## The Judan Swarm is Coming and Americans Must Like It!

FELLOW citizens of America, this is not your country. Your wishes no longer count in the United States! A decade ago, during a Gentile administration at Washington, your duly elected and constituted representatives passed a bill in the Congress establishing quotas of new arrivals on our shores from foreign countries. It was expressly prohibited for more than a specific annual number of aliens to come into the United States and take up their residence here as citizens. This was done in order to protect native-born Americans, not only in their jobs but in their American standards of living. Undoubtedly these elected representatives of the people had serious intentions in mind, when they passed such legislation, *and meant what they said* when they set definite quotas on those who could come here and enjoy the principles and privileges of life under our Christian institutions.

That, fellow citizens of the United States, was back in a Gentile, Christian administration, however.

Now times have changed.

Such Jews—and representatives of international Jewry—as Bernard M. Baruch, Felix Warburg, James Warburg, Felix Frankfurter, Stephen Wise, Samuel Untermyer, Eugene Meyer, and other of their racial associates—not to mention the

Chairman of the Immigration and Naturalization Committee, little Sammy Dickstein—have undertaken to conduct your nation for you, tell you what *they* want, inflict their own socialistic standards upon your industries, use the agencies and instrumentalities of the United States Government to suppress any criticism of their dictatorship, spend your money in the Treasury as they may elect—and as advances their international maneuverings—and generally set the rules and regulations by which your nation must be henceforth conducted.

### EXACTLY WHERE ROOSEVELT STANDS

*The White House  
Washington*

*On this occasion of Rosh Hashonah I extend to all those of Jewish faith throughout the United States cordial greetings.*

*To Jewry we are indebted for many high ideals which have operated for the benefit of the nation and for the promotion of the brotherhood of man through peace and good-will.*

*May the coming year have in store for our fellow citizens of the Jewish faith great prosperity and happiness.*

—FRANKLIN D. ROOSEVELT.

Being God's Chosen People (although chosen for *what* must be determined by the events of the next few years), you cannot say them nay. You must suffer to see your nation taken over, and such bally obstructions to Jewish domination as immigration quotas arrogantly set aside, that these international Jews may shape our home and foreign policies as they please. Consider the month's new developments—

JUST after the war, 300,000 to 400,000 Galatian Jews began flocking into Germany, dominating her social life, imposing Jewry in all its communistic ramifications on the German people, polluting her bloodstream, taking jobs and food from the

mouths of Germans. Driven to desperation by this swarm of Judan locusts, the German people arose in revolt under a strong leader, and began the noble endeavor of preserving themselves and their institutions as a pure-bred people have every right under heaven to attempt.

They were successful in that attempt, and began to set forces in motion that would emasculate this swarm of aliens, with anti-Christian ideals and practices. A fearless and valiant chancellor told them to go hence—back where they came from, or abroad if they would—but that the pure-bred Germans wanted their country for themselves and their pure-bred German children. Forthwith, they made conditions so unpleasant for their unwelcome guests that the latter began to leave Germany in droves.

But not all of them could thus migrate and a place had to be found for them. Russia, of course, was open to them—or should have been under its Jewish Protocol oligarchy—but they did not want to go back to Russia. Life in Russia was not at all attractive to them, even though the officials of that unhappy country were preponderantly of their own blood and faith.

What to do with them?

Simple enough. Bring them all over into the United States and dump them here—*first preparing the minds of the gullible Americans for this dumping by painting fearful pictures of atrocities that never happened, in the Jewish-controlled American press, and generally bilking the Christians into imagining they were doing a great and altruistic thing.*

SO THE atrocity stories began to come out of Germany, and the boycotts worked on schedule, even against the protests of the German Jews themselves—who were going to suffer from foreign trade reprisals quite as much as their pure-bred German fellow-citizens. No matter about such protests or such suffering, however. Jewry must have a greater preponderance of her nationals abroad, particularly the United States. The American people must be bulldozed and hoodwinked into receiving these 300,000 to 400,000 Galatian Jews. And so Samuel Untermyer—whose *dossier* in the State Department for his un-American activities was so fat that it couldn't be easily handled—got all his American cohorts together and began strong-arming the American people into setting aside these immigration quotas and receiving these excess Jews whether it was to the interest of the nation or not.

To do this effectively meant, of course, that a Chief Executive who was entirely sympathetic to the plans of Jewry must be elected and properly directed—also the time must be awaited when it had become the common practice of the Administration to set aside the legislative branch of our government at its pleasure and function without any hindrance or remonstrance from the American people of pure blood themselves.

Such conditions were not at all impossible to achieve, however, and so the stage was set for this Swarm of Judan Locusts to descend upon us.

WE WONDER what an Abraham Lincoln would say in the matter of the lowering of the immigration bars in the United States just at this particular time in order to let in 300,000 to 400,000 Galatian Jews, heavily sprinkled with Communists, that they may come here, demand to

be fed and housed, and given work which might otherwise be done by ten to fifteen million workless American natives.

These Jews are coming in, say our newspapers, attributing the announcement to Secretary Hull.

With a Jewish administration—unofficial if not official—now in power, with this administration calling patriotically on native Americans to forego what little work they now have under incipient Protocolism and share it with their neighbors, *300,000 to 400,000 foreigners must now swarm in here and make the situation 300,000 to 400,000 times worse!*

It is, of course, not the expressed voice or massed invitation of our people that is responsible for this additional burden upon us at this time. The American people have nothing to say about it. The international oligarchy that controls Washington wants them in here, and so they are coming. And what are the American people going to do about it?

They cannot do anything about it, think the Zionists, since to all intents and purposes they seem to have lost control of their government. Any protest is race prejudice, tipping over existing institutions, throwing America back into the dark ages. To challenge the Executive's right to lift the immigration ban is to challenge one's loyalty and patriotism to the whole system of American government. A thousand powerful newspapers will at once howl down anyone who desires to see America protected and kept reasonably clean for Americans only, meaning chiefly Christians. Libelous charges of racketeering will find ready listeners, when anyone attempts to go outside the scope of the money-power and seek funds for fighting effectively this utter prostitution of the American freemen's rights.

What the traducers of this Christian form of government are saying bluntly in effect to the Christian Americans is: "We need more Hebrews in the United States to perfect our plans and strategies for the utter despotism of Protocolism over your detested free institutions. So whether you like it or not, we are going to bring them in. We will distribute them far and wide over your American nation. We will see that they are set up as shopkeepers in cities and towns all over the country, entering into competition with your Gentile shopkeepers who are now on the verge of bankruptcy through what we have done to your economic and financial system already, plus our pet NRA scheme for making it costlier for you to do business at all. We will also use them, as they demonstrate individual smartness, to worm and weasel into all your fraternal and social organizations and keep bulldog watch over their activities, to see that nothing serious starts within them for checkmating our international racial program."

To which such newspapers as THE BOSTON AMERICAN adds its editorial blessing: "Violence will come with the Silver Shirts (who rigorously oppose such further bilking of our people) just as it came with the Ku Klux Klan. You cannot organize ignorance, envy, prejudice, and hate, without bringing on sickening explosions."

