The newspapers, especially in Southern California, are full of the Ballard racket which, up to date, is a complete vindication and confirmation of our stand during the past five years which culminated in our little book, "The Ballard Racket." We are now getting calls for this little book from the fearful ones; now it is perfectly safe to tell the truth about the Ballards. Sorry to say some very good friends of mine are involved in the trial now taking place, men and women I was associated with before the advent of Ballardism.

A WARNING MESSAGE: I have been somewhat disappointed in your reactions to this Prophecy, put out in the August number. As a whole you have not taken it seriously. With the help of one of the most loyal supporters The Beacon Light ever had, a lady who spent one year with us in our home, Mrs. Alma Hammersley, now of Los Angeles, some six thousand copies were distributed in the Los Angeles area. As a result we have made some very fine contacts, not great in number but apparently high caliber. There is still time, when you get this magazine, to get at least a hundred and put them in circulation, and if you lack the money to pay for them send for them anyway.

I am surprised at the indifference of the average business man, because he stands to lose everything in the event of the re-election of Roosevelt. It isn't merely Roosevelt, it is what he stands for; it places the Dark Forces definitely in complete control.

JAPAN: The subject of Japan is a front page subject in the newspapers today. Reread our "Japan, Friend or Foe", the July number of 1938, then check with the news items of today, and see whether we are definitely on our way towards the fulfillment of our predictions at that time.

ASTROLOGICAL PREDICTIONS FOR 1940: In this issue, the February number of this year, we gave the proof of the cause of the present European conflict, giving quotations from leading Jews and Jewish journals on both sides of the Atlantic, wherein they stated they would force Germany into war. They have done so; now they are trying to reverse the blame. Germany had good justification for war on Poland, and it was none of England's or France's business. If they had kept their noses out of it Germany would have kept driving towards Russia; but instead England, France and America diverted the attack towards Belgium and France and the Scandinavian countries, and finally to England. Get these numbers in circulation now, when they will do the most good. Elsewhere you will find a special price. Now is the time they need to be in circulation; they will be obsolete by the time the election is over.

HEALTH: Every mail brings us numerous letters from readers who are desperately sick, in spite of the material we have put out from time to time on this subject, especially the March number of this year, "The Laws of Health." The only way to keep out of jail is to obey the laws of the land; and the only way to keep out of a sick-bed is to obey the laws of health, which, in the last analysis, are the laws of God pertaining to health.

THY KINGDOM COME: Many letters have been received asking if we can supply the complete series of "Thy Kingdom Come." Yes, the full series is still available, in fact we can supply from the first of the year for the benefit of new readers.

Many have inquired when the book will be available, and the price: We expect to have the book on the press some time this month, October, and it will be available not later than the first of November, possibly before. Because there are so many demands for the book our original plan was to get it ready for the first of December. We are now accepting advance orders; the price is \$1.00. Full details and description of the style of the book will appear in the next issue of The Beacon Light. This is the finest possible gift you could ever give to your friends for Christmas, because it contains information that is indispensable and invaluable, and it shows conclusively that no man-made plan or scheme can right our National Ship, or adjust world affairs for that matter. This is Judgment Day, and this book contains a rough sketch of the plan. Many of you will want to give this book to your friends. We are going to make it a little easier for you to reach more people. We are going to sell six copies for five dollars; in other words you get one extra. Placing this book in the hands of the people of America will have a very marked effect on the moral

and spiritual temperature of the Nation when chaos begins to break loose; "Forewarned is forearmed."

A considerable number of our readers are in the Los Angeles area; and during the past year we have had many letters asking us to recommend a good attorney. Well, I am glad to say we have several Beacon Light readers who are first class attorneys. First, there is Frederick Beutel, of 1949 N. Wilton St., the author of the book *The Law of Manifestation*, who is the type of attorney that should be more common; being a Piscean he always tends to a peaceful settlement if possible. He has had considerable legal business pertaining to mining, and to the settling of estates; in addition to this he is in harmony with the message of *The Beacon Light*. The second is Lorrin Andrews, with offices in the Fay Bldg., 3rd and Hill Sts. Astrologically he is a Leo; and if you happen to be a fire sign he would work in harmony with you; by the same token, the water signs would be more in harmony with Mr. Beutel. Lorrin Andrews is not, just another attorney, he is a real fighter, of the crusader type; that is, he does his best if the human element is strong. Like Beutel, he has a keen sense of justice. As some of you will remember, he was the attorney for Rev. Joe Jeffers last year. I came in close contact with him during that case, and learned to admire him very much for his fine qualities. While I said he is a fighter, he is not of the pugnacious type, but a kindly man, with a deeply sympathetic nature; and he is nobody's fool when it comes to law; strongly patriotic, and dislikes very much the present trend of events in America. Like Mr. Beutel, he is a Beacon Light reader. Now if you are in the Los Angeles area, and have need for legal services, these two men are excellent, from the standpoint of law, ability and character.

Just a final word before going to press: the next 60 days mean life or death to America, the scales are almost even; this will be the hardest-fought election this nation has ever known, and I am asking each one of you to tax or tithe yourself until it hurts. Mr. Roosevelt has made the election issue involvement in England's war; and in this and the August issues we have shown very definitely, first, that Mr. Roosevelt is a liar, and second, that he is not an American but a part and parcel of the international clique which has laid the whole of Europe in ruins. Certainly it would not be asking too much, for each one of you to put up a dollar for 6 copies of either the August or October number, or it can be half of each if you prefer. You see, the majority of the people of this country do not know the underlying facts of the European war; it was entirely unnecessary, England had no excuse for declaring war on Germany, any more than we have.

Remember, if Roosevelt wins, you can not expect any more Beacon Lights for you will awake under a totalitarian form of government, and all patriotic papers and journals will be suppressed. Personally, I am hoping for the best, but reconciled to the worst; I have no illusions but that my career as a journalist and publisher is in the balance. I go up or down with America.

We have received thousands of letters from readers saying how much the Beacon Light has helped them. Well, if Roosevelt wins the election you will get no more help from The Beacon Light. If you are not willing to distribute these numbers of The Beacon Light yourself, send us the cash that we may send them to others who can. Up to date we have indebted ourselves several hundred dollars—which I had promised myself I would not do again. Remember, it's a dangerous thing for a man like myself, who dares to tell the truth, to go into debt.

We are supplying much material to people on relief who have no money but are willing to do good missionary work. I do hope this issue will jolt you from your complacency. Many of you can afford to buy a hundred copies; and remember, if you lose the election you are going to pay for thousands of Beacon Lights because of the taxes that will amount to confiscation of your assets—of which the Lee bill is one example.

I want to see a thousand copies go out this month; remember, as a citizen of the Republic of the United States, you have duties as well as privileges; and your duty is to safeguard your Constitutional rights, liberty of speech and action. You are the custodians of the Constitution of this Republic.

When you receive this, there will still be time to reach a lot of people. Air mail your subscription or donations, that we may know just what we can do; only thirty days' time to work after you read this. The reaction of new contacts to the August number was wonderful, proving that we are delivering the goods; but for the sake of a free America, get it into circulation. I appeal especially to you business men, who have assets, to give us a substantial boost. If we win in this crisis, I'll cease bothering you. Remember, I have surrendered my earning power to serve you through the pages of The Beacon Light. I have good earning powers, and don't need to beg for money for myself. A magazine without paid ads. is always on the ragged edge. So please give us a substantial boost toward our election campaign; let's go over the top, and save America from the despoilers, simply by telling the truth; for,

The Truth will make us free.

THE LUNATION OF OCTOBER 1, 1940

The lunation of October 1st is, in my opinion, dynamite, especially when taken in conjunction with our National Chart. Briefly, in my opinion, the Roosevelt forces are likely to pull a fast one, or at least try to, and I see confirmation in this lunation chart as well as in our national chart that Roosevelt will desperately endeavor to stall off an election. They are afraid of an honest election. Now, if you were a gambler and the other fellow had all the chips you couldn't play very well. Roosevelt is in the position of the gambler with all the chips, so he is going to use some of the tremendous power that he possesses in an effort to stampede the nation; at least that is my judgment of this chart, coupled with the evidence in his chart and the chart of the U. S.

I will avoid technical terms as far as possible, but it is rather difficult to avoid them entirely; you feel like a comedian without a foil on which to crack his jokes. Here is some of the evidence for the astrological student: We have Scorpio on the ascendant, therefore Mars is the ruler; Mars the War Lord. We have Mercury right on the cusp of the 1st house; briefly that indicates tremendous excitement and war propaganda. Also we find three major planets in the house of war, Saturn and Jupiter conjunct and Uranus practically within orb, so you may call this a war chart; but even more dangerous in my opinion, is the position of Pluto, the planet of dictatorship. In plain English, it indicates tremendous dictatorial power and action of our Chief Executive. The same Pluto is adverse to Saturn and Jupiter, also to Mercury on the ascendant; so it looks as though Roosevelt is going to make a desperate effort to sweep the nation off its feet. We have additional testimony in the conjunction of Mars and Neptune, and these are also in conjunction with the Sun and the Moon in the 12th house, the house of trouble; sorrow; self-undoing. This combination indicates tremendous subtle under-handed forces at work; and is in good aspect to Pluto.

To sum it up, through subtle propaganda, scheming, lying, and hysteria, Roosevelt is liable to get additional plutocratic dictatorial power. In my opinion he will make an effort to put the capstone on the New Deal structure which will make him absolute Dictator of the United States of America. I believe a desperate effort will be made toward that end and, if ever there was a time in the history of the nation when patriotic Americans need to be on guard, well informed and active, it is now. The security of America is trembling in the

balance during this thirty day period, and even the lunation of October 30th is not too reassuring. However, we will take that up next month.

I urge every one of our readers to take a very active part in the disseminating of literature that will enlighten those you contact. This is the zero hour for America, and if we fail it is a complete "black-out" of every guarantee in the Constitution and Bill of Rights. We have already lost much, but we still have a semblance of free speech, which we will not have if Roosevelt completes his plan. He has told you plainly that his second name is "we planned it that way", and the plan has not been abandoned.

I almost forgot to state that the Mars conjunction to Neptune is in the 11th house of this chart. The 11th house represents Congress, therefore I suggest that you deluge your Congressmen and Senators with our February and August 1940 Beacon Lights, that they may know who are the real instigators of the attempt to drag America into war. Congress is likely to be a seething, boiling mass; intrigue, deception and subtle propaganda being spewed out in every direction. The ruler of the 11th house is Mercury, and the planets are in Virgo, a rather weak and wobbly sign. However, there is one thing favorable, and that is, Mars and Neptune are in good aspect to Jupiter, Saturn and Uranus in the 7th house, indicating that Congress has no desire to plunge the country into war; that is, Congress as a whole, or the majority.

The U. S. Chart

Now for a brief analysis of our national chart. Just a few days before this lunation, to be exact, the 28th of September, Mars is exactly in conjunction with Neptune; that is the radical Neptune and Neptune by transit, or Neptune arrived back over that point where it was in 1776. This, of course, gives it added power and indicates a climax and a crisis. Mars is crossing that point and is in the 12th house, and you will note the similarity to the lunation chart, for there again we have Mars conjunct with Neptune on the cusp of Libra and almost within orb of the 12th house; so as the month of September closes and October begins, this nation will be confronted with a crisis even more intense than the one of six months ago, for which see our March lunation reading of this year, when we told you to watch Norway around the 9th to 11th of April. I believe, if my memory serves me right, Hitler marched into Norway on the 9th, so that transiting Mars over Neptune is certainly going to rock our national boat. Another dangerous indication is that Mars forms a trine or favorable

aspect to Pluto on the 1st of October, the date of this lunation, another indication of plutocratic efforts being made; certainly an indication of a month of excitement, emotional stress and strain, and war hysteria. Watch carefully as Mars squares Venus around the 8th and 9th, and again as it squares Jupiter around the 14th and 15th. These will be critical periods.

