"THE BENJAMITE."

A Monthly Magazine. Popular Size and Style.
What Every Home Needs.

A MAGAZINE WITH TWO GREAT DEPARTMENTS.

DEPARTMENT FIRST is an exposition of the Nazarene's Philosophy. ITS POTENT SECRETS, its MYSTERIOUS POWER, its GREAT CLAIM to help every class in every condition of life, are revealed in this department. In this department we hold a COMMON COUNCIL in the interests of truth and for the mutual benefit of all our readers. ANY SUBSCRIBER is WELCOME to the CHARMED CIRCLE. THE OTHER DEPARTMENT is filled up with stories of fiction, adventure and travel, descriptions of places, incidents, various phenomena, etc. We want to interest and help EVERY MEMBER OF THE HOME. This is pre-eminently a magazine for the

COMMON PEOPLE.

If you are honest, tired of extremes, disgusted with fanatics, righteously indignant at shams and hypocrisies; if you want to steer clear from the bog of Materialism and Atheism on the one hand and the blindness of an old dogmatism and the vain fantasies of new thought on the other; in short, if you want a solid, safe middle ground of faith and action, a satisfying philosophy of life, subscribe for THE BENJAMITE. 50 cents a year, in advance.

Eltka's Home Study.

There are many who would like a more extended course of reading yet they cannot afford a complete library. A few *good books* are sufficient, but it is difficult to tell what is a *good book for you* until you have read it. The titles are often deceptive and the price is not always an indication of value. To help our readers in the selection of books, and to give those who can ill-afford to buy many, an opportunity of studying the best works at a minimum expense, we have adopted the following plan:

We will send books on approval to any part of the United States and Canada, with the privilege of reading and returning them. Those desiring to take advantage of this offer must send us the published price of the book selected, and state that the order is given subject to the terms of this department. Upon receipt of your order we will send the book selected, and you are privileged to hold it for three weeks which will give ample time for a thorough reading. If it is not returned to us at the end of three weeks, or request made for an extension of time, we reserve the right to decline to receive it. Also, if books are damaged except through ordinary wear we cannot take them back. We make these stipulations in order that our readers will be prompt in making returns and careful in the handling of books. It is intended to give you an opportunity of reading these works at the lowest possible cost, and only such sum is charged as is estimated to be barely sufficient to cover actual wear and tear and office expense. This fee will be ten per cent of the price of the book and enough to cover the cost of postage.

For example, "Psychical Development" is listed at \$1.50. Should this book be selected you would send us \$1.50. After having read the book and returned it to us we would send back the \$1.50 less 15 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book. Should you wish to take advantage of this course of reading, or intend purchasing any books which you would like to examine before buying, send us your address, (enclosing stamp), and we will mail you a complete list.

It is the intention to add all the latest and best books to this series as rapidly as possible. All books advertised by us or mentioned in our review department will be included. New lists will be occasionally issued and copies sent to all who have requested them.

SUGGESTION;

In the Cure of Diseases and the Correction of Vices. By

GEO. C. PITZER, M. D.

This book furnishes the reader with a complete exposition of the principles and practice of Suggestive Therapeutics up to date.

It tells how to relieve pain, prevent and cure diseases, and correct vices by means of mental influence—suggestion.

It teaches us how to protect ourselves from disease, and how to help ourselves if we get sick.

It tells you what the human mind is; all about its sphere of action, its nature, bounds, limits, and capacities.

It is a book for everybody—the doctor, the lawyer, the preacher, the teacher, the mechanic, the merchant, the father, the mother, etc. It should be in every family.

It demonstrates the influence of the mind over the body in health and disease, reciting many examples from life and practise in confirmation of the facts set forth.

It gives you the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

It shows you what hypnotism is, how it can be used for good purposes, and successfully refutes all slanderous accusations that have been circulated about and against it.

It shows you how to use suggestion as a positive cure, and as a help to other measures when they are being used or required, and how it never interferes with them in any case.

It explains absent treatment, and gives detailed instructions for doing successful work by this method. It also shows how to successfully treat people for poverty—more properly speaking against poverty, and for business success. Elegantly bound in finest cloth.

WHEATLET is good for children

because it contains the mineral elements of well-matured and choice selected wheat. These minerals, in the form of phosphates, enter into the system and build up the bones, muscles, nerves and brain. They are especially needed for the strong growth of the hair, teeth and nails. The rapid decay of children's teeth is often due to the impoverished food they eat.

WHEATLET retains the gluten and mineral elements of the entire wheat and thus is admirably adapted for growing children.

ALBERT VERNON.

PSYCHRATISM

The new discovery by Prof. Albert Vernon now given to the world for the first time. You want it. You are not competent to combat the influences of the world without it. With knowledge of the principles of this grand science failure has been changed to success; the sick have been made well. It is a marvelous force available in the every day affairs of life between man and man in business, in science and health.

NOT HYPNOTISM

Psychratism is the power of putting another to sleep nor a name to mystify. Psychratism is a science and appeals to man's intellect and reason. It enlightens, makes truth of mystery and is the X-ray of best development and personal influence, enabling one to see and understand all that has been attributed to supernatural agency, hypnotism and occult influences during the past ages.

THE VERNON SANATORIUM

is the institute where the sick are cured by Psychratism without drugs of any kind. All diseases and habits—drug, liquor, etc. are cured.

