THE ESOTERIC FRATERNITY.

FOUNDED AT APPLEGATE, CALIFORNIA,

SOLELY for the purpose of preparing a place for all who feel the need of developing the highest attributes of their nature—body, soul and spirit; to ultinate all the laws and methods taught in the ESOTERIC MAGAZINE, and science and invention; also, the establishment of a college for the more perfect education of young men and women who wish to avail themselves of these advantages.

ESOTERIC EDUCATION,

Or the Unfoldment and Life of a Hero.

Translated from the German of J. Kernning's "Key to the Realm of Spirit."

THE narrative of knight Geoffrey, subsequent to his esoteric training, contains a report of the young hero's feats, sufficiently detailed to give a clear idea of the way in which spiritual insight and powers work together to make the prepared and purified man an invincible conqueror. Thus this book may encourage mothers of deep thought and faith, like Lady Mathilda, to give their sons also the education of heroes, making them instruments to solve the problems of modern society, as there is no age without its opportunity and need for heroism. Cloth, postpaid, 50 cents.

A Monthly Magazine, Edited by Henry S. Clubb.

One Subscription Fifty Cents. Four Subscriptions One Dollar per year.

This publication is intended to afford information as to the best food to promote the physical, moral and spiritual welfare without destroying the lives of other sensitive creatures.

FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and preserved vegetable productions (with or without the products of animals), are wholesome and pure. That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick, venous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in contact with the arterial blood of the body. That by avoiding the butcher's meat and living on the pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian practice, as well as the scientific facts on which the system is based.

ESOTERIC EDUCATION

Or the Unfoldment and Life of a Hero.

Translated from the German of J. Kernning's "Key to the Realm of Spirit."

The narrative of knight Geoffrey, subsequent to his esoteric training, contains a report of the young hero's feats, sufficiently detailed to give a clear idea of the way in which spiritual insight and powers work together to make the prepared and purified man an invincible conqueror. Thus this book may encourage mothers of deep thought and faith, like Lady Mathilda, to give their sons also the education of heroes, making them instruments to solve the problems of modern society, as there is no age without its opportunity and need for heroism. Cloth, postpaid, 50 cents.

THE NARROW WAY OF ATTAINMENT.

A series of special instructions delivered to the Society Esoteric.

By **H. E. BUTLER**,

With an introductory paper translated from the German by **Professor Wieland**.

The thoughts expressed in this book are of such a character that they recommend themselves to all classes. It teaches the old Egyptian method of gaining soul power, and leads the student, by plain and simple methods, to where he can understand and utilize the teachings of Jesus, whose life and works demonstrated that he brought to the world the highest cult ever known. Food, Home and Garden.

A Monthly Magazine, Edited by Henry S. Clubb.

One Subscription Fifty Cents. Four Subscriptions One Dollar per year.

This publication is intended to afford information as to the best food to promote the physical, moral and spiritual welfare without destroying the lives of other sensitive creatures.

FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and preserved vegetable productions (with or without the products of animals), are wholesome and pure. That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick, venous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in contact with the arterial blood of the body. That by avoiding the butcher's meat and living on the pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian practice, as well as the scientific facts on which the system is based.

Food, Home and Garden.

A Monthly Magazine, Edited by Henry S. Clubb.

One Subscription Fifty Cents. Four Subscriptions One Dollar per year.

This publication is intended to afford information as to the best food to promote the physical, moral and spiritual welfare without destroying the lives of other sensitive creatures.

FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and preserved vegetable productions (with or without the products of animals), are wholesome and pure. That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick venous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in contact with the arterial blood of the body. That by avoiding the butcher's meat and living on the pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian practice, as well as the scientific facts on which the system is based.

ESOTERIC EDUCATION,

Or the Unfoldment and Life of a Hero.

Translated from the German of J. Kernning's "Key to the Realm of Spirit."