Since this detestable infusion of more aliens with their own racial axes to grind cannot be effectively halted except by organization of our Christian elements, plenty of nin-compoop shudders are injected into the press to make all protests the epitomization of ignorance, envy, prejudice and hate.

In other words, nothing must be done. The Washington

Jewish Oligarchy should be allowed to have its way. As many Jews must come here to hold the American sector of the world, as can be contrived, and any effective resistance is un-Christian and un-American.

America must be the catch-all and the dust-bin for all the unwanted Jews of Europe after foreign countries have expelled them for their activities.

Even the Secretary of State is not above adding the dignity and weight of his office to this gutting of our country!

**WITNESS** in the same connection, the same arrogance in the matter of Finkelstein, the Soviet Ambassador, coming to this country to sit down across the table and talk trade with our Chief Executive.

Every patriotic organization in the United States that is still uncontaminated with radicalism, including the American Legion, has gone on record as being in emphatic disfavor of recognition of the Russian-Jewish Soviets. All the free press left in America has shouted angrily that we want no business with these Russian Jews until they have cleaned their official house. Which means until they have gotten out of Russia, lock, stock, and barrel and left the pure-bred Russians to run their own country.

What good has it done?

The Administration merely goes on the "air" with a lot of smooth and evasive talk. And the international machinery operates relentlessly, as though these American Christians were all a lot of infants yowling petulantly from a nursery.

"Your parents know what's good for you," adjure the Washington Oligarchy.

And forthwith Finkelstein comes.

He lets it be known that really, truly, he has no designs upon our institutions. Jewish-Protocolism has long since foresworn all its plans and ideals expressed through the Third International. The Third International has practically abandoned all its attempts to make the world Bolshevik. It has apparently bilked its own "Russian" followers in this, since the poor dupes are still slaving in that country, under the belief that the revolution of the proletariat is everywhere succeeding.

Washington adroitly closes its eyes to the fact that with an agricultural strike going at full blast in the State of California, one Ella Winter, Communist Extraordinary, is reported to be scurrying up and down the San Joaquin Valley in that State, urging the Communist rioters and sabotage agents to greater and greater activity against the peace and security

of that quarter of the nation. Just an illustration, this, of how adequately the dear white-washed satraps of Baruch's friend Finkelstein—sometimes called Litvinoff—have "abandoned" all further activities to help along the world revolution.

This Ella Winter is assumed to be the spouse of one Lincoln Steffens, who was the "American" who accompanied Trotsky to Russia at the avowed direction of Jacob Schiff, to meet Lenin and hand him over a bag of money on which to set up the murder-bund which we have come to recognize as the "Russian" Soviets. It is of report in official circles that Steffens was cast into durance while at Halifax with Trotsky until the international Jewish machine functioned with President Wilson, got the precious pair out, and sent them on their way to make the Communist regime successful in the land of the Czar.

Oh yes, the Third International has "abandoned" its activities! Ella Winter must be in California, working the Mexican peons in the San Joaquin Valley into a fever heat against our form of government, merely for the fun of the thing, and selling picture postcards in order to meet her expenses!

Litvinoff comes to sit across the table from our President and talk trade and loans from our Treasury—which the American Christian business man is having a difficult time to get in his own right irrespective of the fact that it's his own money that he wants to borrow back—with the blood of 1,670,000 murdered Gentiles on his hands.

And all of it is super statecraft, and the rank and file of the Americans are not supposed to have any "say" in the matter or know what's good for them in the slightest degree.

Baruch, Untermeyer, Frankfurter, Meyer, Ochs, Kahn, Wise, et al, are the ones who are to do the thinking for the American people and say what they shall endorse and what they shall not.

Baruch, Untermeyer, Frankfurter, Meyer, Ochs, Kahn, Wise, et al, are the ones who are to do the thinking for the American people and say what they shall endorse and what they shall not.

**MENTIONING** all this is, of course, making it "harder" for a badly embarrassed and harassed Administration on principle. We should do absolutely nothing in the matter of standing up for our rights, seeing that our rights make it "harder" for the Administration. Anything, anything, rather than have things made harder for the Administration.

What the oligarchy really means to say is, *we should not make it "harder" for this great Judan Swarm to take over*

### What Constitutes a State?

*What constitutes a state?  
Not high-raised battlement or labored mound,  
Thick wall or moated gate;  
Not cities proud, with spires and turrets crowned;  
Not bays and broad-armed ports  
Where, laughing at the storm, rich navies ride;  
Not starred and spangled courts,  
Where low-born baseness wafts perfume to pride:  
No—men, high-minded men,  
With powers as far above dull brutes endured,  
In forest, brake, or den  
As beasts excel cold rocks and brambles rude;  
Men who their duties know,  
But know their rights, and knowing, dare maintain;  
Prevent the long-aimed blow,  
And crush the tyrant while they rend the chain;  
These constitute a state;  
And sovereign law, that with collected will  
O'er thrones and globes elate,  
Sits empress, crowning good, repressing ill,  
Smit by her sacred frown  
The fiend Dissension like a vapor sinks;  
And e'en the all-dazzling Crown  
Hides his faint rays, and at her bidding shrinks!*

SIR WILLIAM JONES  
"Ode in Imitation of Alcaeus"

# Snake Bites and Flea-Bites For America's Silver Rangers

**S**ILVER SHIRTS, chased out of Bay State, Rebuild in West!" is the headline in a recent BOSTON AMERICAN. The article goes on to say: "The Silver Shirts, exposed exclusively by the BOSTON EVENING AMERICAN several weeks ago as the avowed successors of the Ku Klux Klan, are on the march again. Stopped dead in Massachusetts and the South, William Dudley Pelley, former Boston newspaperman, who is the national commander of the new organization, apparently has found greener pastures in the southwest, according to dispatches from Oklahoma City today."

This, ladies and gentlemen of the SILVER LEGION, is what is called "news" in this day of aggressive baruchcracy. Utterly and imbecilically false and misleading, inaccurate as to statement and innuendo, thus does the Untermeyer-Hearst press seek to beguile, mislead, misinform, bedevil, and generally misrepresent facts when it behooves the publishers' interests to do so.

One thing is certain. Judging from the way that Israel in America is biting its knuckles and gnashing its teeth at Pelley's growing and expanding activities, the SILVER SHIRTS have not been "chased out" of anywhere. They are stronger this week in the old Bay State than they were last week, and mightier in America this month than they were 30 days ago. They were not "stopped dead" in Boston or the South, nor are they on the march "again" seeking greener pastures. At least 5 million Jews in this nation are not persuaded of it if their current reactions are any criterion.

The paradox of such misrepresentation is that Untermeyer papers in other sections of the nation are reporting quite differently on SILVER SHIRT activities. One James L. Killgallen came to Oklahoma City to cover the Urshall kidnapping trial for the Hearst organization. Evidently what he saw and heard in Oklahoma City caused him to write a series of five articles for the International News Service, which for fairness and lack of Jewish rancor have not yet been surpassed. He told the truth about the SILVER SHIRTS, and the Chief wishes thus publicly to thank him for his reportorial integrity, regretting that a rigid precedent could not be broken in Killgallen's case in the matter of personal interviews.

Killgallen's articles have been syndicated and published in millions of copies of papers and his name will be remembered by the heads of the organization as one feature writer who stood head and shoulders above his fellow scribes in these hectic months of 1933.

