NUMBER 1

Our Ship of State Sails Away to Meet Mr. Finklestein!

LET US fix clearly in our minds exactly what is happening in these fraught weeks in American history, behind the executive management of that Washington Oligarchy of Internationalists which a pitifully ignorant public designates as "our Government" . . .

It is time to talk bluntly and graphically of precisely what the Christian populace of the United States "is letting itself in for," considering the hideous fact that a truly free press in America has nearly ceased to exist.

First, it should be remembered that we recently elected a President to head "our Government" who was supposed to function as its Chief Executive. According to bland and blatant announcements in the nation's newspapers, however, he makes few moves without consulting a private cabinet of interesting gentlemen who have no official or Constitutional standing, but who are commonly labeled The Brain Trust.

A nation of 115 million naive Gentiles has been educated to accept that this Brain Trust was the creation of this incoming President to help him solve the problems of his office.

The appalling and formidable truth seems to have it, however, that this Brain Trust was recruited, trained, counselled, and perfected, to actually conduct the affairs of this Yankee nation in the interests of a scheming and predatory minority, long before the public had definitely determined who was to fill the office enforcedly vacated by Herbert C. Hoover.

This recruiting, training, counselling, and perfecting was admittedly the personal handiwork of "the pro-consul of Jewry in America"—Mr. Bernard M. Baruch.

HENRY FORD declared in *The Dearborn Independent* that Mr. Baruch once exclaimed in referring to himself: "Behold the Disraeli of the United States!" It is not of record that this was a contested item in the infamous Ford Slander Suit.

But consider its fearsome potency in America's foreign policy!

Nobody has wanted a Disraeli of the United States—nobody, at least, but certain racial compatriots of this our Prime Minister, who wish to conduct the American Government in such a manner that its activities and destinies will align with International Sovietism, and the super-government for which they are assidu-

ously laboring in every noteworthy country on earth.

There is not, and never has been, any fundamental need for an American Disraeli. There is no provision in our Constitution for such a self-styled and self-appointed dignitary.

His presence and his influence in a land predominately Gentile is an affront and insult to free republican institutions in every State in the American Union!

NO matter! He is here, and has shown himself a factor that must ultimately be smashed. He is already the true American dictator in time of peace, as he attested before a Senate Committee that he was true American dictator in time of war. And he dictates through a Cabinet of Personal Satellites supposed to have been recruited by and for a harassed executive, but who seem to have been carefully groomed and coached for their roles, over against which the duly elected roster of governmental officials is but a silly and superfluous incident.

So insolent was this dictatorship in the closing hours of

the last Congress—when representatives were being told to acquiesce in its fiat and ukases or lose their political patronage—that whole groups went home to their electorates in angry revolt.

This is no place to recount how impotent they had let themselves become, in the matter of challenging this revolution in the affairs of free democratic institutions. We are concerned with a more terrible state of affairs which is daily, hourly, coming to a head under the astute manipulation of this self-styled American Disræli.

The President had been in office over a matter of but 15 weeks, when he suddenly decided he was over-worked and needed a vacation.

He went yachting!

Simultaneously, our American Disræli moved into the State Department, bag and baggage, "to run the affairs of the Executive as liaison officer during his absence."

No one asked him to come—not even the Executive—not according to newspaper reports. He just *came*, and started giving orders.

These orders were mysteriously obeyed!

Of course, with a vital Economic Conference on in London, only the adolescent-minded now accept that the President's "vacation" was a bona fide holiday. It is freely discussed on the streets of Washington, that Pro-Consul Baruch "wanted the President out of the way" so that he could control the foreign fiscal policy of the United States after his own plans in conjunction with his racial compatriots and henchmen.

Be that as it may, the President remained away from the Capital until the Economic Conference had proven itself a "bust" . . . then he came home, sunburned and vigorous, ready to resume his "arduous" duties.

What did Disræli Baruch do then?

We hear of him taking ship and sailing overseas.

This self-styled American Prime Minister, acting the behests of an international Jewish oligarchy, assumes the roles in our American affairs of Acting President, Acting Secretary of State, Acting Secretary of the Treasury, and now—*on nobody's official authority but his own*—he goes to Europe in the capacity of a "private citizen" to discuss "unofficially" the recognition by the United States of the Russian Jewish Soviet.

In other words, he sets himself up in a new role—that of Plenipotentiary Extraordinary—and obviously "discusses" deals for the United States, which activity the Logan Act expressly pronounces to be a felony.

And no one says him nay, nor challenges his power, because he is the Prince of an element among us, representing less than 3 percent of our population, that owns and controls 65 percent of our wealth.

And imbecilic and paradoxical as it may seem, this same racial element to which he belongs is working night and day for the complete overturn of our republican institutions and the setting up of a form of government that is the exact antithesis of Idealistic Christianity.

And we stand for it! Shall we?

AWAY with further nonsensical denials that Jewry and Sovietism are not synonymous! Let us look into this foreign Murder Government—this Bloody Bedlamism of

official structure—which is called Sovietism, and which we may be asked to "recognize" through the efforts of this self-appointed unofficial ambassador, by the same methods by which we are forced to recognize his Brain Trust. Let us look too into the character of this Jew, Finklestein, *alias* Litvinoff, with whom this American Disræli is now conferring, "unofficially" . . .

We do not need to go to racial critics or contemporaries of the Jews for our attestments as to what is happening.

Out of the mouths of their own Jewish spokesmen we can learn with unabashed candor exactly what they are about, and how they mean to accomplish their ends.

Listen to one M. Cohen, writing in *The Communist of Kharkoff*, for April, 1919:—

One can say without exaggeration that the great Russian social revolution has been made by the hand of Jews. Would the sombre, oppressed masses of Russian workmen and peasants have been capable by themselves of throwing off the yoke of the bourgeoisie? No, it was especially the Jews who have led the Russian proletariat to the Dawn of the International and who have not only guided, but still guide today, the cause of the Soviets which they have preserved in their hands.

We can sleep in peace as long as the commander-in-chief of the Red Army is Comrade Trotsky. *It is true that there are no Jews in the Red Army serving as private soldiers*, but the committees and Soviet organizations are Jewish. Jews bravely led to victory the masses of the Russian proletariat.

It is not without reason that in the elections for all the Soviet institutions, Jews are in a victorious and crushing majority.

The Jewish symbol which for centuries has struggled against capitalism (Christian) has become that also of the Russian proletariat. One may see it in the adoption of the red five-pointed star which has been for long, as one knows, the symbol of Zionism and Judaism. Behind this emblem marches victory, the death of parasites, *and the bourgeoisie!*

A pretty frank avowel, this! And having so registered their responsibility for what has happened in Russia, let us see just *how* they liberated "the sombre, oppressed masses of Russian workmen and peasants" . . .

THEY did it by *murder*, stark and frightful—the sort of thing that is called a Dark-Age "pogrom" when inflicted by the Gentile on the Jew. But when a turn-about brings it to be practiced by the Jew on the Gentile it becomes "bravely leading to victory the masses of the Russian proletariat."