THE narrative of knight-Geoffrey, subsequent to his esoteric training, contains a report of the young hero's feats, sufficiently detailed to give a clear idea of the way which spiritual insight and powers work together to make the prepared and purified man an invincible conqueror. Thus this book may encourage mothers of deep thought and faith, like Lady Mathilda, to give their sons also the education of heroes, making them instruments to solve the problems of modern society, as there is no age without its opportunity and need for heroism. Cloth, postpaid, 50 cents.

FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and preserved vegetable productions (with or without the products of animals), are wholesome and pure. That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick, venous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in contact with the arterial blood of the body. That by avoiding the butcher's meat and living on the pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian practice, as well as the scientific facts on which the system is based.

FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and pre-
pared vegetable productions (with or without the products of animals), are wholesome and pure.
That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick,
viscous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in con-
tact with the arterial blood of the body. That by avoiding the butcher's meat and living on the
pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and
strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion
under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian
practice, as well as the scientific facts on which the system is based.

SOLAR BIOLOGY:

A New Scientific, Exact and Easy Method of Delineating Character; Diagnosing Disease; Determining Mental, Physical and Business Qualifications, Conjugal Adaptability, etc., from Date to Birth.

BY HIRAM E. BUTLER.

Illustrated with Seven Plate Diagrams and Tables of the Moon and Planets, from 1820 to 1900.

This science proves that "All are members of One Body (1 Cor. xii, 12-27); and that, as such, each one has his peculiar function in life. It throws a flood of new light upon the problems of life, furnishing the groundwork, or scientific law, which goes down into the minutiae of the life of every man and woman, as a mirror reflecting their innate nature. This work tells what is in man and how derived. Tells how to cultivate self and make the most and best of life. Tells one, when a child is born, what kind of training it should have, to what diseases it is liable, how to avoid or how to cure when already developed. Reveals the part of the grand body to which each individual belongs, and the consequent mental tendencies, physical fitness, natural sphere, and highest and fittest use in the world.

It enables parents to know just what business their children are best adapted for, and how to educate them, and is also a guide to all persons in the preservation of health and strength, and an important aid to success and to the attainment of the great object in life, viz., usefulness and happiness. It also aids in prolonging the life of old and young. *It is of especial importance to physicians*, enabling them to attain great success through having in their possession a certain key to knowledge concerning the nature and peculiarities of their patients such as heretofore has been available only to those few that were possessed of rare intuitive discernment.

It is claimed that character is expressed in the countenance, that it shapes the cranium, and is even written in the hand; but Solar Biology introduces the student into the grand workshop of the Solar System, not only defining character and function, but supplying the key to self-knowledge and harmonious human relatedness; and, further, it opens up a knowledge and understanding of the principles and laws by which human evolution is being carried forward, and the infinite variety of forms and natures brought into being on the planet earth.

SOLAR BIOLOGY makes an elegant octavo volume of 500 pages, heavy paper, clear type, with author's portrait and appropriate illustrations. Bound in superior cloth, embellished with symbolical designs in gold. *No elaborate study or preparation is required to enable one to read character and otherwise apply the science.* The key to the use of the science will be found on page 274, and can be fully mastered in a few minutes.

PRICE \$5.00.

The tables alone are worth four times the price of the book.

SELF-KNOWLEDGE.

A New Monthly Magazine.

Free and unprejudiced in every respect. Condemns and endorses nothing and no one. Permits each one's recognition of Truth to speak for itself. It may have been *ours* yesterday, or, *we* may not yet have reached it, but we give it out freely and fearlessly as food that others may be ready and waiting for as their next step toward the Absolute. All are invited to speak of their special consciousness, or knowledge of the Higher Self through these pages; for it takes all relative truth to complete the Whole, or Absolute; and no fraction must be mistaken for the Whole.

A Monthly Magazine, Edited by Henry S. Clubb.

One Subscription Fifty Cents. Four Subscriptions One Dollar per year.

This publication is intended to afford information as to the best food to promote the physical,
mental and spiritual welfare without destroying the lives of other sensitive creatures.

FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and pre-
served vegetable productions (with or without the products of animals), are wholesome and pure.
That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick,
viscous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in con-
tact with the arterial blood of the body. That by avoiding the butcher's meat and living on the
pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and
strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion
under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian
practice, as well as the scientific facts on which the system is based.

Mind Cure . . .

The Greatest Healing Power on Earth.

Lay your prejudice aside long enough to read this sworn testimonial of a cure that seems miraculous:

This is to certify that my upper lip and a large portion of my nose were eaten away with cancer of so pronounced a character that physicians declared the case incurable and me a doomed man. My situation and feelings were beyond description, when I heard of Mrs. Helen Wilmans and her power over every form of disease. After I put myself under her mental treatment the eating of the cancer ceased and new flesh began to grow from the edges of it, which gradually spread over the cheek until the unsightly opening was closed. The nose at this time is about completed, and the lip is nearly filled in. I am able to pronounce her efforts a success. My general health is fully restored, and I have gone to work again with my customary strength. This testimonial is given from a thankful heart; and I am glad to add that my faith in her is so great that I believe she can cure any disease under the sun. All this was done without the use of medicines—by mental treatment alone. Respectfully, J. M. ENGLISH.

Subscribed and sworn to before me this first day of March, 1897, at Daytona, Fla.

C. M. BINGHAM, JR., Notary Public.

I am acquainted with Mr. English and can truly say that this case is not only true in every particular, as set forth by Mr. Bingham, our notary, but that the cure spoken of, I must confess, surpasses human comprehension. During more than 40 years of observation and experience I have met nothing like the above case. This contribution is voluntary.

# THE NARROW WAY OF ATTAINMENT.

A series of special instructions delivered to the Society Esoteric.

**By H. E. BUTLER,**

With an introductory paper translated from the German, by **Professor Wieland.**

THE thoughts expressed in this book are of such a character that they recommend themselves to all classes. It teaches the old Egyptian method of gaining soul power, and leads the student, by plain and simple methods, to where he can understand and utilize the teachings of Jesus, whose life and works demonstrated that he brought to the world the highest cult ever known. Bound in cloth, 140 pages, price \$1.00.

## ESOTERIC EDUCATION,

**Or the Unfoldment and Life of a Hero.**

Translated from the German of J. Kernning's "Key to the Realm of Spirit."

THE narrative of knight Geoffrey, subsequent to his esoteric training, contains a report of the young hero's feats, sufficiently detailed to give a clear idea of the way which spiritual insight and powers work together to make the prepared and purified man an invincible conqueror. Thus this book may encourage mothers of deep thought and faith, like Lady Mathilda, to give their sons also the education of heroes, making them instruments to solve the problems of modern society, as there is no age without its opportunity and need for heroism. Cloth, postpaid, 50 cents.

Published and for sale by **Esoteric Publishing Company, Applegate, California.**

## SELF-KNOWLEDGE.

A New Monthly Magazine.

Free and unprejudiced in every respect. Condemns and endorses nothing and no one. Permits each one's recognition of Truth to speak for itself. It may have been *ours* yesterday, or, we may not yet have reached it, but we give it out freely and fearlessly as food that others may be ready and waiting for as their next step toward the Absolute. All are invited to speak of their special consciousness, or knowledge of the Higher Self through these pages; for it takes all relative truth to complete the Whole, or Absolute; and no fraction must be mistaken for the Whole.

One Subscription Fifty Cents. Four Subscriptions One Dollar per year.

This publication is intended to afford information as to the best food to promote the physical,  
moral and spiritual welfare without destroying the lives of other sensitive creatures.

### FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and pre-  
ferred vegetable productions (with or without the products of animals), are wholesome and pure.  
That flesh meat contains the germs of diseases to which animals are subjects and contain the thick,  
venous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in con-  
tact with the arterial blood of the body. That by avoiding the butcher's meat and living on the  
pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and  
strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion  
under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian  
practice, as well as the scientific facts on which the system is based.

