A cow with the kicking habit is no more uncertain than is a person with pessimistic mental trend. You never know how soon things are to be turned over and upset.

Riches seem to stand between Spirit and its manifest good; nothing but what seems to lead away from the Spirit, the moment riches enter into the work. Why is this such a glaring truth?

Get thee hence, Satan, and leave the earth's institutions dedicated to the Living God to get the Spirit of Calm and Love, as well as Compassion and Healing, back into their Sanctuaries.

We are here for a purpose; it is to complete the experiences of a soul so as to build an Immortal Character; let us beware in time, and prepare well the way for our future eternal progress.

Death levels all men, 'tis said to one rank; yet, Death brings all men to one conception of Truth and mighty Love; we fear some awful surprises await the majority of our good, well-meaning ones.

The Essence of Spirit is thought in action as Creative; the Essence of Matter is Extension; these are two heterogeneous Essences, hence ALL is not Spirit, any more than ALL can be Matter.

To say an antidote and not THINK IT DEEPLY, as if feeling it to BE, is to FAIL to change the train of EFFECTS from one antecedent to another, and, hence, to fail to alter the consequent.

To think of one thing at a time; attention upon your immediate duty and to do your best, is to rise to attainment and correct expression; do your best, attention to the best and expect the best and know you are the best and can attain to and attract the best. Be constant in attention along these lines and you grow the best.

Right mind, right thoughts, is what brings results. All trouble comes from within, from some cause surfaced as an effect; the cure must come from within.

The Prescience of the Soul is the Science, the very Philosophy of ALL that man may possibly know; we read souls, diagnose as of souls, know as of souls, all things, beings or conditions, present or future.

An incentive may be prompted by the spirit to do a greater and larger GOOD to ALL mankind; but it's an incentive, and it's this spur to action that makes for great endeavor and, hence, true greatness.

To suffer a wrong is to know the wrong; to suffer poverty is to become acquainted with its inconveniences and to rise to pity of its victims; only the sick and ill can sympathize with others in like travail.

Ten years continuous practicing of One Line of Thinking, and that along Optimistic, Occult, Psychic and Healing Method, surely should become an organized Character Force of tremendous Worth and Might.

Say, my dear, just remember the trees
shed their leaves,
But once a year; while you and all flesh
alike,
Shed, same as leaves, the dying atoms
day by day.

No person should be asked or compelled to do service or give value in Mind, Spirit, or Muscular Work, without a full and rightful recompense in something necessary or essential to his welfare or well being.

Anyone who desires the best must understand the method to obtain the same lies through the path of worthiness; if this be accepted, the spiritual is, then, the necessity of being, in that it, alone, reveals that of worthiness.

Out of darkness into Light; out of shadow into sunshine; out of gloom and free from doom, into wonderland and eternal bloom; this shall be the recompense of all whom the Spirit of Light awakens and quickens of soul, here and now.

Going to do never did do very great things; it's I can and will do in spite of opposers and opposition, condition or hindrance, that moves mountains and does things. The spirit in the work is what usually determines its final results as to the doing.

Without incentive, ill is the service given by man; none grow into usefulness or true greatness without some overwhelming incentive to action. We may deny the incentive, as the spur to action, but search the heart and you will find it's there just the same.

The great Preacher, Lawyer or Physician, in fact the great in anything, become great through constant, persistent application of mind to a given channel of thought; through experiencing rebuffs and defeats they sharpen intellect and bring out reserve force.

The Salvation Army parades the streets of most large cities; its work is that of saving men from themselves; its Spirit is that of Love and Compassion; it has no other excuse for its existence; let it attend well to its well-founded concept and continue long to prosper.

Set to right, now, to-day, dear friends,
To brush away the cobwebs of mind
And body; house-cleaning, dear friends,
Is a duty, and cobwebs you will find
Are detriments to mind and form.

Get busy, now, and forget, dear friends,
Yesterday's griefs or follies; spent
And wasted forces can recall, dear
friends,

Nothing gone on before; be content
Now, here, to-day, with what you are.

—Mrs. Myrtle May Hines.

The Nobler and greater the incentive to action, the greater the mind of the actor; we must have some goal before our vision ere we act our highest and best to reach upward and onward.

Who has Soul Gifts and Understanding, therewith, knows the how to gain and hold riches, honor, name and fame and failing in one place, may move out and on to more congenial environmental surroundings, and none shall take an iota of his values, in true WORTH and MIGHT.

Love, alone, is the slogan of Spirituality; there can be no other means through which Christ or His Spirit may manifest Truth; Truth is freedom from its opposite error; we cannot err or be a party to Hate or Unrighteous Methods and be the SPIRIT OF LOVE AND TRUTH.

We never fear a train wreck because we know we would be notified ere we started upon the strip of territory or stretch of road in danger; we would then insist on getting off or having that train delayed or some precautions taken to head off the accident. We would prove right.

To harness and control electricity is to bring it into usefulness; to harness and control human innate energies is to bring them into right expression; this is the business of a true Occult; he is as the Gifted Electrician, a power because of his understanding of the law that governs an energy or force.

We were recently offered one of the largest and most magnificently appointed 22-room mansions in Denver, at less than three times our present rentals, including doing away with a hall we now rent Sundays, but we refused to assume the little extra rent expense, at present, because we deemed it better to remain quietly where we are until we have assurances of still greater and sure income.

Success may be the result of correct thought expressed as the result of correct application of effort; yet often we find its antecedent lies far back, down in the depths of something not at all comprehended by the thinker; it is herein that Spirit becomes a Fact of Infinite Intelligence in actualized GOOD.

When others howl hard times, just you become the antidote and rake in the shekels; people during hard times hear so much kicking and complaining as to make an Optimist at such a time like unto a refreshing stream turned loose on parched fields; it stimulates and promotes growth and unfoldment.

