Viennese Lady Happy, No Longer Listed 'Axis Alien'

A lady with a charming Viennese accent called on The Journal Tuesday and announced with evident pleasure that she was no longer an enemy of the United States.

"The attorney general has said that Austrians and Hungarians are no longer enemy aliens. For this I am very happy and I would like that you would put in a little story about it."

Other Austrians and Hungarians, she explained, would be very happy to learn that they were no longer classified as enemy aliens in a country they love and that has been kind to them.

"We are not enemies if we can prove that we were born in Austria or Hungary and are not members of the Nazi party. You cannot use my name, for I have relatives in Vienna, but just say an old lady of Vienna told you and that she is very happy not to be an enemy of this country."

Roy J. Norene, chief of the immigration bureau here, said persons who signed up under the original alien registration as Austrians, Austrian-Hungarians and Koreans are not required to obtain certificates designating them as enemy aliens.

In the meantime aliens of Ger-

man, Italian and Japanese birth continued to throng the lobby of the United States courthouse today to register for enemy alien certificates. Up to noon men and women were lined up two and three deep the full block length of the building.

Postmaster E. T. Hedlund, in charge of the registration, said he was unable to release figures on the number who have signed up, but estimated there are 3500 in Multnomah county to be handled. The registration, which started Monday, will be continued through next Monday.

George List, special clerk, said the staff receiving the applications has been increased from 20 to 25 and that certificates are now being mailed out to the applicants as fast as they can be handled.

Each registrant is required to furnish three photographs of himself along with answers to a questionnaire.

1940 WHAT'S NEXT

THE MOST OUTSTANDING ANNUAL IN AMERICA IN ITS CLASS

By Harry J. Gardener

This outstanding annual is now in its sixth year, and has a very wide circulation among enlightened people. This year, it is devoted largely to a combination of Pyramid and Biblical prophecies.

The first half of the book contains five articles by Mr. Gardener, starting with "1940 and You", based on numerology, blended with Pyramid and Biblical lore. Next is "World War Number Two", a very fine article based on Pyramid measurements. Following this, is "The 70 Weeks of Daniel", based on Dan. 9:24.

Then comes "The Miracle Workers", in which he shows that so-called miracle workers are merely people who have knowledge of cosmic laws. We especially recommend this article to all followers of the Ballard movement. The next of his articles is "The Closing of the Bottomless Pit", based on the Great Pyramid, blended with Bible teachings.

Your Editor has an article, entitled "Our National Salvation", which contains a special message to those who believe in the Anglo-Israel truth, as given in your Bible. My point is that Israel too will suffer for her national sins, and that we must clean house.

Barry O'Kent, in "The Roaring Forties", gives us the astrological picture, a very worth-while article. Last, but not the least, "Revelations of Joseph the Prophet", by H. R. Bangerter, a Mormon. This article alone is worth the price of this issue. We are in full accord with it, for it is in keeping with the ideas we have held for many years, unaware that the Mormon church had been giving these teachings since its origin. I want to commend the author, and the publisher, Harry Gardener, for presenting this fine article. This article may be the means of saving your life during the coming upheaval. It dovetails in very nicely with the Robenoff Vision, in our October 1939 number, and with that of Phoebe Marie Holmes in the January 1940 issue.

At the close of the book, is one more splendid article by Mr. Gardener, entitled, "Millions Now Living Are Already Dead." This article ties in with the prophetic vision of Phoebe Holmes.

To new readers, will say that What's Next? is very attractively gotten up, copiously illustrated, and makes a suitable gift for Christmas or other occasions; a present your friends will highly appreciate.

Did you detach the circulars from the April and May magazines and pass them on to a friend? And can you use more of them?

I want to impress upon you the shortness of time, and the tremendous amount of preparation that must be done. Don't let's be caught napping, folks, let's take our job seriously. You never had a more serious assignment in your life than the one we gave you in the May number.

Ever since its inception, we have sent The Beacon Light to key men and women; less than one half are on an exchange basis. We have got to comb our list; and much as we regret to, we shall have to cut some of them off. We feel that inasmuch as we receive nothing in return, and have more than done our part in sending it to them, in some cases, for nearly eight years, if it means anything to them at all, they should be willing to pay the cost. There are a few exceptions to this, in cases where the individual can hardly afford a postage stamp.

The material going out is valuable to you; if you do not receive the next number, you will understand why, for we are cutting off approximately a hundred names. We are also discontinuing some of our exchanges, for many editors, in spite of our educational program, are not in tune with realities, and, I am frank to say, are not a very dependable leaning post to the people who look to them for inspiration. The teachings of a true leader conform to principles and facts. This may sound harsh, but we are faced with stern realities, heavy expenses, and an ever increasing struggle to meet printer's bills, to say nothing of postage; in other words, we must trim our sails if we are to continue on an even keel.

The Beacon Light will mean a matter of life and death to thous-

ands of people; our philosophy has stood the acid test of reality.

Craniopathy: Our review of the book, Craniopathy, brought remarkable results, and a deluge of letters asking for Dr. Cottam's address, altho we had already printed it. Here is his address:

Dr. Nephi Cottam, 1017 S. Arlington Ave., Los Angeles, Calif. His telephone number is PArkway 4572.

I have absolute confidence in Dr. Cottam's ability and integrity, but of course there will be some cases where nothing spectacular will happen, altho I cannot conceive of any patient failing to receive benefit. I base these remarks on my own experience; stubborn cases of long standing more slowly, such as one patient I saw a young woman suffering from paralysis, the result of a blow on the head from a baseball bat. I talked to the mother and sister, and they were enthusiastic, to say the least; and the look of gratitude in the girl's eyes—she couldn't talk clearly—was pathetic.

The boost I am giving Dr. Cottam's work is spontaneous and unsolicited; and is given for the simple reason that he is doing a fine work, and it is always my policy to bear witness to the truth; that's the very purpose of The Beacon Light's existence.

If you live in Los Angeles, go out and get acquainted with him, especially on Monday night when they have a public meeting in which he explains his system.

Dr. W Grant Hess, of the Chirothesian movement, has meetings at 9:30 Sunday mornings, at 2010 South Western Ave. It is important that you get your health in first class shape, in view of the coming readjustments to take place throughout the world.

Thy Kingdom Come: I am anxious to get your reaction to the series, Thy Kingdom Come. We are printing them because they fit in with my own theories based on forty years experience, and they check absolutely with our series of 1938, starting with Washington's Vision in Action.

But just a word of warning: it is extremely rare for psychic prophecies to be accurate regarding the time element; time doesn't exist on the other planes. They see events, just as you see them in the movies, and they can only guess at the time. Astrology is the only accurate time marker we have found up to date. The Pyramid, itself, is just as accurate as astrology, but I am not satisfied that the various Pyramid authorities are correct in all their assumptions, in fact I am sure they are not. So while the Pyramid is accurate, its interpreters are not. To some degree that applies to astrology, but not to the same extent. Those of you who have read The Beacon

Light for a number of years know that our batting average has been about 85 percent correct. Note our predictions of a crisis in April, which came true, exactly on the scheduled day. So the timing, in Thy Kingdom Come, should only be taken approximately, it's an estimate of time based on guesswork. But the prophecies themselves check with the Scriptures, and they check with my studies on the physical plane. They also check with visions such as those of Elder Hoag, Washington and McClellan; those three have proved reliable.

I am hoping that some of you will feel the urge to finance 'Thy Kingdom Come' in book form at the end of the series; in the meanwhile, spread this first installment in The Beacon Light far and wide, that others may know of what is to me the most important psychic message up to date.

This issue is confined entirely to prophecy. Some people are rather disdainful of prophecy, including many Bible students, although the Bible is the greatest compilation of prophecy ever written; and those prophecies were received in precisely the same way as those we are giving you. But I want you to note the type of people receiving them; Mr. Tannatt, for instance, formerly a Lieutenant, U. S. V. Engineers, and professor of Civil Engineering of Montana State College. Engineering is a profession that calls for hard headed thinking. Another article is, "Divine Revelations", by Dr. E. W. Miller. I had the pleasure of meeting the gentleman last year; one of the clearest-thinking men I have met for a long time. As for "Thy Kingdom Come," and the others, I allow you to be the judge when the series is ended.

I may say that for the first time we have an article that is copyrighted and all rights reserved, this is one of the conditions under which I was allowed to print these prophecies. Quotations permitted for review purposes only. And, I want to ask **each one** of you to buy at least one extra copy and hand to a friend; and to those who can afford it, I ask you to get 6 copies for a dollar; and a few of you can afford to buy 100 copies for \$12.50.

I consider it a great privilege to be permitted to print these prophecies, and it is your privilege, and responsibility, to see that your friends and neighbors have it brought to their attention. I am not asking you to do it each month for the series, but just for this one month; after that it is up to them. A double edition is being printed, of this number only, because we are making a special drive to reach new contacts; and this message is a question of life and death to those who read it and heed its warning. I am depending upon you, because we have so few outlets in the so-called truth centers and churches.

THE LUNATION OF JUNE 5, 1940

This lunation gives us the 23rd degree of Sagittarius on the ascendant. A general view of this chart indicates that the populace will be very restless; fearful; apprehensive; a very unsettled condition. As a result there will be considerable sickness, especially as the lunation takes place in the 6th, and squares Neptune in the 9th. It also indicates that the people of the U. S. are very apprehensive about being dragged into the European conflict. And it will be a brave statesman who would be willing to risk his political career by suggesting that we join in this melee, for this chart most decidedly indicates that the people of the U. S. are against it.

Foreign affairs are dynamite at this time. It also indicates a tremendous amount of progaranda by foreign powers to drag us into it.

I see grave danger of trouble through loss of American shipping; I feel sure such an episode is being planned with the one idea of getting us into it. Steel yourself against such propaganda, and remember Washington's warning, of no foreign entanglements, under any pretext whatsoever. Remember, America is the prize plum of the world; and as we have told you many times, all the leading nations of the world plan to plant their flag here in America. And you will see two coalitions, representing opposing forces, with the same goal in view. One will be composed of Italy, Germany, Russia and Japan with their allies; and the other will be the British Empire. Britain has never forgiven the Revolutionary War. Note the part she played in the Civil War, which she fomented. All these empires will go down, including the British Empire; and if we join hands with any of them we will go down with them, and forfeit our destiny. Destiny has decreed America to be the next great empire; with Australia second choice.

The Gentile nations will try to take us by force; Britain will try to take us by guile. All these empires are disintegrating. The British empire has lost sight of her destiny and duty, and is now under the control of the Synagogue of Satan, the very group she should be opposed to. Germany may be Britain's enemy, but the greater enemy is within her own camp.

There is likely to be an unusual number of suicides, mostly through drowning, poison and gas; because of fear, worry, apprehension and uncertainty; in the last analysis, ignorance. Ignorance of Cosmic law, ignorance of the significance of world events, the lack of spiritual understanding, ignorance of the laws of life. The Beacon Light would save thousands of lives, if placed in the hands of these people.

Won't you place it in their hands, that they may know that all is well with the world, except that it is reaping what it has sown, and God is indulging in a cosmic spring cleaning? The apparent chaos is only on the outside; everything is under control and working according to law; and all we have to do is to harmonize with God and His laws. Simple, isn't it?

Take the message to those panicky souls who feel that all law and order has broken down, and that God is helpless, for such is not the case; for all things work together for good, to them that love God, or law.

I have dwelt on this 6th and 9th house influence because of the large amount of mental and spiritual sickness; and this is only the beginning. Millions will destroy themselves in the next few years through fear, caused by ignorance. To those who are fearful, I would say, Be still and know that I AM God. Still your restless, fearful mind; go into the silence, and listen to the God within you, your real Self. One must rise above intellect, and one must rise above the psychic, so often labeled spiritual, which it is not. Within your own soul you will find peace, and poise, and power.

Many of you are psychic, and do not know it; and feel, on the astral plane, the terrible happenings in the world. You tune in on them, as it were, and it breaks down your morale. Anchor yourself with God and His laws, and you have nothing to fear. Shut out these psychic happenings of a negative nature. Many of you wake up after vivid and startling dreams, and don't know what they are. You are bringing back a distorted vision of what you see on the astral plane. I remember the hell I went through during the World War, at that time ignorant of what was happening. Even today I have to steel myself continually, to rise above these negative conditions.

Set aside 10 or 15 minutes every morning for meditation, and tune in, not on the psychic but the spiritual; then like the trolley that connects with the power line, you too will have the power to make the grade.

Labor is a seething mass of discontent and rebellion; and I see indication of a nation-wide strike, tying up all transportation; at least we are drifting that way. But the shipping industry is the most endangered of all, as indicated by the chart. Espionage and sabotage are indicated among workers in naval shipyards.

With Venus, Mercury and Mars in the 7th, there is a lot of discord indicated over foreign affairs; and if Congress is still in session, there will be some rather hot debates regarding secret agreements with foreign powers. The country is slowly waking up to the fact that

America is drifting toward a crisis, because our politicians, and especially our President, are international-minded.

