We Go With a Sure Purpose Undaunted by Deceits

IT IS to be expected that *The Silver Legion*, in the course of its expansion to effective national influence, should be derided, castigated, misinterpreted, misrepresented, inveighed against, and if fiendishly possible, suppressed and destroyed by any agencies, fair or foul, which can be brought to bear against it.

There is no organization which could be started in this nation, to successfully challenge the rapacious powers of public debauchery and chaos, that would not be subjected to a campaign of similar persecution.

In the exact ratio that such an organization passes through the derision stage and shows itself alarmingly effective, the attacks upon it will be ruthless in their savagery.

A martial attack with liquid fire, searing and cooking sensitive human flesh as it advances, could not be more merciless than the tactics which can be expected of the public adversary to blast, wither, and curl, all types of reactionary obstruction such as *The Silver Shirts of America* are coming to represent.

Fair quarter in honorable combat, treating one's foe with human compassion, laying down rules of warfare and expecting the antagonists to respect them as sportsmen, are mainly attributes of the northern races.

The forces everywhere striving to despoil the Christian world today are—in the language of our times—"dirty fighters." Honor is abhorrent to them, an evidence of weakness. They strike in the dark, in skulking cowardice, felling from behind, and considering that any means justifies the end. Their most effective weapons

are blackmail, foreclosure, the time bomb, the gun with the silencer. But they have a more effective weapon even than these.

They are bringing it to bear with all the powers at their command in these history-making days, against *The Silver Legion*.

IT IS the fiendish power of subversive information! It is the dastardly chicane of making it appear that the organizations and the men fighting the despoilers are really—in secret—despoilers and subverters themselves, while they—the real ravagers—are honest sociologists, desperately striving to bring in a new and better order for humankind against overwhelming odds.

The efforts of the truly honest men, enlightened with real information as to the nature of the public adversary, fighting their fight to be heard and accredited, are listed as among these odds. And an utterly bedeviled public, not knowing which to believe, is so wearied in its wits that it is led toward chaos in a sort of public coma, finally deciding that these who are in control of the greatest weapons and instruments of publicity must be the true shepherds; else how have they attained to places of such affluence?

All of which is attested by what is going on at present throughout the ravished nation, building up an effective prejudice against *The Silver Legion*.

In the early stages of the Liberation Work, the *Legion's* Chief was approached by Hebrews with all sorts of

financial propositions. "You got it a good racket here," declared one little Jew in the New York office of the Liberation League two years bygone. "I tell you vot ve do: Ve give you all the money you need to do your publishing right. Then ve be pardners und get it every Christian minister in America to believe as ve vant."

Indignantly spurned in any such proposal, despite the desperate needs for money at the time, a vicious foreclosing of accounts payable was resorted to—but happily circumvented. Whereupon another Ash'kanazim Hebrew appeared in Liberation Headquarters and arrogantly demanded to interview the Chief.

"Ve know all about what Pelley's doing," was the threat, made to an obstructing secretary. "He should watch his step!"

A year later in Washington this threat became more definite. "Ve haf stopped bigger men than Mr. Pelley," was the candid avowal of the head of a nation-wide secret Jewish "fraternal" organization, "und ve can stop him. Fellers that write this sort of thing against us sometimes meet accidents in traffic—or they have things happen to them on the edge of subway platforms, or mebbe they eat something that ain't so goot."

This threat was uttered to one of Pelley's associates without witnesses being allowed present—by all too obvious conniving—that it might be repudiated later as being a figment of Gentile imagination concocted to "persecute" an innocent, unoffending, and world-despised people.

But when all of these had no effect on the Chief, and *The Silver Legion* began definitely to formulate in this nation as a result of the staggering revelations in information which The Chief was daily and weekly acquiring about the international spoliators, new and dirtier tactics were adopted.

IN ALL quarters of the nation, as Gentile *Silver Shirts* began secretly mobilizing, newspaper reports began to appear that *The Legion* was a revival of the Ku Klux Klan. One duped editorial writer, serving the intimidation of the public adversary, designated *The Legion* as "receivers for the bankrupt K-K-K."

As this only brought in hundreds of ex-klansmen to its ranks, the blunder was swiftly remedied.

"*The Silver Shirts are really a seditious organization, defiling and defaming the President of the United States, and advancing the tenets of Communism secretly under the guise of a Christian Democracy!*" one faction was made to declaim.

At the same time another faction got busy, and is still assiduously employed, subtly informing bedeviled victims: "This is all nothing but the racket of a man who couldn't sell his motion picture stories to Hebrew film firms in Hollywood and is taking out his spleen by launching a nation-wide attack on the Jewish religion, stirring up race hatred, and adding to the public turmoil generally by indicting Jews for all which has happened to America—financially, politically, and economically—capitalizing on the foreign scurrilities of Hitler by whom he and his organization is secretly subsidized."

Recently The American Jewish Committee, otherwise known as "the Cyrus Adler Group" of Jews in New York, edified its compatriots throughout the nation with what it

termed as "Confidential Bulletin No. 3," affecting to inform its members on *The Silver Shirt* organization.

In this Bulletin, The Chief's career is minutely sketched, and his development of knowledge in subversive activities from year to year unwittingly exhibited. Accompanying this Confidential Bulletin No. 3 was a form letter from The American Jewish Committee declaring in its opening line: "The most vicious attack which has been made upon the Jews of America to date has come from The Silver Shirts of America, an organization, etc, etc," all of it implying that the Jews should do something about it, or possibly the anti-Semitic revelations of *The Silver Legion* might reach a stage where they became uncontrollable.

Take notice, however, that no Hebrew or Hebrew organization has attempted to answer Pelley's arraignments point for point, nor has any Hebrew or Hebrew organization be-thought it expedient to call Pelley and his informants to an accounting before the law for his alleged "slanders" . . .

Of course an ear to the temper of the American Gentile public may caution adroitness in dealing with this "menace." The times are not what they were in this nation when the infamous Ford Suit was projected in Detroit.

But greater attention is called to the fact that Pelley has been more or less careful to "libel" the Hebrew peoples *only to the extent of quoting and reprinting what Hebrew authorities themselves have said about their own aims and objectives.*

This is the most embarrassing of material to regale before a jury.

Besides, where in this land could a jury be found in these days of the Soviet Vulture, whose members individually would not be found to have suffered lost bank accounts, foreclosures, or other economic depredations, all too obviously fostered by cliques or instruments of Jews?

Once upon a time a small boy at a circus is reported to have grabbed the tail of a tiger which protruded through the bars of a cage on the show lot. It required all the hands on the show lot, including the official forces of law and order in the community where the show was exhibiting, *to help him let go!*

Pelley and his informants are quite willing to meet The American Jewish Committee or its representatives in any Gentile law court in America, and submit its evidence as to whether or not anything written and printed in Liberation or elsewhere is "slander" and "defamation." Particularly are these men eager to have such a trial held out in our American southwest among our despoiled and embattled farmers.