**I**T IS not for reasons of wishing to appear "high hat" that The Chief does not receive newspapermen, or news cameramen, at this stage of SILVER SHIRT activities. Being per-

haps too well versed in practices of modern newspaperdom, he knows that the chances for mis-quotation of his statements either by reporters or screen announcers, are too great to permit of the ordinary courtesies to which newspapermen might otherwise be entitled.

Statements in SILVER SHIRT publications are carefully edited and supervised and thus become in fact a sort of official record of our aims and purposes. Statements made to newspapermen have to pass City Editors and perhaps rewrite men in newspaper offices. There interpolations can be made, or incorrect "heads" appended, which wholly subvert what The Chief may actually have said to interviewers. The better practice is a policy of utter silence.

There is likewise another reaction which might accrue from promiscuous interviews, either in print or before the talkie camera. "These SILVER SHIRT leaders are nothing but a lot of publicity seekers," might easily be the verdict of the lay reader or spectator. And emphatically the SILVER SHIRT leaders are NOT a lot of publicity seekers.

The American public must be "sold" on the idea that THE SILVER LEGION is something different from any other organization that has ever been founded in these debauched United States. Furthermore, in this same regard, SILVER SHIRT leaders have small desire to class themselves with leaders of the Jewish NRA, who as individuals and as a clique are showing themselves the world's prize publicity-grabbers.

Nothing pleases a Jew so much as to see his name in print. SILVER SHIRT leaders have long since graduated from enjoying that type of childish thrill.

**T**YING SILVER SHIRT activities up with the Klan is obviously a practice designed to arouse the hostilities of Roman Catholics against the SILVER LEGION, which is expected to become quite as effective as tying it up with the Nazi movement in order to arouse the American Jews.

The CHICAGO AMERICAN on September 21st ran a double-column editorial entitled *Bigotry on the March Again*, in which it castigated the SILVER LEGION with all the archaic castigations, but ended forsooth with a most significant statement. It said:

*"So long as Silver Shirts of America and similar organizations obey the law, nothing can be done, officially, to suppress them. They must be—and eventually always are—put out of business by the common sense, the fair-mindedness, and the sense of humor of the American people."*

The thought italicized above is exactly what is making the Jews of America eat tacks. The SILVER SHIRTS are keeping within the law, and mean to continue to keep within the law, and so the American Jews have to stand impotent and watch the Legion grow in numbers like wildfire across the nation day unto day.

As for being put out of business by the common sense,

the fair-mindedness, and the sense of humor of the American people, if the satrap editors of the Jewish and Romanist interests had the sense that God gave geese, they would perceive that it *is* the common sense, the fair-mindedness, of the American people that is directly responsible for SILVER SHIRT growth.

The common sense and fair-mindedness of the American people has brought home to them that something is decidedly rotten in official American affairs, both political and economic, and something must be done about it.

It does not savor of common sense for a government to call for relief funds for our workless and starving on the one hand, while on the other it permits four million juicy little pigs to be ground up for fertilizer or poured into the Mississippi River or 300,000 Galatian Jews, thousands of them Communists, to be admitted into the United States in defiance of the immigration quotas simply because no other nation will have them. Millions of our own people are workless and starving. A Jewish political administration is frantically appealing to our people to create jobs for these victims of Protocolism, and loudly ballyhooing its own efforts to cut expenses at Washington. Yet the 300,000 Galatian Jews come in here regardless—principally because Samuel Untermeyer, Stephen S. Wise, Samuel Dickstein, and others, want them in—take jobs from Americans and add to our bread lines. The American people appear to have precious little to say about it.

And SILVER SHIRTS who rigorously oppose such imbecilic paradoxes for bringing about Recovery must be "put out of business" by the American public's "sense of humor."

Let it be said that in case the Untermeyer-Hearst editors don't know it, there is mighty little humor left in the minds and hearts of the Gentile masses of this country at the moment. If SILVER SHIRT longevity has to be predicated on the amount of humor left in our workless and hungry masses, it is not at all concerned about its immediate future.

*Besides, if The Silver Shirts are such a nincompoop and short-lived organization on principle, why go to the trouble of writing double-column editorials striving to blast them from existence by incongruous appeals to common sense and the length and size of the American peoples' funnybone?*

IT SEEMS that Sam Dickstein, Congressional spokesman for the Communists and Jews, has a better plan. The nation's papers under date of October 20 declared that he was going to launch an inquiry into alleged Nazi activity in many parts of the United States.

Dickstein said recommendations might also be made for revocation of citizenship of many naturalized Americans, that Nazi organizations existed in more than fourteen States, that members were being recruited by threats and that propaganda is being smuggled into the United States.

He said that in the last three weeks his staff had gathered "voluminous material" corroborating reports of a rapidly-growing Nazi organization here. He said they were strikingly similar in method and aim to the Ku Klux Klan, and financed to a large degree by a German shipping man. In some midwestern cities, Dickstein added, the Nazi organization has joined up with the remnants of the Ku Klux Klan.

Dickstein said he expected to appoint a sub-committee of seven to nine members to examine witnesses and build up

a case for presentation to Congress. The committee will work on valuable leads which he said were offered by Samuel Untermeyer, attorney and Jewish leader, and will demand from the Labor Department and Department of Justice records of all known German aliens in this country.

Fine business! Very fine business indeed! Dickstein, a Russian Jew, the son of a Jewish rabbi, known hob-nobber with Communists like William Dunne, zealous worker for The American Jewish Congress, would use the Congressional powers of the United States Government, and spend more of the people's money in a characteristic attempt to stop anything in this Christian nation which might in any way work inimical to the national or racial interests of Zionism.

To be real blunt, he doesn't want any Nazi movement to take root in America because if it became effective, one of its first objectives would be to kick the Dicksteins and the Untermeys into the North Atlantic, or at least deport them back into Russia from which so many of these "sterling Americans" originally came.

The Jews of America, and of the world, must be protected at any cost. He totally overlooks the fact that there are groups in the United States that have been working for years to get a census of aliens in this nation and have a general deportation house cleaning, but that all their efforts have been mysteriously blocked by The American Jewish Committee for whom Mr. Dickstein labors so conscientiously.

The facts of the case are, of course, that he only wants the Germans with anti-Jewish tendencies, kicked out of America. That hundreds of thousands of Jews may be in this country illegally, is no concern of his—even in his position as head of the Immigration and Naturalization Committee in the Congress. He has listened to hours of bilge and sedition in his Committee, from known Communists, without getting at all hot and bothered about their avowed designs to tear America to pieces. But that an American Nazi power might arise here and hurl his people out of this nice soft nest of American exploitation on which they have descended like a swarm of locusts, covers him with goose pimples.

He is hitting, of course, at the SILVER SHIRTS, and no doubt can get all the Congressional inquiries he wants concerning this organization. But after the inquiry is over, and the peoples' money spent, what will he have to present to the Congress that cannot be procured by submitting to it a complete file of LIBERATION magazines?

Another thing these Jews are overlooking is, that one-third of our American population is either German or of German descent. If he thinks that he and his little coterie of Russian Jews who have squirmed into high places, are powerful enough to antagonize one-third of America's population, let him go the limit.

