## The Silver Shirts Rewrite the Declaration of Independence

*Read with Care and Recognize the Changes*

**W**HEN, in the course of human events, it becomes necessary for a stable and God-fearing Christian element among our people to repudiate the political and economic bonds which have connected them with other elements among their brethren, and to assure to themselves within the structure of modern society the separate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to so define themselves, for the public good and their own longevity.

We hold these truths to be self-evident: That all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these rights are life, liberty, and the pursuit of happiness, *and in the case of Americans, the restricted prerogatives of freemen guaranteed to them by the expressed stipulations of the Federal Constitution*; that to secure these rights, the representative form of government was instituted among men of this western hemisphere, deriving its just power from the un intimidated body of the governed; that whenever any forms or practices of political, economic, or racial groups become destructive of such ends, *it is the right of the people to alter or abolish them, and to institute more equitable and perfected forms*, laying their foundations on such principles, and organizing their powers in such form, as to them shall seem most likely to effect their permanent safety and happiness.

Prudence, indeed, will dictate that governmental or economic forms long established shall not be changed for light and transient causes; and accordingly all experience

hath shown that men are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed.

*But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government or alter such forms, and to provide new guards for their future safety and security!*

Such has been the patient sufferance of this stable and God-fearing Christian element; and such is now the necessity which constrains them to take definite steps toward the public good and their own longevity.

The history of the non-Christian, non-American, and non-Gentile element, which has become falsely and insincerely domiciled among us since the foundation of this Republic, is the history of repeated injuries and usurpations, all having in direct object the establishment of an absolute racial, alien, and non-Christian tyranny over these states and their unsuspecting populace. To prove this, let candid facts be submitted to the world.

**I**T HAS refused to assent to laws, the most wholesome and necessary for the public good, while at the same time it has connived laws, ukases, and economic stipulations which operate toward the progressive emasculation of the time-honored provisions of our Federal Constitution, and toward the political, financial, and social profit and power of the members of one race particularly, constituting less than one-tenth of our whole population.

2 It has forbidden or obstructed, by duress brought to bear on legislatures or individual representatives of the people in those legislatures, laws of immediate and pressing importance which would protect others than themselves from

Feb 17 1934

economic and social convulsions, while it has at the same time promoted laws and strictures, by duress and otherwise, that would circumscribe others than themselves in the possession of lawfully minted gold and silver money, or in the pursuit of corporate and individual business enterprises unattended by governmental embarrassments, or in the ownership of lawfully gotten wealth to the end and aim that others than themselves must be subservient to them and become their bondmen.

3 It has connived, by individual intimidation on legislators or otherwise, to pass laws that endow the Executive with powers both legislative and judicial, and with no check or hindrance over the acts of such Executive, to the end and aim that our people shall not exercise freeman's ownership and rights of direction over their own financial wealth, their own estates, or their own lawful business projects, but at all times shall be subject to the judgments, fiats, and caprices of the Executive as an individual and with no popular jurisdiction placed over the said Executive as an individual excepting a Congress controlled in the main by venal political patronage or the promises of a political party of which the said Executive is the functioning head, thus nullifying in practice the essence of true representative government—an essence inestimable to them, and formidable to tyrants only.

**IT HAS** called together legislative bodies and legislative committees at places unusual, uncomfortable, and distant from the depository of both public and private records, to probe into private businesses, private concerns, private projects, and other enterprises of either a political or economic nature, for the sole purpose of clarifying the identities and activities of groups or individuals whose objects may seem inimical to its progressive despotism, that its agents or accessories may subsequently bring financial or social embarrassment to bear on the offending parties and erase them as deterring factors in the general scheme to perfect a permanent bondage over them.

5 It has emasculated representative legislative houses repeatedly, and visited odium and political and social ruin on officials, for opposing, with manly firmness, its invasions on the rights of the people; or it has brought unlawful federal duress, and threats, and abusive language and innuendoes, and fines, and warnings of imprisonment, on firms and individuals that have chosen to ignore its fiats toward despotism and conduct their affairs as formerly on the principles and prerogatives of the Federal Constitution.

6 It has refused for a long time to let legal and legislative steps be taken, having as their essence the effective suppression of alien propaganda, or non-Christian agitation declaring for the demolition of the Constitutional form of government; or to let legislative appropriations to be made investigating and destroying the treasonable workings of foreign powers and despotisms through their paid agents; the state remaining in the meantime exposed to all the dangers of invasions from without and convulsions within.

7 It has endeavored to prevent the free movement of the populations of states from urban to rural centers, fearing the loss of control over those populations if they became preponderantly agricultural and thus independent of predatory finance and urban political and social control; while at the same time it has connived to pass laws making it optional

with the Executive whether free-born American citizens, of age and possessed of full civil rights, shall pass from state to state for any purposes whatsoever in the event that those citizens shall be luckless enough not to be employed, or faced with lack of employment impelling them to move from state to state in quest of honest work.

**IT HAS** obstructed the administration of justice by creating and sponsoring propaganda viciously acclaiming the invincibility of criminals, thugs, gangsters and assassins, encouraging the intimidation of juries and the jeopardizing of court witnesses by threats of bodily violence to themselves or relatives, while at the same time furnishing a preponderant number of lawyers, attorneys, and bondsmen to protect and acquit such criminal agents, to the end and aim that Christian morale may be broken and the populace assailed ignominiously to the practical rule of the mobster, gangster and racketeer.

9 It has, in outstanding urban centers, made judges and officials dependent on its will alone for the tenure of their offices and the amount and payment of their salaries; it has threatened or otherwise sought to intimidate prosecuting officers who have sought to convict its agents; it has supplied moneys and questionable legal counsel in formidable numbers for subversive agents when apprehended in their depositions, and has boasted without successful challenge that its power does not fall short of controlling the federal Executive and the Federal departments when specific acts are of moment, enhancing its national despotism.

10 It has erected a multitude of new offices, ostensibly to function in returning national prosperity to a people whose public and private treasuries have been successfully pillaged and emptied by its agents, which offices have no cognizance under the Federal Constitution, and has staffed these offices preponderantly with its own agents or representatives of its own race, and sent hither swarms of officers to harass our people and eat out their substance.