We may be walking Geniuses, but unless we have Spirit to illumine and make clear the HOW to EXPRESS and make GOOD, we are as nothing as to WORTH and VALUE to self and other selves. It is the LIGHT that IS power to set all Genius rightly at work, and this Light is the Divine Spirit.

We seldom succeed by leaps and bounds in anything; if we do so rise to success, it is usually so phenomenal as to later undo us; it is by slow process true greatness and staying worth establishes itself on a firm and lasting foundation; be not in haste, then, time to appreciate is an essential to all true gain.

We know city families won't admire this good old horse-sense philosophy, but the farming communities know its value and prosper because of it. We do not advocate stinginess; we advocate simple self preservation in matter of income. Why kill your future prospects of fortune simply to gratify a false taste or a falsely entertained ideal of position? Remember, to live where your income is insufficient, means sooner or later, to win the disrespect of that class of people and to be forced to abdicate and go down to a class beneath. Would it not be wiser to begin down below and gradually work your way up to the desired goal?

Who is in a hurry generally creates flurry; who hastes too much is seldom on time. We have found this to be true, that hurry and haste are twin sisters and beget too often only flurry and worry, which bring on a whole regiment of cousins, aunts and uncles along with them to eat up and destroy what we might have gained.

Walk until you can afford to have a rig in which to ride; write with pencil or pen until you can gain the use of better modes of expression of your ideas and ideals upon manuscript; bide a while; step slowly, surely and securely along the highway to excellence and worth, and, then, turn Spirit loose and ride on to victory.

Children, when rightly reared, expect and obey; they fear not because they believe and trust to parents to win the way and feed and care for their each and every need; even so Spirit brings the Father's Good to each of us, as we travel along the highways and the byways of earth, as but children, after all, in the keeping of a loving ALL-FATHER.

The great Rocky Mountain Region, including Colorado, Wyoming and New Mexico, three States, alone, has facilities worth enough to more than triple all of those of Scotland, Wales, England, Norway, Sweden and Germany combined; the underground VALUES have not been so much as scratched as yet; the overground possibilities are as a new and undiscovered empire of tremendous riches; the wealth of this district cannot be computed, because of its immensity, if but once brought to the serviceable answer of man's genius and thrift; the wealth of the Indus, the famed riches of Ophir, and the diamond fields of earth, all combined, shall wither into nothingness as compared with what the teeming possible riches of this district shall yet divulge; what, then, of Denver? What of Colorado? What of these other rich States of this Trinity of Hidden or Virgin Wealth?

We have, as yet, never left unlocked a door or unfastened a window or neglected any duty of the correct attitude for natural self-protection in our home, since the Spiritual Method, but what we have been, without delay, told to fasten that window, or lock that door. It was for us to find which window or what door; but we obeyed, and obedience guarantees safety. Obedience is the fulfillment of the law.

Attention to one thing and that the thing or matter presently in hand, is the key to excellence; it is the road to health; it is the means through which brain and nerve energies are preserved; it's the lock to the gate that hinders waste of Life Forces; one matter and attention to that one matter, at a time, rests the brain, the body, the functional organism, and builds up the entire Human Constitution.

It takes a man in rags or a garret to be Spirit's Inspiration and Soul's Genius in Art and Music and all that inspires and heals and uplifts; why this is so may be easily explained; sympathy and compassion alone beget Love and Spirit of Inspiration; there must be that which causes the agony or heart to be responded to by soul, ere Spirit manifests the Compassionate Christ Nature, in the productions of Genius.

The Occult never desires to dwell upon the seen, the rough exterior or troubles expressed; he goes beneath all this and remains as a Silent, Calm, Hidden Current of Force and Energy, at work, but for one result, that is Harmony, and Equilibrium; it is this attitude that few can assume and continue unto perfection; it is for this reason an Occult should be employed; he makes this very matter his entire and constant business; he is for his clientele, Attention, Silent, Concentrated and Concentrated Energy and Intelligence, in Spirit, at work for ALL on his list; he wins where all else fails.

Pay strict attention to one thing at a time; do what you are at with all the mind bent upon that one thing; walk the street with no thought aside from the street and your path or intended errand or goal; never permit thoughts of business, or other matters when walking a busy thoroughfare; this latter caution may save you accident or loss of life.

Who has never known toil amidst privation or sickness and pain can ill give compassion to those who have experienced such. A man who has never experienced an illness or a pain can rarely realize the suffering of another in such a condition. Like recognizes like condition, and like attracts like is never truer than in pain, poverty, toil and suffering.

We all can, to a certain extent, grow greater and greater values through our proper channeling of innate energies or mental trends; but WILL ENERGY with CONTINUITY of PURPOSE is the RUBBER. How many of us can eternally and everlastingly stay with our given Concept or Ideal, till it is a Fact as an accomplished Ideal? It takes calm, cool, will energy and the full virtue of patience to do this.

Change man's Susceptibilities and his Temperamental Character and you change his mode of expressing and his method of living; this requires a Spiritualizing, awakening, soul Process; a Psychic Process and never a Sumptuary Decree; the first wins him over and makes him an overcomer, the other makes him a criminal by decree, or he is assumed to be a criminal which suggests and brings him into such a character, as expressive of the self; sumptuary laws beget criminal desire in appetite, and grow opposition to law, which is contrary to Law, in Spirit, as correct rule of action, in force. The Institutional never improves per forced process nor by sumptuary man-made decrees. Religiousness comprehends a change of character, and involves an awakening which is derived from Spirit of Love.

The pursuit of happiness is the feature of animal existence; the object sought by Spiritual man is worthiness; man being both animal and Spiritual, he naturally seeks both these conditions, here and now. Worthiness should, then, reveal man's identity with happiness, hence the spiritual aspiration should accomplish for him that which the animal nature seeks, and if permitted, it will so bring it to pass.