The presence of Pluto on the cusp of Leo and the 8th house indicates heavy mortality; sudden deaths through heart trouble;

It is a poor month to go gambling, with Uranus in the 5th, even though well aspected to Neptune; but industries catering to foreign war supplies will reap huge profits. In a general sense gambling of any kind, whether of stocks or otherwise, will not be a profitable enterprise.

Uranus in the 5th indicates spicy and unconventional happenings. Kidnaping and crimes against women and children will be very prevalent; some notorious case will occupy the front page. Watch your children, especially the girls. Take them out of our large cities if you can; they are cess-pools.

There are likely to be disastrous earthquakes. Jupiter and Saturn coming up to a conjunction, in fixed signs, will make its influence felt, especially in localities ruled by Taurus and Leo. Ireland and Poland are ruled by Taurus.

There will be unusual activity in mining, and some lucky strikes will take place. June is likely to be rather peculiar from the standpoint of weather; unseasonable storms and floods are indicated. A final word: Don't rock with the ship. Anchor yourself to realities; principles; laws; God. Rise above the world turmoil. You can, if you will.

The Chart of the U. S.

At the time of the New Moon, Mars will be on the cusp of the 10th house, exactly over the sun, and square to Saturn. This is a rather dangerous combination for the people of America and the welfare of the Republic. To me it indicates a dangerous step by the Administration, one that will bring us closer to open conflict. Incidentally, Venus also occupies this point; that is, Venus and Mars conjunction on the cusp of the midheaven, conjoined with the Sun and square to Saturn.

Inasmuch as we have a one-man government, a dictator, I have about lost hope of a peaceful settlement of our domestic affairs. The check and balance system of the Republic has been destroyed; the power to make laws has been conferred upon the executive; and the Supreme Court is under control of the same party; so we are drifting rapidly to the falls, where we will take a tremendous drop—which will bring us to our senses.

At the time of the Republican Convention, Mars will be conjunction to Mercury and sextile to Neptune. They have some wonderful

planetary influences, and they will have a great deal of enthusiasm, for Mars is sextile to Uranus, indicating a progressive platform. With Mercury parallel to Venus, and the Sun conjoined Venus, one of the chief planks in their platform will be, Keep America out of war; and they have a winner there. And, we believe that with clean politics the Republicans would win; but we haven't got clean politics, the tactics of those in power would put the underworld to shame. And I am inclined to think you will end up with the same old dictator, Franklin D.

The early part of the month, Jupiter by transit through the 7th house will be favorable to Venus, indicating tremendous peace efforts, especially by the women of the nation. Around the middle of the month, Jupiter is sextile to its place at birth, indicating much improved business conditions, largely with foreign countries. Many American ships will be transferred to foreign flags at this time. Saturn at the close of the month in good aspect to the Sun will stabilize business conditions considerably; but they will also stabilize and strengthen the position of Roosevelt. Uranus will be sextile to Mercury in the U. S. chart all through the month of June, another indication of increased business, for Mercury is posted in the 10th, and as it is the ruler of the 9th, again it indicates increased business with foreign countries.

The ascendant in Roosevelt's chart is the cusp of the 12th house in the U. S. chart, and his Uranus applying to a conjunction of Neptune, therefore it indicates that he would produce chaos and trouble for the United States; like dropping a match into a store full of fireworks.

June is apt to prove a good month for the President, with Mars going over his midheaven. You are likely to hear his hypnotic voice over the radio frequently, for he craves publicity; you see he has Mars there at birth, and this transiting Mars will certainly accentuate it. Watch him when Mars sextiles Jupiter and Uranus, around the middle of the month, possibly the 12th to 13th when the Moon crosses his Uranus and ascendant.

The question of finance is going to bother him, not only nightly but days, with Jupiter adverse to his Venus and Saturn in the 8th house, which is at the peak of its power around the middle of the month. But even more to the point is the transit of Saturn coming up to a square to his Sun as the month closes. There won't be as many fireworks in his repertoire as the month closes, as when it opened. Not only is Saturn adverse to his Sun, it is coming up to a conjunc-

tion to Neptune. He is likely to lose a valued supporter through death. If he had clairvoyant vision, he would find a gopher hole and crawl in; but with such an expanded ego, only a catastrophe will bring him to his senses. Within a year, he will say, as the negro about to be hung, when asked if he had anything to say before the sentence was carried out, said; "This is shore goin' to be a lesson to me." When Roosevelt comes to his senses, it will be too late for Herpicide;—which reminds me that for the past two years we have had many calls for the book, "Philip Dru, Administrator". From New York we recently secured a copy; and if you want it, you had better wire. The price is \$7.50 (plus 3 percent sales tax if you live in California); and it has been selling as high as \$10.00 a copy.

THE INFLUENCE OF THE NEW MOON OF JULY 5th IN AUSTRALIA

By Ada Muir, Editor The Torch, New Westminster, B. C.

The lunation takes place in the 5th house, a department of the chart influencing sport, education, speculation and avenues of pleasure. The influences are very mixed, the position of Saturn steadying travel so that there would be fewer accidents by travel, but the Moon's nodes indicating danger of accident in public places of enjoyment.

The position of Neptune in the 8th house usually indicates a public funeral and of a person well loved by the people. The North Node is also in the 8th house promising increase of revenue from death duties and, as the month advances, more favorable returns from the sale of produce.

Mars and Mercury in 6th house will increase enlistments in the army, but also indicates a liability to feverish complaints, especially among children.

Uranus is very close to the Nadir, warning that every precaution should be taken in mines and in the erection of large buildings. Uranus in this position usually indicates seismic disturbances.

Rich deposits of radium bearing ore should be discovered unexpectedly north-west of the Capital City, the most probable dates for this being the 6th, 10th, 18th and 28th

The health of the Premier is likely to cause anxiety as he will be inclined to over-exertion.

With the planetary ruler of the map on the Nadir, land development, mining and building should be very active. The cautious will make great headway, but many will learn that haste makes waste.

THE NEW ORDER

The Beacon Light and its Editor have never tried to fit in and agree with individuals, organizations or platforms, only inasmuch as they conform to principles and truth. The very purpose of our magazine is to tell the truth about the things in our everyday world. We have, on hundreds of occasions, told people, verbally and in letters, If you cannot stand the truth you will not like The Beacon Light.

The funny part is, most of us think we want the truth; but we don't. We don't thank anyone for telling us the truth, we only warm up to the individual who agrees with our ideas. Think it over.

The Beacon Light could have enjoyed an enormous circulation, had it been willing to compromise. We have had numerous propositions, from individuals and organizations; all we had to do was to compromise—endorse something or somebody we did not agree with; someone not grounded in fundamentals. We could have advertising if we wanted it, but again we would have to compromise; that is, to get worth while advertising. The odds and ends that we can get without compromising our policy are not worth bothering with.

There are magazines that came into being at the same time as The Beacon Light, now enjoying circulation of hundreds of thousands, in some cases millions. If you cater to the mob and their emotions, you can get that. Many of our religious periodicals cater largely to the emotions of their readers, and they get the crowd. The late Billy Sunday, and other evangelists, have a purely emotional appeal.

But I am leading up to something: one of the purposes of The Beacon Light is to expose racketeer individuals and organizations. Go back over the list of the past 8 years; where are the organizations that we have exposed? They are practically all dead or on the way out. A case in point: I know individuals who are now bitterly opposed to Roosevelt and the New Deal, who bitterly fought me when I first exposed roosevelt. I know two who are running for the Senate, who were bitter in their denunciation of me and The Beacon Light—but they are running on an anti-New Deal program. So the world does move.

During the next 12 months, other organizations we have fought will fall by the wayside; and none of them will exist in two years—not one

But the greatest denunciation against us came in 1938, this time coming from my colleagues in the anti-Communist field. Why? First

One is the source from which spring all other numbers. One is emblematical of the All One, the Creator, who, by dividing Himself into an apparent two, became the positive and negative forces of the Universe; light and darkness, heat and cold, male and female, and every other pair of opposites. Three is the offspring of two; the positive and negative give birth to neutral which is neither positive nor negative but partakes of each. Three is a holy number and will be found to run through all Bibles which have stood the test of the centuries. According to tradition, Three Wise Men came to the Birth, the Trinity of Father, Son and Holy Ghost, body, soul and spirit.

Four is the number of the earth with its four quarters of the globe, four directions, four seasons, four evolutionary planes of mineral, vegetable, animal and man.

Five is an intermediate number.

Six comprises the three-fold realm of spirit manifesting through the three-fold world of matter. This is the meaning of the interlocked triangles, the Star of David, the Emblem of the Jewish people.

Seven appears countless times in religious literature. It includes the four earth planes, and the three planes of spirit. The Book of the Revelation is a series of sevens. There were seven days of creation, six days of activity and one of rest. Among the Hebrews seven was the sacred number par excellence. The candelabra with seven candles is one of the most important properties of their rituals. Seven priests blew the horn at the siege of Jericho, in the seven days required to capture the city. It was the number of the locks, the seven days of meditation and prayer, seven pillars of wisdom, seven

Four is the number of the earth with its four quarters of the globe, four directions, four seasons, four evolutionary planes of mineral, vegetable, animal and man.

Five is an intermediate number.

Six comprises the three-fold realm of spirit manifesting through the three-fold world of matter. This is the meaning of the interlocked triangles, the Star of David, the Emblem of the Jewish people.

Seven appears countless times in religious literature. It includes the four earth planes, and the three planes of spirit. The Book of the Revelation is a series of sevens. There were seven days of creation, six days of activity and one of rest. Among the Hebrews seven was the sacred number par excellence. The candelabra with seven candles is one of the most important properties of their rituals. Seven priests blew the horn at the siege of Jericho, in the seven days required to capture the city. It was the number of the locks, the seven days of meditation and prayer, seven pillars of wisdom, seven

princes of Persia, are but a few references to the number seven which may be found in the Old and New Testaments.

Eight is representative of the four light, (positive) forces in opposition to the four dark (negative) forces.

Nine is the number of mankind. Nine months is the time of gestation for man, there are nine orifices in the body, man is possessed with nine faculties, etc.

Ten is the complete number, the sum of the two sacred numbers three and seven.

Eleven is the number of change. The war ended on the eleventh hour of the eleventh day of the eleventh month.

Twelve is the mystical number. In both the Old and New Testaments and in OAHSP we find the numbers, three, seven, nine and twelve constantly recurring.

A few of the cardinal twelves are:

The twelve months of the year, the twelve signs of the Zodiac, the twelve Disciples, the twelve promises of God to man, twelve stones in Aaron's breastplate, an altar of twelve stones in the River Jordan, twelve men carried twelve stones and built an altar, twelve spies sent into Canaan, twelve sons of Jacob, twelve tribes of Israel, twelve princes of Ishmael, twelve pounds of incense brought by the wise men, twelve places at which Jesus received his education, twelve baskets of scraps gathered after feeding the multitude, twelve foundations for the New Jerusalem, twelve principal world prophets or Avatars.

Many other examples of mathematics, as applied to prophecy, could be brought to the attention of the reader but as you are probably more interested in what may be expected, and when, we will look at the future.

THE FUTURE OF THE WORLD

"Aye, stand from under! A world is falling. Frenzied millions of men and women, boys and girls, no longer free, save in name, are menaced with starvation. Hungry, cold, half-clad, shelterless, denied the chance to work, however willing they may be, corporation-owned machinery their competitor; monopoly and trust ridden, sleeping or waking. This inhuman picture is the rule not the exception. . . . All of this has been so at the ending of every age. But it can never be so after this for here the way divides. In full time, by fire, the Reaper shall reap, and no place be found for physical safety for the unchanged of heart. Stand from under. The roar of armed hosts must succeed the thunderous mutterings of the times. No more is there any chance to prevent the coming retribution (albeit it may seem unduly deferred) for the causes have had their way. A short but brief conflict, sanguinary past belief, even now reddens the horizon. The trained armies, millions of men active

or in reserve, that are now engaged in conquest, fevered with war, will but little longer submit to having themselves and loved ones ground under the heel and strangled by the hand of that organized thing, Capital.

Capital, the fruit of selfishness, nonetheless is a riotous animal principle, compelling the few to be masters of the many, denying the God-born declaration that all men are created free and equal, and warping it to seem a giant lie. Soon millions of trained soldiers will turn upon the visible representatives, the wealthy and worldly prosperous, who in reality are not more responsible than will be their assailants, of that Relentless Force behind all human enterprise. Later they will break up into lawless bands each self-server's hand against his fellow creatures. Then will the pent-up hate, the savagery and selfishness begotten by ages of selfishness, ruled by unbridled animalism, break into a storm such as the world has never seen. That loveless conflict will initiate that which Nature completing, will leave living but one where now are many. Hard and fast after the human conflict will come pestilence unparalleled, sweeping the wide earth over, for in that day none will pause to bury the slain until the evil is wrought, nor then, for the dead of the plague will be as thousands for every one by violence.