On the 19th and 20th we are likely to get a breathing spell as Mars trines Uranus; look for important legislation at that time. During the period between the 25th and 28th the Chief Executive is likely to get a tremendous bombardment, and as the month closes Mars conjoins Saturn, indicating that the battle is not ended but that a tremendous tug of war is taking place, and this takes place right on the ascendant of our national chart.

Now the Sun by transit will cross all these tender spots I have already mentioned during this month. Over the week end, 5th, 6th and 7th, the Sun squares its radical place, indicating tremendous criticism of the President and those in power, which is followed by the Sun conjoined with Saturn right on the ascendant, a very dangerous few days for this nation; the Satanic forces are very active. A violent reaction takes place around the 14th and 15th as the Sun trines Mars, followed by the Sun adverse to Mercury, indicating a rather bitter attack on plutocratic or dictatorial powers; and, as the month closes, the Sun favorable to Venus and Jupiter indicates somewhat of a let-up of a rather strenuous month.

The position of Jupiter and Saturn all this month favorable to the Sun is an indication of the tremendous power at the back of the President; and additional testimony is Uranus in good aspect to Pluto. The issue of a Free America will more than likely be largely settled before this month expires.

THE BEACON LIGHT—October, 1940
YOU AND YOUR ASPECTS
For October, 1940

Such a howl has gone up because this department has been missing from The Beacon Light for the past few months. I didn't think it amounted to very much so dropped it. It showed for once that I guessed wrong.

October is usually a rather smooth month, for the Sun is then passing through the sign of the harmonizer. This year the influence is rather mixed. We start out on the 1st with Uranus favorable to Neptune. That in itself will bring some very major changes in the world, a step nearer to breaking up the world's crystallization. True, it might come in the form of bloodshed, although this in itself is not a war-like influence, but is a vehicle through which the spiritual forces work to liberate mankind. We have not yet gotten away from Mars conjoined with Neptune, which fell on the 28th of September; then tie this in with what we said about the lunation on the 1st. Then again, we have Mars adverse to Saturn and Venus adverse to Uranus. On the 4th we have Sun adverse to Uranus and Mars to Jupiter; so I am quite sure the first few days of October will be rather stormy, full of action. The Mars-Neptune in the lunation chart fell in the 11th house, so much of this fireworks will center on and in Congress. However, I would not advise you to do anything of importance during the first 10 days of October, in fact I would say the first half.

On the 13th we have Mercury adverse to Jupiter and Saturn, so look for some sensational news from the war zone. On the 16th we have Venus in good aspect to Saturn; and on the 18th Venus to Jupiter; that is the best period of the month, so attend to your important affairs at this time. The Moon will also form similar aspects on the evening of the 17th, Pacific time. However, be very careful what you sign around the 24th, with Mercury adverse to Uranus, in fact would suggest you put your signature to nothing of importance. One is liable to write letters at this time they will wish they hadn't after they sober up.

On the 28th we have Venus favorable to Uranus. This is a very fine influence, good for social affairs, buying clothing, and the Moon on that day is in good aspect to Mercury, Pluto and the Sun; fine, harmonious, constructive influences.

The Moon conjoined to Neptune on the 29th is conducive to fatalities in the water. Watch your newspaper to see the drowning fatalities on that date.

The month ends with Mercury favorable to Venus, a splendid in-

fluence for correspondence. The passage of Mars through Libra will energize the natives of that sign, but it is apt to make the Aries natives, that is those of the opposite sign, produce plenty of fireworks. So, if you happen to be an Aries, don't let this Mars influence boil you over or you are apt to do something you will be sorry for later on. This applies to those born in the first half of the sign, that is from the 21st of March up to about the 7th of April; and to a lesser degree it will affect the natives of Cancer and Capricorn, that is those born from the 21st of June to the 10th of July, and December 21st to the 7th of January. It is also a good plan, when functioning under a Mars influence, to use it up in a constructive way by doing the hardest work you can think of, house-cleaning, gardening, and indulging in plenty of long walks; because you find yourself with a little more than the normal supply of energy.

The natives of Gemini and Aquarius will feel the benefic ray of Mars, that is those born in the first half of these signs, May 21st to June 8th, January 21st to February 7th.

Taurus people find themselves with three malefics in their sign; Jupiter and Saturn in conjunction and Saturn almost within orb. The conjunction of two major planets has far reaching effects on individuals and nations, and before they pass out of this sign they will have a definite effect on Ireland, Poland and Palestine.

The Scorpio people will find themselves confronted with powerful opposition, especially those born between the 5th and 10th of November. You should scarcely ask for a raise in pay if your birthday comes around that period, altho you are apt to feel very dissatisfied with your financial affairs in life. This also applies to the Leos, born between the 3rd and 10th of July, and the Aquarians during the first week of February.

However, this Jupiter-Saturn combination is fine for the Virgos and Capricorns, those born around or between the 3rd and 10th of September, and the first week in January. This is a fine constructive influence. The September people will especially benefit because of the steadying effect it will have after the transiting Neptune has had them floating in the air for the past two or three years. This combination will bring them down to earth. It will also help the Cancers and Pisces natives who happen to be born the first week of March or the first week of July.

Now Uranus is around 25 degrees of Taurus all this month; and if you happen to be born on or around the 15th of May you are feeling especially restless, with a desire to make changes and go places; you want to be on the go all the time. Well, it is likely to bring some

radical changes in your life without any effort on your part, and if this point happens to be afflicted on your chart, some of these changes will come through things that are not very pleasant. However, the Taurus natives can stand a lot, as much as or more than any other sign in the zodiac. I think the Taurus and Leo natives can stand the most punishment, from my observation. This Uranus influence plays upon the nervous system, and if you have a monotonous occupation it is likely to be rather hard on you. I always suggest plenty of walking under an Uranus affliction, because nothing is more soothing to the nervous system than walking, especially if you take a calm, deliberate step, not the short mincing nervous step: See the policeman on his beat, how deliberate his tread is; that is the kind of step to take.

Now what we have said here applies to the natives of the four fixed signs, that is those born around February 15th, May 15th, August 18th, and last but not the least, for these will get the powerful opposition, those born on and around the 17th of November. Of course this influence will make itself felt for a few days either way on each side of these dates. You will know if it applies to you by the way you feel. I am merely explaining how you get that way, because your friends will be asking that very question. This influence is not just for the month, you are going to feel it for many months to come, because Uranus is slow moving.

Again the Virgos, Capricorns, Cancers and Pisceans get a break, for they get the benefic rays. The best dates are January 16th, March 15th, July 17th and September 18th; again allow a few days each side of these dates.

Now Neptune is 25 degrees in Virgo, of course exactly trine or in good aspect to Uranus, so the same dates are involved as those given for Uranus, except the Scorpios of November 17th cash in on it; and the Pisces, instead of the benefic ray, get the opposition of Neptune. This is a very negative influence, but it is not likely to make itself felt with the Virgos around the 18th because of the benefic ray of Uranus at the same time; but I am sure the Pisceans around the 16th will feel very low in vitality, as also will the Geminis around the 16th of June and those born around the 17th of December. Under no condition should these natives go bathing to a depth where they can drown. A lot of people born on these dates will lose their lives this summer and fall because of this Neptunian influence. It tends very strongly to the taking of stimulants, the mixing of alcohol with gasoline by those who drive a car; and that, of course, is bad medicine in any language. So stay away from alcoholic drinks, and if

you must drink, stay home and go to bed, but don't indulge in any lighted cigarette, the results are likely to be fatal. In other words, people born on the dates I have mentioned are not feeling normal, and if their blood is below par, with that all-gone feeling, they should take something to build up their blood instead of "pepping" it up with alcohol, which leaves one flatter than they were before. I suggest not less than a quart of raw vegetable juices every day; you will be surprised what a benefic effect that will have. No, it won't stimulate you like a glass of whiskey, but it will gradually build up your resistance and supply the lack that is in your system. This applies also to the natives of the four fixed signs who have the Saturn affliction which I mentioned above; and those with the Uranus affliction need plenty of celery juice for their nerves; carrot and celery combined, about two of carrot to one of celery, would be about right.

I am telling you what I have found out from my own experience. I haven't talked about juices for a long time because my mind has been occupied so much with other things. I am something of a "one-man band," and supposed to know a little of everything. Now, I have done my part in giving you your Aspects, the least you can do is take my advice, because it is based on experience, I am not quoting anyone else's opinion nor am I copying it from books; I know these things for myself through experimentation in the laboratory of Life.

R o o s e v e l t

The mind of our Chief Executive will not be very placid or happy during the month of October, because Mercury forms a number of afflictions in his chart. The subject of money will make him feel rather unhappy, for he is going to be attacked a great deal because of his spendthrift habits of the past eight years; in other words, his record will haunt him, and rightly so. It will bother him particularly around the 7th and 8th as Mercury opposes his Saturn and squares his Venus. Some of the annoyance will come from one of the opposite sex, and some will come from one of his children. He is likely to have an emotional outburst around the 21st; watch your papers for confirmation.

With Mars passing through the 1st house he is apt to feel rather war-like, especially around the first of the month when it squares his Mars on his midheaven; so he is apt to feel that he is a heap-big-chief, and his dictator complex will work overtime.

He is likely to have a bombardment around the 16th as Mars squares his Moon; brickbats from one source and bouquets from another; and around the 23rd he is likely to gain his way on some important point.

Jupiter and Saturn are both within orb of his conjunction with Neptune and Jupiter and trine to Uranus, and all this falls on the cusp of his ninth house; foreign affairs; so his mind is centered more on affairs across the Atlantic than on our domestic affairs, especially as Uranus is right on the cusp of his ninth and conjoined with Pluto. So it is perfectly obvious what is in his mind; he would like to chloroform Congress and run the show himself. His plutocratic complex is now reaching the climax; he sees no reason why he should not be the Dictator of America, and he will slap you on the wrist if you don't see it the same way. But alack and alas! look what happened to poor Napoleon, who suffered from the same disease. Somebody should tip Frankie off. On better thought I am reminded of the saying "whom the Gods wish to destroy they first make mad"; of course they don't have much to do, so far as Frankie is concerned.

This is likely to be a very dramatic month in his life, and you will note the similarity of trend in the lunation reading. Pluto within orb of a square to Saturn and opposing his Venus is apt to be a very serious detriment to his ambition and plans. However we shall not have long to wait after you read this. I am hoping that the next lunation will be the last one wherein I shall ever have to consider Franklin Delano Roosevelt.

Hitler

As I predicted, Hitler is running into considerable opposition in his attack on the British Isles, and in my opinion he is approaching a climax in which he has got to change his tactics. Watch him around the 12th of October as the Sun conjoins his Uranus, a change of tactics is indicated. It may be he will make one last desperate effort, but it will not avail him very much. Personally I cannot see how he can win, that is to successfully invade the British Isles; for the cost in men and equipment, and prestige were he to lose, and I believe he really would, would be too much of a risk.