Rise, now, dear soldier of the field; gird on the full armor of the Galilean; accept the Spirit's guiding light and bid farewell to Fate and Destiny, while you march to victory, as a conquering hero marches, in full control of circumstance, friction, opposer or evil demon. Thy destiny is to overcome; thy glory is to defy Time's Afflictions, undo Pain and Ache, and rise to the full stature of a soldier of the Living Truth.

Mountain streams running millions of gallons of water to waste every season, and acres of the richest soil on earth lying as a parched desert, in Colorado, alone. Better turn the Genius of China and India loose here for awhile and set in motion that which will corral this awful waste of Nature's bounties. Bring the waste water to the waste land and note the Empire of a new generation spring into bounteousness.

Prejudice makes man susceptible to error; error leads on to hate, and hate creeps on so subtly as to seldom be known, even though occupying the premises of the holiest place or the mind of the holiest and best intentioned of men. Keep, forever, but one concept, and that is LOVE FOR ALL as the ruling aspiration of the Mind, Soul and Spirit, and Love's Spirit will soon estop all Prejudice and defeat possibilities of wrong susceptibilities.

Having learned by experience, we sought the Spirit of ALL that IS or MAY BE, or SHALL EVER BE, and

LO! WE HAD FOUND RICHES, NAME AND FAME, and now hold them as jewels of the Soul, where thieves nor poverty, nor anything may cause a loss. "Seek ye first the Kingdom of God and His Righteousness and ALL THESE THINGS shall be added unto you," has proved the Truth of the Spirit's way of giving Power of Blessing.

To ourselves we say, 'tis destiny;
When error, dark apologies permit.
It is but our Fate, grim destiny
We cry, when defeat we do admit.
Who can his destiny o'ercome?
Who may dire Fate despise, or fit
Circumstance to noble victory?
One, alone, surpassing fair;
Strong and full o' grace, defies,
Fate and Destiny in its lair,—
'Tis Superman, in Christ relies
And controls Fate and Destiny.

No person or organization should formulate any plan or scheme void of proper remuneration or income; to do so is against those who must use brains, muscle and gifts to rise above the bare supply of life's necessities. Remuneration is the law of recompense; it cannot be violated without violating a rule of correct expectancy. We must expect the best in every phase of life's expression and expect to attract the best and buy and pay for the best, whether in services, direct, or in money, the measure of services.

The Divine in man capacitates him for that knowing which is self-sufficient, as to proper acts and correct expression. The Divine Spirit guides, instructs, leads up, and on, and out into broad areas of space and unites Time and Space so as to bring order out of chaos, and Health out of error. The Soul always has and ever shall know what is best, but Spirit comes into soul to awaken it from its slumbers, ere it acts for man's outward good and uplift, as well as immediate protection against ignorance and error in choice or method.

If you are a reader of this Magazine you cannot help but note our one continuous concept, and following it, you must be led, oh so gently, right upward and onward to nobler and better understanding of man's duty to self and to fellow man. The Spirit that inspires our writings is the Light which shines in the midst of darkness and polarizes all Ether, thereby compelling that motion of Ether which becomes the Light, in ALL that Spirit reaches, encompasses or enters. This leads to Success, Health and Wealth, as per a Psychic Process.

While sitting at our typewriter on the night of the 30th of July, suddenly came the Inner Voice, saying, "Take your hat and go to the place we take you and purchase a pint of Good Whiskey;" not another word; we did as ordered; the next day a party in our house was very suddenly seized with the most intense pains and swooned away; the whiskey was then needed and did quick service. Disobedience, here, would have proved FATAL, as SPIRIT ORDERED and SPIRIT HEALED ACCORDING TO ORDER and WOULD HAVE FAILED US OTHERWISE. This shows the why some persons fail to understand what is BEST and fail, too, in getting results. We OBEY in ALL things and on ALL occasions.

The Divine Spirit will give Light of Wisdom and Understanding, but we must OBEY as instructed and guided, and use common sense in business and expenses; the Psychic Process will bring HEALTH, which is STOCK in TRADE worth VALUE to any live MAN or WOMAN, but we must be CONTENT to CREEP and LIVE WITHIN MEANS till able to do better. The law of Success means hard work, perseverance, economy and patience in all things, and no man's wife or family is righteous who will fail to remain at duty and abide the income as surplus, ere thinking of undoing the business that sustains the home, by fool-

ish expenditures. "A little-at-a-time" store ruins many a fine prospective business career.

Billions of dollars, and yet no money; Bees everywhere, and yet no honey.

The time has come when we must arise and demand that some explanation be given for the continuous cry of HARD TIMES.

Higher and higher go prices of living; steeper range the rentals; buildings going up everywhere; cities growing; tremendous undertakings face us at every turn of the road; wages being paid to millions of men and women; yet, no MONEY; all as busy as bees, and yet a dearth of honey. Perhaps our large cities are too expensive; perhaps they breed too much expense for pleasures and outings; perhaps too many officials; too many holes for money without means to sustain them: isn't it time to begin to turn on a search light?

Remember, Sensibility is antecedent to Consciousness, springs from an organic source; requires an organ for expression; while Susceptibility is subsequent to conscious perception and thus is truly a susception (subcapiens), "and the capacity to take under an antecedent affection is properly a Susceptibility." This opens to us one of the most interesting fields in our new Psychological investigations, "in which lie all the joys and sorrows incident to humanity, and wherein must be found all our Subjective motives to voluntary action." This branch of investigation is often overlooked by scientists and may often be confounded with the WILL. Man's susceptibilities really determine his actualized Character, as to stamina, stability, perseverance and accountability to Society at large. Sensitiveness and emotiveness are but branches of Susceptibility, even as is hope, fear, doubt, appetite, desire, excitability, emotion, remorse and feeling of sorrow, pity, grief or guilt.

