Will This be the Match to the Powder Keg?

*(An Intimate Talk with
the Silver Legion's Chief)*

FOR fourteen months I have been revealing to you the most staggering details of the conquest of our beloved United States by an alien element operating from within our representative institutions to scrap our Constitutional form of government and set up instead a Jewish hierarchy to rule over us, sponsored by the identical individuals who have brought Great Russia down to chaos.

Please take note that in those fourteen months, the accuracy of my statements has not once been challenged. Instead, I have been subjected to the most virulent abuse, I have had my life threatened, I have been accused of the most traitorous sedition, I have been the victim of a ruthless censorship by the powers that dominate the press and radio. The very means taken to suppress my utterances have only served to confirm the grim reality of this Jewish program and disclose the dread uncertainty of its sponsors as to whether or not they are going to be ultimately successful in fastening their Soviet yoke on the entire American people.

Now we have come to a place where I too must be ruthless, at least in my frankness of expression concerning the problems confronting me as an individual at the head of this nation-wide Silver Legion, organized to combat as we can this oriental octopus fatally fastening its tentacles upon us. So great has become the power of this aforesaid Jewish hier-

archy within or behind our government that it does not now hesitate to employ the Congress of the United States to further its ends and obliterate its opponents. The American people, seemingly in the final stages of a great decadence, either do not know what is going on or are too bedeviled to

recognize it. We Silver Shirts choose to base our program on the former assumption. But that does not alter the fact that these power-drunk Judaists think that the American government is now their own exclusive property and are arrogantly taking unto themselves rights and prerogatives that are anathemas to every free-born and patriotic American. More than that, they actually have the audacity to secure appropriations of the public moneys to further the ends of their conspiracy and make their oligarchy triumphant and complete. A word first, however, before I enter into any discussion of this latest piece of Congressional chicane . . .

DURING the past fourteen months I have consistently told you that the administrative provision for bringing back prosperity, called NRA, was

nothing but a smooth Jewish scheme for the setting up of a vast bureaucracy that would approximate in its final features the Politbureau of Moscow; that whereas it seemed at first to be predominantly officered by Gentiles, the latter would

gradually be replaced by Jews, that the present Administration had been lifted into power because of its supine acquiescence in this Jewish dominance and that it would ultimately see that the majority of the vital offices of government would be presented to Jews until by entirely legal means the American people became powerless to defend themselves from the Communist forms of officialdom which they favored.

Today the whole Gentile element of the nation is in revolt at NRA—a fact insolently and ruthlessly kept out of the public press, while fabricated stories of its success are subtly forced before the eyes and ears of the rank and file of our people. Almost a year after its instigation, more people are out of work and in graver distress than at any time since 1929, while the employment to which the Jewish hierarchy points with such pride has been work deliberately and uselessly contrived at government expense and on public funds, approximating nothing but a camouflaged form of dole. Meanwhile the money going out to these governmental employees has been raised from mountainous issues of bonds which are a direct obligation on our children and our children's children. It has been borrowed money, not earned money, which means that four to five millions of those so aided are being maintained against the capital account of the United States.

Lately the NRA oligarchy affected to hold Complaint Hearings in Washington. Hundreds of Gentile business men who had accepted the provisions of NRA in good faith, have now returned to their homes disillusioned and embittered. They were given small chance to register bona fide complaints. The cleverness in cross-examination of a coterie of Jewish lawyers manipulated their testimony so as to make it appear that any dissatisfaction with NRA put the complainants on record as seditiously opposed to the authority of the Federal government.

My contention that Gentile appointees to NRA boards, and similar officialdom appointees generally, would in time give way to Jewish principals, has been too well borne out in the events of the past six months—commencing with the substitution of Morgenthau for Woodin in the Treasury—to need much recounting here. Official Washington has now become a city quite as Jewish as Manhattan. The Hebrews are now beginning to brag about this fact, in their Yiddish publications. People back in the hinterland have no conception of the infiltration of Jews into every department of government and the Civil Service until they come here to Washington and observe for themselves.

Behind President Roosevelt and reliably alleged to be dominating most of his acts and decisions, stand such Jews as the two Morgenthaus, Felix Frankfurter, Rex Tugwell, Judge Brandeis—the latter responsible for the printed statement to Hebrews: "Let us all recognize that we Jews are a distinct nationality, of which every Jew, whatever his country, his station, or shade of belief, is necessarily a member." What a travesty on Americanism that a Judge of our Supreme Court should thus shamelessly attest his prior allegiance to another nation, the Jewish, and remain unchallenged in his position!

I have not time to recount to you in this letter the complete evidence of the Judaizing of our government—you are only too familiar with it in the pages of the past twelve

months of "Liberation", or from national events as they have unfolded from week to week since the present administration came into office. I have a graver piece of insolence and "cracking down", to which to call your attention . .

YOU will recall that back in the summer, the report was circulated that 300 German Nazis had entered the United States, financed by the German government, with the avowed intention of overturning the American form of government and instigating German Fascism. Samuel Dickstein, a Russian Jew, not born in this country, but who had mysteriously become a Congressman and chairman of the Immigration Committee of the House, sprang into feverish activity to thwart the spread of Hitlerism here upon the excuse that these 300 Germans presented a menace to free American institutions. Granted that these 300 Nazis ever existed or were financed by Hitler—which they emphatically were not—his real purpose was plain. He meant to use his powerful office to zealously see to it that anti-Semitism here was nipped in its bud. He held a series of hearings in New York City and elsewhere, wherein he tried to use the testimony of known Communists like Hathaway of the red Daily Worker to prove that these Germans had malodorous designs against the peace and sovereignty of the people of the United States.

The hearings came to naught, because it is doubtful if the 300 German entrants ever existed. Certainly not a penny of Hitler's money was ever expended in this country to advance the political fortunes of the German chancellor. Able to prove nothing, Dickstein's hearings ended in a farcical deflation. But meantime a vast wave of anti-Semitism was rising from the megalomaniacal acts of Jews in every city and hamlet throughout the entire United States. Epitomizing this anti-Jewish sentiment in orderly and constructive manner came the Silver Legion. It was purely American, Christian to the core, meaning to fight a grim and successful battle for the permanence of the federal Constitution and the freemen's rights for which it stood. No traces of any affiliations with these 300 German Nazis could be found in the Dickstein "investigations", so for the time being the Silver Legion was wholesomely exempt from the jurisdiction of the Congressional Committee on Immigration.

BUT the galvanic expansion of The Silver Legion, as Jews themselves everywhere fed the fires of anti-Semitism, meant that the Silver Shirts could not be overlooked. Some way must be found to cripple and emasculate this "venomous" Silver Shirt movement. With Congressmen everywhere, almost without exception, brow-beaten or intimidated by this Jewish-controlled administration, what easier way than to force a Congressional "investigation" of these menacing Silver Shirts, commandeer their books and records, and generally harass and embarrass their leaders throughout the 48 States?