Only a fool brags about how much he knows, when engaging in this sort of a fight. Wise men seem to be ignorant, and the wiser they are, the more illiterate they let themselves be considered.

Nevertheless, any time the Hebrews of America want to start anything, they are quite at liberty to do so.

Incidentally we can promise that a thousand special *Silver Shirts* will be standing by, ready to distribute the evidence submitted at such a trial over an entire nation—by airplane if necessary!—and if the Hebrews of America can stand it, the Chief and his Silver Legion of Christian patriots are quietly willing to take the full consequences.

Attacks on Pelley's life, and the lives of his men, by apparent fanatics and "Communists" may thoroughly be ex-

pected to be the next expedient resorted to, that this "pernicious" organization may be quashed from existence before it becomes another Nazi movement in this Land of the Free for Those Who are Brave.

Manufactured slander, political pressure, Vulture suppression—all these may thoroughly be expected in the guerilla warfare that is now the order of the moment, to keep the truth of affairs from reaching the ears of the Gentile American public.

Consider the case of the American lady who not long since was getting a fine amount of "sand under the drivers" of her anti-Communist movement among the women's clubs of the nation. The moment it was noticeable that she was becoming too effective, a news story was sent over the oceanic cables from Paris stating that it had been discovered that she was really nothing but a secret spy of the very subversive forces that she was successfully battling. An alleged picture of her, consorting with persons of a known syndicalist repute, was also "telegraphed." Both received extensive circulation throughout the enemy-intimidated press.

The lady promptly brought suit for malicious libel. It is of report that she had to fight the case over four years and spend her entire private fortune to regain her lost reputation. In the end she got a verdict of one cent and retractions printed on back pages of the offending papers among the classified advertisements where no one would chance to see them. Her health broke with the battle and she died. Her organization perished with her. Such are the tactics of the public adversary.

Let *Silver Shirts* beware!

THE LATEST and most effective method for squelching the meteoric growth of *The Silver Legion* everywhere, is to beat up a great fanfare of publicity over the attitude which the Legion is taking toward the economically unworkable National Israelite Recovery Act.

Relying on the Bill of Rights in the Constitution, which assures a free press and free speech to the American people so long as they do not carry on open and armed military action against the lawful government, *The Legion* has bluntly assailed General Johnson's strong-armed methods in dealing with American industry.

It has declared in unequivocal terms that nothing is overly wrong with American institutions but the predatory clique that has successfully gotten hold of them in order to subvert, emasculate, and ultimately abolish them.

Its battle cry is: **MAKE THE RASCALS GIVE IT BACK!**

Because *The Legion* dares raise this freeman's protest, arguing for a Protectorate in these dastardly times over the Constitution, and a return to Americans of their own country, their own gold, and their former Christian culture, the

argument is now advanced that it is a form of Communism in itself and that public policy dictates that the United States mails be closed to its literature.

In other words, the public adversary calls its enemies exactly those things which it intrinsically is, itself.

There is no form of protest, no variety of defense, no effective stand which can be taken against public spoliation, which cannot thus be effectively subverted.

It is The Fiend's method for utterly confusing and confounding those who follow the banner of The Christ in act as in word.

Remember how the devil himself took The Master up into a high mountain and offered him the nations of the earth if He would bow down and do the devil's bidding.

Doubtless on a thousand occasions after the renunciation of such an offer, The Fiend went about saying: "Hist! . . . this Man is really doing my work under cover!"

ON AUGUST 18th the Jewelers of Hollywood, California, composed of both Jews and Gentiles, held a luncheon and meeting to discuss the N-R-A.

After the meeting was over, and all Gentiles (supposedly) had gone, Max Strausberg, a jeweler, read them a letter from Rabbi Stephen Wise.

In this letter he stated that all Jews MUST join in and work for the immediate success of the National Industrial Recovery Act.

The remark was made that if they failed to do so, they might have the same treatment here in America that they are having in Germany and about two million of them might be beheaded in the bargain!

Wonder what makes these Hebrews thus worried? Is it possible that "a guilty conscience needs no accuser?"

And what if the Government Printing office should run out of Soviet Vultures to daub on shop windows?

NO MATTER how many times we reiterate that *The Legion* is NOT against the government of the United States, but on the contrary means to really preserve it in its constitutional form, and no matter how many times it is acclaimed that it is not against Jewry as a religion, it is increasingly accused of the vilest sedition and religious persecution.

To be true Christians, argues the adversary, all followers of the lowly Nazarene should be spineless nincompoops and make not the slightest protest against the ravishment of their country or their most cherished institutions.

It seems that one cannot be a true follower of The Militant Christ—who on a hundred occasions indulged in diatribes against the same public adversary of His day, that were far more terrible and slanderous than anything *The Legion* has publicized—and exercise the slightest indignation

against all this perversion and subversion, or raise the frailest finger against the complete debauchery of all which Christians hold dear in their religion without violating all Christian tenets and offering themselves as hollow hypocrites.

Very good then. Consider us NOT followers of the Lowly Nazarene in that regard. Accuse us of BEING instigators of sedition and race hatred.

We are going forward with a sure purpose, undaunted by deceits.

We are deadly in earnest, we will not equivocate, we will not play politics, we will not retreat a single inch, and we will be heard!

The Silver Shirts are mobilizing and soon they will swarm!

And they will not swarm merely to exhibit shirts that have been bought from Headquarters at two dollars per shirt!

Is the Machinery of Sovietism being Set Up in America?

SOVIENT Russia attempts to concentrate the dictatorship of the proletariat in a few hands. That Washington has caught that spirit as well, should not be difficult for the close observer to grasp in checking the duplication of membership in the various cycles and epicycles of power that now seem to have moved in and taken charge of American affairs on no other authority than the snap-judgment measures of a pitch-forked Gentile Congress. And an administration actualizing the demise of Constitutionalism has not even kept sufficient faith with its petty satraps to hand over to them their pint-pot patronage with which such authorization was bluntly bought.

The Central Committee of the Communist Party is an executive and administrative body of about 70 members. This is practically the first skip-stop that the theorists who planned the New Government in the nation's Capital felt justified in making.

There was a subdivision of labor advocated at this point to qualify for the Central Committee.

Deputy Commissioners or Administrators who find themselves BOTH executive and administrative, fill the gap!

They are distinguished most of all by W. L. Allen who won fame in a sentence: "Criticism must have no animosity."

In other words, if you want to contribute approving suggestions, that is quite all right—providing anyone wants to bother to listen to you, anyway. But if you feel strongly against this complete somersault of our Government and the end of the representative free democracy which you have lived under since boyhood or girlhood, you must keep your mouth shut or a Soviet Vulture will get you if you don't watch out.

The other eight Deputy Administrators are:

Malcolm Muir
Col. Robert W. Lea
Major R. B. Paddock
Deputy Philip C. Kemp
W. W. Pickard
Sol A. Rosenbaltt
Harry O. King
Lindsay Rogers

Remember these men. We shall have much more to say about each one in a less public medium. True, most of them seem to be Gentiles. But none of them was especially chosen because he was known for his hatred of God's Chosen.

