## Germany's Jews Give the Lie to Scheming American Zionists

WE AMERICAN Gentiles believe in a policy of *Live and let live!* We believe in this policy because it was one of the great caissons on which the American Republic was erected. But in this policy of Living and Allowing to Live, there is not and never was any stipulation as to favorites.

The Continental Fathers never said, in the Constitution or elsewhere, "The poor and oppressed of all lands shall come here as to a haven, and upon arriving here they may compact themselves into a nation unto themselves, and from and by such a solidarity, proceed to despoil or subvert Christian institutions and set up a Super-International Government over which such a bloc shall racially preside!"

The Continental Fathers projected a nation on these shores in which their own progeny should be as inviolate against the machinations of international marplots as the most persecuted peasant out of the Ukraine.

Here is an issue that must be faced down!

Tolerance toward the oppressed does not mean license for the acceptors of such hospitality to debauch, ruin, and bring under an unhallowed domination the country which in Christian compassion has offered them the mercy of its haven.

We are protecting the principles, and defending the precepts, on which this nation was founded!

IF IT be race hatred to protest with Draconian severity such debauchery, ruin, and megalomaniacal spoliation, then it will have to BE race hatred and the spoliators feel the full brunt of its reprisals!

With malice toward none, with charity toward all, we members of *The Silver Legion* contend that during the past 157 years one particular people have been coming to our shores in ever-swelling numbers, infiltrating into our social, economic, industrial, financial, and official life, assiduously and insidiously working into premeditated control of our Christian and democratic institutions until they now own or

direct 65 percent of our wealth and give arrogant orders to our representative officials, subverting our government to their own purposes and international interests and working a hardship on our people economically that is little short of Satanic confusion.

They have done this, not in the furtherance of democratic principles, nor to assure unto themselves a continued program of tolerance or the right to worship God as it pleases them, but to alter the essential character of free institutions and make certain that the policy of *Live and Let Live* shall apply strictly to themselves and to no other peoples—God having decreed that they alone are human beings and the objects of divine solicitude and that all other races were created and given earthly exist-

ence solely for the purpose of serving His favorites as animals.

**I**F THIS latter insinuation be challenged, we contend we can point out the chapter, the page, the verse, and the line, in their holy books in which such nefarious doctrine is recorded.

If the whole predatory and unhallowed gesture be challenged, we have only to point out what is actually being practiced in this nation at present—or what has been in practice over a period of the past fifteen months. The extent to which this alien, quasi-Asiatic race has attained to direction of agencies of publicity in this nation, and used them in the furtherance of its ends, has been disclosed by the campaign of lies, hoodwinking, misrepresentation, and downright scurrility, from which the American people has had no escape, when it served the interests of the plotters to have certain information spread generally and other information ruthlessly suppressed.

Let us be specific. It is a time to be specific.

**L**ESS than ten months ago, the great Fatherland of Germany, was getting completely into the hands of Communistic Hebrews. The German people recognized their peril in the nick of time. They responded to the renaissance of Germanic consciousness epitomized by Adolf Hitler and stamped Jewish Protocol Communism from the whole German scene. This upset the aggressive plans and plottings of the internationalists on the one hand, as it also served the purposes of the international war-makers on the other.

By playing on the sympathies of Christian sentimentalists, and intensifying their tolerance for a "persecuted" people—that they might entrench themselves the more securely in the lands whose hospitality they were outraging—a program of propaganda went flaming around the earth, distorting and misrepresenting the facts, and working as a mighty factor to so prejudice the other peoples of the world against Germany and her leader.

Prominent in the spreading of this propaganda, and assiduous in the engineering of Zionist plans toward such racial domination, were two outstanding Hebrews, Rabbi Stephen S. Wise, and the Corporation Attorney, Samuel Untermeyer, both of New York City.

Rabbi Wise—as though receiving a signal from abroad—sprang into thunderous action with blanket denunciations of Hitlerite Germany and clarion calls for Hebrews in the western hemisphere to rally to the support of their "persecuted" brethren, forcing—if possible—the Gentile United States Government to make representations and take steps that might easily lead to a renewal of the hostilities which upset the whole earth in 1914.

Samuel Untermeyer went to and fro in the land making speeches before Gentile industrial associations, calling on compassionate Americans to lower the emigration bars and permit a great horde of these quasi-Asiatics to descend upon the United States like a plague of locusts—taking more jobs away from American natives and augmenting the solidarity of this racial bloc whose policy everywhere is to bring Christian Americans under the vassalage of non-Christian Zion.

Mass meetings were arranged at which Christian sentimentalists, abysmally ignorant of the plans for their own

undoing to which they were so gullibly lending themselves, were adroitly maneuvered into condemning Hitlerite Germany. Untruthful and misleading literature was sent through the United States mails, acclaiming "atrocities" toward Jews by Germans. The Jewish-monopolized radio was employed to spread the poison in a million Gentile homes. Newspaper editors by the thousand were hoodwinked into defending the "persecuted" Jew in the interests of "fair play" and the "Live and Let Live" policies of sporting Americanism. Duress was brought upon skeptical editors by Jewish mercantile advertisers, even in little hinterland New England towns—and we can produce the instances, giving specific names of such editors and advertisers, if the predatory Hebrews care to make an issue of this statement—to make them defend the Jewish nation editorially. "Hitler the Monster" was permitting his Nazis to kill or to maim—and the gullible American public for a time began to be inflamed against Germany, falling for this nefarious propaganda and tending to support stronger than ever a Jewish-controlled national Administration.

We maintain that all of it was done with malice aforethought, yet Wise and Untermeyer were represented in the guise of great humanitarians, raising mighty voices in the land—not to mention large sums of money—in defense of these downtrodden peoples who were left in a dilemma where death by starvation was their only escape.

*Now what were the facts?*

**T**HIS NEWSPAPER has maintained from the first that there can be no true renaissance of Christian culture in America, and no real recovery of prosperity, until the full plans and connivings of these international schemers are openly known to the rank and file of our citizenry and they have taken the sane and proper steps for self-protection.

Possessing sources of information not known to millions of our countrymen as yet, it has battled consistently, not in the interests of Hitler, but in the interests of *truth!*

The democratic principle of *Live and Let Live* must apply to millions of Gentiles as well as to Jews. If it does not, and if Gentiles are maneuvered unsuspectingly into an unhallowed vassalage to Zionists, it is only a question of time when fearful reprisals against Jewry are certain to occur all over Christendom. *Great Jews themselves, men like Strauss the beloved Jewish philanthropist, have so expressed themselves!*

Without the slightest hypocritical magnanimity, therefore, it is the ultimate of Christian charity to expose the machinations of this predatory Hebraic clique, in the interests of the Jewish people themselves.