Therefore let it be known, Silver Shirts, that this Russian Jewish Congressman, representing a New York constituency avowedly Communist, has fanaggled a bill through the House Ways and Means Committee, calling for an expenditure of the public funds to the extent of at least \$25,000, for the early and drastic "examination" of the Nazi movement in the United States. The Jewish Daily

Excerpt from the Jewish Daily Bulletin

SPEAKING of the Anti-Nazi Investigation Bill, Dickstein "reported that his resolution is designed to strike at not only Nazi German propoganda groups here, but also "dozens of other organizations which are equally important in attacking the government and races and classes residing in the country.

"Among those due for investigation are the Silver Shirts, the Order of '76, and many other groups aiming at the overthrow of our present form of government, Dickstein asserted.

"The Silver Legion, headed by William Dudley Pelley, is expanding rapidly throughout the country.

"According to Congressman Dickstein, Pelley has instituted athletic centers throughout the country, the purpose of which is to keep his groups 'in trim'.

"It was said that Pelley had designed his athletic groups with a view toward creating a sense of military discipline among his followers, which might be utilized in the order of a Fascist army in his coming bid for power. 'Many right-thinking people in this country,' Dickstein said, 'have been tricked into serving this maniac. Those who follow him for the most part do not know the real purpose of the man's movement.

"As yet I have not definitely decided as to whether or not I shall seek the chairmanship of the committee,' the Congressman stated. 'In any event, having spent six months in hard and fruitful work at the task of gathering data on Nazi and anti-American propoganda, I shall certainly take a leading part in prosecuting the enemies of our government."

—from issue of March 12, 1934.

Bulletin, published in New York, and endorsed by the Communist Jew, Einstein, is more frank. In an issue of the week of March 3, 1934, it declared in reporting the new Dickstein Bill that the latter was for an exhaustive probe of the Silver Shirts and its affinity organization in Manhattan, The Order '76. The Jewish Daily Bulletin made no mention or reference to the German Nazi movement whatever.

Now I am making no bid for sympathy, and I feel quite capable of taking care of myself in any such volcanic investigation. There is not now, and there never has been, the slightest hook-up or affiliation with any Nazi organization or group on the part of the Silver Legion. Congressman Dickstein should know this is true, from the failure of his gesture to "get" 300 Germans who did not exist, in the recent summer. What I pardonably lament is the loss of control of their government by the American people to this group of aliens designated by Brandeis, and the general decadence of the social body to such a point, that the times being what they are, the public Treasury should be drawn upon for \$25,000 to squander in "investigating" an organization that is fighting to the death for the Constitution, that represents the highest ideals of Christian culture in its rank and file, and that has so far shown itself the unalterable foe of enemies of the nation both without and within.

By what right or license does this little group of Zionist Jews, working within the American social body for the advancement of their own Jewish nation as attested by a Jewish judge of our Supreme Court bench, use the powers of the Congress, and the money of the people, for "investigating" a one-hundred per cent American Christian organization, causing distress and embarrassment to its loyal and indus-

trious personnel, and generally emasculating its effectiveness for fighting the alien sabotage within our gates?

WHAT Dickstein and the big Jews behind him really are after, of course, is to possess themselves of the records of the Silver Legion, paw and mull them over at their leisure, acquaint themselves with the persons scattered about America, who by membership in the Legion, express their dislike of this oriental element assiduously selling out our country to Sovietism, and if no irregularities are found in the Legion's affairs, be in a position later to "crack down" on individual Silver Shirts from Portland, Me. to Portland Ore.

In addition, the summoning of myself to appear at these "investigations" and be at the beck and call of Jews in power, such as Dickstein, puts me—so to speak—on the "spot", in the matter of identifying me to any fanatics who may be in attendance and who later may decide that my space on earth is more to be desired than my presence.

Congressional power and public funds must be invoked and employed to thus embarrass and quash a movement that has as its essence the arrestment of this Jewish conspiracy over our Christian institutions and the savings of our government from militant Sovietism. Thus far do these Jews imagine themselves to have attained omnipotent power and impregnable influence to work their wills on American Gentiles as they please.

I call these facts to your attention that you may give them as wide a circulation as possible and enhance the Legion's prestige nationally by apprising as many bankrupt Americans as possible just how the public money is being spent. Of course \$25,000 is a mere pittance in these days when great Jews in high places are shoveling out millions from the public Treasury. Still, \$25,000 is a beginning. If Dickstein and his compatriots in the present Administration want more, they will obviously have no trouble in getting it.

Conversely too, the expenditure of \$25,000 for this ignominious purpose attests to the growth and strength of the Silver Legion and the extent to which these alien Hebrews fear its expansion and power.

THAT the Silver Legion's growth and work may be temporarily curtailed or arrested while this utterly absurd and farcical "investigation" is in progress, goes without saying, and Silver Shirts everywhere are asked to be as lenient as possible during those weeks in which it is possible that I may be called upon to face this modern Sanhedrin as my Lord did before me, 1900 years bygone. I have small fear of the outcome, however, and on the whole, the imbecilic gesture on the part of these Hebrews cannot help but add fuel to the flames of the anti-Semitism which is now assuming mountainous proportions. Six months ago anti-Semitism was taboo as a conversation topic in exclusive circles; today it is the paramount issue being discussed on the "upper Park Avenues" of cities all over nation. I shall, of course, acquaint you with the most minute phases of my forthcoming "examination", and I shall expect you to give them likewise as wide a circulation as possible, inasmuch as the press will probably be excluded from such star-chamber sessions. It would never do for the newspapermen of the

To the Hon. F. H. La Guardia, Mayor of New York . . .

DEAR SIR:

You are reported as having introduced yourself as "Vice-Chairman of the Boycott Association against Hitler". Such, sir, is your privilege, *but it is an entirely different matter when the mayor of the biggest city in the country uses the prestige of his public office to promote the interests of a people who are manifestly un-American and who have been troublemakers in every country in which they have ever*

resided.

At the meeting in question you denounced the Nazis as being warmongers, and declared that "to be against Hitler is to be for the German people".

Your first statement is certainly contrary to the truth, and the second an exceedingly silly fabrication, or the manifestation of unbelievable ignorance. How can you, alleged by Hebrew publications to be an Italian Jew, judge of the feelings of the German people? How can you have the audacity to speak for them?

It is evident that you are speaking for the Jews as a Nation within Nations and are violating your function as a servant of the *American* people.

NOW, IN regard to your Anti-German Boycott: You certainly will agree that the United States can make any laws necessary and also take such steps that they find proper and effective against criminal elements, and for the elimination of such elements from public affairs. And you further will probably agree that the United States is the sole judge of its own affairs—that it is nobody else's business. Logically and justly the same rights and authority must be conceded to Germany by all fair-minded people.

You probably can also admit that there has never, in all history, been a revolution effected in such an orderly and peaceful manner. Hitler has been unanimously supported by the people! It has been a revolt against their oppressors and evil conditions which have caused them untold suffering and humiliation. And if such process has affected the Jews in Germany, then there must certainly be some good reasons.

