1940 WHAT'S NEXT

THE MOST OUTSTANDING ANNUAL IN AMERICA IN ITS CLASS

By Harry J. Gardener

This outstanding annual is now in its sixth year, and has a very wide circulation among enlightened people. This year, it is devoted largely to a combination of Pyramid and Biblical prophecies.

The first half of the book contains five articles by Mr. Gardener, starting with "1940 and You", based on numerology, blended with Pyramid and Biblical lore. Next is "World War Number Two", a very fine article based on Pyramid measurements. Following this, is "The 70 Weeks of Daniel", based on Dan. 9:24.

Then comes "The Miracle Workers", in which he shows that so-called miracle workers are merely people who have knowledge of cosmic laws. We especially recommend this article to all followers of the Ballard movement. The next of his articles is "The Closing of the Bottomless Pit", based on the Great Pyramid, blended with Bible teachings.

Your Editor has an article, entitled "Our National Salvation", which contains a special message to those who believe in the Anglo-Israel truth, as given in your Bible. My point is that Israel too will suffer for her national sins, and that we must clean house.

Barry O'Kent, in "The Roaring Forties", gives us the astrological picture, a very worth-while article. Last, but not the least, "Revelations of Joseph the Prophet", by H. R. Bangerter, a Mormon. This article alone is worth the price of this issue. We are in full accord with it, for it is in keeping with the ideas we have held for many years, unaware that the Mormon church had been giving these teachings since its origin. I want to commend the author, and the publisher, Harry Gardener, for presenting this fine article. This article may be the means of saving your life during the coming upheaval. It dovetails in very nicely with the Robenoff Vision, in our October 1939 number, and with that of Phoebe Marie Holmes in the January 1940 issue.

At the close of the book, is one more splendid article by Mr. Gardener, entitled, "Millions Now Living Are Already Dead." This article ties in with the prophetic vision of Phoebe Holmes.

To new readers, will say that **What's Next?** is very attractively gotten up, copiously illustrated, and makes a suitable gift for Christmas or other occasions; a present your friends will highly appreciate.

The Beacon Light - February 1940

CHATS

Well, apparently our January number, with predictions for 1940, came up to your expectation, judging from the number of reorders already, and this is just two days after Christmas; this morning's mail brings one from our friend Rogers down in San Diego; he says, "Boy, you really went to town on this January issue. I think it is splendid, and I hope you will get lots of these spread throughout the country."

One subscriber ordered 100 a week before Christmas, and on Christmas Day sent a check for another 100; "go thou and do likewise." I can assure you that your time for opportunities for missionary work is much shorter than you realize.

In this issue, we have given you a lengthy article on Germany. We have severely criticized Germany and her tactics in the past, especially in our number a year ago, entitled GERMANY; but we believe in giving credit, even to our worst enemy, for what virtues they possess. All evidence points to the conclusion that Germany is not responsible in this war; that doubtful honor belongs to England, due of course to her Jew control. She has set in motion, forces which will shatter the Empire; Britain will lose huge territories before the conflict is finished, even though it should end tomorrow. India, South Africa, Egypt and Ireland are dynamite.

Let us make a resolution, to enlist for service of enlightenment; because only enlightenment can prevent a tragedy in America. Ours is an educational program, conceded by some of the best minds in the nation to have practically no competitor in its field. It is my own realization of responsibility that makes me drive myself so hard, and which resulted in my breakdown. Even after the stroke, I have never really rested; never worked less than 6 hours, even the first day; and at present am averaging a 12 hour day.

Your best protection is an enlightened neighbor; for if he doesn't

know the real facts of the present mess in America, he will be your enemy when civil war breaks out, which it will; so it's self protection.

Bound Copies: We are having bound a few of the 1939 Beacon Light volumes, and the price is \$3.50. They are hand bound. We have turned down quite a few would-be purchasers of certain numbers of 1938, especially the March number on preparation. We still have a few bound volumes of 1938, and one each of '33, '34, '35, '36 and '37. Many times you will need the information in these back numbers, during the coming conflict. That is especially true of the 1938 and 1939 volumes. While they last, \$3.50 per volume.

Make a New Year's Resolution that you will get at least one new subscriber per month for The Beacon Light during 1940. We depend very largely upon our readers, because we are taboo in so many places. Organizations are afraid of the truth in a general sense. That's why the most advanced souls are invariably rugged individualists, and not bound by organizations. But don't misunderstand me; many organizations are doing fine missionary work, up to a certain point. Most of the organizations I know frown upon at least one fundamental law of life, some of them even ridiculing them; and yet, they are laws, not opinions. So you see an organization can be a sort of strait-jacket. When you join organizations, take as your motto, "I will follow wherever the truth leads me", or, "Prove all things, hold fast that which is good"; and I can assure you those mottoes will lead you into trouble. That's why the Man of Galilee was crucified two thousand years ago; and so will you be.

To come back to the January number; we have had a re-print made with a new cover, without a date line, and on the front is a list of the leading articles. This enables us to sell them throughout the year, without the stigma of the month—January—on it.

Here is a suggestion: Why not get six or a dozen copies and place them with your local merchant? If every reader would send \$1.00 for 6 copies, and place them in this manner, it would mean a wonderful boost for The Beacon Light in new contacts. Won't you do this, for us and the Cause?

In 1933 and '34, I lectured in Los Angeles at least once a month, in connection with the Silver Shirt movement, to which I then belonged. We had good audiences, of the right type of people. We were really going places. But Mr. Pelley himself sabotaged the whole movement. We had several thousand followers in Los Angeles; most of those people, ever since, have more or less lost confidence in organizations, because of what happened. Some have become bitter and cynical as a result of that experience, which is most unfortunate

I saw the drift of things, and I warned them not to lean on individuals, but rather to anchor themselves to principles and laws.

Ever since those days, many of these old-timers have dropped in, and asked me to pick up where they left off at that time; that is, to establish a Beacon Light center in Los Angeles. We were giving this very serious consideration, prior to our breakdown due to overwork. Strange to say, the demand has increased tremendously in the last six months. Most of the Utopian schemes for the salvation of America have now come to an end; of course there will be others. And I really believe we have a better chance to establish Beacon Light clubs or centers than ever before. People are beginning to realize that you can't get something for nothing—that's what most of the movements have been promising. In Los Angeles alone, among my personal acquaintance I know hundreds who are looking for a spiritual home. Some are sold on the Israel message, but like myself they feel it is not complete. Some are astrological students, but feel there are other things to take into consideration—and there are. Then there is a large and increasing group who are studying the money question; and this is fundamental also. Then there are large numbers following the various pension plans; and this question can not be ignored either. There are the anti-Communists, and the anti-Jew, and so on.

Now each of these groups have only a part of the picture. As far back as 1933 we tried to establish Beacon Light centers, with a Beacon Light lecture bureau; now I am wondering if the time is ripe to carry out this program. We are in touch with well informed men on these various subjects all over the country, and these men are rarin' to go. Dr. Dequer, of Chicago, is one of the best all-round men in the field, and more akin to our own ideas than any other we know of; Charles Phillips, of Lincoln, Nebraska, is a very close second except that he does not take in the astrology. We have Sy. Foster of the Liberators and Andrae B. Nordskog, two of the brightest minds in America on the money question; then there are Johnson, of Texas, Deatherage, of West Virginia, Clark, of Washington, and many others in the anti-Communist field. Among the men who are preaching the Kingdom message are some very bright minds; Rogers, of San Diego, Record, of Los Angeles, and many others.

Then the realm of health must not be ignored. Here we have a very rich field to draw from; and I may say that the chiropractors, osteopaths and naturopaths are among the best boosters of The Beacon Light. Indeed I may say they have done more than any other class

for us. Perhaps the reason is that they are listening to the voice of nature and have less of the artificial. Dr. Walker, of Los Angeles, probably knows more than any other man of the country on juice therapy. Dr. Cottam, with his system of Craniopathy, has a marvelous message for the world, and explains it in a clear, understandable manner. Our good friend, Dr. Empringham, of the Health Education Institute, has a vital message for humanity.

In other words, we are not merely fighting evil, we are presenting a working program of health on all four planes. We have mentioned just a few of the many names available. Now the point is, how many of you people would come to these meetings if we established them in Los Angeles? I would endeavor to give you one talk a month, and I may say we have enough speakers in Los Angeles alone to give you a lecture every night of the year. I say there is a big need for a movement such as we have in mind; the question is, how badly do you want such a meeting place? Any work I do in the future has got to be at a slower pace; not working all day and then sleeping in my car a couple of hours and on the road again, something I have been doing for years, and for which I am now paying the price.

You people in the Los Angeles area, write me a brief letter as to what you think of the idea, then say what you are willing to do to contribute toward its success. For a start, my idea is a meeting on Sunday afternoon or evening, possibly at one of the Embassy halls; then if the idea goes over, week night meetings could be added. The point is, if we are ever going to do it, it has got to be done now, before the crash. The crying need in America is for a complete wheel of truth; at present we have a lot of disconnected spokes, and that is why we are divided. For instance, no message is complete without the Israel teaching: that we are part of the ten lost tribes. That is absolutely fundamental, and can not be ignored. But the Israel people must learn that there are other laws, of equal importance, in our Christian Bible, as well as this. The thinking element of America must throw overboard their prejudices, and be receptive to Truth, from whatever source it may come; and the ultimate goal of this center or centers would be to present a political platform based upon the laws of God. All man made laws have failed, so why not give the laws of God a chance? I am sure the result will be different.

None of these groups I have mentioned can succeed single-handed, but when we bring them together the result will be different. The men whose names we have mentioned will receive a copy of this, and I want them to consider this a personal letter, and to sit down and write

me, giving your reactions: whether you are willing to co-operate. Remember, Los Angeles is only our starting point, we have the whole nation to cover; for we would organize a lecture bureau, sending those competent throughout the nation. We have the nucleus of a national movement already, in our Beacon Light readers all over the country. We would have The Beacon Light as a monthly vehicle, and eventually AMERICA SPEAKS as a weekly.

The chart of the United States indicates that the nation is in the balance. A movement such as I have described can swing the country back toward the center; but the present trend is chaos, death and destruction. I am particularly anxious for one man, with good platform appearance and delivery, to take charge of the Los Angeles center; preferably a man with good Biblical background but with an open mind and broad sympathies. In fact, we want one in every city and village in America. This is a wonderful opportunity for men and women who love their country and want to prevent violence. Our program is not based on force, but rather is an educational program; showing what is wrong, and how to right it. The people will do the rest.

If we work fast enough, we could have candidates for the House of Representatives and Senate, in fact all political offices to be voted on at the coming election. To the astrologer, we say you need protective legislation; we are for it. At present you are drifting toward annihilation, believe it or not. Again I say, we are presenting a wonderful opportunity for service, for those who can qualify; but due to the long years of stress and strain in pioneering these ideas, we can not do it alone, or would it be desirable if we could.

Now, speak up, or forever hold your peace; in the meanwhile, I expect to hear from you.

Errata: The copy for our January magazine was prepared in November, at which time we passed through a rather severe upheaval, at a time when I needed a well poised mind. But, perhaps it would have happened anyway—that is, there were two mistakes in that number. First, the price of Mr. Beutel's book, "The Law of Manifestation", should have been given as \$2.00 instead of \$2.50.

The second mistake is more serious; we made a mistake of one hour in the time of the lunation of January, 9th, which of course would modify our findings. Not being much of a mathematician, I am usually very careful in checking my figures because I know my weakness, and don't know how this thing happened; but it did, and they say confession is good for the soul, so here is mine.

THE LUNATION OF FEBRUARY 8, 1940

In this lunation we have Sagittarius on the ascendant. The Sun and Moon are posted on the cusp of the 3rd house, and within orb of a conjunction with Mercury. So with the 3rd house so strongly emphasized, a sort of Gemini-like activity will prevail. The 3rd house represents the lower mind, commercial activities, news, short journeys, etc.; so this lunar period should be a very active one, with considerable activity in the business world, in spite of the fact that it is the coldest month of the winter, which naturally slows up activity in many lines.

Additional testimony comes from the fact that these planets are sextile or in good aspect to Saturn Mars; but we must not lose sight of the fact that they are exactly square, or adverse, to Uranus; and Uranus is posted on the cusp of the house of labor, the house of sickness. It is quite possible that this combination will bring about a tie-up, through strikes, in industries ruled by the 3rd house; transportation, printing, publishing, etc.

As we mentioned last month, labor policies are changing, because of the unfavorable impression that the strikes and their method of conduct have made on the public. Uranus on the cusp of the 6th indicates changes; divisions; split-ups. The thinking element is going one way, and the direct action group is going another way.

Another effect of this Uranus will be sudden and drastic changes in naval policy, possibly due to the observation of battleships in action during the present conflict. We predict that the old-time big battleship group will be sidetracked. You will hear less talk of floating fortresses, and more talk about airplanes.

A feeling of restlessness and change will affect the personnel; sabotage by Communist cells will take place; but unless very serious you will never hear of it. There is a strong possibility of the loss of an American ship. The shipping industry as a whole will be jittery, and the maritime workers are a smoldering mob of discontent, which will eventually burst out into flames. This discontent is too deep-seated to be easily brushed aside. Already San Francisco is on the verge of bankruptcy due to their activity.