"All this because the love that should grace and soften men's hearts dried up and became a mockery in the close of the ended cycle, leaving but scattered oases, few and far between. Nature follows man. Wherefor the waters of the earth will dry out, rains be withheld, cyclones sweep, and an earthquake come such as was not since a man was on earth. All of this will occur only through natural causes, and in consonance with the selfishness, lust, greed, anger and general depravity of the type. As these blaze in the human breast, so shall the air, dry and vaporless under brazen skies, develop solar heats more fierce than history ever knew. A parched earth, furnace-like, piling all flesh mountains high, pestilences stalking unchecked.

"O ye, Blind to the handwriting on the wall, Turn now and read while yet the last midnight stroke reverberates."

All that, my friends, from a book written in California in 1886, entitled, A DWELLER ON TWO PLANETS.

The war of 1915, the earthquakes, the cyclones, the floods, and droughts, the 'flu and other epidemics we have seen with ever recurring frequency in the last century, are the hand-writings on the wall, warnings of worse to come.

EVOLUTION OF CONSCIOUSNESS

Cosmic Consciousness

World Consciousness

NOW NOW

Social Evolution	National	Consciousness
	City	Consciousness
	Tribal	Consciousness
	Family	Consciousness
	Self	Consciousness

MAN

Self Conscious. Conscious of self as an individual.
Physical body a community of cells and organs.
Spiritual body the womb of the soul.
Powers of reason, choice and spiritual growth.
Procreation.
Reacts to both seen and unseen realms.

ANIMAL

Simple Consciousness. Is not conscious of self as separate from environment.
Physical body the womb of the spirit.
Power of elementary thought, growth, procreation and locomotion.
Power to change vegetable cells into animal cells.
Exists, for a season after death, in the lower heavens of the earth.

VEGETABLE

Elementary Consciousness like that of deep sleep.
Physical body only.
Power to change mineral molecules into vegetable cells.
Reacts to gravity, heat, light and pressure.

MINERAL

Embryonic Consciousness like that of deep trance.
Physical embodiment only.
Power of elements to react to affinities.

Four Visible Planes

LIFE IS UNIVERSAL THROUGHOUT ALL CREATION

The universe is filled with evolving, unfolding progressing life. Creation begins with the formation of a planet by condensation. After a planet has solidified and cooled, vegetable life emerges, feeds on the mineral, transmutes mineral molecules into vegetable cells and raises the mineral to a higher order of life and consciousness. Animals, in turn, feed on members of vegetable kingdom, change vegetable cells into animal cells, and raise them a step further in progression.

Science has discovered that there is no definite line of demarkation between mineral, vegetable and animal but a gradual blending of one into the other.

Man is essentially an animal in his physical makeup. He has been raised a step higher than the animal through the cooperation of unseen higher orders of life. As mankind matures his intellect develops and with it his spirituality. With maturity consciousness develops through the stages of self, family, tribal, national and world consciousness. We are now coming into the consciousness that all men are brothers and all nations members of one great family.

With the unfoldment of world consciousness cooperation amongst men and nations will increase and competition will be discarded. Then will the folly of war be realized and peace on earth, good will to all men be the order of the day.

when we exposed Japan, in our "Japan, Friend or Foe?" in July; but a torrent of condemnation came with our December number on Germany, especially from the German Bund element. (Read our report of the anti-Communist convention in Los Angeles). Among those who protested with us on this issue were some of the finest men and women in the field; honest, sincere, patriotic; and they sincerely thought I was wrong when I said Russia and Germany would combine. It got so hot that I said, all right, if you will let me print your letter in the magazine I'll answer it. Strange to say, none of them would accept the challenge, and all forbade me to print their letters. Events have proven I was right.

Now, friends, I believe I have proven myself; that I know what I am talking about most of the time. No, I am not infallible, and I am willing to back water when I am wrong, if you can prove that I am wrong. At this time I am going to ask that you have a little patience and wait until the picture unfolds; because from now until the end of the year I am going to say some things that you will seriously question at the time. But I will be vindicated within a year from the time I make the statement.

I especially crave the indulgence of our Anglo-Israel friends, because I shall say things about God's chosen people that they won't like—not that they are not true, because they are based on facts. So I warn you, if you are not strong enough to stand the truth, you had better cease reading The Beacon Light, because it's strong medicine—but it's true.

I have endorsed the Israel message because the evidence is there to support it; but many of the leaders of the Israel movement have crucified me because I refuse to subscribe to the theory that they have a corner on truth. You see there are many other fundamentals or truths of which they know nothing; but that does not prevent them from dogmatizing. For more than two years we have told you the time would come when we would cease to fight evil, but rather devote ourselves to the preparation for the new order. Everybody is talking about the new order, but very few are making any preparations for it. They remind me of the story of the good people who went to church to pray for rain. One little girl carried an umbrella, and she was the only one. They teased her, and said, "Why, the sun is shining, why carry an

umbrella?" The little girl replied gravely, and almost apologetically, "But aren't we going to pray for rain?"

That's the point. I have heard about the new age, and the new dispensation, all my life; but only a very small handful are making any preparation to fit themselves for the new age, the setting up of the Kingdom of God on earth, if you please. Friends, you and I have got to do a lot of sandpapering and polishing, before we are ready for that new order of things; and most of our present day leaders will fail hopelessly, for the simple reason that their spiritual perceptions are too dull to recognize truth when presented to them. Most of them are intellectualists rather than spiritual-ists; and I use that word in the real sense of its meaning and not as designating a sect. Spiritual things can be perceived only by spiritually minded people, who have evolved or unfolded to the point that their spiritual eyes are opened and they can see. If you are in that class, The Beacon Light has many treasures for you during the next 6 months or more; but if you are an intellectualist you are likely to get very angry at many of my statements. Many of you belong to organizations which profess to be the highest expression of truth, and unfortunately you believe their statement; but it is not so. There are many fine organizations that emphasize some of the truths, but I don't know of one that emphasizes them all; and therein lies the reason these various organizations have criticized and condemned me. The new dispensation or the kingdom will include all the fundamental truths of life, and the fundamentals of these various organizations will all be brought together; they are like the instruments in a band, each one playing its own part.

The purpose of The Beacon Light has been to correlate these fundamental truths into one philosophy, because many of our organizations are like a wheel with missing spokes; but of course you can't tell them that, nevertheless it is true. But the time has come, friends, when you will have to dare to bear witness to the truth, and drop your organizations if they try to prevent you.

Stay where you are until you outgrow your present spiritual environment. It has not been our purpose to start an organization, rather to enlarge and strengthen the organizations that were progressive, that is, those teaching the fundamentals of life. But most organizations have been afraid of us, and some of them have been anything but nice. However, that is to be expected if you bear witness to the truth. You would be amazed if I were to tell you some of the treatment received from organizations and leaders who consider

themselves the advance guard of the new order. Perhaps I shall tell you the story later on; it depends on the amount of space, we are crowded all the time. Briefly, they have lied about us, reviled us, accused us of being egotistical, bombastic, fantastic, foolish and have lied outrageously about us when questioned altho verbally and in letters they have endorsed us very highly. I am sorry for them because they are afraid of truth. And Jesus said the truth was the only thing that will make you free; and it is so. You can prove it to your own satisfaction. Dare to tell, to follow, and to bear witness to the truth at all times, and you will be a free soul; and you will be an individual of power, you can't help it, it is the law. I know a few such souls in America, and they sparkle like a jewel in the sunshine, and stand out from the crowd; I am proud to bear witness to them.

In this issue we commence a series of prophetic articles, received pretty much as many prophecies of old were received—thru psychic channels; it's the only way they can be received, everything from above must come through the astral plane. It's laughable the way our religionists dodge the issue; they say God spoke to them, but if you don't subscribe to their particular belief, and have their brand of salvation, **your** revelation came from the devil. Now I am willing to concede that not all messages from the unseen are spiritual or of a high order; the average disembodied spirit doesn't know any more than you and I, and in many cases not as much, so there is no reason why we should bow down and worship a disembodied spirit simply because they have lost their physical body. But a sincere, spiritually minded man or woman, when they pass over, has access to advanced knowledge, if they have first purified themselves; and this of course is possible before death. Then they can contact the great souls, the teachers of humanity, yea, even the Christ; the Great White Lodge, the storehouse of all knowledge. From the masters or teachers they can get advance information, and then bring it back to humanity.

Many of these spiritually minded men and women are now being used to bring back information so necessary to the world during the coming upheaval, otherwise the whole of humanity would be panicky. It has been our privilege to examine hundreds of these messages from different individuals, and our privilege to receive some direct, mostly by making the contact personally and not thru a medium of any kind.

The series we are starting in this issue has the ring of truth; but if they don't ring true to you, cast them aside; it's no use fighting them, because if they are true they will work out anyway and you

can't stop it.

All my life I have believed that only a Theocracy could bring happiness to humanity; and the Republican form of government of the United States of America was the nearest mankind could get to the ideal or theocratic state. But this has been wrecked by Roosevelt and the new deal. The checks and balances have been destroyed, and chaos will prevail for a time. You will find much in these prophecies that sounds like the programs of the various dictators, but there is one vast difference; the dictators only talk about these things and use them as an excuse for grabbing power. No program can succeed, with politicians in charge of it; therefore, in the theocratic state God, inspired men and women will be in charge of the various departments, but Christ will be the capstone or the head; and He can not be fooled, because not only He, but His immediate disciples will have their spiritual eyes opened, and the color of your aura will give you away if you are not on the level. Liars will have a tough time in the near future, for spiritual people, who can read you like a book, will be in charge; the veil between the physical and the astral is very thin, all will develop the psychic faculties. This psychic sense will enable them to protect themselves against the unscrupulous, and the materialists will be swept out of the picture; millions of them will be forced onto another planet because of their low vibrations, else they would drag humanity down to their level again. The next three years will entirely break their stranglehold.

And now the time has come for you and me to get ready for the kingdom which the Master will set up. My work is purely educational, to help prepare the way for the new order. But remember, practically all existing organizations will be broken up; there will be no need for the thousand and one organizations or divisions, in the new system, you will get your truth direct. We will have teachers, yes; but not dogmatic, crystallized organizations as they abound today. At this time I ask you to open the windows and doors, yea, take the roof off if necessary, and let God's truth flow through. Just as the water comes from the reservoir through the pipes into your home, so God, or truth, will flow from the reservoir or fountain of life, into your being.

It is necessary that tragedy should come to many, that humanity may be liberated; but we should rejoice when we see the goal rather than the process to the goal. The materialists will weep and wail, but the spiritually minded man or woman will rejoice and be exceeding glad, for their redemption draweth nigh,

DIVINE REVELATIONS

Old Prophecies Are Coming True

All Creeds and False Doctrines Shall Fall in This Day

Revelation from Jehovah at the Sunday Morning Service at the Aum Center, December 17, 1939, and placed in this issue of this Magazine (Aum, April 1940) by instructions from Him.

"My Children of earth, I, Jehovah, your Father-Mother-God, speak forth unto you this day here in this Sacred Meeting, here in My Holy Aum Temple established here by and through Me, Aum-Jehovah, the Father-Mother-God, and Jesus Christ, the now Living Messiah, Who is active with humanity in this Day.

"My Children of earth, this is the Day spoken of by some of the Prophets of old who gave forth the Revelation of the coming of the Living Messiah. Yea, the Living Messiah comes forth even as prophesied of old. Again I say unto you, Revelations which were given of old are daily coming forth into expression here and now upon this planet.

"Throughout the entire planet there is turmoil, there is confusion. All hearts and minds are calling for Peace. In this Day, karmic patterns are being worked out throughout the planet. Many karmic patterns between individuals and nations in Europe are being worked out. All these things are under My Divine Guidance. Not one thing comes forth that is not under the Will of Aum-Jehovah. Peace shall be established upon this planet—the Peace of the Christ—and through each Heart and Mind shall the Peace of the Christ become manifest.

"In this Day, I, Jehovah, have established My Holy Work, manifesting and expressing through My Ambassadors, Jesus Christ at the Head—the Order of the Great White Brotherhood Who are Redeemed Masters—Redeemed from carnality even as each and every one of you in sound of this Voice this day shall one day become Redeemed, each one having passed through the Path of experience as you are passing through it at this time. The quickening touch of the Christ has been given unto them and they have responded to My Call as many, many more shall respond when their karma permits of it.

"In this Day there shall be one Holy Church, the Church of Christ, yea, the Church of the Living God. All creeds and doctrines, all perversions of the Truth, all mental teachings, all teachings that confuse and divide My Children in this Day, shall fall. Long has been the time

that My Children have been praying for Peace, for the Light; and unto them in this Day it shall be given.

"There is but one Path, My Children of earth, one Path. That is the Path that was given two thousand years ago when the Living Messiah, Jesus Christ of Nazareth, trod this planet. He was the Pattern that all humanity must follow if they would return to their Eternal Home in the Kingdom of God. Jesus, the Living Messiah, was crucified on the Cross to teach men the crucifixion of their own carnal selves—that it must take place in each one before he can come fully and completely under My Will.