11 It has refused to keep among us in times of peace standing armies of a strength adequate to protect our coast lines or the general public domain against neighboring powers of its own class, but has on the contrary openly encouraged all forms of disarmament in the name of peace and Christian pacifism, while at the same time seeing to it that countries in which it has a recognized and preponderant officialdom overseas are builded in the military manner to the height of efficiency and strength for attacking.

12 It has affected to render the military independent of and superior to, the civil power, contiguously placing the intelligence and espionage forces of the Federal government under a centralized official who may be one of its own agents and provocateurs, wholly unhampered by any restraining hand of the Congress and responsible only to itself for the apprehension of criminals or subversive agents.

13 It has combined with others to subject us to a jurisdiction foreign to our Constitution and unacknowledged by our laws, giving its assent to their acts of pretended legislation:

- a. For inflicting large bodies of unnecessary officials upon us to administer an unsound economic Recovery act;
- b. For protecting from punishment these unnecessary of-

ficials when they pursue methods of threat, boycott, or verbal abuse;

c. For cutting off our trade freely with one another by imposing impossible financial and economic restrictions, intra-state regulations, banking practices, and the arbitrary setting of work-hours, wages, and prices;

d. For imposing taxes upon us without our consent in the form of bond issues which our people have no way of approving or disapproving until they are binding upon us;

e. For depriving us, in many cases, of trial by jury and its benefits, in that final decisions in regard to alleged violations of a national recovery act and its provisions may become arbitrary with the Executive;

f. For transporting many of our young men into Concentration Camps where they are held to unnecessary, impractical, and senseless employment, and circumscribing them with regulations not unknown in camps containing convicts and felons;

g. For abolishing the free system of competitive business pursuits by making it incumbent on the participant in a new business enterprise to first obtain the sanction of his established competitors, and thereafter to have his application reviewed, and his permit granted, by representatives of a federal bureaucracy upon the plea of the debatable public necessity for such business, all tending to restrict and discourage business valiance and individual initiative;

h. For taking away our government departments and the functions of cabinet executives under the excuse of economy in federal administration and concentrating their activities in the hands of known sympathizers of a soviet committee system, agented by members of its alien race.

i. For suspending our Congress at its will when an empty form of legislative authority has been complied with, by making further legislation appear unnecessarily expensive and futile as soon as its own fiats and ukases, or the power for them, seem to have been derived.

IT HAS abdicated government here by declaring that the old and approved forms no longer suffice a progressing generation, instigating new and alien forms which are largely represented abroad by atheists and syndicalists, thus waging war against our most cherished Christian institutions.

15. It has plundered our Treasury, ravaged our corporations and the values of our securities, and in cases destroyed the lives of prominent officials, financiers and legislators when the principles and activities of such have challenged its depredations.

16 It is at this time transporting large armies of foreign mercenaries, in the form of spies, agents, provocateurs, agitators to violence, sovietist sympathizers, thugs, assassins and incendiaries, to complete the works of death, desolation, and tyranny already begun with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages in the countries of eastern Europe, and totally unworthy the character of a civilized nation treating with other civilized nations in diplomacy and trade.

17 It has constrained our fellow Christians, taken captive by reason of their inability to escape from Russia, to bear arms against their brethren, to become the executioners of their friends and relatives, or to fall themselves by its hands.

18 It has excited domestic insurrections amongst us, strikes,

boycotts, and social convulsions, and has endeavored to bring to bear upon our adolescent or illiterate populace a form of false culture whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions, spiritually, morally, religiously, and physically.

IN EVERY stage of these oppressions there have not been wanting enlightened individuals who have protested or petitioned for redress in the most civil terms; their repeated petitions have been answered only by repeated injury.

A racial lament whose character is thus marked by every act which may define tyrants, is unfit to be the ruler of a free people or to pursue the quest of normal intercourse.

Nor have we been wanting in our attention to the rank and file of this un-American minority element. We have warned them from time to time of attempts by their Elders, their Spokesmen, and Agents Provocative to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our forefathers' immigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common humanity to disavow these usurpations, which would inevitably disrupt our connections and correspondence. They too, have been deaf to the voice of justice and *noblesse oblige*, taunting us as being weaklings; of being envious of their questionable success; of being stupid bigots whose protests are naught but gestures in race hatred or religious bias.

*We must, therefore, acquiesce in the necessity which denounces our separation, and hold them as we hold the rest of mankind—enemies in war; in peace, friends, but only as they foreswear their megalomania toward this despotism!*

WE, THEREFORE, the representatives of the Great Silver Christian Militia of the United States, appealing to the Supreme Judge of the World for the rectitude of our intentions, do in the name and by the authority of the good people of this Union, solemnly publish and declare that we, and our children, and our children's children, and our Christian institutions are, and of right ought to be, free and independent of this racial blight which has worked so vast a havoc on us; that we are absolved from all allegiance to those factions in our Federal Government who work publicly and privately, officially and surreptitiously, to make our bondage to them complete and permanent, and that all political and economic connection between us and them is, and ought to be, totally dissolved; and that as free and independent Christians and Americans, we do have full power to exert ourselves to bring the utter downfall and demolition of those factions, regardless of the open forms they take, to levy social warfare if alien violence be directed against us, to conclude peace, to contract alliances, to establish commerce, and do all other acts and things which independent freemen, born under the Federal Constitution, may of right do. And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.

# Russia in Convulsions

## Unreported by Press . . .

**A**N EVENT of world-wide interest recently occurred in Moscow, although no mention of it has been allowed to trickle through the official Soviet censorship.

From a Silver Shirt representative in Switzerland comes the smuggled news that the immense, nine-storied building of the OGPU on the Square Lubianska *has been entirely destroyed by fire!*

The OGPU is the abbreviated name for the Soviet Secret Police, sometimes known as The Order of the Betrayers of Brothers. Its recently constructed edifice was a technical marvel and it seems absolutely impossible that it could have been annihilated accidentally.

Each door was guarded night and day by sentries; nobody could penetrate into this veritable fortress without a written authorization.