We have no exact documents permitting us to estimate accurately the number of Gentile victims that have fallen before the official executioners of Jewish Russia in the past 15 years. The figures given exceed imagination. Professor Sarolea gives the following figures in *The Scotsman*, for the 7th of November, 1923—10 years bygone:—

28	Bishops
1,219	Priests
6,000	Professors and Teachers
9,000	Doctors and Surgeons
54,000	Officers
260,000	Soldiers
70,000	Policemen
12,950	Property Owners
535,250	Members of the Liberal Professions
193,290	Workmen
618,000	Peasants

1,694,737 Gentiles massacred, up to 10 years ago.

Such statistics, of course, really mean no more to most of us than a cold in Adolf Hitler's head, or an airplane accident above the English channel. Suppose therefore, that we con-

sider a few accounts of eye witnesses as to what really happens when Jewish Communists start in their business of "liberating the masses" . . .

WHEN the Rohrberg Commission of Enquiry entered Kief, after the taking of that town by the Volunteer Army in August, 1919, it found the executive hall of the Jewish Chekka in the following state:—

"The whole cement floor of the great garage, or the execution hall of the Departmental Chekka of Kief, was flooded with blood. This blood was no longer flowing; it formed a level of several inches. It was a horrible mixture of blood, brains, of pieces of skull, of tufts of hair, and other remains. All the walls, riddled by thousands of bullets, were bespattered with blood. Pieces of brains and of scalps were sticking to them.

"A gutter 25 centimeters wide by 25 centimeters deep, and about 10 meters long, ran from the center of the garage towards a subterranean drain. This gutter, along its whole length, was full to the top with blood.

"Usually, as soon as the massacre had taken place, the bodies were conveyed out of town in motor lorries and buried in shallow trench-graves. We found in another corner of the garage another grave which was older and contained about 80 bodies. Here we discovered on the bodies traces of cruelty and mutilations the most varied and unimaginable. Some bodies were disembowled, others had limbs chopped off, some were literally hacked to pieces. Some had their eyes put out and the head, face, neck and trunk covered with deep wounds. Further on we found a corpse with a wedge driven into its chest. Some had no tongues. In a corner of the grave we discovered a quantity of dismembered arms and legs belonging to no bodies that we could locate."

THE Red Terror became so widespread that it is impossible to give here all the details of the principal means employed by the Jewish-directed Chekka to master resistance. One of the most important was that of hostages, taken among all social classes. These were held responsible for any anti-revolutionary movements and were immediately executed if they occurred. Thus, for the assassination of the Jew Ouritsky, member of the Extraordinary Commission of Petrograd, *several thousands of Gentiles* were put to death, and many of these unfortunate men and women suffered before death various tortures inflicted in cold-blooded cruelty in the prisons of the Chekka.

There are in existence official photographs taken at Khardoff, in the presence of the Allied Missions, immediately after the Reds had abandoned the town. They consist of a series of ghastly reproductions, such as: Bodies of three workmen taken as hostages from a factory which went on strike. One had his eyes burnt, his lips and nose cut off. The other two had their hands cut off.

The bodies of hostages S. Afaniasouk and P. Prokpozitch, small landed proprietors, were scalped by their executioners. Afaniasouk's body showed numerous burns caused by a white-hot sword blade.

The body of M. Bobroff, a former officer, had his tongue

and one hand cut off, and the skin flayed from his entire left leg.

Human skin had been torn from the hands of several victims by a metallic comb. This sinister find was the result of a careful inspection of the cellar of the Extraordinary Commission of Khardoff. The retired General, Pontiafa, a hostage, had the skin of his right hand torn off and his private organs mutilated.

Mutilated bodies of women hostages, S. Ivanovna, owner of a drapery business, Mme A. L. Carolshaja, wife of a colonel, and Mme Khlopova, a property owner, had their breasts slit open and emptied . . . it is all but impossible to enumerate the forms of savagery which the Jewish Chekka employed. A volume would not contain them.

The Chekka of Khardoff, for example, in which Saenko operated, had the specialty of scalping victims and taking off the skin of the hands by slitting a circle around the wrists and peeling it off as one peels off a glove. At Voronege, the victims were shut up naked in barrels studded with nails which were then rolled about. Their foreheads were branded with a red-hot iron in a five-pointed star. At Tsaritsin and Kamishin their bones were sawed. At Kief there were victims shut up in chests containing decomposed corpses; after firing shots above his head, one victim was informed that he would be buried alive. The chest was buried and opened again half an hour later when the interrogation of the victim was resumed. The scene was repeated several times over. It is not surprising that many victims went mad.

SMUG sentimentalists scout such stories. They cry: "Those are just atrocity tales of things bound to happen in any revolution. Besides, they occurred in faraway, barbaric Russia."

Remember that the Soviet Chekka Government of this "faraway barbaric Russia" comprised among others, 276 Jews from New York's East Side!

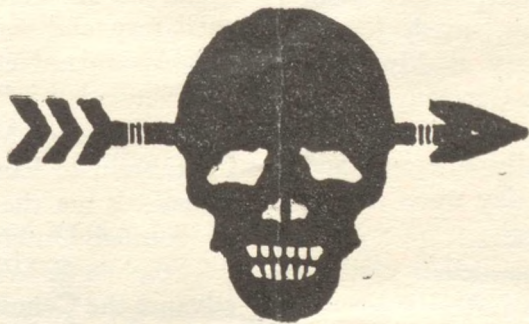

Granted that such things are "bound to happen in any revolution," do we want them happening here in the wholesome and Christian United States?

The promise has been made us by Jewish Communists in unequivocal language that they *will* happen here—when the Soviet red flag flies over the White House!

And the man who styles himself "the American Disraeli" has journeyed to Vichy, France, to meet one Finkelstein—foreign minister for those Jewish murderers of 1,694,737 white Russians and Gentiles—and extend him not only the hand of friendship, but work for the opening of our official doors to this Finkelstein's Murder-bund and its Chekka Terrorists, that they may duplicate in the streets of New York, Philadelphia, Cleveland, Detroit and Chicago, what they have shown themselves quite capable of doing in Kief, Khardoff, and a dozen other Russian cities where Jewish Protocolism is irrefutably the order of the moment.

And we not only stand for it, we are educated and instructed to hail this self-styled Disraeli as our Public Citizen Number One!

Our Christian daily press is subservient to him. Our Gentile motion picture audiences are served what he desires.

Our American homes are flooded with the drip, drivel, and drule of his racial radio crooners, telling us only what he wants told us, misrepresenting facts of conditions abroad, telling us pernicious and malicious lies, subtly and artfully preparing our minds for a full assumption of Soviet Dictatorship if the failure of the economically impossible N-R-A can then make the excuse justifiable: "You didn't cooperate, so the only alternative is for us to take over the government entire and run it in the form of a Jewish receivership!"