## THE ZODIACAL INDICATOR.

This instrument is probably the most perfect mechanical device yet constructed for finding the rising sign, as it gives the degree and minute of that sign's elevation above the horizon for any Latitude between  $22^{\circ}$  and  $55^{\circ}$ , which embraces nearly the whole civilized world. It will be a great convenience to astrologers; and those who doubt the influence of the zodiacal signs, or those who wish to experiment upon such influence, will find,—by having this Indicator at hand and watching the change of their mental and physical states with the changing signs,—that not only will their own experience convince them of the reality of zodiacal influence, but that a new field of experimentation, most

interesting and profitable, will open up to them. (Every one is not sufficiently sensitive to feel these changes, but, in most instances, the observer will be quite conscious of them.) The Indicator is neatly and durably constructed, and, with proper care, will last for years. Price \$1.00. Sold by Esoteric Publishing Co.

## THE PLANETARIUM.

At any hour of day or night, throughout the year, the PLANETARIUM shows the place in the sky of the sun, moon, any planet, first magnitude star or leading constellation. It shows their motions as seen from the earth, in any latitude from the equator to the pole. In five seconds you can change it from your own latitude to show how the sun makes the long day or night at Klondike or the north pole. A child can manage it, and by it can give you the name of any bright star or planet that is visible. It should be in the home of every intelligent family, and the price is within the reach of all.

J M. CHANEY,

Box 3, Independence, Mo.

The mind governs the physical body in the sleeping as it does in the waking state. If it is unhampered by astral influences or other causes, it will guard the body and prevent loss of the vital fluid, as the sleeping as well as the waking consciousness obeys only the promptings of the Spirit to whom the individual has dedicated his life. You must not depend upon the Spirit to overcome for you; if you do so, you will surely be disappointed. You must overcome for yourself, by your own strength; the Spirit supplies power only when you have done your utmost to overcome. It is an easy matter to control the life fluids while the body is active and all the faculties are on the alert; but, during sleep, when the faculties are passive, the great difficulty arises. The soul never sleeps; and, if you would control the body during the hours of rest, you should, when retiring, impress upon the soul by means of auto-suggestion the imperative necessity of remaining with the body to protect it. The subjective consciousness, the soul, obeys the mandate of the objective consciousness, the mind, if the will is sufficiently strong to enforce obedience. If the will be kept active by persistent effort, it will in time grow strong enough to accomplish this purpose. As the energies are stored, and as the mental and physical body becomes refined, the dead, unconscious sleep gradually ceases. As man becomes conscious of his spiritual nature, he loses all desire for unconscious sleep; when he lays the body down to rest, he passes from a lower state of consciousness to a higher, but he never permits the action of the interior mind to cease. You must strive by all the methods at your command to cease from that sleep which is death. When you retire at night, after you have impressed the soul with the command "Be watchful," commence a line of thought, and endeavor, with the interior mind, to hold to it without wavering. Your first attempt may not be entirely successful; after some months, however, if you are persistent and are able to conserve the vital fluids, you will notice a gradual change, hardly perceptible at first, but, if you hold fast to your purpose, complete success will crown your efforts. When you have overcome the old unconscious sleep, you will have developed the ability to perceive and understand the mysteries of the soul realm. As the subject of sleep is a very important one, we will elaborate upon it further on.

The student who does not at first succeed in retaining the vital fluids, must not be discouraged. If failures occur, there

## Mind Cure . . .

The Greatest Healing Power on Earth.