It is certainly your privilege to have sympathy with your Jewish brethren, and also to advocate boycotts and other means of *revenge* and retaliation. But it is another matter when you descend to such tactics in your office as mayor of America's largest city.

If you and your Jewish brethren were fair and honest about this boycott business you would also have to declare boycotts against Rumania, Poland, Ukraine, Czecho-Slovakia, because all of these countries have been treating the Jews immeasurably worse than the Germans ever did. Lis-

ten to this authoritative Jewish testimony:

"The desperate situation of 900,000 Jews in greater Rumania. . ." "Rumania has continued to oppress the Jews and is placing them on the same level with Gypsies and Nomads. . ."

"The Poles are persecuting and oppressing the Jews in the most terrible manner. . . Poland is a Hell for 3 million Jews. . . New Poland excludes Jews from civil service. . . The Polish Jew today is not considered even a second class citizen, because he is not classed as a citizen at all. . . Poland is determined to crush the Jew despite the treaty, and so is Rumania, and so is Ukraine, and so is Czecho-Slovakia."

NOW, respecting the treatment of the Jews: They were not treated any worse than the German Socialists and Communists, and other elements of peace endangering activities. Why make so much noise about it, particularly in the face of the Crime and Cruelty Record of the Jews themselves, which is not equalled by any other people in all history?

The all time record for cruelty, brutality and wholesale slaughtering of humanity regardless of age or sex rests uncontestedly with the Bolshevik Tcheka, a typical and exclusively Jewish creation. Its creator, the Jew, Djerdjinski, is said to have been responsible for the death of more than 100,000 Gentiles! Up to ten years ago the Jewish Tcheka has, according to Professor Sarolea, massacred approximately one and three-quarter *millions* of Gentiles! This sounds almost unbelievable, but, by referring to history, we find that the facts reported are in such complete harmony with the bloody Jewish Crime and Cruelty Record, that all doubts of their truthfulness are completely removed (see the report of the U. S. Rohrberg Commission of Inquiry).

To give just one out of innumerable Jewish crime records: "In Cyrene the Jews massacred 220,000; in Egypt a great multitude. Many of these unhappy victims were sawed asunder, according to a precedent to which *David* had given the sanction of his example. The victorious Jews devoured the flesh, licked the blood and twisted the entrails like girdles around their bodies (see Dion. Cassius lib. 68. page 1145—the History of the Decline and Fall of the Roman Empire by Edward Gibbon, Vol. II—89). The very same facts are also reported by the Historian Mommsen in his "Roman History" V-543.

If this evidence should not suffice, then I would refer you to the Old Testament, which represents mainly the history of unceasing wholesale slaughtering of peoples regardless of age and sex, as well as immoralities committed by the "Chosen People".

That the Jews have not changed, and that there are Jews who bravely face the facts, and courageously tell

the truth, is best evidenced by the following Jewish testimony: "... Real religious persecution is *uniquely Jewish, and the Jews themselves have been the relentless persecutors* ... the intolerant religious spirit among the Jews themselves is unique in history ... " (Hebrew Christian Alliance Quarterly, April, 1921).

"We are today nothing but the world's seducers, its destroyers, its incendiaries, its executioners ... " (Dr. Oscar Levy, Royal Societies Club, London).

MR. LA GUARDIA! It seems to me, that on the basis of the record of crime, cruelty and immorality of the Jews, that there would be so much missionary work to do on the lower Eastside of New York, that you would not find any time to indulge in untruthful and slanderous propaganda and boycott work, and to thrust yourself into the purely domestic affairs of another country.

It seems to me, that by doing some real missionary work among the misguided Jewish masses of New York, your efforts would not only be of benefit to the Jews and humanity, but most particularly to the peace and welfare of *this* country! As it is, your demagogic and provocative activities are harmful to all of them, not excluding yourself!

You probably know that the lower Eastside of New York is known to be, and in fact is, a hotbed of crime and immorality, of gangsterism and racketeering, of radicalism and communism, and of open as well as underground treacherous activities for the purpose of overthrowing our political and social structure and to Sovietize this country. The lower Eastside is the breeding place of filth and pestilence for the *whole* United States, from where the Jews swarm all over the country, as the mosquitoes swarm from a swamp and the grasshoppers from the desert.

SOME FACTS: The Russian Revolution resulting in the massacring and death of over 20 millions of the best people, was mainly the work of about 276 Jewish criminals of the lower Eastside of New York, of which *Leon Trotsky (Braunstein)* was the most shining example. They had been financed by an International Jewish Banking concern of Wall Street, similarly as the Jew banker *Bleichroeder* in Germany financed the German Communists.

Other Facts: The firebugs are an exclusive product of your New York Eastside, and so are the White Slave Rings. "Of the persons arrested for the distribution of obnoxious books the Jews outnumber those of any other race." (Report of Vice Society).

"More than two-thirds of the fallen women in the metropolis are of the Jewish Race." (Report of General Bingham, Police Commissioner, N. Y.)

"It is a deplorable fact, that Americanized Jews of prominence, openly encourage the ignorant Russian, Galician

and Polish Jews in their defiance of the Law." (New York Magistrate).

"The Jews in this country produce a larger percentage of criminals than other nationalities." (Testimony of a prominent Jewish Judge).

IN VIEW of the above facts and the records of history; in view of the Crime and Cruelty Records of the Jews; in view of their undeniable religious intolerance, and in view of the relentless and most cruel persecution and coercion of all those who tell the truth about them—in view of all such generally known facts and incontestable evidence—don't you think, *Mr. La Guardia*, that you stand on very slippery ground by attacking and slandering a whole nation, just because a comparatively small number

of Jews, as Communists, have possibly been roughly handled in the course of a national *house-cleaning*?

Do you not think, that the Germans have the same right as the Americans to take care of their own affairs and to be master in their own house? And do you not think, that some of the Jews only reaped what they had fully deserved by their treacherous and immoral behavior during the time when Germany was helpless?

Do not forget that there is a law of Cause and Consequence, of Action and Reaction, which will surely apply to your Boycott Propaganda!

Despite of all the aforesaid, we mean to be fair and just to you Jews, and shall consider causes and consequences. Your peculiar actions are the outcome of your *blood, birth and breeding*. You can not help that. Your

true nature was already described in the Bible, John 8-44:

"*Ye Jews are of your father, the Devil . . . He was a murderer from the beginning . . . he is a Liar and the father thereof . . .*"

THE TRUEST representative of Jewish nature is of course the Talmud, verily the mirror of the Jews! That the teachings of the Talmud are well appreciated, and its commands literally carried out, can be observed in a few shining examples: The allegedly English Jew, Samuel Insull, fleeced the people of the United States out of 400 Millions; the Jews, Bernhard Marcus and Saul Singer, caused the loss of 240 Millions to 400,000 depositors of the United States Bank, and while the Jew, Stavisky, swindled the French people out of 40 Million Dollars, another Jew, Lucien Klotz, as Secretary of Finance, "almost put France into bankruptcy by spending Government money."