The building was the central stronghold of the Soviets. The secret archives of the Third International were preserved there, as well as all reports from agents abroad. There were laboratories, large stores of ammunition and explosives, courts of so-called "justice", *and torture chambers in the basement!*

**A**LL TRAFFIC was stopped in the streets immediately after the disaster. The inhabitants of Moscow heard the explosions and saw the flames, but the newspapers were forbidden to make any reference to the catastrophe.

Even the fire-brigade members were threatened with the death penalty if they related to outsiders what they had seen. The news leaked abroad very slowly through the personal reports of eye witnesses.

The Soviet government, with its usual flare for barbarity, at once proceeded to arrest about a thousand people, mostly government officials belonging to the OGPU. It seems that even in this best of all possible countries, according to the propaganda which floods the United States, even the members of the Third International secret police cannot and do not, trust one another and go about on provocation arresting their own members.

Treason was obvious, for the fire could not possibly have been due to accidental causes, as it started simultaneously in a dozen places which were inaccessible to the general public. The incendiaries must have been officials themselves, free to circulate at will in the building, unchallenged by armed sentries.

The incredible rapidity of the conflagration was due to the fact that chemicals kept in the laboratories had been obviously sprinkled all over the premises. The fire can only

be interpreted as an overt act of hostility to the Soviets, motivated by the desire to destroy incriminatory documents. It must have been the outcome of a political plot, in view of the fact that several millions of people have been starved to death this winter.

**A** NUMBER of fires and explosions had already occurred on several days prior to this major catastrophe and scores of people had been incinerated, and additional scores arrested in consequence. The destruction of the great OGPU headquarters was probably organized in retaliation for atrocities inflicted on innocent citizens, unjustly suspected.

*Russia is beginning to awaken!* The smashing of the great Jewish international murder-bund is merely a question of time. Already the white Russian emigres and monarchists throughout the world are commencing a concentrated closing-in movement and with practically no money forthcoming as yet in any great quantities from the United States Treasury, the position of the Soviet officials is precarious.

German illustrated papers have recently printed reproductions of a gigantic *Tower of Babel*, which the Soviets have declared they intend to erect on the site of the demolished Cathedral of the Savior in Moscow.

This colossal edifice, which is intended to be higher than the Eifel Tower in Paris, is to be crowned with the statue of Lenin.

Will this monument of insane arrogance really be erected on the spot where the desecrated sanctuary formerly raised its graceful dome to heaven? If so, where can the money possibly come from? Russia is so hard-pressed for funds that she is frantically trying to float an issue of Soviet Treasury bonds in the United States, as reported in a recent issue of *LIBERATION*. With millions actually starving, and the prospect of Japan attacking her Jewish murder oligarchy at an early date in the Far East, she would apparently hoodwink the world's press into believing that all is well behind the Soviet Red frontiers.

*The facts of the case seem to be that Red Russia is on the verge of a series of internal convulsions!* The slaughter in cold blood of millions of Gentiles by Jewish commissars could not go on forever, without reaction setting in. The attempt may be made to compel famished slaves to perform this accursed Tower of Babel work, but long before its completion the repudiation of Red Russia on the part of the United States under the predominant influence of Silver Shirts may send the infamous Third International down in stupendous debris.

Who knows? The destruction of the OGPU stronghold may constitute a *Mene, Tekel*, a sinister presage of the fate reserved for the present rulers of Holy Russia and their conniving affiliates throughout the earth!

# Understanding the Jew . . .

By H. Sing Woo

R. WOO is a native of China, and was educated in American and European Universities. This present article is in reality, the body of a letter addressed to an American teacher who "Requested his impartial observations and opinions on the Aryan-Jewish relationship." The article follows:

A domiciliary visitor in the Christian world, where about eighty-five per cent of the Jews also reside, it has been my privilege to observe Aryan-Semitic relations for almost a quarter of a century. This study has been a serious avocation for which I am happily qualified, being conversant with the important languages and dialects of both peoples and by virtue of a scientific interest in racial origins, mental processes, ethics and religions.

I am neither a Christian nor a prospect for conversion to Judaism. There is a so-called Buddhist-Christian in the family, a cousin by marriage, but he is wavering between St. Francis d' Assisi and Mrs. Eddy and probably will be converted to something else later on. Any other influence that might attach because of his presence is offset by actual, if remote, relationship to the Russian Jews, who are converts to Judaism and of a racial strain out of south-eastern Asia.

When my interest in Aryan-Semitic relations was first aroused, Christian tolerance of the *different* Jews and apparent resignation to the perpetual presence of that most disturbing tribe presented a mysterious and inexplicable problem. *Toleration* seemed to be a fetish of the Aryans and *persecution* a kind of magic symbol of the Jews.

Seeking enlightenment, I soon discovered that practically all readily available material on this subject actually was the product of Jewish propagandists. The great public and institutional libraries, replete with tomes on all possible phases of innumerable less vital topics, offered nothing of scientific worth. Newspapers and periodicals religiously refused to publish any news or opinions that might cast discredit on the *Children of Israel*, even to the extent of excluding important data in the field of anthropology and the related sciences.

Here was a challenge that I could not ignore. And in offering these notes it is necessary to accept another challenge, for I have been urged to forego even brief publication lest I be accused of dishonest motives and, possibly, subjected to duress and violence.

At the outset, I make bold to declare that there is no *character fault* in the Aryan peoples that will permit them to harass, hinder or molest Jews on any such flimsy grounds as jealousy or envy, or because they are peace-loving, in the minority, or opposed to assimilation, as some blatant Zionists infer. Just as the undersized individual invariably considers himself a mental giant, unappreciated and abused, so this racial remnant claims superiority and alleges jealousy and persecution.

I am satisfied that Aryans have consistently erred on the side of tolerance, indulgence and liberality, by allowing the Jews to deviate too widely from Western standards of morality, by ignoring the religio-political activities of Hebrew head-men, by permitting various immunities and by granting special concessions, mostly of a kind that the Jews are too weak to resist. Such generosity on the part of Aryans may be compared with the lenity that hale and good-natured adults display to puny children, and indicates willingness to meet the Jews more than half-way, to be more considerate than might reasonably be expected, and nowise suggests hatred.

As a race-conscious minority the Jews are cantankerous, eager to take offense at imaginary oppression, nurse a chronic *persecution complex*, and are fundamentally parasitical. They seem determined to run rough-shod over their hosts and make them like it, while the Aryan majority endeavors to play the "big brother" without losing face and, at the same time, avoid being so trampled.