PERSONAL INSTRUCTION in Psychratism is here given to students by Prof. Vernon himself. Those who cannot afford the expense of a trip to Rochester should send for Prof. Vernon's comprehensive

FREE 100 PAGE BOOK

entitled "Psychic Phenomena of the 20th Century," in which he fully describes the science of Psychratism. Write for it to-day. It costs you nothing. He wishes all to profit by his experience and knowledge, and will be glad to start you in the study of this, the grandest of all sciences, by sending you the book free and postpaid upon receipt of your name. This is a valuable book, not a mere advertising pamphlet, and contains much information and the rudimentary lessons in this interesting and elevating science. THE PSYCHOLOGY OF HEALTH AND HAPPINESS

BY

LA FOREST POTTER, M.D.

The sane, clear-headed, and thoughtful plea of a broad-minded and cultured physician for a better understanding between the old and the new schools of healing. While the book is one no physician or mental scientist should be without, its appeal to the lay reader is enforced by most interesting accounts of remarkable modern instances illustrating the argument as to physical susceptibility to mental influences. Dr. Potter's clear and convincing exposition in the opening chapter of the law of equilibrium in nature and in man throws a flood of light on the whole problem.

Every force, every form of energy, works through law. No advance is possible but through conformity to it. The principles of psychology underlie all human growth. The natural world in growth responds to its highest possibilities unswervingly, eternally. Human growth follows the same process. The highest achievement of man, indubitably, is thought power, and this energy is, of all forms, most powerful because it is the culmination. Conformation to this law means for man not only molding but MAKING power; not adjustment merely, but CREATIVE possibility.—FROM PREFACE.

Eltkka's Home Study.

There are many who would like a more extended course of reading yet they cannot afford a complete library. A few *good books* are sufficient, but it is difficult to tell what is a *good book for you* until you have read it. The titles are often deceptive and the price is not always an indication of value. To help our readers in the selection of books, and to give those who can ill-afford to buy many, an opportunity of studying the best works at a minimum expense, we have adopted the following plan:

We will send books on approval to any part of the United States and Canada, with the privilege of reading and returning them. Those desiring to take advantage of this offer must send us the published price of the book selected, and state that the order is given subject to the terms of this department. Upon receipt of your order we will send the book selected, and you are privileged to hold it for three weeks which will give ample time for a thorough reading. If it is not returned to us at the end of three weeks, or request made for an extension of time, we reserve the right to decline to receive it. Also, if books are damaged except through ordinary wear we cannot take them back. We make these stipulations in order that our readers will be prompt in making returns and careful in the handling of books. It is intended to give you an opportunity of reading these works at the lowest possible cost, and only such sum is charged as is estimated to be barely sufficient to cover actual wear and tear and office expense. This fee will be ten per cent of the price of the book and enough to cover the cost of postage.

For example, "Psychical Development" is listed at \$1.50. Should this book be selected you would send us \$1.50. After having read the book and returned it to us we would send back the \$1.50 less 15 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book. Should you wish to take advantage of this course of reading, or intend purchasing any books which you would like to examine before buying, send us your address, (enclosing stamp), and we will mail you a complete list.

It is the intention to add all the latest and best books to this series as rapidly as possible. All books advertised by us or mentioned in our review department will be included. New lists will be occasionally issued and copies sent to all who have requested them.

There is but one way to tell the reason of baldness and falling hair, and that is by a microscopic examination of the hair itself. The particular disease with which your scalp is afflicted must be known before it can be intelligently treated. The use of dandruff cures and hair tonics, without knowing the specific cause of your disease, is like taking medicine without knowing what you are trying to cure. Send three fallen hairs from your combings to Prof. J. H. SUGGESTION;

In the Cure of Diseases and the Correction of Vices. By

GEO. C. PITZER, M. D.

This book furnishes the reader with a complete exposition of the principles and practice of Suggestive Therapeutics up to date.

It tells how to relieve pain, prevent and cure diseases, and correct vices by means of mental influence—suggestion.

It teaches us how to protect ourselves from disease, and how to help ourselves if we get sick.

It tells you what the human mind is; all about its sphere of action; its nature, bounds, limits, and capacities.

It is a book for everybody—the doctor, the lawyer, the preacher, the teacher, the mechanic, the merchant, the father, the mother, etc. It should be in every family.

It demonstrates the influence of the mind over the body in health and disease, reciting many examples from life and practise in confirmation of the facts set forth.

It gives you the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

It shows you what hypnotism is, how it can be used for good purposes, and successfully refutes all slanderous accusations that have been circulated about and against it.

It shows you how to use suggestion as a positive cure, and as a help to other measures when they are being used or required, and how it never interferes with them in any case.

It explains absent treatment, and gives detailed instructions for doing successful work by this method. It also shows how to successfully treat people for poverty—more properly speaking against poverty, and for business success. Elegantly bound in finest cloth.

HYPNOTISM:

ITS HISTORY AND PRESENT DEVELOPMENT.

BY

FREDRIK BJÖRNSTRÖM, M. D.

HEAD PHYSICIAN OF THE STOCKHOLM HOSPITAL,
PROFESSOR OF PSYCHIATRY, LATE ROYAL
SWEDISH MEDICAL COUNCILLOR.

Authorized Translation from Second Swedish Edition by
BARON NILS POSSE, M. G.,
DIRECTOR OF THE BOSTON SCHOOL OF GYMNASTICS.

