Atascadero, California, June 2nd, 1943.

Dear Friends:

My helper has been out of action for ten days, hence the delay in getting out the May number, and the delay in answering the many letters. Incidentally, we have not help enough to take care of the correspondence promptly at any time; the personal work has increased. I need two stenographers and have only one; in addition she is housekeeper and head gardener. And by the way, I hope you are all building up your gardens. I would suggest that you build up a stock of wheat, corn meal, lima beans and honey; those foods are still obtainable in the country. And perhaps a sack of walnuts would help. These things are all obtainable in California, although I have trouble in getting unpolished rice in 100 lb. lots. Can anyone help on this? We can get wheat here; it is a cheap food, running around \$3.00 to \$4.00 per cwt. Wheat has better food value than beefsteak. There is a lot of difference between 3 or 4 cents a pound, and 60 to 70 cents.

I would like to get a power grinder; can anyone help me with that? The happenings of the last summer prevented me from doing the things I had planned; and then there has always been the question of money. You see my many warnings were justified, in view of present day conditions. Here in California a garden calls for a cat, or the gophers take everything in sight. Our cat, Gertie, has a family twice a year, March and July; and there is always a steady demand for them, for she is an Algopher cat, bringing in two or three a day. If you live in California, you may have one of the next batch, and we can ship it; there is too much red tape sending an animal out of the state.

A S T R O L O G I C A L L Y   S P E A K I N G ,

the lunation of June 2nd has more or less got all its eggs in one basket; for we find no less than 5 planets in the 7th house, and this is the house of partnership; and 2 of the planets are malefics; and so it is somewhat of a mixed dish. We will not hear quite so much about our domestic affairs this month; but certainly, with Sun and Moon sandwiched between Saturn and Uranus, in the fertile sign of Gemini, people are going to think progressively, and seriously. This is a chart of planning; serious planning. Nationally, we are planning what to do with our enemies - and we will have plenty of them on our hands. But this group of planets happens to be over Uranus in our national chart; I think the nation is getting down to a serious understanding of its present and future problems. The result of this planning, or some of it, will bear fruit in '44, our election year. Ordinarily Saturn conjoined with Sun and Moon will give stagnation; but not in this case, with Uranus so close and with Mars in good aspect to all of them; so it will be, as I said, a month of serious, progressive planning.

Mars opposed to Neptune will provide plenty of steam, especially on the labor front, and again in the realm of entertainment, motion pictures etc. Both these fields will get publicity that they would rather not have; they will both reap what they have sown. You will also hear a lot of globaloney; just leave the 'glo-' off, for it will prove to be mostly baloney, not in harmony with God's plan. A retrograde Mercury would indicate that the planners' plans are likely to hang fire.

Now let's take a long-distance view of things. Most of you are impatient that the Lord should do something; in most cases having done nothing yourself, you are very anxious for the Lord to mop up. Around 1933 there came into being all over the country, a number of small papers, sponsored and propelled (in most cases a one-man show) by God-fearing patriotic Americans. For ten years those workers went about crying like a voice in the wilderness, warning the nation to clean house, or else. Did the nation take them seriously? It did not. The politicians said they were a bunch of nuts and cranks, and went on playing politics. If the people saw the light, and many did, neither their courage nor their patriotism had very much life to it. And so, as in ancient times, eventually these patriots were charged with sedition - at least most of them; some had died in the meanwhile, others, broken in health, dropped out of the fight. and so, 33 or 34 landed in jail; that is how America treats her modern prophets, who warn her to clean house, or else.

In my case, nobody showed any interest in putting up bail, so I spent nearly three months in the L. A. County jail. A few, with large following, had enough in numbers to raise bail, but the majority spent 3 to 6 months like wild animals in a cage, treated as though they were guilty of the trumped-up charge. This imprisonment has made an indelible impression on all of us, and convinced us, at least me, that the average American is going to get what he deserves - he is going to reap what he has sown; and he is beginning to reap right now. Prices of food in some cases have more than doubled. The politicians say we have a 20% increase in cost; yesterday I paid 40¢ for a head of celery that we used to get for 12¢ or 15¢; that is considerably more than 20%. We used to pay 2¢ per lb. for carrots, or 1¢ in 100 lb. lots; we have paid as high as 9¢ a pound. Lettuce used to be 2 heads for 5¢; today it is 15¢ a pound. Yes, America, you are reaping what you have sown. As the small boy said, You ain't seen nothing yet.