Then again Hitler has a situation at his own back door, indicated by Mars going through his twelfth house, the stirring up of trouble, secret and underneath. I believe Hitler is aware that he must drive on Russia soon, therefore cannot afford to take too big a risk with Britain. There is no real friendship between Hitler, Stalin and Mussolini, as a matter of fact.

There may be a semblance of victory for him as Mars is in good aspect to his Saturn around the 26th, but it is more likely to be through diplomacy than warfare. He will gain territory at this time.

All this month he has Jupiter and Saturn adverse to his Mars and Saturn in his seventh, so he is anything but satisfied with the ac-

tions of his allies. In my judgment he is even now planning his campaign in the reverse direction from which he is now working.

A serious crisis is indicated in the succeeding month of November, of which we will have more to say in the next issue. I will say, it is likely to come in the first week of November.

LETTERS FROM OUR READERS

From a new reader:

"I am enclosing \$1.00 for which please send me back numbers of Beacon Light; . . . today the August and September numbers came to hand and I found the articles astounding. I have been interested in Bible prophecy for many years but Beacon Light is much more definite than anything I had come across. Thanks, a million."

Another newcomer:

"The magazines that I ordered have arrived, and are the finest I have ever seen relating to present events."

From Oakland:

"I have read a copy of your magazine, Beacon Light, and I want to do my part in warning our people of the danger of the destruction of our constitution and bill of rights. Kindly send me your Beacon Light for 6 months; I enclose \$1.00 to cover same."

From Michigan:

"I have read some back issues of The Beacon Light, I think it's the most educational magazine going."

From Arkansas:

"I have read and re-read the August number of The Beacon Light, also passed it on to friends. It certainly has some unusual and startling ideas. I have been a Truth student for some eight or nine years, and can find many of these ideas acceptable. To my orthodox friends however, the magazine is mental dynamite, to be held at arm's length."

From Los Angeles:

"Just received your June, July and August numbers of Beacon Light, and am so thankful to have them."

From San Francisco:

"Please keep up the wonderful work. I certainly enjoy The Beacon Light, although it is only a recent event in my life."

Another new friend:

"I did so appreciate receiving the June, July and August numbers of Beacon Light, starting my subscription. A dear friend introduced me to your periodical a few weeks ago. I feel that you are doing a wonderful work, and many minds are in need of enlightenment. I hope to get others interested too."

From Connecticut:

THE BEACON LIGHT—October, 1940 ROOSEVELT AND WILLKIE

"Dear Mr. Kullgren: Your September issue came this morning—I have been waiting for it, for I was curious to know that if they baited the hook with this man Willkie, if they would get you; —and your first article would indicate that they have for you say, if we lose this election we will all be in a strait-jacket. When you analyze Willkie's acceptance speech you should know that we cannot win this election, for the material forces own both candidates,—and they are both in darkness; and so how could we win this election. A choice between two evils is no satisfaction at all. Enclosing a \$1.00 to help your outstanding work. - - -"

The above is one of many letters received regarding my attitude on Willkie, except this one is mild, for I am accused of 'being sold out,' having 'lost my mind,' and a few other things besides. Well, perhaps I have, although my batting average has been pretty good so far. I reason thus: Willkie may be tarred with the same brush to some extent, you and I "only know what we read in the papers" or perhaps I should say the average person; but an astrologer has good inside evidence, and as I analyze the charts of the two men I see that they have something in common but only up to a certain point, and then they are as far apart as the two poles.

Roosevelt is an egotist of the very worst type; his egotism is the biggest thing in his life, and he will be patriotic only so far as it serves his ends. Remember Roosevelt is a Jew; then he is an opportunist. He couldn't plan a campaign and stay with it, he is too changeable. He couldn't successfully run a peanut stand without running in the red, he has no business ability. He is a wild emotional gambler; his gambling, however, is always done with other peoples' money. Note the grouping of planets in the 8th house. His egotism comes from Mars conjoined to his Moon, right up on the mid-heaven of his chart and in the emotional sign of Cancer.

With Willkie you have a much different type. He has Uranus conjoined with the Moon, but it is in the 9th house, too far away from the 10th cusp. Is it any wonder he became a lawyer? And these two planets are in good aspect to his Sun which is in the 1st house; in other words Wendell Willkie is a born leader, but one who depends on his own ability and his own efforts rather than on political trickery. He is certainly not an opportunist.

As to Willkie being controlled, any astrologer will tell you that a man with Uranus conjoined with the Moon, and both of them trine to the Sun, would be a pretty hard man to control, in fact, they would say it is impossible to control such a man. It is true, with his Capricorn rising, that he might give them the impression that they were running the show, but sooner or later they would wake up to find that they were following Willkie or else they were not in the parade. As

I said before, Willkie is just what it takes to battle Roosevelt; although, in the last analysis, anyone, no matter if he was a dumb-bell, is better than a continuation of the ego-maniac Roosevelt. My contention is that even if Willkie does follow to some extent Roosevelt's plans and policies, it will slow up the machine long enough for the American people to do some thinking.

However, my impression is that Willkie is more likely to think in terms of America. The 9th house rules foreign affairs, and Willkie's Uranus in the 9th house would not make him very favorable to foreign powers; he would be dynamite.

Jupiter and Sagittarius are the rulers of Roosevelt's 4th house, and Jupiter, the ruler, is near the cusp of the 9th house, indicating to me he was always more interested in foreign affairs than domestic ones. Willkie has Taurus on the cusp of the 4th house, the most solid and dependable of all the 12 signs. Then again Willkie has the sign Capricorn on the ascendant, not easily excited although he has a brilliant mind that works like lightning. Willkie is a much better balanced man, the physical, mental and spiritual are all strong, and he is not void of feeling because he has no less than 3 planets in water signs, including Jupiter. While he feels rather intensely he can carry a poker face, so that you haven't the slightest idea of what he is thinking or feeling.

Let me quote from a columnist of August 19th; he says "The eye-opener at Colorado Springs was Willkie's steady independence. I think he is another, but pleasanter, Grover Cleveland." He says he sensed and sometimes saw the strong kind of pulls and pressure applied to him in these days; some of them were from the mightiest of political leaders, others were of the modern telegram, brief variety: —'Speaking for six million farmers we urge' — 'As representative of thirteen million negroes we ask' — 'If you won't do so and so you will lose New York State and the whole Atlantic seaboard'. The candidate answered fairly and courteously; he checks facts from every source he can command. He continues under pressure the even tenure of his way and thought with a smiling urbanity that seems a miracle to me."

Well, if this columnist was reading Wendell Willkie's chart he could have described him no better. He goes on to say 'He winnowed whatever brains I had with a fine toothed comb, as far as I know accepted nothing, put up as able and well-formed debate as I have yet encountered, and left me in complete ignorance as to his final judgment.' Again he says "Of one thing I am sure, no one is going to shove this lanky Hoosier around and sell him any gold bricks, or

push him off of any important moral position for the sake of any expedient political advantage. The latter has, to my knowledge, been vainly attempted with dire threats of defeat if Willkie did not instantly knuckle—he just laughed.”

This columnist has measured Willkie accurately, judging from his chart. But assuming I am all wet and that I am talking through my hat, we know definitely that Roosevelt and ruin are synonymous, and you will concede that nothing could be worse than what we have. Isn't there a possibility that Willkie may be better? Of course I think he is, a whole lot.

Now I am going to ask you good folks to have a little faith in my judgment on this very crucial issue; even though Willkie is all you think he is, get at the back of him, vote for him, and I guarantee you will be pleasantly surprised; perhaps not one hundred percent, you cannot expect him to do exactly as you would do, that is true of any candidate, but I say in Willkie you have a genius, a man who is well-balanced, as independent as a hog on ice; so much so it is impossible to find one more independent than Willkie; he is a rugged individualist from the word 'go', and the cage or net is yet to be made that will trap him, because his judgment is quick and keen. Uranus works like lightning and he can stand up, deliver and take punches that very few men could give and take. Uranus conjoined to Moon and trine to Sun would make him very quick on the trigger, but he also has Mars in good aspect to Mercury, and Mars in the fiery independent sign of Sagittarius. He is very intuitive, and here is a wide difference between Willkie and Roosevelt. He has a very keen intuition, the spiritual side of his nature is alive. Roosevelt doesn't go beyond the mental plane. Willkie is capable of receiving inspiration from higher sources, and this is one of the things I am banking on, because I am quite sure he is going to be aided by the men who put in the foundation to America, Washington, Jefferson, Franklin, and the other stalwarts. They are on guard; I know that personally, and they are going to make themselves felt in this election together with the Great Emancipator who stands at the helm. Incidentally Willkie and Lincoln have a great deal in common. There is much about Willkie that suggests Lincoln because Lincoln too had the spiritual qualities very strongly. You would have to get very close to Willkie to see the spiritual side to the man, because he wears a mask; then again he doesn't label it religion, he calls it good business; in other words, a practical expression of religion, definitely concrete.

And now for my last reason: I told you several months ago that

the Vice President was more important than the President. Compare Wallace with McNary, and there just isn't any comparison. Charles McNary is a Gemini. Unfortunately I haven't been able to get the time of his birth, and in this crowded issue I haven't the space to analyze him. No matter who is elected in November he will be assassinated in office; so what you are voting for is either Wallace or McNary. McNary too is a farmer from the West, the state of Oregon.

Here is what Paul Mallon says about McNary: "Don't fall off your hoss, pardner, if Charles McNary comes out firmly in his acceptance speech for public development of water power. It may sound inelegant of a vice presidential candidate running with a former outstanding private utility leader, but McNary has always cared more about his independence than elegance. His 19-year-old record as the Republican senator from Oregon has always hewed to the public development line." But get a load of this: "Also in it was a stern declaration against the Hull-Roosevelt reciprocal trade treaty program (which Willkie is supposed to favor) as an obstacle to safeguarding the entire American market for the American farmer. The inner Republican councils have thus already been made aware that if the minority party leader in the Senate is elected with Mr. Willkie, he will use his influence for the things he has stood for—which apparently is not as displeasing to Mr. Willkie as some of his adversaries have intimated."

Now that dovetails and makes a very fine picture. One cannot see the entire picture at present unless he has a pretty keen intuition; in other words your spiritual faculties must be working on all six because you cannot see all the factors; and I am satisfied, if you will follow my judgment, you will not regret it. There will be many strange and unexpected happenings that will change our national picture considerably, so I am for Willkie and McNary one hundred percent. I am satisfied the Good Lord is going to help right our National Ship with the aid of the stalwart statesmen of the past, if the people will elect Wendell Willkie and McNary. This election is a test of the spiritual awareness of the American people. If they re-elect Roosevelt it will indicate that only tremendous suffering will bring them to their senses; and that, of course, is what they will get.

Unfortunately a lot of people in this country think they cannot be spiritual and indulge in mundane affairs, such as voting for a presidential candidate. They will smugly tell you they work on a higher plane; then some day they will fall out of that darn plane and break their neck. Being a good citizen is the highest type of spirituality, and even Jesus said 'Render unto Caesar the things which are Cae-

sar's; and unto God the things that are God's." In other words the mundane, practical things of life have a place; and even the abstract thinker would starve to death without the practical man or woman.