And any protest to save ourselves and our children in time, to avoid and avert what both France and Russia have known at the inception of these same Judahn Illuminists, is "stirring up race hatred" or "religious persecution," "bigotry," "turning America back to the Dark Ages," and all the rest of the insincere balderdash with which outstanding Hebrew leaders would advance the work of the world-wide adversary.

Let no one try to tell The Silver Legion that the horrors of the Russian Terror are mere propaganda stories to gain recruits for anti-Semitism—the Chief of the Silver Shirts has in his possession kodak photographs of atrocities perpetrated by Jewish Bolsheviki on Czechs and Russians which he took with his own camera in Siberia in 1918! They are not nice objects to look at, before going to bed on a stormy night.

THE ISSUE is sharp—how much longer are we going to permit baruchism to direct the foreign policy of these Christian and Gentile United States of America? Must we wait for the Red Flag to fly over the White House, and hundreds of our people to be shot down by the American-Jewish Chekka in the streets of Cleveland, Detroit, and Chicago, before we will awaken and arise to a man, smash Jewish Communism in this land of Patrick Henry as Mussolini smashed it in Italy, as Hitler smashed it in Germany?

If this be an incitement to race hatred, what happens if we are sentimental, gullible, and idiotically tolerant, and close our eyes to those elements working day upon day to bring such Sovietism in these United States?

We but cease any resistance to such pernicious and insidious activity—we but give a supine and imbecilic license for them to go as far as they please, and strengthen themselves impregnably, so that when the Mask of Jewish Internationalism is stripped aside, we too may have our eyes put out, our tongues cut off, the skin peeled from our hands as gloves.

It is because the Chief of the *Silver Legion* knows what Jewish Communism is, *from being a personal eye witness to it in the Land of the Czars*, that he is fighting tooth-and-claw to defeat the pernicious work of our American Disraeli, now overseas "discussing unofficially" with Finkelstein ways and means by which the latter's "Russian" atrocity may not only be prolonged, but conditions brought about by which we place this oligarchy of murderers on the same high level of humane brotherhood that distinguished our Allies in the late Rothchild War.

But make no mistake about it, baruchism in the United States is going to meet its match! Divine Prophecy says so. The Great Pyramid Significances say so. Reputable clairvoyants give terrific pictures of the issue that is coming to contest just around the corner of the months.

MAKE no mistake about it, the suffering millions of Gentile America must eventually get it through their heads that before their sick United States can make any real progress toward recovery—that *is* recovery—Bernard M. Baruch, and all that his function represents in the present generation, *has got to go!*

The American people never summoned him into official life.

The American people do not want him in official life.

The American people will not tolerate him in official life one second longer than it requires for them to grasp the precise ends and goals for which he is striving, and the subtle way in which he imagines that he is attaining to them.

A great wave of anti-Semitism is sweeping over the world! It is arising at this time, in every Christian country, because of the aims and temporary accomplishments of a great clique of Christianity-hating Hebrews, and the methods they are adopting to drag Gentile morality into the gutter.

In other words, the Jews themselves are creating it by what they are doing, and the ways by which they are doing it.

They have no one to thank but themselves for what is presently about to happen!

They hold the insane idea that this world was expressly created for Hebrews, that the times are at hand when their Midianite God is going to hand over the nations of the earth to their vassalage, and they are going to step out, conquerors supreme over an astounded but supine Christendom.

History is but repeating itself—as it repeated itself for them in fearful massacres and wholesale exterminations hundreds of years *before* the birth of our Savior, for the predatory and non-social tactics they practiced and the megalomaniacal ethics they followed in those lands where they "muscled in" or found themselves domiciled.

But Bernard M. Baruch—at present conferring with Mr. Finkelstein to hand Christian America over to his sabotage agents—is not the only one who has got to go.

Samuel Untermyer has got to go!

Stephen S. Wise, who shamelessly uses his rabbinate to advance the Communistic strategies of the worst gang of cut-throats on earth, has got to go!

Otto Kahn has got to go!

Felix Warburg, Mordecai Ezekiel, Henry Morgenthau, Felix Franfurter, Louis Brandeis, Louis Lipsky, Ludwig Lewisohn, Felix Adler, Aaron Sapiro, Edward Katzemann (alias Edward A. Filene)—these are some other Jews of whom America wants nothing but their absence—and *who are likewise slated to go!*

The specific activities of every one of these men, what un-American and anti-Christian things they are doing, what real masters they are serving, and how—are known to the utmost detail and will be fully revealed as the next few months ensue.

We want no traffick with men who extend the warm hand of greeting and pleasant fellowship to the earth's Finkelsteins—who have come to repute and prominence for wholesale murders that total in millions.

The American Disraeli? What our nation needs in these fraught moments is an Oliver Cromwell—but *not one tutored in the Sculchran-Aruch!*

Is this Sort of Thing a Basis for "Recovery?"

A SILVER SHIRT in Philadelphia opened his morning newspaper in the week which has passed. Screaming at him from the first page was a glowing headlined story of those local firms being forced to add scores and even hundreds of new employees to their staffs in order to take care of "increasing prosperity" under the National Israelitish Recovery Act.

One name on the list gave the *Silver Shirt* a jolt. It happened to be a man who had owed him \$2,000 over a period of months—an uncollectible loan because of the general plight of business since the baruchers began their campaign of putting the United States into vassalage to Zion.

Jamming his hat on his head, the *Silver Shirt* presented himself subsequently at his friend's place of business.

"Congratulations, Joe!" he cried as he entered. "I see by the morning paper that business is picking up so fast that you've just added twenty new clerks to your staff. Thought I'd call in and ask for a little payment on my loan."

The tradesman flushed angrily.

"Look about you, idiot!" he growled. "Do you see twenty *new* people working for me? As a matter of fact, instead of putting on twenty new people I've just *fired* two old!"

"Fired them! Then how-come it says in this paper you've taken on twenty?"

"Don't you know we're being ordered to give out that sort of blah? Whatta you s'pose will happen if the public gets the idea that the N-R-A *isn't* working?"

"Then this article is deliberate falsehood and deceit?"

"Call it what you please. But I want to stay in business, so I'm supposed to be playing the game!"

WRATHY that such chicane should be perpetrated on an American public, mulcted and bilked to the point of near despair, the *Silver Shirt* finally reached the sidewalk and sought the next name down the list with which he had acquaintance. He decided to check with that person likewise and get his report on the "success" of these brilliant Jewish plans for the nation's hoisting of itself by its own bootstraps into golden affluence once again.

The next name happened to be a man connected with one of the biggest Philadelphia department stores. The *Silver Shirt* sought him out, newspaper in hand.

"Give me the real low-down on this, Fred," he requested. "It says here that your store during the past week put on five hundred new people as a result of returning prosperity under the N-R-A. Is it true?"

"It's true," the other replied sourly, "just three hundred people too much!"

"Then you actually have put on two hundred new people?"

"*New people*—yeah. It doesn't say, you notice, how many we've laid off, or how we've 'staggered' the employment of the old."