"In this Day, I, Jehovah, your Father-Mother-God, give forth unto My Children all Life, all Light, all Substance and all Peace. I refuse not the Calls of My Children and yet I, Jehovah, never interfere with self-will. Those who desire to come under the Will of Jehovah shall receive in this Day that Gift which I, Jehovah, alone can bestow upon My Children, the Gift of Redemption—that they shall be joint-heirs with Jesus Christ upon this planet when the Kingdom of God is established.

"This is the Path of Love and Wisdom which brings Balance within you, the Path that Jesus Christ, the living Messiah trod, His Will becoming fully and completely under My Will. It was I, Jehovah, Who was ever the doer in the Nazarene Master. Thus He was the Perfect Pattern for all humanity to follow in this Day. This work is a Holy Work, a Spiritual Work wherein the carnal mind of man does not enter, and wherein I, Jehovah, stand at the helm. and My Beloved Son, Jesus Christ is now active.

"There shall be one Foundation, one Teaching on this Planet; all others will fall, to come forth again when the vibrations become lower. Daily the vibrations are becoming higher and higher, and many souls will go out of their bodies, whose bodies are not attuned to the higher key of vibration which I give forth. These children are not lost. They shall be held in My loving embrace until such time as they shall come into bodies again when the vibrations are lower. But you Chosen Ones who are here have been given deep keys; and many others who will remain have been given help and assistance by the Masters in the Great White Brotherhood Who are ever active under My Will. These old souls upon the planet being quickened now will respond; and when the Living Messiah stretches forth His Hand and calls Peace unto them they will follow:

"The Light of the Christ shines upon this planet in this Day. It

is the Light of Redemption. It is the Christ-light from My Throne and I, your Heavenly Father-Mother-God, call unto each of you to respond to the call of the Messiah and follow even as He will lead you in this Day, step by step from the carnal confusion which fills your minds unto the Spiritual Being which you truly are, the Atman-self, a Divine Child of God. This transformation takes place in and through your Being, through Instruction from My Illumined Teacher, Dr. E. W. Miller, as he gives forth My Instructions according to the karmic patterns you are in. Glorious is the time in which you are now living. I, Jehovah, call you to express gratitude and Love from your Hearts and Minds that you are in bodies to be brought forth by the Living Messiah into Redemption.

"Know that in this Day the adversary is to be bound. Know that in this day no carnal mind and no group of carnal minds can in any way interfere with the Light of the Christ being brought forth now. All those groups who are under the adversary in this Day will find themselves losing their power until it is entirely gone. I am bringing forth the New Day, the Spiritual Age, the Golden Age for one thousand years upon this planet; and I shall reign in this Golden Age and you shall become Redeemed; yea, you shall walk hand in hand on this earth plane with Me, and you, My Children who are called now to become prepared to follow in the footsteps of the Living Messiah are called that I may give that increase which will bring you into the Kingdom. Aum, redeemed in your four-fold nature—body, mind soul and Spirit.

"I give forth these words with My Blessing and Transmission to Your Hearts. Know that I, Jehovah, am to be glorified in this Day. I, Jehovah, reign in this day and all my Children of earth who refuse to come under My Divine Plan shall not in this Day have another opportunity; but many lives shall they live and much hard karma will be worked out.

"Know that not one of you is here by chance, and that only those are permitted in this Holy Temple whom I vibrate here. This is a Holy Work. There is no higher Work on the planet in this Day. This is My Holy Work where the Christ reigns. My Blessing I give forth upon you and My Benediction enters into your Hearts. Chant the Sacred Name, Aum, and I, Jehovah, through the Holy Spirit, will respond to each and every one of you, that you may know there is a Living God, and that I Am that I Am.

"I Am Jehovah giving forth My Blessings unto you this Day. I am Jehovah."

THE TWO HEMISPHERES

By E. Tappan Tannatt, Tacoma, Wash.

Several times, in the course of my life, now measured by more than three-score years and ten, I have been permitted to catch glimpses of that which I consider to be 'beyond the veil'; or, as some would say, permitted to behold 'prophetic visions'.

At all such times a feeling of perfect peace came to me, convincing me of a far more beautiful and happier state after so-called death; also of the truth of the statement that "now we see as through a glass darkly."

In all of the visions there has ever been the same recurring preliminary. First came the feeling of great peace; and immediately I was surrounded by an iridescent atmosphere of most beautiful colors. These colors were far more beautiful than those of the rainbow, seeming to possess a 'living' quality.

Then the atmosphere in front of me seemed to separate, like the drawing aside of the curtains on a stage; and I beheld a living, moving picture, which deeply impressed itself upon my consciousness. Invariably, I have recorded such occurrences as soon as possible.

I am giving, at this time, that which I consider referred to world conditions of the present and the future, which I designated, at the time of recording, "The Two Hemispheres".

The vision came to me in four parts or sections; the first three in October 1936 and the fourth in October 1938. In all four, (with the opening of the colored atmosphere), I beheld the world as a great ball, save that it was cleft into two parts or hemispheres, separated by a comparatively thin section filled with iridescent atmosphere. I can better present the thought by an illustration:

Take an orange, and with its center line held nearly vertical, cut the fruit downward into two halves, the plane of separation passing a little to the left of the north pole (upper) and a little to the right of the south pole (the lower). Now press the two hemispheres face to face, directly opposite, against a thick circular plate of glass, the glass having the thickness of about one quarter of an inch when compared with the diameter of a large orange. The right hand section will then correspond to the hemisphere which contains the countries of Europe, Asia and Africa; the left, the Americas.

With the opening of the space within the atmosphere, I beheld the separated world as above described. My position was within the separating plane, and I could see, not only the faces of contact, but

The First Vision

at the same time the continents on both hemispheres were in dim outline. Both hemispheres were very dark throughout, save that in the northern portion of the eastern hemisphere there was a reddish-colored section, as if that portion were taking on a volcanic heat.

The western section or hemisphere was very black in appearance. While I wondered, the thought came to me that I was viewing the world, and that the separating section was of the **greatest** importance, to confine to either hemisphere, forces, which if permitted to unite, would prove destructive to the entire earth. Save in the vibrating atmosphere, there was no motion. The vision passed, leaving me wondering as to its meaning.

The Second Vision

This vision came about three hours later; commenced practically the same as the above, save that in the eastern hemisphere the volcanic color was increasing and extending toward the south. Now, in addition to the form of the continents, I could dimly see the presence of life and large buildings upon the surface of the hemisphere. I realized that unless something was early done, the volcanic fires, like an incipient fire, would go beyond control and engulf the entire eastern hemisphere. More and more I realized the value of the "separating atmosphere". In the western hemisphere was little apparent change, save that the color had become slightly grey, and that there also I could discern the presence of life and large constructions. Once more "the curtain closes", and the picture passes from view.

The Third Appearance

This came the following afternoon; commenced as had all of the others, I again beholding the two hemispheres. Now, the one on my right was much more red; the volcanic color had extended far to the south, so that more than half of that hemisphere was now a glowing red. The light was much brighter. I could see armies going in many directions; men and women were rushing to and fro. I could now see many great cities. Now the volcanic heat had gone beyond control, and nothing could hinder its spread to include the entire hemisphere; yet the separating atmosphere was not affected, and continued to confine the fires to the eastern half.

The western section was becoming lighter, so that one could there distinguish armies marching, and the people hastening in many directions. No physical conflicts were in evidence, although there seemed to be intense excitement, even to a chaotic condition. The

people seemed to be lacking leadership.

The pressure on the "atmosphere" was increasing rapidly. Every now and then I could see human beings, always clad in white, approach and disappear within the "atmosphere". None entered from the eastern hemisphere. The people on that half seemed to fail to see the presence of the separating space, they were intent upon the effects about themselves, seeming to have lost all hope that things might be made to change.

The vision passes, leaving me with a dread of that which was to come upon the earth.

Fourth Vision

This came almost exactly two years after the above, (October 1938). The preliminary opening of the previous visions is repeated. Again that vibrating atmosphere surrounds me, and once again gives place to a picture, or vision, of the Two Hemispheres.

I will first record the apparent changes which had occurred since the preceeding visions. I will thereafter give the information which was then given me, or sensed.

The eastern half now was a volcanic red throughout; the western had taken on a 'battleship grey'. The vibrating atmosphere had increased in thicknes about three times. Thus the two hemispheres were being held further apart Now, both hemispheres had taken on a vibratory motion; the space between being alternately compressed or expanded like as a great rubber cushion On the right, the people were in a state of intense excitement, like ants with a disturbed nest; while seeming to be organized into armies, there was every appearance of disorganization Fear and hopelessness seemed to be the only remaining senses of the people. Due to the earth vibration, the buildings were falling in all directions. Fires were visible in both the earth and air. Everything presented the appearance of complete destruction.

The western hemisphere was vibrating with like activity. The results of tremendous earthquakes were everywhere manifest, lacking the volcanic fires present in the eastern section. The people were violently disturbed; they rushed from place to place in wild disorder. Occasionally a mass of people would meet another, and a fight would result, in which both combatants would be nearly annihilated. Buildings were falling in all directions. It was a state of utter chaos, more in the nature of a civil war, assisted by the forces of nature, yet lacking the promise of complete destruction.

Then came the understanding.

Brief it was this; little more than this: In each hemisphere there existed "something" which must be destroyed and made to pass away. The work must be done **at the hands of the people**, to be assisted by the forces of nature. The two hemispheres must be held apart, as otherwise the 'volcanic fires' would completely destroy both hemispheres.

In the eastern half, the fires would purge the earth and change the face of nature. In the western, the result would be more in the nature of decay, like wood burned by decomposition, caused by the atmosphere and moisture. In both hemispheres, little of the handiwork of man would be permitted to remain.

As I now review the visions: The eastern hemisphere is destined to pass through a period of war, which will gradually extend from north to south, assisted by the convulsions of Nature. Little will remain, save the ashes of a civilization.

The western section will pass through a period of intense suffering, more in the nature of a civil war, also accompanied by a quaking earth; lacking however the fires of a flow of lava.

The vibrating atmosphere, thus protecting the western hemisphere against complete destruction, had been preserved because of the entrance of vast numbers of those who, in the visions, I saw as 'dressed in white'. None of such had entered the "atmosphere" from out the east. These were to later reconstruct and carry on into a new era. The birth of the New Era would be ushered in, however, with intense suffering, and with the doing away of most of the handiwork of man.

LETTERS FROM OUR READERS

An extract from another good letter:

"Believe me, you don't know what good you are doing in enlightening folks who are eager to know the conditions in our country. I have just received my new issue this morning, in between times I am reading it, in fact I left my dinner dishes standing awhile until I could read some more . . . I have enjoyed every issue of The Beacon Light, it appeals to me in every way, and at the same time I am interested in astrology.

"I read "Origin and Destiny of the Jews" with great pleasure and have since stuck my nose into the Good Book, the Bible, more than once. The clarification of the terms, Israel and Jews, makes all the difference in the world in understanding the Bible, and prevents contradiction, especially in the present day prophecies. I will order a lot of Origin and Destiny of the Jews a little later on."

This from a new contact who happened to read The Origin and Destiny of the Jews. Why not go out and sell them? We will sell them to you, in 100 lots, at 10.50 delivered, that is, 10½¢ each; or we will sell you 50 copies for \$6.00.

BOOK REVIEWS

THE AQUARIAN GOSPEL OF JESUS THE CHRIST: By Levi H. Dowling.

This is not a new book, for it was first published in 1908, and is now in its 12th edition. This Gospel of Jesus, the Christ, by Dowling, should be read by all Bible students; for in spite of what most people believe, the Bible is not, and cannot be, infallible. That which is infallible is perfect; contains no error. Look up your dictionary. Inasmuch as there have been several hundred translations of the Christian Bible—and there are some 22 accepted translations, then again we have the Apocrypha—one is standing on pretty thin ice when they talk about infallibility, that is, perfect; without error. Obviously all these translations must contain some error, especially as the Scriptures were written in an Oriental language, for Orientals. The New Testament, for instance, was written in Aramaic, then was translated into other languages before the English translation. The original undoubtedly was infallible; that is, without error.

The English-speaking world uses the English, or Pyramid inch as the standard of measurement; and periodically they check up with the original model. Now it is possible to check up on your Christian Bible in just that way, to those who have developed or evolved the power to tap the original source—and that is what the Bible calls the Book of Life, and what the occultists call the Akashic record. And what is the Akashic Record? It is a record of everything that has ever happened in the world; hence the term, the Book of Life.

To one who knows what it is to walk with God—not the cheap imitation our sky-pilots talk about, that can be acquired in a few minutes—the Book of Life is an open book. This is a culmination of thousands of years of effort and growth; evolution; evolution. When you are truly saved, you are a mystic; you are then a master (not *the* Master) and can truly say, I am saved. There are then no secrets in the universe but what you can fathom. Real salvation gives you power and control of everything you contact; all knowledge is yours. So our sky-pilots are but cheap imitations of the real thing, because they claim something they haven't got; the fruits of salvation are missing, and they cut a sorry figure. Occasionally one finds an exception, of one who is truly on the Path: one can tell those individuals at a glance when looking at their astrological chart, providing of course they can really read a chart. But better still you can feel the power as you talk to these individuals and read their writings.