"If you give them an inch they will take a mile," was first said of the Jews.

The problem inherent in the Aryan-Semitic relationship cannot be solved until Aryans understand the Jews and entertain them only on the basis of that intelligence. To arrive at such understanding it is not at all necessary to delve into the religious writings of the Hebrews or trace their spoor through the pages of ancient and medieval history. Historians of the old school, who resolved epochs into the antics of a few ridiculous figures on a back-drop of ancient dogma, did not concern themselves with that chemistry of mankind which treats of racial elements, their distinguishing properties, affinities, laws of combination and relations to one another.

It will suffice to note that the Jews were at first well-received, even favored, in all Aryan countries where they were later checked and disciplined, and from which they suffered expulsion; and that, in order to avoid serious strife, all European states have been compelled to restrain them from time to time down to the present year and day.

One should remember, too, that theirs is a one-race religion, including a utilitarian system of ethics which holds individual welfare to be the chief good, that is, the greatest possible satisfaction of their nature; whereas, Aryan religious orders embrace all races and embody a social-rationalistic moral code.

*Aryans are social-minded while the Jews are only race-minded.*

*The sense of obligation, the feeling of oughtness, is not common to Israelites.*

*Love of humanity is an Aryan affection, foreign to most other races.*

Religious liberty could not possibly have been a conception of the Hebrew mind.

Above all, one should be familiar with those laws which

govern the behavior of racial minorities, observe the phenomenon of race-consciousness, and notice the congenital attitudes, doctrines and modes of thinking that enter into the very heart of Jewry, that constitute the essential Jew.

The Hebrews have numerous parables to the effect that they are destined to rule the world and that all other peoples, like beasts of the field, were created by Jehovah to serve *His Chosen People*. Three thousand years of rabbi-craft have developed a racial psychosis that no more questions the ultimate fulfillment of that role than it questions the multiplication tables. They aspire to "ride and rule" who *never* maintained an independent government of their own and who cannot dwell together in considerable numbers save under the protection of the Aryan state!

I have yet to meet a race-conscious Jew who does not indulge the superstition of Hebrew superiority and harbor the fantastic belief in some awful mental deformity—a survival of recent barbarism, the rabbis say—that prompts Aryans to go *berserk* at intervals and persecute innocent and defenseless Israelites.

That they might scrutinize their own behavior in an effort to locate possible causes of occasional impatience, suspicion and distrust on the part of Aryans, never occurs to the opinionated tribe of Judah. "*God's Chosen People cannot be other than RIGHT in their relations with inferior races,*" sums up their attitude precisely. As a matter of fact, they suffer from chronic inability for self-analysis and manifest the total absence of a corrective to personal, religious and racial bias.

The self-love of the Jews, their desire for approbation, is a phenomenon that has been neglected by social psychologists. This proclivity is manifested very early in the children of all races as well as by the more intelligent domesticated animals, as the horse and the dog, but in no other branch of the human family is it to be found so markedly in adults. Their desire for approval appears in combination with a morbid self-distrust which needs a constant reassurance to alleviate it. Thus it is that the Jews support a prodigious body of racial spokesmen, encomiasts and full-time yes-men.

They are deaf to any but favorable comment and consider themselves ill-treated when not positively coddled. All interference, all inconvenience occasioned by established authority they deem to be persecution. Like children they pout and snivel when compelled to comply with the simple regulations which relate to the health, order, safety and comfort of the whole community. Other evidences of fixed-juvenilism consist in a boasted honesty which is merely a reaction against it; the possession of what the popular phrase declared to be a broad mind, in reality a limited range of judgment; a propensity to prejudge from feeling; a tendency to undue emotional excitement; the invention of fictitious *rights* and creation of imaginary *wrongs*; the habit of projecting their subversive and disruptive traits into others, and a most morbid interest in sex.

*The sin of Aryans has been the half-approval of such behavior in the Jews as would be visited with quick punishment in their own children.*

Jewish evil-doers consider themselves racial and religious martyrs when apprehended and punished, and many express the silly belief that courts and juries are unduly severe with

them because of the alleged condemnation of Jesus Christ by the Sanhedrin of the Hebrews about nineteen hundred years ago. Of course, the tendency in all Aryan countries has been, and is, to be much too lenient with Jewish offenders.

"*It is a crime to get caught*", has been a secret slogan of the Israelites for centuries. Their stock apology for evil-doers is: "*There are good and bad people in all religions.*"

It is a tragic indictment of the Jews that they produce criminals, racketeers and other anti-social elements numerically out of all proportion to the race. To verify this fact one has but to examine police and court records in any city where such files indicate the race of each culprit and are open to public inspection. I have made an investigation of that sort. My findings involve seventy-one jurisdictions in Asia Minor, North Africa and Europe, except the U. S. S. R., cover a period of thirteen years and indicate but seven noteworthy offenses committed less frequently by Jews than by Aryans. They are: prearranged dueling, assault without weapon, vandalism, poaching, involuntary manslaughter, suicide and impersonating public officers.

Among other crimes and misdemeanors, arson to defraud insurers was 84 times as frequent among Jews as among Aryans; adulteration of food products, 34 times; assault with weapons, 4.2; bribery, 5.3; murder with premeditated malice, 3.7; murder by poison or bacteria, 5.5; murder by explosives, 9.4; patricide, 1.7; infanticide, 2.6; smuggling and other customs violations, 12.4; embezzlement, 3; robbery, 2.8; burglary, 4; cruelty to animals, 5.6; contributing to the delinquency of children, 7.5; other crimes against children, 2.7; counterfeiting, 21.8; extortion, 7; false and misleading advertising, 31.5; inciting riots, 126; hired assassins, 10.4; life, health and accident insurance frauds, 20.4; banking and exchange frauds, 16; forgery, 9; income tax evasion and other tax frauds, 19.4; criminal manufacture, sale or possession of narcotic drugs or other contraband merchandise, 12.5; violation of laws designed to protect labor, 14.6; criminal gaming and lotteries, 40; obtaining money or goods of value under false pretenses, 17; defrauding innkeepers, 6.2; sex crimes, 5.7; violation of license provisions, trade regulations or laws which relate to the conduct of business, 28.5; violation of marriage laws, 4.5; concealing attachable assets, 71; abandonment or failure to support dependent parents, wives or children, 2.4; short weight, count or measure, 82.5; receiving stolen property, 29.4; investment frauds, 18.3; unauthorized practice of the law, medicine or other licensed professions or vocations, 55; evasion of military training or service or other military crimes, 20.9; petty theft, 4; abduction, 8.8; criminal use of assumed names, 42.5; violation of sanitary or public health regulations, 15.9; sabotage, 24; espionage, 15.5; grave-robbery, 11; all political crimes, 26.

