ON THE EGG

Which came first, the Serpent or the Egg?

The Creative Spiral, of course! It came before everything.

"The Wheel of nature revolveth constantly; the last becometh fist, & the first last.
Crowley, TAO TEH KING, Refraining From Action

The Bodhi Satva, The Seed-Bud of Truth, the "little Child that shall lead them," for w/that stabilizing double-wheel of Maya-non-Maya, the 1st must of necessity become last, & naturally the last must become the first.

"The Kundalini, whilst it is yet coiled up in the Muladhara, is said to be in the Mahakasa, or in 3 dimensional space; when it enters the Sushumna it enters the Chittakasa, or mental spade, in which supersensuous objects are perceived."
CaptJFCFuller,YOGA,Rider,London,1925,p.80

'The Oracles of Zoroaster utter this:
"And when, by often invoking, all the phantasms are vanished, thou shalt see that Holy & Formless Fire, that Fire which darts & flashes thru all the Depths of the Universe; hear thou the Voice of the Fire!
"A similar Fire flashingly extending thru the rushing of Air, or a Fire formless whence cometh the Image of a voice, or even a flashing Light abounding, revolving, whirling forth, crying aloud. Also there is the vision of the fire-flashing Courser of Light, or also a Child, borne aloft on the shoulders of the Celestial Steed, fiery, or clothed with gold, or naked, & standing on the shoulders of the horse, then if thy meditation prolongeth itself, thou shalt unite all these symbols into the Form of a Lion."
Crowley, Liber Samekh, MT&P, p. 292

"In the Hindu conception of creation... Siva...the non-manifest point, the seed syllable OM, the germ Bindu bursting with creativity, unfolds as the windings of the feminie, Sakti, down through the successive cosmic vibrations and layers of being. It is the task of the Yogi to return in consciousness on the upward spiral...Her name is 'Coiled', or Kundalini...Sakti... which she, as manifestation, revolves, like the coils of the dragon around the Axis Mundi or World Tree."
Jill Purce,THE MYSTIC SPIRAL,Avon,NY,1974

And what are Dragons? Creative Spirals.

The Great Dragon; means "curls"	ThL'	= 440
of Whirling Motions	HGLGL'M	= 121
White Whorl	TzMR LBN	= 412

Which is as good a way as any to describe the Sahasrara Chakra. So now you know where Creative Spirals & Dragons come from That Axis Point at the top of your head.

BAPHOMET LODGE

Do what thou wilt shall be the whole of the Law.

Baphomet Lodge, flowering from the young plant that was O.X. Chapter, greets all brothers and sisters of the Temple. In our first months as a lodge, we have been quietly persisting in the basics of masses, classes, celebration of Thelemic holidays, and initiations from Minerval through Third. Following O.X. Chapter's winter course on "Enhancing Astral Senses with Enochian," we extroverted for the summer and autumn months in an extended study of "Thelemic Ritual Magick," studying two dozen personal Thelemic rituals in depth. We're looking for a few good Thelemites interested in adepthood.

In August, lodge officers journeyed north to Oroville for the wonderful-as-always annual College of Thelema seminar, where we performed 0°, I° and III° initiations. We were supremely honored in this to have as officers the Mistress of 418 Lodge, and the Fourth Emir. These two sage women added by their presence not only a dignity and power, but also a profound sense of history, both having been active in Our Order in the time of Crowley. Our thanks go forth to both.

We have printed an edition of Liber II and Liber OZ with a new message on the back, designed to attract new members to the Order. Though the message was designed with Southern California in mind, we'll happily mail a copy to any O.T.O. body requesting, as a model for their own local use.

This has been a year of numerous visitors from throughout the Holy Kingdom, including Brother Breeze from the East Coast, and Brother G and Sister Sun from Vancouver. We have all gained much from their visits. Also, we extend our warm welcome to Azoth Encampment, Southern California's newest body, and congratulate its Master, Brother Parker.

The Lodge Master's computer system has recently been upgraded to a Morrow MD-11, with 11 megabytes on hard disk.

IMPORTANT! IMPORTANT! IMPORTANT! IMPORTANT!

I would like to make a strong personal appeal to all members to remember their financial responsibilities to the Order, both to its treasury and to the person of its senior members. About $20,000 are outstanding in dues! At this time of major legal expenses in the Motta case, these funds are seriously needed, and do constitute a legitimate and primary responsibility of every member. Secondly, Grady's recent health problems have accrued medical expenses which the Order treasury and Grady's private finances are incapable of meeting. Even a scanty $10 from each O.T.O. camp, chapter and lodge every month would handsomely contribute to this and provide needed medicines. The care of senior members who have given their all for the Order is another chief responsibility of every member capable of assisting, as any reader of the Blue Equinox is well aware.