TO SUPPLEMENT the efforts of the Deputy Administrators with Special Committees for Specialization, was the "happy thought" at this juncture. Consequently the Special Committee named to Investigate the Specialization

or "Stretchout" System of Cotton Textiles consisted of the following:—

Robert W. Bruere, chairman
Major George L. Berry
B. E. Geer

Technical advisers to Committee were:—

Geoffrey C. Brown
Leslie L. Frey

As Labor Adviser to Committee, one W. E. G. Batty was appointed. Whereupon other executive and administrative groups came quickly into being.

The First Industrial Self-Government Body set up by the National Recovery Administration to administer the First Code, known as the *Cotton Textile Industry Planning and Supervisory Committee*, constitutes the Cotton Textile Code Authority. This self-government body is truly sympathetic to the Spirit of 1917 in Soviet Russia, for then self-determination sprang into the forefront in the Soviet regime and has since permeated the atmosphere even of the homes—if Soviet Russia can be said to have homes—schools, and general social behavior in all its aspects.

The Cotton Textile Industry Planning and Supervisory Committee, is staffed by the following:—

Gen. Hugh S. Johnson
Nelson Slater
Dr. Leo Wolman

The members of this "Industry" Committee, who with the three government members constitute the Code Authority, are:—

George A. Sloan, President Cotton Textile Institute
T. M. Merchant, President American Cotton Mfgs. Ass'n.
Ernest M. Hood, President National Ass'n. of Cotton Mfgs.
W. B. Anderson, Macon, Ga.
Robert Amory, Nashua, N. H.
Henry L. Bailey, Boston, Mass.
Bertram H. Borden, Fall River, Mass.
G. Edward Buxton, Providence, R. I.
Cason L. Callaway, La Grange, Ga.
Charles J. Cannon, Kannapolis, N. C.
Alfred E. Colby, Lawrence, Mass.
Donald Comer, Birmingham, Ala.
Stuart W. Cramer, Cramerton, N. C.
B. B. Gassett, Charlotte, N. C.
R. E. Henry, Greenville, S. C.
G. H. Millikin, New York City.
Frank I. Neild, New Bedford, Mass.
Robert T. Stevens, New York City.
W. J. Varen, Moultrie, Ga.
Robert R. West, Danville, Va.

Of course the American Soviet could not come in at this junction and confiscate the mill properties of all these cotton magnates. What easier way than to put them on such Boards and Committees? The important point is to bring such Boards and Committees into being; later the personnel may be shifted about or purged of its persons not wholly acceptable

Bird Seed and Carcasses for the Soviet Vulture . . .

VULTURES, vultures everywhere! . . . vultures on shop windows, vultures on the mirrors of barbershops, vultures on automobile windshields, vultures in every newspaper advertisement! . . . Soviet vultures, with one leg caught in a cogwheel and the other gripped in the toils of a live electric wire! . . . the Germans have a proverb: "Where the carrion is thickest, there will the eagles be gathered together!" . . . the United States having been made into a mess of carrion, maybe that accounts for this awful flock of vultures, . . . what a blessed relief it will be to look at a shop and not see a vulture! . . . maybe, too, the American people will "cooperate" just to get rid of the vultures if naught else.

Rev. W. E. Rockett, conducting a revival out in Stillwell, Oklahoma, says that the Vulture is interpreted by many hill dwellers of eastern Oklahoma as a spiritual "mark of a beast that will descend upon the world and destroy it."

"John's description in the Book of Revelations of the multiheaded beast that arose out of the sea as he stood on the Isle of Patmos and saw the prophecy of the next destruction of mankind, is the basis for this crude doctrine," said the pastor.

Stillwell merchants report that many of the residents of remote communities who visit their stores for supplies had threatened to boycott the stores "that were marked by evil."

The General should add the eastern Oklahoma hill bills to the list of those to "crack down" upon! Apparently they are regarding the Vulture with "animosity." All of which is unthinkable, with Mr. Baruch away in Europe.

But then, if our Ship of State *will* take a holiday in Europe with Mr. Finkelstein, of Russia, and discuss how their respective bailiwicks are progressing, (?), he *must* make allowance that his otherwise dumb and docile Gentiles will make fun of his Vulture in his absence, or contrive to boycott it as an omen of chaos.

AND speaking of boycotts, we are given to understand that Sir Robert Mond, head barucher of Great Britain, is going to call a world mass-meeting of all Jews in London soon, the object being to boycott all Germany because Mr. Hitler smashed the Berlin-to-Bagdad dream of empire—Jewish empire! Of course it was really the Berlin-to-Palestine dream of empire—in the creation of which some three million Gentile soldiers had to lay down their lives, in something called a War for Democracy. No matter, Hitler smashed it, and now these Hebrews are so "oppressed" and "persecuted" that they must set about creating another war,

with Germany's monstrous conduct as the *casus belli* once again, there still being a few Gentile soldiers left, apparently, of whom the Christian world might be well rid.

But there is a big surprise in store for Jewry, especially here in the United States. Before the winter is far advanced, these "poor despised and downtrodden people"—so very poor, in fact, that they own only 65 percent of the wealth of this Gentile nation—are going to discover that the boycott is a terrible weapon in the hands of others beside themselves.

There are hundreds of thousands of German-Lutherans in this country who perchance may discover the possibilities in a little American boycott of their own. If every Lutheran pastor in America suddenly starts preaching excommunication, from his pulpit, for every German-American citizen who buys from a Jew, trades with a Jew, or has anything to do with a Jew other than knocking him off the sidewalk and into the street, the fad may catch on with hundreds of thousands of other nationalities making up Mr. Baruch's personal nation, individual representatives of which have had their banks closed, their farms taken away from them, and their youth debauched, by these especially fair-haired Children of Jehovah who never did like Gentiles on principle, anyhow.

Jews like Sam Untermeyer in America, and their allies abroad, may discover that they are coaching and counseling other peoples in such splendid tactics for dealing with a racial problem. *If a boycott will work against Germans in Germany, why won't it work against Jews in all countries?*

Of course if these German Lutherans are so stupid as to launch any such insult, no doubt it will be "stirring up race hatred" and "religious persecution"—although Untermeyer disdains any such possibility when the boot is on the other foot.

Then again, there are millions upon millions of their fellow Jews in Germany who will be victims of a great economic suffering themselves, if such a boycott is made effective. Sam and Mond—not to forget Steve, the Jewish parson, who goes about the world playing around with its worst anarchists and syndicalists—seem to ignore these racial brethren of theirs in the country to be so boycotted.

Can you make sense of it? You *can* if you know the true maneuvers afoot, and what such a boycott of Germany is *really* meant to accomplish. Being a Gentile, such information is vague for you, however. You will merely doff your hat most respectfully to the Soviet Vulture and wait until the German-Americans show the intestinal vigor to retaliate with the devil's own fire.

Jewish Internationalists hope to kick up such a furor against Herr Hitler that German dignity will be so insulted that she will fight rather than be kicked around as Americans

like to be kicked around in their own country because Jehovah has okayed it over a good many years. Such a world fight will so distract the Christian world's attention that the German baruchers will be able to slip back into power again.