Lay your prejudice aside long enough to read this sworn testimonial of a cure that seems miraculous:

This is to certify that my upper lip and a large portion of my nose were eaten away with cancer of so pronounced a character that physicians declared the case incurable and me a doomed man. My situation and feelings were beyond description, when I heard of Mrs. Helen Wilmans and her power over every form of disease. After I put myself under her mental treatment the eating of the cancer ceased and new flesh began to grow from the edges of it, which gradually spread over the cheek until the unsightly opening was closed. The nose at this time is about completed, and the lip is nearly filled in. I am able to pronounce her efforts a success. My general health is fully restored, and I have gone to work again with my customary strength. This testimonial is given from a thankful heart; and I am glad to add that my faith in her is so great that I believe she can cure any disease under the sun. All this was done without the use of medicines—by mental treatment alone. Respectfully, J. M. ENGLISH.

Subscribed and sworn to before me this first day of March, 1897, at Daytona, Fla.

C. M. BINGHAM, JR., Notary Public.

I am acquainted with Mr. English and can truly say that this case is not only true in every particular, as set forth by Mr. Bingham, our notary, but that the cure spoken of, I must confess, surpasses human comprehension. During more than 40 years of observation and experience I have met nothing like the above case. This contribution is voluntary.

# ❧ ESOTERIC EDUCATION ❧

Or the Unfoldment and Life of a Hero.

Translated from the German of J. Kermin's "Key to the Realm of Spirit."

The narrative of knight Geoffrey, subsequent to his esoteric training, contains a report of the young hero's feats, sufficiently detailed to give a clear idea of the way in which spiritual insight and powers work together to make the prepared and purified man an invincible conqueror. Thus this book may encourage mothers of deep thought and faith, like Lady Mathilda, to give their sons also the education of heroes, making them instruments to solve the problems of modern society, as there is no age without its opportunity and need for heroism. Cloth, postpaid, 50 cents.

## THE "NARROW WAY" OF ATTAINMENT.

A series of special instructions delivered to the Society Esoteric.

**By H. E. BUTLER.**

With an introductory paper translated from the German by Professor Wieland.

The thoughts expressed in this book are of such a character that they recommend themselves to all classes. It teaches the old Egyptian method of gaining soul power and leads the student, by plain and simple methods, to where he can understand and utilize the teachings of Jesus, whose life and works demonstrated that he brought to the world the highest cult ever known. Bound in cloth, 140 pages, price \$1.00.

## WOMAN'S CIRCULAR.

A booklet of 42 pages, containing special instructions in the Regenerate Life. It has been carefully compiled for those women who are striving to gain true soul powers. The rules laid down are of such a character that all can readily understand them, being clothed in simple language, free from all technical terms and occult phrases. A few months' trial will convince the most skeptical that the methods recommended are not experiments, but are the result of much thought and actual knowledge obtained through personal observation and experience. Price, 25 cents.

reins to the brain. Dwell long in the organ at the base of the brain; it must be absolutely free from all impurities. This is the organ that controls animal sensation; and if it is not luminous with the spiritual light, the desires of the lower nature will be for animal pleasures. When you pass to the front brain, realize that you are now in those organs that express the higher mental attributes. The window through which the soul looks out upon the cause world is situated in the organ of perception, just above the eyes; the organ of soul-perception being in the center. When you can illuminate the body from the crown of the head to the soles of the feet, you are in a position to defy disease and the unseen powers of the astral world. Do not let failure deter you from your purpose; make up your mind to work for years, if necessary, until the desired ends are reached. But if you persist, and are faithful to your dedication, you will sooner or later realize that you are not working alone, but that you are allied to the highest and noblest souls now on earth. You will also be made to know that these methods have opened for you the door to the grandest mystic order in existence, whose temple, though hidden from the eyes of men, does exist. Not only does this temple exist, but, as they are ready, all will be led to it, and will be initiated into the sacred mysteries of life, which cannot be revealed to those who would unwisely use them.

