month I went to an outer org to handle some auditing cycles. I was trained at ASHO to Class VI some years ago and hadn't audited much until New Era Dianetics came out and I did a brushup. Because of the training at ASHO and the work I've done at AOLA in the last months it was quite a BOOM to go to an outer org – and use the tech! I realized there is no scarcity of preclears! Any auditor who is willing to give it a try can get a win. The wins for me personally were in realizing what incredible data I do have – I suggested any auditor who wants to have some wins to go out into the field and just use what he can – no matter what training level – and use it. The wins are there! there