This interesting book contains a scholarly account of the history, development, and scientific aspect of hypnotism. As a whole, the book is of great interest and very instructive.—MEDICAL AND SURGICAL REPORTER.

To define the real nature of hypnotism is as difficult as to explain the philosophy of toxic or therapeutic action of medicine—more so, indeed. None the less, however, does it behoove the practitioner to understand what it does, even if he cannot tell just what it is, or how it operates. Dr. Bjornstrom's book aims to give a general review of the entire subject.—MEDICAL RECORD.

It is a contribution of decided value to a much-discussed and but little-analyzed subject by an eminent Swedish alienist known to American students of European psychiatry.—MEDICAL STANDARD.

Eltka's Home Study.

To help our readers in the selection of books, and to give those who can ill-afford a complete library an opportunity of studying the best works at a minimum expense, we have adopted the following plan:

We will send books on approval to any part of the United States and Canada, with the privilege of reading and returning them. Those desiring to take advantage of this offer must send us the published price of the book selected, and state that the order is given subject to the terms of this department. Upon receipt of your order we will send the book selected, and you are privileged to hold it for three weeks which will give ample time for a thorough reading. If it is not returned to us at the end of three weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also, if books are damaged except through ordinary wear we cannot take them back. We make these stipulations in order that our readers will be prompt in making returns and careful in the handling of books. It is intended to give you an opportunity of reading these books at the lowest possible cost, and only such sum is charged as is estimated to be barely sufficient to cover actual wear and tear and office expense. This fee will be ten per cent of the price of the book and enough to cover the cost of postage.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00 less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book. Should you wish to take advantage of this course of reading, or intend purchasing any books which you would like to examine before buying, send us your address, (enclosing stamp) and we will mail you a complete list.

It is the intention to add all the latest and best books to this series as rapidly as possible. All books advertised by us or mentioned in our review department will be included. New lists will be occasionally issued and copies sent to all who have requested them.

In all cases where requests are made for books not now on hand an effort will be made to add them to the Library as soon as possible. Your letter will be kept on file and as soon as the book desired has been procured you will be notified.

SUGGESTION;

In the Cure of Diseases and the Correction of Vices. By

GEO. C. PITZER, M. D.

This book furnishes the reader with a complete exposition of the principles and practice of Suggestive Therapeutics up to date.

It tells how to relieve pain, prevent and cure diseases, and correct vices by means of mental influence—suggestion.

It teaches us how to protect ourselves from disease, and how to help ourselves if we get sick.

It tells you what the human mind is; all about its sphere of action, its nature, bounds, limits, and capacities.

It is a book for everybody—the doctor, the lawyer, the preacher, the teacher, the mechanic, the merchant, the father, the mother, etc. It should be in every family.

It demonstrates the influence of the mind over the body in health and disease, reciting many examples from life and practice in confirmation of the facts set forth.

It gives you the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

It shows you what hypnotism is, how it can be used for good purposes, and successfully refutes all slanderous accusations that have been circulated about and against it.

It shows you how to use suggestion as a positive cure, and as a help to other measures when they are being used or required, and how it never interferes with them in any case.

It explains absent treatment, and gives detailed instructions for doing successful work by this method. It also shows how to successfully treat people for poverty—more properly speaking against poverty, and for business success. Elegantly bound in finest cloth.

PROF. R. E. DUTTON

The Psychologic Adept and True Metaphysician of Lincoln, Nebraska

Has just developed a strong and powerful faculty of the mind. The power is an ability to produce a Metaphysical functioning of the psychic faculties and sense of intuition to feel and take cognance through the five special senses of Scent, Taste, Touch, Sight, and Hearing, and also to reveal all knowledge of spirit, the ethereal and all laws of phenomena known to metaphysics. In this condition I can hear Clairaudiently and receive Telepathic Messages from the ethereal plane as scientifically and accurate as if by the system of Wireless Telephone or Wireless Telegraphy.

I can see Clairvoyantly as my lucidity of vision functionates upon the ethereal or spiritual plane of life to see anyone at their daily pursuits and figure out every problem of their lives or communicate with friends in spirit life direct.

I can scent, taste or feel psychometrically the ethereal vibrations of all conditions coming from the spirit world and can diagnose any case of disease and prescribe the right remedy in every instance or can read the very life secrets of people telling the past, present and of the future events.

I experience as I call it stages of spirit Auto-Electromatic writings by control of my hand which is as forcibly handled and gives a similar effect as though controlled by a current from an electric battery. This is a wonderful psychic adaptic ability I have attained. At will I can psychically scent the perfumes of a rose, or taste the delicious fruit in my vision of fancy, or feel a temperature of extreme heat or cold, and see in a vision any country, land or sight, and hear the commotion of a world of traffic as true as reality. Subjective activity of the mind is productive of these results as a perfect state of dreaming in a person when wide awake.

SELF-HYPNOTIC HEALING.

I have made a late discovery that enables all to induce the hypnotic sleep in themselves instantly at first trial, awaken at any desired time and thereby cure all known diseases and bad habits, control their dreams, read the minds of friends and enemies, visit any part of the earth, solve hard questions and problems in their sleep and remember all when awake.

This so-called Mental Vision Lesson will be sent to anyone for only 10c (silver). Sold on credit. Actually enabling you to do the above before any charge whatever.