We have endeavored to make these drills as simple as possible. We have not gone as deeply into them, or explained them as fully, as we would have liked, but we have revealed as much as has been permitted. What has been given will be sufficient for the faithful ones; for when higher and holier are needed, One will be present to make the necessary suggestions. As you tread the road in sorrow and in tears, be cheered, dear faithful souls, with this thought: You are left alone only because it is the wisest plan for you. Your brothers, bound to you by ties stronger than the ties of earth, continually watch and give aid when it is needed. They are invisible to you now, but there will assuredly come a time when the veil will be rent asunder, and you will stand face to face, not only with Him who has you directly under his charge, but with all the Brotherhood,—those who still labor on the visible plane, and those who have passed on to the higher uses in the invisible section. May the peace and love of God abide with you until that time arrives; and may you be able to drink from the "fountain of living waters," which give eternal life.

## THE ZODIACAL INDICATOR.

This instrument is probably the most perfect mechanical device yet constructed for finding the rising sign, as it gives the degree and minute of that sign's elevation above the horizon for any Latitude between  $22^{\circ}$  and  $55^{\circ}$ , which embraces nearly the whole civilized world. It will be a great convenience to astrologers; and those who doubt the influence of the zodiacal signs, or those who wish to experiment upon such influence, will find,—by having this Indicator at hand and watching the change of their mental and physical states with the changing signs,—that not only will their own experience convince them of the reality of zodiacal influence, but that a new field of experimentation, most

interesting and profitable, will open up to them. (Every one is not sufficiently sensitive to feel these changes, but, in most instances, the observer will be quite conscious of them.) The Indicator is neatly and durably constructed, and, with proper care, will last for years. Price \$1.00. Sold by Esoteric Publishing Co.

## THE PLANETARIUM.

At any hour of day or night, throughout the year, the PLANETARIUM shows the place in the sky of the sun, moon, any planet, first magnitude star or leading constellation. It shows their motions as seen from the earth, in any latitude from the equator to the pole. In five seconds you can change it from your own latitude to show how the sun makes the long day or night at Klondike or the north pole. A child can manage it, and by it can give you the name of any bright star or planet that is visible. It should be in the home of every intelligent family, and the price is within the reach of all.

### FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and pre-  
served vegetable productions (with or without the products of animals), are wholesome and pure.  
That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick,  
venous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in con-  
tact with the arterial blood of the body. That by avoiding the butcher's meat and living on the  
pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and  
strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion  
under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian  
practice, as well as the scientific facts on which the system is based.

Thus this book may encourage mothers of deep thought and faith, like Lady Mathilda, to give their sons also the education of heroes, making them instruments to solve the problems of modern society, as there is no age without its opportunity and need for heroism. ## The GRAPHOPHONE

Most fascinating invention of the age. Always ready to entertain. It requires no skill to operate it and reproduce the music of bands, orchestras, vocalists or instrumental soloists. There is

nothing like it for an evening's entertainment.

Other so-called talking machines reproduce only records of cut-and-dried subjects, specially prepared in a laboratory, but the Graphophone is not limited to such performances. On the Graphophone you can easily make and instantly reproduce records of the voice, or any sound. Thus it constantly awakens new interest and its charm is ever fresh. The reproductions are clear and brilliant.

**Graphophones are sold for \$10 and up**

Manufactured under the patents of Bell, Tainter, Edison and Macdonald. Our establishment is headquarters of the world for Talking Machines and Talking Machine Supplies. Write for catalogue.

## MUSIC ON THE GRAPHOPHONE

Few people appreciate the marvelous powers of the Graphophone as an entertainer. It is an instrument which, though it costs much less than the least expensive musical instrument, will enable its owner to have at pleasure music of any kind—from that of a bagpipe to that of a grand military band. It reproduces vocal selections and gives one command of every pleasure that appeals to the sense of hearing. No investment pays such large returns in pleasure. Besides reproducing the musical and other records made for entertainment purposes, the Graphophone will record immediately and reproduce at once and as often as is desired, your own words or song, or any sound. ## THE ZODIACAL INDICATOR.