Bigots and mentally inspired men, alone, flee to Sumptuary Statutes for enforcing religiousness or ethical righteousness (right expressions), upon humanity; live as I live or die, is their sole motto; a very uncharitable mode of procedure. The Holy Ghost dictates to none; the Light is for ALL; the Will of God is FREE and gives as of itself FREEDOM in WILL to ALL; this implies Truth which cannot admit of binding or of error. Man implies error; proceeds to law against error; in ethics implies one class is wrong from the view point of another class, simply because both classes are living under the same political institution and both in accordance with the laws thereof; but one wishes to dictate the ethics and religiousness of the other. This is a false viewpoint; detrimental, in that it implies criminality, fosters force, which assures hate as a natural consequent. It is, therefore, Anti-Christ.

What of the man who never stops to sympathize with any one or to allay another's ills? What of the man who suicides and thus deprives himself of the means of gathering experiences to unfold an Immortal Soul character? What of him who takes another's chance or opportunity away to do so? We fear these souls suddenly bereft, by murder in both cases, of their only opportunity for promotion to after Spiritual Glory, will wander Eons of Time upon the earth amidst the reptiles and the gloom and slime, as of dark, damp swamps, searching for the Light that would save. Yet the one murdered by another shall, certainly, escape the pangs of the one who takes his own or another's mortal breath away. We have seen the murderer in spirit, and have seen the swamps, the slimy, crawling reptiles, the awful sickening gloom and darkness about his unprotected soul; it's too awful a vision, and once seen can never be forgotten; same of the suicide.

This editor has one of the largest incomes among Professionals, probably in

the West; he has had no outings, to speak of, in a period of ten years; he has scarcely ever attended any resort, garden, theatre, concert or other place of amusement; he does pay too much rent, by ten dollars per month for present head offices, which will be proved shortly; but outside of this one item, he is careful and conservative, never paying out money, unless first seeing that he can afford it; he has no automobiles, or horses and buggies to add expense, and yet, out of ten years' incessant work, he is but a little mite ahead of the deal. Now, this being so of a six thousand income a year, what of those who have less than a tenth of this and support all the amusements going and many other unnecessary continuous drafts upon the purse of the ordinary head of a family? Mayhap, we would not ALL be so HARD UP if we could ECONOMIZE until ABLE to add LUXURIES to our list of expenditures.

If I can give a thought, a reflection, a spiritual consolation, or perform a deed or an act of kindness, which shall lift or cast off a brother or sister's burden, then I have given of the cup of cold water to one, at least, of His little ones. This is my Christianity, my Love, my sense of genuine DUTY well DONE. God so made me and intends me and His Spirit so leads, guides and inspires me. I may seem severe in Justice to self and others, but beneath it all is a LOVE over which none may domineer: it must and will be expressed to all in their hour of trial and necessity.

Be Silent when others speak ill of a fellow-being and say nothing that might be construed as ill; it pays to let others slander or abuse the absent; the absent can never defend themselves; there's the injustice of such uncharitableness on the part of gossips.

Not to get riches, but to be richer in character, so as to command riches in things and possession, is right incentive.

Who can know my soul? Who can sympathize with its high inspirational desires and designs? Who may be able to unburden me when I have borne the burdens of some other sorely in need of immediate aid? Oh God, how often it is to almost perish in FORM, simply as suffering of another's ills, while prospering a Psychic Process for their GOOD; we must take, for a time, their burdens, ere we can cast them away and set all free; we must receive recompense in some good way, for to give must be to receive, or else the giver perishes.

How many know what it really means to bear another's afflictions? Who, aside from a gifted Occult, knows what it means? Did you ever strive to become a LOVER in SILENT ENERGIES to ONE some patient desired and could not attract to them, even though their own love was intense? If not, then try it and suffer the agony of the anxious, doubting, fearing one, and see what it means to become the other fellow, in order to win through that one, where RIGHT is MIGHT.

Shine, my own dear friend, as I would have you shine; not as some poor frittering butterfly of fashion, but as some gentle giant of good unto all thy kind. My Spirit I would infuse in the soul of thee; my heart beats would I make thine own good recompense; my Life I would render unto thy selfhood, but what hast thou to give in exchange that I might, too, enjoy life's every felicity?

When those evening shadows fall; when darkness shades all things with on-cree-
ping gloom; when the curtains of night exclude the day; when all earth seems whirling in the deeps of Silence, almost so intense as to be felt, then 'tis we reach the sublimity of Spirit in Soul and Know the CALL of our Higher Nature.

If it's health you would be, let the Word Health be made Flesh in Thee.

Have you been CALLED BY SOME ONE, A MASTER, known as such? If you have OBEY THAT CALL in each and every DETAIL, even though it seem your loss, for those who are thus CALLED are but called to after GAIN AND GOOD. You may not know the why; neither does he who calls you, but the Innate Reason does understand and will right all matters.

When disappointed by any answer to a set of questions at any Circle always remember you ASKED that you MIGHT KNOW as TRUTH REVEALS. You should never ask a set of questions and then hold a prejudiced Mind to judge the answer. Truth is as Refined Gold; it is what all should seek.

There are who are above the law, because they are Spirit in expression as law written in Spirit; these cannot conform with conventionalities, neither be bound to Form or Things; all space is their playground and all form in space belongs to their Spirit's Worth and Might.

Oft we are driven to extremes for measures with which to meet and overcome afflictions in those about us; yet we OBEY the one SILENT MONITOR OF THE SOUL and usually succeed in meeting all emergencies.