For years, I warned the astrological fraternity; my last warning, about two years ago, was an article, 'Astrology Prostituted.' The astrological Bright Boys played along with the New Dealers and the Communists and the enemies of our Republic; none of them would handle The Beacon Light, Oh, no; it was too 'radical'. They knew the astrological indications as well as I did; namely, that with Uranus transiting Gemini, especially in '44 and '45, when it crosses Uranus, the people would upset the apple-cart of the very crowd they were playing ball with. They were not smart enough to play with those who are going to win. In the Los Angeles area, they find themselves in a strait-jacket; a vicious ordinance has been passed, in which they are classified with common fortune tellers. The astrological atmosphere is so blue you could cut it with a knife.

What I say about the astrologers is also true of the spiritualists; the majority of them were for the New Deal, and voted with the pinks and reds. They too would have nothing to do with The Beacon Light, with one or two exceptions. Some of their leaders even went to the White House, to advise them how to put over their devilish program. Now, these two groups are bellowing like a bull calf, although they have been teaching what they call spiritual law for many years; yet they are too blind to see that they are caught in the mills of the gods and being ground exceedingly fine.

I don't enjoy this picture, any more than they do. There is a strong suspicion that the astrological fraternity framed the first ordinance in L. A., at least a good many of them think so; and certain leaders are accused of engineering it. It is only hearsay as far as I am concerned; but I do know that the law of cause and effect never misses.

We put out two books; the first, 'Thy Kingdom Come', a stellar and a psychic message. Neither the astrological nor the psychic groups would touch it, it just was not kosher. Later we put out 'National Destiny', a combination of an astrological summary of the affairs of our nation and a definite psychic message confirming the astrological indications. And for mortar, we used the utterances of Washington, Lincoln, Franklin and other patriots. The astrological and psychic groups were thumbs down, they would have none of it. Nor would either of these groups raise a little finger to help me, not a line of sympathy — with one notable exception in Hollywood, a medium and her husband with courage, took a definite stand, and stood by, and were a tower of strength to my good wife in that hour of trial; for which I am eternally grateful.

I am telling you these things, because it is a working example of spiritual law. On the whole, these two groups followed the pathway of expediency; they were not interested in God's plan. They did not have the spiritual insight to recognize servants of the Lord; men and women who, like John the Baptist, cry, make straight the way, get ready; the Man of Galilee, the One we revere and look to for leadership, is coming to destroy your house of blocks and on their ruin will set up His kingdom and will rule the world. No, they preferred to play ball with the anti-Christ group, the groups who vilify our Leader, the group who are trying to take away our liberty, our freedom, yes, our Christian Bible. These are the people the astrologers and spiritualists play ball with; and now it is pay-day, harvest time, and they don't like their pay, nor the crop they are reaping. Be not deceived, God is not mocked: for whatsoever you sow, that shall you also reap.

I write this with considerable sadness; and if any of them are willing to repent and join hands with me or any other servant of the Master, I will give them the right hand of fellowship, and help them with their problems. Some of these astrological groups will find it hard to get back on the path, for they don't even believe in the Christ, to them He is a myth. To any such group; I say, your cause and case are hopeless; your organization will be torn asunder and destroyed, The Christ cause is going to be victorious, whether you travel with it or not; you are fighting for a lost cause. I may have further crucifixion to go through; ~~and~~ be it. But the cause I represent is going to win, and eventually I shall march under the banner of the Christ to a happy, victorious finish. Most of the astrological and psychic groups have removed me from their exchange list, in addition to boycotting my work as a whole. I bear no ill will, I am willing to forget the past if they are willing to admit that they were wrong, and repudiate their actions of yesterday and help to steady the ship during the next critical two or three years as Uranus crosses that critical 9 degrees of Gemini, when the people will need a steady guiding hand lest they destroy and tear down as they give vent to their feelings. Choose ye this day whom ye will serve, God or Mammon, Christ or anti-Christ.