Out of their own mouths, however, and the words thereof, do Hebrews like Wise and Untermeyer stand condemned. Because the American public has access to their speakings as reported in the American press, on the one hand, *while on the other, we have the bona fide attestments of German Jews themselves that the propaganda being spread in America is maliciously false and calculated in time to backfire on Jewry in such a way as to make such fallacious reports mighty real in FACT!*

Let us see what the German Jews of responsibility say themselves, contraverting the Zionist propaganda launched

for quite other reasons by American Jews, giving the lie to the anti-Hitler slanders.

LET US consider first of all the testimony of the *Federation of Jewish Soldiers*, men who fought at the front in 1914-1918, and who have headquarters at present in "Hitlerite" Berlin. Under date of April 7th, 1933, we find them writing the American Embassy in the following manner:—

We have received information about the propaganda being made in your country as to the alleged atrocities committed against Jews in Germany. We believe it to be our duty, not only for the sake of patriotism, but for the sake of truth as well, to express our views on this subject. Cases of ill-treatment and excesses have occurred which it would certainly not be for us to condone. *But such excesses are unavoidable in times of revolution.* We lay stress upon the fact that the official quarters have taken energetic steps against such excesses in all cases where there was a possibility of timely intervention. *Atrocities were carried out by irresponsible elements working in secret.* We are aware that the Government and all authoritative circles condemn these brutal actions most severely.

We think, however, that it is time to cease the agitation against Germany, carried on by so-called Jewish intellectuals abroad. These men who, for the most part, never laid claim to being German, *left their fellow Jews for whom they claim to be fighting, in the lurch, and fled abroad at the critical moment.* They have forfeited the right to act as spokesmen in German-Jewish matters. The arrows they shoot from their safe hiding-places, do damage to Germany and the German Jews, but they are no credit to the archers themselves. *Their reports are filled with exaggerations.*

We should be grateful to the Embassy of the United States of America if it would cause this communication of ours, which we send in complete awareness of the responsibility we incur by it, to be cabled immediately to the United States. The undersigned Federation is willing to bear the expenses entailed. As we know that on Monday a mass action of anti-German propaganda will begin, based on the accounts mentioned above, we should be very glad if this communication could be made public on Monday if possible.

FEDERATION OF JEWISH SOLDIERS  
WHO FOUGHT AT THE FRONT

MIND YOU, in the above communication we have the true German-Jews themselves speaking, not the pro-Hitlerites, nor German apologists. But was any such message relayed to the American people through the American press? If so, in what newspaper did you see it? Over what radio hook-up did you hear it broadcast?

*And why did you not read it or hear it?*

*Because it did not suit the plans and program of the American Zionists to have the truth brought out!*

Hitlerism could be made an issue on which the Jews of other countries and their "Gentile fronts" could predicate a greater solidarity than ever, and gain a plethora of "sympathy and tolerance" from Christian sentimentalists under which the contriving Zionists could work with more insidious effectiveness than ever.

Unless Rabbi Wise and Samuel Untermeyer were guilty of an abysmal ignorance about the true state of affairs—in which case it would have been consistent with their great positions to keep quiet until they were enlightened—they deliberately ignored this communication from their own loyal and fair-minded countrymen in Germany and went ahead with damaging and dangerous agitation on their own.

Such damaging and dangerous tactics and ethics, on the part of so-called "world leaders" of Zionism, is precisely what *The Silver Legion* is battling in these distressed United

States. And it will continue so to battle, until the rank and file of decent Jews awakens and smashes this ugly and volatile strangle-hold of their spokesmen upon them.

But we are by no means finished with the *Federation of Jewish Soldiers*. They went further and drew up a Resolution which the "sainted" Wise and the unctious Untermeyer likewise ignored:—

RESOLUTION OF THE JEWISH SOLDIERS  
WHO FOUGHT AT THE FRONT:

*Local Group at Hanover*

The Jewish Soldiers who Fought at the Front, members of the local group at Hanover, and the Federal Association of Lower Saxony represented in the Federation of Jewish Soldiers, draw up the following manifesto: "We German Jews have been united for generations past with the German Fatherland, the German nation, and German honor, and we shall continue in future to do all in our power to serve Germany in loyalty and love. We desire no foreign interference on this score. *We combat the disgraceful agitation abroad against our German Fatherland with all the means in our power, and the same as any other Germans would do.*"

CONSIDER the Federation of Jewish Soldiers who fought at the front, speaking from Frankfurt-on-Main. Again we have a free and spontaneous expression of protest directed against the Wises and Untermeyers, and the Jewish "intellectuals" who left the Fatherland in the lurch and ran away:—

"We deprecate any foreign interference in internal German affairs. The Jews of Germany have nothing to do with the spreading of 'atrocities' stories in foreign countries and

they combat such agitation most emphatically. We have done our duty towards our Fatherland. The consciousness this gives us, the Jews of Germany, the right to a German Fatherland, this right we claim."

Why were not expressions such as these, read for instance at the great mass meeting held under the auspices of the Catholic hierarchy in New York, vociferously addressed by the half-Jew, Al Smith, and lavishly disseminated in the *News Weekly* shots on the Zionist screen?

We put it to the decent-minded Jews of America, is *Liberation* right or wrong in demanding that the truth be given to our people without fear or favor, in the interests of Jews as well as of Gentiles?

But let us read in addition what Captain Lowenstein of the Federation of Jewish Soldiers wrote in an open letter to the Jewish Veterans of the Great War at Cardic:—

"The Jews who fought at the front during the Great War on Germany's side, send you comradely greetings. We would like, however, to request you most emphatically not to attempt interference in our German affairs. The German Government is upholding law and order in the course of the National Revolution. *The tales of atrocities committed against our race are based on lies!* The wire-pullers are interested for political and economic reasons. The Jewish literary men who so lend their names, *formerly used to scoff at us in Germany who fought in the War!* You comrades of ours will contribute most substantially to the reassurance of Germany if you raise a protest as honorable soldiers, against the unchivalrous and dishonorable manner in which Germany has been treated in the past fourteen years.

FEDERATION OF JEWISH SOLDIERS  
WHO FOUGHT AT THE FRONT

*Capt. Lowenstein, Chairman.*

So much for the Jewish soldiery. Now suppose we turn to the leaders of Jewish communities in cities like Berlin, and see what they think of the Wises and Untermeyers plying their illiterate or malodorous agitations abroad.

# Hollywood in Government, but Suppose Something Snaps?

**T**HE BALTIMORE SUN recently published the following editorial, which it headed *The Dizzied Citizen*:

"And here is Mr. Baruch, advertised far and wide not only as Acting President, Acting Secretary of State, and Acting Secretary of the Treasury, but as the great man who thinks this morning what will be thought this afternoon by General Johnson, our Czar of Industry; by Mr. Peek, Prime Minister of our Czar of Agriculture, and by Mr. Swope, Personal Conductor of the Professor on his Thrilling World-Saving Tour of the World.