In the former case he sent his deductions concerning King Edward to the Queen and holds Her Majesty's letter of acknowledgment.

In the latter case the prediction was made at a public lecture on June 7th, 1900.

KIPLING IS DEAD

This is the title of a wrong critical article in a recent number of the GOOSE-QUILL, the new literary magazine that is creating such a sensation. The GOOSE-QUILL is the most unconventional and business magazine ever published in this country. The GOOSE-QUILL is filled from "lover to lover" with short stories, poems, essays, etc., and art and illustrations. For instance, among the interesting unabridged reprints in recent issues are Oscar Wilde's Famous Poem "Reading Goal," Schopenhauer's Celebrated "Essay on Women," (a fine translation by Ambrose Pierce's Terrible Tale, "My Favorite Murderer," Michael Monahan's Terrible Indictment of Elbert Hubbard, John Davidson's splendid "BALLAD OF A NUN," Gertrude Atherton's Strong Short Story, "ONE OF THE PROBLEMS, The Famous Criticism, Entitled, "Schley, Dewey, Miles and Roosevelt," Robert Buchanan's Savage Attack on Swinburne and Rossetti, Entitled "THE FLESH SCHOOL OF POETRY," Clarence Darrow's Well Known Defense of Walt Whitman's Morality. Eltkka's Home Study.

To help our readers in the selection of books, and to give those who can ill-afford a complete library an opportunity of studying the best works at a minimum expense, we have adopted the following plan:

We will send books on approval to any part of the United States and Canada, with the privilege of reading and returning them. Those desiring to take advantage of this offer must send us the published price of the book selected, and state that the order is given subject to the terms of this department. Upon receipt of your order we will send the book selected, and you are privileged to hold it for three weeks which will give ample time for a thorough reading. If it is not returned to us at the end of three weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also, if books are damaged except through ordinary wear we cannot take them back. We make these stipulations in order that our readers will be prompt in making returns and careful in the handling of books. It is intended to give you an opportunity of reading these books at the lowest possible cost, and only such sum is charged as is estimated to be barely sufficient to cover actual wear and tear and office expense. This fee will be ten per cent of the price of the book and enough to cover the cost of postage.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00 less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book. Should you wish to take advantage of this course of reading, or intend purchasing any books which you would like to examine before buying, send us your address, (enclosing stamp) and we will mail you a complete list.

It is the intention to add all the latest and best books to this series as rapidly as possible. All books advertised by us or mentioned in our review department will be included. New lists will be occasionally issued and copies sent to all who have requested them.

In all cases where requests are made for books not now on hand an effort will be made to add them to the Library as soon as possible. Your letter will be kept on file and as soon as the book desired has been procured you will be notified.

SUGGESTION;

In the Cure of Diseases and the Correction of Vices. By

GEO. C. PITZER, M. D.

This book furnishes the reader with a complete exposition of the principles and practice of Suggestive Therapeutics up to date.

It tells how to relieve pain, prevent and cure diseases, and correct vices by means of mental influence—suggestion.

It teaches us how to protect ourselves from disease, and how to help ourselves if we get sick.

It tells you what the human mind is; all about its sphere of action, its nature, bounds, limits, and capacities.

It is a book for everybody—the doctor, the lawyer, the preacher, the teacher, the mechanic, the merchant, the father, the mother, etc. It should be in every family.

It demonstrates the influence of the mind over the body in health and disease, reciting many examples from life and practise in confirmation of the facts set forth.

It gives you the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

It shows you what hypnotism is, how it can be used for good purposes, and successfully refutes all slanderous accusations that have been circulated about and against it.

It shows you how to use suggestion as a positive cure, and as a help to other measures when they are being used or required, and how it never interferes with them in any case.

It explains absent treatment, and gives detailed instructions for doing successful work by this method. It also shows how to successfully treat people for poverty—more properly speaking against poverty, and for business success. Elegantly bound in finest cloth.

FALLING HAIR AND BALDNESS ABSOLUTELY CURED

There is but one way to tell the reason of baldness and falling hair, and that is by a microscopic examination of the hair itself. The particular disease with which your scalp is afflicted must be known before it can be intelligently treated. The use of dandruff cures and hair tonics, without knowing the specific cause of your disease, is like taking medicine without knowing what you are trying to cure. Send three fallen hairs from your combings to Prof. J. H. Austin, the celebrated Bacteriologist, who will send you absolutely free a diagnosis of your case, a booklet on care of the hair and scalp, and a sample box of the remedy which he will prepare specially for you. PROF. R. E. DUTTON

The Psychologic Adept and True
Metaphysician of Lincoln, Nebraska

Has just developed a strong and powerful faculty of the mind. The power is an ability to produce a Metaphysical functioning of the psychic faculties and sense of intuition to feel and take cognance through the five special senses of Scent, Taste, Touch, Sight, and Hearing, and also to reveal all knowledge of spirit, the ethereal and all laws of phenomena known to metaphysics. In this condition I can hear Clairvoyantly and receive Telepathic Messages from the ethereal plane as scientifically and accurate as if by the system of Wireless Telephone or Wireless Telegraphy.

I can see Clairvoyantly as my lucidity of vision functionates upon the ethereal or spiritual plane of life to see anyone at their daily pursuits and figure out every problem of their lives or communicate with friends in spirit life direct.