In closing, I think Willkie has a chance. The election is going to be very close. Now I am going to stick my neck out; although most of the astrologers of my acquaintance think otherwise, I believe Wendell Willkie is going to be elected President of the United States by a very close margin. This is going to be a very hard fought election and I hope every reader of The Beacon Light will work for him. Get out and vote, and see that your neighbor votes; but see that they vote for Willkie and McNary.

THE DEVIL QUILTS HIS JOB

By Clarence C. Edwards

The devil sat by a brimstone lake, on a stack of sulfur kegs;
His head was bowed upon his breast, his tail between his legs.
A look of shame was on his face, the sparks dripped from his eyes;
He had sent his resignation to the throne up in the skies.

"I'm down and out," the devil said, and said it with a sob;
"Theres' others that outclass me, and I want to quit my job.
Hell isn't in it with the land that's nicknamed Uncle Sam;
Under Roosevelt's dictatorship life isn't worth a damn.

"King Rosy is a liar a faker and traitor, too;
A guy that swallows what he says is goofy thru and thru!
He's turned the nation over to the Jesuits and the Jews;
They run the show, collect the dough, and spend it as they choose.

"They's turned things topsy-turvy, placed the cart before the horse,
And chaos and confusion reign, and things are getting worse.
The New Deal is their baby, a fact they can't deny;
It must be scrapped, and quickly, or Uncle Sam will die.

" 'Twas they who planned to kill the hogs the cattle and the sheep;
To cut down crops, destroy foods, while hungry children weep.
They fed 'reliefers' rotten beef and tough sowbelly slabs,
And celery and cabbage spoiled—good foods they gave in dabs.

"The young and tender hogs and sheep made fertilizer grand;
And meat was dumped into the lakes and streams throughout the land.
They paid the farmers for the hogs and crops they didn't raise,
Then sent way down to Argentine and purchased Indian maize.

"They shipped in wheat from Canada, Europe and Brazil,
And beef from South America, the 3-C camps to fill.
This forced the farmers' prices down and kept the farmers poor.
The money that was handed them was given for a lure.

"To win their votes and get them to sign for crop control:
They'll lose their liberty and their farms if they accept this dolo.
The Jews have planned to take all land from Gentiles everywhere;
They regiment, then confiscate, and leave you in despair.

"New Dealers soon decided the glorious time had come,
When people should cease eating, and live on booze and rum.
So they brought back hell-fire whiskey, wine and rat soup beer,
And people drink this rotten stuff until their heads feel queer.

"They placed in stores blue buzzard cards, this made the people glum,
For the buzzard blue was a shadow true of the Anti-Christ to come.
They grew more bold, took our gold and buried it in Kentucky;
Revalued this gold, doubling its price—weren't the owners lucky?

"This trick raised prices 41 percent, a hardship on the poor
And unemployed, whose scanty meals were never quite secure.
They bought up tons of foreign gold at this revalued price,
And Uncle Sam shelled out the cash; now wasn't our Uncle nice?

"The international financiers made billions by these deals:
Americans were skinned outright by these gigantic steals!
The New Deal's a calamity, a skin game and a fake;
Bankruptcy and destruction will follow in its wake!

"It played the role of Santa Claus to win the peoples' votes,
And all the time, behind the scenes, it planned to cut their throats!
It piled up debts and taxes and kept recovery down;
It double-crossed both old and young in every state and town.

"It shackled private enterprise, placed liberty in chains,
And regimented business to prevent it making gains.
It copied Communistic schemes, passed crazy Fascist laws
With tricky words and phrases, and crafty loophole flaws.

"It slaughtered public confidence, caused woe no tongue can tell;
It has dealt out more damnation than all the imps in hell.
So I give my job to F. D. R., the mighty superman,—
No one on earth, nor here in hell can fool folks like he can!

"I hate to quit my old home the place I love so well,
But I'm not now up-to-date in the art of running hell.
I've toiled both day and night, and done the best I could
But New Deal achievements prove my program is no good.

"The devil forked a monster bat and cussed a bumble-bee,
And muttered he would go and talk with Morgan and John D."

NUMEROLOGY DESCRIBES WENDELL WILLKIE**By Dr. Juno Kayy Walton**

There is a definite tie between a person's name and his past, present and future. What a person does, whether he is a success or failure, his disposition and personality, are all associated with his name. "Isn't that just like John?" Analysis of character by the average person is dependent upon his experience; but the Numerologist "gets his number" and knows with a certainty what to expect.

Wendell Lewis Willkie has a very forceful Destiny. It could take him to the Presidency of the United States. He has the strong executive number '8' as the sum of his name. The number '8' stands for position, power, authority and recognition. It gives the opportunity to direct, supervise, organize and control the affairs of mankind. It is an impersonal force demanding the good of the many rather than the few. It is the number of fairness, efficiency, accomplishment and attainment, giving the ability to rise to emergencies and to work well under pressure and unexpected demands. It attempts to strike a balance between the material and spiritual forces of business and humanity. Position, honor and the rewards of life are earned by repeated efforts to reach the goal, but it is this which eventually develops the strength, courage and stamina to reach the top and gives the understanding and experience to be a leader of the people.

Wendell Willkie's number '8' destiny has tested him and forced him to climb to the top by his own effort and ability, and the way has not been easy. But having made the effort, he has the right by Destiny to be called to the Presidency of the United States. He is equal to the task and will be a good executive. He will not only serve his country efficiently, but he will have the experience, knowledge and strength to meet all emergencies. As President of The United States, he will consider the good of the people, rather than his own personal interests, and will be a strong, capable organizer and supervisor of the country's business and spiritual welfare.

The United States of America has the number '8' as its Ultimate Goal (sum of the name and birth numbers). This being Wendell Willkie's Destiny, there is a mutual attraction between them which could easily bring them together in a common purpose—the welfare of the people of the United States.

Are you paying your Tithe to the Lord's Work?

What is the Lord's Work?

The highest expression of it is the publicizing of Truth; for the Scripture says,

"Know the Truth, and the Truth shall make you free."

BOOK REVIEWS

DIGGERS FOR FACTS: By J. O. Kinnaman.

During the past ten years I have read a good many articles by this learned scholar; and as a result I must confess I am somewhat prejudiced in his favor. The fact is, Kinnaman stands alone in his field. There are plenty of Bible students, and quite a sprinkling of archaeologists; but when you get the two combined in one man, that's something quite different; so this volume, *Diggers for Facts, The Bible in the Light of Archaeology*, is something unique.

I don't mean to say I agree with every statement he makes I couldn't say this of any man, and still retain my own reasoning faculties. But I present this book because I believe it will strengthen your faith, and anything that strengthens your faith within the next few years, is more than worth while, because millions of tons of destructive literature are being poured out, and confront one everywhere they go.

In the introduction he tells us that this volume is a sort of biographical sketch of a lifetime spent in archaeology. I believe I am correct in saying that he is one of the most if not the most important scholars in that field. His thorough knowledge of the Bible, and his blending of it with his knowledge of archaeology, make this volume stand out in my mind as no other has ever done. Most of them are dry and technical, but this is very readable.

There is much in this volume that harmonizes with the Anglo-Israel teachings, and it cannot fail to broaden the mind of the average Bible student. The narrow orthodox Bible student is liable to suffer with growing pains before he gets through it, that is, if he is willing to face facts. For instance, in Chapter 2 he speaks of time, and shows you quite clearly that our yardstick of time is a very puny one. As he says, time on earth and time on the planet Mars are entirely different. After reading this chapter alone, you are convinced that God uses an entirely different yardstick from that used on this planet; and he goes on to say how many mistakes man has made in the interpretation of the library we call the Bible. As he so aptly puts it, "In this world we are only able to approximate truth." Then he quotes St. Paul, "We see through a glass darkly now."

This is just one of the many illustrations that will give you a better understanding of your Bible. This chapter on chronology is one of the most valuable in the book. We have been taught that Adam was the first man. He says that science knows that Adam was not the first man to walk this earth; that is a settled fact that no educated man would question at the present time. You will recall that *The Beacon Light* has emphasized that fact many times, based on our own independent study of the Bible.

But lack of space makes it impossible for me to do justice to this wonderful volume; all I can say is, if you get this book, and keep it beside your Bible for constant reference, it will have a very broadening effect upon you; you will realize how little you knew before; and you will feel somewhat like a mountain peak that rises beyond the clouds and fog, and you will have a better understanding of life and of God. The price is \$2.50.

THE JUDGMENT OF THE NATIONS IN THE GREAT PYRAMID'S PROPHECY: By D. Davidson.

This is the latest, and in my opinion the best effort put out by Mr. Davidson. Briefly, he has given you, from the standpoint of the Pyramid, the story of the prophetic utterances given in the prophetic books of the Bible. And again let me urge you Bible students who confine yourselves to that effort, to make yourself familiar with the scientific prophecies as presented in the Great Pyramid of Gizeh. It will broaden your vision, and give you a greater depth of understanding of your Bible and a more profound veneration for your Creator; religion will cease to be an emotional something, it will show a scientific intelligence at the back of life and the guidance of the evolution of the human family. The Bible is quoted quite freely, especially the Moffatt translation, which

he uses chiefly, blending them into a perfect whole. A very masterly work, containing many charts and diagrams. I take great pleasure in commending this to your consideration. The price is 60c.

OUTWITTING WAR: By Harry J. Gardener.

This is another output from the prolific pen of our good friend Harry J. Gardener, gotten out in the same form as 'The Saturday Night of Time.'

There is a lot of valuable information between its two covers; Mr. Gardener is talking more plainly and strongly than he has ever done in the past. It is splendid as far as it goes, but it doesn't go far enough in places, especially in the part devoted to preparation; because conditions are going to be very much more severe than the writer implies, and it will give some people a false sense of security, for he gives the impression of a short-lived, temporary emergency. Of course Mr. Gardener may be right but I don't think so; and whilst Mr. Gardener is one of my best and most intimate friends, yet my duty is to be truthful to my readers at all times. So with this one exception, I would say that Outwitting War (incidentally I think the title is a misnomer) contains information that will be worth many times the price, which is \$1.00.

SEEKING FOREIGN TROUBLE: By Ralph Townsend.

This little book is taking the language of The Beacon Light, and is extremely timely just now; and if a copy were in the hands of every thinker in America, there wouldn't be any more talk of our entering the war on the side of the Allies. Boiled down, "Seeking Foreign Trouble" is nothing more or less than the history of these so-called Allies; and after reviewing it, you will say to yourself, "Why, we don't belong in that dog-fight; simply a bunch of war-mongers fighting among themselves." For in spite of what they say, there is no real issue, simply a continuation of centuries of European warfare, with first one on top and then the other.

And you will also see the painful fact that we have a controlled press in America—if you had not learned it before. You will see the proof of what we have said regarding the British Empire. Britain's claim as the world's champion against oppression looks very flat, alongside the evidence to the contrary. This is the book to get into circulation before election, along with this issue of The Beacon Light, to those who are pro-British, and who think America ought to fight. The price is 35c, and we will sell you 3 for \$1.00.

LIBERTY OR CAPITALISM? By Col. Herbert Merton Green, M. D.

This is scarcely the book that you would expect a Doctor or a military man to write, nevertheless, here is the book. The writer insists that there is no need for our present deplorable economic condition. He very rightly puts his finger on the spot, when he charges it up to our money system; and he goes right down to the root of that, and quotes Biblical law. Of course there is no argument, he is right, when he says there can be no security while the present capitalistic system endures; by that he means and we agree, control by the international money changers. So you see the author has good, solid foundation for his ideas.