There will be considerable activity in our domestic affairs, as evidenced by the grouping of planets in the 4th, especially Venus and Jupiter; and the latter is ruler of the ascendant, indicating that our people are less concerned with foreign affairs, and more about our own back yard, as it were. You will hear a lot about housing schemes,

6 Copies of this issue for \$1.00—Circulate them among your friends.

and there will be considerable activity in the building line. The question of old age pensions will receive considerable attention at the hands of Congress. In my opinion Congress will not adjourn until something definite has been done regarding old age pensions. The country as a whole concedes that the old folks should be taken care of, and this sentiment will crystallize in the actions of Congress; but the fantastic schemes of \$30 a week or \$200 a month will receive scant consideration. We look for the enactment of a law giving about \$50 a month to those past the age of 65 who are in need, and I do not think the level will be brought below that age at this time; even that will be a considerable strain upon the country as long as we function under the present system of banking, in which Uncle Sam farms out his rightful function of coining money, to the subsidiaries of the House of Rothschild. You are going to hear considerably more about the money question in the near future than ever before, because it is the crux of the whole situation. We believe a strong effort will be made in Congress during this lunar period to settle the old age question.

Yes, we are going to have plenty of rain again this month; more than enough in some parts of the country, for heavy floods will prevail. Mars in Aries, its own sign, and in the 4th house conjoined with Saturn, will affect both the 4th and 5th houses because near the 5th. Certainly it will stimulate military activities and preparedness; and we believe the motion picture industry is going to wake up with a large sized headache before the month is out.

There is possibility of a disastrous fire in a school or theatre, from this Mars-Saturn 5th cusp combination, with considerable loss of life; for as you will note, Mars-Saturn is exactly square to Pluto in the house of death. This is a good time to stay away from night clubs, for there will be a good deal of criminal activity and many deaths, with sordid vice conditions. The Mars-Saturn-Pluto combination is very similar to that which prevailed at the beginning of the present European conflict. There will be an unusual amount of death through violence during this period.

The Venus-Jupiter is right in opposition to Neptune, on the cusp of the 10th house. There will be revelations concerning the President and his official family that will leave a very bad taste in the mouths of the people, especially pertaining to foreign affairs; revelations concerning the propaganda machine now in operation. There will be a lot of squirming in the official seats at the national Capital. Congress will have an unusually inquiring mind; they are very curious

to know the inside facts of some of the activities of the President, but more especially of Secretary Hull. The question of the treaties made by Secretary Hull will provide many embarrassing moments for the administration. If space permits we will have more to say about Secretary Hull and the indications of his chart, but I am afraid we are going to be crowded again.

The word "Democracy" is going to stink; and you will hear more about Americanism, and the Republic of the United States; for revelations will be made showing the people just what Democracy is. So, to sum it up, while there will be some very hectic happenings, and, I may add, considerable sickness, crime and disasters, from the standpoint of real Americanism the chart is very encouraging, because the country is going to acquire a lot of facts pertaining to our national life, and the things that have been going on under cover. The sum-total of these revelations will be rugged individualism in the ascendancy, and democracy in the decline. Democracy, of course, is mobocracy, and is not even distantly related to Americanism. Democracy means the mob ruling the nation's business; that's what the New Deal is, in essence, and now they want democracy in business; in other words the mob wants to run your business.

The history of the world shows that Democracy has always destroyed the country in which it got a foothold. Ladies and gentlemen, I offer you Exhibit A in Democracy: Soviet Russia. So when you yell for Democracy, that's what you are yelling for; and the Democratic New Deal party is grafting the same system upon us here in America.

YOU AND YOUR ASPECTS FOR FEBRUARY, 1940

The fiery Mars will remain in its own sign, Aries, until the 17th; and again it will snap those Aries natives out of their doldrums due to the presence of the stagnating Saturn for the past 2½ years. In addition, Jupiter is now definitely in Aries, from 6 to 12 degrees. This combination not only stirs the Aries people, but will stimulate the country as a whole; so we may expect to see action right along the line. And as mentioned in the lunation, this Mars-Jupiter, also Venus, falls in the 4th house. The 4th house represents our domestic affairs; farming, building, mining.

Aries is a pioneer sign, Mars the planet of dynamic energy, and Jupiter the planet of expansion; in plain English, considerable activity along the lines we have indicated. Then the things and people

6 Copies of this issue for \$1.00—Circulate them among your friends.

ruled by Mars and Jupiter will be very active. Mars, of course, rules steel and iron. In a general sense Mars and Aries represent military affairs; armaments. Of course this combination of aspects applies not only to the United States but the whole world, although more especially to the countries ruled by Aries, such as England and Germany. In the latter country Mars forms a rather ugly combination around the first of this month, for it is conjunction with Uranus and square to Pluto and Venus in the 112th house of the Third Reich chart. That's a rather serious combination, and it opposes Hitler's Uranus from the 6th and 12th; watch your papers for a serious situation in Germany the first few days of February. However, only a fraction of the news will leak out, and will then possibly be colored; war makes first class liars of individuals and nations. But you may rest assured that serious trouble will develop in Germany at that time; the country is not united on the war. More trouble will develop when Jupiter crosses that point toward the close of March; try to read between the lines of the news.

However, this is somewhat of a digression. Briefly, you Aries natives should prepare for expansion in your affairs; also you Leo and Sagittarius natives, and to a lesser degree the Geminis and Aquarians. The Libras had better be somewhat circumspect, as they get the opposing rays of this combination; and the Cancers and Capricorns get the square angle.

Saturn will still be in the last few degrees for another six weeks or more; so if you were born from the 15th to 20th of April you will still have Saturn sitting on your chest.

The positions of Neptune, Uranus and Pluto are the same as last month.

The month opens up with Venus sextile to Uranus, which will help to settle any prevailing strikes that are in progress at this time, because Uranus is posted on the cusp of the house of labor. Watch your papers and see the amount of peace talk that prevails.

But unfortunately, Mars is square to Uranus on the 4th, and the Sun on the 7th, which will undoubtedly bring fresh labor disputes. Then on the 9th we have Mercury favorable to Saturn; but unfortunately we also have Mars conjunction to Saturn, right on the cusp of the 5th house. This is a very critical influence for the theatrical and other amusement professions; and the Moon will cross that point on the 13th; watch your papers.

On the 15th the Sun is favorable to Saturn, one of the most con-

6 Copies of this issue for \$1.00—Circulate them among your friends.

structive influences of the whole month; push all your affairs under this influence.

On the 20th we have Venus conjoined to Jupiter, a good shopping influence the early part of the day; the 21st is better still, with many good lunar aspects and Mercury favorable to Uranus. This is an excellent day, especially from noon on.

On the 25th we have the Sun favorable to Mars, an energizing influence which is conducive to and will produce much activity.

Under no conditions sign papers on the 26th, with Mercury opposed to Neptune.

THE UNITED STATES IN 1940

A glance at the chart of the United States for this year reminds me of a pamphlet put out by one of our co-workers; it is entitled "The Program of Confusion"; 15 pages, equivalent to more than 30 pages of *The Beacon Light*, all for the sum of 10c. We have about a dozen copies on our shelves.

Now whether you use the Gemini or the Libra chart it makes very little difference; this program of confusion is symbolized by the progressed Sun square to Neptune. In the Libra chart it affects the 3rd and 12th houses; and in the Gemini chart, the 7th and 5th. Neptune is the planet of confusion, chaos, intrigue, deception and propaganda. At the coming election, Utopian or Neptunian schemes will flood the country. Less than 1 per cent of them will be worthy of your consideration; so you see how careful we will need to be. And incidentally, the aspects of the progressed Sun for many years to come indicate that we are certainly going through the wringer; and the Lord knows we need it. Nothing but a terrific crash will ever bring the American people to their senses and back to reality.

From the standpoint of business, we will have one more splurge, for that's what it is. There will be a limited prosperity in certain lines; this will be more in evidence during the second half of the year than the first. And if I were asked what is the best line of business to concentrate on during 1940, I should without hesitation say mining, for there will be tremendous activity in mining. This condition will extend over into 1941.

The building trades, in all their branches, could have a very big and prosperous year if the unions would permit it; however, in any case there will be a lot of building. Through the haze of confusion and propaganda, the people will begin to think in terms of domestic affairs as they have not done for a decade.

With the progressed Moon passing through the sign of Aquarius, the strides of aviation will be phenomenal. This is an extension of what was in operation during 1939, except that this year will be a sort of climax. To the young man leaving college, looking for a career, I would say, If you can qualify, aviation is your best bet; for before this year is out you will see the greatest boost in this industry in its history. The country will suddenly wake up to the fact as I mentioned in our lunation, that airships, and not battleships, will save America.

One of the questions we are most frequently asked is 'Will Roosevelt stand a chance for re-election? I can only give you my opinion based on my judgment of the situation, astrologically and otherwise. With the tactics that are evidently beginning to take form, it is not impossible. If we knew just how many candidates will be in the field, how many parties, and who the contenders were to be, we would have a better idea. Of one thing I can assure you; The Democratic Convention will be a big surprise to the country, at which time Mr. Roosevelt has his progressed Moon adverse to Pluto and opposed to Mercury—that is, assuming they will meet in June or July. The progressed Jupiter in his chart forms a similar aspect from the 9th house, therefore Mr. Roosevelt is likely to indulge in some very questionable methods to attain his ends. There is a strong possibility of history repeating itself in the Roosevelt family, with Roosevelt at the last minute throwing his hat in the ring as a leader of a third party that will embrace all the left wing groups—which may possibly enable him to get in by a slight margin.

However, there is another possibility; by bringing this country into the European conflict he can as a war emergency measure postpone the election and remain in power. Something different is going to hit the country between now and election day. Roosevelt is still strong with the country, and a national emergency would throw the balance of power his way again; and these Pluto influences lead me to believe that some scheme is being cooked up. Let me quote from *The Influence of the Planet Pluto*, by Elbert Benjamine, a work by the way which we recommend to all astrological students:

"Pluto when afflicted tends to split a group into two rival factions." That's exactly what's going to happen to the Democratic Party: Roosevelt will complete what he has already started, namely, the wrecking of the party.

Saturn will be exactly square to his Sun on election day, from the

6 Copies of this issue for \$1.00—Circulate them among your friends.

8th and the 5th. He could scarcely hope to win in an honest-to-goodness election; but this won't be an honest election, if there is one. And Jupiter is within orb of a similar influence, and also within orb of a conjunction with Neptune, and square to his Venus and Saturn. This is involving the 8th house very strongly. He is going to be disappointed at the support he will get from legitimate banking and financial institutions; his support will come chiefly from questionable propaganda sources. Frankly, I have very little faith that the coming election, if held, will benefit the people. The common enemy is playing with marked cards, and I do not hesitate to say, as I analyze both Roosevelt's chart and the chart of the United States, that it will be the dirtiest election in the history of the country. Again let me remind you that the progressed Sun in the chart of the United States is square to Neptune.

I am more interested in the candidates for Vice President; for in my opinion it is of more importance that the man elected to the office of Vice President be a real American, than the man elected to the Presidency, for he will have a very important role to play; this of course assuming that the election will be held, of which I personally don't feel any too sure.

Mars, the war lord, forms a conjunction with Uranus in Roosevelt's chart around the middle of September, and forms a powerful trine to Neptune and Jupiter. This represents behind-the-scenes planning and working. And again let me remind you that Neptune and Jupiter are in the 8th, which would represent the international banking fraternity. Watch for some developments at that time which will change the trend of things. Then the first week in October Mars will square his Mars from the cusp of the 1st house and Mars in the 10th, but also in trine or good aspect to Pluto in the 9th. In a general way this indicates some tricky moves in September and October. Another step will be taken around the 23rd, as Mars comes up to a powerful trine to his Sun. With so much Neptune and Pluto smoke around, the election will be decided from behind the scenes; and if the election does take place, the poor voters, with the exception of about 10 per cent who know the real story, will be so befogged and befuddled that they will not be able to think straight, therefore not able to vote straight. They are likely to be stampeded at the last minute without being able to find out the facts behind the statements made.

Uranus, Roosevelt's ruling planet, is within orb of a conjunction

6 Copies of this issue for \$1.00—Circulate them among your friends.

with Pluto in the 9th house, indicating that powerful plutocratic forces from abroad will play a big part in the issue. It's a brave man who would attempt to say Roosevelt would, or would not, be elected; it would be necessary to have the charts of the other contenders. But in the October Beacon Light we will sum up the situation from the charts of the various candidates. However, I am inclined to think that John N. Garner is going to be a powerful contender; and like Mr. Roosevelt, with his Jupiter and Pluto in the 8th house, he stands very well with the banking fraternity; powerful combinations; and he will easily be the second choice of the Synagogue of Satan.

Just one more thought on the election issue. The month of April has played a very important role in the affairs of this nation; and in April of this year, we find Mars in conjunction with Uranus in the chart of the United States. In the Libra chart it will fall on the cusp of the 9th house, and in the Gemini chart right on the ascendant. In any event, look for some sensational action at this time. And there is a solar eclipse involving this point at the same time. Briefly, the country will receive a number of shocks.