The foregoing findings, startling as they may seem, fall short of disclosing the actual extent of crime among the Jews. Many succeed in concealing their racial extraction by using false passports, aliases and other devices. Some escape arrest, trial and conviction through political connivance. Virtually all Jewish criminals in Europe are members of so-called *workers' defense* organizations which provide able counsel usually in the persons of well-known and respected Aryan lawyers.

Jewish *master minds* who hide behind lawful or appar-

ently legitimate business enterprises while they engineer forays, direct marauding, receive and dispense stolen merchandise, control crooked gambling, profit from vice and dope, play politics and sell *protection*, exist in some cities of the Old World just as they do in many parts of the United States and Spanish America. *Of course, they are just Jewish boys trying to get along in the world!*

The entire population of a Ghetto has been known to contribute to the defense of a Jew charged with some heinous crime, and in the case of *big shot* criminals, revolutionists and professional assassins, contributions come from all parts of the globe. *The Jews are noted for their splendid solidarity!*

Usury, defined an iniquitous, excessive or illegal interest, is an invention of the obdurate Hebrews, whose propensity for *easy money* is another distinguishing trait. Penalties now vary from forfeiture of the excess of interest to the forfeiture of principal and interest and, in some cases, fine and imprisonment. My investigation included about two hundred cases, of record, wherein Jewish loan-sharks (some operating as workers' loan societies) exacted an average of almost 300 per cent on small loans to boys, working girls and widows. One dollar per day on a ten dollar loan, or 3,650 per cent was the interest collected, under threats of physical violence, from a 15-year old worker. In twenty-four European cities 2,731 complaints alleging usury were pending against Jews to but 10 against non-Jews; the whole score, on the basis of proportionate population, being 3,927 to 1 in favor of the Israelites. Some game!

Movements to restore usury to the criminal code, on foot in several countries, are brazenly denounced by Jewish leaders as the beginning of a "spiritual epidemic of anti-Semitism". *This tribe boasts of its financial genius!*

That the Jews are veritable carriers of revolutionary virus and the germs of unrest, is a well-established fact. Police records in nineteen cities indicate that they constitute over 70 per cent of all Anarchistic and extreme terroristic organizations; approximately 85 per cent of the directors, editors, organizers, agitators, strike promoters, speakers and secret procurators of the Communist Party and affiliated bodies, and almost 65 per cent of the leaders in Syndicalist and left-wing or radical Socialist societies.

Jewish revolutionists present interesting studies of thwarted individuality. There is little *divine discontent* in their radicalism and their gusty ideals are often grounded in self-interest. Most of them start as lazy, incompetent and disloyal craftsmen in the needle-craft and other light, shop-trades, become petty labor leaders and employ the weapons of the proletariat—the strike, the boycott and sabotage—in an effort to *muscle in* and become partners or share-holders in factories and workshops. If successful, they become brutal employers and generally operate on the sweat-shop plan. Upon failing in business they have but to dust off the family copy of *Das Kapital*, join the Communist Party, participate in demonstrations and hunger marches, promote hopeless strikes, and help make the workers *class-conscious* through the medium of police batons.

It is conceded by most Chinese radicals that our unhappy country was saved from annexation to the Soviet Union only by the greed and personal ambition of Jewish free-booters who were sent in by the Communist International as revolutionary technicians, military strategists, engineers, teachers

and financial wizards. *The adaptability of the Hebrews, they point out as deserving recognition and high praise!*

Throughout Europe, as in the British Empire and America, an ever-growing number of Jews masquerade under well-known Aryan family names. Many change cognomens in traveling from place to place, and it is not at all uncommon to encounter three or four brothers slinking about under as many aliases. Persons in rightful possession of ancient and honorable patronymics are always accused of intolerance when they protest such wrongful appropriation. At the time of writing there is an epidemic of name-changing among the Jews of Great Britain and the Northern countries. Names with the Scotch *Mac*, the Irish *O'* and *Mc*, the Norman *Fitz*, the Scandinavian *-sen*, the English *-son*, *-man*, *-ing*, etc., seem to be most popular.

A young Hebrew whom I met in the West of England, some years ago, was called Hymie Silverstein by his grandparents, Harry Sylver by members of his immediate family, Harold Sylvester by his employers and Nicolai Litviouff by fellow members of the young communist league. I never learned his correct name, which might well have been *Koph ben Koph*, nor did I manage to unscramble his multiple personality.

In this connection, many Jews explain that their racial prænomenia are most difficult of pronunciation by Aryans and that, anyway, "nobody has a patent on a name". My suggestion, that they select family names from about five hundred thousand unused, easily-pronounced and even musical combinations of Roman letters, probably will not be kindly received.

The conduct of shops, offices and business establishments under the names of non-existent persons, founders and former owners, impersonal appellations and fancy titles, I have found to be from 160 to 190 times as frequent among Jews as among their Aryan competitors.

*The Jews brag of their inventive genius and originality!*

Although but rarely charged with teaching their children to hate Christians, Jews frequently volunteer to defend themselves on that score. From my own observations, residing in or near Jewish communities in several countries, and understanding both Yiddish and Ladino, I can affirm that there is a fixed undercurrent of hate in the tribe, and that the young are systematically taught and encouraged to disrespect, distrust and despise Christians and their institutions. I have yet to encounter a Jewish boy of ten years of age or over who cannot recite from memory the rabbi's explanation of the circumstances surrounding the birth of Jesus Christ!

