# "Thy Kingdom Come"

The material for this book was published serially in The Beacon Light last year, and presented to the public in book form in October; and has created something of a sensation among thinkers, especially among men and women who are leaders among leaders. We have letters from ministers of many denominations, and the book has only been out about 30 days as this is written. Metaphysical students of many schools have proclaimed it the Book of the Age.

Let me quote one of the many enthusiastic testimonials, received from Dr. Juno Kayy Walton, daughter of Julia Seton, internationally known Truth teacher, and herself president of California Institute of Numerical Research Inc. and the acknowledged leader in the field of numerology:

"Dear Mr. Kullgren: Congratulations! You have put out a wonderful book. It is colorful and attractive from the first glance, and the Bible references quoted make it very valuable.

"It is gratifying to me to know that the Letters are now in book form for all to read; they are too valuable to be given only to the few, and this is written with so much sincerity, love and sweetness. I first received them in 1934, and at that time it seemed an impossibility that a greater war could come, or any of the prophecies of change could come. But year by year I have seen the prophecies come true, and there is every reason now to believe the rest will likewise be true.

"There is nothing to fear in the prophecy of change; instead, they give me a feeling of joy, that so soon the old, false ways of living and the unfair methods of business and politics will be a thing of the past. Then we will all share in a happier world, good to live in."

'Thy Kingdom Come' contains a message of hope for a despairing world, for it gives the workable economic plan of the future; a divine blue print of God's plan for the human race, based on the laws of God, or if you prefer the laws of Nature.

This is the goal of all idealists, and this plan should appeal to all sincere seekers for a workable solution to the world's problems.

Beautifully bound in art covers; the price is \$1.00, and we are offering 6 copies for \$5.00.

# The Labor Union Racket

Having been a hotel operator for some 12 years, and for some years Secretary-Treasurer of Charter 61 of the Hotel Greeters of America, also Publicity Director, I was deeply interested in the hotel strike in San Francisco which came to a head around the close of August. I am acquainted with the managers of most of these hotels, some 33 major hotels being involved. In fact, I did publicity work for one of them, the Hotel Manx, and pleaded with Harvey Toy, the owner, for a line of action that would have brought this matter to a head five years ago and broken the back of the union control.

This strike, like many others, was not a question of wages, it was a demand for 100 per cent closed shop and hiring hall; in essence, the labor unions want to take over and operate the hotels their way, which in effect means bankruptcy in from 6 to 12 months, in some cases less. You say, surely the unions realize what their demands would do? Of course they do, at least the leaders, the rank and file don't think in most cases. At the close of this article I will show you what the unions have in mind. But if you have a copy of the Lusk Report on the hearing which was held 10 or 12 years ago you will see what the goal of the labor leaders is.

Because the hotel operators refused to concede that they should hand over their hotels, lock, stock and barrel, the council president, John F. Shelly, said the operators refused to consent to a fair agreement. Now a hotel is not like a factory, it is your home, magnified 100 or 1000 per cent. Wages in San Francisco hotels are the highest in America, also they have the best working conditions; the unions themselves concede that. An Associated Press dispatch from Chicago states that Max Caldwell, a labor union agent whose wages were \$125 a week (just think, \$500 a month, why don't you hotel managers get yourselves a job as a union agent, they pay twice the salary you are getting) was being sued by members of his union for a refund of \$910,000. As a result, the State Attorney discovered a cache in a safe-deposit box of more than \$62,000 in cash, securities and jewelry in the name of Caldwell and his wife. How can a man who makes \$500 a month put away so much money in a safe deposit box? So it seems some union members are doing a little thinking. If labor unions were incorporated, which they should be, compelled by law to be, things like this would not happen.

Do you realize how many millions of dollars from the national defense funds go into the coffers of the unions? It is estimated

about 26 million dollars a year; men are shanghai'd into joining unions because in many cases there is an agreement with the employer whereby they are compelled to join, and union dues are deducted from wages. But this is a result of the vicious Wagner Act; it makes labor leaders licensed crooks, thieves, robbers, high-jackers; they have government support, through the Wagner Act. The remedy, of course, as long as the Wagner Act stands, is for the men to form their own independent unions.

To save time I will quote an article from the San Diego Broom:

**"INDEPENDENT LABOR UNIONS:** Today is national Labor Day. The idea seems to prevail that it is the occasion where Labor parades to represent the laboring men and women. But in those parades no place has been provided for the great mass of wage earners who refuse to belong to the two international unions.

Before the advent of the Wagner Labor Relations Act, which is unconstitutional and un-American because it provides for slave conditions to be imposed upon wage earners, unwilling to belong to contract unions—only 20% of the American wage earners were members of the two big racket organizations. Through the blacklist of the Wagner Act today perhaps 50% of the workers have been forced into the large unions. But at the same time the Wagner Act opened up a new avenue of organization, the Independent Union.

In the racket unions the mass of the workers have only nominally a voice. The organizers control the unions and those who don't submit voluntarily are literally hounded and bludgeoned by the goon squads, if other means of petty persecutions and recrimination of a harder nature is not effective.

The Independent Unions have eliminated all such dictatorial and communistic practices. In California these unions incorporate as non-profit organizations. They collect a low entrance fee from their members and keep dues down all the way. Once an election is held by the N. L. R. B., their standing is just as valid and their contracts just as legal as that of any other union. In the Independent Unions the membership controls the unions. They elect their officers who must make a report of the financial standing to the membership according to law. Nobody is beaten up by a goon squad for asking for an accounting from the business agent.

There are many such independent unions in San Diego. We are presenting below the names of only a few as an example of the progress of independent labor organizations. Of course the worker who stands on his constitutional right of individual contractual freedom and joins no union is the real American worker. American in the spirit of liberty. But since the federal administration has eliminated the U. S. Constitution as the supreme law of the nation and has packed the Supreme Court with its own stooges to make the Constitution inoperative, in self-defense many workers have banded together to utilize the provisions of the Wagner Act to at least protect themselves against being made unconditional slaves of either of the two international racket organizations.

The above is given in the hope that it will inspire some of you union men to break away from the two Red-controlled unions.

A few days ago labor strutted all over the country on Labor Day.

De Aryan, of San Diego, touched on it in his weekly broadcast over Station KGB. He has put it very nicely, so we quote from it:

LABOR RACKET: Everything But the Goose-Step  
Over KGB, Wednesday, 8 p. m., Sept. 3

Fred—What do you think of the Labor Day parade, dad?

Dad—They had everything but the goose-step.

David—What do you mean?

Dad—That's the way Hitler took over Germany. He had his brown shirts march in front of President Hinderburg who was so impressed with the parade, he made Hitler Reich Chancellor and after that Hitler took over Germany. And in San Diego the various labor unions forced their members to march in the parade or pay from \$5 to \$50 fines. So they had everything but the goose-step. You did not see any independent unions in that parade or any free American workers who are not affiliated with any of the unions? Those people in the parade did not represent the unregimented American Labor, but only the regimented unions to whom the members must pay dues, whether they want to or not, or else they lose their jobs.

David—But President Roosevelt said that labor is free in the U. S.

Dad—And Walter D. Fuller, president of the National Association of Manufacturers, came right back by stating that the Wagner Act has made slaves of all American workers who refuse to belong to a labor union and that the Wagner act should be amended to impose the same obligations and requirements upon labor organizations as upon employers.

David—Does it not do that?

Dad—No, David.

David—Then it violates the Constitution.

Dad—It certainly does."

Now we are getting closer to the meat of the subject. I quote from the Associated Press of September 3rd:

"Spokesmen for American Labor committed the country's workers to unremitting efforts for the downfall of Hitlerism yesterday on the third Labor Day of the war.

"Expression of determination to uphold Great Britain and her Allies and of awareness that dictatorship means death to trade unions keynoted a nationwide broadcast which was climaxed by an address of President Roosevelt.

"I know that I speak the conscience and determination of the American people when I say that we shall do everything in our power to crush Hitler and his Nazi forces," said the President, speaking from Hyde Park.

"There has never been a moment in our history when Americans were not ready to stand up as free men and fight for their rights."

LABOR HEADS SPEAK: This was the general theme, too, of brief talks on the same program by Sidney Hillman, labor's associate director of the Office of Production Management; William Green, president of the American Federation of Labor, and James B. Carey, secretary of the Congress of Industrial Organizations. Carey spoke for Philip Murray, C. I. O president, who is ill.

Also heard on the program was Ernest Bevin, British minister of Labor, who appealed from London for unity of all workmen against "this monster who would destroy them," and specifically for more war supplies from the United States.

Green and George Meany, A. F. L. secretary-treasurer, also called for an end to the strife between the A. F. L. and C. I. O. Green said that his organization reiterates "our standing offer to make peace." Meany, speaking at Uniondale, N. Y., at dedication of a memorial to the late Samuel Gompers, founder of the A. F. L., declared that "there never has been a sound trade union reason for a divided labor movement."

MARKED OVER NATION: The workingman's traditional holiday, marking also the unofficial close of the summer vacation season, was observed generally throughout the country with speeches, parades, sports events and other exercises, including doubleheaders at the baseball parks.

In many factories working on defense production, however, the men gave up their holiday to remain at their benches and lathes.

Here are quotations from some of the Labor Day speeches:

GEORGE HICKS, Parliamentary secretary for the British Works and Building Ministry—Urged American workmen to "feel that they are right in this war, fighting side by side at the benches and in the workshops with their British comrades."

HERBERT MORRISON, British labor leader and minister of home security—"Concentrate on giving us every ounce of help within your power."

SECRETARY OF LABOR PERKINS, in a radio address—"We are in fact a gigantic factory, striving to supply ourselves and other liberty-loving peoples with arms and equipment. Every possible ounce of energy and resource at our command needs to be mobilized for the job. This great national defense plant of ours must be kept going at speed and at efficiency in the interest of full production."

And when you get through reading this, look up Mrs. Dilling's Red Network, and Nesta Webster's Socialist Network, both of which we can supply, and look up the records of these men and women; we may even look up Mr. Roosevelt's record in this book of that name by Mrs. Dilling. And now you will better understand the following. I quote from The Militant of August 23rd; this is an official Socialist paper, formerly The Socialist Appeal. Note the name: The Militant. They are now ready to close in, and they are going to fight. I quote:

**"JOIN US IN FIGHTING FOR:**

1. Military training of workers, financed by the government, but under control of the trade unions. Special officers' training camps, financed by the government but controlled by the trade unions, to train workers to become officers.
2. Trade union wages for all workers drafted into the army.
3. Full equality for Negroes in the armed forces and the war industries—Down with Jim Crowism everywhere.
4. A peoples' referendum on any and all wars.
5. Confiscation of all war profits. Expropriation of all war industries and their operation under workers' control.
6. For a rising scale of wages to meet the rising cost of living.
7. Workers Defense Guards against vigilante and fascist attacks.
8. An Independent Labor Party based on the Trade Unions.
9. A Workers' and Farmers' Government."

You will see from the above that they have the colossal nerve to ask the government, in the last analysis the people, to train them to seize control of the government and all property. Note No. 3, and then read what we said in the September number about the Negroes in Washington. And note No. 7; that is directed at all patriotic individuals and organizations. And No. 9, a workers' and farmer's government. That is what they have in Russia; at least that is what they call it, for they sold a group of farmers and trade unionists the idea of joining them and seizing the government.

When that was done, and they asked for a voice in the new regime, all who did so were liquidated. So much for a workers' and farmers' government. But, you say, this can't happen here. Brothers and sisters, that is what you think; that is what the intelligensia of Russia thought. A few thousand revolutionists seized control of the government and 160 million people.

There are about 20 million Red supporters in this country; and don't kid yourself that we are not heading for a show-down before 1942 is out. Mister Hotel Man, how much longer are you going to sleep? When will you realize that we are fighting **your** battle? When will you quit shadow-boxing?

In 1936 we printed 10,000 copies of our little paper, The Forum, and gave them away free of charge all over the country; very few of you had the intestinal fortitude to pass them out. In this paper we warned you of what has now come to pass; and they are now ready to close in on you. Your problem will be intensified where there is a large negro population. Why not send us a check for \$15.00 and 100 names and addresses, and we will mail this issue to the names you send in; or if you prefer to send us a check for \$12.50 we will ship you 100 copies and you can pass them out to hotel operators who are feeling the mailed fist of the union racketeers, many of whom don't quite know what it is all about, and don't realize the ultimate goal.

The ultimate goal is frankly stated in the Lusk Report; and that goal is confiscation of all private property, State Socialism, as per Exhibit A, Soviet Russia. And you see by the recent moves of your President that the whole New Deal program is identical, with one and the same goal.

We have about 200 copies of The Forum published in 1936; you may have them free of charge, just send a few stamps to cover shipping cost. Even at this late hour I am willing to lay out a program and plan of campaign that will save your property, and your right to operate the same, as guaranteed by the Constitution and the Bill of Rights. I am giving you an opportunity to do something to save yourselves; up to date you have not shown any indication that you are worth saving. You allowed me to be crucified when I ran for the office of President of Charter 61, Hotel Greeters of America; less than 10 per cent of you stood by me; when the same tactics were employed that the Veterans of Foreign Wars employed to dethrone Earl Southard, State Commander of the Illinois V. F. W.

See article in this issue. The whole proceeding in my case was absolutely illegal and against the constitution of the H. G. A.; he

the constitution been adhered to I would have been elected. My opponents quoted the constitution when it answered their ends, and then proceeded to tear it up as a scrap of paper. In spite of that I am willing to help you out of your dilemma; but you must do something to prove you are worth that help.

I am glad to see the Veterans of Foreign Wars are demanding the removal of the Polish Jew Matilda Wutski, alias Madam Perkins. Without her aid the Jew Harry Bridges would have been deported. It was not accidental that a Jew was placed in the key position as Secretary of Labor. "We" planned it that way in the beginning.

Look up the record of Edwin S. Smith, member of the N. L. R. B. Smith is on the Executive Committee of the American League for Peace and Democracy.

Let me quote a columnist from Washington; he sums the situation up very nicely, and places the blame where it belongs:

Congress was on the point of dealing with the menace of the strike against national defense plants, when Hitler invaded Russia, the Communists in the United States changed the party line in the twinkling of the well-known eye, and the strikes came to a sudden end.

It was believed then at the Capitol that the peril of defence strikes was at an end. This was not the case, of course.

The strike which has caused the Government to take over one of the nation's largest shipbuilding plants—the longest single step thus far of the New Deal toward totalitarianism—was an outrageous act of aggression by labor which should not have been tolerated.

The spirit behind the strike, the arrogance of the labor leaders who called it in violation of their own agreement with the plant, stem primarily from the attitude toward Mme. Perkins and Edwin S. Smith.