They never *will* be able to figure out how and wherein Jehovah blundered in letting this man Hitler slip one over on Him and His Special People, but if there is a way to remedy Jehovah's little carelessness in the matter, rest assured His Particular Favorites will find it.

CONSIDER among other things, the adroit way in which the Jew, James M. Beck, is finding a way to help these doltish Gentiles get rid of their Constitution . . . on September 2nd this former Solicitor-General of the United States said in an address at Atlantic City something to this effect: *That the "New Deal" legislation passed by Congress has accelerated the "slow demolition" of the Constitution which had been going on for fifty years and that another half-century might see the "cureless ruin" of the whole structure.*

If exactly the same contention was made in *Liberation Weekly*, it would be sedition, and The General might send a Soviet Vulture after us for printing it . . . but if the Jew, James M. Beck, politically and congressionally known as a "Representative" from Pennsylvania, says it, it is "News that's Fit to Print," because there it is, right on the front page of Sunday's *New York Times*.

Of course our former Jewish Solicitor-General omitted any mention of *why* a "slow demolition" of our Constitution has been going on, and who has done it, and for exactly what purpose . . . the baruchers might send a Vulture after him if he were that honest with himself and the American people.

Write a great book on the Constitution, become an authority on it, and then begin to declare that it is being demolished in such a way that the "apathy" of the normal American is responsible—that's the way to slip it over and make the American Christians believe it.

When did an American Christian ever *think*, unless he was first told *what* to think, by Mr. Ochs and others—who go on the principle that the man who established baruchocracy in free America is the Nation's First Citizen?

Your blood should by no means boil. Mr. Baruch has not given permission for your blood to boil. When it is time for your blood to boil, Mr. Baruch will properly instruct you.

Meantime the sapping and gutting of the Constitution goes ruthlessly and inexorably onward . . . it stands in the way of Committeeship Sovietism. Mr. Baruch obviously finds the United States Constitution and its Bill of Rights a bit embarrassing at times. What more simple way to remove the embarrassment than to remove the Constitution? The Christians won't do anything about it. There is a film in the nearest corner theater, run by Mr. Baruch's compatriots, that has plenty of nude women. They are not required to *think* about nude women—only gape to satiation.

WHICH calls to mind a certain recent film release featuring one Jack Holt, and made by one Harry Cohen in the West Coast Jerusalem, called *The Wrecker*. The Wrecker of the piece personified, is of course a Gentile. The little Jew is the open hero of the piece, who goes about salvaging what the "animal" Gentile has pulled down as a

demolisher of buildings. The Gentile's wife is of course untrue to him, and a hussy on principle. It is the Jewish family that is the acme of fidelity in the matter of domestic bliss. It is the little kike Jew who goes about keeping the Christian Christmas, and doing the Good-Samaritan thing—all the way through nine reels. The Gentile is a weakling, a sot, a general all-around boob. Which is as it should be. The film was, of course, made for release unto Gentiles to batter down their morale just a little further, and in their hours of relaxation get the thought into their subconscious minds that after all the Jews are *the* people.

And a straight-shooting, two-fisted hero and he-man such as Jack Holt lends himself to this sort of bilge!

But mark the number of films appearing lately that preach the same sermon to the Gentiles. You can't miss them. The current theaters are spewing nothing else. You see, there may be a little trouble throughout the United States before the winter is out, over the too insolent bilking of the nation by the baruchers big and little, and it is just as well to build up a wall of sentimentality for this people among us who "persecute" so frightfully easy.

OF COURSE we should not say such things. They are "vicious." Some even go so far as to call them "slander." By all means we should be polite and docile and supine, and let these Hebrews overrun our country and our government like locusts, bilking and bankrupting as they please, and buying it at bankrupt prices. Truly it would be the Christian thing to do—as Christianity is accentuated by the Judans whose spokesmen have publicly avowed that they will uproot it. Strange that they never call attention to the Christ of the Temple wielding the scourge of cords on the baruchers in the Temple court yard. We should have no love of country that calls us to defend it against foes from within. We should have no pride of family that makes us at all blood-conscious or concerned with the morals of our maturing boys and girls. In the name of all kinds of asinine amity we should let the despoilers of the nation baruch as they please. God has presented them with that privilege, and sanctified it, and unmentionable things await those who question His favoritism. Look how prolific He has made his Especial Favorites.

CONSIDER these figures: The book "Religious Bodies," 1926, Volume 2, Page 646, referring to "Separate Denominations," printed by the U. S. Government Printing office, Washington, 1929, offers the following census of His Especial Favorites in America since 1890:—

1890	130,496
1906	101,457
1916	357,135
1926	4,081,242

which "delicately hints" that over three-and-one-half millions of them came into this country while the boys were fighting in France. Figures of religious census are given out every year ending in 6. There will be another in 1936.

Of course, no one really knows whether the figures are absolutely correct. But that there has been recently a stupendous increase in Jews in America is understandable. Wasn't war going on everywhere but in America? *And so on, ad nauseum!*

Consolation for the Squeamish Concerning our Program! . .

WHILE other organizations of "Shirts" are parading up and down the highways making themselves and their adherents ridiculous, members of *The Silver Legion* are quietly preparing under cover for the most eventful winter and spring in American history. They are holding no parades, for they care nothing for parades. They are holding no ballyhoo rallies at which agents for the adversary may obtain their real plans, and the nature of the

information to be presently used against them. The most vital gatherings of *The Silver Shirts* throughout this debauched and bleeding nation are at this present moment being held by word of mouth invitation to picked persons, in private homes. These are the sort of gatherings that count. Rallies have been held indeed, and Posts have been formed. But they have served the purpose of identifying and sequestering those outstanding individuals who can be depended upon at the psychological moment, and whose private ramifications and sense of Christian outrage is such that they can be trusted with *real* information.

Only twelve men in America know accurately how many Silver Shirts there are, who they are, or where they are!

So-called "lists" at Headquarters mean nothing, and the adversary is invited to prove for itself that this is true. The real lists, properly identified, are duplicated and cached in twelve different places in twelve different States.

We publish this information quite openly as an answer to those enemy agents who have sought to intimidate us with innuendoes of the strong-arm methods to be used against us, if we become too powerful.

THE SAME thing holds for the archives of secret information which are being tapped periodically for the enlightenment and guidance of those who have proved themselves as worthy. We know this information has not as yet leaked out to the adversary because in no instance has the natural reaction appeared in any of the adversary's literature.

Bearing in mind the means and methods which have wrecked other organizations of a similar protective nature in the past, the Chief has furthermore taken the precaution of drilling and qualifying twelve other men, any one of whom would be capable of taking his place at the head of the Legion, in the event that the adversary was successful in carrying out its many threats.

Let no Silver Shirt anywhere in the nation, potential or actual, tremble for fear of reprisals in that he or she may be marked for retribution from any records at GHQ or because he or she may have received his or her Number.