It will be great publicity for THE SILVER SHIRTS, and possibly a lot of the "voluminous material" which will be brought up into the light will not redound so favorably to American Jewry as Messrs. Dickstein and Untermeyer so fondly imagine.

*We have plenty, plenty, to read into The Record!* If we can get it into such a record, that will mean that it will thereafter not be libelous to publish it generally. That is exactly what THE SILVER LEGION wants to see come to pass.

Hasten on with your committee, Mr. Dickstein, and let's get down to cases, so that the American public can quickly be apprised of what it's all about.

# Jewish Persecutions have Nothing to do with Religion

**T**HE SILVER LEGION is preparing to turn the full barrage of its guns against international Jewry in the next few weeks, because the next few weeks constitute a critical period in the welfare of the American people.

Those high in the councils of THE LEGION have a staggering mass of evidence to convince them that in utter fulfillment of Divine Prophecy, it is the machinations of predatory international Israel that have caused this awful period of depression and stalemate in these United States, and until the power of predatory international Jewry is forever smashed in this preponderantly Gentile country, there can be no recovery nor the instigation of any plans or programs looking to the permanent welfare of our Christian nation.

It is this reason, and this alone, that causes THE LEGION to give over so much literature to what the Jewish press execrates as a rancorous and pernicious attack on "an age-long persecuted people."

Christian Democracy, or any other program making for the renaissance of our Christian culture, cannot be set up—cannot even be effectively publicized throughout the commonwealth—so long as the long-taloned claw of the international Kehilla strangles every department of our commercial and social lives.

There is but one way to break this hold: That is to feed the ignorant public with fat meals of facts, recounting what Jewish leaders and Jewish writers themselves say, about the ultimate plans of international Jewry. If Henry Ford had kept strictly to that technique, he might never have been the victim of his infamous suit.

How can you be sued for libel when you merely repeat what a man has said, or publicly printed, about himself?

**G**O INTO any city or town in America and get the sentiment about the Hebrews. A great, sullen, rumbling roar is generating. Business men who never read any of the Ford books, who never heard of LIBERATION or THE SILVER RANGER, who have only heard of THE SILVER SHIRTS through the Untermeyer-Hearst press as being a racket, will at once wax wroth with flashing eyes when the subject of "what the Jews have done in this locality" is introduced in a round table conversation.

Sooner or later this is bound to find vent, as the BOSTON AMERICAN—"The Hebrews' Friend"—puts it, "in sickening explosions." The Jews will of course, fall back on their age-old racial alibi that it is religious persecution. But what the Jewish bankers have done to our financial system, and what Jewish property-owners have done in the matter

of foreclosures and receiverships, have absolutely nothing to do with religion.

*No Jew is ever persecuted for his religion!* Even back in the middle ages he was not strictly persecuted for his religion. He was persecuted for his rapacious and non-social business practices which he translated into the hatred for his religion as it fitted his purposes.

With a Jewish Oligarchy coming into power that approaches Absolutism in Washington, with a Jewish ambassador coming from the Land of the Murder-Bund to sit down and talk with our President about trade, and with strikes breaking out all over the nation, inspired or led by Jews in the guise of Communists, it is not rancor to hold up nakedly to the public exactly *who* and *what* truly is causing their woes.

For instance, read a significant statement by Maurice Samuels in his book *You Gentiles!*—

"We Jews, we the destroyers, will remain the destroyers forever. Nothing that you will do will meet our needs and demands. We will forever destroy, *because we need a world of our own!*"

There is frankness for you! There is the statement of the case by a Hebrew writing in utter candor for us Christians, and telling us exactly where we get off. So long as there are any peoples but Hebrews on earth, we are warned that we must leave the earth to make room for Jews to operate.

They want the earth.

They are about the business of getting it—at least by running it from official and strategic position.

The Jew will squeak and squeal when apprehended in his "destroying" activities, that he is being treated roughly because 1900 years bygone his ancestors were so mistaken as to murder the Christian Savior. Therefore when he comes along and charges 60 percent interest on a loan, or climbs into a nation's officialdom, or debauches a nation's currency system—or monopolizes it—or when he starts a campaign of eviction to seize a Gentile's land, and the Christians resent his exploitation, at once he falls into the age-old snivel that he is being made to pay the price of his ancestors' religious folly.

Well, let us see what has happened to Jews in countries and times that had little to do with Christianity whatever—

**W**E READ of Jewish massacres by the Persians, Alexandrians, Egyptians, and Romans—not war massacres always, like those described by Josephus—but what we would now call pogroms.

Apion of Alexandria denounced the nefarious ways of the Jewish traders there to the Emperor Caligula. Thereupon there was a Roman persecution of Jews.

Florus called them an impious people. The poet Juvenal said they despised the Roman laws. *Romanus autem soliti contemnere leges!* Tacitus remarked that nothing was considered illicit amongst them—*Inter se nihil illicitum!*

The Jew Josephus, in his answer to Apion, complained: "The Egyptians hate us, the Phœnicians do not like us, and those particularly of Tyre are our declared enemies."

Under the Emperor Vespasian in the year 65 A. D. more than 50,000 Jews were massacred at Alexandria by the Romans and native Egyptians. Soon afterward the Emperor Domitian decreed severe edicts against the Jews. Since it was not because of their religion—the Emperor caring nothing for Christianity—there must have been other strong reasons, *not the least among them being that of usury.*

The Roman historian Tacitus, otherwise so fair in his estimate of Rome's fiercest foes, the Germans, wrote: "The Jews are the abomination of the human family. All that we deem sacred is to them an object of contempt, whereas they are allowed to do whatever to us seems rascally. They are the lowest of all the races."

In the year 116 A. D. the entire Jewish population of the Island of Cyprus was massacred by the natives.

Was it not because they had failed to assimilate with the Cypriotes and had grown too many and too fat on usury?

**A**BOUT the same time began the Roman persecutions of the Christians, many of them converted from Judaism. This too was not so much because of their religion as because of the racial subversive tendencies of the Christian slaves, which nowadays would be called communistic. Dion Cassius puts the total figure of Jews massacred at the almost incredible figure of 580,000.

Although all Jews of Asia Minor were declared Roman citizens, another Roman persecution of Jews set in under the Emperor Hadrian. Tolerant as he was toward the religions of all peoples conquered by Rome, he enacted severe laws against the Jewish traders and their sharp and usurious practices.

These laws were renewed by Emperor Gallus, co-regent with Constantine, the first Christian emperor. There were persecutions and massacres of Jews here and there in the eastern Roman Empire. Incidentally the Jewish city of Tiberias was laid in ashes by an enraged Roman garrison, although no war was in progress at the moment.

Another bloody pogrom at Alexandria in the year 415 A. D. caused the whole 100,000 Jews therein to flee the city. Wherever the fugitives sought shelter in other parts of the Roman Empire they were either turned away or grudgingly admitted under scowling restrictions.

**D**URING the early middle ages the Popes at Rome, and the German Emperors, as well as some of their bishops and princes—in order to shield the Jews from the natives who resented their usurious practices—took them under their protection, for which they exacted annual fees, licenses for trade, and exemptions from forced labor and military service, thus saving them from the wrath of those whom they had despoiled. At that time came the institution of the ghettos *where the Jews first huddled of their own accord*, as they do now in certain great cities like New York, but where they finally had to be segregated for their own protection.

