INSTRUCTIONS OF A MASTER TO HIS CHELA OR DISCOURSES OF THERON, THE ADEPT

BY

DR. M. DOREAL

An astounding book of inspiring instruction, which reveals many secrets of Initiation into the Great Mysteries.

This sacred instruction has never before been revealed to the world at large, it has remained with those of the Initiate throughout the Ages.

The main subjects discussed and places visited are as follows: The Secret Cities, or "Seven Cities of St. John (or Cibola)," The Cosmic White Lodge, The Secret Flame, The Inner Earth, (The Inner Temple and the Blue Race), Time and Space, Law of Life, The Emotions, The Chela.

"INSTRUCTIONS OF A MASTER TO HIS CHELA," is an unforgettable book. It lifts the reader into such heights of consciousness that often the Spiritually evolved student can contact the Great Masters through the attunement which may be derived from its reading. The student wishing to enter into the Teachings of the Inner Mysteries MUST read this book for it shows the Path others have taken, the Path all Occult Students must take.

BROTHERHOOD NEWSLETTER

Dear Students and Friends:

We have had beautiful, typical, fall days filled with sunshine. Then Monday quickly changed, the clouds moved in, the temperature dropped and we received about six inches of snow. Now that the storm has passed, the sky seems bluer and the sun seems more brilliant. This same procedure applies to our lives also. As we surmount each barrier, the results make us more harmonious and appreciative.

The Halloween masquerade party Saturday evening was a huge success. Adults and children came dressed in undreamed of costumes. Two prizes were won by nice witches. Another prize was awarded to a seemingly very large baby. A scare-crow also won a prize. This Halloween affair was extremely well-planned and executed by the courtesy of the Fireflies and volunteers. Each year something is sponsored by the Fireflies for the children rather than going for tricks or treats. This year's party seemed to be the best of all. Congratulations to the Fireflies for adding so much to the community.

Sunday afternoon Dr. Robert Wood spoke on "Breath in relation to the physical and Occult development." He told of the importance of deep, rhythmical breathing. By practicing this, we can bring our body into a much more balanced state of being. We are told also, that many conditions of ill-

health can be completely eliminated by proper breathing.

The November magazine "Light on the Path," is available. Some of the articles contained within it are: The Phenomena of Sleep and Death; The Soul and its Nature; The Eye Single (The relation of the Pineal to Health and Long Life); Clairvoyance vs. Mediumship; Wayside Wisdom; Plain Theosophy (The early continents of this earth and the evolution of its five races. This coverage is inclusive of Atlantis and Lemuria and it also tells of the relation of today's races with the first five original ones.)

If there is any member or student wishing a ride from Denver to our Sunday Services, please call the Brotherhood Office 688-3519 or 688-3007 for arrangements.

The light of truth shines from the Cosmic Consciousness. May we discipline ourselves so that we may recognize and understand that which is, so that we, too, may radiate the Divine essence and become one with Thy Light.

In Brotherhood,

Iris Rawls.

"Seek ye first the Kingdom of Heaven."

WHITE BELOW

Watch them! From slate-leadened skies
covering the below...
Winter's soft white butterflies,
falling fluttering snow.

-Paul Jans.

COMPUTATION

There comes a time when passive good
yields nothing to compute,
When even virtues atrophy
and float as dead-sea-fruit
Upon a turgid, languid stream
where no refreshing tides
Renew the soul with energy
where strength and Spirit rides.
But courage vim and fortitude
mean more than - 'no mistake'
When innocence from slumberous sense
will rise and work and wake!

Gleanings of Truth

By
Doreal

The soul is a part of God. God has existence and God has the opposite, or non-existence. That which man calls life is a temporary thing which he holds upon this earth and in this Universe alone. When he passes, he passes into existence, the real existence, until his soul refuses to return into life. The time is coming when all the souls of the Universe will throw off life and take on existence, and in existence will become One with God.