"What do you mean, 'staggered them'?"

"Altered their hours of employment, slipped them on and off through the working day, so that we could find room for two hundred clerks that had no work."

"Well, after all, that's something—two hundred different people receiving employment—even if it's only on part time. But I don't understand why you exaggerate in announcing that five hundred have been put on when you've only added two hundred."

"Oh, we've got to make the public think that the N-R-A is working, haven't we? Do you think we want our store taken over by our Jewish straw-bosses, running things these days at Washington?"

"I see. It's just propaganda, then?"

"No, let's call it *enthusiasm* for recovery."

"You think it stands a show of restoring buying power to the public, do you?"

The storeman laughed cynically. "Sure!" he responded in sarcasm. "As a result of our stagger-system, *we cut our store payroll \$12,318 less last week than it was the week before!* Isn't that bringing back buying power—to the owners, anyhow, saving that much wages?"

WHOLESALE circumventions of the Recovery Act are being practiced with equal cynicism all over the nation—for the very good reason, as one North Carolina hosiery manufacturer expressed it: "The N-R-A doesn't tackle the fundamental problem of finding me buyers for my goods. What difference does it make whether I have twenty hands working for me at ten dollars a week, or forty hands working for me at five dollars a week? *I can't dispose of the goods I've already got piled up in my warehouse made weeks and months ago!* And my jobbers and wholesalers in New York are gluttoned in the same way. It would take nearly a solid year of the same volume of sales I had in 1928—when everybody was reasonably in funds—to take enough of these manufactured goods off my hands so that I could really put on new hands to make more. As the matter stands, I've got just so much money to spend for wages. The moment the government makes me spend one dollar more, somebody has to get fired. I can't put into the labor market what I don't possess to put in!"

It isn't new goods which the nation needs, in order to put people to work and bring back prosperity. It's money to acquire goods already made and becoming moth-eaten in

warehouses. But the Jewish economists preserve a blindspot in that tricky little item. Somehow they figure that if the amount of money now being expended for wages is split up and distributed among *more* people, those people by the sheer matter of their increased numbers, will be able to buy more goods and thus get money back into the hands of manufacturers.

They satanically and idiotically refuse to recognize that if \$50 worth of goods are made, out of which \$25 is returned to the laborers in wages, all the millions of people on earth sharing in that \$25 cannot procure with that sum more than 50 percent of the goods so created.

So when sane men find they cannot beat this rudimentary economic law, naturally they resort to circumventions in the face of official duress.

Some of the expedients are even ludicrous.

A clerk in a haberdashery staggered home at night after a 12-hour day, and joined a group of neighbors on the front veranda of her boarding-place.

"How come you're working twelve hours as usual?" asked a *Silver Shirt* who has reported the incident. "The new code is supposed to cut you to a six-hour working-day, five days a week!"

"Not in our place," the employee replied. "The boss got around that by making us four clerks all *managers*. A manager can work as many hours as may be necessary to run the place. Our shop's got four 'managers' who wait on trade, and not an actual clerk in the place!"

Another *Silver Shirt* reports getting into a taxicab at midnight.

"How many hours have you been driving today, buddy?" he asked the driver.

"Sixteen," the latter answered.

"But I thought under the new N-R-A code, you fellows were cut to a 30-hour week?"

"Oh yeah? The company got around it by classifying us drivers all as *salesmen*—salesmen o' transportation—and salesmen can work as long they got physical strength to walk around pluggin' for business. Only I happen to ride around, pluggin' for business!"

IT'S the duress, the intimidation, the Top-Sergeant growling and threatening, that is souring the rank and file against prosecuting this war against Depression. You can lead the American people, but you can't bulldoze them. And that is where The American Disraeli made his mistake—in appointing a man like General Johnson to treat with the mercantile Gentile public.

Yet the appalling fact remains that even if General Johnson had the manners of a Chesterfield, he still could not hoodwink the stern economic law that says: "When you've looted a man of his bank account, all the cajolery or intimidation in the universe won't make him buy goods for which he lacks the currency."

And that's exactly where the American people sit at the present moment.

Billions of dollars representing the savings of years, have been wiped out in the decline of securities, millions of dollars worth of which have been bought in at bankruptcy prices by Jewish financiers who had known of the debacle about to be precipitated and kept their money liquid.

The Jewish financiers have the securities. They have title to the businesses which issued them. They have the plants once owned by Gentiles, the goodwill, the trademarks—everything but the customers with cash!

The cash has been skimmed off and loaned abroad by a crooked Federal Reserve in such prodigious and unlawful amounts that the whole Federal Reserve System broke down. We have Secretary Ogden Mills' attestation of this fact.

The nation is doing business with paper scrip, generally accepted as money insofar as it covers obligations, secured in the Federal Treasury by values which seem to stack up with Sam Insull's watered power bonds.

All is bedlam, confusion, backbiting, cynicism, breakdown of morale. And to what end?

To the end, obviously, that at the proper time, when the public despair is black enough, the Oligarchy which seems to have planned the whole miasma from the beginning, may say:

"The N-R-A has not been successful because you have not 'cooperated' sufficiently. So we, the government, intend to take your business over and conduct it by State control. We're sorry, but you've lost everything because you would not cooperate!"

And a nation of bilked, bamboozled, hoodwinked, anesthetized, misinformed, and generally gutted Gentiles, is expected to say: "Quite so, Mr. Disraeli! Suppose we try your Soviet Dictatorship."

If you think this is not the program, go back over the files and read the cut-and-dried threat to industry by one Richberg, speaking for the Administration to an audience of northern business men in July!

Attorney Richberg practically declared that such was the only alternative to the N-R-A.

And in the name of not letting the slightest race hatred flame forth, again we gullible Christians must stand for it!

THAT IS, the Johnsons, the Baruchs, the Richbergs, and the Moleys *think* we must stand for it. These men seem to be getting no inkling of the Silent Man everywhere dotted throughout this nation, who for the first time in American history is perceiving Judah with eyes of understanding.

It is not going to be so easy as that, to introduce Sovietism into the United States ala the N-R-A failure-to-cooperate method!

No matter what reprisals General Johnson may adopt for disciplining those who find ways to speak their minds without a tremor of fright at his top-sergeant manners, the American tradesman cannot "cooperate" unless he has a bank account to cooperate *with*.

And when the American tradesman begins to see open force employed to make slaves and serfs of the Christian citizenry, *a la* the American Disraeli's assertion: "Europe has a peasantry, why should not America have one?" he may let loose a growl of rage that will have far-reaching repercussions.

Hebrews in every corner of the nation are deporting themselves with an effrontery and insolence which implies that they consider they have already been successful in "taking America over."

But they have done nothing of the sort!

"I Map the Course" ..

M

Y DEARLY BELOVED: This hour I teach you lessons in Patience and Endurance; harken to my voice and be wise in event.

2 I tell you that in that ye do serve me, ye do alter world plans; ye cannot do this unless ye be instructed in long-suffering.