If you are interested in economics and the money question, more especially if you happen to be a Bible student, and want to combine them, you will find much meat in 'Liberty or Capitalism?'. For instance he says, "The Bible outlines two kinds of government and two economic orders by two manner of people, with Esau and Jacob as types; and today imperial capitalism opposes Christian liberty as Esau opposed Jacob, almost four thousand years ago."

The writer is quite evidently a student of the Anglo-Israel theory, for it runs all through the book. The price is 50c.

THE UNITED STATES IN PROPHECY: OR ISAIAH'S VISION OF OUR COUNTRY: By Clarence True Wilson.

This book, which we have listed and carried for a number of years, has been out of print for some time; but we now have a new and enlarged edition, with an added chapter. This new version is much more in harmony with the teachings of The Beacon Light than was the old one. In the past it has had a very wide sale, but I predict an even larger sale for this new edition. Price is 25c.

DISINTEGRATION OF THE BRITISH EMPIRE

There is plenty of evidence to substantiate our statement of many months ago that the disintegration of the British Empire would take place. You are even getting it in the daily press. But we have received even more confirmation from government sources direct from Britain, Canada, Australia, South Africa and other British possessions. On August 13, 1940, we received the following from the Censor of Canada:

Mr. William Kullgren, Atascadero, Calif.

Dear Sir: I enclose a copy of official memorandum issued by this Department to its collectors, notifying them of the decision of the Press Censors for Canada in regard to "The Beacon Light", published by you. Yours truly (signed)
Examiner of Publications.

MEMORANDUM *Prohibited Publications:*

The Press Censors, Censorship Co-ordination Committee, have advised the Department that under Regulation 39A of the Defence of Canada Regulations, 1939 they have decided that the following publications shall not be circulated or distributed in Canada. In view of this decision. Collectors are advised that, from the date of this Notice, the following publications may not be allowed entry into Canada, viz:—"The Beacon Light", a magazine published monthly by William Kullgren, Atascadero, California."

This in itself is proof of our statement, because it is contrary to British tradition: freedom of the seas, free press, free speech; in other words, a real Democratic form of government with no exceptions. And here is my reply to the Censor. Of course, there is much more I could have said, but I said enough, I think.

Department of National Revenue.
Customs Division,
Ottawa, Canada.
Gentlemen:

I am in receipt of your letter of August 13th advising me that our magazine "The Beacon Light" is forbidden to enter Canada. The Beacon Light has been going into Canada for the past eight years, but I presume it was the August number you objected to, which contained articles on Britain, one written by an ex-soldier now residing in your country, a British subject.

The British people make much of the Christian Bible and rightly so, for it is the basis of the common law of England from which you people in Canada, as well as we people in the U. S., get our basic laws. Gentlemen, that Bible says: "and ye shall know the truth, and the truth shall make you free." Now either the Bible is your authority, or it isn't; I am afraid the latter is true.

We have only the kindest feeling toward Canadian and English people, but the British Empire and its colonies are not run by Englishmen any longer. How do we know that?—We read the record as it unfolds day by day; in other words, the history of the British Empire tells us that.

Gentlemen, all the battleships and armies in the world will not save England until she once again gets back on a righteous foundation. Again let me remind you of a Biblical statement: "Righteousness exalteth a nation." If Britain had remembered this quotation from the Bible she would not now be at war. It was her stifling of the truth and her unrighteous behavior that got her into this mess. British Imperialism, and also Canadian, judging from your actions, does not realize that the greatest force you have to contend with is God and Righteousness, and not the Germans.

I wrote a prophetic article in a publication called "What's Next", especially for the British People, entitled "Our National Salvation"; and it is largely made up from quotations from the Bible, addressed to the British Empire. So

you see they are not my words, but God's words warning Israel, of which Britain is a part. You may not believe it, but you will find the evidence in the Church of England's Prayer Book, in the first few pages. You see I was brought up in the Church of England, so I know. The very word "Britain" is a Hebrew or Israel word, B'rith is Hebrew, and "Britain" is derived from the word "B'rith." I am deeply concerned about the Anglo-Saxon people, because they are among the finest people in the world, but they have been sadly betrayed and led into wrong paths by the Jewish control of the British Empire. Again I say the proof of this is recorded in history, more especially from the time of Lord Beaconsfield, better known as Disraeli.

The information that prompts my articles comes from British sources, and much of it from ranking officers in the army and navy of Britain. In fact we need no further proof of my statements than that recorded in "The Triumph of Unarmed Forces" by Rear Admiral M. W. P. Connsett, but better still is "Propaganda in the Next War" by Sidney Rogerson, compiled and edited by Capt. Liddell Hart. Now gentlemen, those two are from the inside and not from any rabid soap-box orator in Hyde Park, nor of the street corner of Ottawa, Montreal, or Toronto. They are from men who stand high in their Majesty's Force of England; and "Propaganda in the Next War" has received the blessing and endorsement of the British Government. If you have not read these books, your education has been sadly neglected, and you do not possess a very good understanding of British history.

I could go on and give you chapters from English history for the past hundred or more years, but I want to confine myself to present day events and the tremendous amounts of money spent by the British and Canadian governments to embroil us in your Imperialistic War. I was hoping that Canada had too much sense to become embroiled in the present conflict, because it is no more her fight than it is ours; remember it was "John Bull" that declared war, and not Germany. I have no use for the German system of government, but apparently you have, because you are aping and copying it, and when I say you I mean the Canadian and British governments, because you have cast aside and thrown overboard the British tradition of democratic government and free speech, and descended to the level of the totalitarian nations, Germany, Italy and Russia. As you are part of the official set-up, it is your job to try and embroil the U. S. in your fight; and I, as a patriotic American citizen, feel it my duty to expose your hand.

Gentlemen the day is not far distant when it will be a matter of life and death to the Canadian people to get the help of the U. S. of America, but the action of your Board of Censorship in complimenting patriotic Americans for exposing your trickery and propaganda, does not tend to cultivate good will from the American people. I intend to see that it has the widest possible circulation here in America. Recently you forbade "The Broom," published in San Diego, the editor a man who knows much about British imperialism from first hand.

This letter will be circulated among hundreds of patriotic journals in the U. S. of America and I am sorry to say, in your hour of travail which will come, believe it or not, it is likely to make the American people hesitate about coming to your defense. There is no ill will or venom in this letter, but I am writing in the hope that you will see yourself as you really are, yea as God Almighty sees you, because, as stated before Judgment is close at hand for Canada. It is only a question of time when the enemy will attack you, and you will face the combined forces of Japan, Russia, Germany and Italy; and the Mother Country will be in a death struggle centered largely in the Mediterranean and in the Holy Land. I am telling you what is recorded in Holy Script and if you do not possess a Bible in your office I shall be more than pleased to send you one. It is written that the Italians are going to take Egypt and assail the Holy Land; and at the same time the attack on Canada will come, India will revolt and declare her independence, and Canada, Australia, New Zealand and South Africa will have their hands full in defending their own countries.

So in friendship I am sending you this letter of warning before it is too late, and to show you the necessity of cultivating, not ill will but good will of the American people. As a whole we are friendly to the Canadian people; but a definite rift has already taken place since the War due to your propaganda efforts

to embroil us, which we, as loyal Americans, bitterly resent.

In a subsequent issue of The Beacon Light I am going to give the history of the British Empire and the many attempts to disrupt the American Nation, because England did not relinquish her claims at the time of the Revolutionary War. And we do not forget that British Imperialism was the cause of our Civil War when the British aided and abetted the rebels, in fact incited them to rebellion in the first place. Remember I am quoting history and not giving my personal opinion.

I know you tell us that the British navy is our front, first line of defense; but this is not borne out by fact. History records the fact that the Royal Navy burned open or undefended American shore towns in 1776 and 1783, and again in 1812 and 1814. The Royal Navy assisted the rebellion against the U. S. in 1860-64. The Royal Navy aided and abetted Napoleon III by permission to transport a French Army across the Atlantic to Mexico. In 1887 the Royal Navy threatened Venezuela, and again in 1895 and 1899. So you see, in view of these facts, we cannot consider the British Navy our front first line of defense.

In conclusion I may say, you can dish it out but you can't take it. We Americans would like to be cordial to you and your people; but such actions of yours are not conducive to this relationship. I refer to your action in banning periodicals engaged in telling the Truth, not lying propaganda such as you are sending to our shores, and which we are broad-minded enough to take in, such as the book I have referred to, "Propaganda in the Next War", in which Britain openly boasts how she will again drag America into the European conflict. Surely, gentlemen, you will concede that this is not the action of a friendly nation, for you must know that any nation that enters this conflict will be impoverished in men and resources for the next 50 years; indeed many of them will not survive as nations, nor will the British Empire. And at the end of this conflict you too will be standing on your own two feet, and stand where we stood as a nation 150 years ago. In that day the good will of the American people will mean much to you, so I would suggest that you start now to cultivate good feelings instead of disgust and distrust that you are now building up. Upon this point depends whether Canada will exist as an independent nation or not, for you cannot possibly survive without the aid of the American people in that crucial hour. So I trust you will give this friendly advice very serious consideration, while there is yet time; and should you condescend to answer this, which I do not expect, I shall be more than glad to print same in our magazine, The Beacon Light.

I close with greetings to the Canadian people, and with a sincere prayer that they will see before it is too late, where their leaders are leading them.

Yours for the truth,

William Kullgren, Editor.

In the same mail we get the following from Australia:

My Dear Friend:

It is with great sorrow that I have to advise you that the Commonwealth Government of Australia, in order to conserve sterling exchange, has decided to prohibit certain lines of literature from neutral countries; and included in this prohibited literature is "The Beacon Light." I will send you the correspondence received from the Customs authorities concerning it herewith. You will observe that gifts are exempted, because no money is sent out of the country. We each have our private views of this matter, but it is the law of the country and we must abide by it, and when my subscription runs out, I am going to ask you to place me on your non-paying list of receivers, if you would be so kind.

If our people could be brought to realize the value of your wonderful publication now, I know they would allow it through. It is very hard to understand why humanity never values essentials until they are withdrawn, and then nothing can bring them back.

I am keenly sorry that I have not been able to get a greater subscription list for you from this country before now. I hate to be a non-payer; it is mean and contemptible, but I must have your help, that radiates from the B. L. You are a wonderful chap, Bill, I feel as though I've known you always through the

years. I feel that I can commune with you without the medium of correspondence. And I am sure the time will come when without the necessity of material requisites we will easily be able to commune with each other, especially if each makes the effort at the same time.

Many people locally are commenting upon that wonderful article "Thy Kingdom Come," all are unanimous that it is startling. But do you notice that the time given for the Second Coming was first stated at 10 years from then, followed later by 12 years, and then 15 years; I suppose these apparent inconsistencies are accounted for in the fact that time as we understand it is difficult to express in that state of existence.

I wish our people would recognize the fact that we should cultivate your country's good will more, and endeavor to get your country to take a more equitable share of our products in return for the huge imports we take from you, for then this prohibition in order to build up sterling exchange would be unnecessary.

Keep the good work going, dear friend, our common Master will pay you for me and us. I cannot expect you to answer this, I am now a "dead head", worth no time bothering about, but please let me have the Customs letter back some time. Very sincerely yours, - - -

and my answer to same:

"Dear Friend: I have just received your letter of July 10th; I am sorry for the contents but it might have been worse, for in the same mail I got a letter from the Canadian government forbidding the entrance of The Beacon Light to Canada on any basis. In other words, we are blacklisted. I suppose I ought to feel like a criminal, but I don't.