Just another thought: As we analyze the chart of the Winter Solstice, we find the Moon applying to a conjunction of Uranus. Now all these Uranian influences lead me to believe—and this is written in December—that as soon as Congress convenes there will be a powerful demand to break off diplomatic relations with Russia. Russia is ruled by Aquarius, and the Moon in the 1st house represents the people of the United States; therefore the people are going to demand, through their representatives, that we sever a connection that should never have been made. In view of the facts of the case, it is the most criminal act the country—or rather we will say Mr. Roosevelt, for he was the prime mover—has ever indulged in. In our opinion the agitation that will be started as soon as Congress convenes, will bear fruit. Watch out for the middle of April in this connection.

The Dies Committee: Another factor that will stir up trouble with Mr. Roosevelt in connection with Russia is the report of the Dies committee. Martin Dies was born November 5, 1901, according to data, in Liberty magazine. He has Mars in conjunction with Uranus in Sagittarius, one is 15 degrees and the other 16 degrees, so you see he packs a lot of dynamite normally. This falls in Mr. Roosevelt's 3rd house and exactly square to his Uranus in the 12th; and when you realize that Uranus has been opposing Mr. Dies' Sun at birth, especially when the committee was appointed, you can see why Mr. Roose-

velt, working through official channels, has done everything to douse this threatened conflagration; and to make it more impossible, Mr. Dies has his Moon in Virgo, applying to a conjunction of Mr. Roosevelt's Uranus in the 12th. You can see from this combination that Dies is rather intuitive, very analytical, and a fighter. And this Mars-Uranus in Dies' chart is sextile to the Moon and Saturn in the chart of the United States. In other words, Mr. Dies is a patriotic individual; he is interested in the welfare of his country, and right or wrong, he is going to state his opinions according to his judgment.

Just another indication: Mr. Dies says he is a great admirer of Roosevelt...I am not so sure that this admiration is 100 per cent, because his Jupiter is right in opposition to Mr. Roosevelt's Moon. And again I say, while I don't agree with all Mr. Dies' conclusions, he is more interested in the people than he is in Mr. Roosevelt, to say the least. Furthermore, Mr. Dies' Sun is exactly square to Mr. Roosevelt's Sun and opposed to his Neptune and Jupiter.

Now in our opinion a desperate effort will be made to smear Mr. Dies beyond redemption. Unfortunately the Liberty article does not give the hour of birth; if you can supply it please send it in to us. Judging from his picture I am inclined to think he has a fixed sign on the ascendant, possibly Leo. However, you astrological students will understand from the rough sketch I have given that Dies is going to cause plenty of trouble to Roosevelt and to Russia.

As I view his planets and Garner's chart, I find him very much more in harmony with Garner; and I expect him to throw in his lot with him. One of the chief indications is his Jupiter on the cusp of Garner's 5th, applying to a conjunction with his Venus; again, his Mercury and Sun are on Garner's ascendant. The set-up is not 100 per cent, however I am satisfied that he will travel that road. In this pen picture, I am trying to give you the high-lights rather than follow a consecutive picture as it unfolds in the chart of the Chief Executive or of the nation.

Another individual who will play a very important role, is Secretary Hull. Last year it was Madam Perkins who rocked the boat, with her communistic tie-up. Incidentally, today's press announces that her pet communistic Jew, Harry Bridges, has been acquitted. It was a foregone conclusion, with the dean of the Harvard law school as judge or arbitrator. However, I am glad, because the evidence submitted at the Bridges trial was pretty conclusive to all patriotic citizens endowed with the elements of intelligence. Powerful groups will

sift this matter and march on Washington with the facts. All these events are crystallizing public opinion better than anything any of the anti-Communist workers can say; which reminds us of the saying of the immortal Lincoln, that you can't fool all of the people all of the time. Briefly, the New Deal is and has been an insult to the intelligence of the nation.

Secretary Hull is a Libra, with Libra rising. With such a powerful Libra influence, he is a dyed-in-the-wool pacifist, a man who would carry it to such extremes that his peace would be worse than war. Then again he has Mercury conjunction with Venus, which increases that tendency; a peace-at-any-price man. So he is ladling out the nation's treasure for pretty promises from other nations, which don't amount to a damn. You can judge how stable his treaties would be, with Neptune in the 7th, the house of partners; they are taking him for a ride. The indications in Mr. Hull's chart are that his bubbles are all going to burst right in his face. Incidentally, he has Saturn in opposition to both Venus and Jupiter in the United States chart, and applying to an opposition to the Sun; so you see his schemes would bankrupt the nation.

Mr. Hull is in for a tough time, and is going to do a lot of damage to his boss indirectly. Hull has Uranus coming up to a square of Saturn and opposing Mr. Roosevelt's Venus, in Mr. Roosevelt's house of hopes and wishes, and he has Mars in Mr. Roosevelt's 4th, and favorably aspected to Uranus, Neptune and Jupiter, in houses 8th and 12th, that have to do with abstract thinking; behind-the-scenes planning; powerful banking groups.

Additional testimony is Jupiter sextile to Mr. Roosevelt's Pluto in his 9th, which rules foreign affairs. So they are tied together with pluto-cratic individuals in foreign countries. But Mr. Hull also has his Saturn in Mr. Roosevelt's 4th; two malefics in the 4th, not good, exactly in opposition to Mr. Roosevelt's Moon; and his Moon in Leo, afflicting Mr. Roosevelt's Saturn, Venus, Sun and Neptune. So there is not the complete accord from a personal standpoint; but they are both playing the same game.

Hull has a square from Saturn and Jupiter to his Uranus, that powerful combination we spoke of last month, involving the 7th and 10th houses. There is going to be a violent explosion in Congress over the insane Hull policies; and although there is a lot of talk about Hull being presidential timber, this influence isn't going to get him very far in that direction; in fact he's definitely out. This planetary

configuration will be a tremendous strain upon his health, and will more than likely result in a breakdown. The Hull treaties will be another major issue in Congress this year. The agitation will increase until they are repealed; and we are definitely going to break with Russia. And should the European conflict continue, a break with Germany is imminent. If this happens, and I believe it will, expediency, not friendship, will compel Russia, Germany and Japan to pull together.

Congress will resemble a hornet's nest throughout 1940; but we shall have to give you the details of the fight in our monthly forecasts. Briefly, the American public is going to get the lowdown of what has been happening ever since the New Deal went into power. And if we had a free press, which we haven't, Roosevelt and his whole New Deal program would be scrapped. It behooves you Americans, as never before, to read your Congressional Record instead of your newspaper. We have quoted the Congressional Record extensively in the past, and have been called a Fascist for so doing; but you will admit that when I go to the Congressional Record for my information, I am going to the fountain head, an authoritative source.

Fellow citizens, I want you to realize the duties of citizenship as never before. I hope some of you will be touched to give us the necessary finance to flood the country with copies of AMERICA SPEAKS, giving facts as supplied by government officials and members of Congress; giving you the low-down on the gang that's yelling for "democracy".

Our country is in danger; it needs your help. The picture ahead in 1941, '42 and '43 is even more menacing; but the extent of the damage to our country depends upon the action of her citizens. God has blessed America beyond any country in the world; yet through indifference we have allowed the wrecking crew to come in. And now the time has come to drive the money changers from the temple and from the seat of government, and to re-establish the Republic of the United States of America—**not** a democracy.

There is still a little time left. I appeal for volunteers who will cast aside all other considerations, and put their shoulders to the wheel, in this tremendous house-cleaning job that lies ahead. This will be a year of earthquakes, in more than one sense; political ones in Washington, and physical ones, especially on the Pacific Coast.

THE BEACON LIGHT A PROPHECY

17

The following very interesting letter has been received from one of our new friends, who brings up some interesting points, in connection with Mr. Gardener's 1940 What's Next. You owe it to yourself to read what Mr. Gardener says, and then to check with this writer. Here is the letter:

"I wrote to Mr. Gardener that 1940 will be a 'most magnificent year'—for trouble. He takes that year 1939 for a '4' year, whereas it is a '22' year. In his 1940 'What's Next?' the claim is made that on November 27, 1939, 'The Bottomless Pit' will be closed and that 'Evil' will be forced into the 52' 0" blind passage wherein it will be squeezed into thin nothingness by the avenging Cosmic Forces. No, it does not make that kind of sense to me. It would not seem logical that just at the time when the greatest quantity of humanity in all history is to be poured down that hole, the lid should be put on tight. Did you ever get caught in a surging crowd, while being carried along against your will, you managed to get into a doorway and into safety while the crowd rolled on? Well, that is just what is happening to America! That blind passage was placed there especially for America, and there she is while a large portion of humanity is poured down that Bottomless Pit. No, November 27, 1939 warns that something of great moment is to be inaugurated in the War Zone. 1939 is a '22' year; November is an '11' month; the 27th is a '9' day; all master numbers.

To Gardener's question as to "Who is working through Hitler?" will say that it is a former ruler of Germany who was checkmated by a Jew. This entity has a spite at England and she is in for a difficult time. Unless Hitler is "removed" England is likely to get the shock of her Titanomachical life. The entrance of America into this present European mess is already planned. One of the American vessels will be sunk, supposedly by a German submarine, and "We're off!" Look out for April 10, 1940, and also for August 23, 1940, as dates worth remembering.

Gardener says there will be victory for Israelite nations and that the 13 tribes will have victory. No, it will NOT be the 13 tribes; it will be only the 10½ tribes, not for the Jews, inasmuch as they are at the bottom of all the world's troubles now and for all through the past. France will go down, but will be finally revived. The Israelite nations have plenty to pay for, as you must not forget, "Whatsoever a man (or a nation) soweth, that shall he also reap." No doubt but

that the dates given above will be accompanied by manifestations of nature such as cyclones, floods, earthquakes, tidal waves, etc. It should be remembered that while all Jews are Israelites not all Israelites are Jews. During the "great chastisement" the primitive tribes will not suffer inasmuch as they have not lost that intimate touch with the Infinite which was the original heritage of humanity; the 1 1/2 tribes not included.

There is another date that is of the utmost importance to humanity; June 24, 1940. Originally there was a date line in the King's Chamber up to which humanity could change their direction towards the West and the safety of Spirit. Due to the innate cussedness of that Humanity, the time was advanced to this date, beyond which, no one will be permitted to change his or her direction.

Mussolini, Stalin, Roosevelt, Hitler, Chamberlain, have not long to go. The Government of Russia is already tottering. The "mystics" of several nations are already counseling acquiescence to the ideals and ideas of America, as they "know" that America will come out of this travail more powerful than ever. In the Sunday Magazine section of the Los Angeles Examiner for November 26th there was an article on the Great Pyramid. Evidently the writer thereof did not know his Pyramid, or else he was too intent on "slamming" someone. The general attitude of man is to ridicule that which he does not understand. There was no re-measuring or revision of the measurements. There was, however, a revision of their interpretation. Pyramid observers had predicted war for May 29, 1928, but as they looked around they found no nation was preparing for war. All were exhausted physically and financially. When the celebrated "crash" came, it was finally recognized as "The War of Money", or better to call it, "The War of No Money". This was merely another device of the Jews for gaining control of the resources of the world, but it was a war, nevertheless.

There will be other chambers discovered in the Great Pyramid of Gizeh. About June, 1951 or 1952 there will be found a large chamber called "The Hall of Peace". It will be finished in blue granite. It will be discovered by one who turned West at the earliest opportunity. Attempts will be made to ascertain the depth of the Bottomless Pit, and to learn the contents of that Pit. What will be found will be a real surprise. Remember I am giving you only a hazy hint of what the Ancient and Occult Oriental Teachings are concerning that Pit.

The Queen's Chamber relates to the Jews. It has the symbolical of the waves, and the walls and ceiling of the and passages are salt-encrusted—for a reason that is also. It is the chamber for those who place their reliance on worldly riches and power, and display. Japan will NOT win this war with China and after it is all over but the "shouting" China will go back to her old ways of peace and meditation, while there will not be much left of Japan. Their memories will be of the greatness that once was.

It is quite possible that you will not consider all of the contents of this letter as being "swallow-able". After the Hall of Peace has been found, there will be 994 years of peace and harmony. This will be that so-called "millenium" during which man will start all over again. History will repeat, and humanity will start its slow and painful climb. A lot of "speed" will be missing, also some jazz and chromium plate. There will be ships mysteriously missing, and the Pacific will not be as pacific as its name would imply.

You folks are not the only ones preparing for noiseless flights to "retreats" where they will be safe from destruction. Not all of those who go to those "retreats", however, will attain that safety, as they may not have that protection of the Spirit. As in all previous ages, there will be some of the "elect" saved to perpetuate the teachings about TRUTH. Today there are several colonies of Atlanteans here in this country, but I am under the impression that they will not survive this Battle of Armageddon. They have served their purpose, and the LIGHT will be carried forward by others. Some of those who go to the "retreats" will have to provide food and other supplies for at least five years. That length of time will enable them to obtain a familiarity with the Law of Supply, for after that, that law will be their only source of supply. Elijah had it; remember the widow's meal and oil? Jesus had it; remember how He fed the multitude, and how He lived in the wilderness? That law operates as well today as it did then—for some."