Show me the one who has never done a wrong and I will have passed those life through, gone far into the Celestial Realms and, then, only before The Most High shall I behold the ONE there.

Turn not away, I would not do thee ought but a kindness; wait a little while, all shall be made clear, and then, dear soul, you would not turn away, because you could not.

Did you fail to understand or comprehend? Then, just turn about and face the world and say, I will wait till it is revealed as Light of Understanding and comprehension unto me.

EDITORIAL.

HOW THE SOUL KNOWS.

It is a dream and yet not a dream that the Subconscious reveals; it listens, knows, possesses, sees and enjoys; it hears but it responds alone, to the channels of Intellect, otherwise responds not, unto object or thing, outside of the form of him in whom it acts or expresses.

How do we know? Well, we have experienced; we have received a vivid reflection of its strange, weird, dreamlike manifest in a way fair for ordinary scientific explanation; we were in sound slumber; the hour of Nine o'clock, each morning, Mrs. Hines habitually calls us; on the morning of August 10th this present year, she did so; we saw her as if we were wide awake and looking through an illumined, airy wall; we heard her speaking, talking her usual baby language, used on such occasions; we seemed to dream she was there; yet she was there in the very doorway we were dreaming of, and speaking the very words we seemed to hear in the dream; yet between us twain was that filmy, airy, illumined, beautiful partition or wall; at last, becoming impatient, she exclaimed, "Oh, you think you are smart, laying there pretending to be asleep and not to hear me; it's Nine o'clock, get up"; we awoke; explained it all to her and told her we had, at last, solved the MYSTERY of the SOUL'S first absence from the mortal body and the evidence of its manner of knowing, seeing, hearing and dreamlike, responding to loved ones left behind; it is intelligence,—Mind,—expressing the spirit of the one addressing it back,—again, without responsiveness from that one, unless that one be in rapport and on the same plane of intelligence and spirit it manifests. We were responding, in a way, but she, not expecting it in that spiritual or subconscious manner, failed to get in rapport and, for that reason, lost the chord of high and ecstatic response. Some one will say, this was

but a half wakeful state of the Objective; not so; we have discovered, on many occasions, the difference, and upon this experiment we are satisfied of the error of such a conclusion. Now, as we have often said, how important it is to leave off worrying, crying and weeping upon demise of a human form and the departure of a soul; it slumbers for awhile; a sweet, dreamy like slumber, and why not make it pleasant? All souls leave the body, just as the closing scene may be, to remain so for some time.

The final attitude of inward mind and spirit must remain until overcome, by other events, in the eternal progress of a soul.

THE PSYCHOLOGY OF A BED BUG.

"Under the Leaf of Many a Bible Lies the Truth for Those Who Look for It."

The Spirit of Black Hawk has served one useful purpose; although Black Hawk, while on earth, was the Prince of Murderers; his cranium serving Phrenology as the Master Type of Destructiveness and blood thirsty fiendishness. Be that as it may, we have utilized his wisdom. We took up our mighty slumbers, in May, 1910, in a Folding bed; the first night, some time about 3 o'clock A. M., we were aroused by the sound of footsteps on our pillow; one sound seemed advancing; from the North-East Corner, while the other was from the South-West sectional part of the pillow; we began a search for the intruding foe, or whatever it might be; we knew from the peculiar sound that those steps were those of a bed bug; we had heard them several times before in our hours devoted to rest and slumber; yes, we discovered Mr. Bed Bug, who proved to be the one coming from the North-East, and here Black Hawk, in spirit, aided us to know Mr. Bed Bug from his mate, as we had her corralled also; said Black Hawk; "these two are

Foreigners; they came from a far distant position in vast Space; they are of the gifted type; they foresee and foreknow all that takes place in Creation; some Eleven Million years ago, they foresaw the incarnation of the spark of spirit, in earth flesh, which was to be you, Prof. Hines; they foreknew the exact minute you would be just in right condition to enter a certain folding bed at a certain place, in a certain room, in a certain City on the place, known to their Cult, as Earth; they thereupon measured Time and Space and figured it would take them some Eleven Million Years to traverse the vast distance betwixt their abode and the desired goal occupied by you; they then and there started out; they have traveled Eleven million years, my dear Sir, for this tasty morsel and have just arrived; their family, some Thirteen Trillion, created and born daily, are to follow up; an awful doom awaits you unless you keep me near to spot of their arrival, as this small family is increasing, every day, at the rate of some Million and a Half, every two minutes, all on the road here; of course the last of the present generation will be Eleven Million years arriving; now the first one you caught is a male, as you see his eyebrows measure One Sixteen Trillionth Part of an Inch longer than his mate, and his hind feet measure One ten-millionth part of an inch wider than hers; he has one tooth more, and one rib less, and some other appendages she cannot boast of—and this is scientific according to the best authority in hades." We inadvertently whimpered out, well, if they foreknew all why didn't they know that when they arrived they would instantly be heard of our ear and, thereupon, be pounced upon and killed? Black Hawk grew furious and tore things up in general, and swore he would destroy us in one second's time if we dared to question him in such manner. We succumbed; but thankful are we, to know why its an endless task to exterminate the bed bug family.

SUCCESS AND FAILURE.