I can scent, taste or feel psychometrically the ethereal vibrations of all conditions coming from the spirit world and can diagnose any case of disease and prescribe the right remedy in every instance or can read the very life secrets of people telling the past, present and of the future events.

I experience as I call it stages of spirit Auto-Electromatic writings by control of my hand which is as forcibly handled and gives a similar effect as though controlled by a current from an electric battery. This is a wonderful psychic adaptic ability I have attained. At will I can psychically scent the perfumes of a rose, or taste the delicious fruit in my vision of fancy, or feel a temperature of extreme heat or cold, and see in a vision any country, land or sight, and hear the commotion of a world of traffic as true as reality. Subjective activity of the mind is productive of these results as a perfect state of dreaming in a person when wide awake.

SELF-HYPNOTIC HEALING.

I have made a late discovery that enables all to induce the hypnotic sleep in themselves instantly at first trial, awaken at any desired time and thereby cure all known diseases and bad habits, control their dreams, read the minds of friends and enemies, visit any part of the earth, solve hard questions and problems in their sleep and remember all when awake.

This so-called Mental Vision Lesson will be sent to anyone for only 10c (silver). Sold on credit. Actually enabling you to do the above before any charge whatever.

Home Study Library.

The Library of the Illuminati is intended for the full and free use of its members, and that it may remain permanent the following system has been adopted. This is to make allowance for the natural wear and tear in the use of books and to replace worn out copies by new ones. It is also intended to cover the actual office expense of this department, and has been found in practice to be entirely satisfactory to all concerned.

Requests for books should be made upon the regular "Home Study Application Blanks." This will greatly facilitate the office work and avoid many vexatious errors and delays. Give title, author's name, publisher's address, and enclose the publisher's price for same which is to remain on deposit with the Institution until book is returned. Upon receipt of your order we will send the book selected, and you are privileged to hold it for four weeks which will give ample time for a thorough reading. If it is not returned at the end of four weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also if books are damaged except through ordinary wear we cannot take them back. These stipulations are made in order that members will be prompt in making returns and careful in the handling of books.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00 less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book.

The Library for the use of the Illuminati embraces all the important works, both ancient and modern, of the world's leading authors. It includes the most important works on Science, Philosophy, Religion, the Arts, Occultism, History, Fiction, etc. etc., in all their different branches.

No one, whatever his calling, can afford to keep himself out of the main current of contemporary scientific research and exposition, and the Illuminati is prepared to furnish its members, not only with all the older works of acknowledged excellence but is also continually adding to the "Home Study" all later works as fast as issued.

SUGGESTION;

In the Cure of Diseases and the Correction of Vices. By

GEO. C. PITZER, M. D.

This book furnishes the reader with a complete exposition of the principles and practice of Suggestive Therapeutics up to date.

It tells how to relieve pain, prevent and cure diseases, and correct vices by means of mental influence—suggestion.

It teaches us how to protect ourselves from disease, and how to help ourselves if we get sick.

It tells you what the human mind is; all about its sphere of action; its nature, bounds, limits, and capacities.

It is a book for everybody—the doctor, the lawyer, the preacher, the teacher, the mechanic, the merchant, the father, the mother, etc. It should be in every family.

It demonstrates the influence of the mind over the body in health and disease, reciting many examples from life and practise in confirmation of the facts set forth.

It gives you the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

It shows you what hypnotism is, how it can be used for good purposes, and successfully refutes all slanderous accusations that have been circulated about and against it.

It shows you how to use suggestion as a positive cure, and as a help to other measures when they are being used or required, and how it never interferes with them in any case.

It explains absent treatment, and gives detailed instructions for doing successful work by this method. It also shows how to successfully treat people for poverty—more properly speaking against poverty, and for business success. Elegantly bound in finest cloth.

PROF. R. E. DUTTON

The Psychologic Adept and True Metaphysician of Lincoln, Nebraska

Has just developed a strong and powerful faculty of the mind. The power is an ability to produce a Meta-physical functioning of the psychic faculties and sense of intuition to feel and take cognance through the five special senses of Scent, Taste, Touch, Sight, and Hearing, and also to reveal all knowledge of spirit, the ethereal and all laws of phenomena known to metaphysics. In this condition I can hear Clairaudiently and receive Telepathic Messages from the ethereal plane as scientifically and accurate as if by the system of Wireless Telephone or Wireless Telegraphy.

I can see Clairvoyantly as my lucidity of vision functionates upon the ethereal or spiritual plane of life to see anyone at their daily pursuits and figure out every problem of their lives or communicate with friends in spirit life direct.

I can scent, taste or feel psychometrically the ethereal vibrations of all conditions coming from the spirit world and can diagnose any case of disease and prescribe the right remedy in every instance or can read the very life secrets of people telling the past, present and of the future events.

I experience as I call it stages of spirit Auto-Electromatic writings by control of my hand which is as forcibly handled and gives a similar effect as though controlled by a current from an electric battery. This is a wonderful psychic adaptic ability I have attained. At will I can psychically scent the perfumes of a rose, or taste the delicious fruit in my vision of fancy, or feel a temperature of extreme heat or cold, and see in a vision any country, land or sight, and hear the commotion of a world of traffic as true as reality. Subjective activity of the mind is productive of these results as a perfect state of dreaming in a person when wide awake.

SELF-HYPNOTIC HEALING.