I give this explanation, that you may better understand how the Aquarian Gospel came into being; Levi Dowling had developed or evolved to the point that he could read the Book of Life at will. And there are more of these individuals on earth today than you dream of, especially in the Orient. He was able to read that portion of the Akashic Records, or the Book of Life, which dealt with the life of Jesus the Christ.

It is timely that we review this book at this time, because it emanates from the same source as 'Thy Kingdom Come,' the first installment of which we are giving you in this number. If your spiritual eyes are opened, this Gospel will mean much to you. Now I am not going to tell you I think this book is infallible, because no book is infallible. You can take 100 people to see a picture show, or 1000 for that matter, and you will have 100, or 1000, slightly different reports of it. But if you are spiritually awakened, you will catch the spirit, rather than tie yourself to the letter, of the recital. That same rule holds good with any reading you might do; spiritual things must be spiritually perceived.

I often hear people say, 'I know my Bible.' What they mean is that they have memorized and know where to find things; but as to the meaning, if they get ten percent they are indeed far advanced. Only a master, one who has finished his evolution, can really say, 'I know my Bible;' and they say it in all humility. But take some egotistical, pompous divine, who thinks he is nothing short of God—well, they say fools rush in where wise men fear to tread.

If you have spiritual discernment, The Aquarian Gospel will be a treasure to you; if you are an intellectualist, one who goes by the letter rather than the spirit, it will mean little or nothing to you. In these last days, for which this Gospel was sent, get a copy; read it, and meditate; and you will perceive some of

the errors in the translation. I could quote many flattering reviews, but that doesn't necessarily mean anything. If you have spiritual discernment you will see for yourself that it is a literary gem.

The price, cloth bound, is \$3.00; leather bound, \$4.00.

AMERICA—A COMMONWEALTH: By Frederick Blaine Humphrey, the author of *Know Your Groceries*. I like this little foreword in the Preamble:

"In this world of law and order, of cause and effect, of seedtime and harvest—in this universe of equivalence, where like produces like, and we reap exactly what we sow—in kind: a present life means a past life and a future life." Let those words sink in: there is a lot in them.

This is a small book, of around 50 pages; but it has more meat in it than the average volume of two or three hundred pages. A clear thinker is always able to put his thoughts into a few words, and that is what this author has done. One thing I like is that he defines his terms as he goes along, so that you know exactly what he is talking about. For instance, he defines what he means by the word Commonwealth: a sort of one for all and all for one, a sort of collective individualism. As he so aptly puts it, "so we have the Democracy of the States and the Republic of the Union welded into the Commonwealth of America."

In the first chapter he defines the function of man and government; and like myself, he believes in evolution, that is spiritual evolution, and not monkey-business. Chapter 2 is devoted to man and philosophy, and he quotes Emerson very freely in this connection, and many other thinkers. And I like the emphasis on the law of cause and effect being the key to life, which of course it is.

The 3rd chapter is Man and Systems; and the 4th, the Man and the Commonwealth. This chapter alone should clear up a lot of cobwebs for a lot of befuddled individuals who try to think. And last but not least, he accepts the Bible as it is, a practical book of laws and of history as well as of prophecy. A book, or rather a booklet, for thinkers. Price is 50c.

PREDICTING EVENTS: By Elbert Benjamine, who is the head of the Church of Light, with headquarters in Los Angeles.

A very valuable little book for all astrological students, and written by a man who is well qualified to handle the subject, being one of the most outstanding astrologers of America.

Before going any further, would say the publishers made a mistake in not putting an index to the book; certainly the book is worth it. We concur with much of his criticism of many of our astrologers, who skim the surface, fly around like a butterfly from one theory to another, and digest nothing; the country is full of these surface skimmers. But I am sorry to say there is another type, who get into one school of thought, and cast out their anchor, in the belief that that school contains all truth and all knowledge.

I do wish however that all students would read the first 10 pages of this little book, and practice the teachings therein. It would make better astrologers of them. We concur with what the writer says about the Moon's Node and the Part of Fortune; this on pages 9 and 10. Had this little book been placed in my hands when I started out, some 33 or 34 years ago, it would have saved me much anguish, because the books available at that time were rather complex, and often left the student in a rather confused state of mind. It took years of actual practice to clarify the theories of some of these books. We particularly recommend the chapter devoted to Minor Progressions, especially if you have been trained in some other school of Astrology. We also recommend the chapter devoted to the Limiting Date.

Altogether, you will find much new material, worthy of your serious consideration; and he says, "try out our theories, and if they don't work, then reject them, but we are satisfied that they do." A book of some 256 pages, cloth bound. Price \$2.50.

SCIENTIFIC, RYTHMIC SOLAR PLEXUS BREATHING:—By Phoebe Marie Holmes.

The Hindus say the breath is the life. Well, most of us haven't much life, because most of us don't breathe correctly. This book comprises 14 lessons in proper breathing. The author states that breathing is Nature's own remedy for

banishing catarrh, lung trouble and constipation. Frankly, I had no idea there was any relationship between breathing and constipation. She states that the oxygen burns up the waste matter in the body, and so maintains your health.

The lessons are very simple. No, I haven't tried them yet. Price, 50c.

THREE WITNESSES: By Clive Kendrick.

The three witnesses are the Scriptures, the Economic System and the Great Pyramid. Naturally I believe Astrology belongs in the picture, but possibly he hasn't heard of it.

The writer presents some arguments that I find pretty hard to follow. He is against the profit system, but he doesn't define to my satisfaction what he means by the profit system. He says profit is when an article is sold for more than it costs when all costs are included. If you have been in business you will find out that there are items on your shelves that have cost you more than the selling price by the time you get through, as in case of a very slow seller.

He says profits can only be made if there is a scarcity; I question it. I suspect the writer is using a different yardstick on the economic system than I should. I do agree with the writer that the perfect economic system is laid out in the Bible. While he discusses the question of credits and money, and quotes freely many authorities, yet he does not properly put his fingers on the crux of our present day evils, and blame them on usury. Yes, he quotes "Thou shalt not give him thy money on usury", but he doesn't place the proper emphasis on it.

Nevertheless, there is much good, and much food for thought, in Three Witnesses. Reading this book puts me in mind of eating fish; you have to watch out for the bones. And it has a decided British imperialistic slant. Price 25c.

THE INFLUENCE OF THE PLANET PLUTO: By Elbert Benjamine.

There are only 4 pages devoted to the influence of Pluto, the balance being taken up with an Ephemeris of Pluto from 1840 up to 1960.

We don't know a great deal about Pluto, but all astrologers are watching carefully the effect of Pluto in their own life, as well as in world events. The discovery of Pluto coincides with the getting together of the dictators or plutocrats.

If you are a student of Astrology, you need a Pluto Ephemeris. Price 50c.

SOILLESS GROWTH OF PLANTS: By Ellis and Swaney.

The subject of chemiculture, or soilless growth of plants, is extremely important at this time, in view of the happenings of the next few years; because here is the means of feeding oneself when the regular channels are all closed. For instance, one can have tomatoes all the year around by growing them indoors. As long as you have a domestic water supply and a few chemicals, it is possible to grow one's own fruits and vegetables. And it is not so very complicated, because you can buy the chemicals ready-mixed, and the chemicals are not expensive.

All the tomatoes used on the Santa Fe out of Los Angeles are grown by chemiculture. We urge you to do a little experimenting; it's a fascinating hobby, and can be very profitable. And if you have boys or girls in the family, here is a subject that will hold their interest; it's fascinating.

Chemiculture is past the experimental stage and the hard places in the road have been overcome for you by those who have been experimenting for many years, such as the authors of this volume. Briefly, this volume is a high grade text book on the subject of chemiculture; tells you in detail just how to go about it. Especially interesting to those interested in chemistry, however that knowledge is not necessary because the book is written for laymen. There are many illustrations, which emphasize the points made in the narrative. I strongly suggest that you get your boys and girls interested in this subject, because like aviation it has a tremendous future, and will be a life-saver during the famine period which I believe is ahead.

The price is \$2.75, and with it goes a coupon which entitles the purchaser to a sample bottle of "Plantet", enough to make 6 gallons of growth solution; so you see it's a generous sample. A really worth-while book, on a worthwhile subject.

HOME OF TRUTH MESSAGE
Our Word of Prophecy

By MARIE M. OGDEN

Hold yourself in readiness, through daily contact after the manner you now pursue, to receive of the more definite word to be relayed which will enable you to serve in more powerful way when the times become fraught with danger and still greater confusion for all who dwell on the earth-planet of existence.

There is likelihood of panic even among the more advanced beings who are preparing to meet the coming changes, because man in his limited knowledge of the higher laws in operation over your earth has no conception of what it will mean in point of confusion and uncertainties of living when the earth will be rotated, and forced to resume its former position again.

The term 'every mountain shall be moved out of place' has literal meaning in the sense that the present position or location of each mountain peak or mountain range, will seem to be changed in its relation to the Sun, the Moon and the Stars, which shed their light and energy over all; and to the degree that they now extend themselves in so far as lights and shadows are concerned.

Consider, therefore, what it will mean to you in your present location to receive the light rays from a different angle than that which you are now accustomed to view them, and in regard to the seeming sunrise and the setting of the sun and the moon and other heavenly bodies as they follow their course through the heavens. So shall it seem as if a new heaven and a new earth are in evidence, and that the mountains and the hills, the valleys and the rivers have moved out of their places.

So shall confusion reign for a time in the hearts and minds of those who are left on the earth, for know further that when the great earthquake comes many shall be taken out of life, as you know life, through the various causes which catastrophe of such form brings in its wake. Some shall be wiped out of existence because the places where they shall be will be made to fall, through the mighty power to be loosed when the elements conspire and combine to bring disaster and ruin to everything in their path; as fire and water, and the mighty force of the wind will destroy and disrupt the present form of living.

Many shall be wiped out of existence and into seeming oblivion when the waters of the seas shall rush over the land and flow into the cavities to be formed in the earth's surface which will engulf and seem to swallow every thing, person and condition of living that

formerly existed thereon. Many shall also depart from the earth plane of existence through fright and the fear that will overtake them when these things happen before their eyes, or in localities close by; others shall become sickened by the sights and conditions of living which will prevail for a time, and so shall pestilence and disease take their toll of life in many places.

These things shall come to pass even before the Great Earthquake, and shall be caused by the more frequent catastrophes of three-fold form in certain places in order to prepare the way for the Great Catastrophe, and likewise to prepare many who are now given to laugh you to scorn because of the belief you hold concerning these things.

So shall disaster and ruin overtake many between now and the final date wherein mankind may be forced to begin life anew amid surroundings that will be unfit for further habitation, if he persists in remaining where these things shall occur; or to take up his abode in new environment away from the devastation and ruin to be encountered.

When shall these things occur? Within the next decade shall that which is to go the way of all evil be wiped out of existence, and because the time is so short wherein and whereby man may prepare for the changes to be wrought it behooves you to give more thought to the material needs, and to the preparation of yourselves to meet the conditions of living which will prevail within the territory you call home, and in the various working centers you will establish in close proximity thereto

Were you not promised this word of counsel and warning as the time of the end draweth nigh? (This was promised as early as 1932 and since). Therefore you are given intimation of the closeness thereof, and of the manner in which you are expected to prepare for it.

To move every mountain out of place through the shifting of the earth's surface can be accomplished without destruction in certain places where there is no need to destroy or to disrupt the methods and manner of living; while in other places the land which is now in evidence must be utterly destroyed through the upheavals to occur; and through other forms of destruction to get under way in more definite and forceful way as you near the time of the end of the present order of living, and which shall be as the beginning of the new order in all fullness thereof, when the Great Catastrophe will occur.

Go forward with only the most positive thoughts for the comple-

tion of each and every thought creation and recreation in the making now, and many to be added as the weeks resolve into months. Let there be only a great peace in your soul as you forge onward again."

Note: Because we came upon some very interesting reading in the February 1940 issue of The Beacon Light, (on page 17) which made reference to some equally interesting things in Harry Gardener's "1940 What's Next?", we turned to a very unusual recording of our own taken on that important Pyramid date of November 27, 1939. Since so many of our readers are familiar with the two publications mentioned we will offer our recording for comparison. Therefore we cannot include more in this issue in regard to the shifting of the earth on its axis, but will do so next month.