Some Persons for whom we do constant Occult Work succeed in every thing they give into our hands to set right Vibrations a going for them; the most improbable and difficult matters glide right through; nothing fails them or us; perfect rythmic Order seems to prevail; these persons seem to EXPECT JUST WHAT THEY GIVE US TO DO TO BE DONE and they thus OPEN the WAY for it to be ACCOMPLISHED. We have others for whom it is almost impossible to get things in Rythmic Motion; they growl and whine and whimper and go about as if they were on the last peg of existence; they make the most simple and easy, as well as the most probable undertakings extremely difficult; it seems as if we are shoving a frightful load ahead of us; the Kinetic Energies of our selfhood are taxed to the point of weariness; these are the persons who are usually quitters; they lack self confidence; good, live, get-up and get-there purposes; are seldom in it on any live issue; are inclined to expect the world to be against them; believe they are out of luck and expect to remain so; they hire help expecting to lose in the deal; they buy goods afraid of the merchant cheating them; they buy furniture afraid they can't afford it; they look all over the City for a cheap deal; they are cheap in mind, in caliber, and lacking in balance; they pay for Occult Work, begrudging the Gifted the poor little Fee which means a Fortune to any LIVE HUMAN BEING IF BUT PERSISTED IN, as HUNDREDS OF CASES HAVE PROVED; they expect the wrong to prevail, and they expect failure, and they expect deceit and cheating and they get what they expect; they EXPRESS THEMSELVES, and get back JUST WHAT THEY EXPRESS. Success is a FACT to any one who reaches out in CONFIDENCE for it; failure is a FACT when one's whole NATURE is that of DOUBT and FEAR and EXPECT-

ANCY OF BEING CHEATED OR DEFEATED. The world is only as WE OURSELVES EXPRESS, as to what it is to each one of us; we are the world in miniature; we each make our own manifest of the world to our own good success or ill defeat. Occultism becomes the OCCULT AS HE IS THE WORLD OF SUCCESS, HEALTH AND WEALTH, to and in him for whom he (The OCCULT) WORKS; he is that which his patient, or Client, is not within himself and becomes the Character of that person, until that Character becomes the ruling Nature of such person. Occultism is LAW correctly at work, in Spirit, controlling Matter according to correct rule of action.

Occults are RARE; they are DOERS; they are WINNERS; they make men and women and things MOVE IN RYTHMIC VIBRATION IN TUNE WITH THE INFINITE.

THE HOUR BEFORE THE DAWN.

When Christopher Columbus had fought against smallness and fear of mind and mutinous crews unto sheer despair, it must have been soul refreshing to have awakened on that morning of the 13th of October, ever memorable in the annals of history, and seen before him the fair land of his years of hope. 'Tis said hearts break the oftener from the jeers and misunderstanding of one's friends and associates than from the actual despairs from the defeats of life. So often we know, we have the Spirit Light within the grasp of the soul, yet without material proofs to bear us up, our friends desert us and leave us to wreck and ruin, just ere the dawn, that hour in which souls are tried, as it were, in the crucible of Time. History has been made, the oftener by men who have risked name and even liberty, upon the final turn of affairs, during the hour just before the dawn. No great man ever rose to fame or good repute who had not the hour just before the dawn to pass through. It is human destiny to

purchase greatness only as bathed in the heart's blood. Tears and sorrows have won where money and comforts have stood aloof; brave men, fighting amidst poverty and cowards, have often saved the human Race where riches, learning and opportune conditions dared not to venture.

The dauntless spirits of all ages have been those used to jeers, rags and prison cells. William Penn sweated out his Humanitarian Ideals while confined in The TOWER of London, because of his Religious Belief.

John Bunyan wrote his famous "Pilgrim's Progress" amidst the slime and shades of a prison's walls. William Shakespeare never knew but little of life's bounteousness, and struggled intensely to give to the world the Character Sketches that have made Millions of Dollars for Thousands of Publishers, Book Men, Actors, Actresses, and Stage Managers.

So it seems it has ever been and must be still, poor themselves and struggling through that final hour just before the dawn, Genuises have worked out that which should enrich others about or to follow after them.

Oh, how tired we are, how hopeful still, the hour before the dawn.

WOULD YOU IF YOU WERE US?

Would you were you us, give up the inward knowing, the brilliant Light of the Soul, the star that gleams from eternity to eternity, for all earth's treasures or alluring things? Would you sit idly by, were you us, and be calm "amidst the encircling glooms," abiding the long, slow, telling hours, if you knew as we know, all is well with you and your future?

Would you be content and rest in ease trusting the Soul of you to pull you through, if you were informed, as we are, by "The Still Little Voice" of the Soul that all shall yet be well? Would you advise others, day in and day out, in holy patience, waiting the months to prove capacity, ability, prophetic know-

ing, as we do, and, then, suffer the winks and slurs of unthinking ignorance? Would you be content to rest under false name, of Fortune Teller, to pay a License for the REVEALMENT of The Holy Ghost and wait for the after years to show the wrong and blasphemy of such a methodical persecution of God's Servant and the Oracle of Good will towards ALL mankind? Would you, were you us, face all the world, well knowing the glad dawn of triumph would yet be yours, if but content to abide the turn of Time's Immortal hands, on the Dial of God's Eternal and never ceasing Time Piece? Would you walk the streets of your Capital City, the City of your boyhood's days, in the State of your Birth, and knowing ALL that MAN may know of Spirit, tamely submit to mediocre leading in the affairs of men? Would you practice such Charity towards all and endure such contumely for Christ's Blessed Spirit of Light?

Ah, our dear friends, and our poor fool foes, the day shall come, yea the final HOUR ROLL around when, face to face, you shall meet us and then will you know whom you have had here to aid, to uplift, to heal, to give, in the POWER OF BLESSING and ye would not. You, some of you, shall yet be judged for some trifles that you may deem lovely treatment to such an one, here and now. Proud Citizens you are of this Mundane City; Shall you be such in the House of Eternal Justice?

THE FATHOMLESS BEGINNING.

(Signed J. A. Stewart. Picked Up at One of Our Circles.)

Prior to the Great Beginning
 When there was no heaven or earth,
 When there was no sunlight, starlight,
 When Creation had no birth;
 When in black and boundless nothing,
 Breathless, lifeless round Him fell,
 What occurred to wake His slumber?
 What was there to break His Spell?