The President has not yet filled the vacancy on the labor board caused by the expiration of Smith's term, as this is written.

If in the end he should reappoint Smith, as is demanded by C. I. O., the action could scarcely be regarded in any other light than that Mr. Roosevelt is more concerned with consolidating the so-called New Deal "reforms," than he is in the success of his foreign policy.

If in the end the President declines to return Smith to his key position on the labor board, some hope may be entertained that, after all, to the President, defense and national security come first.

Smith should not be reappointed.

And Mme. Perkins should go.

## LETTERS

### FROM TEXAS:

I am sending some of my Beacon Lights to a friend in the state of Washington, who sends me literature of the Rosicrucian order, which has the same information as yours. I don't think she ever heard of the wonderful magazine in America, "The Beacon Light"; it is truly a wonderful enlightenment to anyone who reads it. — — — — "

### FROM FLORIDA:

"Enclosed is \$1.00 for which send me 6 copies of your magazines, either future or past. They are all splendid and you are doing a heroic work, but it must be heartbreaking to receive such apathetic response. However, you know "for they love darkness rather than light." Best wishes to you. — — — — "

### FROM SAN FRANCISCO:

"Please send your Beacon Light again for 6 months, starting with the August number. I am enjoying your magazine very much, and learning a lot from it. "

## THE "V" CAMPAIGN

I have been collecting material from different sources regarding the 'V for Victory' campaign. First, I am going to present an article, written especially for us by Dr. Walton, regarding the significance of 'V' in Numerology. Here is the article:

### "V For Victory"

Propagandists Have Right Hunch. Says Numerologist

"V" is the 22nd letter of the alphabet, and ancient and modern Numerologists recognize "22" to be a Master number, endowed with unusual power to control the destiny of the masses, says Dr. Juno Kayy Walton, Hollywood Numerologist. It is called a spiritual number, and gives to any endeavor the power to command, ability to deal with large groups of people, and an intuitive knowledge of the feelings of others. The "22" person often does better, too, in a foreign country; and this accounts for the quick response of the captured countries to the "V for Victory."

"22" also represents co-operation, association, getting together and partnerships. It is a peace-loving, tactful, diplomatic and courteous expression, and the person who is named under the number will be emotional and spiritual minded. Force, will, dominance, haste or high-pressure methods are apt to confuse the sensitive and quiet "22". The ultimate success of the Victory movement depends upon patience and quiet methods, and the leaders of the movement need to be subtle, patient, quiet but deliberate, and persistent; for only in this way can they plant the seeds of rebellion deep enough to get results.

There is a darker side to the number when it is not understood and rightly used. Frequently a person born on the 22nd of the month has a tragic life, for there are two parts to the number (2 and 2) and if these parts are separated through too much emotion and sensitive feeling, the strength of the "22" is lost. A "22" standing alone becomes weak, fearful, worried and indecisive. "United we stand and divided we fall" is the rule for a successful "22".

Winston Churchill has a job on his hands to cement the various countries into one co-ordinated whole, in spite of the spiritual help the "22" of "V" is giving. Hitler's efforts to make "V" stand for Viktoris could separate the "2's" of the "22", and cause the movement to collapse quickly.

Still another prophecy appears in the Victory symbol, according to Dr. Walton. Illness is connected with the movement, and a health

problem is likely to be a menace to the ultimate success of the plan. What this is, time will reveal.

**X** Down through the ages, the Jews have taken spiritual things and principles, and perverted them to their own gross ends; and so, according to Numerology, V is a spiritual letter. Another instance: Jewish Communists organized the 'Abraham Lincoln' brigade, to fight in Spain. What a defilement of the name of our national hero! This is just one of the many instances. Even the star of David, used by international Jewry, does not belong to them, it is not a Jewish symbol at all, but belonged to the Israelites, who were not, and are not, Jews. For proof, read Origin and Destiny of the Jews, taken from your Christian Bible.

It is true, the original Jews were half Israelites and half Hittites, a primitive Negro people. As the Scripture says, the sons of God married the daughters of men, a lower race. But not more than 5 or 10 per cent of the Jews of today have any of that original blood in their veins at all, but are Mongolian Asiatics. You will find one instance in the Book of Esther, at the time the Jews had become a political power, and had almost entirely broken away from Israel teachings, and had built up a system of religion based on the Babylonian principles. For details, read your Bible.

You will note what the above article says about the darker side. The Jews as a people have had a tragic existence, in spite of the fact that they now control the wealth of the world. They have not striven for spiritual things, because they are materially minded, due to their low origin. You can't expect a pig to soar in the air like an eagle, because it is not constructed or fitted for such a task. I predict right now that the darker side of the "22" V will manifest, and that it will become a dud.

I now present a masterly article from the San Diego Broom, which in turn was culled from various sources. I quote in full from The Broom of August 25th:

### **"V" for Victims**

#### **Ancient Symbol of Kohanim**

#### **THEY Are the re-Organizers of U. S. A.**

**X** V stands for victims and we are the victims who must pay for the war not only with cash and the lease-lend products of our fields and factories, mines and labor, but even with our manhood and independence from foreign dominion.

V stands for the end of American constitutional government when two men can meet on a British battleship and decide the fate of the world. We are the victims of it, for we are the richest nation which is being looted and stripped, bonded and mortgaged to enthroned the Rothschilds, the Sassoons, the Lehman and the "other" financial tyrants and exploiters whom the world is to exchange for Hitler and Mussolini, since Roosevelt and Churchill have promised

to protect Stalin. We are the victims of Communism for whom we must produce "defense."

Last week's issue of *The Broom* carried this timely information which is too important to forget.

#### AN ANCIENT SYMBOL

Stranger than story, almost is the new realization now that the sign of V has for thousands of years been a significant symbol in the religion of the Jews, most persecuted of all by the Nazis for centuries the *Kohanim*, descendants of the priestly tribe of the temple which Titus destroyed 2000 years ago, have formed a V with the fingers of the hands in bestowing the blessing on assembled worshippers.

The hands are upraised during the priestly blessing with the thumb, the first and middle fingers separated from the ring fingers in an unmistakable sign of the V. The ancient significance is that the rays of the Shekinah, or manifestation of Gad, may stream upon those assembled—but the coincidence of this V sign adds weight to the almost frantic devotion with which men everywhere who still hope for liberty are clutching for support on the sign today.

#### THEY ARE OUR MASTERS, U. S. THE VICTIM

Just who is remaking the U. S.? General Hugh Johnson gives the inside dope:

And now we're going to fix it all up. And who do you suppose are now revealed as the architects of this new structure for the mobilization and administration of the great American industrial complex? None other than a couple of guys of the lighter and brighter days of presidential pleasantries toward the White House janissariat, when knights of that round-table were yelected by the boss even as King Arthur did, Henry the Morgue (Morgenthau), Tommy the Cork (Corcoran), Harry the Hop (Hopkins), Leon the Hen (Henderson), Benny the Cone (Cohen), and Sammy the Rose (Rosenman), etc. The last two have been recalled to the siege perilous to reorient the cosmic chaos of this industrial and economic universe.

#### THEY ARE A STIFFNECKED PEOPLE

The Biblical prophets bemoaned the fate of the Jews as a stiffnecked people who persisted in violating the Ten Commandments and brought shame and misery down upon their own heads. This attitude of attempting to rule the world contrary to the rule of God, this rebellion by which tenacious minds scheme and scheme and press the plan of subverting the whole world, is the cause of existing wars and turmoils.

#### 'REVOLUTION AGAINST GOD' BLAMED FOR 'STATE OF WORLD'

NEW YORK.—Representatives of German-American Catholic societies were told by Rev. Anthony T. Strauss, of St. Charles, Mo., spiritual director of the National Catholic Women's union, that the present state of the World war was due to a rebellion against God and rebellion against moral law.

Delegates from 1034 societies in 17 states met in convention here.

Strauss said "the case of our generation is not hopeless . . . a sincere return to Christianity will restore to us moral health and true happiness".

#### ROSENVELT'S VICTIMS BELIEVED HIS PROMISES

After telling us "again and again" that "your sons" will not be sent into participation in the European war, here is what the new deal President Roosevelt has in store for his victims who voted for him, believing what he promised.

After his return from the secret conspiracy between Roosevelt and Churchill the President distributed among the press correspondents at the White House an interview which Lincoln is supposed to have given a group of women.

It was an excerpt from Carl Sandburg's "Abraham Lincoln—The War Years", and told of an interview between Lincoln and a group of women, led by Mrs. Mary A. Livermore, of Chicago. It happened a year after the Civil war began. The excerpt follows:

"I have no word of encouragement to give," was the slow, blunt, reply (of President Lincoln). "The military situation is far from right; and the country knows it as well as I do."

"The women were silent. They knew it was a heart-to-heart talk, that he was telling them what he could not well tell the country, that he was frankly relieving the burden of an overweighted mind. It was a silence of a moment, but deep and painful," said Mrs. Livermore.

## QUOTATION CONTINUED

The president went on: "The fact is the people have not yet made up their minds that we are at war with the South. They have not buckled down to the determination to fight this war through; for they have got the idea into their heads that we are going to get out of this fix somehow by strategy! That's the word—strategy! General McClellan thinks he is going to whip the rebels by strategy; and the army has got the same notion.

"They have no idea that the war is to be carried on and put through by hard, tough fighting, that it will hurt somebody; and no headway is going to be made while this delusion lasts."

## INTERNATIONAL PARALLEL

Mr. Roosevelt read the excerpt to the correspondents, paused and said it contained a rather interesting parallel with the present situation.

Then, driving home his point with a sharp, incisive manner of speaking, the president said that a year after the Civil war started the people of the North had not awakened to the fact that they had a war to win. In response to a question, he said he had the service extension vote in mind as well as other things in making his statement.

Refreshed by the voyage, which included the historic Churchill meeting, Mr. Roosevelt was in obviously high spirits. His answers to questions were made quickly and directly.

## PRESIDENT IN HIGH SPIRITS

Notice that the "success" of pledging this country to defeat Hitler and keep Germany disarmed "forever", which brought Hitler into power in the first instance as a result of the one-sided disarmament at Versailles; had refreshed the President and kept him in high spirits. But the U. S. is to be bled white to bring about such a condition of slavery upon Europe. The people of Europe will no more accept a permanent condition of disarmament while England and Russia would remain armed, than they accepted the treaty of Versailles. That means, then, that the U. S. would have to keep them down "forever" and what do you imagine the result will be? A new era of plotting and counterplotting till a new regime is placed in England and Russia and then ALL of Europe, Asia and Africa will sail, fly and march to fight the U. S. to free themselves from our armed imposition of whatever terms a "victory" might impose upon the old worlds. It will be three continents, or four, against the U. S. A. should the Roosevelt-Churchill pact ever "succeed".

## WHO DESTROYS THE U. S. A.?

It is enlightening to know that Senator Pepper who wants to get us into war right now might face criminal prosecution for his asphalt deals. By the way his wife is Jewish, like Secretary Hull's. And the other fellow who wants to confiscate all private property through the "May-Bill" is none else than the man who is now facing the courts in a charge of swindle. These are our New Dealers. May is a Jew.

## CONGRESSMAN SUED IN MINE STOCK DEAL

WASHINGTON.—Mrs. Louise G. Gove, a department store saleswoman, has filed suit in United States district court seeking \$12,567 from Rep. Andrew J. May (D-Ky) and four others on the ground they sold her worthless stock in a West Virginia manganese mine.

Other defendants named in the suit were Mrs. Julia G. May, wife of the Kentucky representative; M. A. Martin, and Walter E. Blount, of Washington, and A. J. E. Mulen, of Baltimore. All were described as officers of the Greenbrier Mining Corp.

## AMERICA IN DANGER

Chas. B. Hudson, writing from Omaha, Nebraska, presents the following timely information in his weekly bulletin:

Now let's go back to 1929—before Hitler and before NUDEAL. The magazine GODLESS published in Moscow carried cartoon showing monstrous "V" (with smaller "hammer & sickle" inside the "V") crushing Jehovah, God and Allah. As Dr. Wm. D. Herrstrom, evangelist and editor BIBLE NEWS FLASHES (317 W. Lake St., Minneapolis, Minn.—25 c per year) says in Aug. '41 issue: "... There is nothing new about this 'V'. It represents the crushing out of all forms of religion as one can readily ascertain by a glance at the cartoon ... The hammer and sickle represent the worker and the agriculturist whom the 'Reds'

**6 copies of this issue for \$1.00; circulate them among your friends**

hope to organize to overthrow Christianity, Capitalism (which is their term for all private ownership of property); and all ordered governments the world around. Thus the 'V' represents 'Victory' for the forces of anti-Christianity.

The 'V' represents international revolution—the overthrow of all governments not favorable to Soviet Russia—sabotage and fifth column activity to *destroy nations from within*. It is time for the U. S. A. to take her stand against the 6,000,000 Communists and sympathizers in our country and the 2850 'known Communists' in 'key' positions in the New Deal government (according to Chairman Dies)."

Front page of *BIBLE NEWS FLASHES* reproduces the "V" cartoon. You should have it.

In the above you will see the godless origin and foundation of the V movement. The next is an extract from *The Round Table*, by Mrs. Elizabeth Dilling; and here you see more clearly the Communist symbol and the Jewish symbol, meaning the same thing. And let me at this time say how tragic it is when spiritual things are perverted to the grossest purposes, because of the confusion it creates among those who believe in spiritual symbols when they find the godless atheist hordes using those symbols; it gives them such a helpless feeling. The following is the quotation from Mrs. Dilling:

#### THE "V" MOVEMENT

The "V" for victory is a commercialized watchword today—even emblazoned in costume jewelry, etc. The headlines of a New York Sun report of 7/16/41.

"While the Reds battle the Nazis on the steppes before Moscow, Communist supporters underground throughout Europe are using the "V" the half-bent arm raised into the clenched fist salute, and understand it as a signal for sabotage. It is also asserted in political circles here that the V when multiplied five times with the tips conjoined forms the shape of the Red star which in giant proportions stood outside the Kremlin before the war, outlined in red neon lights. This was also displayed at the Paris exposition in 1937 and at the World's Fair, New York, in 1939. It was one of the chief symbols of the International Brigade which fought for the Loyalists in the Spanish civil war. The star, for that matter, was displayed on the uniforms of the Republican Army. It is also used in Mexican Communist processions. . . .

"Familiar Communist propaganda and official Soviet war news published here daily places the three dots and a dash—Morse code symbol of the V—between the words Moscow and London. Perhaps the best interpretation of the V is that it symbolizes the revival of the Popular Front in Europe, uniting against Hitler the liberal political parties which have now been driven underground . . . "

But I met a witty editor the other day who had a terser definition for the "V" movement. He asked, "Do you know what three V's stand for?" I said, "Victory?" "No," he replied, "It means VE VANT VAR!"