We call attention also to something on the final page of the February Beacon Light, which corresponds to some of our prophecy offered last month and the visions we have related in regard to the west coast destruction. Before closing with the message of November 27th we offer the short reference from Beacon Light:

"The following enclosure was received from one of our old-time readers:

"In the year 1942 an earthquake of great intensity will rock the Pacific Coast. So intense will the disturbance be that a landslide will bury the greater part of the city of Los Angeles; an avalanche of stone and mortar will cover the remainder. Only a few will be left to tell the tale. An estimate of the lives and property lost will never be made. All coast cities will suffer; fire and famine will take their toll. The Imperial Valley will be completely submerged. Death Valley will become an inland sea. (We also have intimation of this, and a recording about Imperial Valley.) Mountain peaks will topple over, destroying the observatories. There will be floods and forest fires."

Note: Some days previous to November 27, 1939, I was told through my way of making contact with Higher Mind forces that I would receive something pertaining to this date although it was not until the morning of the 27th that the following message was relayed. During early morning meditation the only thought impressions received were in regard to the number value of the day, which made me consider it numerologically and I realized that it was a "nine day" (2 plus 7) in an "11th month", and a powerful "22 year" (which 1939 resolved into). At close of meditation heard: "Make approach to higher-realm contact to receive of that which will be relayed." Then came some prophetic sentences as I heard:

"I, the Angel of the Lord, will speak to reveal that which we see as we watch over the world of your being and all that is therein.

We see reflected in the hearts and minds of those who are of pure heart and ready hand to serve mankind in accord with the true teaching of the Great White Brotherhood a great peace; and the happiness which comes when the Great One speaks the words, "Well done, faithful ones."

We see further the terrific hatred reflected in the hearts and minds of those who are aligned with the dark forces and who, through their works will continue to destroy that which they themselves have created; and eventually themselves.

We see the great Battle of the Ages being fought to a successful finish in order that those who are of the Elect may find their way back to the pathway of right living, and take part in the glorious work of the New Age; wherein the peace to reign for a thousand years shall hold sway over the earth, and all that is therein and thereon.

So speaks the Angel of the Lord to bring foreword of that which will be interpreted for you in more definite way at this all-important hour for you who have been faithful to the trust imposed, and obedient to the word relayed from these higher realms of contact."

Preparation

Our readers are really beginning to take us seriously; while we have spoken of these things from the first,—but more especially throughout 1938 and since,—the last two issues of The Beacon Light seem to have brought home the realization to our readers as never before; and that is as it should be. And in this number we have brought you prophecies from new sources but all telling the same story, agreeing perfectly with your Christian Bible regarding the last days; also with Pyramid prophecies; and last but not the least, the heavenly time clock, Astrology, confirms these other sources of prophecy.

The following letter has just been received:

"I am sending for your publication only as it comes out each month as I doubt very much if you will be allowed to continue much longer, in view of your anti-Jewish attitude and your "apparent" (?) German sympathy, in view of last-minute developments overseas, that are bringing this country nearer the brink.

Two large plants have closed down here ,to re-open no more, because of unions. No one will do any more than just listen, when you talk about the dangers facing America, they believe it can't happen here and the Jewish idea is received coldly, as people are afraid of being branded anti-Semitic, and think you are a fanatic. Also they do not investigate office holders, or more would vote; a total of 4,000 voted, out of 16,000 that could. Those with money do not become interested anyway, because they believe it would take care of everything.

As for "preparations", here goes: A location in the north of the State between 1500 and 2000 ft. above sea level, in a wild unsettled country; the population is centered in the southern part of the state and there are thousands of square miles of wild country . . . a deserted hunting lodge, two rooms with a river and a lake nearby, about two acres of cleared land for garden. Thirty-five miles from any town; a home made windcharger, plans for a water wheel, also for lights, a folding boat, an all-wave radio, a home-made juice press with powerful action, garden seeds and tools, rifle, shot gun and revolver. Furniture to be built on spot, axe and saws and also a well point and pump. Well, I could go on and on, but you probably get plenty of this. I almost forgot, a ton-and-a-half truck to transport the stuff. I probably will not

tion of each and every thought creation and recreation in the making now, and many to be added as the weeks resolve into months. Let there be only a great peace in your soul as you forge onward again."

I almost forgot, a ton-and-a-half truck to transport the stuff. I probably will not

be at the present address so very much longer now as it is getting warm here now."

Answering the first question: Rest assured that The Beacon Light will continue to go forth all this year. We warned you recently, I think in the April number, that all anti-Jewish and anti-New Deal material would be suppressed right after the election, if Roosevelt were elected; and I am firmly convinced he will be, because people refuse to believe. Of course he could be defeated, if enough people would take the matter seriously; but I have no hope that he will be. And within 30 days of the election, people will know for sure that the things we have been warning you about are true. But alas, it will be too late, the chains of dictatorship and slavery will be fastened upon the nation—a far more rigid condition than that which exists in Germany and Italy.

I am often asked, "Will we enter the war?" Why, we even helped to cause it; of course we are in the war. The Jewish press of the world, especially in England, France and America, have been telling us ever since the World War that they were going to crush Germany. We have been definitely in the war ever since the Neutrality Act was repealed.

Can you blame the Gentile nations for being mad at us, when our President has done everything in his power to irritate Germany, Italy and Japan? More especially Germany; and while we blame Germany for the whole thing, the Jewish press is bragging that they brought it about. Soon you will see all the Gentile nations as one; that is, Russia, Germany, Italy and their allies, and in the Orient Japan; and they will proceed to fulfill the last part of Washington's vision; which is even more clearly marked in the vision of General McClellan and which we reprinted in our "Destiny of the U. S." And were it not for divine intervention, the Israel nations would all be crushed. The Israel nations, of course, are those of Anglo-Saxon blood and including the Scandinavian nations.

The fundamental cause of this world wide catastrophe now approaching is the control of world finance by the Synagogue of Satan. England and America no longer function under Israel Laws. Lack of space prevents explaining all details; we have already covered the ground in our number on Germany in December, 1938, "Palestine and the Jews," and "The Origin and Destiny of the Jews" more or less complete the picture, though touched on somewhat in the February, July and August 1938 issues.

I do not think it possible, nor do I think it advisable, to stop the coming crash. Rest assured of one thing: Man has absolutely failed

to right these wrongs. Most of my good friends in the anti-Communist field believe we are going to ship the Jews to Madagascarr; but I can assure you that that will never come to pass. God Almighty is going to make a complete job of it when He gets started; for wherever there are large settlements of Jews, there will He strike hard, through earthquakes. He will wipe them out by the millions; that's why we advise getting out of the cities. The Jew's greed for wealth will prove his undoing. He cannot possibly escape the wrath of God; for as the Good Book so aptly puts it, "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap." So I say to you, come out from among them; let the dead bury the dead.

Many of you have written, asking where to go. First, get out of the cities; second, east of the Sierra mountains; this of course eliminates most of California. The states of Nevada, Utah and Colorado are the most desirable in the western portion, in my opinion. I suggest that you go in little groups, about a dozen to twenty families in a group, not any more; avoid large groups. The Mexican border is highly dangerous; we shall be invaded by Japanese troops through Mexico, as we outlined in the February and July 1938 numbers. Chaos will prevail, through civil war and earthquakes, so retire to a place of safety while the good Lord cleans up the mess we have allowed to accumulate.

This is Judgment Day; and let us rejoice in that fact, and not fear it. The Synagogue of Satan, working largely through the Jewish race, have got the whole of the human family in bondage, and the stranglehold must be broken. Man has proved himself incompetent to handle the situation, but Jehovah-God will do the job, and do it well. Just as you make way for the riot-squad or the fire department, stand aside and let divinity do the necessary work.

Just a word to those who are unable to go to a place of safety; If you have lived the life; had courage to bear witness to the truth; you will be protected although in the midst of hell. The whole city may crumble, and yet where you stand you shall not be touched. I have been promised substantial help from those who are engaged in mining and oil activities; I will share with you whatever resources are given to me. I have no way of knowing how many will make the grade, nor what help I shall receive. Rest assured The Beacon Light will continue to go forward as long as it is needed. Treasure your back numbers, they contain valuable information, especially the 1938 and 1939 series. We can still supply complete sets of those years, but

only a few; the February, June, July, August, September and December are the most important of 1938. To those who have the means, I charge you with your responsibility—of making it possible to reach more people in the few months that are remaining.

Many teachers think they have the only safe spot or protected area. If there were only one safe spot, that place would be swamped, and the result would be disastrous.

It has been very difficult for us to continue during the past six months, and we have hundreds of dollars due us for delinquent subscriptions. Never at any time did we need money more than at present. If you believe in this work we are doing, help us, and do it quickly. And very soon we are going to ask you for funds to help worthy people to places of safety. We will pick the locations if you supply the funds. It will be too late when your cities begin to crumble into dust; this work must be done in the next few months, or it will be too late.

For the last time, I repeat; Dispose of your city properties; dispose of stocks and bonds; cash in on your insurance policies. Get yourself a ranch or a farm, and dig in until the storm is over. Avoid the Atlantic and Pacific Coasts, also the Mexican border; be at least 100 miles from a large city, or the refugees from them will swamp you when the cities begin to fall. And pledge yourself to purchase at least one extra copy of this number, and place it in the hands of some worth-while person. Never mind the dead wood, make no effort to save those working with the anti-Christ, let them go down with the ship. If you can afford it, get 6 copies for a dollar; many can buy 100, yea, 1000; \$12.50 for 100, or \$100 for 1,000 copies. If you expect protection during the coming upheaval, do something to merit it, for you are surely going to reap what you sow, in the immediate future.

The coming rigid dictatorship will not last long. All publications will cease for a while, due to the prevailing chaos, but The Beacon Light will be one of the first to resume, though we may have to go back to a mimeographed copy. So be sure to keep up your subscription, and do not fail to let us know of any change of address; too many copies have been returned to us of late, due to the failure of subscribers to notify us of change of address.

All delinquents will be removed from our mailing list, so if your subscription is not up to date, we will assume you are no longer interested in our message, **unless** you write us that you wish to renew, for those who are unable to renew promptly should at least take time

to let us know if they wish to continue receiving the magazine. We are doing a lot of missionary work, and it is keeping us 'broke' all the time; won't you put your shoulder to the wheel if you are able?

We are compiling lists of the various groups, and will visit those groups and help in preparation as far as possible. It is necessary that these groups be more or less connected with the various links in the chain, for reasons that will be evident later on.

The coming upheaval is the most glorious adventure in the history of the world, for the forces of darkness will be completely routed and destroyed. If that isn't cause for rejoicing, I would like to know what you want. With the power of evil broken, the world will be fit to live in, and the earth will become as outlined in the Lord's Prayer:

"Thy Kingdom come; Thy will be done, on earth as it is in heaven."

"RAW VEGETABLE JUICES"

For Body and Spirit

By N. W. Walker, D. Sc.

As we study the course of events in the world of affairs and compare them to similar human upheavals and cataclysms of the past, we cannot help but be impressed with the constructive means which Nature has unfolded for us during the past generation, to enable those of us who wish to do so to raise our personal status above the level of gross animality.

It would seem impossible, or at least incredible, that anyone could read Julien Bryan's book "Siege" describing the ruthless devastation of Poland, and Eugene Lyons' book "Stalin, Czar of All the Russias", outlining the appalling extent to which a degenerate mind can rule and control millions of people and keep them in utter ignorance of the happenings even in close proximity to their communities, without wondering why people tolerate such abysmal subjection and such colossal ignorance. A review of these two books appears in April and May 1940 Reader's Digest, respectively. They are instructive.

What is the underlying cause of such lack of spirituality which makes possible such conditions? After all, spirituality is the line of demarcation separating the plane of man from that of beast. Spirituality is not that sanctimonious cloak worn by would-be-religionists. It is not even a state of being which can appear suddenly and as quickly be set aside. It is that inherent quality of the finest essence of character and personality which nowadays is expressed in the terms of "high vibration" of an individual. Every man, woman and child has an abundance of this spiritual quality, but it is usually

kept in the cold storage department of their consciousness and is engulfed by the grosser vibrations of fermentation and putrefaction—otherwise known as toxins—in their physical body.

So long as man continues to load his body with foods which were never intended by nature for human consumption, and which being devitalized and refined to the Nth degree cause degeneration of the human cells and tissues, man's body will continue to degenerate and become less and less a vehicle for the manifestation of any spirituality which might otherwise seep through. Spirituality is like high voltage electricity, and in matter of fact it is the finest quality of the highest voltage imaginable. That is the reason why the vehicle through which it manifests **must** be of a quality able to hold it in sustained operation. In the field of Utilities, high voltage is most carefully guarded. So it is in the spiritual sense. When grossness of animal body and propensities are present, the high voltage of spirituality is shut off, but each one of us has the switch in our own control to use as soon as our physical body has been attuned to its higher vibrations.

How can this be done? By cleansing the body of the debris resulting from accumulations of food waste and body waste which prevents the proper assimilation of nourishment and the elimination of the end-products of digestion and metabolism. Then nourishing the body with the live, vital foods found in an abundance of fresh raw vegetables, fruits and nuts, and supplementing these with as much fresh raw vegetable juices as we can possibly drink every day of our lives, will accomplish this.