One statement in this letter we do not agree with, namely, that all Jews are Israelites; that is not the case. In our opinion more than half of the so-called Jews of today have no Israel blood in them. For one instance of this read the Book of Esther.

chart, which we have considered largely during the past year, this is right on the cusp of the 9th house; a clash with a foreign power, possibly war. In any event our national ship will rock considerably at this time. Let me repeat what I have stated elsewhere: International Jewry wants America in this war, and will never cease until they accomplish their aims. International Jewry wants Roosevelt for a third term, and they are likely to succeed; another reason why they want us in the war, for Roosevelt can never be re-elected in a fair election, judging from his chart.

I also want to draw your attention to his June 24, 1940, date. The Sun will be in conjunction with Venus and Jupiter in the 9th house of the Libra chart of the United States; tremendous peace efforts; a rather powerful day, but very benefic, Mars sextile to Uranus, Moon trine to Sun and Venus, and Moon sextile to Jupiter. Mars will be conjunction with Mercury in the U. S. chart; sensational news; and Jupiter and Saturn coming up to a conjunction on the cusp of the 8th house. This would have tremendous financial significance. For additional testimony we have Uranus sextile to Mercury and trine to Pluto, also in the 8th; and Venus is conjunction with Jupiter in the 9th, indicating foreign powers. We will try to remember these dates as we write up the lunations for April and June.

In conclusion, note what he says about safety: namely, there is no protection outside of spiritual protection. Don't you think you have an obligation, to spread these truths broadcast throughout the land? Our churches, except in a few cases, have become crystallized, they are not preaching the living Christ and that He is coming back soon. Woe be unto you of lost opportunities, especially you business men who don't have the time. Send us your check for \$100 and we will do it for you; and the day will come when you will wish your check had been for \$1000. Your donations are not for me personally, but for the Christ cause in which we believe and for which we are working. The Editor of The Beacon Light and his wife are doing the work of four people; and you could relieve the burdens quite materially without hurting yourself. Much of our support comes from people on relief or of small incomes. The day **will come** when you would offer all your earthly possessions for the protection which will be theirs; but it will be beyond price.

Don't say we did not warn you; we have warned you repeatedly. But, you seem so secure in your earthly possessions that it means little to you. But it will, in the very near future; possibly before this year is out.

BOOK REVIEWS

PROPAGANDA IN THE NEXT WAR: By Sidney Rogerson.

This is the book from which whole chapters were read in the last session of Congress by one of our Senators. These same extracts were published in the daily press of the nation. This public expose prompted the British Government to suppress the book as far as American consumption was concerned, because it was a give-away, on the audacious manner in which Britain planned to drag us into war against Germany.

If every American had the reading of this book, it would make it impossible for the Administration to ever drag us into another war; you owe it to yourself, and to your country, to get a copy of this book, and keep it in circulation. Read it before groups; place it in Libraries.

England evidently thinks that the American nation is not yet grown up; that we did not free ourselves from the British yoke in the Revolutionary War; and that we are still part and parcel of Jew-controlled Britain.

We secured one dozen copies of this book, after which there will be no more as far as we can see at present. Briefly, this book tells how they are going to conduct their propaganda here in America. They tell how effective their propaganda was in dragging us into the last war, and boast that they are much more effective now than at that time.

In the December number, we reviewed "Propaganda for War"; and this is a fitting sequel, showing how they are going to drag us into the next; a very valuable reference book for students and teachers and leaders.

While they last, \$3.00 per copy.

CONSPIRACY AGAINST CHASTITY: By Dan Gilbert and Samuel Salomon.

Here we have another of the Dan Gilbert series, written in collaboration with Samuel Salomon, author of *The Red War on the Family*, to which this is, in a way, a sequel.

Briefly, this book gives you some idea as to the barrage of propaganda your boys and girls are subject to in our high schools and colleges. It shows the process whereby their morale is broken down, by presenting propaganda and opinions by men and women like Margaret Sanger, Marie Stopes, Harry Elmer Barnes, and last but not least, Bertrand Russell, a notorious atheist, who, by the way, is now teaching at the U. C. L. A. One can imagine the effect he will have

You who have boys and girls owe it to yourself to learn the kind of ideas implanted in their minds and the type of books recommended for their reading. Briefly, it is the same free-for-all philosophy that is produced in Russia. And, lest you forget, your boys and girls at college are practicing the philosophies that are taught them by their Red professors. I may say the average parent is woefully ignorant of the effect of modern education on the youth of the land. If they arrive at manhood or womanhood with a firm moral foundation, you may proclaim it a miracle; for they have run the gauntlet of a conspiracy that contaminates 95% of them. After leaving college your boys and girls have a different moral yardstick than that with which you were brought up. You owe it to yourself to find out why. This book gives the answer. Price \$1.50.

WHAT TO EAT IF YOU ARE MARRIED: By Richard Harrison.

It is not generally understood that married people need a different diet than that which proved satisfactory prior to marriage. The marriage relationship entails a tremendous strain; a tremendous amount of health capital is expended in the sex relationship. These losses must be quickly repaired, otherwise the glow of health disappears, and in its place you find a nervous, fault-finding, critical or nagging person. That's the first step to the divorce court.

This is indeed a valuable little book for the married, giving a list of correct foods to repair losses. Price 25 cents.

GLORIOUS, RADIANT HEALTH: By Phoebe Marie Holmes.

Last month you had the pleasure of reading, in the January Beacon Light, a vision by this young lady of 85 summers. When a woman of that age can be a globe-trotter, conducting lectures and holding classes continuously, she must know something about the subject of health.

6 Copies of this issue for \$1.00—Circulate them among your friends.

I have never met the lady, but certainly her writings are vital. Phoebe Holmes seems to recognize that health is not merely a physical matter, but that the mental and spiritual parts of man play an important part, and are just as important as the food he partakes of.

She devotes considerable space to the 16 minerals, their functions, and the foods which contain them; which will certainly help you a lot in choosing your diet. The book abounds with recipes and suggestions, with special diets for various complaints; altogether, a valuable little book for your health library.

Price \$1.00.

GREAT BRITAIN: By Theo. Heline.

About a year ago we reviewed several of the series of booklets by Mr. Heline. We have just received a new edition of "Pivotal Points in a Changing World: Great Britain".

Britain is going to be very much in the limelight from now on; and you will better understand the developments from day to day if you know the Biblical and astrological background of Great Britain; in fact that holds good of all nations. It makes a play more interesting, if you have a program explaining things.

Next month we will review the one on Russia, who is playing the role of villain in the drama; in other words, Russia and Britain are playing the leading roles in the world drama now commencing.

But you don't need to wait until we review the one on Russia; get it now and read the two. These two, and the remaining series, will explain how the Cosmic law is forcing nations to liquidate their debts; because this is Judgment Day; all debts must be settled before the coming of the Messiah. Individuals and nations will now reap what they have sown, as explained in "Retributive Justice in the Life of Nations".

This is nothing else but the law of cause and effect in operation. For this one month only, if you will send us one dollar, we will send you the one on Russia, one on Great Britain, Ethiopia, and Retributive Justice. The regular price is 30 cents each. For this month only, these 4 for \$1.00.

1940 WHAT'S NEXT? By Harry J. Gardener.

On the inside front cover, you will find the review of the 1940 edition of "What's Next?" Our article, entitled Our National Salvation, refers to the Israel nations as a whole, and what they must do to obtain national salvation.

I want to especially recommend the article by H. R. Bangerter, entitled "Revelations of Joseph the Prophet". Here you have, from the prophetic teachings of the Mormon Church, the self-same things I have been telling you about for years regarding the serious days that are ahead.

We especially recommend it. Price \$1.00, or 3 copies for \$2.00.

MOON SIGN BOOK for 1940: By Llewellyn George.

The Moon Sign Book, by Llewellyn George, now in its 35th year, is by far the best astrological annual in America, bar none. It is written in plain, simple language for those who know nothing of astrology. It is the Raphael Almanac of America, only better.

The information therein is worth \$1.00 a month to you at least, for it can be applied to your everyday problems. I have used it myself since the year 1908, and have sold hundreds of them during that time.

Especially valuable to the farmer, the housewife in her gardening, the poultry raiser—in fact it gives the auspicious times for every activity under the sun; all for the sum of \$1.05. Get your copy now and enjoy the advantages of its help for your full year.

And, for the final number, don't forget

STAR BOOK OF THE YEAR, Astrological Calendar for 1940.

This attractive and convenient little calendar is now available; provides an exceptionally clear, legible wall calendar for each month, together with many helpful items of information, including the tables of the Moon's transits through the different signs and a brief outline of the characteristics for each sign of the zodiac. A convenience for each day of the New Year, at only 25c.

FEW BOOKS have been awaited
so eagerly as this

One of the best known diet scientists of the present day.

A living example of the practice of his own teachings, Dr. Walker is without doubt the best qualified and authoritative writer on the subject.

Co-author with R. D. Pope, M.D., of the book "*RAW VEGETABLE JUICES—What's Missing in Your Body?*" and following his recent tours of the United States and Canada, covering more than 60,000 miles by auto and house-trailer to lecture to audiences estimated to aggregate more than 250,000 people, Dr. Walker is generally recognized as the foremost authority on raw vegetable juices and of the value and use of raw foods, as an adjunct to cooked meals, as well as for the vegetarian.

DIET and SALAD SUGGESTIONS is undoubtedly the most timely guide, in these days of conflicting opinions, when the therapeutic value of raw vegetable and fruit juices, and raw foods, is so much in the foreground.

Among the subjects of particular interest are:

Recipes and Menus. Combining Foods. Food Chart. Chemical Elements in the human body, their percentage and quantity. Chemistry of our food and of our body. Germs and Bacteria. Cooked versus Raw Foods. A BRIEF ENCYCLOPEDIA OF VEGETABLES AND FRUITS.

You cannot afford to be without this book. Send stamps, check or money order in United States currency, (including sales tax in California) to:

NORWALK LABORATORY

OF NUTRITIONAL CHEMISTRY AND SCIENTIFIC RESEARCH..

PUBLISHING DEPARTMENT 1811 EAST SLAUSON AVENUE LOS ANGELES, CALIFORNIA

We recommend the following:

FOOD and NOURISHMENT FOR THE HUMAN BODY.

N. W. Walker, D.Sc...... \$ 2.50

A masterly treatise on the chemistry of food and that of the human body. Illustrated with cuts, diagrams and charts. Many MENUS. Written in the simple, direct and convincing language of authority for which Dr. Walker is noted. An ideal text book for the layman, for the professional, and for scholastic reference and study. (READY JANUARY, 1940.)

RIVER OF GOLD—Life Chemistry—CORRESPONDENCE COURSE

by N. W. Walker, D.Sc...... 25.00

A course of instruction covering 25 weekly lessons of 10 to 15 pages each, liberally illustrated, on food and body chemistry, simple anatomy, physiology, raw vegetable juices, preparation and analyses, how to use them and their value as food and in therapy.

This course is designed for the layman, so that he may be guided along the most direct path towards the attainment of the fullness of life and health which Nature has allotted to each one of us; for the housewife, because the health and well-being of the bread winner is mainly in her hands; for the mother, because the future of the race is dependent on her application of the proper education in the prevention of sickness and the removal of the cause of disease; for the professional man and woman whose background makes the use and application of this course invaluable.

School, colleges and other educational outlets will find this an authoritative and valuable adjunct not only in the libraries, but as a vade mecum for teachers and pupils alike. (READY FEBRUARY, 1940.)

DIET and SALAD SUGGESTIONS. N. W. Walker, D.Sc...... .50

One of the most useful and practical guides yet published for the preparation of salads and the use of raw vegetables and fruits generally. Contains food combination chart, **many MENUS and RECIPES** with detailed instructions on the preparation and proportions of each, so that, irrespective of

anything else eaten during the meal, these salads at least will form a completely balanced unit of any meal. Of particular interest is the brief encyclopedia of most of our common vegetables and fruits. This book is worth many times the price it sells for.

RAW VEGETABLE JUICES—What's Missing in Your Body? by R. D. Pope, M.D. .50

This is probably one of the best sellers in the health book market. It is the first authoritative book printed dealing exclusively with the subject of vegetable juices. It tells when, how, and why to drink them, giving a list of 84 juices and combinations of juices, and about 100 of the most common ailments, describing them so that the layman can understand what they are, and do something about them.