And now we give a quotation from the New York Sun of July 28th:

#### JEWISH V RULE EVERYWHERE IN THE WORLD

The New York SUN, July 28, carried the following:

#### V FOR VICTORY IS EVERYWHERE

Ancient Symbol of Jewish Temple Stands as Sign of Hope to Conquered.

Spreading steadily in spite of the Nazis is the use of the letter V as the symbol throughout Europe of victory against the forces of oppression.

V is for Victory and no one is quite sure how it started. What all know, though, is that each day it gains strength and significance through a remarkable evergrowing series of coincidences.

#### AN ANCIENT SYMBOL

Stranger than story, almost is the new realization now that the sign of V has for thousands of years been a significant symbol in the religion of the Jews, most persecuted of all by the Nazis. For centuries the *Kohanim*, descendants of the priestly tribe of the temple which Titus destroyed 2000 years ago, have

formed a V with the fingers of the hands in bestowing the blessing on assembled worshippers.

The hands are upraised during the priestly blessing with the thumb, the first and middle fingers separated from the ring fingers in an unmistakable sign of the V. The ancient significance is that the rays of the Shekinah, or manifestation of God, may stream upon those assembled—but the coincidence of this V sign adds weight to the almost frantic devotion with which men everywhere who still hope for liberty are clutching for support on the sign today.

It was in Norway, it is believed, that the V for Victory first appeared on walls, rocks, fences, sidewalks. Soon flat surfaces in all invaded countries mysteriously bore the sign.

Then it was recalled that the V in Morse code is three short dots and a long dash. Telegraph operators tapped it out on their keys. Messenger boys tapped it out on hotel doors. Other callers rang it out on doorbells. Drummers in orchestras tapped it out on their snares. It was everywhere—and then another coincidence was recollected.

#### IT IS SET TO MUSIC

The first four notes of Beethoven's Fifth Symphony are the same in rhythm as the telegraphic V—three short notes and one long. Prisoners in Nazi camps began to hum the measure. Children hummed, too. Orchestras tuning for Nazi hymns tuned to the Beethoven Fifth.

Even in this country the V will be put to use. Bundles for Britain has announced that the symbol will be adopted here as part of the organization's relief campaign. How it will be used has not been said except that it will be co-ordinated and run concurrently with a campaign in Great Britain.

*Editor's Note:*—The "Kohanim" have more "Cohen" listed in the New York telephone directory than there are "Smith".

#### REDS ADOPT V-FOR-VICTORY SIGN

But for Europe's Sub-rosa Communists Units It's the Signal for Sabotage.

On July 28, the New York SUN carried a copyrighted Radio Dispatch from London stating that "—The Russians have tied up with the V-for-Victory campaign. While the Reds battle the Nazis on the steppes before Moscow, communist supporters underground throughout Europe are using the "V—the half-bent arm raised into the clenched fist salute, and understand it as a signal for sabotage.

It is also asserted in political circles here that the V when multiplied five times with the tips conjoined forms the shape of the Red star which in giant proportions stood outside the Kremlin before the war, outlined in red neon lights. This was also displayed at the Paris exposition in 1937 and at the World's Fair, New York, in 1939. It was one of the chief symbols of the International Brigade which fought for the Loyalists in the Spanish civil war. The star, for that matter, was displayed on the uniforms of the Republican Army. It is also used in Mexican Communist processions."

*Editor's Note:*—Which all goes to show who is running Britain's war for "democracy".

★ Yes, in the above article we have given you enough evidence to show the origin of the V movement. Yes, I believe V stands for Victory; but whose victory? The victory of the spiritual forces for which V is the symbol. Inasmuch as V is a spiritual symbol, and the Jews and Communists are not a spiritual people, it will be a boomerang to them. And so I present a little poem that I culled from the Los Angeles Examiner recently, entitled Ultima: And I believe, as this poem says, that God is going to have the last word. So again I urge you to read The Origin and Destiny of the Jews. that you may better understand.

## T H A T " V "

The following, sent in by one of our readers after the above article was in type, is just a straw in the wind, and shows that this Victory campaign is not blinding the eyes of the enlightened. And the ranks of the latter are increasing rapidly, as our correspondence shows.

This Jewish "Victory" symbol is nothing but the Communistic arm with the clenched fist, and the Latin value of V is five or five fingers. It stands for the Red salute of Revolution.

The numerical value of V in Hebrew is 6, pointing to the Jewish six pointed star. This letter is also found on the back cover of the "American Astrology" magazine for the month of October. On page 4 it states that the Talmud is "the Great Book of Israel". This magazine is published by a Jew.

In opposition to this symbol is the American "A" which stands for America first, and points upward. It was I think originated by some member of the Citizens Keep America Out of War Committee; which Committee is printing stickers to this effect and circulating them throughout the nation.

This "V" symbol stands for getting America into war, and all that implies: staggering taxes, strikes, suppression of free speech, free press and civil liberties, along with panics, depression, investment losses, bank failures, etc., all punitive measures to either bring on war or revolution or both. When the storm breaks, somebody will wish they lived in Madagascar.

## U L T I M A

When statesmen have made the last parley,  
Dictators have made their last threat;  
When we watch the skies with misgiving  
And the fires of conflict are set—

When factions mislead and confuse us,  
Bring chaos where order prevailed,  
When the freedom we cherished is vanquished  
And the leaders we trusted have failed;

When our faiths are attacked and derided  
And some have forgotten to pray—  
Remember that hope is eternal—  
That God has the last word to say.

## “A” Stands for AMERICA

The Citizens Keep America Out of War Committee, with headquarters in Chicago, and headed by a man who has been news during the past few weeks, Earl Southard, is presenting a vigorous pro-America campaign, and has done noble work in that direction. Here is their release, which is a challenge to the pro-British, pro-Jew, pro-Communist V campaign—for they are fighting for the same thing:

“An all out program of Americanism, through the use of the letter ‘A’ as a symbol to counteract the various foreign importations, was approved by the executive committee of the CITIZENS KEEP AMERICA OUT OF WAR COMMITTEE, announced today.

“‘A’ stands for America and is also our symbol for our Anti-war program. Our Committee decided that the letter ‘A’ would be a good one for all of our Americans to rally around. However, we are not making any secret of our activities. Under the present we do not have to operate underground in this campaign. Ours is an out-in-the-open-activity, as any real American campaign should be. We have been working for over a year to keep America out of war and believe that our efforts have contributed to the success so far of preventing our boys from dying on foreign battlefields.

✗ “This ‘A’ campaign fits into these plans because first of all it stands for Americanism, secondly, it stands for Anti-War, Anti-alien, Anti-Red and Aid America. In other words, it is All American.

“The aliens who are making ‘V’s about some of our buildings will soon find that they are outnumbered by our real Americans. The ‘A’ campaign will keep America out of internationalism and Europe’s and Asia’s wars.

“‘A’ stands for the Americanism of more than ninety per cent of our people who have refused to put the flag of any alien power above Old Glory. ‘A’ stands for the American isolationists who, after listening to the propaganda of the alien-minded interventionists for more than a year, have seen their stand vindicated by the new clash of arms in Europe which knocked the last shred of synthetic idealism out of the European war and exposed the war for what it actually always was—a battle for supremacy between two alien ideologies.

“‘A’ stands for American mothers who are determined that their sons shall not be sent to Europe to fight for the perpetuation of ruthless Communism. ‘A’ stands for American Christians who are opposed to fighting for atheistic Communism.

“‘A’ is not a revolutionary movement; it is a patriotic method of letting everyone know you are an American. It is not underground,

because the CITIZENS KEEP AMERICA OUT OF WAR COMMITTEE is operating for the protection of our republican form of government. The desperate situation in which America has been brought by the warmongers to fight the wars of other nations calls for a visible action. We are counteracting the 'V' of vicious alienism in this country."

As I reviewed this material I was struck by the fact that an A and a V are one and the same thing; a V is an inverted A, so it looks as though they are trying to take the 'A' out of America and stand us on our heads. I have dabbled somewhat in symbolism; and if you, too, are a student of symbols, you will know that the V is an inverted triangle, representing the dark forces, whereas the 'A', like the Pyramid, is pointed up. And by the way, the Pyramid is a spiritual symbol.

Go through the various movements and business concerns, and there are many, but unfortunately lack of space forbids my going into this detail; but you will be surprised to see how many business concerns have an inverted triangle for a symbol. This is also true of so-called spiritual organizations. Let's take the Y. M. C. A. movement: founded on Christian principles, but it has the inverted triangle for its symbol, indicating spiritual forces perverted to material purposes. Jews today dominate the Y. M. C. A. interests, perverting it from its original purpose. The Emissaries of Divine Light had an inverted triangle; we touched on this movement in our July 1940 number, and again on page 49 of the March 1941 number. Note the second paragraph in my reply, on the word **alias**; and then see what the dictionary says about the word **emissary**.\* You will note they all dove-tail, meaning one and the same thing, being subversive and of the dark forces. Again, lack of space forbids the use of correspondence from people who have belonged to this one-man organization, proving that the key-note is as symbolized by the word **emissary**, and the inverted triangle.

This has been a rather difficult article to write, because the subject is so big one could write a book on its many ramifications. The above may seem a little scattered, but it is very difficult to boil down and condense into a short article as we have done. However, I trust we have given you some food for thought.

✕ Bear in mind, there is only one force in the universe, and that is good, or God; and evil is a perversion of good.

\*emissary, n: 1, a person sent on a mission or as an agent; especially, one sent as a secret agent to advance the interests of an employer or a cause, usually implying something underhand or odious either in method or in object.

"The emissaries of the Evil One." Longfellow, N. E. Tragedies, John Endicott, Act 1, sc. 1."

By The Editor

Just a year ago we published 'Thy Kingdom Come'. It has met a wonderful reception; so much so that we must reprint it, as only a few copies left.

I am also compiling material for another book, entitled 'The Doom of the British Empire; but I can see no prospects of printing that, due to lack of funds. However, I am getting it ready; some good fairy with a magic wand may make it possible for me to publish this. In the meanwhile, I shall do my part and get it ready.

The reprinting of 'Thy Kingdom Come' depends on sufficient funds, which I can not see at this time. We are now drawing to a dramatic close of events here in America, and things are going to move fast; you are going to feel the pinch of things in a big way. Those sleeping will awake from their slumber and face reality this time. Throw all you energy and available cash into the fight now; tomorrow may be too late, for you are going to be taken to the cleaners in a big way.

By the way, our predictions on Russia and Germany, in the January number, are being verified. A few copies are still left; you may have them at 6 for \$100 while they last. They are worth more now than when they were first put out. Here is a chance to do some missionary work among those who say astrology doesn't work.

You may have other numbers if you prefer, such as the July, 1940, number, a very dynamic number, the second installment of the 'Thy Kingdom Come' series. Here is a cheap way to bring this book to the attention of your friends. Let's go; time's a'wasting, and history is in the making. Will you be a part of it, or are you a part of the dead wood that will be swept away?

## HEALTH

We receive a great many letters from readers, speaking of sickness. Usually we put out one health number a year; but we have been so crowded, and the strain has been so intense this year, that I have suffered a good deal from exhaustion, simply due to overwork and nothing else. Overwork will undo anything you or I might do toward health, as will worry, fear, jealousy or hatred. With most of you, your poor health is caused by over-eating and nothing else; you are eating more than the system can handle or requires; the surplus poisons the blood stream, and you are sick. Others indulge in 6 copies of this issue for \$1.00; circulate them among your friends

too much meat, or too many starchy or protein foods, and the result is the same; toxemia.

Now the planetary indications for November are for much sickness, hence this short article. The nearest thing to a cure-all for illness is fasting. Yes, I know you feel miserable when you fast, especially the first few days. This is caused by the loosening up of the pockets of poison in the system; sickness of the stomach, a splitting headache, these are signs that the fast is doing you good, is effective. They seldom last beyond the second or third day, at the most. A thirty day fast would cure 90 per cent of all the sick people in America. It is quite simple. A fast throws off the poisons in the system caused by wrong eating or wrong combinations.

If you haven't the will power for a complete fast, try vegetable juices for 30 days, from 1 to 4 quarts a day with nothing else; and you will be amazed at the result. Of course, in chronic diseases a 30 day fast will not cure, a longer fast may be necessary; and for a longer fast it is well to put yourself in the hands of a drugless healer.

Many have written that they can not afford a Norwalk Juicer. Well, perhaps you can afford the little Juicex, at \$52.50; and by the way, you may not be able to get Juicex machines much longer; we are having great difficulty in getting machines right now. We expect a complete shut-off early in the new year, because I believe many things are going to happen. The Juicex weighs only 20 lbs., and so can be carried in the car, and can be used on AC or DC current.

You are going to need good, vigorous health, to carry through the next 3 years; with good health you can ride on top of the storm, without it you will be underneath. We should not be fearful about the coming upheaval, rather we should welcome it. The old worn-out structure is being torn down, and a much finer edifice will be erected in its place. Personally, my attention is focused on the bright picture after the storm; I see it clearly, and so I refuse to let present conditions down me. I lead a very strenuous life, one that none of you would want to accept. So I say, get health. But if you want health, you must do more than visualize it, you must work for it. By that, I mean you must obey the laws of health and rid the body of the accumulation of poisons. By drinking the vegetable juices instead of water on your fast, you will not suffer from that all-gone feeling, because you will be supplying the deficiency in your blood stream, besides ridding yourself of the poisons through the absence of solid food.

**CHRISTMAS CARDS:** Last year we printed several thousand copies of the picture of the Christ, in 3 colors, the same picture we used on the front cover of the book, 'Thy Kingdom Come'. If there ever was a time when the picture of the Christ should be timely, it is now. There is a heading above the picture, on the cards, 'Thy Kingdom Come', and below the picture, the Scripture verse, 'Lo, I am with you alway, even to the end of the world.'

People are troubled as never before; they need the Comforter. This is a beautiful picture, the original painted under inspiration; and the ten cent stores carry frames the right size for the cards.

Last Christmas we sold these cards at 15c each or 8 for \$1.00. While our supply lasts you may have them at 10c each or 12 for \$1.00; or if you can use 100 you may have them for \$5.00. This is cheap enough so that you can re-sell them if you wish.

**HELP WANTED:** Wanted, a man or woman stenographer or typist, with patriotic zeal and a burning desire to help save America. If we are to continue we must have competent help, but that help must be trustworthy as well as competent. Here is an opportunity for service.