Does not the Kabbala say, "He is Ain-Ain, the positive and negative existence?" You remember when Moses asked, "Who shall I say sent me?" He was told, "Say Eheyeh Asher Eheyeh sent you." Eheyeh Asher Eheyeh means "Existence is Existence," not "I am that I am." The destiny of the soul is known to the Great Ones, and the Masters of the Great White Lodge. Man in a state apart from complete immersion in his soul can only see faintly the truth of existence. He can only see faintly his own inner being, his own inner self, and, not being able to see, he gropes blindly toward the only source of life he knows. He tries to find a way through the great walls of darkness into that light which is not only the

source of all being; but which is the end of all being also.

The Great Masters of Wisdom, having accepted the task of bringing man from darkness into light, have never wearied of that task and have never stopped. They exert all the effort possible to exert on all planes of being. Man is a complex creature, not a creation of one plane alone. Man has a physical body and he has a spiritual body. Man has an astral framework, and man has a thought-world all his own, in which he lives isolated, extending outward only by projection of thought and will. The Great Masters have much to do with man, not only guiding and directing him in his physical life, but also guiding and directing him on other planes of being, so that he can become the perfect soul in the perfect manifestation.

It is not enough for man to know he has the body spiritual. At the end he must put off the temporary material body and take up the body spiritual, so that he may live always in Divine attunement with that from whence he came. Remember this, it is not taking on a new body; the spiritual body always has been. Man manifested in the spiritual body in the very first age of his being, and it was only at the time of the fall of man that the soul descended into the material body. Yet the spiritual body remains as it always has been, that spiritual body which was from the be-

ginning of creation and which will be until the end of creation, until the time when the spiritual soul of man rejoins and becomes One with the Great Divine Spirit from which it was sent forth.

It is written, "Ye are Gods," and it is truly written, because man has within himself all the powers and strength of the Divine. He may send it forth, if he so wills. He may manifest it if he so wills; yet because the soul has free will to choose its path, he may choose to walk in darkness rather than light.

Each of us, with all the strength we have, with all of our will, mind, and soul, must attempt to bring that condition of Light into manifestation in our physical world, for by so doing we create the structure of the Golden Age, and the Holy City, in which there will be only light, peace, order, and harmony, with no place for negation, disorder and inharmony. If we wish to enter into that Holy City and become a part of it, we must place ourselves in such a condition that we may see it, for it is upon this earth today, although invisible, unseen and unknown to the great mass of people. The great mass of people are working, living and existing upon one plane, the material plane, which hovers upon the borderland of the spiritual plane. The time will come when the spiritual plane will enter into the material plane, but that time

is not yet, because the souls of men have not reached the point of understanding, when they can reach forth and enter into the spiritual world.

The Masters know that mankind must accomplish it himself. It is not enough to show them and guide them, but they must also be taught that the only accomplishment that is of any benefit to them is what man accomplishes himself. Even if the Great Ones taught man personally and caused him to have great experiences, yet that would not be having his own experiences. It would only be having that which was brought to him, and that would accomplish no permanent good of any kind whatsoever. It is only when man has created by his own will and power that he receives the benefits of that creation.

The Great Ones look upon us, guiding and directing us upon the pathway of light. We must truly walk in that path of guidance. We must put forth all of our effort and strength to become one with the Great Christ Consciousness, and to overcome the darkness and negation in our own lives.

It seems man must pass through the darkness before he can emerge into the light on the other side.

THE FOUR PLANES OF HEALING

BY

DOREAL

A common mistake among most Spiritual Healers is that they use one method for the treatment of all ills. This limits them and is actually the reason for their failure in healing many cases which come to them for treatment.

There are four planes of man's being which should be considered in Spiritual Healing: the physical, mental, psychic, and spiritual planes. A symptom may appear in the physical which has its cause in any one or more of these four planes. The treating of symptoms alone will not remove the cause. When the cause is not eliminated, even though the symptom has disappeared, the patient has not been really healed for the same symptom, or another may later appear if the cause is allowed to remain.

This large book is not written for the healer alone but may be used for self treatment as well. The beginning student in the study of Spiritual Healing, may read FOUR PLANES OF HEALING and begin immediately to practice its principles and heal the sick. All students who wish to learn how to heal, either themselves or others, should read this book.