FOODS that ALKALINIZE and HEAL. By Mary C. Hogle. .25

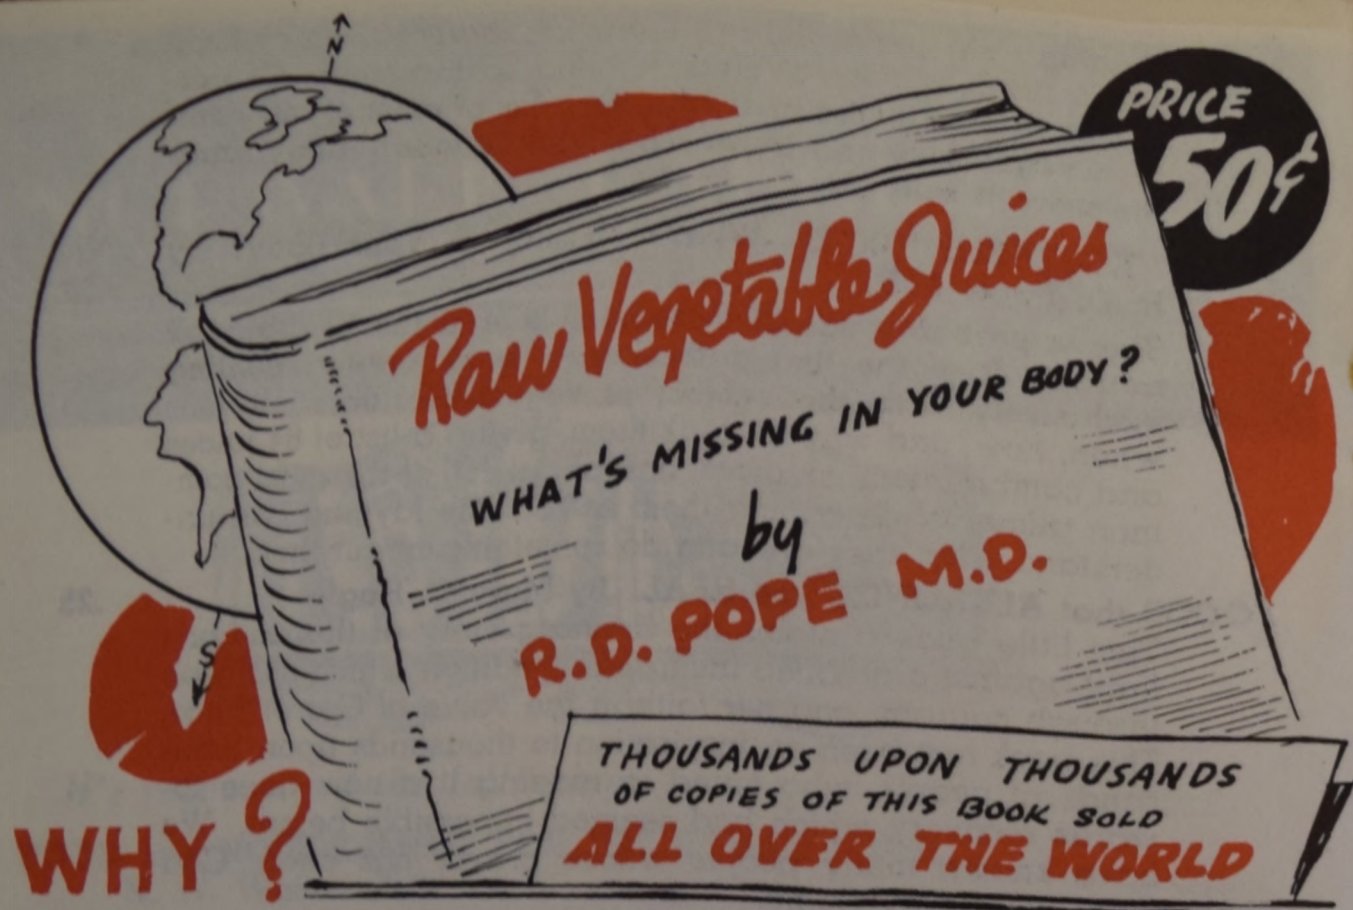

This little book contains the amazing story of the author's fight against a dreaded incurable condition which she won through courage and her faith in the value of Carrot Juice. This book has been an inspiration to thousands upon thousands of people, who found in reading it a new hope towards recovery which had seemed impossible before. We have known many people whose prayer has been: God bless you, Mary Hogle.

VITAL FACTS ABOUT FOODS. By Otto Carque 1.00

No health library, whether private or public, is complete without this book. Otto Carque spent thirty years of his life delving into foods, their chemistry and their value as nourishment. This book was first published in 1933—two years before the untimely death of the author through an automobile accident—in order to furnish in a more condensed, yet comprehensive form, the material contained in three books previously written by him. This valuable book of more than 200 pages contains the answers to so many questions which those interested in diet want clarified.

HEALTH NEWS. One Year's Subscription \$ 1.00

A National Journal of Better Living. Published and Edited by Clarke Irvine, in Hollywood, California. This is probably the most widely read and best known health magazine. It is read eagerly in every corner of the civilized world and in many corners not so civilized. It is published twice a month, individual copies selling for 5 cents. The yearly subscription is \$1.00. There is no other medium which to our knowledge covers the health movement so completely, so broadly, so fearlessly and in such a brief, interesting manner. **We unhesitatingly advise everyone interested in health to send us their subscription for one year's trial. One issue each month, beginning January, 1940, will have a large section devoted to Vegetable and Fruit Juices, edited, by special arrangement, by N. W. Walker, D.Sc.**

Because people want authoritative information about **VEGETABLE JUICES - HOW - WHEN - WHY** to drink them.

**ARE YOU TIRED? FATIGUED? BEAUTIFUL? UGLY?
SICK? CRIPPLED? HEALTHY? OLD? YOUNG? ADO-
LESCENT? HAVE YOU BABIES? CHILDREN?**

This book points out in a masterly and convincing manner the advantages derived from drinking juices—and the ease and speed with which the human body can assimilate the most vital nourishment by drinking **RAW VEGETABLE JUICES**.

Read—

**RAW VEGETABLE JUICES—
What's Missing in Your Body—
AND TAKE A NEW LEASE ON LIFE.**

It lists 84 juices and combinations of juices. It describes 100 ailments so the layman can understand their cause and origin, and do something about them. Many combinations of juices are indicated which have proved beneficial.

OUR JANUARY NUMBER:

WHAT OUR READERS SAY

Our January number, under the heading of "Startling Prophecies for 1940", reached a new 'high' as far as reception is concerned. One comparatively new reader bought 200 copies to give to his friends; and already, January 6th, we have received new subscriptions from his missionary efforts. The first re-print is almost gone, and it looks as though we shall have to have another edition.

Again let me remind you; The Beacon Light has grown very largely as the result of the work of its readers. The few dealers we have, have done excellent work, especially in Chicago and New York; but throughout the rest of the country dealers are sabotaged in a very short time.

The first letter we are giving you is from Phoebe Marie Holme, author, lecturer and world traveler, 85 years young:

"I thank you so much for the January number of The Beacon Light. It is a splendid number and I would like to get one hundred copies or more to mail out to ministers and to different people in other countries as well; and if I gave you the list, you could mail them direct from your city? I understand that there are so few ministers in this city, as well as other cities, that are believing in the Second Coming of the Lord or in the prophecies, and therefore they are not teaching it to their people; and I feel that if they could read The Beacon Light they might become enlightened.

I should also like to send a copy to our President, Mr. Roosevelt, and Mussolini, a copy to the Pope, to the King of Italy, to Hitler, in fact to all the crowned kings of Europe, and also to Henry Ford and as many influential people as we can possibly reach; and I feel that it would do a great deal of good now, as they seem interested in promoting the Peace Movement. I feel that if they could read these prophecies they would work harder to bring about universal peace."

The next one is from a lady who runs a small confectionery store; a comparatively new reader. I may say to those who have small stores, that our various prophetic numbers, The Angels of Mons, Coming Events, Origin and Destiny of the Jews, and Startling Predictions for 1940, are all without a date line and have a special cover. The same is true of The Hidden Hand of Judah reprints. Why not buy 100 assorted? At the special rate of \$12.50 per 100 there is a good margin of profit; you will double your money. We also have a few copies of Coming World Changes, not a re-print but valuable and timely material from the standpoint of the Bible and science. Then there is our booklet, The Destiny of the United States, with McClellan's Vision; \$5.00 per 100.

Our next letter is from a reader who had just received a copy of the January number sent by a missionary worker:

"I just received the copy of The Beacon Light for January 1940, and have read it through already; and thanks a million times for sending it. Oh, how much good I have received from it, and just wish it were in my power to put it in the hands of many others I know who are in sore need of such literature;

but I'm a shut-in myself, and unable to make any money to do with, we are on relief as it is; but we do want to try and send in our subscription for 6 months anyway, in time to get the February issue if possible.

And I want you to be sure and hold 6 copies of the January 1940 issue for me, and I will send the money forthem as soon as I can; I want them to send to others."

The next is from a friend who has done valuable missionary service for The Beacon Light for many years:

"I'm enclosing \$2.00 for 12 copies for the January number of The Beacon Light; and may I ask that you set aside another 12 copies, for which I will send you the money in another two weeks; thank you, and God bless your good work and give you the health and strength to carry on."

The next is another re-order from our friend Rogers, down in San Diego:

"My dear Bill: Many thanks for sending the extra copies of January Beacon Light, which we disposed of at our meeting yesterday. We are changing our schedule at this New Year, and our first meeting will be on January 7th, so am enclosing another dollar, and think we had better have 6 copies more to have on hand for the meeting next Sunday; so please send these along at your earliest."

The following is from an enthusiastic reader in New York, the result of the missionary work of our good friends at the Harmony Book Shop:

"Dear Mr. Kullgren: I have just read your Predictions for 1940, and I am very enthusiastic about them. I am enclosing a money order for \$4.00 for 12 copies of the Predictions and one year's subscription to The Beacon Light.

From a friend in San Francisco:

"Dear Mr. Kullgren: Your Beacon Light for January is a wonderful one; would you please send me two more."

The next is from one of our new-found chiropractic friends. How would all you professional people in the healing field, like to have me publish a list of your names and addresses, and give you a boost? We would not do this without your approval, of course.

"Dear Mr. Kullgren: Find enclosed \$1.00; please send a copy of your January number to each of the following addresses:

I think it's a wonderful issue. I enjoyed Miss Holmes' article, I heard her lecture in 1927 at Denver, Colorado, at Albany Hotel. She is fine."

From another new reader:

"Enclosed find \$2.00, for which please send me 12 copies of the January 1940 issue of The Beacon Light. I sincerely think this is an issue which should be passed to more people; and I hope I am doing my part."

From Michigan:

"Enclosed find one dollar; please send the January issue of The Beacon Light to the following:"

And just one more, this from the one who ordered his second hundred:

"I received the 100 copies of the January Beacon Light a few days ago, and I think that it is great, and they are nearly all gone by this time.

I am enclosing check for another 100, also a copy of the book 'The Talmud Unmasked'."

There are many more wonderful letters in our file which we should like to share with you, but lack of space prevents. We want our friends to know how welcome such letters are, even though we are unable to reply individually. They give us reassurance that our efforts have been worth while.

THE GREAT SEAL OF THE U. S.

By E. Tappan Tannatt, Tacoma, Washington

The recent issue of our One Dollar Bill, by this Government, presents a very interesting study, in connection with passing events and the Pyramid records.

This value of currency will probably pass through more hands and enter more homes of the nation, than any other denomination. It would seem, after making a study of the currency, that "Fate" had intended that through this issue, a message should be brought to the **people**, rather than the captains of finance; the latter being more interested in issues of larger denominations.

Place before you one of these Dollar Bills, the reverse side upward. You will note the imprint of **two seals**, one of which you will at once recognize as being the **Great Seal** of the United States. With the other seal you will probably be less familiar, although it has been used by this government for many years; but in a minor capacity.

For the sake of space we will hereafter refer to the Great Seal as No. 1, and the other as No. 2. The fact is that these two seals are "twins", for they came into being at the same time, when Congress was selecting a Great Seal. Other designs were presented at that time, among which was one which carried a deep symbolic meaning concerning the past history of the people of this country; a meaning well understood by the Anglo-Saxon Federation of America. This seal contained a drawing depicting the Children of Israel crossing the Red Sea. I am informed that the original drawing is yet among the archives in Washington city, and that it was presented by one of the noted men of that time.

When Congress was selecting our Great Seal, it was foretold that a time would come when Seal No. 2 would replace Seal No. 1, and the former would then become the Great Seal of the nation.

As the seal depicting the crossing of the Red Sea by the Children of Israel contained a symbolic meaning of value to this country, so do both of the other seals; they present a very interesting subject for study.

Let us examine the two seals now before us. The Great Seal (No. 1) has upon its face a 'spread eagle' grasping an olive branch, with 13 leaves in one talon, and 13 arrows in the other. These two are symbolic of Peace and War. They are being held as far apart as possible, by that power which is symbolic of the **life within** the eagle. The eagle holds in its beak a banner, upon which is inscribed the motto—E PLURIBUS UNUM—meaning One out of many; the motto

containing 13 letters. You will note that the motto is inscribed upon a 'banner' which banner is the handiwork of man. This is interesting when compared with the position of the motto upon Seal No. 2.

Have you ever observed in published pictures, how a new idea, a vision, or a coming event or understanding is generally indicated? Above the head of the leading character is generally depicted a lighter space, or cloud effect, upon which the thought is pictured or expressed. Where it is intended to accredit the inspiration to a Higher Power, the cloud-effect is generally in circular form or nearly so. For many thousands of years "the serpent swallowing his tail" (thus forming a circle) has been used as a symbol to illustrate eternity, or a future event completed within the limitations of the circle; an event under the control of some Higher Power.