I have made a late discovery that enables all to induce the hypnotic sleep in themselves instantly at first trial, awaken at any desired time and thereby cure all known diseases and bad habits, control their dreams, read the minds of friends and enemies, visit any part of the earth, solve hard questions and problems in their sleep and remember all when awake.

This so-called Mental Vision Lesson will be sent to anyone for only 10c (silver). Sold on credit. Annually enabling you to do the above before any charge whatever.

Home Study Library.

The Library of the Illuminati is intended for the full and free use of its members, and that it may remain permanent the following system has been adopted. This is to make allowance for the natural wear and tear in the use of books and to replace worn out copies by new ones. It is also intended to cover the actual office expense of this department, and has been found in practice to be entirely satisfactory to all concerned.

Requests for books should be made upon the regular "Home Study Application Blanks." This will greatly facilitate the office work and avoid many vexatious errors and delays. Give title, author's name, publisher's address, and enclose the publisher's price for same which is to remain on deposit with the Institution until book is returned. Upon receipt of your order we will send the book selected, and you are privileged to hold it for four weeks which will give ample time for a thorough reading. If it is not returned at the end of four weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also if books are damaged except through ordinary wear we cannot take them back. These stipulations are made in order that members will be prompt in making returns and careful in the handling of books.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00 less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book.

The Library for the use of the Illuminati embraces all the important works, both ancient and modern, of the world's leading authors. It includes the most important works on Science, Philosophy, Religion, the Arts, Occultism, History, Fiction, etc. etc., in all their different branches.

No one, whatever his calling, can afford to keep himself out of the main current of contemporary scientific research and exposition, and the Illuminati is prepared to furnish its members, not only with all the older works of acknowledged excellence but is also continually adding to the "Home Study" all later works as fast as issued.

PROF. R. E. DUTTON

The Psychologic Adept and True Metaphysician of Lincoln, Nebraska

Has just developed a strong and powerful faculty of the mind. The power is an ability to produce a Metaphysical functioning of the psychic faculties and sense of intuition to feel and take cognance through the five special senses of Scent, Taste, Touch, Sight, and Hearing, and also to reveal all knowledge of spirit, the ethereal and all laws of phenomena known to metaphysics. In this condition I can hear Clairaudiently and receive Telepathic Messages from the ethereal plane as scientifically and accurate as if by the system of Wireless Telephone or Wireless Telegraphy.

I can see Clairvoyantly as my lucidity of vision functionates upon the ethereal or spiritual plane of life to see anyone at their daily pursuits and figure out every problem of their lives or communicate with friends in spirit life direct.

I can scent, taste or feel psychometrically the ethereal vibrations of all conditions coming from the spirit world and can diagnose any case of disease and prescribe the right remedy in every instance or can read the very life secrets of people telling the past, present and of the future events.

I experience as I call it stages of spirit Auto-Electromatic writings by control of my hand which is as forcibly handled and gives a similar effect as though controlled by a current from an electric battery. This is a wonderful psychic adaptic ability I have attained. At will I can psychically scent the perfumes of a rose, or taste the delicious fruit in my vision of fancy, or feel a temperature of extreme heat or cold, and see in a vision any country, land or sight, and hear the commotion of a world of traffic as true as reality. Subjective activity of the mind is productive of these results as a perfect state of dreaming in a person when wide awake.

SELF-HYPNOTIC HEALING.

I have made a late discovery that enables all to induce the hypnotic sleep in themselves instantly at first trial, awaken at any desired time and thereby cure all known diseases and bad habits, control their dreams, read the minds of friends and enemies, visit any part of the earth, solve hard questions and problems in their sleep and remember all when awake.

Home Study Library.

The Library of the Illuminati is intended for the full and free use of its members, and that it may remain permanent the following system has been adopted. This is to make allowance for the natural wear and tear in the use of books and to replace worn out copies by new ones. It is also intended to cover the actual office expense of this department, and has been found in practice to be entirely satisfactory to all concerned.

Requests for books should be made upon the regular "Home Study Application Blanks." This will greatly facilitate the office work and avoid many vexatious errors and delays. Give title, author's name, publisher's address, and enclose the publisher's price for same which is to remain on deposit with the Institution until book is returned. Upon receipt of your order we will send the book selected, and you are privileged to hold it for four weeks which will give ample time for a thorough reading. If it is not returned at the end of four weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also if books are damaged except through ordinary wear we cannot take them back. These stipulations are made in order that members will be prompt in making returns and careful in handling the books.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00, less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book.

The Library for the use of the Illuminati embraces all the important works, both ancient and modern, of the world's leading authors. It includes the most important works on Science, Philosophy, Religion, the Arts, Occultism, History, Fiction, etc., etc., in all their different branches.

No one, whatever his calling, can afford to keep himself out of the main current of contemporary scientific research and exposition, and the Illuminati is prepared to furnish its members, not only with all the older works of acknowledged excellence but is also continually adding to the "Home Study" all later works as fast as issued.

SUGGESTION;

In the Cure of Diseases and the Correction of Vices. By

GEO. C. PITZER, M. D.

This book furnishes the reader with a complete exposition of the principles and practice of Suggestive Therapeutics up to date.

It tells how to relieve pain, prevent and cure diseases, and correct vices by means of mental influence—suggestion.

It teaches us how to protect ourselves from disease, and how to help ourselves if we get sick.

