BROTHERHOOD OF THE WHITE TEMPLE, INC.

ARMAGEDDON

(PLAN FOR SAFETY)

BY DOREAL

I have received hundreds of letters asking the questions I have attempted to answer in this article. It has been impossible to answer each individually for I could not possibly have enough time to write five or six hundred letters, each requiring several pages, and do all the other work I have to do. I have tried to answer the most important and necessary questions so that you will know what to do in the emergency which will arise in the near future. For many years I have studied the prophetic writings in the Bible as well as the works of later prophets, such as Nostradamus and many others. I have delved deeply into the law of cause and effect and its influence on individuals, races and nations. I have studied the geology of the earth, earthquake faults, pressures, and many related subjects. I am familiar with the principles which cause land masses to rise and fall. From these and other sources, I have drawn the material which I will correlate in this article. If you follow the advice given, you have a very good chance for survival, no matter where you may be.

BROTHERHOOD NEWSLETTER

Dear Students and Friends:

We are still having our weekly snow storms. Thus far, the nights have been too cool to pour the cement for the basement floor of the Temple. You can be assured that as soon as the weather permits, progress will again be resumed. In the meantime other details are being ironed out. In addition to building the Temple, our loyal workers maintain the equipment, roads and buildings and clear the snow from the roads in time for everyone to get to work.

Sharon Rawls was a Shamballa visitor last weekend. She had time to visit a few friends, see the progress of the Temple and then it was time for her to return to Kansas to further her education.

We must decide what we want to do with our life, how we can make a contribution to help others and at the same time be assured that we, too, are approaching the spiritual goal. We know that life cannot be spent on a playground, but should be spent in learning. We might ask ourselves, "To whom am I being of service? What am I adding by my presence?" If we cannot give the correct answers, we must reform and rearrange our life or it will be wasted and cause us much suffering. Let us not procrastinate in our attainment until we are driven by the whip of necessity to then pray for God's help.

The Sunday afternoon lecture by Dr. Lyle Whitby was a most interesting one upon the subject of "Relativity." He began by telling us that in addition to Newton's law of gravity, that Newton also hinted of the existence of ether in the outer spaces. He also theorized that beyond the infinite reaches of stars that there might be a point at rest. Newton's theories were not expounded upon much until Einstein began to bring them forth through his theory of relativity. Even though some of these things may not be of interest to us, we can expand our thoughts into new avenues of thinking by lifting any barriers that we may have placed there. We are told that we are bound by our own thoughts. The limitations can only be removed by us. Until we lift the barriers of the finite, we cannot begin to partake of the Infinite, for the Infinite is absolutely unlimited. We can begin now, where we are, to remove our limitations one by one, so that we may prepare the way for higher spiritual attainment.

In Brotherhood,

Iris Rawls.

Take time to seek the truth for
it is a tragedy to believe a lie.

UNTIL

HE

LISTENS

The feet of man will stumble into
 sin
Until he listens to the Great
 Within
Where ear hears not the stressed
 chaotic din
That dogs defeat or scorns the
 victor's win.
The hand of man is cold before
 'tis clasped
In comradeship or one faint
 soul-spark grasped:
His tastes are lewd or singularly
 coarse
Till inspiration strikes him from
 its source.
The mind of man is critical and
 small
With but slight segment of the all in
 All.
His mouth is loud and arrogantly
 smart
With words unsoftened till we reach
 his heart.

Gleanings of Truth

By
Doreal

The material world is still in darkness and if we allow ourselves to be swayed to the right or left, if we give power to that it affects us. Yet, if we can in our own inner citadel remain calm, knowing all the forces of evil in the world cannot harm us then we walk in the strength of the Divine; we walk in the Divine power of God where no evil is. We are protected by the Divine power of God which manifests unto each one in the Divine and no power of negation, no power of inharmony can resist for one instant. Each soul is a spark of that Divine Light and has within itself all the potential power, all the Divine strength to manifest that Divine peace in itself. Man looking around himself takes on the quality of his environment. He begins to fear and the thing he fears comes upon him. Each person who would walk in the light should build within themselves that inner certainty, that inner knowing that no thing of any quality or nature whatsoever that is allied with negation may touch. Because if we have the power of the Divine Consciousness waiting to manifest then nothing can sway or change us. Yet again, we immerse ourselves in darkness and negation for man was created a free soul to walk in the path

he chose. For it is only thus with the power of free will that he could look upon the negation, master and overcome it and change it into the most pure light.

Man as an individual is a hand of God. He is the one through which the Divine manifests in this Cosmos so God could work upon disorder and negation and order and harmonize it. Thus we find in this last age of the Cosmic Cycle that the order and disorder we face are separated completely, even though that separation may take time there is a distinct separating of the two forces within man. As the Hebrews might say, Michael and Samael are drawing apart and man must choose which one he will walk with.