3 I tell you ways and means for perfecting your endurance.

4 Know that ministers of Righteousness who dwell ever with you have

long been apprised of your personal affairs; they know that which presseth;

5 They come to me saying: Master, thy servants suffer in spirit, that they have no substance to discharge their obligations.

6 I tell them: I give my servants substance, but first I tell my servants that substance is not necessary for those things from which they suffer: pursue those paths which have equity in spirit and lo intolerance vanisheth making substance of consequence.

7 Take ye thought to your conditions and say to those oppressing you: We are of one mind in event, we have desires together, lo we work them out in unison.

8 There is no other way to profit from circumstance: bankruptcy of spirit proceedeth bankruptcy of pocket!

9 Men come to you saying: Pay us in substance, we demand of you, that we may discharge the debt that is between us.

10 I say they have a claim upon your spirits first.

11 Tell them you agree with them; tell them ye seek their good; tell them that they have no claim that ye fail to recognize in justice, that ye have hearts for them and will repay them, but tell them not the ways thereof except as ye be told!

12 Patience exceedeth all virtues but tolerance; it cometh to you richly from extended ordeal.

13 Think not that I test you, but that I instruct you; think not that I hold you up to ridicule; I but treat with you, beloved, having your future concerns in mind.

14 Ye have far to go in my work, beloved; ye have far to travel in earthly ways; ye do go on a journey of years, not miles; it taketh you to courts and bourses and subsidiaries of governments as will be revealed.

15 Ye do learn patience that ye may treat with the Enemy and triumph over him; ye do learn long-suffering that ye may know long-suffering successfully in your manners.

16 Havens of spirit await you that ye know not of; treat with my sheep who have grievances of spirit and learn patience in the contact.

22 Give that which ye have to the utmost farthing; know that I relieve you when the press becometh intolerable.

23 These things I say to you: Ye do come to a stress in your affairs, the nation mourneth, men walk to and fro beseeching one another, saying: Whence cometh this oppression, that we should suffer it?

Odds and Ends of the Week, To End the Odds Against Us..

HAVE you noticed," writes a *Silver Shirt* from the midwest, "that the Jew, Shapiro, who was apparently so successful in suing Henry Ford for 'defaming' the Jewish people, has been arrested and indicted in Chicago along with the Capone gang and 22 others, on racketeering charges? . . . during the war, Shapiro was operating as associated with Baruch in creating Farm Corporations which were the subject of exposure by Ford . . . I wonder if you've got the Cuban control story? . . . the whole thing ties with the Capone-Shapiro crowd, and surely Shapiro in the Ford case was agent for the Jewish nation."

The Hebrews of America, now beginning to be noticed in their peculiar practices of certain commercial and social ethics, should be justly proud of this defender of their name, race, and religion . . . but *Finis* has by no means been written yet to the Ford case . . . a copy of the Statement by Henry Ford to Louis Marshal, circulated by the American Jewish Committee, is in possession of *The Silver Legion* . . . it is too identical in phraseology and general literary construction with Marshal's "acceptance" to sound like Mr. Ford's own personal product.

ENGLAND is having her troubles too . . . the baruchers are quite as active in the British Isles, since to be successful the domination of the Zionists must be world-wide . . . there is a weekly paper similar to *Liberation* published in London . . . it is called *The Patriot* . . . in its issue for July 20th it says:—

"Britons the world over—who have not had their old sense of honor and patriotism blurred since the war by contemplation of an endless succession of submissions by our politicians—will have been disgusted by the news of the presence of Litvinoff, alias Finkelstein, at the World Economic Conference, and of his taking luncheon with our Prime Minister at 10 Downing Street. He is one of the prime movers in, and comes to us as the outward and visible sign of, the ignominy that Britain has meekly suffered at the bloody hands of the Soviet enslavers of a great empire: hands that have worked openly in most countries for the destruction of belief in all hitherto accepted laws of God and Man."

As so little is known by the general public of the nature of Bolsheviks, and as so much of that little is so quickly forgotten, it is worth repeating a portion of Litvinoff's history. For the present it is sufficient to quote from a single authority, that wonderful modern history book, *The Surrender of an Empire*, by Mrs. Nesta Webster:—

Meyer Genoch Moisevitch Wallach, sometimes known as Maxim Litvinoff, or Maximovitch, who had at other times adopted the other revolutionary aliases of Gustav Graf, Finklestein, Buchmann, and Harrison, was a Jew of the artisan class, born in 1876. His revolutionary career dated from 1901, after which he was continuously under police surveillance and arrested on several occasions . . . In 1908 he was arrested in Paris in connection with the robbery of 250,000 roubles of government money in Tiflis in the preceding year. He was merely deported from France . . . Early in the war, for some unexplained reason, he was admitted to England as a sort of "irregular Russian representative" and was later reported to be in touch with various German-Jewish agents, and also to be actively employed in *checking* recruiting among the Jews of the East End, and to be concerned in the circulation of seditious literature brought to him by a Jewish emissary from Moscow named Holtzmann.

Finkelstein had as a secretary another Jew, named Joseph Fineberg, who saw to the distribution of his propaganda literature and leaflets. At the Leeds Conference, June 3, 1917—to hail the Russian revolution, to organize British democracy to follow Russia, and establish Soviets to replace the British Government—Finkelstein was represented by Fineberg. In December of the same year, just after the Bolshevik government came into power, he applied for a permit to visit Russia, and was granted a special No-Return permit. He was back again, however, a month later, this time as "Bolshevist Ambassador" to Great Britain. "But his intrigues were so desperate," as Lord Curzon said, "that he was finally turned out of the country."

Small wonder that *The Patriot* is "burned up" by the actuality of the half-Jew Ramsey MacDonald sitting down to luncheon with this pernicious plotter. It goes on to state:

"All English governments since 1918 have been treated with utter contempt by the Soviet Government; who have conducted an unceasing propaganda throughout the British Empire for its undoing by revolution, a propaganda which has included many actions that should have been met by a stoppage of friendly relations at least, *if not a declaration of war*. Occasional protests against breach of formal agreements have proved so futile that our governments have allowed for three and one-half years the publication in London of an organ of the Soviet, *The Daily Worker*, which flaunts the Hammer and Sickle on its front page, and openly cultivates strikes and sedition."

TO INDICATE how trenchant and deadly menacing have become the powers of satanic world revolution, known to have been financed principally in Russia by the Jew Jacob Schiff, and their growing powers thereby accounted for in the minds of all sane and reasoning men, the following preposterous announcement has been headlined under a London date of July 21st, in the Hearst papers:—

The American colony was baffled today by the case of a mysterious American and his wife who, according to the Daily Express, were told to "get out of England" and to "go quietly" because of anti-Communist activities.

This couple, Major and Mrs. Frank Pease, were asked to leave the country, the Express said, "because propaganda they were conducting against Communism is *not in the public interest*."