It tells you what the human mind is; all about its sphere of action; its nature, bounds, limits, and capacities.

It is a book for everybody—the doctor, the lawyer, the preacher, the teacher, the mechanic, the merchant, the father, the mother, etc. It should be in every family.

It demonstrates the influence of the mind over the body in health and disease, reciting many examples from life and practise in confirmation of the facts set forth.

It gives you the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

It shows you what hypnotism is, how it can be used for good purposes, and successfully refutes all slanderous accusations that have been circulated about and against it.

It shows you how to use suggestion as a positive cure, and as a help to other measures when they are being used or required, and how it never interferes with them in any case.

It explains absent treatment, and gives detailed instructions for doing successful work by this method. It also shows how to successfully treat people for poverty—more properly speaking against poverty, and for business success. Elegantly bound in finest cloth.

Home Study Library.

The Library of the Illuminati is intended for the full and free use of its members, and that it may remain permanent the following system has been adopted. This is to make allowance for the natural wear and tear in the use of books and to replace worn out copies by new ones. It is also intended to cover the actual office expense of this department, and has been found in practice to be entirely satisfactory to all concerned.

Requests for books should be made upon the regular "Home Study Application Blanks." This will greatly facilitate the office work and avoid many vexatious errors and delays. Give title, author's name, publisher's address, and enclose the publisher's price for same which is to remain on deposit with the Institution until book is returned. Upon receipt of your order we will send the book selected, and you are privileged to hold it for four weeks which will give ample time for a thorough reading. If it is not returned at the end of four weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also if books are damaged except through ordinary wear we cannot take them back. These stipulations are made in order that members will be prompt in making returns and careful in handling the books.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00, less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book.

The Library for the use of the Illuminati embraces all the important works, both ancient and modern, of the world's leading authors. It includes the most important works on Science, Philosophy, Religion, the Arts, Occultism, History, Fiction, etc., etc., in all their different branches.

No one, whatever his calling, can afford to keep himself out of the main current of contemporary scientific research and exposition, and the Illuminati is prepared to furnish its members, not only with all the older works of acknowledged excellence but is also continually adding to the "Home Study" all later works as fast as issued.

Home Study Library.

The Library of the Illuminati is intended for the full and free use of its members, and that it may remain permanent the following system has been adopted. This is to make allowance for the natural wear and tear in the use of books and to replace worn out copies by new ones. It is also intended to cover the actual office expense of this department, and has been found in practice to be entirely satisfactory to all concerned.

Requests for books should be made upon the regular "Home Study Application Blanks." This will greatly facilitate the office work and avoid many vexatious errors and delays. Give title, author's name, publisher's address, and enclose the publisher's price for same which is to remain on deposit with the Institution until book is returned. Upon receipt of your order we will send the book selected, and you are privileged to hold it for four weeks which will give ample time for a thorough reading. If it is not returned at the end of four weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also if books are damaged except through ordinary wear we cannot take them back. These stipulations are made in order that members will be prompt in making returns and careful in the handling of books.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00 less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book.

The Library for the use of the Illuminati embraces all the important works, both ancient and modern, of the world's leading authors. It includes the most important works on Science, Philosophy, Religion, the Arts, Occultism, History, Fiction, etc. etc., in all their different branches.

No one, whatever his calling, can afford to keep himself out of the main current of contemporary scientific research and exposition, and the Illuminati is prepared to furnish its members, not only with all the older works of acknowledged excellence but is also continually adding to the "Home Study", all later works as fast as issued.

Address, THE ILLUMINATI, H. C. WRIGHT, F.S.C., CORRY, PA.

Home Study Library.

The Library of the Illuminati is intended for the full and free use of its members, and that it may remain permanent the following system has been adopted. This is to make allowance for the natural wear and tear in the use of books and to replace worn out copies by new ones. It is also intended to cover the actual office expense of this department, and has been found in practice to be entirely satisfactory to all concerned.

Requests for books should be made upon the regular "Home Study Application Blanks." This will greatly facilitate the office work and avoid many vexatious errors and delays. Give title, author's name, publisher's address, and enclose the publisher's price for same which is to remain on deposit with the Institution until book is returned. Upon receipt of your order we will send the book selected, and you are privileged to hold it for four weeks which will give ample time for a thorough reading. If it is not returned at the end of four weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also if books are damaged except through ordinary wear we cannot take them back. These stipulations are made in order that members will be prompt in making returns and careful in the handling of books.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00 less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book.

The Library for the use of the Illuminati embraces all the important works, both ancient and modern, of the world's leading authors. It includes the most important works on Science, Philosophy, Religion, the Arts, Occultism, History, Fiction, etc. etc., in all their different branches.

No one, whatever his calling, can afford to keep himself out of the main current of contemporary scientific research and exposition, and the Illuminati is prepared to furnish its members, not only with all the older works of acknowledged excellence but is also continually adding to the "Home Study" all later works as fast as issued.

"WILDWOOD PHILOSOPHY"

BY N. M. ZIMMERMAN,
A Washington Evergreen.

"Soundview," exponent of the "Society of Evergreens," and the "Philistine" of the Pacific Coast, has purchased the remainder of the entire First Edition of this grand book (the best of its kind since Emerson's "Nature") and is giving it away to its readers. It is neatly bound in both green and red cloth (emblematic of the society) and is a book that all book-lovers and those interested in the New Thought will greatly prize. (See Sept. ELTKA for an extended quotation from this grand work.)