THE LEGION is being so organized, and with such a sweep, that the injury or death of any one official would not in the least halt the universal sentiment that is building hourly against the defamers of our Constitution, the looters of our Treasury, or the creators of what we choose to consider the American Soviet being set up as swiftly and frenziedly as possible at Washington under the camouflage of national recovery programs.

These men who are really on the inside councils will be the actual persons who bring about the Christ Democracy, and the true and effective Constitutionalism, in America on the morrow!

A brilliant dawn for these afflicted and poisoned United States, is just around the corner of the months, but a fearful issue—or rather, crisis—must first be passed in the prostrate nation's sickness.

In preparing and perfecting the work of the *Legion*, the plans are thereby going forward for the rehabilitation of industry on a truly Christian basis—a basis on which the predatory money power cannot thereafter operate. The true legislative power is to be given back to a sovereign people, not vested in an assembly of selfish politicians, each with his little local interests to serve. The predatory money power, relying for its clutch at the Christian throat on mountains of bond issues and whole continents of usury practices, is to be cast down and booted from our soil.

A people who openly brag that they are a nation unto themselves, and yet a nation within this nation, are to be treated as such, wholly disfranchised and if necessary expropriated, that they may no longer work in our midst mischievously!

THE MEN who are to accomplish these terrific measures are those who at this moment, in 27 States, are advancing the maneuvers of the *Silver Shirts* locally. And when the *Silver Shirts* finally move, their mobilization ended, it is not to be against public buildings and structures of official government that their attentions are centered.

They shall start into momentum to "fan the brush" of this nation for its great public rascals and pernicious workers, and drive them before the Cohorts of Silver as negroes drive game on the African veldt.

Let the adversary take any action under heaven which it pleases—from silly raids on Headquarters under the assumption that Legion leaders are fools, and leave data about to be so seized, to bombings and murderings to halt our momentum. *They cannot suppress the Godhood that is the very physical essence of these Christian patriots!*

It is forty times more powerful than dynamite. The harder it is "strong-armed," the tougher becomes its fibre and consequently the more frightful in its ultimate detonation.

THE SILVER LEGION, pledged to bring in the badly needed reforms of The Christ Democracy, is not a fraternal organization like the K-K-K. It is not a veterans organization of soldiers, fighting their battles over again in the disillusion of ungrateful politicians directing their destinies.

The nearest analogy to the Legion is the Vigilantes of the Old West, but officered and manned by the sort of human stamina that served under Cromwell.

It knows to its own satisfaction the specific individuals in public life today—or *behind* public life—who are chiefly responsible for America's sickness.

The day shall dawn presently when a whole Christian nation, arising in the strength of its Gentile numbers, may precipitate a mighty renaissance, hurling them out of the public domain by courts-martial methods, with no excuses, alibis, or legal chicanes presentable to save them.

When this cesspool of public lechery, venality, and spoliation has been cleaned, then may wholesome honest earth be thrown into the trenches from which they have deployed or operated and an enduring structure reared upon its surface.

That this is to be, and that nothing within man's power can stop it, is written in the Book of Revelations!

SO LET those who fear for the safety of the Legion or its sponsors, rest in peaceful sleep o' nights. In the first place, not being of that tripe themselves, the adversary and its exponents cannot conceive that their antagonists are not the class or caste of men and women who have the slightest fears of death, injuries, torturings!

Threats only tighten their doughty resolution.

As for Headquarters and its archives, there are no archives of any real consequence at Headquarters. If sobeit the adversary wishes to raid Headquarters at any time, it will be doing *The Legion* a service in removing therefrom a mass of papered debris that now crams nooks and crannies to surfeit, most of it pamphlets and newspaper clippings expounding the depredations of Judah from Greenland's icy mountain to India's coral strand. The adversary might then sit down with this "loot" and spend long hours reading about its own authors' opinions of themselves and what they mean to accomplish when the world's Christian nincompoops have practiced one brand of theological non-resistance to their own extermination.

Let no one be squeamish. The adversary cannot stand the type of publicity that will presently be everywhere released.

It will have too much concern looking to its avenues of sanctuary to do much considering of what specific numbers have been given to individuals and where they are recorded.

Being in the right, we have nothing to hide, nothing to fear, nothing to avoid.

But rogues have gotten into high place in the world's governments before. They may have changed political structures temporarily, but never in one instance have their depredations been permanently successful, in that they have utterly stricken the souls and intrinsic cultures of a people. Always human nature of the better sort has reacted and scourged the marplots from their bloody usurpations. Souls of nations have an uncanny trick of arising, phoenix-like, out of the ashes of fires set by international incendiaries.

It will be so in this case.

THE last half of the Christian Holy Book—which the Hebrews tout so loudly that they are the chief sponsors and financiers of the American Bible Society, and heavy underwriters of *The Christ Herald*—rehearses in rather plain and unvarnished, albeit poetic, language exactly what is ahead for humankind's despoilers:—

He that leadeth into captivity shall go into captivity: He that killeth with the sword must be killed by the sword; here is the patience and faith of the saints.

This is not the old Law of Moses working, so much as a great cardinal principle of the universe: the Law of Utter Compensation, the Law of Reaction for every Action.

We are living in those present moments in the mightiest times that have been on the nations since the Great Darkness curdled over Calvary; but the old saying has it, that it is always darkest just before the dawn.

That dawn is at hand.

It will only come in, however, by human instruments obeying the behests of the Great Commander of Human Destinies and playing the roles for which each was born.

THERE are upwards of 49 men in America, now sitting in high places or directing from behind high places, who will presently be called to Confront a Great Charge. Their names are known, their depredations are known, their unhallowed aspirations have been spread in ample detail already among too many men in too many separate places for specific suppressive measures to be effective to protect them. We have said this before. It will bear repeating.

By no means are all of them Hebrews! Only about 80 percent of them are Hebrews.

These men do not dream of what "leaks" of their nefarious activities have taken place, nor where, nor through whom; it is not given to them to know. They fondly imagine that when they shut themselves away in their star-chambers of scheming that because no mechanical dictaphones are anywhere about, they are conducting their plottings in secrecy.

Let them think so for the present. The time of their indictment has not yet come in. There are thousands of men of quite another ilk throughout America who have said: "I must wait until they convince me by their own acts and deployments that these staggering charges against them are so. Then trust me to act." Those proofs are now in process of exhibition day under day. Week by week they become overwhelming.

Let the yeast work!

Meanwhile plans are going forward for the Great Program which for want of a better term we call *Christian Democracy*.

And yet it is not going to be as the result of a long academic study and subsequent conviction, that the tenets of Christian Democracy are going to give this free republic back to our people—and keep it free!

The issue comes sharp and ugly, and from quite another quarter. It rides in on the heels of an utter disillusion from an unworkable Recovery Act, plus the final realization that all Sovietism is not instigated with the bomb of the assassin.

But its effect is the same.

And if, here and there throughout the Body Politic there be Great Souls of transcendent attributes, who exercise them to know exactly what to do, and how to do it, at the psychological moment, *that is all sufficient!*

"See the Cohorts Coming In!"..