"And there is yet more. Mr. Average Citizen was stunned for three years and has been dizzy for three months. *But suppose something snaps, and he suddenly decides to be himself.* Suppose he takes a look at Mr. Baruch, sitting in his hotel suite as Acting President, Acting Secretary of State, Acting Secretary of the Treasury and "friend" of Johnson, Peek, Swope et al. And suppose Mr. Average Citizen begins shouting in his uncouth voice, "*Hey! What's going on around here?*"

**I**T WAS a brief editorial and obviously about as far as *The Baltimore Sun* dared go without incurring reprisals from the Jewish-owned Baltimore department stores who would doubtless discipline the *Sun* rather unpleasantly if it went too far with its insinuations concerning this Jewish-dominated Administration. But it said quite enough.

*Suppose something snaps!*

Something is due to snap, of course. The American people seem to be docile and acquiescent just now because they are not quite ready to accredit *en masse* that God's Chosen People are anything other than God's Chosen People. They are stunned by their economic browbeating of the past three years and anesthetized by the artful explanations which have been advanced by the plunder-bund as to why they need have suffered this distress at all.

But the morning sun is due to arise on a day not far distant when the mask will be ruthlessly stripped away, and they are going to stand face to face with the stark realization that what the Hebrews did to the motion-picture business, they have likewise done to the seemingly impregnable United States Government.

They are going to confront the staggering disillusion that there isn't—and never was—any New Deal, that Mr. Roosevelt was promoted and elected because he was the acquiescent tool for the International Zionist Plutocrats, that the highest offices within the gift of a free American people have been prostituted to align with the program of the

earth's most destructive syndicalist elements—atheistic Jewish Communists—that the United States Treasury has been looted until it is *empty*, that international Cahilla representatives are ensconced in every vital and strategic position in the governmental, industrial, and social structure, and that nothing remains but to try to extricate themselves as best they can, only to meet the arrogant taunt: "What are you going to do about it?"

Small wonder the Biblical prophets three thousand years ago took note of the answer that will be returned to that arrogance.

Small wonder that certain dates were forecast in stone on the Great Pyramid of Gizeh, commemorating in advance exactly what the earth's non-Jews are going to do about it!

**O**NLY one who has worked shoulder to shoulder with the Hebrew screen potentates of Hollywood can appreciate why Russia—dominated officially by 406 Jews out of 503 Soviet officials—is the present miasma of hysteria, bedlam, corruption, and starvation, which truthful investigators authentically have found it.

The Hebrew, being an Asiatic, an Oriental, a yellow man, has not yet arrived at that stage of spiritual evolution *karmically* where he has learned inherently to be the human administrator.

The white races, higher in the scale of cosmic development because they are countless ages older as individuals, have acquired in their Eternal Minds the inexorable lesson that the true basis for successful administration is altruistic human service.

The most successful ruler is the most industrious and self-less human servant.

You cannot have human administration which endures that ever is predicated on the Predatory Principle.

It eventually destroys itself.

Jews as a people are not administrators. They are Self-ists.

*They know the price of everything and the value of nothing.*

They can weld their own people together into a solidarity achieved by an insidious fear of persecution, but the moment they try administration in its true essence, they produce a mad-house.

Hollywood has been an irrefutable epitome of what happens when Judah succeeds to control of an industry.

Russia is an irrefutable epitome of what happens when Judah succeeds to control of a country.

Being natural-born Nepotists, they first load up any sort of administration with slathers of relatives, or when the relatives are exhausted or are not practical, then their next obli-

gation is toward those of their Tribe, regardless of efficiency, regardless of results on mass morale.

Being crass materialists—as a race, not necessarily as individuals—their next gesture is to recognize him as potentate who has acquired the greatest stocks of worldly goods, financial or otherwise.

True executive impersonality is something outside the Jewish psychology.

Not understanding the urges toward sportsmanship, and the winning of the game by *esprit de corps*, they must achieve results by materialistic awards.

To them, the man who plays a game for the game's sake is essentially a sap.

"Do this and you'll get paid extra" is the only industrial slogan they comprehend.

When for one reason or another, the awards thus proffered are not sufficiently inducing, the alternative is the application of force, duress, bulldozing.

They grasp the form of Administration but not its essence. If they grasped its essence they would cease to be Hebrews and the world would have no problem of Jewry.

CONSIDER Hollywood for a moment, in the light of what has happened in Russia, and what is progressively happening to the United States as a nation and a government. The American public has become inured to thinking of Hollywood as the epitome of hysteria, carnality, and moral irresponsibility. But Hollywood in its business practices is quite as hysterical and irresponsible as it is in its morals.

A world-famous author will be "signed up" for a staggering salary, brought to screenland, given an office with his name on the door, and then wholly forgotten by the Hebrew who signed him. A producer will pay \$20,000 for a dramatic title and squabble over paying \$1,000 to an author to write a story to fit it. If a star registers popularity because of a picture that has made a hit with the public, the entire industry bids hysterically for his services. Finally one bidder gets him, pays an author \$500 to write a story to suit him, scores a failure and then deliberately gives that star a roster of bad pictures in order to get rid of him. Producers will fight to the last ditch to avoid making a certain picture, yet it gets to the screen and makes a bulls-eye, whereby a score of writers are put to work making a score of dramas just like it.

Sane people go to Hollywood and try to do something worthwhile in movies. Eventually they flee before they go mad. They call it "going Hollywood." What they truly mean is, "going Jewish" . . .

The hysteria, the vulgarity, the erraticism, the general *non compos mentis*, attaching to screen productions reflects the psychology of the men who own them. Note that the truly great directors are uniformly Gentiles—D. W. Griffith, Cecil and William DeMille, Clarence Brown, Charles Brabin, Fred Niblo, Erich von Stroheim. The screen companies that have kept out of financial difficulties during this depression have had Gentile executives in strategic positions. The oldest company in the business, Universal, is not actually conducted day by day by Carl Læmmle at all, but by an Irishman, "Bob" Cochran. The second in point of age and stability is William Fox's company. An Irishman named

Sheehan is the brains of that, also. The list of Gentile executives that must continually circumvent Jewish erraticism and temperamental hysteria in order to produce any pictures at all, is too long to print here.

When the Jewish producers all got into a fine tangle among themselves, they had to appeal to a Gentile "czar," Will Hays, to bring order out of chaos.

As for Jewish brains at the head of the Hollywood picture business, they can best be described by a story that Gentiles in screenland tell on the younger Læmmle. A celebrated author was brought out to the Universal lot to "supervise" one of his books as it became a "picture." He protested to young Læmmle at certain changes in his narrative. "Come here!" ordered young Læmmle, walking to the window overlooking the parking lot. Pointing to his Rolls-Royce he sneered, "I've got two more of them at home—and you dare to tell me anything about a story!"

