THE FOUR GOSPELS

A NEW SPIRITUAL AND OCCULT INTERPRETATION OF THE TEACHINGS OF JESUS AS FOUND IN THE GOSPELS AND OTHER SOURCES

By
DR. M. DOREAL

This interpretation of the FOUR GOSPELS, Matthew, Mark, Luke, and John, is the answer to the crying need of the Age for a comprehensive explanation of the Teachings of Jesus. It gives the TRUE teachings as they were originally taught, and it explains away the many versions due to interpolation, numerous translations, and later attempts at revision to fit special doctrines.

THE FOUR GOSPELS explains the "Mysteries" behind the sayings of Jesus. The time is at hand for the "hidden things" about the life of Jesus and his Teachings to be made clear. The Secret Teachings of Jesus need no longer remain obscure. Dr. Doreal has so simply and clearly explained the Four Gospels that anyone can perfectly understand the wonderful message of Truth the Master Jesus came to give.

The Brotherhood Newsletter

Dear Students and Friends:

Dr. Iris Rawls had charge of the Sunday evening Temple Services. She gave special information on the unknown period of the Life of Jesus. Mrs. Sharon Bean furnished beautiful inspirational Organ music. We are surely going to miss the delightful music of Sharon when she returns to her school teaching soon.

When writing to Headquarters, please address all letters and make out all checks and money orders to the Brotherhood of the White Temple, Inc., and not to any individual. When writing for duplicate College Lessons, please give the Grade and Lesson number, specifying if Neophyte or Temple; for Church or Avatar Lessons or Truth Sheet, specify the date.

We have the back issues in booklet form for the Avatar Lessons beginning in February of 1970. Each one of these booklets has a special lesson which will aid the new Avatar member on the Path of Light.

We have published five Avatar booklets given by Dr. Doreal in 1943. These are especially inspirational and full of Truth

and wisdom. We have started working on the Avatar lessons given by Dr. Doreal in 1944. We hope to have the January 1944 issue ready for you in a week or so. In this lesson Dr. Doreal gives a direct message from the Elder Brothers of the Great White Lodge in hidden Shamballa. He speaks of the Oneness of all of us with the great essence of God. Quoting directly from this Avatar Lesson, he says: "Being a part of that Divine Spiritual nature, we, with every effort we put forth, with every tiny attainment that we have, by so much have added to the brightness of the entire Cosmic Light, and as that Cosmic Light pervades all things brighter and brighter, its greater strength helps to lift the souls that are struggling in darkness into the Light. Truly in spite of the World chaos, Light is overcoming darkness..."

These words are just as true today as when given to the World 28 years ago. The Wisdom Teaching given by Dr. Doreal in these early Avatar Lessons can surely be used as guide lines for all of us on the Path of Light.

In Cosmic Harmony,

Dr. W. Whitby

VACATION CHRIST

Christ walks vacation roads. He knows
Each reaching thoroughfare,
To what inviting spot it goes,
And all who journey there.

The One who shares the crowded way
With workers all the year
Would hardly leave them when the day
Of rest and change is near.

Christ walks vacation roads with us
And by His grace untold
He makes them quite as marvelous
As roads He trod of old.

Vacation highways may become,
Like those of Galilee,
The way to an Emmaus home
Or one at Bethany.

MORE ABOUT PSYCHOMETRY

(This article may be considered a sequel of the article on Psychometry which appeared in the Truth Sheet, April 2, 1972.)

By DR. M. DOREAL

Psychometry is the power to take an object which has been handled by some person and receive the vibrations which have been impressed upon that substance, and to recall or recover them in the present. It is an absolute fact that when this aureatic emanation pours from the body it carries with it that odic force or brain cell sensitizer which forms tiny thought patterns and the more intense the thought the stronger the patterns are. The things that have been formed, or the happenings which have been created under a very intense or strong emotional strain are impressed the deepest.