We have also a Jew as Secretary of the U. S. Treasury in irresponsible and complete control of our finances, and the question now arises: "How will *he* react to the teachings and commandments of the Talmud?"

Hoping that you, and your clan will benefit by my presentations, I am,
Very truly yours, *Ernst Gorner*.

Democracy Hides When Morgenthau Ascends "in State"

SECRETARY of the Treasury, *Henry Morgenthau, Jr.*, visited the National Press Building (Washington, D. C.) yesterday, and just about shattered the democratic spirit that has always pervaded that structure.

Hearing that Morgenthau was on his way over to inspect the Federal Deposit Insurance Corporation, which is on the fourth floor, a uniformed guard in the National Press Building went down to the street floor and reserved an elevator for him.

However, Morgenthau took another elevator, and six very ordinary persons followed him in.

The guard ordered the six to get out, and Secretary Morgenthau rode up to the fourth floor in state.

This is Not a Contest Between Labor and Capital!

THE PAPERS of the nation have been filling even the average citizen with forebodings of alarm. It is manifest that the N. R. A. has not only failed, but that the conditions for which it is partly responsible have given the Communist-Socialist elements of this nation occasion for serious revolt.

The temper of the country is such that if the strikes now pending for the automobile and other industries actually go into effect, it will mean the beginning of a panic, the consequences of which are appalling to contemplate.

The marplots are working at feverish heat behind the scenes, striving to walk the tight rope of delicate subversive control.

If it is politic to their interests to forestall the blanket strikes which are on the make, it is exceedingly likely that they will further complete their stranglehold of bureaucratic dictatorship on American industry—the same dictatorship to which Henry Ford in his complete knowledge of the cabal would not accede as regards the N. R. A.

THE AMERICAN citizen and business man is pitifully caught between two apparently opposing factions, both of which are maneuvered from the same central source in a concerted plan to secure utter domination of this country in violation of the principles of our Constitution.

On the side of the masses is bloodthirsty Communism, and on the side of the so-called Intelligentsia is a Socialism, enervating the minds of the people, and operating within and through governmental authority *that is the same Communism in another dress!*

It is not a contest between capital and labor! It is a contest of the subversive forces of the world, backed up by the complete and autocratic control of the world's gold, to wrest dominion from the hands of the people.

This is not condoning the evils of capitalism, nor extolling the masses. It is that millions of tons of propaganda in this country have created fictitious elements of dispute in which labor will not attack capital in its essence, but thoroughbred American industry. By such confusions it is planned that this nation shall pass into the hands of its enemies.

DO YOU KNOW that the plans to order Communistic strikes and uprising in the near future will give an excuse to the marplots to declare martial law, dissolve Congress and representative government, and establish a dictatorship in this country?

Did you know that this dictatorship may be so cleverly

engineered that it will receive the applause of the mass of the duped American citizenry?

Did you know that the plan from then on would be a rapid metamorphosis to complete Communistic rule in this country, by whatever name it may be called?

With rapidly growing debauchery on every hand; with our colleges and sterile intellectual societies nests of Atheistic, Socialistic, Communistic subversion; with such erstwhile innocent institutions as the Federal Council of Churches of Christ in America hopelessly confusing the real issues that we may spinelessly accede to the fiats of subtle seizure of power; with the press, the movies, and the radio controlled, it is apparent that the American public is being fed nothing but confusion and distortion of elemental issues.

The public avenues of information are not explaining that Socialism and Communism are birds of a feather, that both of them spring from the same materialistic, anti-social sources, nor do they explain that it is this same Socialism which has now seized the reins of governmental power, installing the machinery of a dictatorship.

They do not explain that the only difference between the two is that Socialism means to gain its ends by the ballot, and that Communism means to conquer the nation by brutal force.

The time is appallingly close at hand when the false issues of labor as against capital will create such revolt that it will indeed be necessary to install the iron hand of dictatorship to quell and confuse that which the vanguard of that dictatorship has, of itself, created.

It is a contest demanding the greatness of an Abraham Lincoln to say that "our Government of the people, by the people, and for the people, shall not perish from the earth!"

THESE ARE bold statements. They are the sort of statements which cannot be made without adequate proof. They are the irrevocable deductions of stark fact—evidence which may also be yours if you have not already obtained it directly for yourself.

Friends, there are thousands upon hundreds of thousands of people in these United States who perceive all-too-accurately what is upon us, and who chafe at the bit that it is necessary to waste a single word that is not concerned with direct action against definite depredations.

The Silver Legion is ready to offer more specific information to you, on one condition, that you will demonstrate the freedom of your conscience and the courage of your integrity by joining hands with those who are already mobilizing to protect your life.

The question before us here, however, is the establishment of the fact that Socialism and Communism come from a single source, and that both are materialistic, atheistic in-

struments for World Domination—no matter how ghastly, how delightful or how sanctimonious the trappings!

And until the body of the American people perceive this fact in all its appalling significance, they will continue to be the blind dupes of a World Force which has *created* the revolution which they cannot comprehend.

THE ELEMENTAL principles are simple. Once they are pointed out it is impossible not to put two and two together until the fraud of Marxism is revealed in all its stark materialism as the enemy of the people. It is only the details of their subtle climb to power—the Unwritten History of the World—which are difficult of quick comprehension, in that it is a trail so devious and so astute that the complete mosaic comprises thousands upon thousands of pages of photostatic evidence.

The "parlor pink" of Socialism is the advance agent for the "gutter red" of Communism. Both are disciples for Marxism. The only difference between the two is that Socialism is occupied with theory and conforms, somewhat, to the respectabilities of society. Its agents are dupes, paving the way for the agents of Communism, who are not dupes but adepts of anarchy.

Socialism is largely supported in its nefarious operations by the American Civil Liberties Union already adequately described on these pages; Communism, by the International Labor Defense. The League for Industrial Democracy, formerly the Intercollegiate Socialist Society whose first President was an ex-convict, is the chief instrument for developing the insidious, unhealthy doctrines which pollute our educational institutions.

There are perhaps a hundred important divergences from the above brief outline.

What is important is that all subversive societies converge toward certain elemental principles. Strip "pink" Socialism of its trappings and expose "red" Communism, and we find what may be considered as no less than the instrument of Satan. Their ultimate aim is always comprised in the following brief plank, completely in operation in Soviet Russia:

- 1—Hatred of God and all forms of religion.
- 2—Destruction of private property and inheritance.
- 3—Absolute social and racial equality, promotion of race hatred.
- 4—Destruction of all forms of either monarchical or democratic governments, including civil liberties, such as freedom of speech, of the press, of assembly and of trial by jury.
- 5—Destruction of all nationalism, love of country, patriotism and allegiance to civil or political rulers.
- 6—Abolition of marriage and practice of free love.
(A similar definition will be found in the "Fish Committee Report No. 2290 of the 71st Congress, 3rd Session.)

Socialism does not take God or Christ into consideration. Man is a mechanized animal. Everything is reduced to mechanical values crushing and destroying the nobilities of life in sterile intellectualism. Communism and Atheism are, of course, synonymous.

