THE ORIGINAL — STANDARD  
**NUCLEIN SOLUTION.**  
 FORMULA OF DR JOHN AULDE.

Nuclein Solution (Aulde) is permanent, non-toxic, non-irritant, thoroughly aseptic, and is not affected by climatic changes. It can be USED INTERNALLY AND HYPODERMICALLY.

**GENERAL INDICATION:** A Disorganized State of the Blood.

Chemically, Nuclein is a phosphorized proteid, the chief of the "defensive proteids" of the animal organism; it is also found in plant cells, and upon its presence or absence depends the vitality and growth of both animal and plant life. The therapeutic virtues of Nuclein are now believed to be due to its influence upon Leucocytosis—that is, Nuclein increases the number of leu-

cocytes in the blood-stream, at the same time augmenting their functional activity, thus stimulating cellular action to resist the morbid changes produced by bacteria and their products. The great value of this product has been repeatedly demonstrated in a long list of formidable diseases, not alone as a curative agent, but as a preventive.

**SPECIAL INDICATIONS:** Nuclein Solution (Aulde) has attained widespread popularity in the treatment of the following diseases:

**Diphtheria, Tonsillitis (Quinsy), Laryngitis, and Pseudo-laryngitis.**—The usual dose for an adult is one-third to one minim at intervals of two to four hours. In serious cases of Diphtheria or Tonsillitis it may be given hypodermically, two to five minims (5 to 10 drops), in a little sterilized water at intervals of six hours. For a child five years of age the dose should not exceed one-half the above quantity.

**Typhoid Fever, Cholera Infantum, Diarrhoea, and Dysentery.**—The usual dose is the same as given above. In Typhoid Fever, conjointly with copper arsenite, it may be given hypodermically, two to five minims at intervals of six to twelve hours.

A SAMPLE BOTTLE OF TABLETS, sufficient for a preliminary clinical trial in a variety of cases, with literature and price list, will be sent FREE to any physician on request. Stamps for postage will be appreciated. Mention this Journal.

# Hope for the Bald.

A French doctor, who has been studying the subject for many years, says that out of a hundred people from 20 to 30 years of age, taken at hazard, 27 will be found to be bald. Women conceal such a deficiency with great cleverness, and are not often detected; but while the loss of hair is not so prevalent among them as among men, yet, if the proportion of the fair sex whose heads are as smooth as doorknobs could be accurately learned, the results would be undoubtedly startling. Between the ages of 30 and 40 the percentage of baldheads rises to 47 per 100.

## The Pang of Parting.

The critical period, however, is between 40 and 50 years. Out of a hundred chance subjects, only 25 had fairly good growth of hair, the other 75 being almost entirely destitute of capillary covering. When the 60th year is passed, this physician asserts, it is rare to find a man who has enough hair on the top of his head to make parting a possibility.

## Can be Remedied.

It is consoling, however, to know that this annoying affliction can now be cured, as a wonderful remedy has been discovered that will positively produce a luxuriant growth of hair on the baldest head. It is also an excellent remedy for thin eyebrows and eyelashes, hair falling, scanty parting; will positively force a growth of whiskers and mustache on the smoothest face at any age, besides restoring gray and faded hair to its original color.

## Free Information.

Full information is sent absolutely free of charge by Messrs. H. M. Lorrimer & Co., the eminent specialists, of 1005 Pennsylvania avenue, Baltimore, Maryland, and hundreds who have availed themselves of Messrs. Lorrimer's generous offer, are now rejoicing in an abundance of hirsute adornment which they have hitherto striven in vain to produce. All sufferers should note this firm's name and address and write to them while the above offer holds good.

## LIGHT.

A Weekly Journal of Psychological, Occult,  
and Mystical Research.

PRICE, TWO PENCE.

To the educated thinker who concerns himself with questions of an occult character, "LIGHT" affords a special vehicle of information and discussion. It is the acknowledged representative of cultivated and intelligent Spiritualism throughout the world, everywhere quoted and referred to as such. The Editor has the co-operation of the best writers in Great Britain and abroad, whose opinions are worthy of permanent record, whose experience and knowledge are of the highest value, and who have no other vehicle for their publications than "LIGHT." This gives the Journal a unique position, and a singular value.