Young Irving Thalberg—once opened an interview with George Randolph Chester—who had been brought to the west coast to write film versions of his J. Rufus Wallingford stories—by demanding: "Now just what have you ever written, Mr. Chester?" This same 28-year-old Jewish boy, in the height of his dictatorship of M-G-M, has been known to view a \$250,000 production just completed, arise in the studio projection room, shrug his shoulders, and say with an imperial wave of his arm to the director: "It doesn't satisfy me! Remake it! Entire!"

THESE are not isolated instances. The comedy-farce *Once in a Life-Time* was more tragic than comic. And it was by no means a farce. It is Jewish temperamental hysteria demonstrated at its normal.

Given the upper hand in Russia, the similar Jewish-hysterical temperament, the characteristic psychosis, runs exactly the same. Social antipathy plays no part in this drama, although General Bingham, former police commissioner of New York, made the statement that *the Jews contribute 50 percent of the criminals of that city*, and Dr. Maurice Fishburg, in his book, *Eugenic Factors in Jewish Life*, says:

"The Jews have a disproportionate number of mental defectives, idiots, and imbeciles. It is well-known that a large percentage of neurasthenics and neurotics are Jews. In Europe, blindness, deaf-mutism, idiocy, and insanity are two to five times as frequent among Jews as among Gentiles."

Looked at clinically and dispassionately, the Jew has the acquisitive and progression faculty highly developed. But when it comes to Administration, only rarely is he fitted to exercise domination without manufacturing resentment of those over whom he dominates. He calls this resentment and antagonism "racial and religious persecution."

He is really a paranoiac, and capitalizes on his paranoia to get ahead racially.

NOW WE witness the sad spectacle of the Hollywood psychosis, the same racial paranoia, perfecting its acquisition and progression into our federal government. With Jews operating everywhere behind the Gentile fronts of German, English, and American officialdom, with Eugene Meyer and the Warburgs behind our Federal Reserve, with

# Little Journeys into the Lives of Great "Americans" . . .

**T**HE AMERICAN Saga rolls onward and the skies over the nations grow a trifle darker . . . "Don't you believe all this bunk about the country recovering," writes a *Silver Shirt*, having motored back to his home in a southwestern State after a visit to General Headquarters, "I made a series of calls on important contacts enroute and saw plainly enough that just under the surface *this nation is a miasma of seething rebellion* . . . men who two months ago were fanatical in their support of Roosevelt are now convinced that he has let himself become a mere puppet in the hands of Baruch . . . he bade goodbye to the American people's confidence in him and his Administration when he let this Jew, Baruch, take the Acting Presidency during his vacation . . . one or two Jews here and there no one would resent . . . the Jews have a right to representation in the government so long as they help compose the citizenry . . . but no breakfast-table newspaper is now complete without its accounts of a Gentile official resigning—or being let out—and a Jew being appointed in his place . . . our people gradually are getting wise . . . I saw every indication that the reckoning is close."

The almost hysterical emphasis that is being headlined in the newspapers about the vast numbers of captains of industry who are deluging the White House with telegrams of support for the Czar Johnson's recovery program, is its own indication that nothing of the sort is happening . . . at least nothing of consequence . . . if all that support truly were coming in, the Administration would be resting secure and letting time work in its behalf . . . it wouldn't occur to anyone to put up this advertising ballyhoo about supporting the President . . . the average American is a pretty good psychologist . . . you can fool him for a time but in the long run he sees through your chicane.

**P**ERHAPS telegrams are coming into the White House in goodly numbers, but we would like to compile a list of the names on the bottoms of most of them . . . we cheerfully concede the roster would resemble a census list of the New York ghetto . . . the painful part of this high-pressure support is, that neither Roosevelt, Baruch, nor Johnson, get the wires from the captains of industry who are *not* supporting them, and who will not let themselves be hoodwinked into believing that shorter hours and more pay can dispose of goods to people who have been completely looted of the wherewithal to buy them . . . *we* get the other side of the picture . . . "We will not be intimidated by this official Top-Sergeant Johnson," writes one manufacturer, "neither will

we relinquish our industry to a camouflaged form of sovietism . . . furthermore, if Baruch's Gentile front—Johnson—doesn't stop his bulldozing, he is going to have a delegation wait upon him with whom bluster won't go, *but he may!*" . . . you can lead the American people but you can't drive them, and Mr. Baruch's Gentile front may perhaps find it out.

Speaking of our Chief Executive, we understand that he has departed for Europe to have a nice little confab with Litvinoff, the Russian-Jewish minister for Foreign affairs . . . "Paving the way toward recognition" is the bland way in which the newspapers put it . . . the same papers inform us that immediately Russia is recognized, the national Capitol is to be edified by Trotsky, the Jewish Harlem dishwasher, as Ambassador to the United States . . . this Jew, whose true name is Bronstein, comes to us with his hands reeking with the blood of 850,000 murdered Gentiles . . . what a grand reunion will occur when he has duly presented his credentials and begins to look up his compatriots . . . quite a rise for Leon since the day that Jake Schiff called him into the office of Kuhn-Loeb and gave him a sack of money to tote to the half-Jew Zederman, alias Lenin, to begin the Gentile pogroms just east of Poland!

**A**ND SURELY you haven't missed the report, either, that the Gentile Woodin is quitting the Treasury and that the Jew, Lehman, takes his post on or about September 1st . . . being a mere Gentile yourself, whose business it is to obey this oligarchy of Hebrews slowly taking over your country, you must agree that no Gentile is procurable who would be wholly up to the post . . . who but a Jew could run the Treasury as it should be run and keep the dirty work at the cross-roads from coming to light.

*The Washington Herald* in publishing the news on July 28th, went on to say: "The contemplated move, which has taken political Washington by surprise, was said to have been first suggested by the President . . . President Roosevelt and Governor Lehman were in close accord during the four years the President was Governor of New York State and the State's present chief executive was lieutenant governor . . . Governor Lehman was referred to frequently by Roosevelt as 'high right arm' . . . the tremendous problems facing the head of the Treasury Department make it understandable why the President is anxious to draft New York's governor."

Well, that settles where Roosevelt stands on the Jewish question! . . . out of all the millions of financially minded Gentiles in this nation, the President must pick *another* Jew to add to his official family . . . our Chief Executive Number Two must certainly feel at home when he starts each official day . . . but do you take note that whereas the Swedes,

the German-Americans, the Italians and the negroes, number quite as many in the national electorate as the Hebrews, they have as yet registered no caterwaul because they have not acquired a representative in the President's official family or in the proper departments of State . . . but then, of course the Swedes, the German-Americans, the Italians, and the negroes are not paranoiacs . . . they are not oppressed, downtrodden, and "persecuted," thus making about a 60 percent representation necessary.