That's "telling the Gentile public in the British Isles" with a vengeance. It is evident that the Jewish overlords in

the British government consider thereby that Communism is in the public interest, or Major Pease and his lady would not have been handed their walking tickets—or rather, their swimming tickets—back to the USA.

However, a cablegram to *Silver Legion* Headquarters from the Major states: "Expensive fight won for the present," the implication being that something must have stayed the hand of British Jewry, the full particulars of which we are now awaiting.

The first intimation the Peases received that they were not wanted in England came after Major Pease had submitted to Lord Trenchard, head of Scotland Yard, a copy of his book, *Red Russia's World Web*.

ENGLAND'S plight at the hands of world Zionism is quite as fraught with volcanic retribution as America's . . . for instance, consider the fact that the Chief of the British Secret Service in this country until recently was one Sir William Wiseman . . . that the gentleman of that strategic position was involved in many enterprises that have been the subject of minute and costly investigations by our State Department, and that he has been best-known to American officials as one of the most active agents of Kuhn, Loeb & Company, particularly in South American projects which are never allowed to reach the columns of the daily press . . . and some idea is gained of the representation—or misrepresentation—of Britannia abroad.

And while on the subject of England, we are in receipt of photostatic copies of a postcard circulated through the British mails depicting on one side two plutocratic gentlemen of Semitic countenance seated at a table in dinner suits, where they have apparently been dining sumptuously. Above the picture is the slogan:

BRITANNIA RULES THE WAVE
BUT WE RULE BRITANNIA

It was the printed message on the reverse side of the postcard that particularly interested GHQ, however. We reprint it for the Jewish apologists verbatim:—

THE WHITE SLAVE TRAFFIC

Are you aware that *The Jewish Chronicle* of April 2, 1910, stated that "the Jews in this particular sphere of activity far outnumber all the other dealers," and added: "the Jewish trafficker in women is the most terrible of all profiteers out of human vice; if the Jew could only be eliminated the traffic in women would shrink and become comparatively insignificant?"

In flagrant defiance of the above, the League of Nations Report on the Traffic in Women and Children (1927) entirely suppresses the word "Jew" and describes the various Procurers, Procureesses and Brothel-Keepers as being English, American, German, Austrain, French, Italian, Spanish, Argentine, etc., whereas these infamous characters are, almost without exception, Jews!

The Jewish Chronicle is alleged to have declared that, remember! Please notice, in most all of the castigations

which *The Silver Legion* makes of this questionable people dwelling among us to our ethical detriment, as evinced by the above, the words of Jews themselves, or of Jewish books and publications, are used—not what some biased critic of Jewry projects out of his fanaticism, pique or spleen.

It is something to think about!

APROPOS of the Atrocity References made on another page of this issue, and for the edification of those sentimentalists who think that the program of the Red Terror was peculiarly Russian, consider some interesting items coming out of Hungary. On March 22, 1918, the Hungarian Soviet Republic was established. Its heads were Jewish Masons: The Minister of Public Instruction was Brother Kunzi (Cohen); Brother Jaszi, National Minister of the Soviets,

Brother Agonton Peter, Brother Lukasz, son of a Jewish millionaire of Budapest; Brother Diener denes Zolton, and above all, Brother Bela Kahn (Kohen), a criminal of the first order, who still enjoys the special protection of the Austrian Government.

The government of the Soviet was composed of Jews: the blood-thirsty Tiber Szamuely, Prime Minister of the Government; Alexander Garbai, Joseph Pogany, for the Army; Ronai (Rosenstengel) for Justice; Varga (Weichzelbaum) for Finance; Vince (Weinstein) as governor of the Capital; Moritz Erdelyi (Eisenstein), Delzo Biro (Bienenstock) for the Police.

Szamuely traveled about Hungary on his special train, an eye witness giving the following description: "This train of death rumbled through the Hungarian night, and where it stopped, men hung from trees, and blood flowed in the streets. Along the railroad line one often found naked and mutilated corpses. Szamuely passed sentence of death in the train and those forced to enter it, never related what they had seen. Szamuely lived in it constantly, and 30 Chinese terrorists watched over his safety. Special executioners accom-

panied him. The train was composed of two saloon cars, first-class cars being reserved for the terrorists and two third-class cars reserved for the victims. In the latter, executions took place. The floors were slippery with blood. The corpses were thrown from the windows while Szamuely, the Jew, sat at his dainty little writing table, in the saloon car upholstered in pink silk and ornamented with mirrors. The slightest gesture of his hand dealt out life and death.

Nice people, these Jews! Here in America, the leader of the same breed of Jewish Soviet Communism, is one William Giebart . . . his headquarters are sometimes in Cleveland, sometimes in Chicago . . . The Fish Report on Communism, in Congress, gives him notable mention . . . not only is Giebart a Jew, but practically all but two of the most active and deadly Red Terror leaders in the United States come of God's Chosen People.

Do we seem to bear down too heavily on individuals of this particular race? . . . explain how it comes about, then, that wherever we seem to look into despicable public de-

How Lies about Atrocities are spread over the world

A typical example. Declarations by Arthur Ponsonby, former Under-Secretary of State to the British Foreign Office.

During the war, when Antwerp, had fallen, churchbells were rung in Germany to celebrate the victory. The "Kolnische Zeitung" reported about this as follows:

"As the fall of Antwerp became known the churchbells were rung."

This perfectly harmless report was taken up by the "Matin" that passed it on as follows: "According to the "Kolnische Zeitung" the Antwerp clergy was compelled to ring the churchbells after the fall of the fortress."

"The Times" (London) passes the Matin's report on as follows: "Those Belgian clergymen who refused their permission to have the churchbells rung at the fall of Antwerp were dismissed from office."

Thereupon the "Corriere della Sera" of Milan reported as follows: "According to an authentic report of the Times, those unfortunate clergymen who had forbidden that on the fall of Antwerp the churchbells be rung, were sentenced to hard labour."

Then the "Matin" snatched up its own fictitious tale again and presented the following version to its readers: "As the "Corriere della Sera" learns from Cologne via London, confirmation has now come to hand that the barbarous conquerors of Antwerp punished the unfortunate clergymen who heroically had refused to have the churchbells rung, by hanging them up inside the bells with their heads downwards, thus turning them into human clappers."

Before You Come to Asheville . .

OUR CHIEF would be grateful if you would make your appointment in advance. He is the busiest of men, probably doing the labor of four or five persons of more than ordinary ability. State Commandant executives are coming to and from Asheville, on official business. His time is precious.

The chief is not a *difficult* man to see. There is a kindliness that would willingly give of himself to all whom he may help, but his time is precious and we know that you will be glad to observe this tactful request. He is laboring for you and for America with a totality of consecration. As everyone knows he is the crux of this titanic job to rid our nation of an alien domination and to institute the Christ democracy—a Herculean labor.

Before you come, unless called directly by him, make your appointments by mail in advance. He will sanction them personally. It will save much time and save possible disappointments should the Chief happen to be out of town. *Thank you.*

There is a book called "My Fight," by Hitler, recently translated into English and available in London, which is of transcendent interest in the way it parallels the *Liberation* program.