Mr. W. T. Stead, the Editor of "Borderland," speaks of "Light" as "the best, far and away the best, of all the papers devoted to psychic subjects in the English language."

**SUBSCRIPTION RATES:**—"Light" may be had free by post on the following terms:—Twelve months, 10s. 10d.; six months, 5s. 5d. Payments to be made in advance. To United States, 2dol. 70c. per annum. Orders to be addressed to the Secretary, Mr. B. D. Godfrey.

Office, 2 Duke St., Adelphi, London, W. C.

### TO ADVERTISERS.

"LIGHT" has the support of the leading minds engaged in investigating the subjects with which it deals, or interested in their discussion, in Great Britain and abroad. It is, therefore, an exceptionally good medium for Advertisements.

And His Mississippi Valley Campaigns.

Col. Frederick D. Grant, in a letter to Col. Emerson, Feb. 18, says:

"I am pleased to learn that you are about to complete and bring out your long deferred work on the life of my father, General Grant. Your papers hitherto published have given me so much pleasure that I am sure this work will be exceedingly interesting to myself and others, as well as historically valuable. I wish your work great success."

This work will be profusely illustrated with a rare collection of pictures, many of them never before made public. It will abound in personal sketches of Grant's Soldier Life in Jefferson Barracks, St. Louis, his romantic courtship, his Mexican War adventures, his life on a farm near St. Louis, his life in Galena, and his splendid campaigns in the West. These are vividly presented by a soldier familiar with every phase of Grant's interesting career, and a life-long friend of the General and his family.

# OUR SPECIAL OFFER. . . .

## MOLL'S HYPNOTISM

Is the book of all others upon this science which we would choose as a standard work. The author has devoted the greater part of his life to a close scrutiny of all forms of mental phenomena, and this work is the product of years of labor, spent in personal observation, and in a comparison of the results deduced by other investigators. It is profound without obscurity; concise without curtailment, erudite without pedantry, and firm without dogmatism.

It is a thoroughly reliable and modern work. We recommend it to the student, young or old, as an indispensable addition to his library.

By special arrangement with the publishers, we are enabled to make our readers the following offer:

Send us P. O. Order for \$5.00, with the names of five new subscribers to the HYPNOTIC MAGAZINE and we will mail a copy of this book free, and postpaid to any address furnished.

Chemically, Nuclein is a phosphorized proteid, the chief of the "defensive proteids" of the animal organism; it is also found in plant cells, and upon its presence or absence depends the vitality and growth of both animal and plant life. The therapeutic virtues of Nuclein are now believed to be due to its influence upon Leucocytosis—that is, Nuclein increases the number of leu-

cytes in the blood-stream, at the same time augmenting their functional activity, thus stimulating cellular action to resist the morbid changes produced by bacteria and their products. The great value of this product has been repeatedly demonstrated in a long list of formidable diseases, not alone as a curative agent, but as a preventive.

**SPECIAL INDICATIONS:** Nuclein Solution (Aulde) has attained widespread popularity in the treatment of the following diseases:

**Diphtheria, Tonsillitis (Quinsy), Laryngitis, and Pseudo-Laryngitis.**—The usual dose for an adult is one-third to one minim at intervals of two to four hours. In serious cases of Diphtheria or Tonsillitis it may be given hypodermically, two to five minims (5 to 10 drops), in a little sterilized water at intervals of six hours. For a child five years of age the dose should not exceed one-half the above quantity.

**Typhoid Fever, Cholera Infantum, Diarrhoea, and Dysentery.**—The usual dose is the same as given above. In Typhoid Fever, conjointly with copper arsenite, it may be given hypodermically, two to five minims at intervals of six to twelve hours.

**Pneumonia, Broncho-Pneumonia, Tuberculosis, Influenza, Bronchitis, and Pleurisy.**—In the acute stage of these diseases it should be administered conjointly with arterial sedatives (gelsemium, aronite, or veratrum), in doses of one third to one minim at intervals of two to four hours, or hypodermically in accordance with the directions given for Typhoid Fever.