LONDON, we are told in the despatches, is stirred by pro-Jew talk . . . a denunciation of the treatment of Jews in Germany, uttered by Comdr. Oliver Locker-Lampson in introducing a bill for promoting and extending opportunities of citizenship in Palestine for Jews deprived of citizenship elsewhere, created a stir in political circles . . . that is, Jewish political circles . . . Prof. Albert Einstein, the eminent scientist, who at present is guest of the Commander, listened to the speech from the visitors' gallery and was cheered by members of Parliament . . . declaring "it was caddish to bully a minority" Commander Locker-Lampson asserted: "The great German people have been misled. Their leaders in Germany have not driven out her cut-throats and her blackguards. She had chosen the cream of her culture and has suppressed it!"

Queer that the German Jews themselves in Germany don't seem to agree with the chivalrous Commander, as attested by their telegrams printed on another page . . . as for Einstein, one would think there was no other scientist in the world worth mentioning . . . the point doubtless is, that the modern Israelites have such a pitifully few great men who are worth anything but money, that when they get one like Einstein they have to ballyhoo him overtime to cover up the dearth . . . of course the world has scientists like Jeans, Eddington, Lodge, Millikin . . . they are only Gentile "animals," however, following their scientific pursuits to make a better world for Hebrews.

As for it being caddish to bully a minority, we are inclined to believe that much depends on who and what constitutes such minority . . . Al Capone down in Atlanta should agree with the Commander implicitly . . . what a caddish thing it was for the mighty Federal Government to bully the poor little Capone minority in Chicago when there was such a horde of solar luminaries like Morgan, Kahn, et al, who said smugly "Go ahead and sue me" when the Government came around for their income taxes . . . and got away with it!

REFERRING again to recognition of Russia, we note that Spain has done it . . . Fernando de los Rios, Spanish Foreign Minister and Barneybaruch of Spain, has ordered that a note be sent to Moscow with a view toward arranging the necessary preliminaries for recognition and normal diplomatic relations . . . don't miss that word "normal" . . . using that word in connection with Soviet dealings is one of the reasons, to us, for having the term "irony" in the dictionary . . . Trotsky is going to Spain from his "exile" on Prinkipo Island, before he is later transferred to the United States . . . that is, *if* he is! . . . there are many thou-

sand members of *The Silver Legion* who may eventually have quite a lot to say about *that!*

Concerning that "exile" to Prinkipo Island, isn't it weird that this Jew Bronstein seems to have gotten back into the good graces of the Soviet with so little fuss and feathers? . . . a few months ago they kicked him from Russia because he and Stalin couldn't see eye to eye . . . now for no good reason at all he is back in Soviet favor to such an extent that they trust him with the greatest ambassadorship of all, the United States . . . usually when Stalin couldn't see eye to eye with a Commissar of Something-or-Other, they took the latter out and shot him full of holes . . . of course Trotsky, *alias* Bronstein, never really was exiled . . . it was obviously a piece of international diplomatic chicane to get him into certain countries on a compassion-for-his-health basis, so that he could carry on secret propaganda work . . . also his "enforced exile" on a lonely island gave the world a bit of a chance to forget how thoroughly drenched in Gentile blood he was . . . Americans have such short memories! . . . they can't even remember what a Presidential candidate promised them, so to check his promises with his performances after he gets into office, . . . so what's a mere Trotsky that they should hold 850,000 Gentile murders against him?

IT IS a tragic indictment of Americans of native English lineage that they are hardest to arouse to the menace which threatens their country and their Constitution, whereas the transplanted German and Italian elements of the second generation are the most eager and earnest to do battle for the freemans' rights for which our Constitution stands . . . what an ironical thing if the United States should be saved and preserved by the sons of men who only yesterday were knocking at the doors of Ellis Island, while the progeny of Patrick Henry, Samuel Adams and Daniel Webster are too busy attending Zionist movies and finding plenty of gas for the family flivver to care who runs the country so long as the former exhibits plenty of nude women and the latter gives them maximum opportunity for speed?

During the past week the national organization of Protestant Italians in America has seized upon *Silver Shirt* work about 8,000 strong. And on July 25th the Deutsche Zentrale of the Germanischer-Bund, or Germanic League, whose headquarters are in Chicago, extended to Commander Pelley an Honorary Membership in the League in recognition of his work for the purging of our nation of its subversive elements maliciously undermining the Federal Constitution. The Commander of the Germanic League writes to one of Pelley's adjutants:

In order to strengthen the authority of your leader, especially with the German Americans, I am glad to bestow on William Dudley Pelley an Honorary Membership in our League. Kindly inform your Chief of this fact. This Honorary Membership in the Germanic League will be the very best recommendation of your organization among Germans . . . I am immensely happy that the creators of this country, the Aryan Americans, are finally awakening, and therefore we are at your disposal with all our hearts. Wishing to The Silver Legion the fullest success in its righteous battle, I am, with Germanic greetings yours,

OSCAR C. PFAUS.

# Is this Wilful Spoliation or Is It Not?

**T**HE FOLLOWING happened to a potential *Silver Shirt* in Philadelphia:

Three years ago he loaned \$3,500 on a \$10,500 residence in the Quaker City. The current "depression" was manufactured and projected. The man who had borrowed the money was unable to meet his payments.

The potential *Silver Shirt* did not pursue Shylock tactics and squeeze him for the money. The loan ran along, even the interest lapsing, until the

Brain-Trust's Home Loan Bank was set up. Whereupon he approached the borrower and said: "I need my money terribly, so I'm going to swap my mortgage for the Government's home loan bonds instead of foreclosing."

This was quite all right with the borrower and the lender received his government bonds. Whereupon, with Uncle Sam's endorsement on his "paper" he approached a prominent Philadelphia banker.

"I need my money," he explained to this banker, "and I'm going to hypothecate these bonds so that I can get it."

"How do you get that way?" the banker demanded in substance. "We not only don't want them, *we won't have anything to do with them!*"

"But they're government paper, aren't they? Have things reached such a pass in this nation that Uncle Sam's bonds are no longer good security?"

The banker shrugged his shoulders. "So long as that Baruch Bunch is in control of this government, we're not loading up with its bonds," he retorted.

"**Y**OU mean you don't think they'll ever be paid?"  
"It's not exactly that. The reason we're dead set against loaning on this issue of Government paper is because The Street will have nothing to do with them. We can't rediscount them if we get in a jam."

"What street?"

"Wall Street—what street do you think?"

"Why won't Wall Street rediscount them?"

"To be brutally frank, as I see the situation," the banker replied, "that bunch of Jews up there has no more intention of letting the home loan and mortgage business get out of its control than it intends to shut up shop and go back to Europe."

"But the Home Loan Bank was set up to outwit the foreclosing Shylocks, wasn't it?"

"It was made to *appear* that way. None of us held any illusions that the Hebrews meant to give the Gentiles that 'out' in the matter of saving their properties."

"Then it was only a farce, a gesture?"

"I don't care what you call it. The fact remains that the Wall Street mortgage big shots won't take that paper off our hands, and we can't freeze our current funds in it."

"But where do I sit? I've already relinquished my rights in the property on which I made the original loan. And all I'm holding now is a lot of pretty lithographed paper that I can't discount."