I also direct this message to the Israel groups. I say the British-Israel philosophy is doomed; that the American Israel philosophy will win. The future of the British Empire, as the Irishman said, is all behind it. This summer, that Uranus will begin to make itself felt; it is now within orb of the ascendant in the Gemini chart, and in July and August it will return to its place at birth, and then it retrogrades. It will return to that point in May of 1944; '44 will be a very hectic year, a year of anguish for those who have backed the wrong crowd. All the forces of hell cannot prevail against the cause of Him who will set up the kingdom of God on earth. To those who choose to call themselves my enemies: Read our two books; and if you cannot see the rough sketch of coming events, then you are hopeless. Most of you, however, believe as I do, but lack the courage to say it, and have followed the popular trend. I invite you to take your stand with me in the cause of truth, and work in harmony with God and His laws, and recognize the leadership of Him who will rule the world.

Astrologically and psychically, I see the people coming in droves to the right side of the fence. Uranus, the revealer, will tear the scale from their eyes; they will see the compromisers for what they are — and most of the church leaders are in that class, afraid to be loyal to the Book they preach from, the God they talk about and the Leader they sing about. So this false leadership is not confined to psychiatrists and astrologers; not by any means; even patriotic groups have sold out.

At this time I am asking you to have the courage of your convictions, and stand by real Americanism, which is strongly Christian in origin, with the Bible for its foundation. I extend to you the hand of fellowship and welcome. Will you accept it? May I hear from you?

The charts of the various dictators are filled with dynamite; but we lack space to enlarge. Suffice it to say that they will go down, one after the other in quick succession, Hitler and Mussolini among the first, in my opinion.

Returns from our statements, the first we have sent out in almost a year, indicate many old people on relief and unable to continue their subscriptions; although a considerable number, they will all be placed on the complimentary list; it shall never be said that my writings are not available to the person without price.

This morning the radio reports 160,000 homeless in the middle west, from floods; this is only the beginning of God's chastisement to this nation. Bear in mind this is some of the most fertile land in America: crops all destroyed. I told you that God was going to ration the nation, and this is the beginning. This is by water; Jupiter's entry into Leo around July 1st indicates that good crops will be burned up, especially when it conjoins Pluto, which it does toward the last 10 days of July.

The wholesale destruction, now going on in many foreign countries, will not be confined there; we shall certainly get our share, for if there is any nation more depraved than America today, I should like to know where it is. And the nation's Capital is the spearhead, it leads the nation in TB and syphilis, three times higher than the New York City record, which is plenty bad of itself; and the two are closely related. Eventually sorrow will strike the nation's Capital in some form or other, possible an epidemic of disease, ~~for~~ living conditions are appalling, and moral standards as low as in any part of the world. With a 50% negro population, it is TNT; negroes are getting bolder and more demanding every day in Washington, D. C.

Violation of the laws of God is the cause of the world's miseries; and I find the average Christian is very ignorant of spiritual, or God's laws. I consider myself fairly well informed, but I am constantly getting jolts on places where I slip up. All those who cling to outward things will go down and be swept away.

I shall be glad to have a 'Question and Answer' section in our Bulletin each month if enough of you think well of it.

### B O O K R E V I E W S

ISRAEL, PAST, PRESENT AND FUTURE: By D. Paul Ziegler.

I know of no subject of more importance to the people of America today, than that presented under the above title in this book. No other is so important, as for America to know that she is modern Israel - with the 'British-' part off. This author differs with most teachers of this subject; he believes, as I believe, that the mantle of leadership of modern Israel rests today with America. Yesterday, that mantle belonged to Britain; but she has departed and strayed so far from the Israel covenants that it is now the heritage and responsibility of America to take up where she left off. I have met the author of this book, and talked many hours on this subject with him; and on the subject matter of this book we are of one accord. We do differ strongly on some subjects, but on this question of Israel there is no dissension.

This book cannot fail to be a blessing to anyone who reads it with an open mind; and whilst it has been in print some 24 years, the knowledge therein is sadly needed today as never before. The time is so short, that you and I have no time to waste on non-essentials in our reading. Get a copy, and read it prayerfully. It has 484 pages nicely bound in cloth with gold letters, a worth-while addition to your library. I understand there are not many copies of this volume left, so there may not be enough to supply all. The price is \$3.00; further printing of this book in wartime would be impossible.