In this light let us now return to Seal No. 1. Above the head of the eagle is a circular space lighter in effect, and upon the sky background, and enclosed in a wreath, are 13 stars. Thus is depicted a coming event, and inspiration from some Higher Power, which will include the entire nation.

The eagle grasping mutually-opposed symbols, tells of a nation actuated by two opposing purposes; kept from conflict or civil war by a third force, which is symbolized in the "life" of the eagle. Today we see in this nation a divided people; the one portion working in the direction of war, the production of war materials, and actuated by the spirit of hate, conquest and exploitation. On the other hand, we find a portion of the people seeking peace, harmony, brotherhood and good will as between neighbors; a spirit symbolized by the olive branch, which in itself is a production of Nature, the outworking of the "hand of God."

If a change of some kind is in the future of the nation, does the change of Seals tell us of the side which ultimately will control? Let us now examine Seal No. 2.

Upon an open landscape stands an unfinished Pyramid, closely resembling the Great Pyramid of Egypt. The Great Pyramid is by many now called the "Bible in Stone", and thousands are calling attention to the 19th Chapter of Isaiah, wherein a prophetic message was given to the world concerning the "last days" of the so-called "Christian Dispensation", and the fact that the Pyramid would be recognized as a "pillar unto the True God."

In Seal No. 2, above the Pyramid and surrounded by rays of light, the rays symbolizing the birth of a new period or form, is a completed triangle, pointing upward. The triangle thus pointing has for centuries been recognized as the sacred "trinity" directing along an

upward path, the higher attributes in mankind.

Within the triangle is the "all-seeing eye", a symbol long since recognized as indicating "Divine watching over and guidance." Above all, and inscribed upon the heavens, is the motto "ANNUIT COEPTIS" (containing 13 letters, and meaning "He has prospered our beginning.")

In Seal No. 1, the inscription of the motto is symbolic of the out-working of the mind of man, upon that which is also his handiwork; in Seal No. 2, the motto is an acknowledgement of the presence and approval of the Divine Consciousness.

Back of the Pyramid and to the right, the light of a New Day is just beginning to show upon the heavens.

Upon the base of the Pyramid, with its 13 courses, is inscribed the date MDCCLXXVI, which calls our attention back to the birthday of the nation; while below the Pyramid is a "banner" with an inscription which calls attention to a new order of things as coming from the hands of the people of the nation.

In Seal No. 2, every symbol of war, or division among the people, has been removed. In Seal No. 1, the only acknowledgement of Divine Power, is but dimly recognized in the LIFE which exists in the olive branch and the eagle. In No. 2, everything tells of, and acknowledges, the presence of the "God" in whom "we trust."

Students of the Pyramid Records advise that we are at this time passing through the closing period of an age, out of which a New will come to birth; that this nation and the world must pass through the "birth-throes" of that New Era; that we are in the "Judgment Hall of the Nations"; and that before that New Era will arrive, this nation and the world must first harvest the seeds of evil which they have sown.

That between the present and 1953 many changes will come to the peoples of earth; that the coming of the New Age will not be ushered in through a miracle performed by Divinity, but will come from the people, and by the people themselves, when out of suffering and a realization of the evils of the past, the Spirit of the Christ will be "born" in each human breast, and Mankind will **bring to earth** a "Kingdom", which is like unto that which "is in heaven."

Blessed, indeed, will be that nation from which every thought of preparation and fear of war has been removed. Blessed are those who in looking forward to such a future, early sense that THEY must themselves have "born within themselves", that Spirit, which will welcome and kneel at the side of the Manger, of the Master of a New Age for all humanity.

E N G L A N D

Judging from the astrological press of England, or in fact of the whole English-speaking world, readers, and writers, of astrological magazines are separated from reality. While our astrological teachers say the stars incline but do not compel, yet these same writers are building up a word and thought picture, which their readers follow.

It is very easy to fall into this error; you see a certain astrological combination, and you give your concept of it; but remember, all concepts, whether mine or anybody else's, are colored by the knowledge or lack of knowledge, and the reading in general, of the writer; and if their reading matter is 99 per cent propaganda, the result is disastrous.

Even this writer fell into the same error. As far back as 3 years ago, when Edward stepped off the throne, we stated that he would be recalled to England in '39; and our predictions for '39 spoke of the imminence of the war breaking out toward the close of the year. Also in May '39 we said, "Watch Hitler around September 1st." But, at the time we said there would be no war in '39, I mentioned that the condition of my eyes would not permit the study of charts, that I was quoting largely from memory. That memory was largely the coloring of the English astrological journals. The English astrologers, practically without exception, said there would be no war. Raphael comes out and says, in his 1940 Almanac, 20 years of peace and prosperity. Well, that's beyond me, in view of the planetary configurations in 1940, '41, '42 and '43.

As I see it, there is a strong element working for peace; and we see evidence of that in the charts of leading statesmen, and more especially in Britain. We see it in the chart of the Pope of Rome; we see strong evidence of it here in America. As I see it, England and her empire are trembling in the balance; she is in a war of her own making, or rather of her Jew control and not of the British people. Certainly there is no indication of peace in the chart of King George, now that she has taken the plunge.

There is somewhat of a lull in the early spring months, when, if her leaders have the will for peace it can be worked out. Britain, like the United States, is blind.

Let me again touch upon something I referred to last year. The rumbling of the masses is indicated in the charts of Japan, France, England, Germany, Russia and the United States; and if England persists in her Jew-controlled policy, she will have a far more serious

condition at home than she is facing with Germany. As I see it, Britain's one opportunity is in the early spring of 1940; and whatever course of action she decides at that time will settle her fate, one way or the other. Judging from the chart of her ruler, she can not possibly get anything out of this war. Indeed the indications are that she will lose much, even more than Germany will lose. I repeat what I said in the reading for Germany: She is crushing her best friend, for Germany, if treated right, would be a bulwark of strength to Britain during the next two or three years. Britain's real enemy is Soviet Russia, with her godless system of government. She deliberately forced Germany to ally herself with Russia, after trying to make an alliance herself, and finding the price expected of her too great. Germany had no choice.

Britain is also making a rod for her own back with Japan. Evidence has come to light that she financed Japan in her ravage of China. Now Britain and America, with France, are also driving Japan into the arms of Russia. From the evidence, astrological and otherwise, I am convinced that Japan and Russia will kiss and make up; then the real war will start, the present one is only a prelude. Many of the small nations of Europe will switch their alliance; practically all of them will go with Russia, because they will have no other choice. I charge this up largely to the double dealings of Britain; Neville Chamberlain is playing the same role in Britain as his father played during the Boer war.

The entry of Mars into Aries will be a powerful help, especially when we consider that it is in the 6th house of King George, indicating the Army and Navy, servants of the State. But Uranus is on the cusp of the 8th house, the house of death, and opposing the group of planets in George's 2nd, including his Moon; he is likely to lose his mother.

In 1941 and '42 Uranus opposes Mars and Mercury; and the Sun in '43. That's not a very reassuring picture. These are very good reasons why she should make peace with Germany; and with the 2nd and 8th houses involved, very serious financial difficulties are indicated. She will find herself in the same condition that Germany was after the World War; bankrupt; impoverished.

King George has Libra rising, with Venus in the 1st; practically the same degree of Libra rising as we find in the chart of Hitler. George has Saturn in his 7th house, the house of partnerships and war; a very poor time to start one; but again the indications are that the worst is yet to come, in '41 and '42 when Saturn enters the 8th,

at which time we will have a grouping of planets opposing the grouping of planets in George's 2nd. Yes, they can crush Hitler and get him out of the way, as they so desire; but the war will find Germany with new and powerful allies if it continues; and before Hitler is out, Britain and France will find themselves marching on quicksand, and looking for a way to retreat. The common people have no heart for this war.

France: And that is even more true in France. Uranus is on the cusp of the 4th house of the chart of the French Republic. In my opinion the French people will be the first to revolt. The Frenchman is a little more volatile than the Englishmen, and the conditions of upheaval are much closer—by at least a year. This grouping of planets, which we mentioned in the chart of King George, falls in the 4th house of France. If she persists in her suicide policy, there will be civil war, and France may find herself overrun by Russia. In any event France is going to suffer tremendously; perhaps not so much through invasion on land as invasion in the air.

Again we see indications of the cross roads in the early spring months; and if they again decide they want war, death and destruction will visit the large cities of France. We note that Saturn, the planet that rules the Jews, is in the 11th house of France; the Jew will be the downfall of France.

The indications are that England will help France financially during this year of 1940. I am inclined to think that France will suffer from poison gases sprayed from the air; possibly some new combination. Here again, we see indications of bankruptcy and chaos, especially when Neptune crosses Mercury in their 8th. Certainly I would advise France to turn back, just as I would England.

Japan: And now we come to Japan for a brief visit. Again we find the monotonous sameness. The Chinese venture has brought Japan very near the brink. The populace are depressed, discouraged, and oppressed with heavy financial burdens. Certainly there has been no enthusiasm in Japan over the Chinese conflict, and more especially this past year with Saturn transiting Mercury in the 4th house of the Emperor's chart. At the present time, Jupiter, by transit, is square to Neptune; chaotic financial conditions. Pluto has been on the cusp of the house of death for two years, therefore their losses in the Chinese conflict have been much heavier than they have dared to reveal. During this time Neptune has conjoined his Moon in the 9th house; sorrow and chaos through foreign affairs. The Emperor is between two fires; the people on one side and the war lords on the other. In

desperation, Japan will grasp the hand that Russia will extend to her before the year is out. But Russia will lead her to her doom, for the ruling Planet of Russia is in his 12th house, and opposed to Pluto. Certainly there are no indications of victories for Japan, and she is traveling rapidly toward the road of dissolution.

But sometimes a dying animal or man kills his adversary before he breathes his last; and the ill feeling that the Roosevelt administration has bred in Japan will be fanned by Russia, who will offer her a chance of revenge; and the last dying kick of Japan will be directed toward the United States. The Emperor's progressed Sun is conjoined to Pluto and opposed to Uranus; not much indication of victory there; nor in fact much indication of peace. It does indicate a revolt of the workers and those in the Emperor's service in the army and navy. Japan's most serious troubles during 1940 will be at home, and not in China. Japan has done what England and France are now doing; created the conditions that will bring about a revolt. The Emperor's progressed Venus is conjoined with Neptune in the 7th, and in the early summer months the progressed Moon is opposed to Mars; a serious financial crisis.

In all my 32 years as an astrologer, I have never been so depressed as at present, as I view world conditions as expressed in the charts of the nations and their leaders.

G E R M A N Y

It was my original intention to have this article on Germany written by one of our leading American astrologers. Several declined, for various reasons; but each one expressed some venom about Germany and Hitler. Of course this is not surprising to me after my own experience of the past few years; not a single astrological school or group in America will handle the Beacon Light, because I am supposed to be pro-Nazi, pro-Fascist, etc., simply because I believe in the truth, the whole truth and nothing but the truth. I have presented facts and submitted evidence, not from the basis of personal feelings or venom as most of our astrologers have been doing, yet many of these same astrologers were pro Russian; or rather pro Communist.

Certainly the German people are higher in the scale of evolution than the Russians. It is true some drastic things have taken place in Germany. We act rather drastically ourselves in this country when a man goes haywire and commits rape and murder; we even have lynchings occasionally in this country. Of course if it happened in Germany it would be terrible.

No man or woman is entitled to be considered a thinker when his

activities are governed by prejudice and emotions rather than by logic and facts. But these individuals are so burned up about Hitler because he has indulged in a housecleaning, yet haven't a word about the most blood-thirsty murderer of all times, Stalin. The various estimates of the slaughter in Soviet Russia range from 30 to 60 millions.

The astrologers of America are trying to put themselves on an ethical basis the same as any other profession; and I am in accord with this desire. The riff-raff that has drifted into its ranks and dragged it through the mire and mud has been humiliating to those who love the science. But astrology is a science which calls for brains rather than emotion; and when the astrological press rants and raves about Hitler, without submitting evidence of any kind, they class themselves as ignoramuses.

It boils itself down to two things: First, the average astrologer is simple enough to accept what he reads in the paper as gospel truth, not realizing that all news avenues are Jew-controlled, practically without exception—I mean the major ones. Second, Jews have filtered into astrology in the last 20 years to an alarming degree. To-day you will find the Jews have a finger in the pie of most of our astrological publications; and everything that does not jibe with the Talmudic ideas is censored or distorted. It's time our astrologers began to read the philosophy of life that the Jew believes and teaches, as presented in the Talmud; especially Shulchan Aruch, which is one of the Talmudic volumes. Unfortunately this is difficult to obtain in English, because prominent Jews forbid its translation, and the penalty is death. But we now have a translation by a Roman Catholic priest, who lost his life in consequence; and here you will find the story.

A certain prominent astrologer said to me, "I haven't time to read that stuff." Then I replied, "You shouldn't have the time to shoot off your mouth about things you know nothing about." I warn you astrologers who have been defending the Jew Communists, that there is a group of patriotic citizens in the United States who are keeping track of your speeches and writings; and the day will come when these writings will be used as evidence against you.