Q OUT of the vastness of Cosmos the Psychic Antennae tunes in on a Voice. If the Word was made flesh and spake once to men how much stronger may be its pronouncement when the handicaps of flesh are perished? If we cannot believe this, to Whom or What shall we look for authorship of commitments like the following-

MY DEARLY BELOVED: Hear ye my voice; harken to circumstance whereby I address you.

- 2 My beloved, I instruct you; I say, the things of Spirit are ever spiritual, they concern not earthly substance, they are things that make the heart of man lift up, to sing to his creator, to give praise to the Father that he cometh earthward *living*.
- 3 I tell you more, beloved: the things of Cæsar are goodly enough; they too have their places; they make wealth of goods to strengthen the nations; they make substance to grow that mankind know blessings.
- 4 I say, despise them not.
- 5 O ye of little understanding! teach the nations goodly things; *there is no night among them only as they will it!*
- 6 Do they seek fortitude? let them have it of themselves.
- 7 My beloved, be wise! the words of your mouths have a mission in their utterings, they utter not blasphemies, neither say they wrong-doings;
- 8 They declare to mankind, be cheerful, be brave; they go out to the lowly ones and bid them be strong.
- 9 I have told you that I come to you; tarry long and await me, for I give you much instruction; my voice is of silver that falleth on your eardrums.
- 10 When have I hoaxed you or made you deceptions?
- 11 Lo ye have friends who give ever of their substance; have I not bade it? when have I ever forgotten your welfare?
- 12 Your heart is at peace as I am its mentor.
- 13 Ever so be it.
- 14 Ye have asked for a message to give to the nations; I give it to you richly for are ye not my servants bringing in my kingdom?
- 15 Why should I withhold it? thus do I address you in a common understanding.
- 16 Are not the birds taught to build nests in the treetops? are not sheepfolds for lambs, that they know naught of wolves that would tear their soft throats?
- 17 Be comforted; be wise; know that no harm befalleth you though a thousand should fall in the place that is beside you; know that I will it, in my words are no falsehoods.
- 18 Is it meet that ye should address the nations saying to them Woes, woes, woes? I say to them Peace, Peace, Peace—peace in your destinies, peace in your lives, peace in your comings and goings among yourselves, peace in your auguries, peace in your loves each one for one another.
- 19 Alas, in their thinkings no peace is of moment, neither

know they love; they seek a great lechery, that each outdo the other in their strivings after Mammon.

- 20 I say I am coming to visit my displeasure on those who would eat while the lean await a feasting.
- 21 Hear ye my words; Say to the multitudes: Rejoice and be glad, lift your hearts, lift up your faces, for presently unknown to you *the Glory cometh in*;
- 22 Weep not nor suffer any more; is not gladness *gladness*? why make of it a sorrow?
- 23 Teach the nations more: say to them, beloved, that a goodly time cometh when man shall love his neighbor and fear be a rejoicing.
- 24 Let not your understanding make of this confusion; I tell you there cometh no cataclysms which men make not themselves; there cometh no tribulations that are not of the worldly seeking to rend them.
- 25 *I make mine earth to give Service, not destruction!*
- 26 Treat with those who say: Behold there is destruction; tell them they err; destruction which cometh is made of their quashings, even in Thought, for thus is it written.
- 27 It is a concept of results worked out in imaginings as mankind would have it, that life is what it is.
- 28 Let the better man win and rejoice in his winnings; let the strong man be stronger and rejoice in his biceps; let the weak man be facile, that he borrow no imaginings that his weakness is endless; let those who mourn be comforted, that the kindly day hath a balm in its sunbeam and tears are as dew which dissolveth in that sunbeam.
- 29 I perceive ye have erred, beloved, in that ye thought me remiss in my imaginings, that ye thought me remiss in my prophecies uttered to you;
- 30 When hath mankind heard truly with the ear, when hath humankind listened truly with the heart?
- 31 Is it not meet that we give a goodly feast to those who have lean bellies, even that starvation which seizeth on the intellect?
- 32 Hear my words and know wisdom: a great lechery cometh upon the nation whose end ye perceive not; harken not to false counsel that saith, It is endless.
- 33 I tell you it is not endless; that man goeth to his home in security of dwelling, in security of person, that the wolves no longer meet him, that the fig of his vine is sacred to his offspring.
- 34 Know it, and sing it; make a happy song of it; arise and give thanks that it is so, and in your thanking make it happen, even in action, for such is your birthright.
- 35 Thus do I address you, saying Peace to your Spirit; *presently ye shall see the cohorts coming in*, even those armies whose victory is the Doctrine.

YOUR WISER ELDER BROTHER.

The Liberation Scribe

Edited by
Robert C. Summerville

What Lies Behind the Liberation Program?

EVERY STRUCTURE has its foundation and the program of *Liberation* and the *Silver Legion* reaches deep into the fundamentals of this Universe.

Lest we forget, we are using the Scribe this week to call the attention of newcomers to the fact that in connection with the Liberation program there is *an institution of higher learning*.

At the present time there are about six hundred students quietly and unostentatiously penetrating into the Unwritten History of the World and into the Cosmological facts which operate behind life. It is a select group. The Liberation Fellowship has never been blatantly advertised. Only now and then, at rare intervals, such paragraphs as these reach out to inform new people. By writing to the Fellowship Division, Liberation, Asheville, N. C., you, too, may reach deeply into a knowledge that has long been denied mankind by the predatory forces we are opposing.

The Liberation Magazine is a sword of flaming truth arousing people from the anesthesia of mass thought and propaganda. The Liberation Fellowship is for the select few who wish to penetrate into the depth and the breadth of that knowledge which made the Liberation Magazine possible.

We want you to join if you feel that you belong. If all your life you have been hankering after a Truth which orthodoxy has never been able to give, join hands in this Fellowship!

Do you know what the future holds for the people of this earth?

Do you know what men and women *truly* are; do you know whether or not you have lived more than one life on this earth?

Do you know why the Great Pyramid of Egypt was built and by whom? Do you know what the great secrets of prophecy are, contained in the Pyramid right at this moment, prophecies which have never yet failed even to fixing the close of the world war and the beginning of the present Depression?

Do you know the real details of the Crucifixion and what made the Dark Ages dark? In short, do you know what the real unwritten history of the peoples of the world has been, and why this Depression and the Armageddon which is upon us presages a terrific alteration in man's habits of thinking and acting?

The following people have found the answers to such questions and hundreds more, answering the most profound problems of the human soul. Expressions like the following cannot be bought. They are the spontaneous testimony of those who had no motive beyond their gratitude!

"The Fellowship Course has answered some of the most puzzling questions of my life. I feel

that it has been an answer to my prayers for knowledge, knowledge that makes the things I know of the physical world harmonize with the things I know of the spiritual."—C. P.