All of you have had experiences of this kind. Perhaps you have walked into a strange house - the house was well furnished; the decorations were all right, yet you had a funny feeling about it, and said, "I don't like this house." It is the vibrations that have been impressed on it by persons that have lived in it in the past, or happenings in that house. Houses take on the air of the owners, and we impress our personality

on the things we use. We emit odic force from our body. In places where crimes have been committed these odic impressions are impressed and remain a long time, and a person who is sensitive and has the power to psychometrize can go into a room and literally relive the scene. That is the condition responsible for the many stories of haunted houses. Actually, there is no haunt, it is the impressions which have been impregnated so deeply on the objects or walls of the houses, and sensitive people will react to those impressions. Some materials retain the impressions longer than others. Bronze will hold impressions long. Some jewels or stones hold that odic force.

If a thing is - there is a reason for it. Things do not happen out of a clear sky. There is always some contributing factor or cause. In Psychometry we work to bring about the control of that force, or to be sensitive enough to receive these things objectively. If you want to Psychometrize an object you should have a pail of water, bowl or vessel in the room because water attracts odic vibrations. Water has a natural affinity for many energies - for all life came from the water originally, and water has many peculiar powers. You can magnetize water more easily than any other substance. Water is a great carrier of electricity, which is one reason why if

you stand in water and receive an electric shock it will be intensified, because water intensifies vibration.

Have a table low with an open bowl of water, as odic impressions will be attracted or center around that bowl of water. Sit at the table and bend over the water, if you are trying to Psychometrize some incident or thing that has occurred in the room where you are, do not cross your feet. Let your hands lie on either side of the bowl and gaze down into the water. Let your mind relax - be as neutral as possible. Be quiet - put out all thoughts of any intruding nature from your mind. Do not strain, for by so doing you will prevent what you want to accomplish, because the water is a focalizing point. Make your mind blank; gaze into the water for about sixty to ninety seconds - then let your eyes relax. Sometimes you can actually see in the water a thing taking place, because sometimes that water will actually form or reflect the image of ~~that~~ odic impression so that you can see a scene taking place in the water. ~~Actu-~~ally you receive it inside of yourself. If you do not see it, close your mind and relax. Let impressions come into your mind. Do not try to hold on to what first comes because sometimes ~~the~~ real thing is behind the first impressions that rush in. In a moment you will begin

to get the reflections and the images of the scene which has actually occurred.

If it is an object that you want to receive an impression from, take that object and sit in front of the bowl of water; gaze into it steadily and hold the object over the bowl, touching it with both hands. Gaze at the water with the object in front of you for one to one and a half minutes. Then place the object over your forehead, as near to the middle as possible, and with eyes closed, relax, and you will begin to receive impressions from that. Let your mind be blank and pictures will begin to form in your mind of the condition or thing. It is through the natural law of radiation or emanation of that particular force.

When a person gazes into a crystal, that crystal acts as a focusing point for the impressions of the other person in the room. Because of odic impressions the ancient Egyptians mummified the individual brains of their Great Ones so that they might recover all of the knowledge which had been retained for thousands upon thousands of years. There is still in Egypt one Temple which has never been uncovered, and in it are the brains of the old sorcerers, magicians and wise men.

THE FOUR PLANES OF HEALING

DR. M. DOREAL

A common mistake among most Spiritual Healers is that they use one method for the treatment of all ills. This limits them and is actually the reason for their failure in healing many cases which come to them for treatment.

There are four planes of man's being which should be considered in Spiritual Healing: the physical, mental, psychic, and spiritual planes. A symptom may appear in the physical which has its cause in any one or more of these four planes. The treating of symptoms alone will not remove the cause. When the cause is not eliminated, even though the symptom has disappeared, the patient has not been really healed for the same symptom or another may later appear if the cause is allowed to remain.

This large book is not written for the healer alone but may be used for self-treatment as well. The beginning student in the study of Spiritual Healing, may read FOUR PLANES OF HEALING and begin immediately to practice its principles and heal the sick. All students who wish to learn how to heal, either themselves or others, should read this book.