If you have the above qualifications, give birth data, full name and specimen of handwriting. This is a necessary precaution, to exclude the enemy from planting someone in our midst. Also give two references as to character, if unknown to the editor.

State salary you would be willing to accept, in addition to room and board. Apply immediately by air mail; for we need help, and need it now. Why not help to save your country, even at a little personal sacrifice?

There are some half dozen people known to the editor whom we should be more than pleased to consider.

## THE LUNATION OF OCTOBER 20, 1941

We find the first degree of the fiery, independent Sagittarius on the ascendant, and with the Sun and Moon posted in Libra, a sign of balance. I have been going back over the lunations of the past year, and it is rather interesting to note the continuity, like a serial story; and that is what it is, a serial story in the heavens, for the heavens do declare the glory of God, and indicate the progress, or the evolution, of the affairs of man.

With the lunation taking place in Libra, and the 11th house, there will be an unusual focusing of interest in the affairs of Congress. And as the sun and Moon are in trine or good aspect to Jupiter

**6 copies of this issue for \$1.00; circulate them among your friends**

ter, posted in the 7th, the time of Congress will be taken up, to a very large extent, with 7th house affairs. It is the house of partnership; public enemies, and the 11th rules our friends. so our lawmakers will be discussing our friends and enemies in their daily debates. There is a decided division, or difference of opinion, not only among the common people but in Congress, as to who are our friends and who are our enemies.

We must not lose sight of the fact that while Sun and Moon are in good aspect to Jupiter, they are in exact opposition to the fiery Mars; and so these debates in Congress will be rather fiery in nature. Mars in its own sign is rather powerful, even though it is retrograde, as in Jupiter. When these two planets begin to go forward then you will see action aplenty. A preview of the succeeding lunations, for the next few months, indicates the climax in our national affairs, and especially as they pertain to the New Deal and our President. No book of the month is so interesting as the monthly lunations.

The presence of Jupiter in the 7th ordinarily tends to peace, a conciliatory influence; and this is further augmented by the presence of Venus in the 1st house; and Jupiter is the co-ruler of the 1st. But we find a conjunction of Saturn and Uranus right near the cusp of the 7th house, and that is anything but peaceful. This combination has come up every other month, for several months past. The people, the masses, are for peace, as evidenced by Venus in the 1st; and tremendous efforts will be made toward that end. Then again, Venus is in good aspect to Mars, and so there is considerable driving power at the back of the peace movement. The common people have the power to enforce their desires and demands, but they don't seem to realize it. They think all power rests in the hands of the government, especially the President, the Chief Executive; such is not the case. The people desire peace; they can enforce their desires over night by a concerted drive on Congress. Letters, telegrams and a few special trains pouring into Washington using pressure on Congress would do the trick.

But the giant still sleeps, and so we are drifting into war. I say drifting, because no other word describes it. I go further, and say we have drifted into war; we are at war.

Mars near the cusp of the 5th house shows considerable emotion among the people; they are stirred up. Feelings, or emotions, precede action. Incidentally, much of the action will be in the direction of matrimony. The unthinking element will spend their substance in riotous living; they will say, What's the use; let's hove a good

time; and so an unusual amount of dissipation will take place; a decided letting down of the bars. And this will focus the attention on the motion picture industry as never before. Individually and collectively, the profession will be in the limelight. The marriage rate will be unusually high for this time of the year, because Mars is not only favorable to Venus but also to Jupiter, in the house of partnership.

There will be considerable sickness; for while Saturn and Uranus are near the cusp of the 7th, they are in the 6th. It also presages a rather dangerous condition in the labor unions; labor is somewhat sullen and rebellious; and this rebellion will be expressed in spots throughout the nation. But labor had better watch its step; I see the shadow of a big stick, and I don't think labor is going to successfully dodge that stick. History repeats itself; in every country where Communism has made a bid for power, it has done so with the aid of labor. If it succeeded, labor was placed in a strait-jacket and deprived of all power of self-determination. For an example, look at Russia, Germany, Italy, Spain, and now France. And the same thing will happen here.

**THE U. S. CHART:** The most interesting thing regarding our national chart is the presence of Jupiter exactly in conjunction with Mars in the 9th, and square or adverse to Neptune in our 12th house. This is additional testimony that the emotions of the people will be very much stirred up, with increasing warlike expressions; but Gemini is a dual sign, and so it will not be a united front in favor of war. But tremendous efforts will be made to stir the people into united action in favor of war.

Unfortunately, Jupiter plays around that point for many months, coming back over that point next year. Well, all I can say is, put on your concussion mats, there is going to be a collision; oil up your shock absorbers, there is going to be a crash. The people are going to pay the price of their indifference, they will be punished for their sins of omission.

Then again, we find Mars, the warrior, adverse to our Sun and in opposition to Saturn, right on the cusp of the 7th, the house of war. Certainly the best interests of the nation will not be served, for Saturn is in the house of the people. At present we have a number of major planets retrograde; a fuse will ignite them when they all go forward. And slowly but surely Uranus is creeping up to the position it occupied at the birth of the nation. Yes, indeed, there are stirring days ahead. But bear in mind they are the labor pains of a new birth. Do you recall the picture, some 30 years ago, entitled *The Birth of A Nation*? The scene of that was laid at the time when

Uranus crossed this point the last time; and so history is repeating itself, only on a larger scale.

My friends, you who read these lines have a big responsibility, because of the millions of people in America who will act without a knowledge of the real facts of the situation; and so tens of thousands of Americans will lose their lives because of the cowardly action of their friends, neighbors and associates who could have told them but did not. Again I repeat what I have many times stated: you have a tremendous responsibility, and that responsibility is to pass on the knowledge you get through the avenue of The Beacon Light each month.

You will not get many more warnings, because soon The Beacon Light will have a new mission; namely, to apply the healing salve to the wounds of the nation; to give solace and comfort to the bereaved, and to give helpful suggestions in the reconstruction period. But I am afraid many of you will be consumed with remorse when you realize what you could have done but did not.

There is still a little time left. I extend to you once again a glorious opportunity to help your country and your fellow man; will you take it?

**X ROOSEVELT:** This lunation falls in Mr. Roosevelt's 2nd house, and in good aspect to Mercury and Mars. He is feeling in good shape. But unfortunately it is adverse to Mercury and Pluto in our National chart; so whatever he is planning is not good for the nation. But Mr. Roosevelt is running into rough seas; there will be considerable argument over his money demands; and by the way, he is money-conscious. with this lunation in his money house favorable to Mercury and Mars.

Mercury is the ruler of his 10th, and there we have the warlike Mars; but the lunation is within orb of an opposition to Saturn; he had better do the getting while it is good, for as the month closes, or around the 29th and 30th, he will run into some stiff opposition, in connection with his spending proclivities.

November as a whole will not be a smooth month for him; Mars flirting with the cusp of his 8th house will help him to do a lot of plunging with other people's money; and you 'ain't seen nothing yet' in that direction; stick around a little.

Mars comes back to this position around the close of the year, things are going to happen. But that is another story which we will tell you in the January number. And we find additional testimony in the position of Jupiter, as mentioned last month; but the timing is not just ripe, because Mars and Jupiter are retrograde. And when it

is ripe, the nation will be provided with plenty of excitement.

Saturn and Uranus are also favorable to his Mercury and Mars, all bearing the same testimony. In comparison with what we see a few months ahead, conditions are now so tangant; remember, I said, 'in comparison', for conditions will not be stagnant.

**HITLER:** This lunation is on the cusp of Hitler's 1st house, and opposed to Mercury, and still within orb of his Uranus and coming up to an opposition of his Sun. Der Fuhrer is not as happy as he would like to be. To me this combination indicates a tremendous effort to wind up his Russian campaign. He is gaining ground, and will continue until he reaches his objective, which he will, in spite of all the aid we can give China and Britain and what have you, including Russia. God, or Cosmic forces, have decreed certain results, and God will sustain Hitler until those results are accomplished; not for the love of Hitler, or Germany, but because God has a definite plan, and He will sustain His instruments long enough to accomplish His purpose.

The so-called democracies are standing in the way of divinity; Russia challenged God, and God is answering that challenge. Russia, as a world power, must and will be crushed, that is, the present regime. Here we have the spectacle of Israel nations supporting Godless Russia, and most of the Israel groups applauding it. This statement will likely be challenged; it may be possible, that I have proof of my statement, wait and see.

We must not lose sight of the fact that the powerful Jupiter in Hitler's 8th house in good aspect to Mercury. Uranus and Saturn, is a clear indication that he is going to acquire the other fellow's possessions, in spite of a lot of wishful thinking. And even Mars is in good aspect to Saturn, posted in his 10th. No, Hitler is not defeated yet. Hitler is going to worry Jew-controlled Britain.

Watch Turkey during the next few months; she too will fall into Hitler's bag. He will drive the Jew control out of Persia, now known as Iran. Would to God that our country had sense enough to keep out of this conflict, where we do not belong. But, we are going to pay a bitter price for our interference.

The chart of the Third Reich gives very similar testimonies to that of Hitler. Losses, yes; gains, yes. Jupiter in the 2nd or money house in good aspect to Uranus, even though it is adverse to Mars and Jupiter, which indicates the price they must pay.

**RUSSIA:** If Russia could hold out until the progressed Moon reaches the sextile of Jupiter, there might be some hope, but even then it would only postpone the evil day, because of the aspects that follow,

At this time the progressed Moon is right over Neptune, the planet of chaos, which looks something like a collapse. Certainly November will be a tough month for the Russian Bear, for we find similar testimony in the national chart and that of Joseph Stalin. I am doubtful whether the Russian forces can survive this month; I may be wrong; certainly it is not to the best interests of England for Russia to win, because she would soon pounce on India.

### **YOU AND YOUR ASPECTS FOR NOVEMBER, 1941**

The aspects for November are rather heavy, and indicate that a few more scores will be chalked off in world affairs. Uranus and Neptune are once again in trine or good aspect. That combination will liberate a lot of force, or power, and bring many changes in world affairs. That, of course, is in orb all through the month, and will make itself felt as the various planets affect that point, especially around the 21st when the Sun is in direct opposition. This combination will drive those who function on the lower plane into action; but the action will be unwise, and detrimental. Those functioning on the higher octave of life will accomplish much of a constructive nature, through the aid of cosmic or spiritual forces; so you see it depends on which way you are going, as to what will happen to you. If you take the lower road, disaster lies ahead, for you are hooking up a tremendous power, and using it the wrong way. And that is one reason it is increasingly difficult to delineate astrological charts of individuals. The astrologer can see the influence, but he can't actually tell the decision an individual will make, or what he will do with that influence, or power.

There will be considerable sickness this month, especially around the middle as the Sun opposes Saturn and Venus adverse to Mars. There will be a lot of sex dissipation, especially in the first half of the month; see the lunation remarks on Venus and Mars. Venus is in one of the reproductive signs, energizing the sex activities, and Mars is in the headstrong sign of Aries.

Dynamic conditions will break loose around the 21st when the Sun opposes Uranus; note what we said about the position of Uranus, in the lunation reading, an epidemic of accidents, people very much keyed up. Conditions tone down some as the month closes.

I would not advise starting new enterprises of any kind this month; if you do you are likely to run into a lot of trouble. But if you must, the first few days and the last few days are the best.

## IS NEW YORK SAFE?

One of our subscribers, living in New York City, asks us, 'I would very much like to know, if we REALLY must leave New York to save ourselves?'

✕ Positively, I would say, leave New York City; it can not possibly survive a major disaster, in my opinion. Its dangers are many, and will mean annihilation for thousands and perhaps millions. I do not think the city, as such, will survive.

We can not go into all the details; and what we say about New York applies equally to Washington and many other cities. In a general sense, no large city is safe. Those of you who have our February 1938 number, Washington's Vision in Action, and the June 1938 number, The Trap Ready to Spring, should get them out and re-read them, as in those numbers, now out of print, we have gone into the subject in detail.

I would also suggest that those who are interested in this subject get copies of the following numbers, still available:

**Coming Changes in the World's Map, September 1938.**

**Coming Events, May 1939.**

**Prophetic Astrology, October 1939; contains a vision covering this ground.**

**Startling Prophecies, January 1940.**

**Why Physical Disasters? April 1940. Preparation, September 1940.**

We haven't many copies left, of some of these items; but while they last, you may have the set of 6 for \$1.00.

And, of course our book, 'Thy Kingdom Come', touches upon this subject very vividly. Inasmuch as there are only a few copies left, and it is very doubtful when or if we will be able to afford a new edition, you had better hurry if you want this book.

### ESSAY ON REPRESENTATIVE GOVERNMENT

By John Stuart Mill, 1860

"A people may prefer a free government, but if, from indolence, or carelessness, or cowardice, or want of public spirit, they are unequal to the exertions necessary for preserving it; if they will not fight for it when it is directly attacked; if they can be deluded by the artifices used to cheat them out of it; if by monetary discouragement or temporary panic, or a fit of enthusiasm for an individual, they can be induced to lay their liberties at the feet even of a great man, or trust him with powers which enable him to subvert their institutions; in all these cases they are more or less unfit for liberty; and though it may be for their good to have it even for a short time, they are unlikely long to enjoy it."

## BOOK REVIEWS

**HANDWRITING AND CHARACTER:** By De Witt B Lucas.

This is a cloth bound volume of nearly 400 pages; if you are interested in the study of Graphology, or the study of handwriting as it pertains to character, here is a book by the acknowledged leading expert in the nation.

I took up the study in 1907, but never became proficient, and have only a smattering of knowledge on the subject. Mr. Lucas was our guest this summer, and I submitted handwritings by people I know thoroughly, both from personal contact and familiarity with their astrological charts. And I was simply amazed. For instance, he said, in analyzing my own handwriting, "You were not in good health when this was written, you were under a tremendous strain." I submitted other samples and he described just how I was feeling at the time they were written.

What a lot of sorrow would be prevented, if people were able to read the character of those they correspond with. During my life I have come across many victims of scoundrels of all types, mostly women who fell for the flattery of some slicker, when even an elementary knowledge of graphology would have opened the victim's eyes.

Another thing that has impressed me is the fact that some time in the future astrology will embrace numerology and graphology; because there are times when nothing short of spiritual insight can interpret a combination of planetary influences. The average astrologer does not possess spiritual insight, or keen intuition; but were he to turn to numerology and graphology, he would get a much finer degree of rightness. I only regret that my busy life makes it impossible for me to follow this up myself.

Our knowledge of astrology today is not complete; there are planets not yet discovered, that are influencing our lives; therefore we need the augmenting evidence of these other sciences—and they are that, beyond the shadow of a doubt. I know nothing of numerology, but I do have enough knowledge of graphology to have been helpful to me during the years I have practiced as an astrologer.