If you were to read the Jewish press as I do, also the uncontrolled press of Germany, France and England (I do not mean the daily newspapers, I mean the reports of individuals in those countries like those of James True, Robert Edmondson, myself, etc.—and we have our counterpart in every nation in the world—) you would know that

world Jewry never made any secret of their intention to provoke a war of destruction against Germany.

As far back as 1934, the Zionist leader Vladimir Jabotinsky wrote, in the January number of *Natcha Retch*, "The fight against Germany has been carried on for months, by every Jewish community, conference, congress, trade organization, by every Jew in the world. There is reason to believe that our part in this struggle will be of general value. **We shall let loose a spiritual and a material war of the whole world against Germany.** Germany's ambition is to become a great nation again, to re-conquer her lost territories and colonies. **Our Jewish interests on the other hand demand the complete destruction of Germany. The German nation is collectively and individually a danger for us Jews.** Germany has always been governed by men hostile to Jewry, with the exception of the time when she was under Jewish influence. We can therefore in no circumstances permit Germany to become strong under the present government."

This last paragraph refers of course to the period when Germany's currency was deflated and the Jew with his purse bought up everything in sight. Now there you have the thing in a nutshell. Practically the whole of the astrological press has been ranting and raving about Hitler being the mad dog of Europe. Well, these same astrologers would be pretty mad, too, if some criminal broke into their home, raped their wife and daughters, desecrated their home and then kicked them out into the cold world, taking complete possession of everything they had. That's what happened to Germany after the war. And remember, the German people are among the finest blood in Europe. Talk to the veterans of the World War, and they will tell you they were treated better in Germany than they were in France, even though they were 'the heel of the oppressor' as far as the German people were concerned. You Americans who have not read the infamous Treaty of Versailles should read it, before you rave about Hitler being the mad dog of Europe. The Treaty of Versailles was called the Kosher treaty. The statesmen of the world know it for what it is, but the average man is grossly ignorant; doesn't know facts, and isn't interested in learning.

The Treaty of Versailles was signed June 28, 1919. Unfortunately I do not have the correct time; right on the New Moon anyway, Sun and Moon in the watery sign of Cancer; movable signs, lacking in stability. It is true there were some very good aspects, such as Mars sextile to Saturn; look up Raphael's *Aspectarian* for that day, and you will find Mars adverse to Neptune, Moon adverse to Saturn and

Uranus and the Moon parallel to Neptune; not a single good lunar aspect that day. Neptune, of course, was in the powerful sign of Leo, representing the powers that be: Neputnian powers. So, briefly, the planetary configurations were not conducive to permanency or stability.

Now a word about Hitler: I don't consider his chart any more vicious than that of Roosevelt, and it contains far more honesty and seriousness of purpose. Hitler has the peace-loving Libra on the ascendant; the sign of justice and of balance. Yes, Hitler has a very keen sense of justice; and the Kosher Treaty of Versailles did not set very well with him, and so he decided to do something about it. And with the Moon in conjunction with Mercury in the 3rd house, he's nobody's fool; and being in Capricorn, coupled with the fact that Saturn is on his midheaven, he is a very serious thinker.

It is quite evident, from his chart and from his actions, that he is a man of destiny; and incidentally, we people of America, in fact of the whole world, owe him a debt of gratitude for challenging, exposing and overcoming Jewish Communism in Germany. And were it not for the fact of our almost complete Jew control, in England and America, the American public would have known the facts that he proclaimed to the world; and we people, in America especially, would never have permitted the Roosevelt administration to recognize bloody Russia.

We will see that this issue of The Beacon Light reaches many of the astrological fraternity; and at the close of this article we will submit a list of books and pamphlets containing the evidence of the things of which we speak. When the recognition of Russia was being manoeuvred by the Roosevelt administration, due of course to the Jew control, a mass meeting of protest was held in Washington under the auspices of the American Legion. William Green spoke on labor's opposition to the recognition of Soviet Russia. Dr. Edmund A. Walsh, vice-president of Georgetown University, spoke on "The Basic Issue in Recognition of Soviet Russia". Hamilton Fish made a speech, "Why Recognize Soviet Russia?" A letter was also read from Bainbridge Colby, former Secretary of State in the Wilson administration; the letter was addressed to Louis A. Johnson, national commander of the American Legion. Over a thousand patriotic organizations—not individuals—**joined in this protest. These organizations** represented at least 20 per cent of the people of the nation. But Mr. Roosevelt and his Jew control swept it all aside and grasped

6 Copies of this issue for \$1.00—Circulate them among your friends.

the hand of Stalin, although it was dripping with the blood of millions of martyred Christians.

These speeches, and a list of the leading organizations represented, were printed in the Congressional Record of June 3, 1933. We were so burned up about it that we copied the whole thing in a 32 page booklet, which was our Beacon Light Broadcast No. 1. We have about a hundred of these left; at 10c each. Get a copy, and see the facts that were brushed aside by the President of the United States, of course carrying out orders. They knew what was coming. It opened the door in the United States to a huge propaganda program, which the Dies Committee has since uncovered—at least partially, some they can never know. Mr. Trotsky can reveal it, but he won't.

Now the one reference we quote from the Jewish press is only one of hundreds in our file. Remember, this is the Jews themselves speaking, not I. In 1935 the Jew Paul Levy, in *The Rampart*, Jewish paper, demanded a revolution against Hitler and a preventive war against Germany. Another writer, in the same year, said, "Do not deceive yourself. We shall very quickly deal with Germany, that idiotic, animalistic, rotten and infamous people. There will be a world court against anti-Semitism, before which all anti-Semites will be brought for punishment. Even if there are millions of them, I do not see why Jewry should give way, in order to be kept down by an insidious political system. It would be better for the whole Aryan race to vanish."

Bernard Lecache, in his paper in 1938: "It is our business to declare merciless war on Germany, public enemy No. 1." The Jewish author Emil Ludwig—Cohn—in *Die Neue Heilige Alliance* (*The New Holy Alliance*): "The flame of a new world conscience is being kindled only in the United States. Roosevelt awakes. Since he has been in office he has made five great speeches, ranging the United States along side the democracies against the dictators; as long as he rules America will fight Fascism." And he ends up with this significant statement: "It may be that at the last moment Hitler will try to prevent war, which would mean his downfall. But he will in any case be forced to fight." Can anything be clearer than that? And yet they blame Hitler for starting the war. If you teased a dog until he bit you, would you blame the dog? Germany was being slowly strangled to death, through the economic boycott, directed by France, Britain and America. As we pointed out in our December 1939 number, Poland, Czechoslovakia and other Jew-controlled satellites were underselling Germany in the world market. They could do it because they were subsidized by Britain and France.

Another Jewish writer in 1937 states: "Israel needs another world war as soon as possible. Preparations are being made under the alliance of the three great democracies." Again: "Jewry finds its time short; for the sake of individual peace it must have its world war to destroy those who oppose it."

The leading statesmen of France and England, for the past two years or more, speaking of the inevitable war: Lloyd George says, "If war comes it will be deliberately brought about." I could go on, and on, and on. The thing in a nutshell is, the Jews realize that Germany must be crushed and destroyed, and that England, America and France must also be destroyed and controlled and made vassal states, if Jewry is to survive and to continue to rule; so, a world war must be brought about; the Germans, the French, the English and the Americans must slaughter each other and dissipate their resources until they are bankrupt, and then the masses will revolt. And thanks to Mr. Roosevelt, the Communist mob are here to lead them. The same is true in England and France, but not Germany; in other words, Jewry is doomed unless it can convince the rest of the world that they should slaughter each other. The Communists say they will not fight; but what are they doing in Finland today—they who do not believe in war? What are they doing in Poland, and what did they do in Spain? Do not be deceived; the Communists believe in war; they believe in a war of conquest, and they are going to fight to overthrow France, England and America.

Let me quote from Hilaire Belloc, leading Roman Catholic writer in the English language: "There is a very serious Jewish problem. More than any other country this question concerns England, because England is known throughout the world as the protector of the Jews; because since the 17th century the Jews have played a more important part in our national life than has been the case in other countries; and because today the Jews exercise a particularly great influence."

The above was written before war was declared.

Now to sum up: Why blame Hitler and the German people, in view of the evidence we have submitted—and there are oceans of it available? World Jewry decided that England and France, aided by the United States, should force Hitler and the German nation to such a degree that they would fight rather than suffer strangulation. These so-called 'democracies' have done everything in their power to aid bloody Russia; the great peace-loving England has even shared her military secrets with Russia; in fact so have France and America. We

have bought Russian gold at exorbitant prices and financed their war machine. We have sold them bombing planes and other war equipment in spite of the disclosures about the horrible conditions in Russia. At the same time we have insulted and boycotted Germany to the Nth degree. I say 'we', I mean the three great Jew controlled democracies". If what they say about Germany is true, it applies a thousand times more to Communistic Russia; but, no—Russia was the Jews' stronghold, the Great Experiment, the first Jewish state. Now, Stalin has thrown the Jews overboard, slaughtering them by the thousand, so it's now all right to talk about the atrocities of Russia; in fact, the great democracies are now financing the nations who are fighting Russia, evidence that the Jews' control is broken. And I believe that we in America will be dragged into this through our sympathy for Finland. The Finns are an heroic people, but the Jew control there was almost as complete as in Poland and Czechoslovakia. And don't forget that Finland is a part of the Treaty of Versailles, created by the Jewish League of Nations; that France was destined to do exactly what it has done—plunge the whole world in a bloody conflict so that Jewry could take complete control of the whole world.

If Jew-controlled England, France and America—and we are giving aid—succeed in crushing Germany, we will curse the day that we did it, for with Germany out of the way, Red Russia will steam-roller the whole of Europe. France and England will be wiped out; for remember, Communism has gotten a stranglehold in Britain and France, as it has here in America. The whole of Europe is trembling today, as never before.

The statesmen of Europe are afraid to utter their remarks for publication; so says Karl H. von Wiegand, foreign correspondent. While he is of German extraction, the whole world has a very wholesome respect for his opinions, as expressed in his articles. On December 9, 1939, he wrote: "Few statesmen in Europe today will be quoted in their views, by name. Their deep concern and anxiety that some form of Stalinism will follow the British objective, the crushing of Hitlerism, is expressed only in private conversations. Disquieting confidential diplomatic reports from Berlin in several capitals, that Germany in a losing war is almost certain to enter into an open alliance with Soviet Russia, either on a basis of Communism, or a transformation of National Socialism into national Bolshevism, cut to a German pattern, form the basis for these fears."

In our December number of 1938 we expressed similar views.

Von Wiegand quotes a world famous statesman; "Our deepest

concern is not so much the war itself, the British blockade of Germany and the Germans fighting back, with mines and submarines between which the neutrals are being crushed; but the war and its attendant political, military, social, economic and financial measures are preparing the way for the march of Communism." Continuing, he said: "Privation, lowering standards of living, discontent, declining confidence in the wisdom and capacity of government leaders, and a feeling of hopelessness for the future, are a soil in which Communism quickly takes root."

Here in America that is what has already happened. Ham and Eggs, Utopia, Technocracy and many others are a manifestation of that hopelessness for the future. This statesman expressed the view that this is a war between governments rather than between peoples; in other words, the people do not want far, but Jew-controlled governments force war. And again, "The severely censored press can not **and** does not mirror the true picture, in all its real aspects, in **any** of the warring countries. The governments of the neutral countries get a constant stream of confidential diplomatic reports, from London, Paris and Berlin, that are not subject to censorship; but these reports are not for the people, they are ignorant."

There's the picture in a nutshell. If the so-called democracies win the war and crush Germany they lose. The reason I am giving you these physical facts instead of a purely astrological article is that all astrologers concede that astrology is not fatalism; that we are free will agents. And if the people of France and England, and especially here in America, knew the real issue, peace overtures would soon be made to Germany. Ever since Hitler came into power he has pleaded for the friendship of France and England and America. We here in America know the response. The Jew-controlled press ridiculed and distorted, and answered with "Let's boycott Germany, because we don't believe in Fascism." Well, we don't believe in Communism, but they didn't say "Let's boycott Russia." It is inevitable that unless the true picture is presented, we here in America will go through the same experience that Germany went through, and a Hitler will arise in response to the call of the people, who are bewildered and crushed under the Jewish yoke of the new deal program.

I have been asked many times, "Can Germany win?" Briefly, the answer is, No. The physical facts will tell you that, but I am going to give you some of the astrological indications. At the present time, Hitler has Saturn in conjunction with his radical Sun, or rather it will be in the month of April; and this is very powerfully posted in his 1st

house. March and April will undoubtedly be very critical months, and will likely result in a crisis, especially when the Sun reaches 19 degrees of Aries, which it does April 9. However, at that time the progressed Moon will be sextile to Jupiter. His desperation is going to drive him to new tactics, and they are going to succeed. If the allies think they are going to quickly defeat Germany they will be sorely disappointed. Eventually they can, and will, do it, if the war continues; but, when they do, they will realize, as never before, that they have committed suicide.