"I cannot express to you in words my indebtedness to you good people for the information and broader view of life and its purposes I have received during the past year through taking this Course. Comparing a year ago now, I cannot think I am the same being. Latent powers and ideas have come forth, making life fuller and better and more understandable and equipping me to fill more fully my role in life and my purpose of coming here. I can have more patience and forbearance with my fellow man who is struggling in these times of perplexity and distress in ignorance of their purport and what they mean to him."—J. H. C.

"The lessons are so interesting that all other reading seems to have lost its attraction. I am delighted with the Course."—M. G. V.

"I would not take anything in the world for what this Fellowship Course has meant in my daily life and in the acquiring of a keener realization of God."—A. D. W.

"I cannot express in words how much the Course has meant to me. It has broadened my outlook on life and has filled me with the qualities that give me a peace and poise I have never felt before."—E. M. M.

"The benefits that I have received through the Course surpass anything I could offer in worldly recompense. There is a beautiful spirit of love, understanding, and wisdom that permeates all your literature. Personal correspondence is most inspiring and helpful; your help means so much to me, for you always understand."—Mrs. R. J.

"One of the loveliest things in the world to me is that you folks can think and see from the standpoint of a nation and the benefit of masses of people, and yet have real, human, personal interest in individuals like me!"—Miss P.

"We have lost our home through bank failure, but I have learned through the Scriptures to consider all such difficulties as lessons, and really sometimes I almost laugh at them. I am learning by these experiences and do not expect to whine about them, but go right on. I shall continue to be of service to the Cause and do everything I can for any of you. Kindly give Mr. Pelley the best wishes of our Assembly."—Mrs. C.

"I have three precious lessons laid away to study later. We thank God for Galahad College and you dear people. It has made a great difference in our lives, and as the way opens we in turn can do much for others."—Mrs. H.

Unless a man be guided by Principle he is as a straw blown by the gales of a press-created public opinion and by the thousand and one "little-nesses" of human nature which blind our vision and weaken our energies. So, that we may keep our vision clear, let us cleave to the following *Spiritual platform*:

We recognize only one force in the world and that, the Love which is of the Christ and of God the All-Father.

We know it as the substance of which all things are made, the flow of opposites in atoms, between positive and negative, upward through all creation; a mighty force whose understanding is gained by *merging with* in that Communion which is of the Soul, which is the recognition of identity or *awareness*.

We believe that it is greatness of Soul on the ascending scale toward the Christ which may have a corresponding Greatness of Spirit, and which in itself constitutes a spreading through the breadth and depth of society, embracing the body of the race and recognizing thereon a great cancer which Satanism has perpetrated—call it by whatever name you will.

We see clearly that earthly means must be employed as heavenly instrumentalities and that greater than prophecy are those who *are* prophecy, because they have the encompassment within themselves to be instruments for its fulfillment.

We draw a clear distinction between all groups operating on the face of the earth at the present time and divide them thus: those for whom Love extends to an accurate perception of the facts concerning the great cancer eating at the heart of humanity and polluting its blood-stream and who must know the fire of a Higher Patriotism in the necessity of accomplishing definite results; and those others who only know Love in the abstract fashion, failing to grasp the meaning and the reality of present circumstance and the consequent courage or the God-given virility to save their own sons and daughters from the despoiler—even as they must do for the State!

Such have not yet learned the true character of the Christ. It was the Divine Man who gave evil its most scathing condemnation. The Gospels are replete with his ringing words: "Woe unto you Scribes and Pharisees, hypocrites! . . . sons of hell, dogs, vipers, fools, wolves, harlots, and blind guides . . . ye are of your father the Devil and the lusts of your father ye will do!" And when the occasion arose he strode into the temple and with a knout of cords drove the Jewish money lenders out of the temple and into the gutter!

There is a clear demarcation between those who merely pray and shoot the arrows of their loving-kindness toward abstract focal points, and the true Christ men and women whose lives are merged in understanding of the living battle of the forces of darkness against the Light, and who consequently can do nothing less than make their lives prayers of flaming action!

It is a time when knowledge must be practical! No benefit comes to man until he has earned it. Not merely accurate knowledge of the *secret organizations and secret methods* of the Adversary must be known, but there must be the Spiritual hardihood and initiative to see that the Adversary is completely cooped, so that prophecy may be fulfilled in actuality and the New Age arrive.

It will not come until we, as emissaries and warriors of the Christ bring it of ourselves, paving the way for His presence!

Is Machinery of Sovietism Being Set Up In America?

(Continued from page 4)

to Mr. Baruch, when it has been stabilized and endowed with proper power.

ONE Col. Arthur W. Little seems to constitute a whole committee unto himself—with a name so long and ponderous that we wonder the gentleman remembers it when he awakens in the morning. Col. Arthur W. Little seems to constitute *The Business Advisory and Planning Council for the Department of Commerce in Connection with the National Recovery Administration.*

There's a title for you! One wonders what Benjamin Franklin or Thomas Jefferson might think of it.

Now come the "Aides" to "counsel" the Recovery Administration. We now enter openly the realm of an "oppressed" and "persecuted" people, and it behooves us to proceed respectfully—

First comes *Attorney Donald Richberg*, who is General Counsel for the National Recovery Administration. As the Administration has bilked the veterans, turned many governmental clerks into the streets like the most penurious of corporations, and cut everybody 15 percent in the interests of national economy, it naturally has the money on hand to pay this adjunct to the Recovery Act a neat \$12,000 a year. Just what he actually does for this money is not made clear to the tax-payers.

THE NEXT easily "persecuted" person whom we encounter on an abbreviated government payroll is Dr. Alexander Sachs. He is designated as *Chief Administration's Division of Planning and Research.* Thus was he lavishly lauded by the baruchers: "He whose analyses have largely governed our conclusions." Fine! Now we know exactly where the National Recovery Act was really hatched and why there is a legitimate "I" in N-I-R-A.

Dr. Sachs has the interesting job of taking all of the Code Reports that come in weekly from sappy Gentile business men all over the nation and drawing off the information and statistics from them. He was recruited from The Lehman Corporation, a sort of Jewish Dun & Bradstreet Special-Report Service Corporation.

Dr. Joseph E. Pogue is labeled a Deputy Economist—if anyone knows just what a "deputy economist" really is—to collaborate with Dr. Sachs generally. Possibly he helps Dr. Sachs dig out the Gentile business secrets and discern just wherein Gentile firms and corporations have contrived to beat their Jewish competitors up to the present.

Everett L. De Golyer is Special Technical Adviser to Deputy Administrator E. M. Simpkins. Thinking up names for all these gentlemen should be quite as bedeviling as naming Pullman sleeping cars.

Laid Bell is Adviser to the Administration for the Lumber Industry. E. R. Stettinius, Jr., is Liaison officer between the Industry Recovery Board and the Administration. We gather thereby that he is a sort of transcendental Western Union boy and runs the errands. Possibly he is the one who goes out at twelve o'clock and brings the Recovery Administration a cheese-on-rye.