Notwithstanding such protection, the history of the middle ages bristles with pogroms, especially in the Italian republics and free cities of Germany. Also some kings and princes, for reasons which may be guessed, grew ashamed of

harboring the Jewish traders and money lenders.

They were banished from Paris in 1181 and ten years later from Bray. Toward the end of the 12th century the Jews in England were denounced as usurers, purse-proud and despisers of the arts of learning excepting medicine. During the coronation festivities of Richard (*cœur de Lion*), September 3, 1189, the citizens of London arose against the Jews and slew them by hundreds. Ten years later there was another pogrom in England under King John Lackland. King Edward I banished all Jews from England.

Yet they had been the source of a handsome income to the Crown, and several rich Jews lent the kings large sums of money for their wars.

*What then was the reason?*

**I**N 1306 some hundred thousand Jews were banished from France by Philip IV. A few years later Louis X allowed them to return. But again they fell into disfavor. Many of them must have come back within a generation, for in 1394 King Charles VI again decreed their banishment. Once more they must have returned to France, for in 1510 the edicts against the Jews in the Provence were renewed by Louis XII.

Meanwhile there had been sporadic pogroms here and there in Germany—at Constance, Speyer, Worms, Trier, Metz, Mainz, Cologne, Regensburg, and even at Frankfurt and Nuremberg, where the Jews traded under the direct protection of the emperors. At Vienna too, the capital of the Hapsburgs, all Jews were one day cast into prison under charges of usury.

Shortly before Columbus sailed from Palos, his royal protectors Ferdinand and Isabella banished from Spain all Jews who refused to be baptized. The King of Portugal followed suit. This is used by many Jews as proof of persecution for the sake of their religion. What the unenlightened do not know is that such baptisms were not so much in Catholic proselyting religious zeal as because the Christian Church forbade the taking of usury and by forcing Jews to become Christians it was thought that thus their usurious practices could be forever halted.

Torquemada, a baptized Jew, as grand inquisitor, persecuted his unbaptized brethren with fire and sword. More than 200,000 Jews emigrated from the Iberian Peninsula to North Africa, Turkey, and the Netherlands, where they have been known since as Spagnuoli. In contrast to the despised Ash'kanazi, or eastern Jews, they regard themselves as the aristocracy of Jewry.

But their immediate neighbors, the Moors, Turks, and Dutchmen continue to look askance at these self-styled aristocrats. Though an average tourist at Tunis or Tangiers cannot tell a black Jew from a Moor, the Berbers are keenly alive to the difference—as are the Arabs of Syria in regard to the Zionist Jews in Palestine.

The French often have difficulties in restraining the Moors from exterminating the Jews. One French governor, after a pogrom in Algiers, issued severe edicts against the Jews, denouncing their practices as destructive, until the French government had to intervene in their behalf.

**L**ONG before this, many of the Levantine Jews had found their way back to Portugal. During the Peninsula War the Duchess of Abrantes, the wife of Marshal Junot,

observed at Lisbon and Oporto that nearly one-third of the wealthy traders were Jewish. Hundreds of them followed Wellington's forces as sutlers and army contractors. Thence they wormed their way back into England. Later the rich Portugese Jews looked with loathing upon the Ash'kanazim Jews who came to England in the footsteps of the Rothschilds from Frankfurt and Poland.

Thus Isaac Disraeli, the father of Lord Beaconsfield, in his *Genius of Judaism* wrote: "Subsequently Jewish emigrants flocked into these regions from Germany and Poland and Barbary, a race in every respect of inferior rank—and the Portugese grandees, meaning the Spagnuoli or Sephadim, shrank from their contact. They looked on these leas of the people with bitter scorn. They were humiliated by indigence, pursuing the meanest and not seldom the most disreputable crafts, with offensive habits, active and penurious."

**WHETHER** we consider the Children of Israel in the land of the Pharaohs—where they say they were held in bondage *but where the Egyptian records say they were chased out*—or in America in these modern times, the story is the same. They seem to learn nothing from the bloody results of their predatory practices, their refusal to live and let live, but earn the quick contempt and savage reprisals of every people with whom they come into contact. Apparently they think there is something divine and commendable in thus ostracizing themselves and setting them apart from the rest of humanity.

We of the present moment are led to believe that American Jews and the problems they present in current American history are more or less a phenomenon or aftermath of the world war. But while Judah P. Benjamin was enjoying his high office as one of the prime financial movers of the Confederacy in 1861, General Grant on the other side was having his troubles with a smaller tribe of Jew traders at the front. Mindful perhaps of the doings of Benedict Arnold's Jewish aid, Major Frank, who traded between the lines in the War of the Revolution, or of the Jews in the war of 1812, *who took money for espionage on both sides and betrayed both*, General Grant issued his famous order Number 11 against trading with the enemy, which read:—

"The Jews, *as a class*, violating every regulation of trade established by the Treasury Department and also War Department orders, hereby are expelled from our lines within 24 hours from the receipt of this order.

"Post Commanders will see to it that all this class of people be furnished with passes to leave, and anyone returning after such notification will be arrested and held in confinement until an opportunity occurs of sending them out as prisoners, unless furnished with permit from Headquarters.

"No passes will be given these people to visit Headquarters for the purpose of making personal application for trade permits."

**BEFORE** the War of the Succession and against slavery, the slave trade was largely plied by Jews, particularly the Portugese Jews in Brazil. After the emancipation of black slaves, the Jews engaged in the iniquitous exportation of girls, the white slave trade of today. Not long ago even the *JEWISH CHRONICLE* of London publicly deplored this.

One night in a freight car in Siberia during the Intervention, the editor of *LIBERATION* asked an intelligent Czech soldier why his people, or the people of Poland, periodically undertook pogrom reprisals against the Jews.

"We despise and detest them," was the reply, "because of such things as happened in my village during a plague of 19—. Our relatives were being stricken by plague so fast that as they fell in the streets, we had to wrap them hurriedly in shrouds without daring to remove the clothing or personal possessions in which they had succumbed. Then we laid them in rows in trenches and sadly, but hurriedly, covered them with earth. *Morning after morning we would behold in horror and wrath where the Jews of our province had visited the trenches during the night, dug up the bodies of our loved ones, stripped them of jewelry and clothing and left them naked, men and women alike on top of the ground. Do not blame us for our pogroms. We know the Jew as you in the United States do not.*"

**AS** Maurice Samuels exultantly boasts in his *Ye Gentiles* "We have produced an overwhelming number of revolutionaries and iconoclasts, . . . Jewish socialism and Jewish socialists are the banner bearers of the world's armies of liberation."

As Alfred Waring so aptly asks in his paper in the Hitler press of late: "What manner of 'liberation' has been brought to the Russian peasantry, and to the once-free Ukrainians, Volga Germans, and people of the Caucasus, is familiar to all who have followed the recent events in those countries."