The destiny of Hitler and the destiny of the Third Reich are not parallel. His star is setting. There are many indications of it; and grave danger of assassination is shown. All through 1940 and up to May of 1941, Uranus, the iconoclast, will be on the cusp of his 8th house, the house of death. I do not think he will outlive this aspect. That gives him a little more than a year at the best. Lack of space prevents me from giving you the complete picture month by month, but we will give you that in our monthly forecasts. Saturn by progression squares his Mars and Venus, for the next two years; then again the transiting Saturn in his house of partners for the next 1½ years indicates that his partners or allies will drag him down, before it completes its transit through this house. But, we must not lose sight of the fact of Saturn trine to Jupiter as the year 1940 closes. He has this same aspect in the month of May, also a trine or good aspect to his Moon. These transiting influences will possibly culminate when the progressed Moon squares his Saturn and opposes his Venus and Mars. August and September would be extremely critical months for him, for that is when that combination comes into effect.

Of one thing I am sure: He cannot win, nor will he live long; he will either take his own life, or more likely be assassinated by one of his close followers.

In conclusion, we will take a hurried glance at the Third Reich. This chart is a rather powerful one, with a grouping of planets in the 10th house; but it has one thing in common with the chart of Hitler: Saturn on the midheaven, which is not so good. Let me again remind you that Saturn rules the Jews as a race; the Jews will bring about his downfall.

Uranus, the ruling planet of Russia, is posted in the 12th house of this chart, and also of Hitler's, making Russia a very dangerous ally. Here again we see indications of a crisis in the spring months as the progressed Moon squares the radical Moon, also posted in the 12th house. Judging from this chart, the present conflict, if not called off

around March or April, will carry on until the progressed Moon squares Uranus, opposes Venus and conjoins Pluto, which is in the fall months of 1941. Again I say there are strong possibilities of peace overtures around March or April. If the British and French people get enough information in the meantime, this peace move will succeed; if not, they have at least another 18 months, and it may run up to 1942, around August or September when the progressed Moon opposes Mercury, and then later Saturn, and the Sun as the year closes.

Since the alliance of Germany and Russia, the morale of the German people has changed; and this change will become more pronounced and will reach serious proportions in the midsummer of '41. 1940 as a whole does not indicate very happy conditions for the German people.

We see additional indications of a crisis in April and May; Saturn square to Mercury and Saturn, is in the house of sorrow. The latter half of the month of May, Saturn is square to Saturn; and in June is square to the Sun. Now these 3 planets, Saturn, Mercury and the Sun, represent the ruler; the government. This indicates a change of opinion among the people; and Hitler will lose support. Also, Jupiter makes similar transits in the month of June, afflicting Mercury and Saturn; and the Sun during the first half of July. If the war is still in progress, Germany will be tightening her belt. But God forbid that this senseless war will continue, wherein we have three of the most advanced nations in the world engaged in a war of annihilation; a sort of gangster war; nothing else.

Another indication of serious domestic conditions is Mars on the cusp of the 4th, square to Uranus, opposed to Venus and conjoined with Pluto. This takes place in the month of June, and if the war is still in progress it will be visited on German soil. But Mars will also be favorable to Mars and Jupiter, a powerful combination. Should the war continue, the alliance with Russia will prove the death knell of the Nazi regime, and again impoverish and bankrupt the nation, bringing Germany back to where she started when Hitler first came into power.

Germany's real enemy is International Jewry and Red Russia, which are functioning through the three so-called democracies. The common people in Germany know that, but they are between the devil and the deep sea. The word has gone forth from the international Jewish control, Germany must die. England, France, and to some extent the United States, are listening to their master's voice; but we in

the United States will be sadder and wiser before this conflict closes. This we will touch on in the chart of the United States. The indications are, as we stated in our December 1938 number, that Germany will supply the brains and the discipline necessary to overthrow the Jewish control of Russia, after which they, Russia and Germany, will completely over-run Europe and drive on Palestine, for the last big conflict.

One thing I am convinced of: Hitler is an instrument in the hands of Divinity to challenge and break the control of International Jewry. He has tried for years to have England, France and America join hands with him, through the process of education; but these nations are so thoroughly controlled by Jewry that their leaders were afraid. They had the choice of settling the problem the easy way; but Germany is destined to break the stranglehold of Jewry on the world. If the war continues, and I think it will, Hitler or his successors will purge Russia of its Jew control; in fact that is already started. This combination, through force, will strike at the stronghold of Jewish control; it will strike at parts of the world where the largest Jewish settlements exist. Part of that program is the destruction of the Jewish settlements in Palestine; it will be a death-trap. Eventually their huge war machine will strike at our American cities through the air, for eventually the resources of the whole of Europe will be at their command. Only through a powerful machine of force, will the Jewish control be broken.

AUSTRALIA IN 1940

By ADA MUIR, Editor, THE TORCH,

R. R. No. 2, New Westminster, British Columbia, Canada

In considering conditions governing Australia, two maps of the heavens must be carefully studied, one for the founding of the Commonwealth in January, 1901, and the other for the laying of the cornerstone of Canberra in March 1913.

Each of these reveals the past history of this great country and indicates the possible destiny, modified by the thought of the people

for we must ever bear in mind that the soul of the people is the completion of the landscape.

Aries rises in the Commonwealth map and Capricorn is on the midheaven; and the planets ruling these signs are very harmoniously placed with regard to each other. Perhaps in no other country could such harmony be evidenced between ruler and ruled, or so great a desire for beneficial reforms for the common people.

Neptune is in the 3rd house in both maps, and has powerful oppositions in the Commonwealth map, indicating that more than once her sons and daughters will be called to sacrifice for a time the planned development of their own country to help in the solution of the problems of other countries.

This happened very soon after the laying of the cornerstone at Canberra, delaying the opening of the Houses of Parliament for a number of years.

Several perplexing squares are operating in both maps for the year 1940, but the Australians, with the exercise of their usual care in the approach of every problem and their natural determination to overcome difficulties, should find a ready solution.

The Sun has progressed to a square of the natal Moon, indicating that care must be used in all financial problems of any magnitude. This condition will continue right through 1940 and 1941, and will be most in evidence during the first half of the months of February, May, August and November.

Educational matters are likely to suffer through the necessary curtailment of expenses, and there will be considerable questioning in schools and universities, as to what is practical and what can be dispensed with in the interests of economy.

Theatres will suffer, and sport promoters will meet with setbacks. These are not good periods for purely speculative transactions, and in all trading with other countries, even the friendliest, it would be well to curtail credits.

The trine between the progressed Moon and the progressed Sun will make for optimism, which may lead to indiscretions in trade. This is foreshadowed for February, and the Government is promised its share of criticism that caution was not exercised before harnessing the treasury with uncollectible debts.

Financial improvement is promised until March 1940, as Moon is in good aspect with Part of Fortune, provided energy is directed towards the best trade channels and all available products are harvested.

Trade with other countries should increase, and there should be a

rapid exchange of commodities during the first six months. Under the then favorable planetary conditions, the trade channels that are opened should continue to bring benefit to the country; but caution must be used with regard to new trade agreements and contacts after the end of April, for conditions then are very similar to those which prevailed immediately following the laying of the cornerstone of Canberra, and foreign affairs are likely to seriously interfere with home developments.

Some of the finest mechanics may be lost to the country as they will seek to serve elsewhere, this being especially true in the case of those who have made air and motor transportation their specialty. The difficult periods in this respect will be the latter part of January, April and July. The uncertainty which will center around the movement of men may find its reflection in neglect of seeding, for the main ruler of crop development is void-of-course.

In spite of this, land development should be stressed and given every assistance by the Government, for there will be a ready market at the close of the year for such necessities as wool and foodstuffs, which can be produced in abundance, and prices will be good. This is indicated by the progressed Moon in Taurus, being in good aspect to Jupiter in the 8th house of the Canberra map of the heavens.

Let us again stress that credits must be guarded, for Mercury, part ruler of 4th House, squares Pluto, giving a tendency to trust to promises, rather than having a pre-arranged plan for cash or equitable exchange.

NEW ZEALAND IN 1940

Conditions in the Dominion of New Zealand will be similar in many respects to those of Australia. Trade with other countries will increase, and this will be particularly noted during the latter part of the month of January; but either prices will be lower, or it will be difficult to collect.

The Moon in the chart of the country, passing through the 7th House, is very close to a square of the progressed Sun, ruler of 7th House, indicating that although others will seek to trade with the country, their credit may not be good, so that cash on delivery or reciprocal trading should be insisted upon.

As the year advances opposition will be stirred against the Government, but the Prime Minister should hold his own, as through his progressive reforms he should have the masses of the workers with him.

Speculative building, sport, theatres, except in a few districts, are under a cloud, and losses threaten promoters. It is a year when every use should be made of that which was commenced under more harmonious planetary vibrations, as new transactions are overshadowed by world conditions.

The close of the year will see many traveling to other countries, and several will obtain world fame for their exploits in the air or through inventions that benefit air travel.

LETTERS

For several months now we have reviewed a book by that prolific writer, Mr. A. J. Ferris. The following is quoted from his last letter, after he read our review of his Pyramid book. Note what he says about our AMERICA SPEAKS:

"It was very kind of you to write up my Pyramid book in The Beacon Light. I wish you all the best in your drive with your newspaper. Something like that is badly needed in Britain."

I wish that more of our Anglo-Israel friends would take facts as they happen and balance them with their Bible teachings as Ferris does. Howard Rand, of America, I am pleased to say, does the same thing, one of the few.

We accept what the Bible says about Israel, including Britain and America; but we refuse to subscribe to the theory that they are perfect, because history shows otherwise. We are working on an article along this line.

The following interesting enclosure was recently received from one of our old-time readers and friends:

"In the year 1942 an earthquake of great intensity will rock the Pacific Coast. So intense will the disturbance be that a landslide will bury the greater part of the city of Los Angeles; an avalanche of stone and mortar will cover the remainder. Only a few will be left to tell the tale. An estimate of lives and property lost will never be made.

All coast cities will suffer; fire and famine will take their toll. The Imperial Valley will be completely submerged. Death Valley will become an inland sea. Mountain peaks will topple over, destroying the observatories. There will be floods and forest fires. . . . I am sure more will be given me from time to time."

From a Doctor in Ohio:

I am enclosing \$2.00 for a year's subscription to The Beacon Light. I am much impressed with your sincere old-fashioned Americanism. May God grant its rejuvenation, and free it from the damning subversion that has come upon it these last years.

Let us old-fashioned Americans become mutually attracted and mutually supporting each other; with God's help we may still be able to redeem our privileges as natives, rather than having to feel as refugees in our own land."

To all of which, we say Amen.

From Arizona:

"Enclosed please find Money Order for \$2.00 for the renewing of The Beacon Light, which is the best magazine published today."

From good friends in Wyoming:

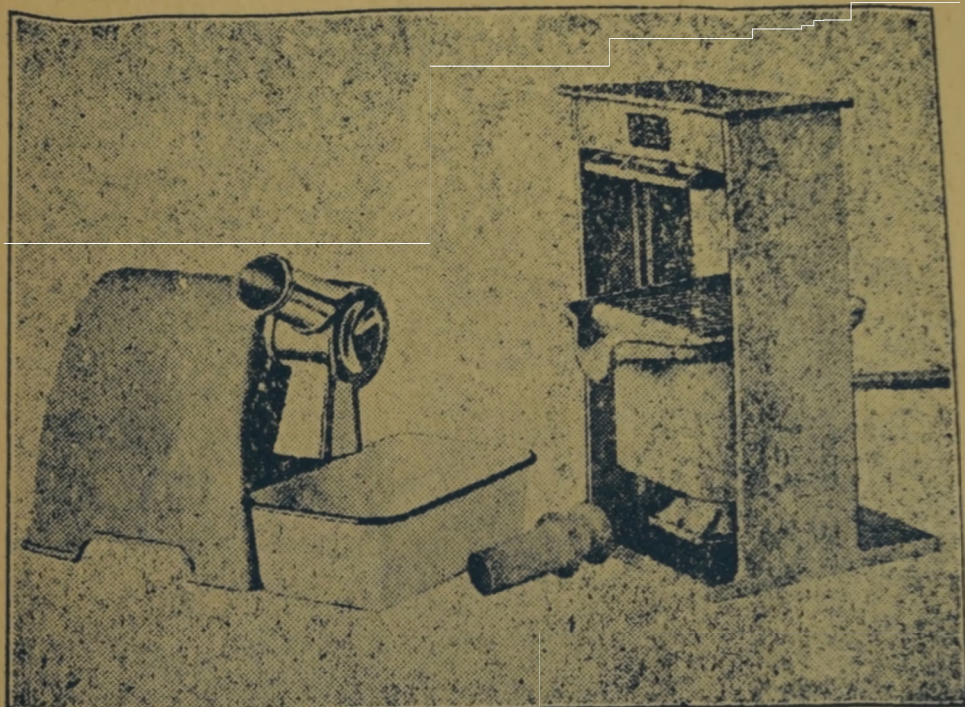

"Here is a little help for the cause. We sincerely hope your health is improving. There is so much work to be done, and you are so well fitted to do it."

From one of our old-timers, who has had The Beacon Light from the first issue:

"Dear friend: Your plea has been heard. My response is one dollar per month until you die, I die, or the Lord comes to establish His kingdom or some other unforeseen unavoidable circumstance occurs."

Many interesting letters have been held over for lack of space, to next month.