Excepting only the nomadic Gipsies and certain uncouth elements of the desert countries, the Jews are the most foul-mouthed of all human beings, and it is significant that the words and phrases they commonly employ to designate non-Jews of both sexes and all ages and conditions are of profane derivation when they are not opprobrious epithets. Of course, I except from this general indictment for vulgarity many Jews of the intellectual classes and some of the upper financial strata, who have learned good manners from their Aryan hosts and often compare favorably with, but never excel, Aryans of similar classifications. There is an aura of *gaucherie*, inelegance and vulgarity about the race that not more than one in a thousand escapes.

I have it on the authority of a celebrated critic that virtually all obscene and filthy stories and pictures, produced for sale to curious boys and morbid adults, are the products of Jewish minds. They are large consumers of *pornographic* literature and, in fact, control the market in that sort of merchandise.

*They claim to be the aristocrats of the world!*

Concerning the alleged intellectual and cultural superiority of the Jews, one has but to canvas the catalogue of genius and check a few family trees to learn how pitiably scarce important men and women of even reasonably pure Semitic stock really have been. There are a few, it is true; individuals who, by dint of great effort or good luck, detached themselves early in life from the materialistic and *border-line* atmosphere of the Jewish home and community; who were tutored by, absorbed the culture of, and spent most of their lives with, Aryans. Most great "Jews" however, are of mixed ancestry, thoroughly Aryan in personality and character, and neither embrace Judaism nor represent themselves as Jews. Many of them have been Christian converts.

In recent years Jews have had a disproportionate influence in law, medicine, the theatre, journalism and popular music, all highly remunerative occupational arts; and in these departments of endeavor their greatest genius has been that of showmanship. Music, selling, medicine, revolution, atheism, philanthropy, poetry, crime, science, education, usury, statesmanship, religion or what not, are *rackets* to the supine Jews. "You've got your racket and I've got mine," is a common saying among them.

*No Jew can sing at his work or laugh at his own mistakes!*

Like a magic word out of the Cabala, *assimilation* enchants the more religious members of the clan and starts a flow of shekels into the pockets of the rabble-rousers. *Assimilation* refers to a supposed tendency or, rather, design on the part of Christians to convert the Jews by coercive means; to lead them astray from the religion and customs of their fathers; to adapt them to Christian uses; to absorb them for the growth, support and perfection of Aryan civilization; in short, to blot out the race. It is a weird superstition of the multitude and a conventional lie of the wail-jerkers.

A magic word! A confession! A defense!

The merest tyro in the study of races knows that such minorities abhor being *different* and tend to break down the barriers of caste, to erase their *conspicuous unlikeness* by merging with, by losing their identity in the dominant race. It is the process of amalgamation, of *going native*, that starts with denying race and religion, adopting the language, customs, dress, names, manners and occupations of the majority, and ends in mixed marriages and final expunction.

In this case the proceeding has been retarded, not by the minority but by a superimposed Aryan ideology which considers the Jews incorrigibly decadent and anti-social.

One other fact remains to be specifically noted in this connection. The Jews were originally short, with black hair and eyes, a swarthy complexion, full lips and a characteristic nose. Blond babies, when they occurred, were put to death and their erring mothers severely punished. Today, the Jews are of almost even stature with their Aryan hosts. Fewer than 40 per cent are fair replicas of their dark-skinned ancestors; about 13 per cent are true blonds, and those remaining are of intermediate type. The characteristic nose

is gradually disappearing. Blond babies are no longer taboo. Jewish authorities attribute these changes entirely to climatic conditions.

Any serious study of this problem will disclose the fact that the Jews are not threatened with assimilation, and will be climaxed with the discovery that they are undergoing a tedious and humiliating process of rejuvenation by the gradual influx of Aryan blood. Statistics collected from all parts of the world indicate that marriages of Jews to Aryan women outnumber Aryan unions with Jewesses almost 400 to 1.

A mental aberration that completes the grotesque pattern of Jewish character can best be indicated by certain idiotic apothegms that all members of the race cherish:

That the Jews are a pure, unmixed race; always intellectual and the most pious and moral of peoples.

That there is a Jew behind every king, emperor, dictator, president, governor and pope.

That the geniuses of all time were either Jews or had Jewish grandmothers.

That the Jews originally were invited into Europe as an eugenic expedient, and that the best people of Europe and America have some Jewish blood.

That Christian girls prefer the attentions of Jews and, after marriage to yokels of their race, usually seek Jewish lovers.

In conclusion, I aver:

That all *incidents* involving Jews and Aryans which I have personally investigated, and they have been many, were greatly exaggerated by Jewish spokesmen, their press and the telegraphic news services which they control.

That, although I have diligently searched in several countries including Nazi Germany, I failed to uncover any evidence to support the claim that Jews are tormented or molested, in any degree, without just cause and ample provocation.

That the cry of race and religious persecution has, in every case that has passed under my observation, served as a smoke-screen to conceal crime, immorality, disloyalty or revolutionary activities on the part of Jews; and

That no Jew of our period has suffered persecution for his religion, for atheistic utterances or for anti-Christian propaganda.

### The Silver Legion Manifesto

(Announcement)

IT IS staggering for Silver Legion executives to realize that in one year *the issues which Liberation first raised* have captured the intelligent citizenry across the nation—that the chief problem is no longer *education*, but *organization*.

Basic premises are now accepted. It is a matter of training an army to reach specific objectives.

With a near issue of *Liberation these objectives will be set down in a document that shall be the banner of freedom and righteousness through the coming years, the tocsin of rigorous fact demanding the ardent use of brain and blood, and the constructive CHALLENGE to the enemies of our God and country. . .*

# The Earth Runneth Mad

**M**Y DEARLY BELOVED: I come to you telling you that which seemeth right for you to know; I come telling you to be glad of heart that ye are Chosen and Elected to do a goodly work;

2 I say to you: Be glad, be loyal, be upright; we have much to discuss this night.

3 I say to you, speech cometh from my servants helping the plan in that ye are helped to do your work and find release in that which perplexeth you.

4 I say to you, my servants are loyal and eager so to serve you ever: ye are not asked to do that which ye are doing, alone; know that they surround you and harken when ye summon them to aid you.