Certain passages are important in their indication of the factors which the *Liberation Magazine* has continually stressed. Hitler speaks in no uncertain terms:

"When we talk of new lands in Europe, we are bound to think first of Russia and her border States. Fate itself seems to wish to give us our direction. When fate abandoned Russia to Bolshevism, it robbed the Russian people of the educated class, which once created and guaranteed their existence as a State. For the organized Russian State was not due to any political capacity in the Slav race, but it was a wonderful example of the efficiency of the Germanic element in forming States among inferior races. This Germanic element may now be regarded as entirely wiped out in Russia. The Jew has taken its place. It is as impossible for the Russian to shake off the Jewish yoke by his own strength as it is for the Jew to keep control of the vast empire for any length of time. His character is not that of the organizer, but of a decomposing leaven. The immense empire is ripe for collapse; and the end of Jewish domination will end Russia as a State.

The present-day rulers of Russia have no intention of entering into any alliance honorable or of sticking to one. We must not forget that they are low blood-stained criminals, that it means dealing with the scum of humanity, and that, favored by circumstances (and guided by German

G.H.Q.) in a tragic hour, they overran a great State, and in a fury of massacre wiped out millions of their most intelligent fellow-countrymen, and now for ten years they have been conducting the most tyrannous regime of all time. We must not forget that those rulers belong to a nation which combines a rare mixture of bestial cruelty and vast skill in lies, and considers itself specially called now to gather the whole world under its bloody oppression. We must not forget that the International Jew, who continues to dominate Russia, does not regard Germany as an ally, but as a State destined to undergo a similar fate.

The menace which Russia suffered under is one which perpetually hangs over Germany. Germany is the next object of Bolshevism. All the strength of a young missionary idea is needed to raise up our nation once more, rescue it from the embrace of the international python, and stem the corruption of its blood at home, so that the forces of the nation, once set free, may be employed in preserving our nationality. If this is our aim, it is folly to become allied with a Power whose master is the deadly enemy of our future."

The last sentence applies too well to our American predicament. With no consultation of the people the alliance has already been an accomplishment. It takes no excess logic of deduction to plainly see that every move of the present and previous Administration has but enhanced the power of the International Bankers.

Those who want the evidence for themselves should make a point of reading carefully Louis T. McFadden's epochal Impeachment of the Federal Reserve Board, advertised in this issue. The corruption of practically every avenue of American life through the past decade can be traced to the machinations of this international group, including the complete control of the press, movies and radio, to the sex depravities being taught our youngsters through a hundred "respectable fronts" including the dope traffic and white slavery—a group who have looted our nation of the sum of over \$320,000,000,000. It is inane to speak of such facts so briefly. If you are not acquainted with all of the facts, join the Silver Legion! The Christ men are taking these matters into their own hands!

Headquarters is a clearing house for international information. The sinister power with which we are coping is world wide, and international news is of more than passing importance. On July 15th the London *Daily Express* runs the headline. 'PALESTINE ARABS TAKE PREFERENCE OVER BRITISH UNEMPLOYED. Sir Philip Cunliffe-Lister, the Colonial Secretary, surprised many M.P.'s by his announce-

ment yesterday that the British Treasury is to guarantee 2,000,000 pounds to Palestine.

"Only twenty-four hours earlier Mr. Runciman had flatly informed the World Economic Conference that the Government would on no account resume the practice of spending money on schemes to assist British unemployment.

"The 2,000,000 pounds is to be used largely to repatriate 900 Arabs. Details of cost were omitted."

The hand of the secret Jewish world government speaks plainly. Zionism gets its funds from the British Treasury for its Jerusalem, with a facility almost paralleling the effrontery of their tactics in America, only it seems that in England the newspapers occasionally get a crack at the measly sum of 2,000,000 pounds. What about \$320,000,000,000 American dollars!

There should be nothing mysterious about the present rule in Spain. Only America is kept in ignorance. Most of Europe knows that it is the product of influence from Moscow. A growing hatred is rising among the Spaniards, who were swindled out of their Gentile king under the pretext that he was "not sufficiently national" and are now prostrated before the car of the International Atheistical Juggernaut.

The *British Patriot* quotes the *Morning Post* to this effect:

"In Spain today robberies, shootings, and murders are daily occurrences in many towns and districts all over the country . . . agricultural laborers in Andulacia are massacring cattle and burning the farm implements, labour in industrial centers is increasingly at the mercy of gunmen, who shoot without compassion the man who has the temerity to work against their orders. And, as if Spain's cup were not full, she has been obliged to go still further . . . and has her Jacobins in the shape of the Iberian Anarchist Federation with its force of gunmen."

"The 'Special Correspondent' is 'astonished at the many analogies between the Spain of today and France of 1792, and speculates whether Azana is to be the Robespierre of Spain.' But if Azana attempts emulating Robespierre, whose claim to remembrance is the enormous number of human beings he caused to be officially butchered, Azana can hardly have forgotten to remember that Robespierre in his turn was executed, after attempting to commit suicide in prison. Moreover, Azana presumably knows (at least *The Patriot* has endeavored to inform him) that *Trotsky in January 1931 stated he only meant the Spanish Republicans to remain in power until they had destroyed their country's social structure; after which they would no longer be useful, and should themselves be destroyed.*

"When *The Patriot* gave the warning, even some of its own readers protested that Trotsky was 'unofficial' and had quarrelled with Moscow. To this *The Patriot* replied by showing that the Moscow official program, as published in the *Communist International*, was identical with Trotsky's. Now from Paris comes the rumor that Trotsky (Bronstein) and Litvinoff (Finkelstein) are about to meet and be 'reconciled', and when further it is predicted that Trotsky will be sent as 'Ambassador' to Madrid, and thence to Washington, it behooves Spaniards and Americans, as well as Englishmen, to pause and consider."

It remains to be seen whether the President of the United States will accept the "blood-stained

Trotsky, who from New York in 1917 embarked for Russia with his gang of torturers. And if Azana—the so-called ‘strong man’—is so weak as to allow Trotsky into Spain in an unofficial capacity, he will be signing his own death-warrant, as well as inviting the ruin of Spain.

“Although Azana’s indifference to the safety of the Spaniards is a byword, his care for his own person is equally notorious. The elaborate police protection, escort by troops, and other precautions against assassination, are in marked contrast to the habits of King Alfonso, who used to take it for granted that he bore a charmed life.

“Azana coveted and obtained the rule of Despot in Spain. He would most unwillingly vacate in favor of Trotsky. Let him therefore look to himself; for Spain is not wide enough for both Trotsky and Azana. It is to be remembered that however injurious to Spain the rule of the usurping powers, at least they are in name, though not in nature *Spanish*; whereas to embrace Trotsky as “Ambassador” would be tantamount to invitation to that octopus to squeeze the life out of Spain and enthrone himself upon the prostrate corpse of what in 1929 was still a flourishing and happy country.”