Speaking of the "Blue," the growth of the O.T.O. along the explicit lines established in that document is a primary purpose of Baphomet Lodge. Our name says it all. We exist to put a little more of Baphomet into the O.T.O.: TEMpli Omnium Hominum Pacis ABbas.

Love is the law, love under will.

Welcome back to **Strange Loops**. I offer no excuses except to remind my revered readers that I am less than perfect. This revival is prompted by several things that have happened in the recent past. First, I ran into some brothers in a nearby camp in Fresno California that actually knew who Tsama Kabal was. That did my ego (nephesh or maybe the qoof) a great deal of good. So happened that it needed it. (Well it needs it all the time; but it was especially needed then.) More importantly, they seemed to know why I was writing the column. More accurately, they expressed a purpose for the column that was in agreement with my own. (What's the difference between these viewpoints?) This showed me that I had found a need that had, for a while at least, been somewhat fulfilled. They expressed the desire that I write some more for future issues. This gave a direct spurt of growth to my Ruach, the middle portion of the tripartite Hebrew concept of the soul.

A lot of other things have happened around me since the last column. Not the least of which was the transition of my Lover in a year ago in October 1983. We had been together for over ten years. His death was rather devastating to me although I didn't fully realize it at the time. No one can be unaffected when a gap of that size suddenly appears in your life. It could have been an abyss that I could have fallen into and never emerged. I thought that I was handling the loss appropriately. But it turns put that such losses don't get handled so easily. A considerable portion of my reason-for-being was wrapped up in our relationship. I miss his being there to say the right things--just when I needed them. I miss being able to take home a flower to someone who really wanted it and who equally appreciated it. This process of overcoming a loss can last much longer than I ever imagined. It will probably not be completely over until a similar relationship arises. Until then life must go on.

Fortunately, I was not without friends. Especially those in the OTO; and especially the Master of Stellar Visions. They were there when I needed them. The events between my discovery of Gerry's body and his cremation is a column in itself that I will share with you at a later time now that some prospective has been obtained. Suffice it to say that it was an initiation. Its lessons on the fragility of life and attitude toward time were especially welcomed. Those events gave me a glimpse of the other side of the abyss (ABDH). I'm not sure whether I was actually there. In any event I felt and saw but did not stay. The trip must have surely affected the third part of my soul, the Neshamah. (which is, in itself, Mystery of Mysteries, is tripartite).

Nothing has been the same since.

My thanks goes to those of you who have written. Especially those of you who have received no personal reply. Particularly one Brother in West Virginia. Hopefully our new word processing capabilities will help that situation in the future. Mea culpula.

Yours in LVX as well as NOX

AIN SOPH AUR CAMP

Ain Soph Aur members performed & produced a tape of ritual music called 'Namu Amida Butsu' with synthesizer, Tibetan drum, piano board in atonal Japanese style. Training of Mass officers and performance of a bi-weekly Gnostic Mass is proceeding at an encouraging rate. Group rituals occur formally once a week and informal meetings have been held, in addition, at the beach, upstate NY, etc. We have been concentrating on Liber Samekh, caballa meditations and invocations of some puissant force-forms.

We brought in the Autumnal Equinox at 4:33 P.M. 9/23/84 with Liber Samekh, an intensive & mysterious meditation, culminating in an EQUI-N·O·X· power consolidation. Then we used Crowley's traditional 'ring divination' with the Book of the Law which left us strongly inspired.

Planned for November: a theatrical ritual creating an actual Tarot card via costume, props etc. to open a Malkuth doorway to the astral.

A copy of our tape, to share our experiences with other Thelemites at affordable cost, is available for $4.18.

ENCAMPMENT BEELZEBUB

Tu was du.willst soll sein das ganze Gesetz

Greetings! We recieve still a constant flow of letters from people who are interested in our Holy Order. Last month we got also a visit by an adept from Austria who would like to become initiated. Sadly we can offer them at the moment no initiations, not even a date for it.
We translated the Minerval and I. degree ritual into German. The idea of making a Qabalah Course (basic knowledge) is slowly beginning to take shape. Maybe next year we will be able to publish it.

Do What Thou Wilt Shall Be The Whole Of The Law.

Greetings from Santa Cruz. Although we have for the most part been working in silence, we have projects in the making for the coming months. We conduct GMs on a fairly regular basis, and would welcome more contact with other Thelemites who might be in the area.