Now regarding The Beacon Light: My motto in life is to never worry about what we cannot help; and as you cannot help this situation, don't worry about it. I am going to send you The Beacon Light as long as it is published, until you get too old and feeble to read it, unless your Government is afraid that I might corrupt you. Not only will I send The Beacon Light to you, but I will send you 12 copies every month to be distributed among those who want it. That you may know who they are, I am enclosing the complete statement of our Australian subscription list. So don't worry about the payment; I have long since learned that it isn't necessary to keep books with God. In other words, He will more than repay me for my effort in sending these magazines to Australia. It is my token and contribution of good will towards Australia, and I would gladly do the same for Canada or any other British possession that does not permit the transfer of funds out of the country.

There is only one condition to this gift; namely, that you write me occasionally as you have done from the beginning, because I should miss your friendly letters. So don't feel under any obligation, just act normally, tell me your likes and dislikes as in the past.

With kind regards, Fraternally yours, William Kullgren."

Today, August 21, 1940: A very revealing article by Boake Carter indicates the British are surely fighting with their backs to the wall in England, with the hint that British resistance may collapse at any moment and the government will flee to Canada; stating that the ports of Southampton, Portsmouth, and many others, have been totally destroyed, and that the largest units of the British Navy are now at Halifax, Canada.

Should the British Government flee to Canada, it is dynamite for this country. In the light of these events read what we said in our February number with predictions for 1940; then read our Lunation reading in this issue. It is anybody's guess as to how soon we shall be in the melee. The sad part of this is I don't think it would ever have

happened had it not been for the promises of Mr. Roosevelt to England, France, Poland and Europe in general. That is why he is desperately trying to get us into the war to save his face, to make good his promises to those people across the ocean. But Mr. Roosevelt has a more serious obligation to the American people. He was elected President of the United States and not general chore boy of Europe.

It is up to you who read this message to do everything in your power, by using pressure on your Congressmen and Senators and by passing this message along to as many people as possible; because, to a very large extent, you are deciding the issue as to a Free Press here in America. If Roosevelt wins The Beacon Light will undoubtedly cease with thousands of other patriotic journals. What are you going to do in this crucial hour of America?

After writing the above, this morning's mail brings me Robert Edmondson's famous patriotic bulletin, which I quote in full. Edmondson has done more to awaken America to the diabolical and dangerous Jew control than any other man in America, and I honor him for it.

Capt. Henry Beamish was our guest some 3 or 4 years ago. He is a son of the late Admiral Beamish of the British Navy and a brother of the present Adm. Beamish of the British Navy.

A. S. Leese is the author of "Gentile Folly, the Rothschilds," and "Jewish Ritual Murder" which, if you haven't read, you ought to. We still have a few of these on our shelves and it is extremely doubtful if we can obtain any more. It is also very doubtful whether we shall be allowed to send these through the mail if Roosevelt is re-elected; so stock up on this literature now while the opportunity is still yours.

The Edmondson bulletin is a weekly service, \$12.00 a year or \$3.00 for 3 months, or you may get them for \$1.00 a month. They are more than worth the price.

"CHURCHILL'S JEWISH OGPU TERRORIZES AND JAILS PATRIOTS OF GREAT BRITAIN"

Jew-Exposure Publicists and Their Families Hunted Like Criminals
And Interned Without Charge or Trial, Writes Fugitive
Editor Leese from "Somewhere in Britain."

The following letter, just received, is illuminatingly self-explanatory:
SOMEWHERE IN BRITAIN, in July 1940

Dear Mr. Edmondson:

You will do a great service to the anti-Jew cause if you will give publicity to this letter.

In Britain under Churchill's Jewish OGPU, patriots are arrested and imprisoned and treated worse than criminals without charge or trial; and it is now impossible to publish or even utter any facts detrimental to Jewish interests.

Owing to the precedent made of the Norwegian Quisling, the idea has been carefully fostered in our Jew-controlled press that to be anti-Jewish is to be pro-German and anti-British.

No one can, without immediate arrest by the OGPU, publish any criticism of the REAL Quislings of Britain, namely: Churchill, Eden, Duff-Cooper, Greenwood and the like, who have dragged this country into war against every truly British interest and solely in Jewish defense.

You know me and my work. You will credit me with being a British patriot; and with never having looked to Germany for help in cleaning up my country from Jews and Judaization. I have always looked to my own people to do it, and tried to rouse them to the work.

Well, three attempts during the last five weeks have been made to arrest me, so as to have me quietly disposed of in prison without trial for any offense—as has been done to other patriots such as Captain Ramsay, M. P., and to members of our League.

BUT I AM STILL AT LARGE, although hunted like a vagabond, and my wife left subject to insult by sneaking official kidnapers who take money to do the Jews' dirty work for them.

I recently heard a detective explaining that the government was suppressing all anti-Jewish activity because it was impeding the national war effort.

Our "democratic" politicians are entirely under Jewish domination. They are guilty, among other things, of the following acts in the Jewish interest, and without any mandate of the British People:

(1) Allowing the President of Poland to decide whether or not the British Nation and Empire should go to war with Germany;

(2) Declaring war to aid Poland when a single glance at the map would have been sufficient to show that Poland could never have been saved from invasion by anything that Britain and France could have done.

(3) Deceiving the British public that there was an indissoluble spiritual union between Britain and France, which has since been shown to have been a pure invention in the ROTHCHILD interest, and actually non-existent.

(4) Offering France a nationality in common with Britain;

(5) **SUPPRESSING ALL PUBLICITY ABOUT THE JEWISH RESPONSIBILITY FOR THE WAR.**

(6) Filling the country with Jewish refugees from the Continent of Europe when British interest demands that food should be preserved for our own people.

(7) Seeking to brand as **TRAITORS** and to persecute by unlimited imprisonment, without charge or trial, **TRUE BRITISH anti-JEWISH PATRIOTS.**

I rely upon you in our common sense, my good and well-tried friend, to give me the publicity which is denied here by the OGPU; so that not only your own fellow-citizens but mine also may learn through you that in Judaized Britain, **NEITHER MAGNA CHARTA, NOR THE DECLARATION OF RIGHTS FUNCTIONS ANY MORE.**

OUR MUTUAL FRIEND H. H. BEAMISH, was interned in Rhodesia months ago.

Good luck to you—and more power to your elbow.

(Signed) **A. R. LEESE**

WHO LEESE AND BEAMISH ARE

In further explanation: Arnold S. Leese, well and favorably and widely known throughout Britain and Europe and America as a sterling editor-patriot, was jailed for six months on trumped-up Jewish charges, released, and returned to Jew-exposure publicity education with greater energy than before—until the establishment of the British War OGPU to which he refers as having been set up after the declaration of war, and which has jailed other patriots who were warning the nation of the Jewish Peril.

Captain Henry Hamilton Beamish, to whom Mr. Leese refers as having been interned in Rhodesia, South Africa, is the **DEAN** of the Jew-exposure movement, and belongs to one of the best families of

Britain—but, according to private and public dispatches, such prestige is worthless when habeas corpus perishes, as it apparently has, in the once Great British Empire.

IT CAN HAPPEN HERE

It may be taken for granted that, in the event of the Roosevelt Jewish regime being successful in involving the United States in the European war, Jew-exposure publicists in America will be hunted by a New Deal OGPU, and interned in the "Land of the Free and the Home of the Brave," just as Editor Leese is being treated like a criminal by the Jewish masters of Great Britain and their Traitor-Gentile Fellow-Travelers.

If I have not said enough, get a load of this from the daily press of August 21st: HORE-BELISHA URGES BRITAIN AND U. S. UNITE Would Make All Evils of War Worth While, He Tells Commons in Address. LONDON. Aug. 20. —Leslie Hore-Belisha, former secretary for war, raised in Commons tonight the possibility of an eventual union between the United States and the British Empire.

Speaking after Prime Minister Churchill had referred to a trend toward British-American cooperation as "rolling along like the Mississippi," Hore-Belisha declared: "If that trend should lead to the same kind of consummation as we hoped for in the case of France—namely, an eventual common citizenship—all the evils of this war will 'have' been worth while. That the Prime Minister said regarding our relations with the United States atones for many diplomatic omissions."

As I have stated many times, Britain has never really given up the idea that the United States of America was a rebellious pup that had to be subdued, conquered or controlled, and that it was their job to do it, by any means in their power. Of course, uniting with Britain would mean that America would lose its identity and Washington would be the headquarters of the British Empire.

I hope this article will jolt some of you business men, who are readers, to whom I have talked personally, into action, at least to the extent of sending a substantial check. We have already plunged much deeper into expenses over the pre-election literature than intended, and we need some substantial help to give us a clean bill of health. Already \$100.00 has been spent, and this is only the 21st of

August, the campaign hardly begun. The clock is about to strike 12; and then you are through. Can you not see that the lighted fuse is now here in America? It started in Poland. The so-called 'Allies lie in ruins, conquered and broken; England is pulverized, half of her fleet at the bottom of the ocean, and she engaged in a death struggle. No power on earth can keep us away from it. It will come to us eventually, as I told you for the past 6 years or more, but we can delay matters about one year in my opinion, and soften the blow considerably. Don't tell me your patriotism is confined to the 'Fourth of July and Memorial Day speeches. Christ said "faith without works is dead." Once your leaders are put out of action, your last defense is gone. Snap out of it and do your part, and do it quickly.

SAMPLES OF BRITISH DEMOCRACY

The daily press of August 21st carries the following item: "Briton Fined over Bombing Report;—For saying 'the docks at Dover have been blown to hell,' John Cook, a bus inspector, was fined the equivalent of \$8 today and ordered to pay \$80 court costs."

So much for free speech.

In the same paper, under the heading "Indians Spurn British Offer of Self-Rule"—"The working committee of the All-India Nationalist Congress, ending a five-day session, passed a resolution today rejecting the latest British offer of ultimate self-rule for India. It urged Indians to condemn the attitude of the British government in public protest meetings. The resolution said Britain's proposal was opposed to the principle of democracy set by Britain as one of her war aims, as well as to the best interests of India." No evidence of democracy in the above.

And now we have a typical British attitude toward America. This was culled from the Los Angeles Examiner in a letter to the Editor's Mail Box headed "Calls It Insult": "As a Briton I regard it as most insulting that American statesmen should suggest that fifty of your old rusty destroyers should be allocated to 'protect' England. I doubt if the old hulks would be able to get up sufficient steam to enable them to drag out of San Diego Harbour; that is, without tugs pulling them along. If you propose to assist your own States by coming to our aid, although we are getting on quite well without allies—just as we did in the last war where we found ourselves encumbered with Yankee troops who were without equipment and without training, and who came to us at the eleventh hour—I would suggest that the States send their very best warships and men and officers, and send them at once. I do not know why Britain should 'pay' for old and discarded

destroyers when we are entitled to the best possible without any question of pay—since we are fighting for democracy and to restore freedom to small and invaded nations. Why cause the Nazis to laugh at the left-handed offer to us of old junk.—Willoughby J. Smithers, F. R. S., Oceanside, California."

I don't find any humility of spirit in that letter, just the same old arrogant British imperialism, 'we are superior people to anybody else'; certainly no signs of love for the people of America.