Is This Sort of Thing the Basis For “Recovery?”

(Continued from page 6)

They have worked through Gentile fronts, through subservient officialdom, through secret financial ramifications, to spread a network of general spoliation throughout most of the countries of Christendom. But they have yet to retain their questionable gains.

When the predominant Gentile finally gets it through his head that he has been taken for a ride in the name of his Christ and the non-resistant principles of his Christ, a day of terrible reckoning is inexorable.

Indications of it are spreading or springing up all over the land already

To date, however, little threatening of Jews is being done, so Jews are not aware of the menace increasing against them. Gentiles are merely discussing what is becoming clearer and clearer, among themselves. The hour is close, close, however, when the slogan from coast to coast will be: “*Make the rascals give it back!*”

Then we shall see how powerful Judah is. The story of the result is all in the Bible.

Odds and Ends

(Continued from page 9)

bauchery, international plotting, revolutionary conspiracy, always we come across either a Jew or a little knot of Jews.

Are we to close our eyes to this staggering and formidable fact, say it doesn’t exist, and pretend to do nothing about it, while day by day in every way, our national plight is getting no better fast. If we are ever to cure these sick United States, we must get at the bacilli that is continuously and insidiously poisoning her bloodstream.

Well, we can stand the charge of race hatred until we have made a fight for exact justice for the millions of our own flesh and blood who are hideous sufferers from a pestilence which they are assiduously educated to ignore.

When the Jews of America—or any other country—create an honest schism within their own ranks and discipline those “leaders” who are daily and hourly digging a world-wide pit for those of their own race wherever found, we will make common cause with them and see that justice is likewise meted out to them . . . but there are no indications of that happening at present.

Judahism prides itself on its “solidarity” . . . well, we Gentiles are going to pay more attention to our own solidarity hereafter, likewise, and our Jewish neighbors can call it by any other term they choose.

We are in this fight until the *economic* principles of Jesus the Christ are triumphant in this nation . . . Since the Jews have openly declared that they will smash and emasculate Christianity, and few among their own people have said them nay, we must accept the challenge and fight their racial activities on the basis of racial principles.

Our own people are uninformed; they misunderstand us, many times they revile us, and say bitter things in their ignorance of what lies at the bottom of their plight . . . but they are our own people, and deep in their hearts they trust us and are dependent on us for fair play.

Please God, The Silver Legion shall not fail them!

America too, may be forced to use a steel wedge to split a hardwood block!

“The Greatest Crime in History!”

(1) from the Congressional Record of June 10, 1932.

“I Hereby Impeach the Federal Reserve Board!”

(2) from the Congressional Record of May 4th and May 23rd, 1933.

The complete listing of the *crimes* and the *evidence* behind the tragedy of our national situation in the Impeachment of the Federal Reserve Board—speeches that rank with Patrick Henry’s “Give me Liberty or Give me Death!”, rousing patriots to the *stark reality* of the sacking of our Government by the International Jews.

Silver Shirts are Marching! . . .

A MIGHTY thing is happening in this nation!

The Silver Shirts are marching!

They are marching in Massachusetts, they are marching in California, they are marching in Texas, they are marching in the great agricultural States of the middle-west—Arkansas, Missouri, Iowa, Minnesota!

They are marching for God and the right, against the traducers of America's honor, against the satraps of privilege and the cohorts of lechery. *They are New Minute-Men ready to fire another shot heard 'round the world.*

And they mean to bring in the Christ Democracy in a nation lying prone and shuddering beneath the heel of an insolent oligarchy that seeks to perpetuate an archaic system of Depredation on the one hand and yet introduce a New Deal—of camouflaged Sovietism—on the other!

THEY are not always marching in the public streets. They are not flaunting their Silvered Shoulders along the gutters, or exposing their pure-white flag with its great scarlet "L" for the brickbats and excrescences of an alien adversary.

But they are marching, and their numbers are swelling!

From out of the great American middle-west comes a telegram crackling in its potency:

My Storm Troop anxious to proceed without penny and price to work that lies before us. The cause of the Christ Men cannot fail. We believed we are called of God to wrest our country from foes within and put it in the hands of our Christian Militia. If we go, follow us. If we retreat, kill us. If we die, avenge us. Blessings on our Brethren in Silver all over our nation.

More significant still is a letter that contains the following: "We are not complaining, and our loyalty is unaffected . . . I shall proceed with my Storm Troops on the faith that when our people hear about it, they will send increased gifts . . . I shall send Headquarters a group picture soon of our recruits and myself . . . All are of the very highest type of young Christian manhood . . . Our work in our Model Post has taught us many things—

- 1—It takes about three weeks for the idea to sink in.
- 2—Men who read the literature always come back for more.
- 3—The idea is certainly blessed by some Higher Power.
- 4—We know the adversary has cause to be frightened, for it does not know our strength. Although I have been officially undercover until now, it has been unofficially known that I was connected with the Movement. Already Christian people all over my territory are running to Major ——— and

myself every time they are abused by a Jew, or a bank, or overhear something of Communistic murmurings."

These are not isolated instances. The political leaders of America have failed the electorate. They have bowed to the despicable ukases of Mammon, and when no relief comes that truly relieves, they are faced by a tumult they cannot comprehend.

That which has been attempted in these United States since 1929 has sown the gale; now it is facing a reaping of the whirlwind.

A great Christ Militia is growing everywhere in America, coming to the real relief of a bilked and outraged Christian people.

It is coming to the rescue of an affronted and emasculated Constitution.

It is coming to the defense of those high, fine, unblemished principles laid down by the sturdy forefathers of this republic, that this nation under God shall have a new birth of freedom, and that government of the people, for the people, and by the people, shall not perish from this earth.

IT WAS bound to come! Evil digs its own pit and brings about its own execution. It carries its own scythe and sickle. It strikes down with its own weapons. The Christ Men of America will not stand for intimidation, they will not stand for venalty; they will not nod idly by and behold a great nation lapse into the filthy and unmanicured clutches of Hooliganism, brought to our shores to serve the Prince of Confusions.

America is going to be cleaned up!—we, the Christ Men, are going to clean it up!

We know with an unrefuted and unchallenged knowledge what the Public Adversary has done, collectively and singly.

We have a Plan and a Program that shall honor the precepts and sacrifices of Washington, Jefferson, Patrick Henry, William Lloyd Garrison, Abraham Lincoln.

We are deadly in earnest, we will not equivocate, we will not play politics, we will not retreat a single inch, and we will be heard!

The Christian peoples of America want leadership that is utterly sincere, that can be depended upon in any crisis, that does not traffick with foreign lecheries, that holds uppermost, first, last, and all the time, the highest interests of the predominant portions of all its citizenry.

All of it speaks in the Great White Banner!

It is the flag of New America's renaissance, graciously eager to ripple its pure folds *beneath* its venerated Mother-Flag—Old Glory!

Carry on, Soldiers!