Magick is more often than not a very subtle art. This means that among other things, one must begin by trying to observe very very subtle phenomena. Although it may sound very elementary, and it is indeed, the LBR is a good case in point. The subtle effects of constant and continued practice may be felt mentally, emotionally, physically, and psychically. Read air, water, earth, and fire. So banish often.

Grand Lodge Report

P. O. Box 2303
Berkeley, CA 94702
U. S. A.

To the Brothers and Sisters of O.T.O. who have responded to the dues billing, the thanks of all of us here at Grand Lodge. Thanks especially are due to those who have added donations to their renewals. We have a long way to go before the Order is out of danger. Figuring from the dues outstanding against the dues paid, nearly 85% of the members who owed dues last month have still delaid payment. Although that isn't as bad as it sounds, it is still a serious problem. Most O.T.O. members pay a month or two ahead of their anniversaries, or set up initiation in good time. Of the total membership, 72% are current with their dues. The remaining 28% average $60.00 and more than a year behind in dues. This has gone on for quite a while, and only lately has Grand Lodge been able to do anything about it. There are about 900 members in the O.T.O. at this time. About 650 members are current and about 250 members are behind in dues. Computer work at Grand Lodge has finally gotten to the point that quarterly billing of so large a number is possible. The most recent innovation is a computerized version of the O.T.O. official stationary. This will enable Grand Lodge to catch up on initiation greeting letters, general notices to geographic and degree-member groups in the Order and, of course, billing loads. To take care of notice to members when dues are needed, we have to have the ability to produce up to 300 letters of reminder a month. Until now, that just wasn't possible. When the present crises is over, the load on dues billing will probably drop to about 10% of the membership---by then it should be routine. Grand Lodge income doubled in October, but it needs to tripple or more for the Order to be able to fight the Motta case. If we all pull together, we can do it!

SPOT NEWS**********

The Grand Lodge Temple has Closed. Meetings and initiations are being diverted to homes until Grand Lodge income and/or availability of an inexpensive rental opens up. The Calandar in this issue has instructions for phoning or finding where the meetings, rituals, classes and initiations are being held this month. I attended a beautiful Gnostic Mass last night, but a private home cannot accomodate the full crowd that usually attends. Most members in the Grand Lodge area will have to do without the Gnostic Mass until we can afford to rent another temple. The Mass will go on. Grand Lodge hasn't missed a week since 1977 e.v. We can rent some places now, but either the rain comes in or the neighborhood is brutal! We cannot expect members and guests to dround or be mugged to attend O.T.O.! If we get lucky, dues come in at a higher rate of payment or if we can hold out until Spring, the Temple will re-open.

The E.G.C. has held its annual election to the Board of Directors. Now with the Patriarch on the Board are: Lola de Wolfe, David Macpherson, Vandimeer, Joseph Farkas, Ana Kria King, and Don Correll. Don has indicated that he intends to resign from his post in favor of Jayne Hilyer.
Church Secretary: Jayne Hilyer
Church Treasurer pro tem: Bill Heidrick.

The Caliph's health is stable compared to a few months ago, but travel is not likely until he improves again. Grady needs our love and our cars---to get around. He had a birthday on 10/18/84 e.v. and will have many more.

Magickal Link reports are needed from Oceania Lodge, Phoenix Lodge, Tahuti Lodge, Aha, Hoor-Pa-Kraat, Maat, Coph-Nia and 93 Camps; DeMoley, Kephrah, Hadit Chapters. Others are late, but not that late. As new bodies apply for recognition, the groups who have not reported in will be dropped from the official list. Two were dropped this time. Two reports to the Link (not the same two) arrived too late to print this time --- deadline is the 15th of the month before the issue.

Grand Lodge will catch up on mail product orders next month. The new billing process caused the delay of several months.

May 24, 1946.

Dear Grady,

93,

I still have to answer yours of May 15th, I'll deal with it point by point.

I'll hold the copy of the Drug Fiend and of Liber Aleph and take both along on my trip, and will give both to you personally.

No, Aleister is almost positively not coming over this year. Of course, he would have liked to have you with him, if it would have been possible. But with this surprise that you sprang on us, I mean "Foxie" and the expected baby, I realise that you could not go. So we'll have to forget about this.