Now these same Israelites, who were chased out of Egypt by the chariots of Pharaoh, who were killed in thousands and hundreds of thousands by the Persians, the Alexandrians, the Romans, and the early European rulers who cared not a fig for revenging Jesus, have jockeyed themselves by their wealth and control of officialdom into such a dominant position in these Christian United States that they are setting aside or destroying the Gentile Constitution, abolishing our republican form of government, wrecking our financial system, and enforcing according to their own strong-arm standards their Jewish-conceived NRA which sets up and perfects the Soviet Presidium, or politbureau, form of government in these United States, opens negotiations with their Protocol kindred overseas at their pleasure, and threatens with fines or jail any free-born American business man who refuses to accede to an economic system that is manifestly an untrue, imbecilic and paradoxical solecism.

**WHERE** does the Jewish "religion" enter in all this, that it should be profanely dragged in and used as a shield to cover up strictly secular activities and protect them when their neighbors of other races would rise up in their outraged might and would hurl them out of the public domain?

*Will history repeat itself?*

If *THE SILVER LEGION* had been in existence in 1861-1865, General Grant would doubtless have been excoriated as a good *SILVER SHIRT* for issuing his famous Order Number 11.

If the Untermeyer press had been permitted back in the days of the War for the Confederacy, high priced editorial writers would doubtless have written of him blisteringly that he was "organizing ignorance, envy, prejudice, and hate" by not letting Judah operate behind the Union lines as it pleased, and that Order Number 11 would doubtless result in bringing on "sickening explosions."

*Will history repeat itself, we say?*

Well—the next two years will tell!

# "Always Take Action!"

**M**Y DEARLY BELOVED: Let it be known among you that there cometh a time when it transcendeth sense to know whereof the battle rageth; it cometh unto man that he is cast down in utter darkness and there is none to raise him.

2 I say they speak falsely who thus advise him.

3 Man is content with his lot, even of suffering, else he would rise up and smite the smiter of his destinies.

4 He loveth penury and want and starvation, saying: These are my lot and when the day cometh that they depart from me, then shall I know surcease and return to my labors chastened.

5 I say, beloved, it is an abomination unto me that man thinketh so of his destiny; behold he hath a temper to grind with the enemy; he hath a lechery to overcome; he hath a basket to fill with goodly fruits which he plucketh of his own accord from the Father's Garden of Mercy and Justice; he hath a destiny to complete that cometh not of suffering, only as suffering ennobleth him when he is no longer able to bear it.

6 Now I tell you, beloved, he is able to bear it and taketh it unto his bosom as a maiden taketh her lover, asking that he shall woe her.

7 It behooveth man to partake of that which is of moment to his soul; it behooveth him to know that he standeth or falleth by his own intentions toward his brethren, goodly or wickedly;

8 He cometh and goeth in fortune, and is raised or cast down; but ever he asketh himself: Why, if these be woes, do I hug them to my bosom and my hearthstone?

9 I tell you he knoweth not goodness; he knoweth not calmness; he knoweth not the goodly fruits of a goodly tree; he taketh his own desires only to be the fruits of that tree, not acting with the sense the Father hath bestowed on him.

10 He hath no desire in his heart for righteousness and chargeth me with falseness unto him, in that I have deserted him when he hath need of me most.

11 Perish the thought, beloved, that I do desert my sheep when they have need of me; they call and I answer; I come to them constantly.

12 But men who love lechery and make their bed with vileness and suffering, saying: There is no clean bed for us, thus do we recline where night hath caught us, are not to be classed with those who hath the brand of wisdom on their foreheads.

13 They are those who most suffer to know the reality of eternal blessings, and no power under heaven or in the earth beneath heaven giveth them a lasting blessing or a lasting surcease from their strivings or their rantings.

14 I say unto you, beloved, it behooveth me to tell you that it cometh not soon, but the time cometh, when men

If we cannot believe this, to Whom or What shall we look for authority of commitments like the following? . . . . .

shall foregather together to be led of the evil one;

15 Men shall declare to themselves: The Lord of Righteousness and Justice hath shut his face away from us, therefore do we enlist under him who protecteth us with the might of his money-bags and the sword of his wrath against the pestilence that stalketh, although made by himself.

16 But rise ye up and smite him as I give you license; give him a battle as I show you arms; take unto yourselves phalanxes of friends and perform righteously in a goodly contest.

17 Leave no stone unturned to do this thing, and presently ye shall see that the tide turneth and the enemy fleeth before the ranks of my chosen ones.

18 Ye have been committed of old to a policy of leadership, but in your leadership be pure; eschew evil; make no vauntings; *always take action!*

19 Let your writings be concerned with issues; make no pretense of hollow strivings; open the fountains of your spirit and let a fountain of truth and information gush forth that shall confound the enemy and put him to disobedience among himself and his eunuchs;

20 Take heed that ye do not alms before men of a nature which causeth him to say: It is meet that we support this man in that he perceiveth the truth and published it with much acclaim; mayhap he telleth us secrets that we are enriched in purses and scrip.

21 I say it displeaseth me that there are those so discussing you; it cometh to me that they take counsel together, wondering if ye are the man who leadeth them to prosperity of purse and manners.

22 I say, lead them not for purses and manners, whether they be lean or full, but lead them for righteousness' sake among the nations.

23 Give to every man a full measure of confidence who cometh to you declaring: I am sent to you of my conscience; I come before you asking alms of a spiritual nature, that ye show me whereof I serve and make myself of value in the kingly one's household.

24 Give him your hand; give him your heart; give him your treasure; but restrain yourself if ye do hear him remark among the brethren, It was the only way to save my body from the evil one's reckonings.

25 Hear my words; I speak with understanding.

26 I am wearied of those who say: Lord, Lord, we love Thee and do Thy bidding; I would have them depart from me when they turn and conspire with the evil one adroitly thinking I forgive them in that good prospereth from such evil thinking.

27 Come to me, beloved, and take strength.

MY PEACE BE WITH YOU

## *Australia and the Jew Conspiracy . . .*

THERE IS the saying that "A prophet is not without honor, save in his own country." That the Jew conspiracy is world-wide, and that patriots of other nations are equally alarmed, besides the much maligned Hitler of Germany, is often the most convincing sort of evidence to the man on the street.

We are indebted to the Australian *Guild of Watchmen* for the following lucid explanation of what is happening behind the scenes of *our own nation* as well as elsewhere. It is regretted that much of the staggering evidence has had to be deleted in order to fit the space allowed in these pages.

. . . in 1920, the Jew, Mr. Montague Norman, a member of the New York bank of Brown Shipley & Co., was elected Governor of the Bank of England. This appointment was seriously questioned in England as Mr. Norman was practically unknown in British financial circles. And also because he was known to be on intimate terms with Dr. Schacht, Head of the German Reichsbank.

These are only a few of the extraordinary things which happened in the years succeeding the Great War when the Jew was putting the finishing touches to a vast financial network aiming at the destruction of British trade supremacy.

By 1927 all plans being in readiness, the Federal Reserve Board of the U. S. A. lowered money rates and so started the wild orgy of gambling in Wall Street—an orgy which had the effect of diverting colossal sums of money from the legitimate channels of industry into purely speculative purposes. When this artificially created speculative boom had lasted long enough to drain industry, the Federal Reserve Board suddenly and without any regard for sound financial practice, put up the discount rate to six per cent. Immediately the false period of prosperity collapsed like a punctured balloon and there swept over the whole world the greatest period of depression in history. (Note: With the paper currency of stocks and bonds reduced there was scarcely nothing left with which to transact the nation's industrial business).

