The Emerald Tablets

Oh Man! list to the Voice of Wisdom; list to the Voice of Light, Mysteries there are in the Cosmos, that unveiled fill the world with their light. Let he who would be free from the bonds of darkness first divide the material from the immaterial, the fire from the earth; for know ye that as earth descends to earth, as also fire ascends unto fire and becomes one with fire. He who knows the fire that is within himself shall ascend unto the eternal fire and dwell in it eternally.

Remember, Oh Man! that all which exists is only another form of that which exists not. Everything that has being is passing into yet other being, and thou thyself are not an exception.

ATOMIC WAR

By

DR. M. DOREAL

(Part Three)

Each person can look on world conditions and see whether he thinks there will be international peace in the world or not. There has not been much changed in the desires and lusts of the world that I can see, England is keeping India and helping Holland in her power politics, Russia controls most of Europe. A scientist said yesterday "when world war two ended it left three powers in control, when the third world war ends there will be only one power in the world, the one that has conquered." When I see the squabbling among nations I cannot see where the hope for world peace lies unless the common people rise up and demand that all armies and navies be eliminated and all arms destroyed, a solution that we are farther away from than while the war was going on. We were told that after the war we would have world peace but have we not broken down to squabbling factions each ready to fly at the others throat?

President Truman said that we had

retained the bomb secret but anybody that knows physics knows how to manufacture a bomb now. I could do it with twenty-seven elements starting with salt and going through to the twenty-seventh which is Uranium. Uranium is outmoded now for they have found another element which can be used which is found in India and the country that controls it will be able to manufacture the most powerful bomb. Every scientist is familiar with that chain of elements and all that is required is the machinery to put it in motion, that lies in magnetic compression and they can figure that by the time it takes for one element to ignite the next, they can judge the time for it to explode. Every physicist knows that and it is all they need to know, I am not giving away any secrets for every nation has the secret now. They know all they need to know, in the Smith report the whole thing was spilled to the world.

What is going to be the effect of the atomic war on the people of the world and on the world itself? If a hundred or two hundred bombs of the power they are able to release now are dropped on the earth convulsions of the earth will take place that will be so tremendous that mountains will be thrown down and others will be raised. In our continent great changes would take place; if bombs were

dropped on Wichita, Oklahoma City, Dallas and Houston, it would result in the breaking of that earth fault that would bring in tidewaters from the Gulf so great that the waters might come to the Rocky Mountains.

When I was at Sulphur Springs, Oklahoma, I saw what they call Robbers Roost which is composed of nothing but tiny seashells, it was brought up from the waters when the land was raised.. Old Mexico has been four times under water; archaeologists have found four stratas that indicate that water has overwhelmed Mexico four separate and distinct times. The whole Atlantic and Pacific will be effected, Atlantis and Lemuria may rise as other lands sink.

The Amazon Valley was once a great inland sea, where the Andes rise we can see remnants of ancient cities that were built when they were on that ancient sea, they have docks and a canal that once connected the Atlantic ocean with the Pacific. The Panama canal was not the first canal to connect the Atlantic and Pacific, great ships went through that canal from the Atlantic to the Pacific and that might be lowered or changed again.

Man does not realize the extent of

the power he is fooling with, it is not like a more powerful T.N.T. or dynamite, it is a breaking down of matter and an outpouring of the Alpha, Beta, Gamma rays that may transform one form of matter to another. It might go into the earth and cause volcanos. If man can withstand the atomic bombing the forces of nature may conclude the damage.

The Bible tells of this and it tells of the time of its coming. I want to quote what is said in I Thessalonians 5:3-4, "For when they shall say, peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape. But ye, brethren, are not in darkness, that that day should overtake you as a thief." It is exactly for that reason that all over the world, in Europe, Asia, South America and here, there are groups of people that are constructing retreats in the mountains preparing to save some remnant of the civilized world, they are those that are preparing to save a nucleus of the world as the foundation of the new world that will follow after the old falls in darkness.

The Brotherhood Newsletter

Dear Students and Friends:

Dr. C. F. Huerta from Alice, Texas, gave the lecture Sunday evening at 7:00. His subject was the "Mystery Schools". His lecture was informative and very interesting, expressing many Great Truths.

Guests of Dr. and Mrs. Richard Andrews were her daughter Judy and husband from Indianapolis, Indiana. Mr. and Mrs. Dan Nusbaumer were visitors to the wonderland of Colorado for the first time.

Let me again remind you members who have finished your College course, of the wonderful lessons available to you in the Teachers Classes. They are full of practical applications of the laws of the Universe that can be applied to healing, prosperity, happiness, awareness and Divine Spiritual power. When we know the law and its application, we always get results. If interested, write for an enrollment form.

We have many exotic incenses available for our members. The Sandalwood is preferable for the spiritual work but many of the others are a delight to use for everyday living.

Again I would like to call your attention to the newly published book by Dr. Doreal, "Fundamentals of Healing". It gives a foot chart showing the zones of pressure treatment for the healing of all parts of the body.

Visitors are always welcome in Shamballa but I must remind you that Shamballa is in no way a commercial locality. Dr. Doreal was most anxious that it would be a Spiritual Retreat only. There are no stores, restaurants or motels in Shamballa. There is no commercial system of transportation. Visitors must furnish their own transportation. There are good motels and restaurants at Castle Rock fifteen miles east of Shamballa.

We in Shamballa are really enjoying the beautiful summer weather. We love the snow in the wintertime but a change of scenery is always welcome. Summertime brings with it a gay joyousness in its picnics and the many outdoor activities. Joyousness expels gloomy thoughts and opens the door to the Divine.

In Cosmic Harmony.

Dr. W. Whitby