Under the banner of "Liberty, Fraternity, and Equality" private property would be abolished, and without representative power, belong not to the state but to the dictators in the seat of power.

All the people would be reduced to a common level of

equality, that is, to the level of the proletariat and become not merely physical but mental and moral slaves.

This Satanic scheme, as you see, would degrade mankind to a mass lacking in the integrity which comes with worship of God, in the educational qualities of love which come with family relationships, in initiative and finally in the complete helplessness of the individual.

Such a condition can only be brought about by a secret control which operates on both sides of many issues at once, hiding from the public the real issues which give them a steady increase in power. In another issue of *Liberation* we will give a complete listing of the various societies so used to accomplish the destruction of the State.

HOW THESE planks quoted above have been put into operation constitutes, in essence, the Great Crime of the Universe. The most masterly statements of what we have to confront are contained in a famous book placed in the archives of the British Museum years ago. Let us reread a few lines from this old book and compare them with the accomplishments of the moment:

"We shall raise the rate of wages which, however, will not bring any advantage to the workers for, at the same time, we shall produce a rise in prices of the first necessities of life, *alleging that it arises from the decline of agriculture and cattle breeding*: we shall further undermine artfully and deeply sources of production, by accustoming the workers to anarchy and drunkenness and side by side therewith taking all measures to extirpate from the face of the earth all the educated forces . . . This hatred will be still further magnified by the effects of an economic crisis which will stop dealings on the exchanges and bring industry to a standstill. We shall create by all the secret subterranean methods open to us and with the aid of the gold which is all in our hands, a universal economic crisis whereby we shall throw upon the streets whole mobs of workers simultaneously . . . These mobs will rush delightedly to shed the blood of those whom, in the simplicity of their ignorance, they have envied from their cradles, and whose property they will then be able to loot."

You will notice that side by side with the teaching of Anarchy, spoken of in other places as synonymous with Socialism and Communism, is the creation of an economic crisis by collapse of the stock exchanges and destruction of industry, so that the former may have cause for revolt and thereby enable the cabalists to gain to world domination.

In other words, Socialism and Communism go hand in hand with the plot of Jew bankers to bring the economic world down to ruin.

With the people enervated by confusing subversive doctrines until they no longer know where the truth lies, with government completely in their control because it has been reduced to titanic vassalage in the name of the public debt, because the Jews alone control the gold, *with this understanding, only, may the crux of the world diablerie be made plain!*

The people cannot revolt against the Jewish cabal when they do not know what to revolt against, and fed with the ideas of anarchy on the one hand and polite acceptance of a dictatorship on the other as the only way out of their difficulties, *the Jewish cabalists are leading the Christian dupes of America like sheep to the slaughter-house!*

Let us be explicit:

IN 1929 there was the collapse of the stock market. Like every other collapse of the stock market it enabled the Jews to surreptitiously gain to what is now the final and

complete control of the world's gold. Controlling the basis of all credit the industry of the nation was placed at their mercy. *On the one hand this was used to provide the conditions allowing Communist revolt, and on the other to create bureaucracies which, at the time of the dictatorship, would allow them to accomplish the complete steal of American industry by directly controlling it to the ultimate and complete slavery of the people, just as occurred in Russia.*

Just exactly, what happened with the collapse of the stock market in 1929?

The public has never been told the truth, because if it was told the truth it would reveal the absurd fallacies of our economic system and the people would finally rise up in horror and indignation that they had been so utterly hoodwinked.

Shameful is the realization that false economic doctrine has been so completely accepted that even major losers in this gigantic national catastrophe are not awake to the real facts concerning the looting.

Nor has it ever been clearly brought home that gambling with large stakes is gambling with the life blood of the nation and the antithesis of a true patriotism. A false era of materialistic "grab" and "get" was a titanic public immorality abetted by the Jews who held the final security—the gold—and the gambler always loses!

The facts are simple, once they are brought to the surface.

To begin with, it is elementary that the vast volume of American business is done on a cash-barter basis. Now there were only about 8 billion dollars of actual currency in the entire United States. It is absurd that 8 billions of dollars could take care of national business running into the hundreds of billions of dollars.

Trade balances are checked off one against the other, and when there is a difference by natural law it should be made up out of the same currency used by the people—a currency always stable in value and beyond the reach of the fluctuations of a Stock Market. But instead of following this sane policy and providing legislation that would take care of it, the hundreds of billions of dollars of business in this country was not handled by using the currency of the people, but predominantly by the uncertain currency of stocks and bonds—and there was the rub!

These credits of stocks and bonds were tabulated to be about as follows, totalling over 150 billion dollars:

Due to banks - - - - -	50 billion dollars
The National Debt - - - - -	17 billion dollars
State, County, City bonds - - -	20 billion dollars
Railroad bonds - - - - -	12 billion dollars
Industrial paper - - - - -	20 billion dollars
Real Estate Bonds—Mortgages -	50 billion dollars

And while placed on the basis of fluctuating supply and demand and of gambling, these represented the *real wealth* of the nation. They represented the land on which we live, the equipment with which we produced the necessities of life, and carried on the machinery of civilization. In essence, these securities, placed on a false basis, represented the living body of the nation. That they should be placed in a position where they could become the servants of corruption is one of the colossal errata of the ages.

With the collapse of the Stock Market, business was suddenly without the credits to continue operations. The cur-

rency of industry practically disappeared. Aside from the speculator, the legitimate investor and the harassed business man found that their currency was a synthetic currency and that someone in power had refused arbitrarily to recognize its value as a means of exchange.

He cried: "But I accepted these from my customers in exchange for goods. They were legal tender at the time I so took them, according to the current standards of business. By what right do you arbitrarily declare you will not accept them and credit them to me, that I may go on doing business?"

The cashier replied: "There is a fear abroad in the land that your stocks and bonds are counterfeits, more or less, or that they cannot be exchanged for government specie. Besides, someone has been gambling with stocks and bonds, and gambling is not right. As there is no power that compels us to accept your fictitious ten, twenty and fifty dollar bills, and as we are a government protected monopoly in the matter, we tell you to take your worthless notes and go out on the sidewalk."

And forthwith the world was placed in the duress of those who controlled the gold. The necessary squeeze, squeeze, squeeze of industry *created the conditions which would allow the masses to revolt*, and with millions out of employment talk of anarchy and Communism swept the land.

Materialistic, Jewish Marxist, Socialism was offered as the only solution out of the dilemma, because it would take away representative government and create the bureaucracies of dictatorship. And the people believed in their false teachers because they were not permitted the truth.