Breathless, cheerless all pervading,
 Starless, cheerless, boundless night,
 Was the nothing, the beginning,
 Out of which sprang worlds of light;
 Out of which were made the Heavens,
 Countless worlds, remote and near,
 And all living, moving creatures
 In the depths of Sea and Air.

Yet we know not what aroused Him
 To begin this Mighty Plan
 Of Creation in the vastness,
 Forming lastly sinful man.
 Why did He not leave great nothing
 In its harmless, sinless Space,
 Rather than make Man so sinful
 As to damn the human race?

But 'tis said that Man was sinless,
 Until tempted, when he fell—
 Tempted by a subtle serpent,
 Crawling from the depths of hell!
 Pure and spotless as the Lily,
 In Its early opening bloom
 Until tempted by the devil,
 To the shades of sin and gloom.

When that black and boundless nothing,
 Harmless, lifeless round him fell,
 Why did God create the devil
 Or conceive an endless hell?
 If Creation sent forth evil,
 Or an evil comes of Good,
 Then where is the point dividing
 Satan's works from works of God?

When there was no sunlight, moonlight,
 When there was no Heaven or hell;
 When there was no place for sinning,
 Or for sinful Man to dwell,
 Why was Silence ever broken?
 Why was Man to weakness born?
 Why were devils made to tempt him?
 And, then, leave him there to mourn?

Vast and searching are these questions,
 Piercing, probing to the core;
 Piercing back beyond Creation,
 To great nothing—nothing more;
 Vast though simple is the question,
 Piercing, probing to the core—
 Is it true there, once, was nothing,
 Nothing, nothing, nothing more?

GOOD NIGHT, DEAR FRIEND.

Mrs. Mary Tudor, Wife of William Tudor of 2138 Boulevard F, Denver, Colorado, and Daughter of Mr. and Mrs. Jasper D. Babcock, of Mount Morrison, passed from this life, suddenly, almost without warning, early Saturday Morning, August 20th. Four little ones are left to battle with earth life, without the watchful care of the dearest of earth's friends, a MOTHER. We cannot feel sadness for the SOUL that has passed through the Filmy Veil that separates the Spheres of Life's Expression, but we do know the sadness of the hearts of all who, as relatives and closely allied friends and associates, will miss her presence. We knew her from childhood and feel deeply the sudden call to note her early demise. Just at the half-way station, the age of Forty Years, it seems sad to drop the mantle and pass from earth's pleasantries. May God bless ALL relatives and husband and children, who remain, or tarry, yet awhile, the final call; she has only passed on before; she will await you at the gateway of the Higher Happiness and welcome you into the blissful Realms of the Soul, on that day at that hour when you shall throw off the Casket of your Soul and set your selfhood Free. "Lo I am with you always, even in Spirit and in Truth"; "My Peace I give unto you."

Welcome dear Soul, "DOLLY," to THE MYSTIC FRATERNITY, which recognizes no boundary lines betwixt earth and Heaven.

Amidst the most threatening gloom,
The star of my soul wins its way;
Up from the shadows of earth to sky
I look, and heaven approaches nigh.
Thus star of my soul, my new birth
Proclaims, and scatters my dearth.

It's the duty of Science to discover and bring out laws, not to make laws; it's the duty of Spirit to make manifest the Law in actualized Consciousness, not to make laws; it's the duty of Religion to express the Laws written in Spirit,

not to make new laws; a law maker is chosen from among the factors of Society because Science, Spirit and Religion, uniting, in ONE, represents LAWS already discovered but needing application for the general uplift and protection, thereafter, of Society. This, if strictly followed, places Society in right relationship to the Laws of a Universal Good and also with the factors making up the body of itself.

I would rather risk doing a faulty thing and appease the asperities and sorrows of some one's daily life, than to stand on eternal nicety and dignity of demeanor and pass my brother's sorrows by.

Bring up the rear if you cannot lead off at the head of the Optimistic Procession; a good follower and backer is more of consequence, very often, than all the leaders; no leader is of worth unless well endorsed and honestly and earnestly backed up by loyal, whole-souled, good, noble, true-hearted followers. God bless our good friends.

When the last thread of the skein of life is unwound; when the final moment of earth's days has arrived, how pleasant it must be to reflect that one has lived his best, done his best and tried his best; that no one has asked a kindness or a favor easily granted, as to word, act or deed but what it was willingly given; that others may remember only the good they have met with in such a life.

Turn down your lights each night on the scenes of the day just closed with no thought of the good you have done and a corrective retrospect of any ills or mistakes; turn your mind to sleep and restful sleep with the subjective instructed to build for Love, Health and Harmony and you will grow into splendid strength of manhood or womanhood, oh so silently and grandly, as to be scarcely aware of your unfoldment.

ASTROLOGICAL DEPARTMENT.

Zodiacal Sign of Virgo. From August 23 to September 22nd Inclusive. Ruling Planet, Mercury.

Great, beautiful eyes large and full; Strange, clear complexioned features.

Nervous, high strung, like a race horse,

Craned of neck, graceful of carriage.

As Mme. Florence Poulkes states it in her Sonnets, of "The Seven Primal Principles," thus:—

Buddhi.

"Wisdom of Love Truth's boundless Sea,

Concrete in manhood and revealed to sight

Communicated Power to live aright
Through One Eternal Channel—ceaselessly

Soul Life that broodeth o'er the things that be,

Mysterious rapport, Mystic Dawn of Light

The Magic Touch that probes Earth's darkest Night

And pierced the cloud that veiled Eternity.

Godborn of all the World's Eternal Name,

Self sprung self-formed and wholly Self-Divine

Thy Day star riseth and thy lamp doeth shine,

Thine Orient burneth with persitent flame.

Hail, Radiant One Thou Link Of God with Man,

Thou Word Incarnate slain ere Worlds began."