What are the devitalized foods? White flour and sugar products, cereal and grain products, pasteurized and processed food stuffs in which the vital or life principle has been destroyed. These are the cause for the downfall of man. So long as these are fed to the masses, sickness and disease of mind and body, war and devastation, unhappiness and failure are bound to follow.

Raw vegetables and fruits, and the fresh raw juices of these are the only means by which man can rebuild and regenerate his body and mind so that character, personality and spirituality will clear his path to success, security, happiness and peace of mind. Health is the treasure, the pearl beyond all calculable value. When we have learned to calculate the value of wealth in terms of Health, we will then have achieved the pinnacle from which, bathed in spirituality, we become an inspiration to ourselves and to everyone with whom we come in contact.

THY KINGDOM COME

Edited by

This volume is a serious attempt to make plain the puzzling references in the Bible, relating to the Second Coming of Christ. The chaotic world conditions of today are rapidly drawing these old prophecies into the sharp focus of positive recognition.

P R E F A C E

The matter contained in this book will, no doubt, appear as "foolishness" to many of our ultra-sophisticated and hard-boiled citizenry, who have overlaid their spiritual integrity with the lethal pleasures of material ease and worldliness. To those having an awakened spiritual consciousness, however, this book will prove to be a most wonderful source of illumination upon the affairs and conditions of mankind, during the next decade, and beyond to the half-century mark, which is the period covered, for the most part, by these Prophecy Letters.

The communicator is Emlitta King, a woman of great spiritual power and illumination, who passed into the Spirit World, on September 4, 1932. The remarkable spiritual affinity co-existing between her and her husband, alone, made it possible for her to record the events in the Cosmic Matrix, about to come into material objectification. The facts set forth were delivered to her, by "illuminated beings close to the Source of Truth", to be written into a material record, in order, as she says, in the closing sentence of her last letter, on January 19th, 1933, —"That all may have warning, and inspiration and courage to face the future."

These letters were received through the medium of automatic writing, through the hand of her husband, and have been set down exactly as given, without change of any kind, except the elimination of a few personal terms of endearment, which have no bearing upon the record, but which are highly evidential, as to her identity.

There are, in all, fifteen letters, received on consecutive nights; commencing with January 2nd, 1933, and ending with January 19th, there

being a lapse of two nights when nothing was received. The letters have been carefully reproduced in wording exactly as given. The style of presentation, however, in which they are offered to the reader, was adopted in order that the more important items could be easily read and referred to by any who are desirous of studying the prophecies with the Bible as authoritative reference.

A very careful reference to the Bible and the reproduction of all important matter contained herein, bearing upon the "time of the end", spoken of so often by the inspired Prophets of old, from Isaiah to Malachi; by our Lord, Himself; by the Apostles and writers of the New Testament—makes clear that the time of the Great Tribulation, of world calaclysms, and of our Lord's Second Coming, is right at hand.

The numbers appearing in the text of the Prophetical Letters, correspond to numbered paragraphs in the Biblical Appendix, thus making it a simple and most convenient form of study and confirmation.

I have, personally, verified the statements made in the Prophecy Letters, with corresponding extracts from the Bible. I believe absolutely in the identity of their author. I have known the communicator, personally, in life, and there can be no question of her mental, moral and spiritual integrity.

Therefore, I believe her letters to be of the utmost importance to the world at this time, and offer them to the public in a frame of mind sobered by the seriousness of the things that are "coming upon the earth in the latter days."

As I look out upon the confusion, fear and tremendous conflict of national interests; upon the isolation of nations by selfish laws; upon the injustice and insane scramble for power; the hoarding of gold; upon the greed and hypocrisy prevailing throughout the whole world at present,—I am thoroughly convinced that the "time of the end", as described in the Book of Daniel, in the writings of the Prophets and Apostles, and, as stated by our Lord, Himself,—is right upon us.

Many of the inspired writers of the Old and New Testaments were especially empowered to look ahead to this present time. They all most accurately record the conditions of blind confusion, the hypocrisy, the convulsions of nature, the running after false gods, the universal strain, distress, suspicion, jealousy, famine, wars, intrigue, defiance and distrust between nations and among the inhabitants of the world. These conditions are NOW clearly visible on every hand.

I am thoroughly convinced as I look out upon all these things, that a serious acceptance of all that is given in the following pages is inevitable.

itable to all sane, sincere, sober, thinking, reverent men and women throughout the world.

It will, no doubt, be asserted by many who will study the Biblical references to the Second Coming of our Lord, that the prophesies of Isaiah, and those following him, concerning the destruction so vividly and repeatedly emphasized—applies to the time immediately centering around those inspired servants of the Most High. They can point truthfully and with impressive verification to the fact that the Jewish Race of that time was especially designated for chastisement by an indignant God, and they can show that the punishment WAS visited upon the world and the peoples in those days, exactly as stated by those inspired ones who knew in advance and issued innumerable warnings that were not heeded.

All this is admitted in advance. But the visions of the Prophets of old not only foresaw, closer up, those hypocrisies for which punishment was immediately in store—they were also permitted to glimpse the TIME OF THE END, and they described the conditions as they shall be “in the latter days,” exactly as we find them to be today.

If God’s Chosen People were not spared for their iniquities in the time of Isaiah, or Jeremiah, or any of their successors,—we may be very sure and certain that everything with the soil of evil clinging to it in these times, when the chastisement takes place, as related in the Prophecy letters,—will, likewise, be fully and completely and utterly fulfilled.

The Bible is saturated with TRUTH. Sometimes it is uncovered and plain to be seen. Sometimes it is hidden in prophecy, or illustrated in parable. The TRUTH about the Second Coming, and the state of the world at the “time of the end” is just as clear, unmistakable, unescapable and compelling, even though we are caused to search for it, and do our own thinking and form our own conclusions.

The prophecies of Isaiah and his successors are almost invariably “double-barreled.” They warn of great calamities that are soon to overtake a stubborn and rebellious people. They also reach far out beyond the close-up punishment into the future, right to our present day and show, in clear, emphatic and unmistakable language, what shall happen to the great image of Civilization of which Nebuchadnezzar, the great king of ancient Babylon, was the HEAD OF GOLD. Our present highly “intellectual” and educated, but thoroughly rotten and unsound “civilization”—the MODERN BABYLON,—the “feet of clay” shall be smashed, by the fall of the GREAT ROCK, and utterly broken into pieces.

Read the Prophecy Letters with an open mind. Study the Biblical references to the “time of the end” and the Second Coming of our Lord. Meditate upon the conditions under which we live at present, Search

for the TRUTH. Do your own thinking and when you have found the truth, the truth shall make you free. Do not permit ridicule to prevent your seeking. For it is written: "Ask, and ye SHALL receive. Seek, and ye SHALL find. Knock, and it SHALL be opened unto you." This is a matter of most serious personal concern in a desperate world. Form your own conclusions after you have read all the evidence. DO YOUR OWN THINKING.

Pray for ability to see the truth. Pray for courage to acknowledge the truth after you have seen it. They pray for wisdom to ACT UPON IT, after you have accepted it. By so doing, you will be fore-warned and prepared.

De Witt B. Lucas

The numbers in the text refer to similarly numbered sections in the Biblical Appendix, following these Prophecy Letters. The matter so identified in the body of the letters, refers to the same thing in the Bible, which the Prophets of old foresaw.

The "time of the end" has been a theme running through every prophetic record from Isaiah to Revelation. Like a golden thread this "Time of the End" runs continuously through each Prophetic period, and is taken up by the succeeding "Representative" of God, and repeated and emphasized. Not only concerning the destruction to take place, but applying to the "new world" and marvelous conditions of Brother Love that would obtain in the world after the New Dispensation has been established.

It has been only during the past 25 years that many of the prophecies could be recognized and understood, because the conditions in the world had not yet assembled themselves into a "focal point" of well-defined clearness. Therefore it has been impossible to understand them.

After the Prophecy Letters were delivered and completed I, personally, took the Bible and went through it "with a fine-tooth comb" from Isaiah to Revelation, trying to DISPROVE the things given therein, but I was unable to disprove them, instead finding many things to CONFIRM AND EMPHASIZE THEM.

Readers of the book who encounter a series of numbers such as that in the First Letter (6-19-31-34-36-37-38-52) can readily turn to the appendix following the letters and read exactly what the various Prophets had to say on this same theme a long time ago. Or, the Appendix itself, containing ALL of the prophets' writing pertaining to the "Time of the End" can be read without troubling to open their Bibles.

DeWitt B. Lucas

(Note, to our Beacon Light Readers: As we are printing this volume serially, and you can not have the Biblical Appendix to refer to at the time you are reading the magazine installment, we are giving, at the end of this installment, a list of the Bible verses to which these numbers apply.)

THE FIRST LETTER

It is such a comfort to me to be again touching your consciousness in this direct, loving and intimate manner, without the necessity of any "medium" to work through. I am so thankful I have to tell you about it, my darling, every time I take your pen in hand.

And now, I wish to start the record of those very remarkable, inter-
6 Copies of this issue for \$1.00—Circulate them among your friends.

esting and almost unbelievable things, happenings and occurrences, that have been given to me, by very advanced spiritual entities who are closer to the Source, than any I have ever met before, —to record in this way for your own personal information and that of anyone you may wish to share them with.

First, I want to assure you that what I am to tell you from night to night is absolutely true. You know your very own beloved would never deceive you in the slightest, nor will I deceive you in any of those, to me, most astounding and world-breaking facts that will re-make mankind and civilizations on this planet, during the next fifty years.

I shall try to set down the record in proper chronological sequence, although I may forget things and insert them later, but with your loose-leaf system, you can always readily insert the fact just where it belongs.

During the troublous times to come, I will still be your very own wife, your comrade, companion, counsellor and informant. It will be a marvelous thing to work with you, my darling; so wonderful I can hardly believe the truth of my own good fortune. But in this, I have been definitely assured that I was taken from your side, my dearest one, for this very work. So, nothing ever happens by chance in either world, my darling. It was ordained that we meet just when we did, and part just when and as we did. It is a wonderful thing to see the working of the Providence of God, from this side of life.

And now Daddy dear, I have to start the series of facts composing this record, by setting down those close-up things that are just now emerging from the Cosmic Matrix, in accordance with God's Plan for the salvation of the world under Christ's rule.

OUR SAVIOUR IS TO COME TO EARTH AGAIN IN THE PHYSICAL VEHICLE INSIDE OF TEN YEARS. He will come in clouds and great glory, just as is recorded in the Bible. He will have His Disciples with Him, and will rule the world in equity and brotherly-love and justice. after the great cataclysm THAT WILL DESTROY NEARLY ALL OF THE PRESENT CIVILIZATION has taken place. These cataclysms are now rapidly taking place in the world. (6-19-31-34-36-37-38-52).

THE UNIVERSAL POVERTY IN THE MIDST OF GREAT ABUNDANCE: the hoarding of gold; the secret agreements among the statesmen of the world; the great floods and famines; the secret preparations for WAR, by every nation under the sun and the UNIVERSAL GREED AND RUNNING AFTER FALSE GODS,—all of which are clearly set forth in the Bible, will in the very near future come to an acute state
6 Copies of this issue for \$1.00—Circulate them among your friends.

that will engender universal suspicion and hatred. (2-5-7-14-23-25-29-
THIS WILL BRING ABOUT THE GREATEST AND LAST WAR,
 in which whole cities will be completely wiped out by poisonous gas
 and other horrible methods of destruction. And now, I will close this
 introduction. I hope you will let me set down regularly for the next
 three or four weeks, what has been given to me to pass on to you.

THE SECOND LETTER

It is again my rare privilege to set down the continuance of the prophetic matter which has been given to me to give to you, and which I am so proud and eager to do and also very thankful you permit us to do so and co-operate in making a permanent record.

IT HAS BEEN SHOWN ME, LIKE A MOVING PICTURE OF THE FUTURE, about to be released soon, that the relations of the different Governments of the world are to become more and more strained and intolerable. (14)

THE CULMINATION WILL TAKE PLACE ABOUT 1940 or 1941, when a great conflagration will flare up, and war will be declared by one nation upon another, and the whole world will become entirely insane and bereft of any sense, pity, reason or mercy. There will be a wholesale killing of people; not only military armies, but innocent men, women and children. There will be great destruction of life and property. A madness shall seize upon all but a few, who will be chosen of the Lord, to start a new dispensation after the chaos has been ended.

THERE ARE MANY SIGNS OF SECRET ENEMIES ALREADY IN ALL COUNTRIES, spying upon one another, and gathering information as to points of vulnerability. ALREADY CHINA AND JAPAN ARE FIGHTING, and it is going to be worse. It will probably be the spark that will eventually become the roaring flame of war. (19-31-34)

THE UNITED STATES WILL NOT BE DRAWN INTO IT AT FIRST, but it will eventually enter the holocaust and will force conditions that will bring an end to the fighting; but not until after great destruction of life and property, and many coast cities, such as New York and Boston and Savannah, and many others have, been completely destroyed, with their inhabitants.