FAMINE IN AMERICA:

This is another in the series put out by the Constitutional Educational League. A little book of some 50 pages, it gives facts and figures confirming our series of articles on Preparation in 1940. By the way, we still have copies of the Preparation series. This book will make you do some serious thinking if you are not too dumb, or to numb, to think - and I am sorry to say many of the American public are both, they have been so befuddled.

You will find some choice facts about the OPA, and some of the other alphabetical soup. Remember, I said the book is composed of facts and figures, and not someone's say-so. Much of it came from debates in the House and Senate. Get copies, and place them in the hands of those who have suffered enough to begin to think. If they are still asleep, you are wasting your time; reality will awaken them eventually, but too late to do them any good. Price, 25¢ each, or 5 for \$1.00.

PHILOSOPHY OF THE LAW OF ORDER: By Dr. Invictus.

This is a little brochure of 32 pages, the purpose of which, as the title implies, is to show that the universe is governed by law. It is rather timely, inasmuch as people are groping in utter confusion, created by bureaucracy; and so humanity needs to be brought back to the realization that we can get order out of chaos only by obedience to law. Paper cover, price 25¢.

have pounded the 'Thy will be done' formula into you, month after month. Now, don't you think that you ought to be a little better acquainted with God's program for humanity, especially for you here in America? If your mental diet is restricted to the daily paper, no wonder your morale is shot; it is a very enemy diet, spiritually. It fills your conscious and your subconscious with despair, and so your morale is shot.

Now this must be reversed. We try to give you a mental boost each month in these Bulletins; it is the best we can do under the circumstances. If Jesus Christ is going to set up His kingdom here on earth, don't you think you should be better acquainted with His life and His program? I find woeful ignorance on this subject, even among professing Christians. I suggest that you join me each day, in reading one or two chapters, from your Bible; but if you are really interested in learning more about the Man of Galilee, "The Aquarian Gospel of Jesus the Christ" will simply amaze you with the intimate revelations of the daily life of Jesus. Biblical scholars tell us that the Four Gospels of the New Testament only contain a record of about 35 days of the life of Jesus. Now you ask, 'What is the Aquarian Gospel?' It is the story of the life of Jesus, taken from the Book of Life. Among occult students it is called the Akashic Record, but they are one and the same thing. Akashic is a Sanscrit word, and means primary substance. I will gladly give you a further explanation of the Aquarian Gospel if enough of you are interested. Briefly, it starts with the birth of Christ, and ends with the Crucifixion; in other words, a biographical sketch of the life of Christ. It really tells of His life, His studies and travels; and He traveled over pretty nearly the whole world. The fact that the King James version has no record of it proves nothing.

He conferred with the spiritual scholars of the world. Naturally a man so dynamic as Christ must have left a very definite record; and here, in 260 pages, you will find a more detailed sketch of His life than you will find anywhere else, including your Christian Bible. It contradicts nothing you will find in the New Testament, but it gives more fully the details of His daily life. And so I would suggest that you get a copy, from your book dealer, or we can supply you. (The price is \$3.00 for cloth binding, \$4.00 for leather.) And read one or two chapters before you start your daily duties. All I can do is give you a monthly boost, but you need mental food each day, just as you need physical food. With all our Bibles, and churches, and centers of learning, we are spiritually shot here in America because we feed on so much trash and garbage, fill our minds with it, and we become spiritually sick because our vision is obscured. And so I say, 'Be ye transformed by the renewal of your mind.' And you can <sup>only</sup> do that by daily doses of spiritual food. And I consider The Aquarian Gospel the best mental and spiritual food you can partake of. A chapter or two from the Aquarian Gospel, and the recital of the Lord's Prayer, will not take up more than ten minutes of your time; and in those ten minutes you are connected with a dynamo second to none in the universe. Then I won't get so many letters of despair and smashed morale.

Of course, if you have time, another ten minutes digging into the Old Testament, especially the story of the old prophets, will certainly help to stiffen your backbone. You simply must counteract the outside depression of conversation and newspapers and radio. You will be swept away with the dead unless you have a spiritual anchorage. I am very anxious to get your reaction to this; I hope you have suffered enough to be ready for spiritual food, because much of my endeavors in the past have gone right over your head, much to my sorrow and disgust. Please tell me briefly how you feel. Incidentally, if you have a son, or a husband, or a sweetheart in the armed forces, be sure to give him a complete Bible, not merely the Old Testament, to take with him. Our Aquarian Gospel is too bulky for him to take; but the very best thing you can give him is a complete Bible, even though he never read it at home; when he gets in a tight corner he will read his Bible.