Once again let me repeat: nothing America can do can save Britain; but the God of Israel will save her when, or if, she learns her lesson. She has transgressed spiritual laws; but when she comes down from her high horse and works in harmony with the Israel Laws she will have no need to fear the Germans, or anyone else. She has been saved in the past from seeming defeat, as witness the destruction of the Spanish Armada. God Almighty is dealing with Britain, and using her ancient enemy, the descendants from the ancient Assyrians, who at one time took Israel into captivity; and from the looks of things she is likely to do it again. When the conflict is over Germany and her allies will be subdued, not by any army but by God working through the elements. You see this is the battle of God Almighty, and He is going to have the last say in this drama. We do not think Britain can ever whip the Germans and their Allies unless she cleans house within, sweeps the Jews out of power and the council of the nation. If she does that, you will see a modern miracle as remarkable as anything that has ever taken place in history.

It is a crime to see the manhood, yes, and the womanhood and the children of England murdered, not because of any crime of the English people but because they became lax and allowed aliens to come in, in Trojan-horse fashion, and take over the reins of their government. Isn't there a lesson in this for us? Can you not see the similarity here in America? We too have allowed the alien control to come in, and for many years Washington has been controlled from England, especially since the World War. Our foreign policy especially has been dictated from 10 Downing Street, London.

We have our own problems; we too must clean house. We too have violated the Laws of God, and have enough trouble within our own borders without going to Europe looking for it.

As to the Germans attacking the United States, it is ridiculous in view of the fact that, with all her resources, up to date she has not taken Britain, and it is only 20 miles away from France which she now controls. Military experts tell us there are not enough ships floating in the whole of Europe to bring the necessary men and equip-

ment to invade the Americas. Two years from now it will be different. At present, if England were subdued tomorrow, Germany would need all their army to police Britain, France and the other conquered nations; and she dare not attempt new conquests here in the New World. If she did Russia, with her army intact, could sweep over Germany, and Germany herself would be conquered. In spite of the alliance of Russia and Germany, they are not friends. I predict that the next conquest of Germany will be Russia. The present conflict with England will end before this year is out, if it is only an armed truce; and next Spring she will begin to march toward Moscow; and she will conquer and assimilate Russia next. Then the following year, 1942, after she has whipped the Russian army into a disciplined unit instead of a mob as at present, they will attempt to make a landing in South America, where, I believe, Germany will find friends.

Therefore, instead of conscripting several million men, which the conflict in Europe has proven to be of little value because the fighting will all be in the air, or at least 80 percent of it, and 20 percent in submarine warfare, what America needs is about a half million trained pilots and at least as many planes, plenty of submarines and torpedo destroyers; and even if the British Navy is sunk we can laugh at the whole of Europe.

I have no illusions about Germany's final intentions. It is our job to see that she doesn't carry them out; but should we be foolish enough to let Britain drag us into this conflict we are sunk. It is a conflict we are in no way ready for, in fact we couldn't even defend our own shores now if Germany and her allies were ready to attack, which, as I have shown above, they are not, and will not be until the Summer of 1942. It will take us all our time to build airships, submarines and torpedo boats to defend our coast and to train at least a half million pilots.

America is in danger, but the danger at present is in Washington, yea, to be more specific, in the White House; and should we re-elect President Roosevelt, I will find me a gopher hole and crawl into it, because with that re-endorsement from the people Roosevelt will show you what a real dictator looks like in action. I pray that the American people will get the realization before November 5th and not after, because it will take this nation 50 years to repair the damage he will do in a few months. We too will be a totalitarian nation, and our boasted Democracy will have gone down the sewer. I certainly hope every reader will throw his weight and his vote with the Republican candidate. Elsewhere in this number I will give you many reasons for backing Willkie.

This volume is a serious attempt to make plain the puzzling references in the Bible, relating to the Second Coming of Christ. The chaotic world conditions of today are rapidly drawing these old prophecies into the sharp focus of positive recognition.

BIBLICAL APPENDIX

* * *

Inasmuch as many references are made in the Spiritual Communications to the prophecies contained in the Bible, it has seemed desirable that such portions of the Biblical (which are the official and authoritative) references to the great cataclysms and changes to come upon the world — “in the latter days” — shall be set forth in a place by themselves, and in such a manner that they may be easily located, read and studied systematically.

It is with this object in mind that the following Biblical Appendix has been carefully prepared and presented. The numbers appearing in the text of the Spiritual Communications in the fore part of this book, apply to the numbered paragraphs in this Biblical Appendix, and show how perfectly these communications “tie in” with the present conditions and indications developing in the world with those momentous Prophecies focused upon our own time, and upon the early distant future.

Wherever numbers are encountered in the text of the Prophecy Letters in the first half of this book, it will be very simple to turn to the Biblical Appendix, find the corresponding number, and read what the Bible has to say concerning the matter.

Only the most important and salient references are given here. It is recommended that the chapters in their entirety be carefully read and studied, with the abridged extracts and references contained in the following pages as a guide.

THE BOOK OF ISAIAH

* * *

Prophecy is only history written in advance. Isaiah may be considered as the Dean of Bible Historians in this sense, with a greater penetration and out-reaching vision covering his own time and the "time of the end" in which we are now living, and soon to pass on into and through the material and spiritual regeneration that forms so important and insistent a theme in the work of all the Inspired Writers. Isaiah was born about 765 B. C., and no greater man of his calling succeeded him, up to the advent of our Saviour.

He seems to have been specially favored with a pre-view concerning the condition of our day, and with the possible exception of Daniel, no other prophet has been so voluminous in his record of God's purposeful conclusions. He begins a distinctive period that ends with the birth of Our Lord, comprehending and vividly portraying this special period, as well as the first coming and ministry of the Savior, and continuing on into the NOW, with the denouement of this age and its hypocrisies clearly stated.

Isaiah was the first of the major prophets. He lived during the reign of Uzziah, king of Judah, and his labors extended to the time of Hezekiah, a period of approximately twenty-five years. He is called the Evangelical Prophet, or the Prophet of Redemption.

Readers of the Prophecy Letters should searchingly study and compare them and their disclosures with the "advance history" set forth in the writings of Isaiah. Students will be greatly impressed with the description of our own times and can profitably synchronize them with the Biblical statements, of Isaiah and those that follow him.

ISAIAH XXIV: 18-23

REFERENCE NO. 8: Isaiah 24:18-19.

(The 24th chapter of Isaiah clearly described the time of the end, and the judgment of God upon the world and upon the mighty men and upon the humble. The entire chapter is worthy of careful and critical study and meditation. We shall quote only six verses, however, commencing with the eighteenth.)

18. And it shall come to pass, that he who fleeth from the noise of the fear shall fall into the pit; and he that cometh up out of the midst of the pit shall be taken in the snare: *for the windows from on high are open, and the foundations of the earth do shake.*

ISAIAH LV: 1-13

(In this chapter Isaiah certainly sees the conditions that are to come with the advent of our Lord, and the progress of humanity under Christ's rule, after the great destruction has taken place.)

1. Lo, every man that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price.

REFERENCE NO. 11: Isaiah 55: 2-10.

12. *For ye shall go out with joy, and be led forth with peace: the mountains and the hills shall break forth before you into singing, and all*

the trees of the fields shall clap their hands.

13. *Instead of the thorn shall come up the fir tree, and instead of the brier shall come up the myrtle tree, and it shall be to the Lord for a name, for an everlasting sign that shall not be cut off.*

ISAIAH LXV: 17-25

(In this chapter Isaiah tells us of the pastoral tranquility of humanity under God's rule, after re-construction and progress are well under way. It blends perfectly with the picture embodied in the Prophecy Letters. Beginning with the 17th verse of the 65th chapter, we read:)

REFERENCE NO. 13: Isaiah 65:17-25.

17. For, behold, I create new heavens and a new earth: and the former shall not be remembered, nor come into mind.

18. But be ye glad and rejoice forever in that which I create: for, behold, I create Jerusalem a rejoicing, and her people a joy.

19. And I will rejoice in Jerusalem, and joy in my people: and the voice of weeping shall be heard no more in her, nor the voice of crying.

20. There shall be no more thence an infant of days, nor an old man that hath not filled his days: *for the child shall die an hundred years old, but the sinner being an hundred years old shall be accursed.*

21. *And they shall build houses, and inhabit them; and they shall plant vineyards, and eat the fruit of them.*

22. They shall not build and another inhabit; they shall not plant, and another eat; for as the days of a tree are the days of my people, and mine elect shall long enjoy the work of their hands.

23. *They shall not labor in vain*, nor bring forth for trouble: for they are the seed of the blessed of the Lord, and their offspring with them.

24. And it shall come to pass, that before they call, I will answer; and while they are yet speaking I will hear.

25. The wolf and the lamb shall feed together, and the lion shall eat straw like the bullock; and the dust shall be the serpent's meat. They shall not hurt nor destroy in all my holy mountain, saith the Lord.

(Also a few additional verses are here presented from the last chapter of Isaiah, which bear with special emphasis upon the matter contained in the remarkable Prophecy Letters).

ISAIAH LXVI: 15-16, 22-23.

REFERENCE NO. 14: Isaiah, 66: 15, 16, 22, 23.

15. For, behold, the Lord shall come with fire, and with his chariots like a whirlwind, to render his anger with fury, and his rebuke with flames of fire.

16. *For by fire and by his sword will the Lord plead with all flesh: and the slain of the Lord will be many.*

22. For as the new heavens and the new earth, which I shall make, shall remain before me, saith the Lord, so shall your seed and your name remain.

23. And it shall come to pass, that *from one moon to another, and from one Sabbath to another, shall all flesh come to worship before me, saith the Lord.*

24. And they shall go forth, and look upon the carcasses of the men that have transgressed against me: for their worm shall not die, neither shall their fire be quenched; and they shall be an abhorring unto all flesh.

THE BOOK OF JEREMIAH

Jeremiah was the son of Hilkash, a priest of Anathoth. It was in the thirteenth year of Josiah, king of Judah, that the "word of the Lord" came to him. He was contemporary with the four prophets, Zephaniah, Habakkuk, Ezekiel and Daniel.

This book is greatly lacking in systematic arrangements, and often creates uncertainty or confusion when read in the order in which it is given. However, a searching perusal of this book discloses a far forward looking vision of our present day, which any reader can easily discern for himself.

We shall, however, quote only two verses from the sixth chapter,—the 13th and 14th.

* * *

JEREMIAH VI: 13-14

13. From the least of them even unto the greatest of them every one of them is given to covetousness: and from the prophet even unto the priest everyone dealeth falsely.

14. They have healed also the hurt of the daughter of my people *slightly, saying Peace, peace; when there is no peace.*

REFERENCE NC. 15: Ezekiel 38:18-23.

THE PROPHECY OF EZEKIEL

There is no trustworthy record of his early history, except that he was the son of Buzi, the priest. From the many instances recorded of the elders inquiring of him as to the divine messages he had received, it is evident he held a commanding position in the Jewish colony of captives taken from Jerusalem in the time of Jehoiachin, and to whom he must have been a great comfort. While the last visions of Ezekiel are referred to by the Book of Revelation, there is no actual quotation from this prophecy in the New Testament. His vision of the time of the end, so perfectly synthesizes with the vision of the other prophets and with the

description found in the Book of Revelation, that it is appropriate to give it here, for purposes of study and comparison. It will be found in the thirty-eighth chapter, eighteenth to twenty-third verses, inclusive:

* * *

EZEKIEL XXXVIII: 18-23.