Mr. Lucas is the author of *Thy Kingdom Come*, the book so many of you have enjoyed. Here you see him in the role of a hard-boiled scientist, arguing from the basis of facts or evidence. I may say that Mr. Lucas volunteered his services to the command of the Intelligence Department, U. S. Navy during the World War, and was accepted, and letters of appreciation from that department including Secretary of the Navy Josephus Daniels are printed on the cover of the book. On questioning Mr. Lucas I find that his clients are mostly business executives, who want to know just what qualities the applicants for position possess, based on graphology. Evidently it must be reliable, for they are steady customers for his services year after year going back as far as 20 years. What better testimonial should you have, than evidence of this kind? The price of this book is \$2.25.

**FOUNDATION LETTERS AND TEACHINGS:** By Brother XII.

To the metaphysical student, the writings of Brother XII are well known; but a new generation of students is coming along, for this book was first published in 1927.

In this book you will find many profound occult fundamentals, truths that are eternal. If you are one of the few who are crying out, I want to know the truth, and are interested in any branch of metaphysics, this book will be a valuable aid in your journey on the path. This is the book for the sincere soul who realizes that they must work out their own salvation as they travel along life's highway. I am somewhat reminded of "At the Feet of the Master", by Krishnamurta; however, even the man who confines himself to mundane affairs will find value in this book—as, on page 85, "Great Britain is but a comet among the nations"; and he states that "the British Empire reached its apex in 1897, and that the decline commenced with the Boer War in 1899-1902 and was tremendously accelerated by the great war of 1914-19, and at the present time of writing the time of final disintegration is within measurable distance." The writer was a true prophet, for this was written in 1927; we agree with his conclusions 100%. He states what we have repeatedly said; England could be saved by an inner cleansing, but they are obsessed with a lust for meddling with the affairs of a doomed and degenerate Europe. I haven't space to quote any more;

except that he states, as does Thy Kingdom Come, that Europe is doomed, and Britain will not survive as a national power. You will recall that is exactly what Lord Lothian stated regarding meddling in the affairs of Europe.

There are not many copies of this book available, and when the present stock is exhausted it is a question whether it will be reprinted or not. The fact that this was published by the Sun Publishing Co. is an indication that it has merit, for a book must be acceptable for them to publish it.

The price for paper covers is \$1.00, cloth bound \$1.50. Our suggestion is to get a cloth bound copy, for it is a book you will want to keep for a long time.

**A COMPREHENSIVE BIBLE CHRONOLOGY.** With a Jubilee Chart Showing the Only Logical Birthday of Jesus Christ: By L. Danhoff.

This obviously is a booklet for the Bible student; and such a compilation of dates in the Bible I never did see before. This is written by a real Bible student, and first published in 1919. We recently came across these booklets, they having been stored for the past 20 years; but they are more potent today than when written.

To a Bible student, and especially to a teacher, they are worth their weight in gold. Some 60 pages, and they sell for 50c.

**THE GREAT SEAL OF THE UNITED STATES:** By F. E. Rogers.

We have had considerable call for the book of that title by Paul Foster Case, but it is now out of print; and so we welcome this book by Mr. Rogers, because it is important that we know the meaning of the symbolism of the Great Seal. Mr. Rogers claims much new material in this volume, never before published.

It has 40 pages, and sells for 35c.

**LIGHTNING OVER THE TREASURY BUILDING:** By John R. Elsom.

A rather startling title, but it is a startling book; it goes right to the root of present day evils. The author proves to you that you pay toll on every dollar in circulation. Just think of the billions of the lend-lease program; and those are not actual dollars, it's a paper transaction, but you have to pay interest, just the same.

We have been taught that the Revolutionary War was fought because the colonies refused to pay taxes to the mother country. This writer says not; it was fought over the money issue; it was an economic war. It was fought because the House of Rothschild objected to the Colonies owning their own money.

The Colonies were prosperous; England wanted to know why. They were told because the Colonies had free money; that is, they did not pay any interest charges. Rothschild then demanded that England pass a law forcing the Colonies to use English money. This was done. Depression struck the Colonies. The people asked why, and they were told. As a result, the Colonies decided to free themselves.

There is a lot of early American history in this volume of which the average American is ignorant. Benjamin Franklin said that in one year from the date the Colonists discarded their script and mortgaged themselves to the Bank of England, the Colonies were filled with unemployed, because their money value was reduced 50%. I quote Franklin: "The Colonies would gladly have borne the little tax on tea and other matters had it not been that England took away from the Colonies their money, which created unemployment and dissatisfaction."

Most books on money are heavy reading, and over the heads of the readers; but that is not the case with Lightning Over the Treasury Building. A child of 9 years of age could readily absorb these facts. This book is very similar to Lincoln Money Martyred, now out of print.

The money question is coming to the fore more every day, and this book contains facts that you need to know, that you may act intelligently in the crucial hour now approaching. I hope every one of you will get a copy. Loan it to your friends and neighbors, because the future of your country depends upon an intelligent understanding of the money question. Cloth bound, 130 pages, \$1.00.

*"We regard the man who takes no part in public affairs, not as one who minds his own business, but as good for nothing."—Pericles.*

**A NEW "PROPAGANDA ATTACK"—AN ANTI-GOD PHILOSOPHY**

The undoubted 80 to 95 percent of American people opposed to entry into Britain's war to save communism, has stood up against the 24 hour a day attack of enemy war propaganda, despite the "big gun" leadership of F. D. R. To crack this stand has been the vexing problem of the war party. Every attempt to date has failed.

A very dangerous new attack has been inaugurated which may meet with some success if people are not acquainted with its deceptive and insidious morale-destroying possibilities. This attack is based upon the following propositions. "If we do get into the war, re-our abilities." The basis of the attitude of the old quotation from Stephen Decatur "Right or wrong, my country." This attack also comes in the challenging question to the anti-war American: "You are against war now, but what are you going to do if we get into war?"

Our position is based upon the refusal to recognize the possibility of our getting into the war and upon the fact that 80 to 95 percent of the American people are opposed to this war. The basis of the American government is that the desires of so overwhelming a majority will be recognized by their representatives in government and their will adopted. Any course of action based upon the contingency of our getting into this war under present conditions assumes a revolution against our law and our people by those in government which we refuse to concede.

This new propaganda attack was made last Sunday morning at the Northwestern University round table discussion over WGN. Unfortunately, Mr. John Cudahy, who has been doing some noble work answered the question in the expected manner, saying "If our country gets into the war I will support the war with everthing I have." He was shocked, as were the two other speakers, with the repudiation of that attitude from the audience.

This new attack is vicious, and erroneous for three reasons: It deliberately leaves out of the discussion (1) the morality or immorality (2) the legality or illegality, of our getting into the war, (3) the fact that Franklin D. Roosevelt or a slave-minded Roosevelt-dominated Congress is not our country.

The "Our country, right or wrong" is a pagan, anti-God philosophy. The job of citizens is to see that their country is right, and if the

country is not right, to make it right. A war brought on by Franklin D. Roosevelt is not our country's war and the obligation of citizens in such an event is to repudiate Roosevelt and to treat him as the enemy. A slave-minded, dominated Congress that might vote a declaration of war, where the votes of the majority are purchased either by money or patronage or secured by threats or in any way brought about so that the votes are not in the exercise of freewill, is not the constituted legal authority under the Consitution, for the declaration of war. It merely has the appearance of being such a constituted authority, when in fact it is merely a phonograph record repeating the voice of the dictator who ordered or purchased the war votes.

In this event, their action is not law, and instead of calling for obedience, calls for resistance.

Before coming to any conclusion as to what to do in the event of war, people are under the obligation to determine two things, First, the morality of such a war, and Second, the legality of such a war.

If those in charge of our governmental affairs have been utterly immoral and have violated the laws of God in getting the country into war, the individual citizen's obligation to God comes before his obligation to those misrepresentatives and he is duty bound to warn these violators of God's laws that there will be no service from him.

The question of whether all efforts to bring about a peaceful settement of any controversy is important. The question of justness of the war is dominating. Those moral questions must be gone into before determining a right to declare war.

The next question is the legality of a declaration of war. The question of whether America's rights have been violated is fundamental and most important. If no American rights have been violated by a suggested enemy, we have no legal right to be in war against that so-called enemy. If we have by subterfuge and strategem and indirection brought on that war, we are the "gangsters" in government and we are the pirates on the seas; and the people have no obligation to support the war, but have obligation to resist it and get the country out of it.

OUR DUTY NOW is to refuse to answer the question of what we will do if the country gets into war. OUR DUTY NOW is to PLACE THE OBLIGATION UPON THE WAR-MONGERS to show the morality of the warlike acts of the administration and their legality. As far as possible in the future we should all attempt to force from radio forums and other forms of discussion the presentation of those questions: the morality, the legality of this war, and is F. D. R. to be followed, right or wrong.

## THE REPUBLICAN PARTY WILL KIEIZED?

Recent newspaper articles covering the meetings of Republican "big-wigs" in Chicago state that in coming elections the only things stressed will be domestic issues. Whoever is responsible for this decision, the conclusion seems irresistible that it is a Willkie leadership and campaign money, with Willkie philosophy, that has brought the decision.

We cannot ascribe it to ignorance because men in politics, particularly leaders, are supposed to know public opinion and base their actions upon it. It is impossible that the Republican leaders do not know that 80 to 95 percent of the people are opposed to this war. It is impossible for them also not to have been advised that big money is making big money out of the present war situation. It is entirely probable that big business has been warned that they will have no "priorities" unless they issue the command to the Republican as well as Democratic, so-called, leaders that **"the war issue is "out" of the campaign.**

The Republican party is the only means that the people have for voicing their opinion against the New Deal war party. It would be futile to nominate Democratic candidates against war party candidates. The "machine" has too many vote gatherers as employees upon different public payrolls and it has undreamed of possibilities for raising campaign funds. They would be able to buy enough votes to win any primary.

The Republican party managers either want to win or to lose. The "big shots" who can deal and make their money regardless of who is in, don't care a whole lot about whether the party wins or loses. Definitely, crooked big business stands not to make so much money if there is a repudiation of the war idea and that this country is the "arsenal of democracy", which under Lease-Lend means that the poor man is going to pay for our country's being the "arsenal of democracy".

To the so-called sincere leaders in the Republican party who really want the party to win, some kind of a warning should go out that **they will not win** unless they make the war and the foreign relations of the United States the main issue in coming campaigns; and we believe that we speak for a sufficient number of people throughout our country who will get into the coming campaigns when we say that if the Republican party doesn't make the war and foreign relations the main issue, a third party will make that issue. They will run into a traditional backing away from third parties and the desire

to stay within the two old line groups; but we are firmly convinced that the burning hatred of the alienism in the New Deal party and the cowardice in the Republican party will arouse the people to assert themselves as the Fathers did in 1776 in such numbers as to defeat the two traitor parties.

Here again is an opportunity for people to act. Write and communicate with the leaders in the Republican party and warn them of the certain defeat that faces them for either their ignorance or cowardice in failing or refusing to make the WAR issue THE campaign issue.

The war party wants the Neutrality Act repealed so that an incident can be created. It is up to us to show them that the majority of Americans do NOT want it repealed. ACT NOW! Write every Senator and Congressman "No Repeal of the Neutrality Act—No War—No more Lease-Lend aid to any foreign nation." Do it right now. Don't wait. Don't hesitate—do it right now. Use postcards, letters and telegrams. Mark letters "Personal Please"—it will get quicker attention. But WRITE NOW—right now—before you place this paper down."

### SPECIAL NOTICE

As stated in Chats (page 16 this issue) we must reprint our last book "Thy Kingdom Come." However, before doing so, I want to bring out National Destiny, now running serially, because it is timely; conditions will break loose in a big way in the near future; see our predictions for 1942 in the January number.

The material printed in The Beacon Light is not all that will be included (although it is all of National Destiny), for we have another gem, a manuscript entitled 'The Modern Book of Daniel'. This material, psychically received, is dynamic, and will create a sensation. The book, with the two manuscripts combined, will sell for \$1.00, the same as 'Thy Kingdom Come'. It dovetails in with the astrological indications of 'National Destiny', but is more specific and dynamic.

As far as we can see now, it will be off the press some time in November, and no later than December 1st, and so available for the Christmas trade. This is the book for a Christmas present; it is one that will be long remembered. I am hoping to get a good many advance orders, so send your order now; and I promise you it is the most sensational material we have ever printed. It ties in with 'The Coming Dictator' article in the May number; and when I say it will create a sensation, I mean just that.

"NATIONAL DESTINY" will be printed and available not later than December 1st. Get your order in early.

## JEW IN NATIONAL DEFENSE

Charles B. Hudson, Omaha, Nebraska.  
in "America in Danger", July 14, 1941

Omaha America First Committee Bulletin gives lucid history of background of present German-Russo war. Comments that the 2nd Corps Area of U. S. Army (Jew Genl. Philipson's), which includes New York City and environs, is center of most of "let's go to war" fever—yet **this area is only one in U. S. A. below its quota for volunteers** as army pilots. Yes. New York interventionists are strong for war—if somebody else does the fighting!

This lack of volunteers from New York reminds that recent Congressional Records have a lot of Jewish propaganda inserted, claiming Jews are more patriotic in U. S. A. wars than Gentiles. Reminds also that The Jewish Press 7-11-41 has WNS dispatch from Stockholm that the Finnish War Ministry has issued instructions to its field commanders **ordering all Jewish officers and soldiers placed on the inactive list**. Gen. Mannerheim, leading Finland's army against Jew-ruled Russia, had already withdrawn all Jewish soldiers from the Russian-Finnish border. This reminds that Gen. Grant in our Civil War had issued a number of similar orders to his Generals, to keep Jews out of the war zones. Recalling also that "somebody" saw to it that Jews were kept out of combatant corps of armies of Italy, Germany, France and England, at beginning of this second World War. Also that the American Conference of Rabbis petitioned FDR and Congress way back in 1936 to exempt Jews from our combatant corps. Yet, as in Omaha, we learn that all over the country Jews are in key positions, seeing that their kind are not drafted, or are given preference. This letter from a small town in Michigan is typical: ". . . A local boy drafted in May was sent to an induction center in a large Wisconsin city. On way down he had imbibed a little. . . Had studied the Jewish question . . . so, when he entered Armory and saw the typists and clerical staff were predominantly Jewish, he remarked out loud to his partner: "Look at those two over there!" . . . Both were lodged in jail over night, and next morning an army officer (Jew or German, he didn't know) said: 'Vell, arrr you reddy?' They went back to the armory and of the 9 doctors that examined him, 6 were Jews. One of them was pairing the boys off and taking them two at a time into a room. This lad was paired with a fellow from another county, but whom he happened to know. The Jewish doctor asked if they ever had any **sexual relations**. His partner asked the Jew, what that had to do with the army.