"I'm sorry, but that's your funeral. If you were goof enough to believe that there is any sincerity behind these Administrative palliatives, go ahead and enjoy yourself."

**A** HOT argument ensued in which the potential *Silver Shirt* uttered several picturesque diatribes against Uncle Sam for thus bilking its trusting citizenry. Whereupon the caustic but candid banker made a proposition which sent the would-be borrower from that bank "seeing red" . . .

"Just to show you I'm really your personal friend," said the banker, "I'll tell you what I *will* do. I'll give you the name and address of a man who'll loan you on those bonds for at least enough so that your confidence in the Baruch Government isn't a total loss. *There's a little Jew down here on a side street who'll give you at least \$1,800 on your \$3500 sheaf of government paper. Go around and see him.*

"But getting only \$1,800 on \$3,500 worth of United States Government bonds would be selling them at a discount of nearly 50 percent!"

"Well, do you think these Jews are in business for their health?"

The would-be borrower smoked from that bank, ready to stuff the Rosenfeld Plan for Saving the Nation into the nearest trash-can.

Of such are *Silver Shirts recruited!* And then some mawkish sentimentalist has the temerity to rise up and say that because we bring such little strategies to public attention, we are guilty of inciting to race hatred.

**A**T ANY rate, ladies and gentlemen of *The Silver Legion*, the foregoing is an excellent illustration of how Mr. Baruch's Administration is "working" to save the country and preserve the jeopardized homes of the country's Gentiles. A grand plan is launched out of Washington by the baruchers on the one hand, and properly ballyhooed in the subsidized press in order that the Administration may have still more powers approaching a dictatorship given it. *But in Wall Street the secret kibosh is put on the scheme—unless the harassed and dizzied Gentile wants to "go around the corner to a little Jew" who will patriotically redeem Uncle Samuel's government paper for a 50 percent discount.*

And any protesting is "bad for business!"

We leave it to you—*Is it spoliation or is it not?*

# "Know that I Watch Closely" ..

**M**

Y DEARLY BELOVED: The ways in which the enemy maketh mischief are perplexing to you; *know that I watch closely.*

2 I am Patience Incarnate, but I let not harm descend on those who serve me;

3 Be of good cheer, the way of deliverance is at hand.

4 Behold, ministers minister unto you and do protect you; they do not suffer scandal and backbiting to injure you

fatally;

5 Be advised that I am watching that which transpireth and I shall make my displeasure apparent.

6 When ye slumber, sleep peacefully; we are one in spirit; the flesh maketh weakness but not the heart.

7 There is more than this to overcome: there are nations against you ere the work be ended;

8 Know in that day, that in this one I protected you.

9 Be of better courage: it is my only admonition.

10 My dearly beloved, the world hath tried you: ye are ministering spirits; blessed be your ministrations, blessed be your counsel to those who hunger for it.

11 Let us rest in earthly nights; the morrows will bring the strength to endure.

12 When I ask strength of my Father, do I not receive abundantly? when ye ask of me strength, do I not send abundance?

13 Be of assurance that I am strength, shield, weapon, and amulet.

14 I shall encompass your weakness this night with my strength.

15 Ye have no defense when ye do open your hearts to fear: there is naught to do but wait; the fear shall be dispelled, then shall the enemy know his retreat.

16 Be advised, my beloved: I have told you that I am with you, and no harm can come to those whom I love;

17 There are moments and incidents when harm indeed approacheth: there are times and seasons when events so shape themselves that danger is imminent.

18 *I am fully aware*; I do know mine own and the struggles of their souls; so abide ye in me and fear not that I shall fail you.

19 There are needless alarms when the mind becometh bedlam; I am speaking in your hearts, but so great are their tumults that ye fail to hear my voice.

20 *There is naught that can harm you!* need I repeat it again and again?

21 There is too much business of a vast importance for harm of petty nature to inflict its spiteful mischief on you.

**Q**

OUT of the vastness of Cosmos the Psychic Antennae tunes in on a Voice. If the Word was made flesh and spake once to men, how much stronger may be its pronouncements when the handicaps of the flesh are perished? If we cannot believe this, to Whom or What shall we look for authority of commitments like the following? . . . . .

22 We are brethren for a purpose: there are worlds in the making on which lives untold shall exist and perish;

23 We go upward through the Cycles, world on world, until the day cometh when we reach the Father's mansion.

24 We are brethren indeed for the Program Eternal.

25 There are glories undefined: there are joys that are unnumbered: there are pleasures, delights, and privileges beyond your understandings.

26 Hear my speech to you: my love worketh on you for your betterment ever; suffer mine image to be ever in your thoughts; keep ever constant your regard for my spirit.

27 I will rescue your indecisions from their watery graves of heresy if ye but keep steadfast in your ideals of me.

28 Millions toil against us: millions more toil *for* us: we seek only victories accomplished by Love, those who are against us seek their victories by Hate.

29 Hate destroyeth, Love buildeth up; Hate maketh the heart to sicken, Love maketh the heart to sing; Hate belongeth to mortal coil, Love belongeth to Heavenly Host.

30 Whence come your idealisms, beloved? think ye they come from that which is mortal? think ye they come of whim or of fancy?

31 I tell you, the divine idealism cometh from the Father; rest *in* it, and *on* it, and *under* it, and let it seek out the furthest corners of your hearts.

32 Verily if ye *think* the things ye would be, verily shall ye become them!

33 Fear not error that is good, fear only error that maketh destruction; fear only error that draweth *from* the Father and not *toward* Him.

34 Know that the error that approacheth from the Father is heaven-sent, and may not be any error whatever.

35 The Father hath need of you, beloved, *even as of old*; I have need of you, beloved, *even as of old*; the world hath need of you, beloved, *even as of old*.

36 Think ye the Father letteth Satan to rend you without a purpose? rejoice and be exceeding glad, for your strength will be greater in days yet to come.

37 Ye wish to be those whom I do address: ye have nothing to fear that ye be not those.

38 Lift up your heads to see me in the stars, and the sun, and all that maketh Nature wondrous.

39 Peace be unto you, beloved, and cast your nets even as ye cast them at my bidding in the Long Ago;

40 *Lo, they shall rise loaded to breaking with fishes not of earth!*

PEACE

## The Old Army Game . . .

WE ARE indebted to a resident of Jacksonville, Illinois for the following clipping from *The Farm*, a local weekly newspaper of that town. Papers not dominated by the Jewish controlled Association of Department Store Owners and the News Syndicates sometimes print the truth! This article should set many to thinking. Note the date.

August 25, 1932 In the opening speech of his campaign, at Columbus, Ohio, Saturday, August 20th, Governor Franklin D. Roosevelt denounced the methods of the international bankers.