No one told them, as the Silver Legion is telling them now, about a Conspiracy stretching back through the centuries that this should come to pass. Even the elementary principles of the collapse of the Stock Market were not made plain to them. *It was not explained that Socialism and Communism astutely avoid any exposition of economics which points to the true seat of power—the control of the gold—and therefore the credit and foreclosure on the nation when the true wealth of the people has been stolen from them.*

No one made clear that the nefarious Federal Reserve System was Jew instigated and Jew controlled and is not a government institution at all. Indeed, it is no secret that a majority of men directing the Federal Reserve System belong to families who have tremendous holdings in Europe, and who therefore managed the loan of 22 billions of war reparations to the former Jewish controlled Germany, vast loans of which were passed to Russia for munitions manufacturers—sums of the American people's money which are still being bandied about Europe for the further completion of military plans.

To read the Proctols again, written more than thirty years ago:

"We will build a new aristocracy . . . the aristocracy of wealth, of which we have the control . . . We intend to appear as though we were the liberators of the working man . . . We shall suggest to him that he join the ranks of our armies of Socialists, Anarchists, and Communists . . . The latter we always patronize, pretending to help them, out of fraternal principle and the general interest of humanity evoked by our socialistic masonry . . . We must extract the very conception of God from the mind of the Christian."

But as far back as 1844, Moral, writing in connection with the persecution of the Rabbi Drach by the Jews, commented:

"What can the wisest measures of the authorities of all countries do against the vast and permanent conspiracy of a people which like a network as vast as it is strong, stretching over the whole globe, brings its force to bear whenever an event occurs that interests the name of Israel?"

Wilhelm Marx, writing in 1879, made a still more significant statement. He declared:

"At the present hour, Russia alone of all the states of Europe . . . is the last rampart against which the Jews have dug their last sap. The capitulation of Russia is only a question of time . . . When it (Judaism) has laid Russia low it will fear the attacks of no one; then the Jews will officially set about the destruction of society in Western Europe."

That this conspiracy is of long standing is further testified by Dostoyevsky writing as far back at 1880:

"Yes, she is on the eve of her fall, your Europe: of a fall universal, general, terrible. Judaism and the banks now reign over everything, as much over Europe as over education, over the whole of civilization and socialism, particularly over socialism, because with its aid Judaism will tear out Christianity by the roots and destroy Christian culture. And if nothing comes of all this but anarchy, then at the head of all will be found the Jew . . . and when all the wealth of Europe has been pillaged, the Jew bank alone will remain . . . The Jews will lead Russia to her ruin."

Coming down into the present we find Jewish periodicals everywhere linking themselves up with both Jewish finance and with Jewish Communist revolution. A particularly concise statement was made by the Jew, Rene Groos, writing in the *Nouveau Mercurio*, in May, 1927:

"The two Internationals of finance and revolution work with ardor; they are the two fronts of the Jewish Internationale . . . There is a Jewish conspiracy against all nations."

We repeat, the great Jewish Czars of Finance, concentrated in New York, who have financed Russian Communism, have also in America created the opportunity for Marxist revolution by control of credit, by strangulation of industry, by creating the fictitious dispute of labor against capital. They dictate the values of securities, the funds needed for the legitimate conduct of American business, the while they stab the business man in the back with the threat of revolution. Through the nefarious Reconstruction Finance Corporation and other media they say they are perfectly willing to lend money for industry to the American people, *provided they can give good*

'Brain Trusters' Accused of Planning Overthrow of Government!

Washington, March 23. (AP)—The prospects for a regulatory measure this session that will put the stock exchanges under strict federal supervision rose sharply today with word from the White House that President Roosevelt desired a measure with "teeth" in it.

. . . Some observers saw in the benediction given by Governor Eugene Black of the Federal Reserve System, and the testimony of Tom K. Smith, assistant to Secretary Morgenthau, assurance that the revised measure would keep its essential features unless Mr. Roosevelt wanted drastic modification.

Opposition to the bill, however, was expressed today at sessions of the Senate Banking and House Commerce Committee. A charge that "brain trusters" who aided in writing the measure were bent on leading the nation into Communism was made before the latter group.

This assertion was made by James H. Rand, Chairman of the Committee for the Nation. After a heated cross examination, in which Rand declined to give names, he was summarily removed from the witness stand by Chairman Rayburn.

The Committee's ire was especially aroused by a letter from Dr. William A. Wirt, Gary, Ind., educator, which Rand read. It quoted unnamed "brain trusters" as saying they were deliberately trying to impede recovery to convince the country that the government should take full charge of commerce and industry.

"In the writing of this bill, vitally affecting the interests of industry and of every investor in the country, business had no voice," Rand said.

*"This bill was written by a group of radical young lawyers who hold no elective office. ***Here in Washington a group of theoretically trained young men, sincere, but inexperienced, wield great influence. *** This group is guiding the country to the left, to what it calls a 'planned economy' but which, in reality is the road to Communism."*

The letter from Professor Wirt told of a visit to Washington and the author's conversations with unnamed individuals identified in the communication merely as "brain trusters", the professor said some of the group told him that they were trying to thwart recovery to prove "the government must operate industry and commerce" and to "overthrow the existing social order."

"They said," Wirt wrote, "that such individuals can be induced to kindle the fires of revolution. But strong men must take their place when the country is once engulfed in flames!"

security, all the while knowing that what the American business man was taught to have been good security has vanished, and that they are selling America into a perpetual slavery!

The people have been made to believe in the mysterious legitimacy of the word, "Depression". But that Depression is nothing less than calculated Oppression! Industrial property on which the values of securities were based, has not gone out of existence. No vast numbers of the race have been suddenly killed, so that there is a dearth of persons to man industry. Human consumption is quite up to where it always was.

But suddenly and mysteriously, a clique of bankers and money lenders in New York declared that the earning power of certain Paper was not satisfactory to them on which to grant business transactions. And with their fiat the American and European business man must rest content—and go his way to bankruptcy.

The Proctols, however, word it more adroitly. They say:

"What we want is that industry should drain off from the land both labor and capital and by means of speculation transfer into our hands all the money in the world and thereby throw all the people into the ranks of the proletariat. Then the people will bow down before us, if for no other reason but to get the right to exist."

"In order to put public opinion into our hands, we must bring it into a state of bewilderment by giving expression from all sides to so many contradictory opinions and for such a length of time as will suffice to make the people lose their heads in the labyrinth and come to see that the best thing is to have no opinion of any kind in matters political. This is the first secret. The second secret requisite for the success of our government is comprised in the following: To multiply to such an extent national feelings, habits, passions, conditions of civil life, that it will be impossible for anyone to know where he is in the resulting chaos, so that the people, in consequence, will fail to understand one another . . . By all these means, we shall so wear down the people that they will be compelled to offer us international power."

Men of America, these are no words out of a fairy tale. They are the stark delineation, not of what may or will happen, *but what has happened!*

It is time for grim action. The question rests with you whether this nation as conceived by our forefathers shall continue—whether we shall be freemen or slaves!

"Greater Love Hath No Man" ..

M

MY DEARLY BELOVED: We treat with men for their redemption; the work meriteth any sacrifice, any effort, any resumption of mortalities at any time; greater love hath no man than this, that he giveth his life in service for his fellows.