This instrument is probably the most perfect mechanical device yet constructed for finding the rising sign, as it gives the degree and minute of that sign's elevation above the horizon for any Latitude between  $22^{\circ}$  and  $55^{\circ}$ , which embraces nearly the whole civilized world. It will be a great convenience to astrologers; and those who doubt the influence of the zodiacal signs, or those who wish to experiment upon such influence, will find,—by having this Indicator at hand and watching the change of their mental and physical states with the changing signs,—that not only will their own experience convince them of the reality of zodiacal influence, but that a new field of experimentation, most

interesting and profitable, will open up to them. (Every one is not sufficiently sensitive to feel these changes, but, in most instances, the observer will be quite conscious of them.) The Indicator is neatly and durably constructed, and, with proper care, will last for years. Price \$1.00. Sold by Esoteric Publishing Co.

## THE PLANETARIUM.

At any hour of day or night, throughout the year, the PLANETARIUM shows the place in the sky of the sun, moon, any planet, first magnitude star or leading constellation. It shows their motions as seen from the earth, in any latitude from the equator to the pole. In five seconds you can change it from your own latitude to show how the sun makes the long day or night at Klondike or the north pole. A child can manage it, and by it can give you the name of any bright star or planet that is visible. It should be in the home of every intelligent family, and the price is within the reach of all.

At the hour of the birth of a child, the planetarium will show the exact place of sun, moon, every planet and the zodiacal constellations, etc.

## Mind Cure . . .

The Greatest Healing Power on earth.

Lay your prejudice aside long enough to read this sworn testimonial of a cure that seems miraculous:

This is to certify that my upper lip and a large portion of my nose were eaten away with cancer of so pronounced a character that physicians declared the case incurable and me a doomed man. My situation and feelings were beyond description, when I heard of Mrs. Helen Wilmans and her power over every form of disease. After I put myself under her mental treatment the eating of the cancer ceased and new flesh began to grow from the edges of it, which gradually spread over the cheek until the unsightly opening was closed. The nose at this time is about completed, and the lip is nearly filled in. I am able to pronounce her efforts a success. My general health is fully restored, and I have gone to work again with my customary strength. This testimonial is given from a thankful heart; and I am glad to add that my faith in her is so great that I believe she can cure any disease under the sun. All this was done without the use of medicines—by mental treatment alone. Respectfully, J. M. ENGLISH.

Subscribed and sworn to before me this first day of March, 1897, at Daytona, Fla.

C. M. BINGHAM, JR., Notary Public.

I am acquainted with Mr. English and can truly say that this case is not only true in every particular, as set forth by Mr. Bingham, our notary, but that the cure spoken of, I must confess, surpasses human comprehension. During more than 40 years of observation and experience I have met nothing like the above case. This contribution is voluntary.

### FOOD.

Its chief contention is that the fruits, nuts and grains, with a fair proportion of fresh and pre-  
served vegetable productions (with or without the products of animals), are wholesome and pure.  
That flesh meat contains the germs of diseases to which animals are subjects and contain, the thick,  
venous blood, a substance so poisonous that it will cause blood poisoning whenever it comes in con-  
tact with the arterial blood of the body. That by avoiding the butcher's meat and living on the  
pure foods provided so abundantly in the Vegetable kingdom, a higher degree of health and  
strength can be obtained; a longer life and greater freedom from irritation and nervous exhaustion  
under pressure of business or professional labor.

This magazine contains accounts of the experience of those who have adopted the Vegetarian  
practice, as well as the scientific facts on which the system is based.

# ❖ ESOTERIC EDUCATION ❖

Or the Unfoldment and Life of a Hero.

Translated from the German of J. Kernning's "Key to the Realm of Spirit."

The narrative of knight Geoffrey, subsequent to his esoteric training, contains a report of the young hero's feats, sufficiently detailed to give a clear idea of the way in which spiritual insight and powers work together to make the prepared and purified man an invincible conqueror. Thus this book may encourage mothers of deep thought and faith, like Lady Mathilda, to give their sons also the education of heroes, making them instruments to solve the problems of modern society, as there is no age without its opportunity and need for heroism. Cloth, postpaid, 50 cents.