The Jew replied, 'I want to know.' Local boy then asked to see the army regulation questionnaire to see if that question was regular. The Jew then asked if that was the way they felt about it, and both answered "YES!" **They were rejected**, and reasons given were '**constitutional psychopathic inferiority complex**', and other reasons inside of local boy's rejection slip was 'inadequate personality'. I have seen this rejection slip myself and read that. A Major . . . at the center interviewed the boys and didn't see why they had been rejected . . . P. S. A large negro orchestra was playing at the induction center, using up 'Defense Funds' at about \$2 an hour per man. What a life?"

Very apparently Jews in key positions are trying to keep 'informed' Gentiles out of armed forces for fear such boys might educate others what they know about the Jewish question. It's the old story that an "informed" Gentile must be crazy!

In re: sex matters, I am reminded that the Senate Committee on Naval Affairs report of 7-19-21, on World War 1, claimed that the immoral and lewd acts were practiced under instructions by a number of the enlisted personnel of the U. S. Navy, in and out of uniform, for the purpose of securing evidence against sexual perverts and with the authorization for the use of these enlisted men as operators or detectives was given both orally and in writing to Lt. C. M. Hudson, M. C., U. S. N., by Assist. Secretary of the Navy Franklin D. Roosevelt, with the knowledge and consent of Josephus Daniels, Secretary of the Navy. That such orders, instructions or suggestions would have been given, expressed or implied, in any manner, for any cause, by a commissioned or petty officer of the U. S. Navy is most reprehensible and beyond comprehension. That Sec. Daniels or Assist. Sec. Franklin D. Roosevelt should have allowed enlisted men to be placed in a position where such acts were liable to occur, is, in the opinion of the Committee, a most deplorable, disgraceful and unnatural proceeding.

Reminding that Sen. Holt stated that F. D. R. boasted in 1920 "that he had violated enough laws to be sent to the penitentiary for 999 years". Incidentally, in "MY DAY" column of 7-7-41, in which Mrs. Roosevelt says she was "so stimulated" by visiting with Communist Jew Dr. Max Lerner at summer school for girls and a few Austrian refugees (under Red Hilda Smith), you also read Eleanor's boost for group of 600 girls, hoping it will be 800 soon, who attend dances at the army camp near Falmouth, Mass. She understands "it has proved to be a very satisfactory and pleasant way to be of service."

# NATIONAL DESTINY

Concluded from last month

Unity and Tolerance are two fine words, but will mean little once the flames of hatred have been fanned and finally lit by the torch of Uranus in Gemini. Human beings in general are not far enough evolved in evolution to rise above their respective races and creeds. However, the day will eventually come when men will transcend race, creed, and color, but that day has not yet arrived. In fact it is not even in sight. Unity and Tolerance as in the past will prove a mockery, words without meaning in a future tragedy that will be written across the American sky in the blood of those destined to pay the price under that immutable Law of Compensation. The world stood aghast at the bitterness and slaughter of the last American Civil War. We shall yet witness a worse one for we are only deluding ourselves when we fail to see that these main issues are shaping themselves in the same manner as they did prior to 1860. It will culminate in the same spontaneous eruption unless we are better than our forefathers, which is doubtful. Of course we do not have to write this tragedy in blood, but I suppose we will, and when it is all over with the fires of hatred extinguished once more we will have bowed our heads as usual to the inevitable cycle of Uranus in Gemini which has proven itself in the past to be America's mortal cross.

## 6 — THE POLITICAL ISSUE

We still retain a two party system and we are naive enough to believe that they are Democrats and Republicans. These are names that mean little now and will mean much less a few years hence. In fact they are already the names of yesteryear. Our new two party system of today is not quite completed; in fact it is still in the throes of formation. When it is completed it will be found to resemble our factional table previously given. There will be two distinct groups of Right and Left, for consciously and unconsciously the minds of men are veering to Right or Left in accordance with the issue uppermost in their minds. Some are being swayed by purely political reasons, others by racial and religious reasons, but all nevertheless are taking mental stock of themselves and finding to which side and faction they belong. There is Unity and Tolerance by faction only which in these days cannot be considered as National Unity. Men's minds are too diverse at this time for real National Unity. The cleavage is too great, too far and wide, as shown by the subversive issues and popular vote of the last elections.

The old party names of Democrat and Republican were used in

the last elections, but they did not mean or represent those names. In reality party lines were wiped out with the Jeffersonian Democrats of the North voting the so-called Republican ticket against what has become known as the New Deal Democratic ticket but which in reality is the Internationalist-Liberal group whose leaders are consciously and gradually leading the way to the doctrines of pure Communism. This group managed to gain the vote of organized Labor, plus approximately 75 percent of the Colored vote together with approximately 90 percent of the Semitic vote. Labor's gains under the so-called Liberal system of the past few years worked to the detriment of the present Republican party which has been taking the punishment for the old time Republican machine which never did a worth while thing for Labor during its whole existence. It did however, make prosperity by concentrating its money on financial and industrial expansion, but even this broke down during Mr. Hoover's term of office and has never been repaired and never will. Their's was the system that fed the populace, "The crumbs that fall from the Master's table," which is in direct opposition to the existing Internationalist-Liberal system which feeds you first with the crumbs of Relief and Alphabetical jobs in order that you may return your gratefulness via the polls.

Both of these methods are false makeshifts. They both spell disaster in time for any nation that continues their practice. We have actually witnessed disaster overtake other nations for following these same false precepts, yet we are not intelligent enough to believe what we see. Our ignorance of politics and economics is truly amazing and as such we get only that which we deserve, so let us not be sorry for ourselves and try to remember that the troubles and strife we find ourselves in are mainly of our own making through pure ignorance and proper function coupled with the innate greed and selfishness of the human race.

The popular vote of the last elections was an index to the trend of events to come. There was a difference of some four and one half million votes which to political seers represents what they call the independent floating vote. If this vote be subtracted from the political picture it lays bare the fact for all to see; a country approximately evenly divided between two systems, our present New Deal Internationalist-Liberal faction, the Leftist group, opposed to the old line Northern Jeffersonian Democrat and Republican combination, which will, and is silently and mentally shaping itself into a sort of National-Socialist and Fascist block. A Rightist group to

offset our existing Leftist group.

From all this we can prelict America's new two party system as Liberals and Nationalists. One of which will eliminate the other in bloodshed and civil strife eventually bringing about a form of State Socialism either of the Communistic or National-Socialist brand. Thus from all this we get the following set-up as the next step:—

### LIBERALS

This is the Leftist group made up of New Deal Democrats, Internationalists and Communists. Includes 50 percent Protestants, 10 percent Catholics, 75 percent Negroes, and 90 percent Jews. *These may yet be termed Loyalists or Social-Communists.*

#### **This Group Jewish Controlled**

With this new alignment of factions and forces in America, we foresee little Unity and less Tolerance in the troublesome Uranian cycle ahead from 1942 to 1949. In other words there is dynamite in this new set-up awaiting only a spark to explode it into bloodshed and Civil War.

### NATIONALISTS

This is the Rightist group made up of 50 percent Protestants, 90 percent Catholics, 25 percent Negroes, 10 percent Jews.

*These may yet be termed Unionists or Natonal-Unionists.*

#### **This Group Christian Controlled**

## X 7 — THE RACIAL ISSUE

America is made up of many nationalities. Many of them barely tolerate each other but manage somehow to keep their volatile natures and animosities from exploding. They are forever smouldering as anyone with a grain of intelligence can see. However, the one great racial hatred that exists in this country, as it does in all Europe, is that between Gentile and Jew. Whenever and wherever the Jew has become prominent in the affairs of government, that government has always fallen, more often than not, in a welter of blood. Human nature as far as animosity is concerned between Gentile and Jew is no different on one side of the Atlantic than the other.

Our existing Federal Government with some of our State and City governments have become predominantly Jewish, their control is out of all proportion to their number, and eventually this will prove to be one of the factors of their undoing. Before the end of the coming Uranian cycle has run its course an outraged Gentile population will have outlawed Jewish government together with its ethics, education and business methods. In fact, they will be entirely discredited in the same manner as we have already seen in Germany, Italy, Spain, France and other countries with even England following

**6 copies of this issue for \$1.00; circulate them among your friends**

once more. Of course there is always that slight possibility that Jewry could win. If such were the case however, the Gentile would find himself in further subjugation and servitude to them than at present. In fact it would be more like Russia. Americans pride themselves on having more intelligence than the Russians. This idea becomes ridiculous and is soon dispelled when one takes a poll of our Federal, State and City governments all under Jewish control either openly or subversively. To have allowed a minority of this sort in this day and age to run, rule and dictate to a Christian nation makes us as equally unintelligent as the Russians and stamps us as the biggest collection of fools ever assembled under one flag. This will come as a shock to many and will be clearly seen in its true colors a few years hence. The import and meaning of this minority rule can bring nothing but ruination and bloodshed as it has done throughout Europe and which all history would seem to testify.

The age old hatred and animosity between Gentile and Jew has been transcended by some of both factions. Business relations, inter-marriage and other inter-related factors have helped to dispel the hatred and distrust between them, however, this amounts to but a small percentage, and not enough to outbalance the growing hatred between them. The Jews themselves are partially divided. There is a small minority of Jewry that do not see eye to eye with the majority faction in seeking control of the various political groups and government bureaus. This minority is wise and intelligent enough to know that you cannot steal a country without a fight, which means bloodshed and civil strife with the winner take all. History has proven that the Gentile will make very little division in Jewry once the die is cast and 90 percent will suffer the same fate. It is for this reason that we have placed a small 10 percent of intelligent Jewry in our Rightist column in the factional table. These will prefer to take their chances with the Christian community of the Rightist cause.

In all countries where Christian tolerance was extended to Jewry, they have subversively or otherwise gained control of practically all business and finance, and finally of government, with the usual result of decay, downfall and banishment. History repeatedly points out that all countries that have suffered from their meddling have invariably gained greatness and prominence after their exodus or expulsion. For instance, the two most glorious periods of France took place after the Jewish expulsions of 1394 and 1615. England was known as "Merrie England" only after the banishment of the Jews in 1290. They were allowed to return again, but for the 400

years they were banished, England produced her greatest men and built the foundations of an Empire. History shows the same procedure for Holland and Spain. This has proven true from the time of the Egyptians and long before. History also shows that whoever extends to them protection and tolerance eventually suffers. All this indeed is a very sordid record which has been cleverly kept from the sight of the Gentiles, but the facts of true history do not lie and Christian communities have witnessed no change in their ethics these last few hundreds of years. The good and noble deeds that a few Jews have done are lost in the greed and selfishness of the majority with their subversive tactics of getting financial and government control. From their own history they prove themselves a blight to all Christian communities, taking far more than they give and leaving in their wake the curse of materialism often cleverly hidden under the name of modernism.

We are now being treated to the pernicious doctrine that the Jew is smarter than the Gentile. The guage and judgment for all this is based upon pure materialism and the present Jewish influence and control of finance, business and government. We err in our judgment when we allow them to teach us that cunning and trickery mean smartness. That was never the Christian teaching with all its faults. There is undoubtedly a certain portion of business and finance that they can peacefully operate in, but when this is exceeded and their operations extend to government, then the inevitable result of bloodshed and banishment follows. This has been the lot of Jewry from time immemorial. He never learns to keep his hands off other peoples government. He always feels that he can eventually control it to further his own ends, and often does, but all history proves he can never retain it and always succumbs to an outraged populace.

The history of the Jews shows that they have been rejected by every nation on Earth. As a race they have proved to be the most noisy, ill-bred and ill-mannered people on Earth. They have a secret contempt for all races and a conceit for their own which is colossal and they are quick to brand and crucify all those who criticize them as, Anti-Semitic, Nazi, Fascist or Fifth Columnist. They are forever telling the world that they are persecuted for their religion which is very rarely the case. They are persecuted it is true, and have been for ages because of their methods of getting control of finance and government.

The issue of Gentile versus Jew does not strike as deep a note in the smaller towns and communities of America as it does in the

large cities and towns where industrialization is heavy. As matters now stand in this country, the Jewish minority group has a control of money and industry, paid advt. newspaper control, publishing periodical, and distribution, radio and screen, that is out of all proportion to their number even in Civil Service and government employ. They have the means to control which they do subversively or in the open as suits their purpose. The Gentile, or "Goyim" as they call us, seeming to be of the texture of clay, are being gradually moulded to suit the needs of this cunning minority. There is hardly any field of endeavor in Christian America that has not felt the influences of this alien and anti-Christian faction that operates in the ranks of Jewry. They have attempted to change everything to suit themselves and their own Judaic Law. They present it to the Christian masses as Modern or Modernizing which we are gradually learning in our slow dumb way means Jewish. The strangest change of all that has been perpetrated upon an unsuspecting Christian public was the introduction of the small letters for capitals in the printed word. This distortion became ultra-modern for those simple minded Gentiles unaware of the cunning and trickery used to destroy their very foundations of culture and learning in course of time. It is doubtful if there was ever a nation in the history of mankind outside of old Egypt from which they were finally expelled, that has ever been taken over by them from the highest government positions in the land down to the smallest business on Main Street. Believe it or not, as the saying goes, the policies of this nation are now controlled by them in all its phases from government to finance and business.

The action of Jewry in Christian America is in accordance with their code of ethics as secretly laid down by their Synagogues throughout the ages. This of course is not the Christian code as many are fast becoming aware. Jewry has always secretly refused to abide by the laws and ethics of the Christian community. Of course they seemingly do, and give the appearance of such, but in reality they do not and cannot for they are taught to consider themselves the SUPERIOR RACE and their whole design for living is that in time the "Goyim", Gentile to you, is here to do their bidding. The history of Jewry is one of bloodshed, strife, persecution and banishment because of this one factor. Control over the Goyim, which is the goal of their leaders.

It is generally unknown that the Jews of today are the offspring, the remnant and dregs, of a once fine Semitic Race that was in the lead of all races as the Aryan is today. His parent race from which he

originally sprang existed many thousands of years ago and is known as the Fifth Division of the Fourth GREAT RACE in the racial scheme of mankind. His rabbinical teachings, his inability to blend, and his theme song of "Once a Jew always a Jew" have proved a curse upon all nations. As a race, Jewry will eventually be completely destroyed with its few remains rendered impotent, for there is no group or person that can change the course which governs the law and sequence of rising and falling nations. In this it is obvious that no remnants of the past Fourth GREAT RACE such as the Jews and others too numerous to mention can ever overpower or succeed any of the six of the seven divisions belonging to the now ruling Fifth ARYAN GREAT RACE. To do so would mean Cosmic Law in reverse which is not possible.