18. And it shall come to pass at the same time when Gog shall come against the land of Israel, saith the Lord God, that my fury shall come up in my face.

19. For in my jealousy and in the fire of my wrath have I spoken. Surely in that day there shall be a great shaking in the land of Israel.

20. So that the fishes of the sea, and the fowls of the heaven, and the beasts of the field, and all creeping things that creep upon the earth, and all the men that are upon the face of the earth, shall shake at my presence, *and the mountains shall be thrown down, and the steep places shall fail and every wall shall fall to the ground.*

21. And I will call for a sword against him throughout all my mountains, saith the Lord God: and every man's sword shall be against his brother.

22. And I will plead against him with pestilence and with blood; and I will rain upon him, and upon his bands, and upon the many people that are with him, *an overflowing rain, and great hailstones, fire, and brimstone.*

23. Thus will I magnify myself and sanctify myself; and I will be known in the eyes of many nations, and they shall know that I am the Lord.

THE PROPHECIES OF DANIEL

Daniel belonged to the Persian and Chaldean periods. It is assumed that he was born in Jerusalem and carried into captivity to Babylon when a child. He saw Babylon rise in power and magnificence to be the first of the world empires, and then its decline and subjugation by Persia. Daniel is one of the noblest and most inspiring characters of the Bible.

The book was written partly in Hebrew and partly in the Chaldaic languages. It is called the Apocalypse of the Old Testament. Daniel is the prophet of the Gentiles and their times. It is apropos that he should be divinely inspired and appointed to see and record the prophetic visions involving the four world civilizations—the Oriental, Hellenism, Imperialism,—and Commercial (or Industrialism) of which we are today a part.

It should be borne in mind in reading the Bible, that the word "Babylon" not only applies to the great city in Daniel's time, to the country and civilization of his day,—but also to the great system of greed and

exploitation exemplified in our present civilization in which greed for gold and selfish cruelty and wickedness is as rampant as it ever has been in the history of the world.

The first reference in the Prophecy Letters to the Bible, relates to the Fall of the Great Rock, "as set forth in the Book of Daniel." For our purposes, however, we shall omit much of what is interesting and applicable, condensing the most salient and direct events that synchronize with the "time of the end" in which we are now living. The entire book of Daniel is worth serious and conscientious study and analysis.

THE BOOK OF DANIEL

Nebuchadnezzar, king of Babylon, in the time of Daniel, had a dream that troubled him greatly,—“wherewith his spirit was troubled, and his sleep brake from him.” His great concern was caused by his inability to recall the dream which had left such a terrifying impression upon his consciousness.

The king called all of his astrologers, soothsayers, magicians and wise men of the kingdom before him, and demanded that they should tell him of his vision and interpret its meaning to him. This upon pain of death should they refuse to do so.

All this most interesting account, may be read in the second chapter of Daniel. The decree shortly went forth that all the wise men should be slain, for none there were who were able to tell the king his dream or interpret it for him; and they sought Daniel and his fellows, that the king's sentence might also be carried out upon them.

Daniel then took counsel with Arioch, the captain of the king's guard in charge of the squad of executioners and asked that the king should delay a little in the execution of the sentence of death, saying he would, with God's power, tell the king his dream, and interpret it for him.

The account bearing upon the matter contained in the Prophecy Letters, is recorded, principally, in the second chapter of Daniel commencing with the twenty-fifth verse, which is reproduced:

DANIEL II: 25-45

REFERENCE NO. 16: Daniel 25:33.

25. Then Arioch brought in Daniel before the king in haste, and said thus unto him, I have found a man of the captives of Judah, that will make known unto the king the interpretation.

26. The king answered and said to Daniel, whose name was Belteshazzar, Art thou able to make known unto me the dream which I have seen, and the interpretation thereof?

27. Daniel answered in the presence of the king, and said, The secret

which the king hath demanded cannot the wise men, the astrologers, the magicians, the soothsayers, show unto the king;

28. But there is a God in heaven that revealeth secrets and maketh known to the king Nebuchadnezzar *what shall be in the latter days*. Thy dream, and the visions of thy head upon thy bed, are these.

29. As for thee, O king, thy thoughts came into thy mind upon thy bed, *what should come to pass hereafter*: and he that revealeth secrets maketh known to thee what shall come to pass.

30. But as for me, this secret is not revealed to me for any wisdom that I have more than any living; but for their sakes that shall make known the interpretation to the king, and that thou mightest know the thoughts of thy heart.

31. Thou, O king, sawest, and beheld a great image. This great image, whose brightness was excellent, stood before thee; and the form thereof was terrible.

32. This image's head was of fine gold, his breast and arms of silver, his belly and his thighs of brass,

33. His legs of iron, his feet part iron and part clay.

REFERENCE 17: Daniel 2: 34-43.

34. Thou sawest till that *a stone was cut out without hands*, which smote the image upon the feet that were of iron and clay, and brake them to pieces.

35. Then was the iron, the clay, the brass, the silver, and the gold, broken to pieces together, and became like the chaff of the summer threshing floors; and the wind carried them away that no place was found for them; and the stone that smote the image *became a great mountain*, and filled the whole earth.

36. *This is the dream*: and we will tell the interpretation thereof before the king.

37. Thou, O king, art a king of kings: for the God of heaven hath given thee a kingdom, power, and strength, and glory.

38. And wheresoever the children of men dwell, the beasts of the field and the fowls of the heaven hath he given into thine hand, and hath made thee ruler over them all. *Thou art this head of gold*.

39. And after thee shall arise another king inferior to thee, and another third kingdom of brass, which shall bear rule over all the earth.

40. And the fourth kingdom shall be strong as iron: forasmuch as iron breaketh in pieces and subdueth all things: and as iron that breaketh all these, it shall break in pieces and bruise.

41. And whereas thou sawest the feet and toes, part of potter's clay, and part of iron, the kingdom shall be divided; but there shall be in

it of the strength of iron, forasmuch as thou sawest the iron mixed with miry clay.

42. And as the toes of the feet were part of iron, and part of clay, so the kingdom shall be partly strong, and partly broken.

43. And whereas thou sawest the iron mixed with miry clay, they shall mingle themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay.

REFERENCE 18: Daniel 2: 44-45.

44. *And in the days of these kings shall the God of Heaven set up a kingdom, which shall never be destroyed:* and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand forever.

45. Forasmuch as thou sawest *that the stone was cut out of the mountain without hands*, and that it brake in pieces the iron, the brass, the clay, the silver and the gold; and the great God hath made known unto the king *What shall come to pass hereafter:* and the dream is certain and the interpretation thereof sure.

DANIEL'S VISION CONCERNING THE TIME OF THE END

DANIEL XII: 1-4, 8-13

REFERENCE 19: Daniel 12: 1-4, 8-13.

1. And at that time shall Michael stand up, and the great prince which standeth for the children of thy people: *and there shall be a time of trouble, such as never has been since there was a nation even to that same time: and at that time thy people shall be delivered, every one that shall be found written in the book.*

2. *And many of them that sleep in the dust of the earth shall awake, some to everlasting life, and some to shame and everlasting contempt.*

3. And they that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars forever and ever.

4. But thou, O Daniel, shut up the words, and seal the book, even to the time of the end; *many shall run to and fro, and knowledge shall be increased.*

8. And I heard, but I understood not: then said I, O my Lord, what shall be the end of these things?

9. And he said, Go thy way, Daniel: for the words are closed up and *sealed till the time of the end.*

10. Many shall be purified, and made white, and tried; but the wicked shall do wickedly; and none of the wicked shall understand: but the wise shall understand.

11. And from the time that the daily sacrifice shall be taken away,

and the abomination that maketh desolate set up, there shall be a thousand two hundred and ninety days.

12. Blessed is he that waiteth and cometh to the thousand three hundred and five and thirty days.

13. But go thou thy way till the end be: for thou shalt rest, and stand in thy lot at the end of the days.

THE PROPHECY OF JOEL

* * *

The prophet Joel is another of the Inspired Writers of the Old Testament who had a clear vision of the "time of the end." His vision is coincidental with, and overlaps into, the close up punishment visited by God upon the people of his time. The book of Joel contains only three chapters, and is well worth a critical and thoughtful reading in its entirety, with modern conditions as a frame or setting. For our purposes, however, we shall give only a few extracts, arranged suitably but not consecutively. These quotations seem to bear with special emphasis upon the things contained in the letters in the fore part of this book. Also upon those other prophecies contained in the Book of Revelation.

JOEL II: 1-2; 9-11; 28-32

REFERENCE NO. 20: Joel 2: 1-2; 9-11.

1. Blow ye the trumpet in Zion, and sound an alarm in my holy mountain; let all the inhabitants of the land tremble, *for the day of the Lord cometh, for it is nigh at hand.*

2. *A day of darkness and of gloominess, a day of clouds and of thick darkness, as the morning spread upon the mountains; a great people and a strong; there hath not been ever the like, neither shall be any more after it, even to the years of many generations.*

9. They shall run to and fro in the city; they shall run upon the wall, they shall climb upon the houses; they shall enter in at the windows like a thief.

10. *The earth shall quake before them: the heavens shall tremble: the sun and the moon shall be dark, and the stars shall withdraw their shining.*

11. And the Lord shall utter his voice before his army, for his camp is very great; for he is strong that executeth his word: *for the day of the Lord is great and very terrible; and who can abide it?*

1940 WHAT'S NEXT

THE MOST OUTSTANDING ANNUAL IN AMERICA IN ITS CLASS

By Harry J. Gardener

This outstanding annual is now in its sixth year, and has a very wide circulation among enlightened people. This year, it is devoted largely to a combination of Pyramid and Biblical prophecies.

The first half of the book contains five articles by Mr. Gardener, starting with "1940 and You", based on numerology, blended with Pyramid and Biblical lore. Next is "World War Number Two", a very fine article based on Pyramid measurements. Following this, is "The 70 Weeks of Daniel", based on Dan. 9:24.

Then comes "The Miracle Workers", in which he shows that so-called miracle workers are merely people who have knowledge of cosmic laws. We especially recommend this article to all followers of the Ballard movement. The next of his articles is "The Closing of the Bottomless Pit", based on the Great Pyramid, blended with Bible teachings.

Your Editor has an article, entitled "Our National Salvation", which contains a special message to those who believe in the Anglo-Israel truth, as given in your Bible. My point is that Israel too will suffer for her national sins, and that we must clean house.

Barry O'Kent, in "The Roaring Forties", gives us the astrological picture, a very worth-while article. Last, but not the least, "Revelations of Joseph the Prophet", by H. R. Bangerter, a Mormon. This article alone is worth the price of this issue. We are in full accord with it, for it is in keeping with the ideas we have held for many years, unaware that the Mormon church had been giving these teachings since its origin. I want to commend the author, and the publisher, Harry Gardener, for presenting this fine article. This article may be the means of saving your life during the coming upheaval. It dovetails in very nicely with the Robenoff Vision, in our October 1939 number, and with that of Phoebe Marie Holmes in the January 1940 issue.

At the close of the book, is one more splendid article by Mr. Gardener, entitled, "Millions Now Living Are Already Dead." This article ties in with the prophetic vision of Phoebe Holmes.

To new readers, will say that What's Next? is very attractively gotten up, copiously illustrated, and makes a suitable gift for Christmas or other occasions; a present your friends will highly appreciate.
