We are going to talk upon the effect of light and color upon the material organism and the association of light and color with the Universal or Cosmic Consciousness. It is taught in occult philosophy that the material soul is symbolized as an emanation from the Divine Central Spiritual Sun. We are told that that Divine Sun, that Central Spiritual Sun emanates rays in every direction just as our material sun emanates rays of energy in every direction to light the planets which are under its control so also the Spiritual Sun emanates its spiritual light to light the manifestations of form and substance in which it manifests in the material plane. We are taught that all things that have material being, are under and from the nature of the Divine Light.

In symbolism we are told that the very beginning and source of all things, the Absolute Essence which was in every aspect and respect nothing but a great light. That is often called the Great White Light or the Great White Brilliance in the Kabbalistic works. The occultist who has gone far below the surface understands that that which is referred to as the White Brilliance is not white in color but rather, the ego or soul can only perceive it in the aspect that we call white. We are told that basically, there is only

the one White Light. That light passing through a prism divides and divides to manifest all of the colors of the spectrum. We know that man today has a spectrum of seven colors. That is, that he is actually cognizant of seven primary colors only.

We know that there are men on earth today who are not aware of seven colors. Many of our savage or barbarous tribes, low in the scale of intelligence and development cannot perceive the colors that the more evolved man perceives. That is, if you show the seven colors known to you to a Bushman of Australia, that he will actually be able to distinguish only two distinct shades. To him, the greens, the blue, the violet will all blend together and to him the red, the orange, and the yellow, will all appear as one shade. Actually, what he only knows is just a little advancement of the black and white. He is able to distinguish the perceptions of red which is the first color perception below the absolute distinguishing of black and gray or light and shadow as the anthropologists tell us.

THE BROTHERHOOD NEWSLETTER

Dear Students and Friends,

We are fast approaching the Christmas Holiday Season. Everyone is busy shopping, addressing Christmas cards, getting packages mailed, and there are already a number of beautiful Christmas trees gracing windows with lights of all colors. How eagerly we all look forward to Christmas, meeting again with friends and family.

This is a busy time of the year for everyone. Our book orders are increasing tremendously and membership is also increasing. We hope that you will be patient with us if your lessons and magazine arrive late. We are mailing them early but the postman tells us that the mail is exceptionally heavy this year.

Dr. Winnie Whitby gave an interesting and inspirational Avatar Lecture last Sunday. Although the weather was very cold, there was a nice attendance of members.

Dr. Tully continued with his discussion of Rhythm and Crystallization. Even in walking we can find the Rhythm that will make walking an exhilarating experience. In everything we do, seek to find the natural rhythm within.

If we maintain the intense desire to gain spiritual education, we can find the way to accomplish.

THE EMERALD TABLETS OF THOTH THE ATLANTEAN

by

Dr. M. Doreal

When the time came for Thoth to leave Egypt, he erected the Great Pyramid over the entrance to the Great Halls of Amenti, placed in it his records and certain mechanical devices. He then appointed from among the highest of his people guards to protect his mighty secrets. In later times, the descendents of these guards became the Pyramid Priests while Thoth was deified as the God of Wisdom, the Recorder, by those in the age of darkness which followed his passing. In legend, the Halls of Amenti became the Under-world, the Halls of the Gods where the soul passed after death for judgment. During later ages the ego of Thoth passed into the bodies of men in the manner described in the Tablets. As such he incarnated three times, and in his last incarnation he was known as Hermes, the Thrice-born.

The Brotherhood publications has produced a most attractive binding of Dr. Doreal's translation with a cover design of the original Tablets. The demand for this book on the Atlantean Mysteries has been so great that already it is in its eleventh edition.