Re Jack: this is quite a story. Meanwhile I've had the more or less full story from Bro. Culling, and as I cannot make a copy, which I've sent to A.C.^ (his cable reply: SUSPECT RON PLAYING CONFIDENCE TRICK JACK EVIDENTLY WEAK FOOL OBVIOUS VICTIM PROWLING SWINDLERS. OLLA PROCEEDING RAPIDLY.) Please return the letter at your earliest. Culling wrote me after that (on May 21) that he had shown my reply to Roy and Max, so that they too are fully informed. He adds: "In the "past Bro. John had stated that- 'I guess Karl & Crowley are off of me' ""and later changed that'he was withdrawing and going it alone'. I took "his statement as speculative but it appears that he now speaks more "definite that 'he is going it alone'. - To do him credit I think he "qualifies it in his own mind that later he will have the money - and "that also his magick will bring him credit with the O.T.O. - i.e. he "possibly hopes his quitting is temporary."

- Seeking his original letter.

Some opinions on Culling that I've heard were not too trustful. It was suspected that he was the intermediate who kept W.T.Smith constantly informed. I don't think you met him?

I want you to be fully informed, as 666 holds you in charge of the Californian activities, with any steps you decide to be taken with my approval. He may not realise that you can't jump up and down the west coast, and you will hardly be able to keep your fingers on the pulse any better than I from here. However, you know all the people personally, while I know only Max and Jane. Let us cooperate fully. Roy is now in charge of Agape Lodge and cooperates in harmony with Max' group. The first thing Roy is doing is to list all the property of the lodge, furniture, paraphernalia, and the library. The latter will now be run by a librarian in a proper business way. He has at once changed the money policy. But why should I tell you all these details: here is Roy's letter to me which please return.

In another two months I expect to be in Los. Angeles, so I keep any details on abeyance until then.

- 2 -

Who says that there are no thelemic children? Ray and Mildred Burlingame have produced a magnificent girl - Laylah; and Frederic has a splendid boy, 13 months old. Do you likewise!

Jane made a remark in a recent letter that 'Jack took a beating when you were there'. Jack seems to have an oversensitive pride, boosted inordinately by his receiving the IX°, his appointment as head of Agape Lodge, considering himself a Grand Master. It went to his head apparently, and when you turned up as a special emissary from Grand Lodge and questioned him as everyone else - he may have felt this as a blow and a slight. This is the way I construct it with no facts to support it. I don't know how you stand personally with Jack. If you feel like handling him directly, do so by all means. My spontaneous reaction to the treatment I have received and the facts given by Culling, were expressed in my reply to him, and for your information I enclose the carbon. Be sure to return it after you've read it - with the other letters.

I would consider it perfectly legitimate if your view on Jack and your opinion on the way how to deal with him would differ from mine. Meanwhile a letter may be on the way from 666, both to you and to me. Use your own considered judgment if you think you should take any action in this matter.

Write soon. Sascha and I are looking forward to meeting 'Foxie' (is she red-haired?). We'll be in San Francisco about July 22. You might better write me your phone number, in case we arrive at an inconvenient hour.

93 93/93.

Fraternally yours

Karl.

BONUS FEATURE OF THE MONTH: Dues payments now at 12% of outstanding dues owing to Grand Lodge. Let's get it in!

This letter from Karl Germer, Fr. Saturnus, to Grady McMurtry, Fr. Hymenaeus Alpha. May 24, 1946: The copy is not as clear as one might hope, this is a reduced photocopy of a weak carbon original. The 6th paragraph reads in part: "I want you to be fully informed, as 666 holds you in charge of the Californian activities, with any steps you decide to be taken with my approval." ..... This letter accepted Grady's #1 Caliphate paper (see the fax in O.T.O. Newsletter #4, page 20.). Motta has maintained that this acceptance by Germer of Grady's commission from Crowley never happened! Here's the proof for all to see.

In other details, Grady's family is discussed, the problems of Agape Lodge (including Jack Parsons' difficulty with L.R.H.) and publishing activities. Almost a dozen members of the Order are mentioned, although most are with Nuit now--hence our freedom to release this letter to the general membership.

This month things are at first glance a bit complicated. The O.T.O. Temple is closed (for reasons known to regulars) and all events are being held in private homes. Here are the instructions: Space is limited, and private homes are by nature a little private To attend any event, telephone the number given for the event a few days in advance (to give yourself a better chance of reaching some one.). Make your arrangements and go. Call 454-5176 to leave messages for the others. It is not necessary to call for San Anselmo Classes, but do call for everything else.				1	2	RESERVED ONLY 415 454 3 5176 INITIATIONS I° & II° 4:00 PM 5 SUFFIELD AVE. SAN ANSELMO