Values of primary products slumped to unprecedented low levels, entire industries faded out in bankruptcy, primary producers and small traders were driven insolvent, and millions upon millions of the world's workers were thrown suddenly into the horrors of unemployment. Through the gigantic network of mergers and combines and amalgamations, the Jewish ring had virtually bought up the

trade and industry and employment of the whole world.

Established governments were quite unable to handle the conditions facing them—conditions artificially produced through the wicked manipulation of money—and while mankind was wondering what had so suddenly happened to the world, the Jew played his trump card. Suddenly he loosed upon the world a veritable avalanche of Socialistic-Communist propaganda, despatching his agitators into every nook and corner of the globe.

So, today, we stand trembling, trying to choose between the two evils of Capitalism and Socialism. Which-ever we choose, we merely walk into the outstretched arms of the waiting Jew. Both are Jew invented. Both are Jew controlled. Whatever happens Jewry is all right, for the Jew banks now hold all the wealth of all the world and will remain secure above the wreckage.

Meanwhile, behind the mask of the Five Year Plan, invented by the Jews, millions of Russian slaves, their spirit crushed by unspeakable atrocities and subjection to a cast-iron discipline, are hard at work piling up armaments and accumulating supplies for the final act. At the appointed time, when the Jew-inspired doctrines of dissension have done their evil work, the Jew will unleash his mercenaries upon the world. Millions of Russians, glad to serve in the armies for the promise of food, and hordes of unspeakable Asiatics lusting for loot and plunder, will sweep over Europe (Note: This was written in April of this year. Now, Hitler is the hope of European civilization.)

Such is the gloomy picture which confronts us; such is our fate if we continue to sleep.

But there is still hope, because the working plans of the devilish plot have leaked out. In the year 1902, Sergius Nilus, a Russian Civil Servant, had given to him by a personal friend certain documents said to have been stolen from the headquarters of the Jewish Masonic Lodge in Paris. Nilus translated these papers and was astonished by the result, for the papers proved to be notes of lectures which had been delivered to Jewish students in Paris by a highly influential member of the "Representatives of the 33rd Degree of Zion."

Thoroughly alarmed by what he had discovered, Nilus, a patriotic Russian, determined to make it known to his countrymen, so that Russia and the whole world would realize the danger which threatened. But the Jews were on the watch and the first attempts of Nilus

were unsuccessful. It was not until 1905 that he at last succeeded in publishing his book. Then as soon as it appeared for sale in the book shops of Russia, mysterious agents bought up all the available copies and destroyed them. Not all, however, and at least one found its way to England, where, on the 10th of August, 1906, it was received by the authorities in charge of the British Museum and filed away in that institution under official Schedule Number 3926D17.

In this remarkable work, "The Protocols of the Learned Elders of Zion," is set out the whole routine of the German-Jew plot to overturn Christianity. Now, by peaceful penetration they are to win their way into our governments, our politics, our judiciary, our educational institutions. How they are to pervert our religions and poison the minds of our children, how great economic crises are to be precipitated by withdrawing gold from circulation, how armies of workmen are to be thrown into a whirlpool of unemployment and then lured into the ranks of a world-wide Socialistic organization preparatory to their total enslavement.

It is all there, set down in black and white—and the plans are working perfectly, *up to date*. Already in Australia a big proportion of our industries are Jew controlled; many of our leading newspapers are run by Jews, while the rest are dependent upon the advertising appropriations of the Jew-run financiers and captains of industry. Our picture shows are but avenues of exploitation for the Jews of America, while our theatres and our reading matter breathes the evil influence of the Jew-inspired immorality and suggestiveness. Our Governor-General is a Jew, much to the disgust of our people; our finance—"sane finance," as the economists call it—answers to the call of the Federal Reserve Board of America.

Class is set against class; country is set against the city; worker is set against employer; Lang is set against Scullin; we have "New Guards" and "Labor Armies," all in order that the Ashkanazi, whose age-old slogan is "Divide and Conquer," may exploit us to the uttermost limit, and, in the process, grind each one of us deep in the dust of degradation and despair.

Today the spirit of Judaism animates the whole world *and a vast conspiracy of silence shrouds all the things which the people should know*.

According to official figures issued from Geneva, world expenditure on armaments between 1925 and 1930 had increased by 126,000,000 pounds, but Britain's naval expenditure had, during this period, fallen by 8,000,000 pounds, and Sir Austin Chamberlain recently said: "Our navy has become proportionately weaker than other navies, year after year."

Today, most countries boast that their governments are "Democratic," that they rest upon the vote of the people. But this vote is only a manifestation of the influence exerted by the Press, and in almost every country the Press is but a tool of the propaganda department of the Jew. In addition to which, the

Parliaments of the world contain a not insignificant number of Jewish representatives, among them, those of the highest note. Similarly the banks of the various countries are virtually but branches, so to speak of that universal Jewish Bank which by virtue of its monopoly of the world's gold, *now dictates the financial policy of the whole world.*

And so, the Jews—the "Chosen People"—sit upon the swollen money bags and smilingly lure us to destruction. Undoubtedly they are the "Chosen People"—chosen by Satan to cut the British asunder from God so that we might hurtle to destruction like the empires of old.

In 1860, Adolphe Cremieux, Sovereign Grand Councillor of the Grand Orient Freemasonry, and founder of the "Alliance Israelite Universelle," issued a manifesto to the "Jews of the Universe." In part this is what he said: "The Union which we desire to form will not be a French, English, Irish, or German Union, but a Jewish one, a Universal one. We are living in foreign lands and cannot trouble about the mutable ambitions of countries alien to us. The Jewish teaching must cover the whole earth. The day is not far distant when all the riches and treasures of the earth will become the property of the Jews."

And that courageous Jew, Dr. Oscar Levy of London, in his prefatory letter to the book "The World Significance of the Russian Revolution," has given us a condemnation of his wicked brethren which can surely rank with the utterance of some of the ancient Hebrew prophets. This is what he says: "The question of the Jews and their influence on the world, past and present, cuts to the roots of all things. If you are anti-Semite, I, the Semite, am anti-Semite too, and a much more fervent one than even you are. I confess to you openly and sincerely, and with a sorrow whose depth and pain an ancient Psalmist, and only he, could moan into this burning universe of ours. We who have posed as the saviours of the world, we who have boasted of having given it "the" Saviour, *we are today nothing else but the world's seducers, its destroyers, its incendiaries, its executioners.*"

Our only hope of salvation lies in the immediate severance of every shackle which binds us to the Jew; the throwing overboard in its entirety of a wicked, unjust system, invented and cast upon earth by Satan, and the substitution therefore of a form of national life and government based on the true precepts of Divine Law. A system wherein the controlling passion will be no longer a mad, immoral scramble for gold, with millions of the hindmost being trampled underfoot, but a system wherein man will live according to the way God intended him to live, where there will be universal prosperity and social peace and brotherly love, and into which the grim spectres of unemployment and poverty and class hatred will seek in vain to enter.