We know that for years the world has passed from one crisis to another, anyone of which in the past would have plunged the world into destruction. Yet, each time it has been withdrawn. Now the forces of light and of darkness have reached the climax within man. There will be a time when no longer may man walk two paths. The one will be of light and the one of darkness and then when that separation takes place all of the powers of wrath will come on the world. Yet, the soul of man is indestructible. The soul may not be destroyed. It rises from the veil of the flesh and takes on a new body, the spiritual body which will be the body

of the New Age, for in the Golden Age, the Christ Kingdom, man will put aside this body in which he has lived so long. He will be in the second body which God created for him and in which all the powers of the spiritual world may manifest and through which it will be found.

The New Age will be unlike any of the ages that have been before except the first and he will regain powers which he had then lost because he immersed himself in negation. Man has within himself, inherent, all of those powers which he had in the past, all of those powers which make of him a son of God, because all men can walk in the path of light who have chosen the Divine way rather than the way of darkness and the sons of light will remain. All those who follow the ways of darkness are sons of darkness and they manifest after the powers of the anti-Christ. Yet, we must remember that in all the legends of Satan, that he was once the chief of God's angels. Then he was cast out of Heaven so the Divine Plan may be carried out to its completion.

We see all around us the powers of light and darkness in conflict materially and spiritually so the Great Ones pick men in this manner and now is the time when man must have the greatest strength of soul, the greatest purpose, the greatest clinging to the Divine, thinking, working with all the power they can manifest within themselves to be in harmony materially, spiritually,

mentally, so that there will be a light within them which will join with all other lights and will flame so high that it will become a mighty sword of light and sweep all darkness, all negation, all powers of the anti-Christ away for there will come a cleansing and death and hell will be cast into a lake of fire. According to the Book of Revelations that is not material fire but spiritual fire and taking a change of form the consciousness will pass. There will be only Infinite Light. Hell, the symbol of the anti-Christ also will be changed and transmuted, burned up in the great fire of light which will overshadow and cover not only this earth upon which we dwell but all worlds throughout the Cosmos and all the galaxies we can see and those beyond our sight.

There is within us an Infinite fire which we cannot realize exists until we create within our mind, within our thoughts, the vision, the understanding and the harmony so it may manifest to our third eyes and the highest sense of perception because the spiritual light is not material light. It may only be seen with the eyes of the soul and each of us without exception has the power to open the spiritual eye and see around us that great world of light in which we dwell. Then truly, when we quicken and awaken that vision we will see no longer as through a glass darkly but with all the Divine powers that are manifest in this Cosmos.

GIVING THANKS

In honor of his great work, we wish to dedicate this message to our Guru, Dr. Doreal. At this time of year, one and all will count their many blessings and give thanks. As seekers of truth and wisdom, we, too, give thanks - for the many sources we have been given and the vast opportunities to reach our goal.

Following is a revision of parts of the original message delivered at the Fellowship of the Avatar meeting, December, 1963, immediately following the transition of our Guru. Let us search our heart and soul as we read his last request and join together to carry on his lifetime of work.

Our teacher and Guru, Dr. M. Doreal, passed through transition on November 28, 1963. he left his physical body to take up greater work elsewhere. He was one of the greatest Spiritual teachers on this Earth. We have been highly honored to be with Him and have him for a teacher and guide, friend and instructor for so many years. His great work and service to this earth and this cosmos is unparalleled.

He will be with us always, from day to day, continuing to help us, guide and protect us, now and until the time when we will meet him again. He has

not truly left us - his spirit is and will continue to be with us daily.

His last special request was that this Brotherhood and Shamballa continue on and greatly grow and develop and move toward the goal he set for us. We must not fail him. His last wish, "LET THIS BROTHERHOOD CONTINUE ON AND GREATLY GROW AND STEADILY INCREASE IN SPIRITUAL KNOWLEDGE, WISDOM AND POWER."

Let us all, therefore, work together in unity, to carry out his wishes, his plans, his mighty work, so that we can coordinate our efforts with the Mighty Masters of Wisdom, the Great White Lodge, in the Great Plan.

In Cosmic Harmony & Thanksgiving,
Brotherhood of the White Temple.

INTERPRETATION OF THE EMERALD TABLETS BY DOREAL

The Emerald Tablets are revealed of their mysteries, which have only been touched upon lightly.

Man's search for understanding of the laws which regulate his life has been unending, yet always just beyond the veil which shields the higher planes from material man's vision the truth has existed, ready to be assimilated by those who enlarge their vision by turning inward, not outward, in their search.

In the silence of the material senses lies the key to the unveiling of wisdom. "He who talks does not know; he who knows does not talk." The highest knowledge is unutterable, for it exists as an entity in planes which transcend all material words or symbols.

All symbols are but keys to doors leading to truths, and many times the door is not opened because the key seems so great that, the things which are beyond it is not visible. If we can understand that all keys, all material symbols are manifestations are but extensions of a great law and truth, we will begin to develop the vision which will enable us to penetrate beyond the veil.
