

MESSAGES OF SPIRITUAL
ENLIGHTENMENT AND TRUTH

Lord, I have given my life to Thee,
And every day and hour is Thine,
What Thou appointest let them be;
Thy Will is better, Lord, than mine.

—THE— SUPREME COUNCIL

The Brotherhood of the White Temple is composed of two governing bodies, the Supreme Council and the Executive Board of Directors. The Supreme Council has charge of the Spiritual affairs of the Brotherhood. They are the interpreters of the religion and theology to the members.

The Supreme Council is composed of persons well qualified for their positions. They are persons who have completed the finite initiatory experiences of the material world and are working on their initiations, to a greater or lesser degree, on the higher planes. Yet these persons are in the material world and of the material world. They have great understanding and comprehension of Spiritual Matters.

The Supreme Council is composed of seven members. Each member has a specific area of work. One is the master of mystery. Another is the Lord of Wisdom. Another acts as the Guardian of the Gate, helping the initiate to open the hidden door of himself to the higher spiritual planes. Then there is the moulder who heals the physical bodies. There is the Judge who discerns the fitness of the

A builder builded a temple;
He wrought with care and skill;--
Pillars and groins and arches
Were fashioned to meet his will;
And men said when they saw its beauty:
"It shall never know decay.
Great is thy skill, O Builder,
Thy fame shall endure for aye."

A teacher builded a temple;
She wrought with skill and care;--
Forming each pillar with patience,
Laying each stone with prayer.
None saw the unceasing effort;
None knew of the marvelous plan;
For the temple the teacher builded
Was unseen by the eyes of man.

Gone is the builder's temple;--
Crumbled into the dust,--
Pillar and groin and arches
Food for consuming rust;
But the temple the teacher builded
Shall endure while the ages roll;--
For that beautiful, unseen temple
Was a child's immortal soul.

NEWSLETTER

Dear Students and Friends,

The past week we have had beautiful, warm days and it certainly is enjoyable after the long seige of wet weather. How grateful we are for the seasons, and the ever changing Rockies. One never ceases to marvel at the beauty of the Sunsets and the deep blue colors that seem to cling to the mountains.

A wish for Many Happy Returns to Dr. Marthalene Evans who will celebrate her birthday on Friday, August 23rd. Dr. Evans (Marthalene) has been employed by the Brotherhood of the White Temple for eleven years and is now the Vice-president of our organization. Congratulations and Best Wishes to you on your birthday and we would like to also take this occasion to thank you for the fine job that you have done in the Brotherhood Office.

Dr. C. F. Huerta gave a very interesting lecture last Sunday on "Equilibrium."

It is so very necessary that we keep our balance in order to bring the Divine Forces and Powers through to manifest in the darkness of this material world and into our minds and bodies. We must strive to create balance and equilibrium.

We are glad to welcome Dr. Roy H. Wichmann, from Chicago, Illinois. He will be visiting here for several days.

The world is entering into another crisis and now as never before there is need for spiritual enlightenment. There is a tremendous amount of help being extended to us. Help from Teachers who have chosen to work with us, help from each other in our daily contact, help from many who walk amongst us and will never be known by us until we will be able to perceive by our own inner-awareness. Here in the high solitude, amid the silence of our majestic hills, the awakened Spirit sends messages of Peace, Beauty and Harmony to all those who are attuned to the holiness that is within them.

In Truth,

THE MIND AND HEALTH

OR

THE LAW OF HEALING

BY

DOREAL

PART 2

This gives us a start along the right line of thinking.

The functions of every organ of the body are controlled by mental impulses from the brain transmitted over the nervous system. The magnetic current that is a result of the polarization of the body can be directed to any part of your own body as well as into the body of the one you are treating.

If the nerve current does not flow to some area of the body, that area is dead, or unable to function. The healing thought travels through the body, awakening the dead, or short-circuited nerves, and when the vital current flows along them once again, a healthy condition has been restored to the sick region.

It is impossible to cure a sick body with a sick mind, therefore, all cures must start in the mind.

There must always be co-operation on the part of the one to be healed though by this I do not necessarily mean that the patient must have faith. It has long been a public statement of the Brotherhood of the White Temple that faith is not necessary, as the law worked whether we believed in it or not. What I mean is this; there must be some act of co-operation, some self-movement, even though it be but the raising of the hand to establish a mental rapport between the healer and the patient.

If we study the healings of Jesus we find that he always established this co-operation. To one it was 'stretch forth thine hand', to the lepers, 'go thy way', and as they were going, they were healed. Another case in point was anointing the blind man's eyes with spittle and clay. The woman who was healed of an issue of blood, touched his garment. In every case, there was co-operation, a voluntary or involuntary movement before the healing took place. By bringing about the harmony of minds or actions between the healer and patient, the healer can reach inside the body of the man and restore the balance that is necessary to well-being.

Before I go into specific methods of using mental powers to cure yourself and others, I wish to bring to your

attention one of the most prevalent causes of ill health, constipation.

Probably many of you have read books on Hatha Yoga Philosophy that deal with the care of the body. Most of these recommend a thing that is probably the most detrimental one thing that a person could do to his body. This is the habitual taking of enemas. This habit, for habit it soon becomes, takes away from the natural functions of the muscles and causes them to atrophy. It is not long until the person cannot have an evacuation without an enema. With the atrophying of the muscles comes pain in the lower abdominal regions, for the atrophy of one set of muscles affects others. It is just as easy to develop the muscles that control evacuation as it is to take enemas and is much more conducive to physical well-being.

The best method I have found for causing an evacuation is the following: stand erect, place your hands on your hips, move the stomach in a circular motion from right to left, continue for three minutes, then press the thumb and fingers of the right hand on the small of the back, press the thumb of the left hand in the left arm pit, at the same time concentrating the thought on evacuation. Relax, and within five minutes you should have a complete evacuation.

This exercise will strengthen the abdominal muscles also, and will cause a shrinkage in your waist-line and accompanied by the mental command for evacuation, will soon put an end to your suffering from constipation.

Everything goes to show that the healing entities are mental, and that outside of chemical and mechanical actions, every drug action is dependent for its results upon the mental state. This will be denied by many orthodox physicians, but it is a fact nevertheless.

Everyone has known medical men who, with less knowledge of medicine, and even perhaps giving very little or no medicine, were able to help cases that better equipped doctors were unable to handle. This was because they had learned to work on the mental condition of the body, instead of giving medicine.

More and more people are turning to drugless methods of healing, instinctively recognizing their superiority.

neophyte to continue. The Mother represents "Nature", the mother of all things. Finally, there is the One, who must be all of these things combined into one.

Dr. M. Doreal

In 1960 a series of lectures were given, which included MELCHESIDECK, THE PATH TO ATTAINMENT, and THE SUPERNORMAL. Each of these lectures has been printed in booklet form for availability to our readers. Perhaps you would like to add one or all of these very informative booklets to your own library.