5 I say to you, beloved, call on them: it giveth them joy to be of such service; I say more to you this night:

6 I say to you that men are waiting the voice of someone whom they know not, except he is of me.

7 Men are asking: Whence cometh he? who taketh us from this snare of earthly tribulation? when cometh the time when we are released? behold we suffer long, enemies surround us, snares are set for our feet, we seek him who leadeth us unto the true God;

8 We seek him earnestly: he cometh not: we hasten his coming by asking of him; Lo, are ye he for whom they call though ye know not the way thereof at present.

9 That way I discuss with you.

10 Know ye, beloved, that it hath been a goodly time since we listened one to the other and said unto ourselves: We make a bargain: we both go into flesh: we seek to give mankind a sign that he is coming into a millennium if he but hear the Voice of the Son.

11 It hath been a goodly time since we said, each unto the other: Let us manifest in flesh again and see that mankind hath reason to know us by our works.

12 I say to you, beloved, our Pact hath been kept to the date hereof: ye have found yourselves in flesh; ye have marvelled that memory hath not come to you: ye have asked me for memory:

13 I say unto you, it cometh in season; ye have been grievously tormented by ignorance; ye have winnowed the wheat from the chaff of experience and learned indeed to know whom ye are: ye have heard my voice:

14 Now I say to you, the Pact was twofold:

15 First cometh the Mission: we are manifesting unto men that they may know that they have saviors, that the world is not a wilderness in which they are lost sheep, that we come to them with rejoicing saying: Praise ye the Father, He hath sent us to minister unto you.

16 That part of the Pact was voluntary: I said, Behold I go back to men in flesh though it humbleth me: I descend unto physical form though it paineth me:

**O**UT of the vastness of Cosmos the Psychic Antennae tune in on a Voice. If the Word was made flesh and spake once to men, how much stranger may be its pronouncements when the handicaps of the flesh are perished? If we cannot believe this, to Whom or What shall we look for authority of commitments like the following . . . . .

17 Ye said: Let us but go with Thee, thus cometh a privilege.

18 I said: Go through into the world and I come after you by different means, using phenomena to accomplish that which men see.

19 Now we come to the time of that seeing: men are awaiting it;

20 As I have told you, there cometh a time when ye are caught up into a high place and preach me before potentates and powers;

21 Lo, I call you and ye respond; lo ye call me and I respond;

22 But ye know not *whereof* I respond.

23 That part of the Pact is one fold: the second fold cometh thereafter.

24 Lo, men shall be perplexed: the earth shall run mad: multitudes shall pass to and fro, shouting their terrors: they shall cry, A miracle hath been done! Christ the Lord hath been seen! Came He in a high place, seen by all attending! Raised He His hand in rebuke and said: *Peace be to the nations, lest I destroy them!*

25 They cry with a loud cry, those multitudes; they seek explanation; they come to you saying: Appeared He not at your behest, in that ye did call on His name? explain ye Him or we slay you! devils or angels are ye, what tell we our children concerning you?

26 I say to you, beloved, the second part of the Pact then cometh: ye do arise in contriteness and yet in power and say unto them:

27 Nations, hear us! we speak by foreordination! long have we understood that this was to come to pass: long have we prepared for it: long have we known that men were reaching the point where it was necessary;

28 We did make a Pact with Him whom ye have seen with your eyes: we came to earth to herald Him whom ye have seen: yea, did we come here to walk after Him and make this explanation; we say to you, hear our voices lest ye perish!

29 We say to you, Put up your arms, cast away your implements of warfare, be circumspect of demeanor among nations, help the afflicted with the funds thereof, so long wasted in carnage, bind up the wounds of your enemies and make them your friends!

30 This say ye to the nations, beloved, and they hear you.

31 Yet some shall hear you not; they shall say: Away with these, they do speak to us blasphemies!

32 I tell you that they shall attempt to take away your lives in that they fear you: they shall stalk you unawares; they shall come upon you and raise their hands against you, but ye shall go unscathed for the armor that is around you.

## What's the Matter, Sammy Dickstein?

**WHY DON'T** your Bills pass through Congress? Are there still too many patriots at Capitol Hill who refuse to be hoodwinked?

It seems that the good old-fashioned method of creating legislation in the House and passing it to the Senate is a good safeguard for the American people. Evidently it is the chief reason why the more important measures have been steam-rolled through without Congressional opportunity for debate in absolute defiance of the spirit and letter of the Constitution of the United States.

**SILVER SHIRTS ACROSS AMERICA DON'T LET THE FOLLOWING DICKSTEIN BILLS PASS THROUGH CONGRESS. ALTHOUGH STALEMATED FOR THE PRESENT THEY WILL COME UP ON UNANIMOUS CONSENT DAY, THE FIRST DAY IN MARCH, WHEN IT WILL REQUIRE THREE OBJECTIONS TO PREVENT THEIR CONSIDERATION. WRITE TO YOUR CONGRESSMAN TODAY!**

These Bills are: House Resolutions Numbers 198, 118, 3522, 3519, 3524, and 3673—all proposed by Sammy Dickstein.

The first is of particular importance to the members of the Silver Legion in every hamlet, town and city across this nation. It authorizes the Speaker of the House of Representatives "to appoint a special committee to be composed of seven members for the purpose of conducting an investigation of (1) the extent, character, and objects of Nazi propaganda activities in the United States, (2) the diffusion within the United States of subversive propaganda that is instigated from foreign countries and attacks the principle of the form of government as guaranteed by our Constitution, and (3) *all other questions in relation thereto that would aid Congress in any necessary remedial legislation.*" (Italics ours).

This innocent appearing Bill further states, that "said special committee, or any subcommittee thereof, is hereby authorized . . . to require the attendance of such witnesses and the production of such books, papers, and documents, by subpoena or otherwise and to take such testimony as it deems necessary."

All of which has no relation to the Silver Legion of America, whatsoever, in that there is nothing in the entire Legion that is not in exact conformity with the principles, spirit, and letter of the Constitution of the United States. It is not necessary to waste verbiage on this point.

Instead, point out to your Congressman that should the traitors to the Spirit of the Consti-

tion now ensconced in Congress, attempt to interfere with the liberties of a free people to say what sort of a government they shall have in that Congress, by striving to throttle the voice of sterling patriotism, that Mr. Dickstein, as Chairman of the House Committee on Immigration and Naturalization should be gently and firmly reminded that these patriots are distinctly aware of a few duties which he has overlooked.