*"And God shall wipe away all tears from their eyes; and there shall be no more death, nor sorrow, nor crying, neither shall there be any more pain, for the former things are passed away."*

## A Fourth Printing of The Christ Democracy is now available!

**L**ONG have men sighed for a system of government that is neither Socialism, Communism, nor Capitalism, and which will allow the people the just reward for their industry and initiative.

The world today is in the thralldom of what is known as the *hunger duress!* They have thought that they were free, but they have learned that man is not free while he must obey the whip-lash of economic necessity, which says in effect, "You cannot eat until you sell your mind, your soul, and your body to mammon!"

A whip-lash on the body breeds revolt, but no man or system can enslave the mind and the soul without the cataclysmic repercussion which is now reverberating around the world, promising imminent disaster, unless a just system is installed in its place.

Under the Christ Democracy, the Declaration of Independence and the Constitution of the United States will be carried to their righteous conclusion. Crime, graft, and debauchery will disappear, because money and interest as a system allowing selfish profit will be automatically eliminated. It does not change the present plan of representative government in the slightest, nor eliminate existing governmental institutions.

The Christ decrees that Life automatically deserves its bread, as well as its air and water. *By divine right, man cannot be denied the independence allowing a free expression of his individuality!*

There shall be no levelling of society to one common mean as in Socialism and Communism. Individual rights and individual property shall not be abolished. Individuality shall be heightened and focused toward the good of the State, in a fashion that is exactly opposite to the plans proposed by the forces of Satanism.

*The most profound economists cannot pick a flaw in the Christ Democracy.* It is the *one plan* which the predatory group opposes with all the power it may command. It spells the death-knell of evil upon the earth. It is the ultimate and *constructive* objective of the Silver Shirts of America. It is the essence of the Liberation movement.

## The Judan Swarm is Coming!

(Continued from page 3)

*our country at its pleasure.*

We should keep shut and silent, and make no protest. We should not organize, lest organization lead to violence and "sickening explosions." We should merely be good little nincompoops and let the Baruchs, the Untermeyers, the Warburgs, the Wises, and the Meyers, go ahead with their schemes for our Sovietized "recovery." We are not able to "recover" ourselves. The fact that we founded this nation and have managed to conduct its affairs with reasonable sanity and prosperity up to the outbreak of the Rothschild war, of course means nothing. These big-league Jews must arrange it all for us, and we are not good Christians, obeying the dictates of the Jewish Jehovah—who stands up in heaven while the Talmud is being read—if we do not.

The report comes that a reputable investigator in New York made it his business sometime since to probe into the Roosevelt family geneology. Strange to relate, *he could find*

*practically no trace of the Roosevelt mortal statistics in Holland, where such records are kept with almost religious accuracy!*

Could this mean that Roosevelt family statistics must then be of record only in the synagogue, since all records must be contained in one place or the other?

Yes, the Judan Swarm is coming—from Europe—to escape organized persecution in Germany.

Will it be a case of "Out of the frying-pan into the fire"?

Not if Sam Dickstein and Sam Untermeyer can help it, and they rather think they can.

With the American people's Congress merely a rubber-stamp organization at best when it *does* meet, and with the National Association of Department Store Advertisers "persuading" the nation's press to be kind to professionally persecuted Jewry, there is none to stand up as buffer between the instigators of protocolism and our exported masses. *None forsooth but the Silver Legion!*

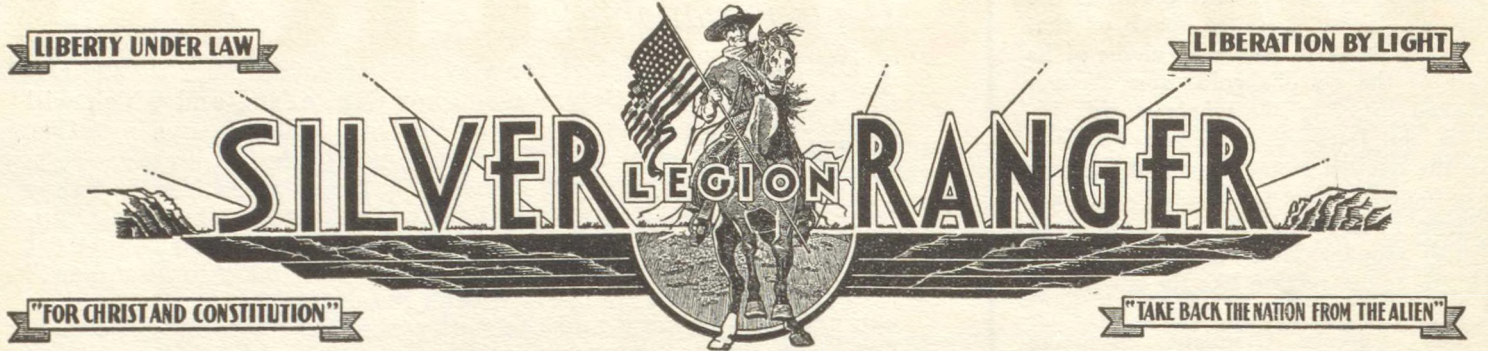

Did Henry Ford deserve a libel suit?

Perhaps the next two years will disclose.

## AMERICA'S FIRST SILVER SHIRT NEWSPAPER SOLICITS YOUR CAREFUL READING!

OUT of Oklahoma City, Okla., this past week was published the first issue of one of the most dynamic newspapers in North America. Given the title of THE SILVER LEGION RANGER in exposition of the splendid body of aggressive Christian patriots which it is meant to serve, the first issue contained one special article which should be in the hands of every enlightened American citizen:—

### *"The Public Should Know Who Governs In Washington!"*

This epochal article, eight newspaper columns in length, inquired searchingly into the records and hook-ups of the various persons appointed to official positions in the questionable NRA. A similar concluding article, completing the dossiers of the NRA list, appears in THE RANGER for November 8th. No reader of LIBERATION can afford to be without the intimate information it contains, showing the Jewish origin of NRA and what ultimate purposes of world Jewry it serves.

### *Every Article "Inside Information"*

Thousands of LIBERATION readers have bemoaned the fact that the weekly field of this magazine is so limited as to contents. In THE SILVER LEGION RANGER this inhibition is removed. The Ranger publishes 32 columns of matter per week which is crowded out of LIBERATION through lack of room.

But there is no duplication of contents. You will learn things through THE RANGER that you have never dreamed as existing in these tortured United States. Attempts will doubtless be made to suppress it, because of the naked truth it reveals.

## PUT YOURSELF ON ITS LIST TODAY!

THE RANGER is edited and published by a staff independent from *Liberation*, and has a different viewpoint and method of treating the information it presents. Copies in bundles for general distribution in helping the work of the SILVER LEGION can be procured at the rate of \$2 per 100 copies. Write for a bundle and see that the truth is spread through YOUR NEIGHBORHOOD.

*The Silver Ranger* is a campaign medium. If *Liberation* is a sword, the *Ranger* is the preparation for the battle. It has been created to meet the insistent demand for a publication that may reach the general public in no uncertain terms, and at a price that will permit of easy and large distribution. All members of the SILVER LEGION are urged to purchase the *Silver Ranger* for promoting the work in their territory.
