SEPHER YETZIRAH

THE SEPHER YETZIRAH UNVEILS the Kabbalistic Teachings of the Ancients. It is a book on the 'beginnings' of the First Cause of the Divine Creation and is usually considered by the Occultists as an introduction to the main Kabbala.

He who understands the Kabbala has the Key to the Source of all religions for it is the 'Ancient Wisdom' from which all Truth Teachings sprang. The SEPHER YETZIRAH explains how the Infinite Essence of Hoa came into being and manifested through the ten Sephirotic Lights of the Divine Tree of Life.

The Holy Elders of the Ancient Wisdom Teachers employed the Hebrew Alphabet of twenty-two letters, numbers of ten and the Sepharim to symbolize the Infinite Foundation of all Things; the Sephiroth and the Three Holy Mothers of Creation.

No words can express the magnificence of this Work, nor can one even adequately approach telling another of the Wisdom which it contains. Dr. Doreal gives the Text of the Sopher Yetzirah, verse by verse, and following each verse he gives explanatory notes of each.

No student of Occultism, Metaphysics etc., can afford to be without this beautifully explained version of the Kabbala. It is illustrated with numerous charts and diagrams which aids greatly in the understanding of the text. Price \$5.

INITIATE IN THE WORLD

By

DR. M. DOREAL
(Part Three)

The whole of nature is for the soul, not the soul for nature. The soul, knowing itself, molds, shapes, and manipulates nature and its manifestations. It is master of life and the conditions of life rather than being mastered by them. It is for that reason that one must work as a master not as a slave. The things they do they must do with certainty; the things they think, the things they say, must be with a certainty, the knowing, that they will be, that they are without fail.

Real existence, knowledge and love, are eternally connected with each other. Love, not human love, but the Divine love which encompasses all things of all nature and qualities. We are told much of the duties that we have to each other, to mankind, to the world, and to God. The duty that we have is to accomplish the thing that is at hand, to the best of our ability. Each soul has brought about the results that manifest in his life. Each soul must meet and overcome

those results. If by a word or an action we can aid another soul to overcome, then it is well to do so, but to do a thing merely because we feel that we are obligated to do it is not really doing it, it is only submitting to force.

Our attitude towards our friends must be one of tolerance, recognizing both their strength and their weaknesses, catering to neither or giving in to neither, but meeting them always upon a level of equilibrium and balance.

Our attitude towards our work, whatever it might be, material, or spiritual, must be that we do the best that we can every moment that we are engaged in that work. In doing that work we must always have a consciousness of success, because the consciousness of success manifests success, the consciousness of failure manifests failure. We should be detached rather than have attachment to persons and things, the more we can maintain the attitude of detachment or non-attachment the more impersonal we can become toward things and the less they effect us. We can carry the law of harmony into our business and material life because the great laws of the Divine manifest, not alone in the spiritual, but in the material as well.

We have to learn to determine right from wrong and in determining right from wrong, be able to exercise our power of discrimination so that we do always the right thing at the right time. This can only be brought about by an attunement between man and his higher self. As long as man is bound to the lower self alone, that long he is unable to manifest the equilibrium, the discrimination, the non-attachment, the wisdom, that equilibrium to make his life a wonderful and a happy thing. For life and living are, in themselves, an expression of the Divine.

Man and this world were created for the purpose of bringing into existence the Divine harmony, peace and love, in the material plane of existence. The higher laws of health are the result of this harmony. Illness, sickness and disease are the result of causes created by the individual.

We must realize that man is a God-man and that God is a man. Did not the Master Jesus say, "Is it not written ye are Gods and if it is written to whom the word comes then the Scriptures shall not be broken," and if to us there comes a word, balance, equilibrium, God, we become one with that Divine power and manifest it in the material world so

that we can be the reflection of all of the harmony, of peace, and love of the Divine existence.

The Brotherhood Newsletter

Dear Students and Friends:

The weather in Shamballa has been dominated by a cold gusty wind in these waning days of January. When the wind calms down, the warm sunshine reminds us that Spring is approaching, especially so when the temperature reaches up into the sixties.

The residents of Shamballa are busy as usual, with many and varied activities. The Staff here at Headquarters has been especially busy with the heavy correspondence of the first of the year. Many of our students like to send their contributions at this time for the entire year. This saves us bookkeeping and is very acceptable to us. Again may we suggest that you make all checks and address all letters to the Brotherhood of the White Temple.

As we progress with our lessons in all three Units of Study; College, Church and Fellowship of the Avatar, it is so necessary to always be positive and harmonious. The habit of negative thinking must be transmuted into positive orderly thinking in accordance with Divine Law. In that way we are transmuting the negation in our consciousness to an Illumined Consciousness.

Many people think that when they become illumined, a great flash of Light will descend on them and then forever more, they are an Illumined Consciousness. That might be so, but how many lifetimes has such a person spent before this occurrence, in slowly chiseling away concepts of darkness, ignorance and negative thought forms.

We must realize that we and we alone are responsible for ourselves. We love to lay the blame on someone else but the "Law of Cause and Effect" works exactly. Let us look within, find our weaknesses and transmute them into fortresses of Light and Strength. The Light within will not be hid. It shines forth with the Splendor of God. It speaks with words of Wisdom and of Joy. It brings beauty to the Countenance. The Light of God in the Consciousness distills within the individual great love for all persons and all things, so that Divine Justice and Mercy reigns supreme in their lives. Because they have made the Foundation of their being the solid rock of Truth, they are able to walk hand in hand with God.

In Cosmic Harmony,

VITAMINS AND ELEMENTS

DR. M. DOREAL

We wish to call the attention of our students and friends to the very informative book by Dr. Doreal titled "THE VITAMINS AND THE ELEMENTS."

The knowledge of foods and their value can be of inestimable value to the Seeker of Light, for often the Student's development is impaired through improper feeding. Unless the proper food values are given in their proper combinations, the vitality and harmony of the body may be deficient to meet the demands of the consciousness for the attainment of balanced, spiritual unfoldment.

It gives the twenty-two chemical substances in man and the foods which contain them.

The corresponding physical conditions which appear when the body has a deficiency or an excess of the twelve master chemicals, are given with a list of foods which should be eaten in each instance.