You might also write to Mr. Dickstein in the following fashion: "Mr. Dickstein, a short while ago you raised a great rumpus to the effect that Nazis were smuggling arms and ammunition into this country—all of which is, of course, a manifest absurdity. As usual it was merely blah, *and you could easily be accused of striving to create race prejudice against the Teutons.*

Furthermore, may we ask you to make your investigation about the smuggling of arms, thorough and sweeping, and also investigate the report that groups of Communist Jews are meeting secretly at nights in basements in Flatbush, Brooklyn, Harlem and Bronx, as well as in many other major cities of the United States where there are large Jewish settlements, and that they are being instructed by expert Communist Jews in the use of firearms, poison gases and other methods of killing *American citizens.*

Since these Jews are reported to have the arms, they must have been smuggled to them and we ask that you make your investigations cover this phase of un-Americanism *with the same thoroughness with which you promised investigation of alleged Nazi smuggling.*

The *thinking* American patriots haven't such a good flavor in their mouths about your so-called investigating! In that investigation of two months ago, they might easily inquire, "Why limit the number of Jew witnesses to 700?" Is not every Jew a good Talmudist, and does not the Talmud say that it is not only permissible for a Jew to commit perjury against a Gentile, but it is his duty to do so, and commendable in the sight of Jehovah?

It has further leaked out that your famous "X" witness in your first major investigation, is known to a large portion of the New York citizenry as a fraud and crook whom nobody would believe under oath or otherwise.

There are also a great many sterling patriots in this country who are distinctly aware of the fact that the Nazi Government was put into power in Germany by the overwhelming vote of the people, and that, by the vote

of the people we have a perfect right to throw off the present Jewish domination of this country, if we want to.

It would seem decidedly un-American to conduct an investigation that would try to deprive the American people of the right to buy, read and possess Nazi literature if they want to. They are sick and tired of this tommyrot of *faked issues and deceiving propaganda* to gain the nefarious ends of predatory Jewry.

If you are going to conduct an investigation of alien literature why don't you start with Communist Jew literature, with which our country is flooded? *It advocates revolution by killing those who stand for Christ and Constitution, in the same way that they killed a few millions in Russia.*

The smuggling in of Communist Jew literature, particularly that which is demoralizing our youth, *must be investigated and stopped!*

As a servant of the people, why don't you do something about that?

**SO MUCH** for Dickstein's House Resolution 198! The others are even more patently un-American. It is indeed unfortunate, Sammy Dickstein, that you are obliged to submit your ideas as Chairman of the Committee on Immigration and Naturalization to representatives of the American people.

It is also, indeed, fortunate that there are still remaining a handful of stalwart patriots in that body who may have their ears pricked sufficiently to object to certain Bills *which are too often slid through without debate and without question!*

H. R. 3522, by Dickstein, would legalize *illegal alien entries* as far back as July 1, 1924. When mentioned in the Consent Calendar it was objected to by Congressman Dies of Texas. Imagine, if you please, our pro-Jewish Communistic Secretary of Labor, Miss Perkins, certifying *illegal entries*—bootlegged immigrants—brought in in violation of the law, without the payment of even a head tax, or examination!

—WRITE YOUR OWN ANSWER TO THIS ONE!

Or, consider this one—H. R. 3524 in which Dickstein would authorize the Secretary of Labor to use law enforcement funds for the care and keep of *and even paying the way back to Europe of aliens* wanting to return without forbidding their return here, thus giving them a trip abroad at the expense of Uncle Sam. We have Mr. Griswold to thank for objecting to this Dickstein Bill.

H. R. 118 by Dickstein proposed that the United States should give Filipinos a free trip or joy ride back to the Philippines without forbidding their return here. It was objected to by Jenkins.

H. R. 3519 is another Bill to increase immigration, proposed by Dickstein. Aliens who are already in the United States may return to Europe and bring their parents with them, *despite all quota restrictions.*

H. R. 3673 by Dickstein, proposes to disunify citizenship of the family and to separate citizenship of man and wife and children further. It was objected to by Jenkins and Sumners. (Continued on following page)

DO NOT FAIL to write your Congressman to object to these pro-alien Dickstein Bills that constitute a "chain of bills" seeking by piecemeal legislation to weaken immigration restrictions, naturalization and law enforcement. They are trying to smuggle these bills through, knowing that it could never be accomplished in one single legislation.

During the first consideration of the above bills, Congressman Blanton of Texas, raked Dickstein over the coals for not keeping his agreement last Congress to hold hearings on restriction bills, and finally forced him to agree to hold a hearing on some of the restriction bills now before his Committee.

While such bills as these are being "edged" through Congress, administratively Secretary Perkins has been doing everything she can with immigration officers to relax law enforcement. You may remember Miss Perkins as the lady who was prevented entry to a Pennsylvania town by the Chief of Police because of her inflammatory Communistic utterances. We have it on good authority that under her jurisdiction as Secretary of Labor, *Communists have been turned loose, and that criminals held for deportation have not been deported, but have had their deportations suspended.*

The Jewish Daily Bulletin, February 1, 1934, states that Raymond Geist, U. S. Consul at Berlin, Germany, has been ordered to grant visas to come to the United States to Jews likely to become public charges, on the mere letter of some prominent American Jew, and

even adult Jews can be adopted as members of an American family and brought in as such—although this is clearly done to evade the law!

Sammy Dickstein—Chairman of the Committee on Immigration and Naturalization—*what should you do about that?*

If you don't do something you should be put behind bars as a traitor to your nation and to your oath of office, together with ALL who are likewise guilty.

That is a hint which you might well heed!

33 A time cometh when men shall rend themselves in that they fear that which they have witnessed: verily they shall gash themselves, making lamentations; they shall say: Satan is among us! we are tempted of him!

34 I say to you, they shall come upon a mountain and pray that they may be delivered from his toils; lo, beloved, they are delivered in that they hear your voice.

IN 1789 we let 500 Jews into the country. From 1789 to 1906, only 137,000. But in the midst of America's terrible war years came in 4,000,000 of Europe's Jews.

Account for this too, Mr. Dickstein, if you can.