In all countries where Jewry has found asylum, they have gone out of their way to change the laws and ethics of those countries to suit their own convenience. They insist on their own way and kind in almost every department of life, thus in the larger towns and communities of the country, Gentiles are faced with Jewish judges, lawyers, doctors, educators, and other key professionals who are secretly every bit as anti-Christian in thought and deed as the anti-Semitism they charge the Gentile with.

If we complain too much about Jewry taking things over, we must remember it is a good deal our own fault. We should not try to excuse ourselves because of our ignorance of the wile and ways of other peoples. From various records we find more than one warning against Jewry and his immigration to America. More than one patriot from the times of Washington and Benjamin Franklin have gone on record regarding the state of the country to be if their number and machinations were not curbed, but all to no avail. Our weak and maudlin doctrine of Christian tolerance becomes in very fact a mandate for the cunning minority of Jewry to take control. The ground has been prepared for this catastrophe these many centuries but the Gentile has not been clever enough to see it. His ministers have taught him to turn the other cheek in accordance with literal Bible instruction. The blind have been leading the blind, and because of this, when the issue of Gentile versus Jew is settled, Christianity as we know it is due for a house cleaning and the sappiness of it will be supplanted by either a Militant Christianity or a more broad minded teaching of the true philosophy of life.

America will learn its lesson as others have done, and it will come

**6 copies of this issue for \$1.00; circulate them among your friends**

aware of the true nature of things, and who have been hoodwinked by Jewry's subtle propaganda in press, radio and screen, and who stand ready and willing to fight for the poor persecuted Jew. This archaic line still works, and is the stuff that Revolution and Civil Wars are made of as we have recently witnessed in Spain.

It is obvious to all those who have studied the situation that more than 90 percent of all Refugees reported in exodus are Jews. Why are they in exodus? Why do our newspapers deliberately lend themselves to the schemes of Jewry by hiding the true facts behind the word "Refugee"? The Jews are in exodus from Europe because the Gentile populations of the European countries have found them unfit and unworthy of Christian association. In other words they have been up to their old tricks again of trying to control the "Goyim" and his institutions, and as always, the Christian communities stood as much as they could then turned on them. It is nothing new, the system is the same, only the names change. The so-called free newspapers of the Democracies are too much controlled by the Jewish paid-ad business and distribution business plus various financial obligations and control to dare tell the public the naked truth. Nevertheless, all this camouflage has not helped the cause of Jewry as recent events these last few years have proved. Always the wrath of the Gentiles is visited upon the Sons of Judah as history throughout the age testifies. The wide divergence of ways, the difference in ethics and many other characteristics will forever be the cause of strife and bloodshed between the Aryan and the Semite. Like oil and water, these two can never mix in the course of government as already proved in every Christian country.

The Aryan is slow to anger, but we can predict that he will arise in America once more and rectify the colossal blunder that has been made in thinking that Jewry was ready for equality, and that this blunder will be rectified in the same manner as every other nation has done through past history. When enough people wake up to the fact that the true government and business of this nation is now in the hands of the anti-Christian and alien faction from the ranks of Jewry, and much of it hiding behind British Institutionalism, then the sword of a militant Christianity under a Nationalist American banner will again usher in an era that will be written in the blood of thousands of fellow Christians yet unaware of the duplicity and national hoax that has been perpetrated upon them.

The racial issue of Gentile versus Jew is clear cut and definite, only fools try to ignore it and fail to see it. The one racial issue in

America today is anti-Semitism, growing stronger day by day as more Christian Gentiles become aware of the diabolical scheme being put over by the Sons of Judah to "Steal America First." The campaign, for Unity, Tolerance, Americanism, or any other name put forth by Jewry and its Christian Front press, radio, or screen, to stem the rising tide of hatred against them for their attempted biggest steal in history will prove to no avail. The die is already cast among Christian factions who have become aware of the menace to their institutions and this awareness is growing from coast to coast as we get ever nearer our Uranian cycle of civil strife. America's coming trial.

\* \* \*

We have covered here the Factions and Issues with some possibilities for the coming Uranian cycle of 1942 to 1949. In the past it will be noted that Uranus in Gemini transiting the chart of these United States has always brought riot and bloodshed, physical combat of an internal nature, that is, within the nation. However, it is quite possible that it could bring an internal combat or some such trouble with a foreign nation, fostered perhaps internally by alien groups among us and culminating in strife on this continent. This sounds like old fashioned jingoism, but one or more of these things is quite possible judging from past events under the Uranian influence.

The months of July to November of 1943 are the ones that seem likely to be fraught with danger. At this time, the malefic planet Uranus travels between 7 and 9 degrees in the constellation Gemini crossing the Ascendant of the United States chart. In accordance with past history these degrees will bear watching. It is when Uranus gets to these degrees that we can look for actual trouble of a very serious nature. If these summer months prove only to be the first provocative act as they did in October 1859 when John Brown made his famous attack on Harper's Ferry which finally did culminate in actual Civil War eighteen months later, then we may expect the same or similar interim which would take us to the next danger point of May and June 1944, or January to April 1945. All of these periods when Uranus is crossing and recrossing the U. S. A. Ascendant of 7 to 9 degrees, spell danger and are the ones to watch for the actual beginning of Civil War, bloodshed and strife in America. If by some miracle we can get by these stated times without the usual bloodshed of the past, then we can truly breathe easy and thank heaven that as a nation we are sufficiently evolved to settle all our differences without strife and bloodshed. Dare we hope for this in the light of

our past 84 year cycles that have brought us so much suffering and agony?

During the last Civil War period there was a famous character in Philadelphia in the person of Dr. Broughton, M. D. who made his predictions regarding the last Civil War, stating in 1861, "Peace will not be restored in America until 1865 when the planet Uranus makes its exit out of the constellation Gemini". For this prediction the venerable Doctor was laughed at by the entire press of the nation, and so with the present, there will be those who laugh at these deductions. Its the old story, the less we know of a subject the more inclined we are to laugh it to scorn.

Uranus is the planet of action, it is the Awakener, it foretells the smashing of all forms of crystallized thought and the leading of mankind onward to new and better things. Uranus now travelling through its seven year course in the constellation Taurus denotes effects in every country whose astronomical map shows any critical degrees in the constellation Taurus. So far during this period we have seen this Uranian cycle culminate in at least two places, the Grecian Archepelego, and Spain. The former sector was the scene of fighting in 1935 when Greek Rebels and Loyalists for the government fought it out all over this region, and since then we have witnessed internal bloodshed in Spain's Civil War. Here we have internal strife once more, we shall undoubtedly witness more internal dissension in Taurus localities such as Ireland, Persia, Poland South Africa and parts of Russia, before this malefic planet has travelled its seven year course through this sign.

One will naturally gather from all this that Uranus brings nothing but trouble, on the contrary, it brings many benefits when well aspected. Many fascinating electrical and mechanical inventions are brought out under its aspects. It denotes action that is always quick, electric, never slow, and when it foretells destruction or the taking away of anything, or changes, the conditions left under its aspects are always permanent.

Checking the course of this planet over a period of years and noting its culminating cycle on the affairs of the various countries, we get ample proof of its cyclic action upon the course of governments and its peoples. However it does not seem to deal so harshly with some countries as with others for instance, Uranus transitting through the constellation Aries which sign is the rulership of both England and Germany, it will be noted, that to England it brought the general strike, much labor trouble, but no bloodshed. # Rationing Setups to Jolt American Way of Living

By Ernest W. Peterson

Set your eyes on the road ahead, and get ready for many changes in the American way of living. All signs indicate that by mid-summer we will be living in a different world.

The transformation is not going to be easy, but apparently it is going to have to be made, and that right quickly. En route from where we are living to where we are bound for, we probably will have some bad traffic jams, such as the mixup now prevailing in the home canning sugar situation. Some folks are going to get pushed around quite a bit, and a few will more than likely experience collisions.

"But we must not forget that the war itself is the one big collision that is forcing us to make all kinds of detours," says Frank E. Marsh of San Francisco, assistant regional OPA administrator. He is here for two days for a series of conferences with Richard G. Montgomery, Oregon OPA director and member of his staff.

"The rationing program in general will be enlarged as scarcity develops," he said.

Asked if he had objection to being quoted on so general a statement, Marsh replied:

"Somehow or other we are going to have to find a way to change the thinking of many

American people, so they will ask the question 'How can I get along without more of a certain article' rather than 'How can I work it to get something more, somehow or someway.'"

Marsh indicated also that all signs point to national rationing of gasoline around July 1, despite congressional efforts to thwart it. Much civilian driving is nearing the end. Even war workers are going to find it difficult to get gasoline to drive to and from work, he believes.

"It will not be because of insufficiency of gasoline—there's plenty of that," Marsh continued. "Gasoline rationing will be a result of a lack of transportation. We can't have these transportation facilities dissipated."

Marsh explained that Japan now has control of about 97 per cent. of the world's crude rubber supply and that Uncle Sam must invoke drastic regulations to conserve what he has, as the available 3 per cent. is needed not only by this country but by all the United Nations.

Marsh said his office is working on the assumption that the average citizen will conform to the restrictions and that "there's not going to be a black market on the Pacific coast."

But he warned that "OPA has a big stick of enforcement," if violation is attempted:

Uranus now travelling through its seven year course in the constellation Taurus denotes effects in every country whose astronomical map shows any critical degrees in the constellation Taurus. With Germany it pro-

voked a regular purge, changed its form of government, and gave internal strife and bloodshed. This is proof once more of Uranus denoting internal strife. Space forbids us from citing other numerous instances recorded in history, but there are many.

\* \* \*

We now come to the planet Saturn and its influential cycle on the course of history of these United States.

Every 20 years since 1840 this nation has lost its President while in Office. Checking over the planetary positions of these events we see that every time the planets Saturn and Jupiter conjunct in an earth sign, that is, in the constellations Taurus, Virgo and Capricorn, we have lost our President in Office through death by natural causes or assassination. This has occurred regularly on the 20 year cycle coinciding with the conjunction of Saturn and Jupiter.

The list of Presidents of these United States that succumbed at a relatively near point to these 20 year cycle conjunctions is as follows:

Year			
1840	— President Harrison	Died in Office	1841
1860	— President Lincoln	Assassinated	1865
1880	— President Garfield	Assassinated	1881
1900	— President McKinley	Assassinated	1901
1920	— President Harding	Died in Office	1923
1940	— .....		?

A study of the above list shows clearly the 20 year cycle of this conjunction. However, it must be borne in mind that these conjunction years are not always the years of death as will be noted. The remarkable fact is, that these men did succumb in one way or another in what might be termed the conjunction period. Why this cycle meant nothing prior to 1840 we do not know, and how long this cycle will run denoting Presidential demise we also do not know. It may have run its course. There is little we do know about this and some other cycles not mentioned, and so much that we do not know, that it is foolish to criticize one way or the other.

This phenomena, if you wish to call it such, seems to be far more than just mere coincidence. It cannot be brushed aside lightly for there is too much mathematics involved in the situation to ignore it. Things of this sort do not just happen. They occur with the regularity of a clock. It only remains for us to check them in accordance with the planetary positions and watch for their re-occurrence. This is the delineation of the ancients which our modern would do well to ponder. The sceptics like to say that these delineations have no true

basis in facts. This is gross ignorance, for the facts remain just the same and are there for all to see and examine. Those who have the knowledge and the courage to say, assert that these things do occur and that all life and its events from the mineral kingdom to the human, and from the cradle to the grave can be foretold with mathematical accuracy by planetary cycles within the realm of Zodiacal Philosophy. However, we still have a proportion of free will according to the Law of Compensation, but only the wise know in what proportion and how to recognize it and use it to best advantage.

In November 1940 we passed through another Presidential election. In February 1941 we had Saturn conjunct Jupiter again by exact degree ticking off another 20 year cycle. This conjunction occurred in 8 to 9 degrees in the constellation Taurus on Earth sign. In accordance with past events this would seem to foretell another sudden termination of Presidential Office, not necessarily in 1941, but of some time in the presidential period. This time, if our cycle is still be connected with our Uranian cycle which we have already covered, running true to form, as it has done since 1840, it will undoubtedly

From what has been said it will be seen that all conjunctions of Saturn and Jupiter in Earth signs, and the planet Uranus transiting through the constellation Gemini, vitally affect the people and history of these United States. This has been amply proved by the past, and so it only remains for us to watch for the culminations of these coming cycles and lay our plans accordingly. Forewarned is forearmed as the saying goes.

To all this, there will be the superficially minded who will say "Coincidence," and the pious who will say that "God ordained these things as punishment for men's sins," which is all nonsense. These things do not have to happen. It is true that they have happened in accordance with the cycles, but this was only because of Man's ignorance and misunderstanding of THE LAW. It can happen again and again, and probably will, for as that great sage the Lord Buddha once said:

**"IGNORANCE IS THE GREATEST SIN ON EARTH."**

### FROM CALIFORNIA:

"Just received the September issue of Beacon Light. I read the speech of Hon. Stephen Day first, and it certainly 'riled' me. Am enclosing a dollar bill for some extra copies of the same, as my husband wishes to circulate them among his friends. It may already be too late to try and arouse the public, since that secret meeting of F. D. R. and his chum "Winny" on the high seas. But we will do our bit anyhow. You are doing a very necessary and most noble work, Mr. Kullgren; God help you to carry on. — — — —"

## X THE SOUTHARD — VFW FIGHT

From the September 2 Bulletin of the  
Citizens Keep America Out of War Committee

No enemy of our country was ever given fouler, dirtier, or more vicious treatment than was accorded to Earl Southard, Illinois Commander of the VFW, by his "comrades" before and during the VFW National Encampment at Philadelphia last week. VFW National officers and the convention mob demonstrated that the words "comrade" and "comradeship", instead of having an American flavor, have the essence of Stalin and Russian Communism.

Throughout the trial of Earl Southard, and throughout the National Encampment at Philadelphia, communistic "smear and purge" tactics were the order of the day against a man who had the courage to stand up and be American.

For the benefit of our members and friends who are in contact with members and Posts of the VFW, we give this resume of the facts:

The "charges" against Southard revolve around our handbill announcing a meeting on the 18th of April. Among other things, the handbill denounced the Lease-Lend Bill as being unconstitutional and said that no free American man or woman owed any obedience to it.

Nothing was done about this handbill until the 10th of June when a special meeting of the Post to which Southard belonged was called to consider charges against both him and the writer of this. Following this, every law of the VFW with reference to this special meeting and the preferring of charges and court-martial was violated.