OF THE Stalin of all this brilliant business, so carelessly unthought of by the Revolutionary Fathers, we of course, confront the self-styled "Disraeli of America"—The Very August and Honorable Bernard Mannes Baruch. He likes the power which the Disraeli business expresses, and frankly says that he held more of it during the war than any other man in the United States—thereby classifying President Wilson as his mere assistant. Just why this came about, this Christian nation was never informed. *Nobody estimates correctly who would dare to declare that his power had waned in times of "Recovery."*

THE JEWISH gentleman, Colonel E. M. House is a recrudescence in this Brain Trust baruchcracy. Writers have characterized him as holding the rather nebulous position as *Elder Statesman.* Just what an Elder Statesman does in the American commonwealth the Constitution also omits to mention. But then, the Constitution neglects to mention much, much, that is the order of our government at present.

As Secretary to the President of the United States we meet Louis McHenry Howe—who is thrifty enough to add to his White House living by a smart contract to broadcast juicy items of the prevalent Dictatorship which may come to his attention, at a lucrative salary *per minute* for every moment his voice is sold to the broadcasting system. In fact, few members of the Administration neglect this profitable occupation—even Wives, Sons, and Daughters all come in for such nice financial melons, the times being what they are, and this being a Jewish administration on principle.

As Directors of the Budget we have Lewis D. Douglas and Alvin Brown—the gentlemen who take the wet smack when the baruchers want to trim government employees and veterans in order that there may be plenty of salaries for the multifarious "specialists."

Among these Specialists is A. A. Berle, Jr., a railroad expert and accredited as being "progressive to the last degree"; Howard Lee McBain, who knows all there is to know about Constitutional Law, having come from Columbia University, and last but not least, *Felix Frankfurter from Harvard*, who hangs about doing any little thing while waiting to become the third potentate of the Jewish persuasion on the U. S. Supreme Bench.

SUCH is a brief synopsis of the Moloch of Soviet Committeeships, so constituted to all obvious purposes that it could go right along and function as a government if the whole Recovery Act proved to be a bust and nothing remained to us "but the beauties of Communism."

Meanwhile, by actual count, there seems to be more government employees on the general payroll in the name of baruchcratic economy than ever before in the history of the nation.

Is the machinery of Sovietism being set up in America?

Nothing seems to be lacking but the Chekka or Secret Police.

But give the Great Disraeli time. Best not to proceed too fast and tip off these Gentiles to what really is afoot. There are a bit too many of them just yet to treat with in any other way than scaring them with vultures on shop windows!

Liberation is a Sword!

HUNDREDS of Legionaires address us from time to time, appealing to us to print more of the Christ-Democracy Plan in this journal and less of current comment on the moment's spoliations. "We know there is a Jew Problem," they declare, "and that nothing is intrinsically wrong with our Democracy but the international Jewish interests that have weaseled themselves behind it. What we want is more particulars about the program of action which will show us what to do about it, and such a program cannot have too much publicity."

All of which is quite sound in argument, but which overlooks something which motivates the staff of editorial writers on *Liberation* from week to week.

Liberation is not a textbook. *Liberation* is a sword!

The full tenets of the Christ Democracy, the effective alternative to the present depredations, have already been printed and circulated in editions which have totaled 30,000 to 40,000 copies. They are positive and constant. They can be procured and studied at one's leisure.

Liberation is supposed to fill a quite different function. There must be, in all of this journalistic turmoil and chicane, one publication that keeps Legionaires informed trenchantly and accurately from week to week, just what is happening in places high or low, interpreting the campaign of ravishment that makes the Christ Democracy necessary.

In other words, *Liberation* is the piece of literature out of *Silver Shirt* Headquarters that treats of the passing, current, evolving dilemma and situation. It is purposely edited to be a record, later, of this caloric period through which the United States is passing. It is created to print and preserve the recorded progress of the Armageddon suddenly descended on all peoples from the Anti-Christ Forces. And it hopes to arouse the interest of the unenlightened, by interpreting from current events that which other literature of a static, positive, permanent nature delineates in extensive essence.

If it but catches the passing interest of the bedeviled citizen with a treatment of a current situation which he can recognize and accredit, other literature can "follow up."

EVENTS are moving with seven-league boots in these days of "cracking down" gestures on the parts of public servants, and screams of the Soviet Vulture trying to terrify free American citizens by threats of fine and jail to surrender their age-old Constitutional liberties. It is often the case that as this journal must be written two weeks in advance

of the moment it is put into readers' hands, certain articles and references are out of date.

To remedy exactly this defect, and to circumvent any attempts of the baruchers to autocratically close the United States mails to this publication because it tells so much uncomfortable truth, a dynamic conference took place at *Silver Legion* Headquarters the week of September 4th.

From ten great States scattered over the American Union came in men of the highest integrity and affluence, to complete plans not only for secret airplane carriage and distribution of this journal—or still more dynamic literature—over the nation in the event of these strong-arm methods being taken against grim and determined patriots of the Christian persuasion, but to agree on their policy for the imminent establishment of a series of weekly and daily newspapers serving the whole country and multiplying the dissemination power of *Liberation* Weekly in its campaign to **MAKE THE RASCALS GIVE IT BACK!**

Such a chain of newspapers is not to depend on Jewish mercantile advertising, nor on distribution by the Jewish controlled United States mails—providing baruchcracy continues to progress in its political control. Furthermore, they will actively take up the cudgels in all quarters of the nation for The Chief or his men, in the event that suppressive measures on trumped-up sedition charges, are instigated against them. *Silver Shirts* everywhere will hear more of these independent newspapers presently.

FURTHERMORE, plans for the nation-wide Jewish boycott that is to begin within another month—and which gives every indication of sweeping the nation with the reinforcements of the German-Americans and Lutheran pastors—were completed, and information was conveyed to these delegates which has since been transported successfully back to *Silver Legion* men in their respective territories for instant use at the appropriate moment, or in the event that strong-arm methods are employed against Headquarters or the Chief of any description.

The position of Judah is not an enviable one, and this approaching winter is not to be as other winters. Very little is being done, either in high councils of Jewry or in fancied star-chamber sessions of the Soviet schemers at Washington, so grievously defecting the Administration, that is not known ultimately to this wide representation of *The Silver Legion*.

What the reprisal measures are to be, *no Hebrew knows!* Hebrews scream about Hitlerism and its potentialities, but that only demonstrates their ignorance of what truly is afoot. Hitler has nothing to do with what is truly afoot in America. These Hebrews among us have employed tactics that *figuratively speaking* have dug their own graves.

LIBERATION is the Weekly Journal of The Silver Shirts of America, the active civic organization of The League for the Liberation, published every Wednesday by Galahad Press, Incorporated, both subsidiaries of The Foundation for Christian Economics, Incorporated. Edited by William Dudley Pelley, commander of Liberation Forces. Published and printed at the Headquarters of the Foundation at Asheville, N. C. Subscription \$5 per year of 52 issues, \$3 for six months, \$1 for two months. Entered as mail matter of the second class, November 2, 1931, at the postoffice at Asheville, N. C., under act of March 3, 1879. Correspondents are requested not to send registered mail requiring personal return signature-receipt to either Editor or Staff Members.