JUST A WORD about renewals; we endeavored last month, to check with each of you on the status of your subscription. As stated above, if you are no longer able to pay but are still interested in receiving our message, write us and we will see that you have it. We do want to hear, one way or another, from each of you. Send renewals, letters and orders for books and KAMBA, to William Kullgren, Atascadero, California.

LAST DAYS: By Robert Smith.

Inasmuch as we are in the Last Days, any knowledge pertaining to it should prove helpful. This is the 5th edition of this book, and we have reviewed an earlier edition some years ago. This is a much enlarged edition, and is a compilation from many sources, much of it from Mormon sources. It also includes a portion from our book, 'Thy Kingdom Come', several pages in fact.

Inasmuch as many of you are in the depths of despair, judging from correspondence, this book will encourage you to look beyond the clouds of today; America needs vision, to see beyond the clouds of today. On the whole, you will find the prophecies in this volume in harmony with the prophecies of old in your Christian Bible. Such being the case, it cannot fail to be helpful to any intelligent man or woman. On the whole, it points to the Kingdom of God being set up here on this planet; and all signs point to the first working model here in America. So cast aside your despair and take an intelligent part in the preparation for the setting up of the Kingdom.

300 pages, paper cover, price \$1.25.

THE BLUEPRINTS OF GOD: Wonders of Bible Chronology: By Rev. Gordon Lindsay.

Here we have another brochure of the same purpose as the above, which shows that chaos is man's creation, through violation of law. This little volume emphasizes that God has supplied us with a blueprint which, if followed, will bring us back to God and sanity; that the universe is run on Cosmic laws, that there is no guess-work and therefore no chaos. It also emphasizes the law of cycles; 40 pages, art cover, price 25¢.

FOODS THAT PRESERVE THE ALKALINE RESERVE: By Arthur W. Snyder.

This is the latest from the pen of Arthur Snyder, a food specialist and chemist of note, the purpose of which is to show you how to combine your foods, as well as to choose your foods for the qualities you may be deficient in. The price is 25¢.

My daily mail tells the story that the morale of our people is somewhat low. The Scriptures say without vision the people perish - naturally, because their morale is low. What lowers people's morale? The effect of regimentation tends strongly to do so; but our job should be to rise above conditions and not come under them. How are we to do that? By maintaining a healthy mental condition. To do that, you need healthful mental food along spiritual lines. When I was in the Los Angeles County jail I found some two thousand men cooped up like wild animals; with the exception of a few trusties, no normal outlet of life. They could buy the daily papers, if they had the price; a few religious tracts were circulated, but most of this went over the head of the average prisoner; he couldn't savvy, or he was antagonistic. A few copies of the New Testament were around. He could buy all the sex literature he wanted, also magazines on crime - as though he did not know enough about it. I read a cross-section sample of jail literature; I would say it is a good post-graduate course in crime and sensuality. And so there is no hope of salvaging a man from crime by sending him to jail, because his mental outlook is made worse instead of better. There is nothing in his daily life that would improve his morale.

As a whole, men are not sympathetic to religion as presented; they listen to religious services because of the music and singing; but I heard their comments after the services, and so I know. Inasmuch as the literature they read pertains to sex and crime, that is the subject of discussion from morning to night; and I found it nauseating, filthy beyond the power of words to describe; and I am here to tell you that was hell to me, to live in an atmosphere of filth 24 hours a day. The man above me in the bunk was usually a murderer, for I was in that kind of a tank - reserved for them. How uplifting! And so I have a very profound feeling that you people who have never been to jail, ought to have that experience. Perhaps then you would have a desire to bring about a reform in jails such as the L. A. County Jail.

Now to return to my readers: You have a choice of better literature than that of men in jail. For ten years, The Beacon Light, besides exposing rackets and trying to teach reverence for our Constitutional form of Government, has taught that the kingdom of God will be set up here on earth, with the first model here in America. We