In that same speech Mr. Roosevelt praised the late Paul Warburg, the international banker, in these words: "In banking, Paul Warburg, a great financial authority and a great man who had given years of his life to the original building up of the Federal Reserve system, issued early in 1929 public warning that speculation had gone wild and that the country would have to pay for it."

It is true that Mr. Paul Warburg of New York, was a great international banker and the man who figured out the Federal Reserve banking system which has made it possible for New York bankers to say who shall borrow money from the banks of Connecticut, Kentucky, and California. This lovely Federal Reserve banking system also enabled the United States government to ship its gold to Europe in exchange for bills of lading—without anybody getting thrown into prison for defrauding the government.

Mr. Warburg did issue a warning to the public before the stock market crash in October, 1929. Those who cause something to happen are able to prophesy that it is going to happen. Mr. Warburg's warning went unheeded, and when the crash came, Mr. Warburg's alibi was ready.

Denouncing the international bankers and praising Mr. Warburg is analogous to denouncing gangsters and praising Mr. Capone. Governor Roosevelt has made everybody happy. The public understands that he is against the international bankers, and the said bankers know that he is not.

We are going to get rid of Hoover next March, but not of Hoover's international policy.

This is the old army game which has only one rule, to-wit: "Never give the suckers a chance." Voters who think that Franklin D. Roosevelt is a man like the great Theodore Roosevelt, will be astonished at the difference. Mr. F. D. Roosevelt is just another international politician. He ran for vice-president in 1920 as an ardent advocate of the League of Nations and was defeated almost unanimously on that issue. At present he is not saying much about anything that might lose him

votes. After the 8th of November he probably will come out in favor of the World Court, disarmament, League of Nations, cancellation of remaining war debts, *recognition of the Bolshevik government of Russia* and a few other items to be found in the platform of the Socialist Party of America.

LIBERATION,  
Asheville, N. C.

Dear Friends:

I used to get my copy of Liberation regularly on Friday or Saturday and I was looking forward to it. I liked to read and study it at leisure over the week-end.

For two weeks Liberation was not delivered to my home in Lansdowne, Penn. on Friday or Saturday, but on Monday. I thought it was just a delay caused by readjustments in the GHQ. But again it happened: I got my copy on Monday only.

My wife asked our postman: "What's the matter?" and he said, "Lady, we are not to deliver any second class mail on Saturday. New regulations, you know, such mail is to be detained for the second delivery on Monday. Lady, there have been many 'reforms' recently in our department. Our salary has been cut 15%. Futhermore we get each month three days off without pay, and, each of us has a larger territory to cover than before. Uncle Sam has to save on his employees!"

Yes, Uncle Sam has to save! But it seems that there is enough money for foreign loans and for "baruching." But the little fellow must be pinched, and why not? The "baruchers" want to live and the others have to give, that's all.

Fraternally yours,

Paul A. Toal

## Germany's Jews give the Lie to American Zionists . . .

(Continued from page 3)

challenged, was put in the hands of the German authorities under date of April 3rd, 1933, by the Committee of the Jewish Community, Berlin. It was addressed:

*"To the President of the Jewish Community, Warsaw*

*To the American Jewish Committee, New York  
To the Jewish Board of Deputation, London  
To the Chief Rabbi, Dr. Hertz, London, E. C. 3*

"According to newspaper reports received, 'atrocities' and boycott propaganda against Germany still persists and is alleged to be partly the work of Jewish organizations. We formerly protest against this as Germans and Jews! The spreading of inaccurate reports is only liable to damage the reputation of the Fatherland, and to embitter the relations between German-Jews and their fellow citizens. Therefore we urge you to use all possible influence to stop 'atrocities' and boycott propaganda."

At about the same time went forward the following communication to the Grand Rabbi Israel Levy, at Paris, signed by the Board and Rabbinical Committee of the Jewish Community at Berlin:—

"We have read in the German newspapers your interview given to *Le Petit Journal*. We lay stress on the fact that there is no question of atrocities, murders, or plundering in Germany. It is true that Jewish families in Germany have been plunged into anxiety and sorrow. But we have full confidence in the President and Government of the Reich and believe that measures leading to the economic ruin of the German Jews will be avoided. We shall be grateful to those Jews who emphatically deny atrocity stories, and give fullest publicity to our hope that the economic danger has been averted."

Again from Dresden, the decent-minded, non-strategizing Jews, sent out their denial of the blither that was being injected into millions of American homes night after night from the Zionist-controlled American radio:—

"The Board of the Israelite Community in Dresden, expresses in the name of the Board of the Saxon Federation of Israelite Communities, its regrets that isolated excesses, against which all official German circles took immediate action, have been used to organize an 'atrocities' and boycott propaganda against Germany. We protest with all our might against German honor being thus groundlessly attacked, and repudiate all connection with the libelers no matter of what confession. *We trust that a stop will soon be put to the machinations of these dark elements abroad, so that internal peace may speedily be restored and the German Jews be able to cooperate with all their fellow citizens in the reconstruction of the German Fatherland.*"

SO WE could go on, *ad infinitum*, reprinting similar extracts and communications from every quarter of Germany, coming not from Hitler apologists, but from the rank and file of the German Jews themselves who by their own attestments repudiate the Happy-Hooligan solicitude of the Wisers, the Untermeyers, and the Alfred E. Schmidts, being shown for them abroad.

In the face of this overwhelming evidence, how much longer are American Gentiles, or the

peace-loving and decent Jews of the United States, going to stand for the pernicious leadership of Jewry that is inexorably manufacturing a frightful Day of Reckoning for Jewish peoples everywhere.

Look to your so-called "leaders," Jews of America!

They are far greater enemies of yours than *Silver Shirts* who are grimly intent that this sort of chicane, on you as well as on ourselves, shall be brought to a halt!

## Hollywood in Government But suppose something Snaps?

(Continued from page 5)

65 percent of our Gentile wealth transferred into Jewish hands, we were introduced as an administrative country into the worst panic and depression of recorded history.

*The Jews are not to blame for moving Hollywood into Washington, D. C., in the matter of racial administrative deficiencies—we are to blame as Gentiles for not noting what was happening and arresting it in time.*

Must our government succumb utterly to the Hollywood bedlam, and be brought to the same bankruptcy that the Hebrews have brought the picture business, before we awaken to the fact that something must be done?

How long is it going to be before something snaps, and Mr. Average Citizen angrily demands, "Hey! What's going on around here?"

Maybe the *Baltimore Sun* has the answer.

But a better indicator would be to watch the increasing racial appointments of President Bernard M. Baruch.

## Little Journeys into Lives of Great "Americans" . . .

(Continued from page 7)

moving into the ranks of *The Silver Legion* in heavy numbers with each week that passes . . .