2 Ye have given not one life but many lives, and will give many more lives ere the end in glory cometh.

3 Some of these lives will be unpleasant; some encompass death and suffering; others encompass joy and peace;

4 In this earthly visit do ye go from glory unto glory and honor unto honor, knowing that the basis thereof is My designation for you, not because ye are great among men.

5 Treat with men on their own ground spiritually, then do ye save them for the sake of your message.

6 I tell you, beloved, that ye do a vast work such as man hath not encompassed since there was a nation: that work meaneth the parliament of man as ye have declared it;

7 That parliament cometh after a time of great travail, not war as ye know it but turmoil of the greatest order preceding Mine appearance.

8 Know that men will be divided grievously before My reign starteth; they will say, We have seen the devil and flee his wrath like children before an irate parent;

9 Others will say, It is the Master indeed, let us follow Him.

10 They will make great speech over radio and cable calling on other nations to witness the scene of the miracle; other nations will reply: Lo, He came to us, too, for we saw Him with our eyes.

11 They shall say: Who shall tell us of Him but those who invited Him, and if they invited Him are these not they who have keys to our vision? let us therefore honor them in flesh, not popes and bishops and sovereigns, or charlatans of spirit who teach us false doctrines;

12 We saw Him with our eyes; He stood behind one who prophesied and said, Lo, look ye on Him, at a time when wars impended; did we not see Him appear and disappear at the behest of one who dictated to us our policies?

13 I tell you, beloved, the world lieth at your feet in those moments, the time of the Great Speaking, for I tell My servants everywhere: Go, flock to the standard of those who did know of My coming;

14 Verily they flock, serving you as ministers.

15 Lay up for yourselves knowledge that ye may serve when the speaking cometh; thereafter cometh greater knowledge to you of world affairs, that ye say to the nations: Lo, we are peacemakers, store your arms, destroy your battle-ships, make smoke of your powder, beat your swords into plowshares and your spears into pruning-hooks.

16 Think ye this message is all? nay, I tell you more.

17 This nation cometh to an impasse in its affairs spiritually; disrespect for law increaseth; man slayeth his brother

OUT of the vastness of Cosmos the Psychic Antennae tune in on a Voice. and is not rebuked; judges condemn not but suffer the wicked to prosper.

18 All this is abominable to Me who sought out this country as a standard and shibboleth among the nations.

19 I say to it: Cease this wrongdoing, return to the godliness in state affairs that possessed your fathers, else do ye suffer as nation never yet hath suffered.

20 They laugh at you and the suffering cometh; plagues of divers kinds break out; invention runneth riot; car-wheels turn not because of obstructions on tracks and rights of way;

21 Anarchy blossometh black flowers; wheat rotteth in the fields; of food there is none; a time of trouble maketh its distaff to spin like it hath never spun since the nation had a being.

22 But ye shall arise and say: Speak not these blasphemies of spirit; rebuke yourselves, ye judges; take up your obstructions, ye workers of anarchy; teach mercies, not sophistries, ye professors in colleges.

23 These and other messages shall ye speak, but that is not all.

24 The evil one shall say: Behold, ye are failures; the work which ye believed in, blossometh not; mankind resenteth your message; already have ye failed in that which ye have done.

25 I say, beloved, it is not so; but the evil one sayeth it and men do harken.

26 Thereat cometh the worse confusion.

27 I tell you, jot or tittle shall not be changed; all will be fulfilled.

28 Mankind escheweth righteousness, not willingly but of necessity; great suffering cometh, such as men and women have not known in this country; ye shall lead the way out by following Mine instructions.

29 Am I not with you hourly in these moments of abortion of righteousness? do I not watch with you as from a mountain top the course of the enemy's rankings and marchings? do we not change the battle plan day unto day?

30 I say it is abstruse for you at present and unnecessary for you to know, except that it cometh and ye do lead the way to another promised land such as hath not yet been seen by this republic.

31 And now I tell you more: I say, ye have things to do, beloved, even now.

32 Seek instruction from princes and savants; go about your affairs until men do call you for positions in government;

33 That is the signal that the miracle commenceth.

34 Open your hearts on that day to Mine instruction as never were they opened; watch developments thereafter and see them work toward anarchy;

(Continued on page 11)

35 Take your places before the ranks of the righteous and say: No more of this, let us have order;

36 Lo, ye do come as Yourselves again, enforcing it if necessary but that is debatable, depending on men's hearts.

37 Keep to the right, and Mine instructions, and do them.

38 Cometh to you a large number of worldly statesmen who say: Ye have made a great nation in that ye have purified it; make ours great also by association with yours; verily have we need of you.

39 Ye say to them: Let us lie together as bride and groom and bring forth children of republics that shall be as their parents, noble of aspiration and clean in their concepts.

40 This is My message given you this hour, Take that which is given you and study it closely until ye have it in memory as a by-word; I awaken you in flesh, even I, your Master.
PEACE.

country to hear some of my replies which I have ready for questions which I am certain to be asked. I have an idea that these "hearings" will be the means of putting the Silver Legion in the mouths of Doubting Thomases from coast to coast, and spread the truth of the statements I have been making until the brew of anti-Semitism in America boils over. No matter! The Hebrews through Dickstein and his brother megalomaniacs are asking for it. Whom the gods destroy they first make mad!

There has been much talk of forthcoming pogroms in the United States. I am reliably informed that on a recent occasion, when the little clique of Communistic Jews around the President were riding him a bit too far, he turned on them and exclaimed: "Gentlemen! Unless you stop your Jewishness and proceed with more Americanism in this program, I am telling you that you'll see a wave of anti-Semitism here in the United States beside which Hitler in Germany will appear as Judas Maccabeus!" I may not have quoted the President's words verbatim, but that is the substance of the reports of the incident being recounted around the smart Manhattan clubs. That I have been the staunch opponent of anything savoring of pogroms for the American Jew, is too well known among you to need comment here. But certainly, in the face of insolent and imbecilic gestures such as this forthcoming Dickstein investigation of the Silver Shirts, it can only be a question of time before the real American people come to their senses and arrest in some form or other this arrogant domination of their Christian affairs by these Soviet workers from the ghettos of Europe. Whatever form that ultimate retaliation takes, certainly the Jews of the United States will have none to thank for it but themselves—as epitomized by Jewish "leaders" of the Dickstein precocities. Any

other conclusion would be devoid of reason.

There are other great Jews of America who do not approve of the Dickstein madness. Only too well they read the handwriting on the wall. Alas, lacking the influence to restrain Congressmen who first saw the light of day in Odessa and other Russian cities, they must suffer the same reprisals. That such reprisals will ultimately take form is only too plainly indicated by many groups among you who have accepted my conservatism in regard to such matters in good grace. I cannot blame you, but I still maintain that until the whole American people see their predicament in the light of such matters as this Dickstein folly, localized retaliations will only be futile and react most disastrously on the instigators. From that opinion I cannot retreat.

Dickstein is determined to have his little day brow-beating me, and I say let him have it. But I do ask your indulgence while it is in progress.