As to "Soundview" here is what Nancy McKay Gordon, the gifted author of the "Majesty of Sex," says of it: "There are very few of the periodicals that reach my desk that I have time to read, but 'Soundview,' with its wit and under current of earnestness, as well as its outspoken honesty of purpose, always receives my immediate attention. May it long prosper and send forth its scintillation of the good and true."

As all readers of ELTKA are thinkers they should send \$1.00 without delay and get "Soundview" one year and a copy of "Wildwood Philosophy." As there are but 750 copies delay is dangerous. Mention ELTKA in order to secure this "special."

\$1.00 a year, ten cents a copy. On sale at all news stands.

VERY SPECIAL—Send 10 cents silver (or 1 cent stamps) to the "Boss Evergreen," and he will send you two copies of "Soundview" and a copy of "Soundview, Jr." just to give you a taste of the stuff (and nonsense) we send out.

SUGGESTION;

In the Cure of Diseases and the Correction of Vices. By

GEO. C. PITZER, M. D.

This book furnishes the reader with a complete exposition of the principles and practice of Suggestive Therapeutics up to date.

It tells how to relieve pain, prevent and cure diseases, and correct vices by means of mental influence—suggestion.

It teaches us how to protect ourselves from disease, and how to help ourselves if we get sick.

It tells you what the human mind is; all about its sphere of action, its nature, bounds, limits, and capacities.

It is a book for everybody—the doctor, the lawyer, the preacher, the teacher, the mechanic, the merchant, the father, the mother, etc. It should be in every family.

It demonstrates the influence of the mind over the body in health and disease, reciting many examples from life and practise in confirmation of the facts set forth.

It gives you the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

It shows you what hypnotism is, how it can be used for good purposes, and successfully refutes all slanderous accusations that have been circulated about and against it.

It shows you how to use suggestion as a positive cure, and as a help to other measures when they are being used or required, and how it never interferes with them in any case.

It explains absent treatment, and gives detailed instructions for doing successful work by this method. It also shows how to successfully treat people for poverty—more properly speaking against poverty, and for business success. Elegantly bound in finest cloth.

Home Study Library.

The Library of the Illuminati is intended for the full and free use of its members, and that it may remain permanent the following system has been adopted. This is to make allowance for the natural wear and tear in the use of books and to replace worn out copies by new ones. It is also intended to cover the actual office expense of this department, and has been found in practice to be entirely satisfactory to all concerned.

Requests for books should be made upon the regular "Home Study Application Blanks." This will greatly facilitate the office work and avoid many vexatious errors and delays. Give title, author's name, publisher's address, and enclose the publisher's price for same which is to remain on deposit with the Institution until book is returned. Upon receipt of your order we will send the book selected, and you are privileged to hold it for four weeks which will give ample time for a thorough reading. If it is not returned at the end of four weeks, or a request made for an extension of time, we reserve the right to decline to receive it. Also if books are damaged except through ordinary wear we cannot take them back. These stipulations are made in order that members will be prompt in making returns and careful in the handling of books.

For example, "Mind and Body" is listed at \$1.00. Should this book be selected you would send us \$1.00. After having read the book and returned it to us we will send back the \$1.00 less 10 cents (ten per cent of price of book) and whatever we have paid for postage. The postage on different books of course will vary, averaging about seven cents each way on a \$1.00 book.

The Library for the use of the Illuminati embraces all the important works, both ancient and modern, of the world's leading authors. It includes the most important works on Science, Philosophy, Religion, the Arts, Occultism, History, Fiction, etc. etc., in all their different branches.

No one, whatever his calling, can afford to keep himself out of the main current of contemporary scientific research and exposition, and the Illuminati is prepared to furnish its members, not only with all the older works of acknowledged excellence but is also continually adding to the "Home Study" all later works as fast as issued.

"WILDWOOD PHILOSOPHY"

BY N. M. ZIMMERMAN,
A Washington Evergreen.

"Soundview," exponent of the "Society of Evergreens," and the "Philistine" of the Pacific Coast, has purchased the remainder of the entire First Edition of this grand book (the best of its kind since Emerson's "Nature") and is giving it away to its readers. It is neatly bound in both green and red cloth (emblematic of the society) and is a book that all book-lovers and those interested in the New Thought will greatly prize. (See Sept. ELTKA for an extended quotation from this grand work.)

As to "Soundview" here is what Nancy McKay Gordon, the gifted author of the "Majesty of Sex," says of it: "There are very few of the periodicals that reach my desk that I have time to read, but 'Soundview,' with its wit and under current of earnestness, as well as its outspoken honesty of purpose, always receives my immediate attention. May it long prosper and send forth its scintillation of the good and true."

As all readers of ELTKA are thinkers they should send \$1.00 without delay and get "Soundview" one year and a copy of "Wildwood Philosophy." As there are but 750 copies delay is dangerous. Mention ELTKA in order to secure this "special."

\$1.00 a year, ten cents a copy. On sale at all news stands.

VERY SPECIAL—Send 10 cents silver (or 1 cent stamps) to the "Boss Evergreen," and he will send you two copies of "Soundview" and a copy of "Soundview, Jr.," just to give you a taste of the stuff (and nonsense) we send out.