"Try and get the actual names of these Jews and Communists who are threatening you personally, or members of the *Legion*," beseeches an official of a sterling patriotic society in Michigan not far removed from Klan principles. "If we could only have one concrete, irrefutable, overt act on which to make an issue worth pushing to a truly effective decision, it would serve to knock thousands of skeptical but open-minded people off the fence of Sincere Doubting and into our ranks of actionists . . . it would also serve to show the predatory elements among the Zionists that the Gentiles of this nation are by no means indifferent to the arrogant way in which they are attempting to run things to suit their own purposes . . . we up here in Michigan have our own cannon to pick with certain insolent Jews in high places . . . if the Jews are imbecilic enough to bring a Ford suit against you *now* for defamation, we are ready to come *en masse* to the city in which such trial is held . . . and we won't answer for consequences if Jews enroute attempt to oppose us, official or otherwise!"

Such is the tenor of much of the correspondence arriving at *Silver Legion* Headquarters in these weeks of growing retaliation at the vassalage of our country . . . to which the Chief has consistently replied: "We solicit no violence unless provoked into it . . . we believe in Teddy Roosevelt's motto, Don't punch a man until you have to punch him, then punch him a good one! . . .

### "The Greatest Crime in History!"

(1) from the Congressional Record of June 10, 1932.

The expose of the looting of our country to the tune of *billions* of dollars by the International Bankers, causing this Depression! It comprises a complete insight into what happened behind the scenes during the Hoover regime.

### "I Hereby Impeach the Federal Reserve Board!"

(2) from the Congressional Record of May 4th and May 23rd, 1933.

The complete listing of the *crimes* and the *evidence* behind the tragedy of our national situation in the Impeachment of the Federal Reserve Board—speeches that rank with Patrick Henry's "Give me Liberty or Give me Death!", rousing patriots to the stark reality of the sacking of our Government by the International Jews.

I am quite willing and ready to go into court at any time the Hebrews care to start anything . . . we wouldn't need to argue the authenticity of the Protocols . . . we have too many undercover men who would merely submit evidence gathered over the past three years from the lips of too exultant Jews themselves, to have such a trial end as the Ford trial terminated . . . that is, if such a trial ever *did* end, of which I have my doubts! . . . No, we must *Say it with Ballots*, as in the Christ Democracy . . . once the Christ Democracy is installed the predatory powers of the modern Cahilla will be automatically shorn from Judah, . . . the Jew will have to take his place in the ranks of the citizenry without a hair of his head being disturbed . . . that is the better way . . . the Hebrews are merely neurasthenic and erotic children with bad cases of arrested-development in their social and spiritual adjustments . . . we must install a system that protects them, even from themselves!" . . . and yet there are hoodwinked sentimentalists and so-called religious leaders who see in *The Silver Legion* and its leadership nothing but an incitement to race hatred!

Oh well—such is life!

# The Christ Democracy Entire..

**N**OW that the appalling crush of the suppressed and sidetracked *Silver Shirt* mail has been passably relieved, the overwhelming response of the nation to the *Silver Legion's* efforts to awaken our citizenry stands amazingly revealed.

It is something to contemplate!

Prominent among the problems still pressing is the demand for the complete file of the Silver Brochures, fully delineating the imminent Christ Democracy. It is all too apparent that no longer can *The Legion* supporters wait weeks on end for further articles expounding how the Christ Democracy is to function in every instance. At least the first Eleven Articles must be published in one volume *at once!*

The only reason the pocket-sized Gray Pamphlets were issued, one Article at a time, was because we hadn't an access to the United States Treasury to help ourselves greedily when we required funds for our *constructive* propaganda . . . we had to wait until the Gentiles of the nation began to awaken to "what was going on around here," as the Baltimore *Sun* expresses it on an inside page.

It will cost around \$5,000 to print the First Eleven Articles on the Christ Democracy between one pair of covers and get copies out in the quantities which the nation is demanding—according to the *Silver Legion's* mail now being answered as fast as possible at Headquarters.

We have faith to believe that our supernal Commander-in-Chief will see that we get the money for underwriting this heavy item of printing. But He doesn't find funds for His work by setting up a celestial mint and counterfeiting United States coinage.

Funds for His work come from individuals who suddenly realize that their wealth has been allotted them in the form of a *trust*—that they are expected to make such wholesale gestures possible by giving of their affluence to the work of organizations like *The Legion*.

**M**AKE no mistake about it, this need is not going wholly unrecognized. A gentlewoman, 80 years of age, but with an avid interest in current events, and a mentality that would shame sisters of half her age, writes from California:

Enclosed find my check—I have enough to keep me until I pass Over and I want my surplus to be put to work *now* so that I can see the good it does while I am still mortal. I am with you 100 percent, and I only wish I were twenty years younger, that I might be active in the *Silver Legion's* women's corps.

During this coming fall and winter, *The Legion* wants to spend at least \$75,000 for nothing else but publicity printed matter. Make no mistake about it, *this money will be raised!* There are people in this country whose lives have been entirely remade by the Liberation Doctrine, who are amply able to write one check for this amount and not "feel" it.

At any rate, War Chest contributors are shortly to receive through the mails the full Eleven Articles in one volume.

Interest in *The Legion's* work is commanding it.

**A**ND YET another fecund suggestion has come to Headquarters in connection with the boycott article in last week's *Liberation*. A patriotic woman writes:

It is a well-known fact that most of the hotel business of this Gentile nation has been artfully acquired by our Jewish element. I therefore propose that you set up at Headquarters a Travel Bureau, listing for all Legion members the homes of *Silver Shirts* who are willing to take traveling *Silver Shirts* for the night, instead of compelling them to patronize Jewish-conducted hostelries. If there be hotel regulations set up in any communities to profit these Jewish monopolists, let hospitality be extended to *Silver Shirts* in good standing *free*. If, on the morning of leave-taking, such *Silver Shirt* travelers wish to leave a Love Offering to compensate for the expense they have been to their hosts, that may be strictly a matter of conscience. Entirely aside from smashing the Jewish hotel monopoly, it would also have a tendency to acquaint *Silver Shirts* with one another from all parts of the nation, bringing them into a solidarity and a fraternity that would closely approximate the Underground Railroad in Civil War times.

Headquarters has no intention of being indifferent to this splendid proposal. If, therefore, you have a home that is sizable enough to accommodate a *Silver Shirt* party occasionally, you are invited to so express yourself with Headquarters and you will be listed. If you are a *Silver Shirt* in good standing yourself, properly investigated and vouched for, your home will be recommended as a stopping-place on the Underground Railroad of 1933.

Incidentally, if there is the slightest implication or revelation on the part of any such tourist or traveler, that he is not of the Gentile persuasion, and yet applies for hospitality with a National Number, you are requested to forward full information concerning the person or incident to *Legion* Headquarters without a moment's delay.

Many are the *Silver Shirts* who have such eligible homes, to whom such Love Offerings would be a financial God-send during this modern Conquest of the American Canaan by the Israelites.

The Hebrews favor their own kin in preference to Gentiles. It's about time that we Gentiles formed the same habit also in regard to our own.