VOLUME ONE—THE TWENTY-TWO
ARTICLES OF THE CHRIST
DEMOCRACY

by William Dudley Pelley

SOCIALISM and Communism are favorable to those who are Socializing our Government and in league with the powers behind Russia, but the Christ Democracy spells their doom. It is the constructive goal of the Silver Legion!

Being neither Socialism, Communism, nor Capitalism, it says that Life automatically deserves its bread, as well as its air and water. That, by divine right, man cannot be denied the independence allowing a free expression of his individuality!

Crime, graft and debauchery will disappear, because there will no longer be any monetary profit in corruption.

Under the Christ Democracy, the Constitution of the United States will be carried to its righteous conclusion, without changing the present plan of representative government in the slightest, or eliminating existing governmental institutions.

These volumes are 50c each, two for a dollar. They are text-books reaching far into the future! Order from:

ERRATA

LIBERATION wishes to correct a statement made in its issue of March 17th in which Col. Raymond Robins was placed as the companion of Leon Trotsky in Halifax, Nova Scotia, in 1917, while on his way to meet Lenin in Russia.

Col. Robins did not go to Russia to become active as a Soviet sympathizer until after Trotsky's arrival in Moscow.

LIBERATION wishes to be strictly accurate in its pronouncements regarding all forms of subversive maneuverings and makes this correction voluntarily and without coercion by any complainant. The article in which Col. Robins' name was so mentioned was contributed to this publication during the Chief's absence from Headquarters and immediately upon reading it the Chief ordered this correction printed.

Inquiry developed the fact that the writer of this article in question, because of Col. Robins' Soviet sympathies and intimate associations with known Communists, had confused him with one of America's outstanding Socialists of similar tendencies who was Trotsky's companion when the pair were incarcerated by the British in Halifax and released through the more than friendly efforts of Paul M. Warburg carrying the case to President Wilson.

LIBERATION strives, at all times to be absolutely accurate and impartial in the printing of its statements regarding subversive activities and will be the first to correct any oversight or error included in its revelations to readers.

Furthermore it solicits the most scathing criticism from its readers in the event that any of them discern any discrepancies in its statements from week to week or any announcements that cannot be fully corroborated by provable facts.

C. Oliver Dean . . .

WILL ALL Silver Shirts in the State of Pennsylvania please take notice that the Silver Legion Headquarters cannot further be responsible for any statements made to members by Mr. C. Oliver Dean who was formerly the Chief's personal representative in that State.

Mr. Dean's support, by the Chief, was withdrawn several weeks ago and his resignation was accepted because the Chief learned of statements which Mr. Dean was making regarding the Silver Legion work which had no basis in fact and could not be countenanced by Headquarters, and because of failure to turn over to Headquarters sums entrusted to him by Pennsylvania people for the Legion.

In every case where the identities of such people can be determined they will be supplied with the service or goods to which they are entitled. Meanwhile it is most emphatically stated that Mr. Dean has no official standing with Headquarters or the Chief, he is not empowered to solicit or receive funds for any Silver Shirt purpose and has no claims against Headquarters which have not been satisfied. We want Pennsylvania people to know that quite the reverse is the case and that we are quite ready to take up these asseverations in the courts with Mr. Dean at any time that he is so disposed.

The Coming Class War . . .

A HOST of newspapers across this country have been conducting so-called "daring" exposures of Communism.

No Silver Shirt needs to be notified that they do not stretch into the details of Communist attacks against the police, nor of their plans as regards the halting of communication and transportation, of sabotage, and of open militant preparedness from the standpoint of a young war.

Homer S. Cummings, our national Attorney General, has gone so far as to say that the crime army outnumbers the army and navy.

The Silver Legion, however, does not either overrate or underrate the exact nature of Communist preparedness, nor is it worried by the spilling of a little blood in the protection of homes and firesides and the principles of Americanism. It can smile quite tolerantly at Communism.

Far more dangerous is the apathy of the general public!

THE GREATER menace is not in Communism itself, even though it contains the threat of bloody revolution. Before any intelligent action may be taken, the public must understand what is *behind* Communism. No exposure of the Marxist party is complete unless it strikes at the truly essential phases of the conflict at hand.

Unless it reveals the tie-ups between it and the Socialism openly advocated by polite society and college professors, unless it brings into startling relief the liaison between it and the Jews who control the present administration, unless the entire conspiracy is revealed in all of its diabolical phases—a conspiracy against the people, against representative government and against the Constitution of the United States—unless exposure reveals these, the real issues, it is but a hollow hoodwinking further enslaving the minds and the spirit of the people.

It is merely incidental that the chief reason behind the current so-called exposures of Communism *is the drawing of the lines of the Class War which is at hand!*

It is the issue of spiritual and mental slavery which constitutes the real battle. And once the truth is clearly perceived, apathetic acquiescence to thinly disguised Sovietism becomes the whirlwind of righteous indignation!

BUT BECAUSE most people have not been *allowed* to perceive the ultimate issues, an exposure of Communism leaves them with the thought, "Oh well, the country is going to pot anyway. It's up to the President and the Administration to handle the situation." The daily struggle for bread leaves them no thought for penetrative creative thinking.

And if they are unemployed their sympathies are with the Communists.

Such is the general condition of the country, with the exception of alert business men who have suffered at the hand of Socialistic policies in Government, and the swiftly growing army of the Silver Legion.

The Communists do not realize that they are fighting a boggy Capitalism. The general citizenry does not realize that the conditions which have allowed the creation of Communist sentiment have been manufactured by stringencies on Capital, created primarily by the collapse of the stock market, and at the planned behest of a particular world group of Jews who are never mentioned, but who are behind everything.

MEANWHILE it is the good American citizen who is the "goat" of the gigantic cabal. In his heart he despises Communism, and will never willingly accede to the fiat of a Socialistic dictatorship. He has been the victim of a plot extending through the generations to tear down his morale, first, by letting down the bars of sex and creating an era of social perversion, second, by feeding him political jargon which never tells the truth, third, by giving him bogus economic doctrines which prevent him from seeing that the control of the gold is the crux of the matter and that the Jews control that gold.

At present his head is swimming. The constant change of national policies is bewildering. It is impossible for him to keep up with them understandingly, supposing even that the whole truth was given in the newspapers. Finally, he gives up, is content to let others do his thinking for him, and waits for the moment when he will have to use his own gun to protect his personal property—if a law is not passed in the meantime taking his gun away from him.

IN THIS apparent revelation of the dangers of Communism, there is the further confusion of making it appear that the International Jews are entirely opposed to it. Prominent Jews even go so far as to violently condemn Communism. But that is when their right hands do not know what their left hands are doing. There is scarcely a Jewish publication from coast to coast *that does not directly or inadvertently boast of their control of Russian Communism.* Get a sheaf of Jewish publications sometime and study them for yourself. Or get a Communist labor paper and notice the heavy sprinkling of Jewish personnel.

The current colossal deceit of so-called Communist exposure is not merely the drawing of the battle lines for the coming class war, *it is the indication that the culmination of the great struggle of all ages is upon us!*