The commander of the Post and the Adjutant (Secretary) signed the "charges" as coming from the Post, and swore to the fact that they had personal knowledge of the matter, which meant that the "charges" were voted by the Post; but in the trial the Adjutant testified that he was not present at the special meeting and had no knowledge of any kind and that he had signed the "charges" and swore to them at the request of, and in the presence of, the Commander. The Commander testified that the "charges" to which he and the Adjutant swore had never been presented at the Post and had never been voted upon.

To anyone, the simple conclusion would have been that there were no charges before the court for trial. The trial should have been stopped right there and then, but it didn't. Opposition was overruled and the farce went on. Southard went on the stand and testified (although as far as his counsel was concerned it was not necessary) and subjected himself to cross-examination that was not only silly and ridiculous, but entirely beyond the bounds of legal cross-ex-

amination. The whole thing was a reproduction of a Salem witch-hunt.

The gang was out to crucify a man who had the courage to stand up and defend the Constitution of the United States. The gang was out to drag into the mire of public disgrace, the name of a man who had the courage to stand against the warmongers who are trying to get our country into war.

At the conclusion of the argument, the man who presided over the court without any right or authority, announced that the court would not render any decision, regardless of whether it was "guilty" or "not guilty": and when his attention was called to the practice as set forth in the United States Army Court Martial Manual to the effect that a "not guilty" decision must be announced immediately, he took the position that regardless of what it said, there would be no announcement. This was August 21st.

On Monday, August 25th, in Philadelphia, the writer received a transcript of the evidence from the Judge Advocate General and searched the good part of that night and the next day to return the same, approved, to him. The Judge Advocate General was finally found in his room around 7 p.m. on the 26th and by 8 o'clock the transcript and documents in evidence had been gone over and approved by the Judge Advocate General and by Southard's counsel. The Judge Advocate General then said he was leaving immediately to deliver these to Menendez, the Commander-in-Chief, for considering the decision of the Court Martial. BUT these documents were withheld from the Commander-in-Chief until late in the morning of the 28th. The Commander-in-Chief did nothing about them until the next day, the last day of the Convention. He got into hot water on the floor that morning, so that someone else with Stalin's "guts", who could wield the axe and prevent the facts of the Southard case from getting to the floor, was put in his place. He didn't have nerve enough to appear on the floor that afternoon, but he did show up the next morning to announce the decision of the Court Martial.

Everything about the whole affair stinks of an effort to smear Southard by charging disloyalty and subversion and then delaying opportunity to defend; and in the last effort, denying to the delegates the opportunity to get the facts of the case.

Of course, the sad thing about the Convention is that there wasn't enough Americanism in the mob on the floor to demand the facts so that they could go back to their "comrades" back home and tell them the truth. (This is written so that you can give this information to any VFW member with whom you come in contact.)

Notice the delay—April 18th to June 10th. Then nothing done until June 27th, after Southard had defeated the conspirators and become elected State Commander. After June 27th, the "charges" were sent into National, but did not take the usual course of going through what we call "channels". From June 27th, nothing was done until the "charges" were received by Southard on August 15th—ten days before the National Encampment. The "charges" were accompanied by an order suspending him. This ten-day proposition definitely would—and did—prevent Southard from representing his State on the floor of the Encampment. The trial was in the 21st, just four days before the Encampment opened. Then every delay was interposed and the Commander-in-Chief was a part of the delay, because he could have ordered expeditious handling of the matter and could have preferred charges against those who were accomplishing the delay. The matter was delayed in the Encampment from the first day until the last:

Southard was charged with disloyalty to our country and with subversive activities. He was charged with everything else in the book. The Commander-in-Chief announced, and all of the newspapers carried the story that he was found "guilty".

Under the rules of our Organization, it was the obligation of the Commander-in-Chief to appoint an investigating officer. The Judge Advocate General said that he did make an investigation but the Commander-in-Chief said he appointed nobody to make an investigation. The rules provide for a fair and impartial investigation, which means investigating both sides of the case. The records of the Post were never examined by the Judge Advocate or anyone else. Southard's side of the case was never looked into and Southard never was contacted. This is just another evidence of the Stalin "comradeship" of the whole affair.

Every member of the VFW who has paid dues for the year 1941 into the Organization has contributed to the attempted murder of the reputation of an American whose services to his country, at least, as evidenced by his wounds and his suffering, is of far greater worth than the whole "kit and kaboodle" of those who are involved in the Stalin "smear and purge" campaign.

The "guilty verdict" is based upon the testimony of two men who admitted that they had taken a false oath against their "comrade" two men who raised their right hands toward Heaven and called upon the Almighty God to witness the truth of the statements that they were making under that oath.

The violation of the moral law involved in the spreading of scandal

against another person may be looked upon with contempt by these people, but there are still American courts and American judges. There is still the possibility of jail sentences as well as fines for violating the criminal laws of libel, and there is still the opportunity to ask redress in damages in the Civil Courts for the conspiracy to injure unlawfully the name of an American citizen.

The dictatorship methods that prevented the facts of the Southard case from being told to his "comrades" at the Convention may have a long arm that can reach into the courts also, but if they have, we're going to give the people of the world the opportunity to see it—to see its black, murderous, scurrilous character—a character that shows the foul unfairness in the trial and also in the National Encampment.

What has this VFW affair got to do with the Citizens Keep America Out of War Committee? Everything! The way the VFW have acted is evidence of how any other private organization, at the behest of the Commissars, may drag the name of a member in the mire of public disgrace for daring to defend the Constitution.

These enemies of American ideals and principles in the VFW and elsewhere must be taught a lesson now that they will never forget! We still have free speech. This is still the U. S. A. It is not yet a branch of Communist Russia. As long as we have breath, the fight to clear Southard's name and to punish those who are responsible for the attempt to disgrace him will go on. We want you to be with us in this great American fight:

Capt. William J. Grace, Chairman

### FROM VIRGINIA:

"I wish to compliment you on the fine information which you are spreading thru your magazine and as a prophet you are even better than Rasmussen. I agree with you on everything I have read in your magazine including the Jews and Medical Racket. The Jews are getting stronger in the medical game every year; perhaps that is one of the reasons why it is getting worse as time goes on. I would like to do some advertising for you in Virginia but the people here swallow everything that goes on in Washington. hook, line and sinker. ## P U B L I C I T Y

From Bulletin 9-2-41, Citizens Keep America out of War Committee

**Shout it from the housetops:** "We want no part of Communism!"

The samples we have been getting from the Administration during the past eight years are distinctly unpalatable to real Americans. No matter how they sugarcoat the pills, no matter how they label it with righteousness and no matter how they attempt to veil it in shimmering wrappings—it still remains a bill of goods the internationalists are trying to sell us.

The real issue is the survival of the ideals, traditions and institutions of Americanism. They cannot survive in an atmosphere of alienism and foreign propaganda. We cannot save America by entering some other country's wars or trying to save some other country's imperialistic mistakes. The British Empire was built by conquest. Our country was built by tolerance for the oppressed of all nations. But it is carrying tolerance too far to ask us to fight to preserve the conquests of empires founded on the blood and misery of other weaker nations.

We have been tricked. Already in Washington come rumblings of the heaviest taxes in the history of this Republic. And these taxes are not only for our own defense. Any American can read between the lines of newspaper dispatches and editorials—no matter how garbled—the story of the tremendous edifice of deceit that has been reared by the warmongers.

To save our country each of us must do his small part. We must stop the Administration from shoving us into someone's else's war. And then we must undo the damage that has already taken place. You can help. In political campaigns there is much talk of "Whispering campaigns". We don't have to whisper, but talk and write. We can tell the world we will not be bamboozled a second time into Europe's wars. Clarify the issues by talking to your friends, relatives and neighbors. Write your Congressman, Senators and President. Strip the lies from the warmongers and war profiteers' stories. Shout from the housetops: "We are going to fight for Americanism only."

## A CALL TO SERVICE

The writer of the following letter has written us many fine letters during the past year or more. We have not always agreed with his point of view, but we never doubted his sincerity nor his desire to be helpful. Here is his letter:

Dear Friend Kullgren: It is a pleasure to see you making plans to continue The Beacon Light for the next twelve months; and to enclose a monthly contribution toward the expense of your new secretary, a \$10.00 check will be found herewith.

The simple plan as outlined in your October issue will enable your many friends to assist you in the production of the magazine to the best extent of their ability. May I point out that those not in a position to aid with 10% might contribute 5 or even 1%. However, they should make it a particular point to see that their monthly remittance reaches you by the tenth of each month. This voluntary aid should not devolve into a collection item for you, but the funds should reach you promptly without further requests on your part to those who have volunteered.

On the other hand it might not be amiss to carry one page of copy in each issue explaining the plan whereby your readers are assisting you, insofar as they are able to do so, to defray the cost of secretarial help on a monthly contribution basis. In that way, each month you will gather a few more helpers. Many will be found who will be glad to share in your crusading efforts.

There is another way in which your readers can help. This will not cost them a cent but on the other hand it will mean daily effort. Many times you have mentioned the need of our being the channels of manifestation of the Divine Will. "Father, Thy will, not mine" has been quoted by you again and again. Why not hand this thought on to your readers and have them each day ask: "Father, Thy will be done through ME." If the several thousand people you reach each month could thus be turned into constant channels for the Divine Plan to work through, you would have produced one of the most effective means of saving America available. This plan would have to be brought before your readers monthly, not just once in awhile, so that a Beacon Light reader would be synonymous with a voluntary and willing channel of Divine action.

AMERICA FIRST . . . to be the hands and feet of GOD.

With best wishes, Sincerely, — — — "

We find no quarrel with the above letter; for the idea of continually asking for funds to carry on is very distasteful to me, and we never made any pleas for help until I had the stroke and we went behind to the extent that we practically came to a standstill; in addition we had piled up a substantial debt. At that time three individuals commenced to help, otherwise there could have been no Beacon Light.

Even in these times, I can earn my living much more easily than by putting out the magazine. Of course with the necessary help my burden would be lightened.

My attitude at present is, if after ten years of effort and several thousand dollars out of my own pocket, apart from my time, our readers do not think the magazine is worth supporting, it is perfectly all right with me for I feel exactly as does my good friend and colleague, Robert Edmondson. I would certainly like the opportunity to rest, but I hate to desert the ship at this critical hour of our National life. I feel that I am needed more than ever.

I positively refuse to accept paid ads, because it would lead to compromise of principle. Our trouble is that even those who read the magazine, with a few exceptions, are not spiritually attuned that they are willing to sacrifice and put aside their personal desires and wants; in other words, they are not willing to say 'Thy will, O Lord, not mine, be done'. You recall the Master asked for volunteers, but practically all of them had excuses. Finally Jesus said, Let the dead bury their dead. He was referring, of course, to those who were dead in spiritual consciousness; otherwise it wouldn't make sense. And so it is today.

But Oh, what an awakening these people will have in the next two or three years; how they will wish for the golden opportunities that are past. But it will be too late. Events from now on will move with swift suddenness. Even some of our best people are caught in the swing of metropolitan city life.

As far as I am concerned, I will continue as long as it is physically and financially possible.

### FROM NEBRASKA:

"Some time ago I received a sample copy of your interesting magazine. The Beacon Light, through someone's generosity, and when I saw the list of books that you publish and sell I decided that I must have a number of these books in order, to know the truth about conditions in the world today. — — — —"

### FROM A NEW CONTACT:

"Your copies of the magazine, September and October, received. You are a wonder in the great work you are putting out. I have read it 'from kiver to kiver'; so I have decided to send you one dollar each month as you suggest in your October number, for the work can be done in a small way.

I am going out and contact people and acquaint them with this wonderful publication. Some will not be interested, of course, to some of them I will give the book, then some after reading may want to subscribe for it. — — — —"

### FROM OAKLAND:

"... Beacon Light is food for the soul, and no doubt has lifted many a one over the hurdles and placed their feet upon the path that leads to freedom.

In the consciousness that is fertile, the seeds that you have sown will take root and sprout. We cannot always see the result of the good we do, but it is all recorded in that Great Invisible Book. Some day the good we have done will sprout at our feet as many beautiful flowers.

May you be permitted to carry on the fine work you are doing. I am only sorry that I am not able to do more in a financial way.

With my best wishes for your further progress and success, I am,

Fraternally yours, — — — —"

### FROM ARKANSAS:

"We can't know what is going on without the Beacon Light; it's rightly named. "1.00 enclosed for 6 months. — — — —"

### FROM A NEW SUBSCRIBER:

"... We must be ever thankful to the Higher Law that you were chosen to be a courageous crusader. — — — —"

## THE BEACON LIGHT—November, 1941

### H O L D F A S T T O F A I T H

Contributed by Ida Hagen Marshall  
Author of Tracings of Eternal Light

I see a great Ray of Light coming to earth. It is pointed like an arrow and goes all through our Nation. In this Ray are thousands and millions of people, and I see many leaders among them.

And one shall come who shall go Through Light before all the Nations of the world as a Messenger of sanity and peace.

Be not afraid of fact. There is no power in the warring machine like unto the power of peace and light. Be not afraid—the forces of war are destined to fall upon their knees in defeat. The word of warning, in the Light of Christ Peace, has gone forth upon the world to cover the world with its appeal, and all who seek peace find peace within the heart, even through war. For I say unto you, I am a Messenger speaking from the Light of the Most High, that a war is approaching the planet earth, due upon the far reaching reverberations of man's accumulative hatred. A war that shall strike the earth with bullets more deadly than any conceived by man. And man shall depart from warring engines to plead for mercy upon his knees.

The Angels Gabriel and Raphael are compelled by virtue of the Ray in which they stand foreordained in Christ, to direct the cosmic warfare of delineation. And Christ, the Prince of Peace, stands looking on, awaiting His flock, they who hear His voice, they who know that God is not mocked. There is no death save in the giving up of the principle—that wouldst tarnish the soul.

This is the dark hour on earth when faith in Christ is the beacon light for all mankind, and whosoever will may come into the harbor of peace through that light.

Man's war shall not endure much longer, for the Cosmic Finger is raised to wage a war upon all things, upon all Kingdoms, high and low. And no living thing shall escape the purging of the fire, the consuming flame, which is God; but that hath great mercy. It is a flame of love to those who understand.

Hold to faith; build within yourselves a fortress of Light that shall blind the eyes of the adversaries; that shall make ye invisible to the enemies of Light—of Christ Light—the redemption of all that is good. Live in it and be about the Father's business, and the Father's hand shall direct you, protect you and lead you into the harbor of safety and a great future building unto a long day where there shall be no night following.

So be it in Christ. Aum, aum, aum.