**Anæmia, Malaria, and Chlorosis.**—The usual dosage indicated above is generally sufficient to produce manifest improvement in a few days, although hypodermic administration (5 to 10 drops daily, or on alternate days) effects more rapid change.

A SAMPLE BOTTLE OF TABLETS, sufficient for a preliminary clinical trial in a variety of cases, with literature and price list, will be sent FREE to any physician on request. Stamps for postage will be appreciated. Mention this Journal.

## EVERY INTELLIGENT SPIRITUALIST AND INQUIRER SHOULD READ LIGHT.

A Weekly Journal of Psychical, Occult,  
and Mystical Research.

PRICE, TWO PENCE.

To the educated thinker who concerns himself with questions of an occult character, "LIGHT" affords a special vehicle of information and discussion. It is the acknowledged representative of cultivated and intelligent Spiritualism throughout the world, everywhere quoted and referred to as such. The Editor has the co-operation of the best writers in Great Britain and abroad, whose opinions are worthy of permanent record, whose experience and knowledge are of the highest value, and who have no other vehicle for their publications than "LIGHT." This gives the Journal a unique position, and a singular value.

Mr. W. T. Stead, the Editor of "Borderland," speaks of "Light" as "the best, far and away the best, of all the papers devoted to psychic subjects in the English language."

**SUBSCRIPTION RATES:**—"Light" may be had free by post on the following terms:—Twelve months, 10s. 10d.; six months, 5s. 5d. Payments to be made in advance. To United States, 2dol. 70c. per annum. Orders to be addressed to the Secretary, Mr. B. D. Godfrey.

Office, 2 Duke St., Adelphi, London, W. C.

### TO ADVERTISERS.

"LIGHT" has the support of the leading minds engaged in investigating the subjects with which it deals, or interested in their discussion, in Great Britain and abroad. It is, therefore, an exceptionally good medium for Advertisements.

# A NEW LIFE OF GRANT

BY A SOLDIER FRIEND OF THE GENERAL.

COLONEL JOHN W. EMERSON, of Ironton, Mo., has finally completed his great work,

The work will be published serially, beginning in October, '96, in the

**Midland Monthly**

A periodical fast rising into national prominence. The July "Review of Reviews" aptly styles it "the representative magazine of the Middle-West."

**Grant's Life** in the  
**West**

And His Mississippi  
Valley Campaigns.

Col. Frederick D. Grant, in a letter to Col. Emerson, Feb. 18, says:

"I am pleased to learn that you are about to complete and bring out your long deferred work on the life of my father, General Grant. Your papers hitherto published have given me so much pleasure that I am sure this work will be exceedingly interesting to myself and others, as well as historically valuable. I wish your work great success."

This work will be profusely illustrated with a rare collection of pictures, many of them never before made public. It will abound in personal sketches of Grant's Soldier Life in Jefferson Barracks, St. Louis, his romantic courtship, his Mexican War adventures, his life on a farm near St. Louis, his life in Galena, and his splendid campaigns in the West. These are vividly presented by a soldier familiar with every phase of Grant's interesting career, and a life-long friend of the General and his family.

"Grant's Life in the West" begins in the October Midland. As the edition, though large, will be limited, subscribe for the magazine at once.

Price per year, \$1.50. Address

## OUR SPECIAL OFFER.

### MOLL'S HYPNOTISM

Is the book of all others upon this science which we would choose as a standard work. The author has devoted the greater part of his life to a close scrutiny of all forms of mental phenomena, and this work is the product of years of labor, spent in personal observation, and in a comparison of the results deduced by other investigators. It is profound without obscurity; concise without curtailment, erudite without pedantry, and firm without dogmatism. It is a thoroughly reliable and modern work. We recommend it to the student, young or old, as an indispensable addition to his library.

Send us P. O. Order for \$5.00, with the names of five new subscribers to the HYPNOTIC MAGAZINE and we will mail a copy of this book free, and postpaid to any address furnished; or we will send the book, postpaid, on receipt of \$1.25. Address