ONLY A FEW CAN POSSIBLY ESCAPE FROM THE POISON GAS BOMBS that will be dropped down upon them. The cities in the interior will not be destroyed and CHICAGO WILL LIKELY BECOME THE CAPITAL OF THE UNITED STATES FOR A TIME.

THERE ARE BEING BUILT MANY SUBMARINES OF ENORMOUS SIZE that will carry aeroplanes and release them to fly over coastal cities and drop the poison bombs at night; but they will event-

ually be driven away by the Naval vessels and our own air corps.

THESE THINGS WILL COMMENCE TO COME TO PASS IN ABOUT EIGHT OR TEN YEARS, and the fighting will last three years and the whole world will be in the cauldron. BUT THE UNITED STATES AND ENGLAND AND CANADA WILL WIN, AND STAND TOGETHER, for it has been ordained that the English speaking people shall start the new civilization founded upon brotherly love and equity and justice,

I HAVE BEEN SHOWN THAT OUR LORD IS TO COME TO EARTH within twelve years. Probably at the end of the awful war, when only comparatively a handful of the people remain, and who will pray to our Father for peace and preservation and mercy; and that then, with the advent of our Saviour, in His body, the second time, He will make all things new, and a new civilization will be started at once, in which evil cannot exist for a THOUSAND YEARS. (33-39-47-48-49-51-56).

And now, my precious husband, I will soon bring this letter to a close. I am tired with the great effort to gather this information in the spiritual matrix and record it in the material medium. I am only giving you what I have received from advanced beings who are close to The Great Source. All I ask you to do, is to permit this record to be made and stand for future verification. I will try to get specific events that are to occur and record them in future letters.

I expect to have most of the work written into the record before the end of this month, if you are able to cooperate with us every night. Believe the facts as given. They are True.

THE THIRD LETTER

I am glad you are earlier on the job tonight, for I have been trying to gather my facts all day and prepare them into the best possible sequence for recording. First, my dearest one, let me tell you of my undying love and how greatly I am privileged to talk to you direct, this way, and how happy I am that you are willing to take down and preserve the facts I shall disclose tonight and other nights to come. For this letter, I wish to set forth some startling and outstanding events to take place in the first/ten year period.

AFTER THE GREAT WAR STARTS there will be great earthquakes and violent storms on sea and land; just as is recorded in the Book of Revelation. Whole cities will be destroyed and nationalities will be destroyed or wiped out. It will be a time of great stress, and every one in (35).

the world will suffer greatly, except those who have been chosen by Our

Lord, who are to be preserved and protected. (3-6-9-20-22-23-26-30-45-53-57).

✕ I HAVE BEEN SHOWN THAT GREAT LAND AREAS ARE TO DISAPPEAR and new continents will come up out of the sea; and great tidal waves shall sweep all around the world with great destruction and loss of life, just as is related in Revelation.

✕ *Then, when the fighting all over the world is at its height, there will come a GREAT ROCK out of the dark reaches of the sky, and it will smite the earth a mighty blow, just where the fighting is the most dreadful, and great armies will be destroyed in the twinkling of an eye. (17-18-26-30-53-55).*

✕ IT IS THE GREAT ROCK, PROPHESED IN THE BOOK OF DANIEL, that smites the feet of the Great Image and brings about the fall of modern civilization. It will be a great piece of some other world, AS LARGE AS RHODE ISLAND, and large enough to be seen for some days in the telescopes of the world. Its coming will be predicted and great excitement will prevail for several days. People will die of terror and fright, and great will be the distress and fear among all peoples.

✕ IT WILL STRIKE EUROPE, AND DESTROY NEARLY EVERY LIVING THING IN THE OLD WORLD. After it hits, all fighting will cease and great quiet and mourning will take place, and a universal prayer will be offered up by all the people who remain alive, for the Lord to come. Then will the Son of Man appear in the clouds in power and great glory, and immediately will the great work of reconstruction begin. (30-37-40-43-44-46-50).

✕ THE EARTH WILL BE DRIVEN A LITTLE OUT OF ITS ORBIT, a little closer to the Sun. Great climatic changes will take place, making the Northern and Southern hemispheres almost temperate, and bringing about a wonderful growth of vegetation that will benefit mankind. I think the Great Rock will smite the earth close to the end of the eighth year from now. (This would be in 1942 or 1943. D. D. L.) (11-27-44-46)

I said (in a previous letter) the war would commence "and continue for three years." Therefore, the great piece of planet should strike toward the end of the three-year period, in 1942 or 1943. IT IS VERY HARD FOR US TO TELL. But remember, when the war is at its most desperate and furious point, the great catastrophe will appear in the heavens. There "shall be signs in the heavens" the Bible says, and this surely will be one of them. (31).

I am tired tonight, my precious husband, for it is a great emotional strain upon us to have to see and record such terrible things. It depletes our spiritual forces and we have to rest. I want to say, before I bid you

a fond goodnight, my precious one, that fantastic as all this appears to you, it is absolutely true and will come into fulfillment during the next ten or fifteen years.

THERE WILL BE A NEW HEAVEN AND A NEW EARTH BROUGHT INTO BEING and people will be industrious, happy, honorable and loving. **THERE IS TO BE A GREAT CIVILIZATION ARISE OUT OF THE DESTRUCTION**, and the Lord of Hosts will be the King, and all things will be made new and clean and fresh. (12-17-46).

THE WORLD WILL BEGIN TO BLOSSOM WITH GREATEST ABUNDANCE; and science, and art, and literature, and mechanics will produce undreamed of wonders. Life will be good, and people will live to be very old, and all will know about the spirit-life and death will not be feared, but rather a cause for rejoicing. Eventually, death will not take place unless it is caused by some accident, and then it will not be feared.

NEW SOULS WILL BE BORN INTO THE WORLD THAT WILL FUNCTION LARGELY ON BOTH PLANES, and many other wonders of the Spirit World will be brought down to earth, and a **NEW RACE OF SUPER-MEN OR BEINGS** begun during the next hundred years. Watch and pray unceasingly. (11-12-13).

**Additional Note regarding the Second Coming,
Shown in the Pyramid Calculations**

The Bible clearly states and emphasizes the fact that the Son of Man Cometh NOT with observation. Hence, the influence of the **COMING PRESENCE** may be indicated in this important Pyramid Date.

It is certainly a fact that on or about September 14-15, 1936, there has been a decided aggressiveness in the Forces of Destruction and Evil, which is almost as though they had perceived the "Power of Opposition" coming into focus throughout the world and had, themselves, gone into greater effort to bring about the utter confusion of peoples and increase the hatred, defiance and autocratic domination of nations and individuals.

So it may be that the Pyramid Date DOES bear a most significant place in the "end time" as the **BEGINNING OF THE MARSHALLING OF THE FORCES OF HEAVEN TO COMBAT THE DESTRUCTION OF ALL MANKIND THAT SEEMS CLEARLY EVIDENT TODAY.**

The markings of the Great Pyramid, the various dates shown, and accurate synchronizing of important events WITH those dates, would seem to make it very clear and unmistakable, that **SOME GREAT MOMENT** had arrived, and that lines of force would proceed therefrom, that would eventually accrue to the benefit of the human race on this planet.

TO THE CRUSADER

The following was received just before going to press, from the author of "Tracings of Eternal Light":

"Dear Mr. Kullgren: I had not planned it, but while "tuning in" this morning the following came for you:

"Thou art standing a valiant one sounding the trumpet of warning and a knowledge that is power that shall come to earth. Thou art a son of the Ancients who knew the coming of the Star in the East, and again art ye of those who know of the coming of the great planetary traverse that speaks of the battle of Armageddon from on high, and ye shall behold it to the fullness.

"Elected on earth and in the midst of this shall ye stand sounding a trumpet for courage pointing out the illumined words of promise. Thy path then shall be a strange path for ye shall find thyself in many places, serving the order of the call with faith and endur-

ance. Ye shall find the true value in being then a comforter gently leading the sheep to a haven of understanding.

"Places shall be automatically offered for those who seek for guidance of the star. Light fulfills the high order of the day and the greater miracles shall surely come to pass upon the earth in that day of accentuated sifting.

"Lift thine eyes unto the high hill of Christ translation and ye shall be transported into a realm of power wherein ye shall learn the key to earthly functioning in days that are even now dawning upon the earth. Rejoice and let not your heart be troubled; ye have walked through dark shadows—the elements of treachery—and even have ye dealt with those who understood dark sentences and have dealt treacherously through word that gleams with false light. All this for a purpose that ye may know and discern.

"Let this be a word unto thee to speak fully a guiding word of Christ when He said: " 'I have redeemed the world.' " And remember He walked not in Jewry, neither did He suffer them to go unscathed by Word of Truth, for He said unto them, "Ye are a generation of vipers, a synagogue of Satan. Ye are not of my Father. Truth is not in thee.' "

"Are these words proving in the tests of time? Lift up thine eyes to the hills of Christ translation and read: "Be ye a comforter in the days that follow.' " Be not afraid to go forth in all the days that follow. Be not afraid to go forth in a day when all shall seem lost, for that shall mark the beginning of great redemption. Acknowledge the Word thou art—In Christ I Am the Living Son of God, I Am the Power and Light of Life to find dominion over all things. IN CHRIST I AM THAT I AM. Aum, aum, aum."

Things are rapidly coming to a climax, and surely we who know a little of the outlook can't help but rejoice even in the face of great tribulations.

It was grand of you to write so beautifully of my little book. I am

The above message is one of many we have received from different sources, the first of which came in 1908—and was so flattering that I absolutely disregarded it. That message was very lengthy, and spoke of writings and publications, such as I am now doing; but it seemed so utterly far-fetched and impossible that I could not accept it. Nevertheless, two thirds of that lengthy message has already come to pass. During the past ten or twelve years we have received a goodly number of messages similar to the above, sometimes from utter strangers, as in this case, a lady I have never met. The important part is that all those messages dovetail and confirm each other, and that none of them contradict. More important yet, they agree with and confirm the indications of my astrological chart. When I received the first message, I was not competent to check up, astrologically, although a student.

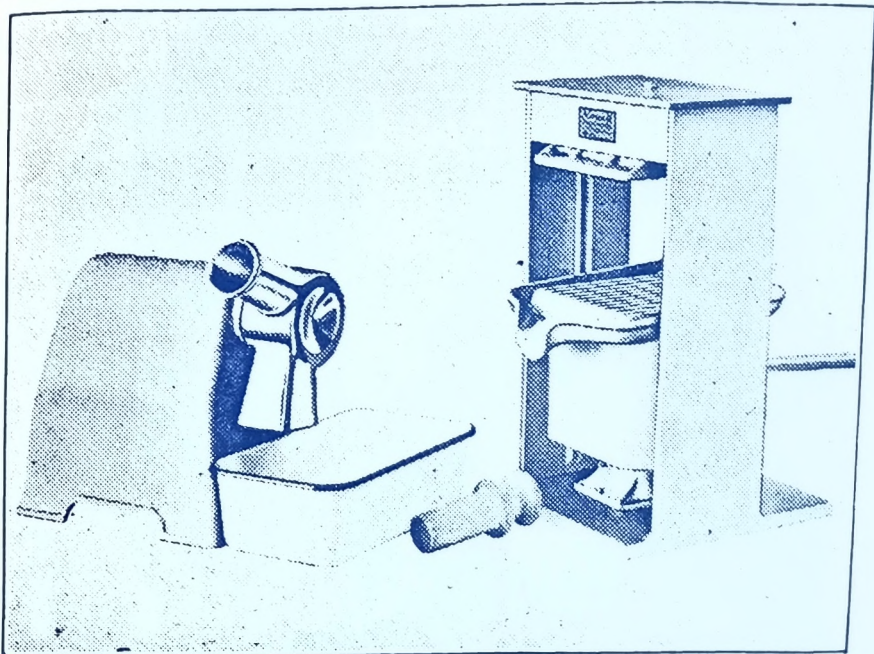

We have received about a dozen such messages during the past year, from all points of the compass; none of them from professional mediums, but in each case from individuals who through prayer and meditation have opened the door to contact the Great Ones who lead humanity.

Because I am so sure of myself and my mission, I have no fear; and people sometimes think my confidence is egotism. When one really knows, one speaks as one with authority; and those who do not know, usually resent those who do know. I have known from early childhood, before making any contacts, that I had an important mission to carry out; but only in the last dozen years have I had the realization as to the scope of that mission.

Then again, I have been privileged to see myself in past incarnations, always at the same task—a crusader for truth. All crusaders for truth are crucified, and I have been no exception. That was especially true among the early Christians in Rome, and again in England, at a time when it meant much to call oneself a Christian, or a Christ follower. And now in this incarnation, here in America, is the climax and culmination of centuries of proclaiming and fighting for the truth. I am proud of this privilege, and am prepared to pay the price, no matter what it may be; until I reach the end of the trail, and graduate from the school of life, I expect to be,

The Crusader.