Gems, Chrysolite, Jasper, and Bloodstone; Astral Colors;—Gold, Brown and Black, or Spotted Colors of the Three. Temperament, usually Melancholic, Coleric and Mental blended with the Lymphatic predominant. Diseases, basic in Liver, Stomach and Bowels, Spleen and Bladder.

Natural born Chemists; fine in Textiles; the best of Fancy Artisans; Good

Salesmen and Sales Ladies; Best Modistes on earth; Wealth gatherers from Cattle, Sheep, Real Estate, Grain and Farm and Fruit Products; Good Penmen, Book Keepers, Artists, Musicians, Teachers and Merchants; the Best of Chemists and Druggists are found in this Sign. Need to cultivate cheerful mood; to avoid suspicion and suspicious nature; inclined to sense opposition where none exists; look for slights and expect all friends to slight them; even suspicion family members of plots and designs against them; caves droppers and of course seldom hear what they would like because it so happens that they take all, that is said, whether of them, personally or not, to be such any way; this is the result of force ordered imagination causing all things to be wrongly taken; never are fully persuaded of a real friendship unless Spirit overcomes this terrible disposition of the normal Temperamental Character; true there are thousands of exceptions to all we here enumerate; as we aim to place the faults before persons in these write-ups more than the good qualities, as our frailties and faults are what we should seek to find, in order to be true overcomers and properly Poised and balanced Characters.

Virgo can be of tremendous power for good; he nativity is power of the WORD INCARNATE if but expressed in Faith, Love and true Charity of WILL. These Natives naturally attract their own, provided they dismiss all suspicions, hates, Envy, Fears and Doubts and go forth in Truth's Might with GOOD Cheer to meet the affairs of life. They are heartily Liked when rightly expressive, but frightfully disliked and fought against if the opposite characteristics show up, as their mental expression; they should, therefore, under no circumstances, ever go among friends, or associates when under the wrong phase of mental feeling; it defeats all Virgo effort to do so; it does not pay; it is discouraging to self and makes associates

cross and ill humored and raises up spiteful rivalries.

Virgo must cultivate Charitableness and must overcome desire to rule over others regardless of others' rights. Lacking Generosity of spirit, in too many instances and extremely selfish in spirit, because of the suspicious Nature, these Natives should cultivate Generosity of spirit and give unto others more of their innate Good of Spirit. Among the Great of Earth who have lived and thrived as of Virgo we name the following and trust this may show the wonderful aptness of these truly wonderfully Gifted people. We have named the faults, now see the perfections:

President William H. Taft; Johann W. Goethe, German Poet; Hazen S. Pingree, governor of Michigan; Queen Wilhelmina; Prince Albert, Consort to Queen Victoria; James Gordon Bennett, founder of The New York Herald; Peter Cartright, founder of M. E. Camp Meetings; Frances Bret Harte, Poet; Theodore Parker, Preacher, Reformer and Writer; Hon. David B. Hill, New York Politician; Oliver Wendell Holmes, Physician and Author; Archbishop Patrick Feehan; Eugene Field, Writer-Poet; Murat Halsted, Biographical Writer and Journalist; John G. Carlisle, Secretary of U. S. Treasury, under Cleveland; President Diaz of Mexico; James J. Hill, famous Railway Magnate; Lafayette, America's French Revolutionist Friend; Count Leon Tolstoi, Philosopher and Sage of Russia; Right Rev. John Joseph Keane, Roman Catholic; Archbishop John Ireland; Henry Cornelius Agrippa, Philosopher-Mystic; James Bowdoin, Founder of Bowdoin College, President Garfield's Alma Mater; Luther Lafin Mills, Lawyer-Lecturer, and thousands of others. Remember your Gifts and overcome your Faults and true Greatness is every Virgo's fort, no matter in what line of work or Profession you may happen to be placed.

No Nativity so much depends upon Cheerful Feature and trusting Generous and Charitable Mien and demeanor for

Success, Health and Wealth as do the Virgo people. They can BE or fail to BE, just as they themselves presume to ACT and EXPRESS; none other defeat or make these Natives.

If they FAIL no ONE but THEMSELVES are the CAUSE, for NONE other CAUSE can possibly arise.

The Denver Branch of The National Astrological Society Of the United States has elected and had appointed Capt. George W. Waldron as its Reverend Pastor; In this connection we wish to mention that all persons interested in SUCCESS should purchase, at Fifteen Cents, Capt. Waldron's latest Booklet, "How to Succeed"; find same on sale at his Head Offices, 1512 Glenarm, or P. O. Box, if ordered by Mail, Lock Box 201, Denver, Colorado.

The earth has never been so full of possibilities for Genius, Thrift, Industry and the hand of mighty work as at present; to state that the world is becoming overdone is to state a most frightful falsehood; man must simply evolve new modes and methods to meet his more costly mode of satisfying desires and ambitions; we are not keeping pace with our desires and ambitions; they are running riot while our intellectual prowess slumbers, as to advantages we must take of Virgin Soil and Forest, Mountain and World-Filled Vaults of Treasures, hitherto unlooked for and undiscovered or left ungarnered. A people who live beyond their means of productivity, or their intellectual industrial and economic capacity to supply themselves, certainly will grow in the wrong direction as to advantaging by earth's productiveness. Our economies must be somewhat reversed, or else we fail to utilize while exhausting per older processes. Let Genius be turned to more of the producing kind of work and less of old-time destroying modes of operation. The earth can never be exhausted, provided man keeps pace with himself, and his Institutional evolves as his necessities increase.

OUR METHOD.

36th Lesson—Time and Space.

Time was and is, and Space was and is; Time in Rhythmic Vibration begat Motion, Motion begat Spirit, Spirit became the WORD, and THE WORD WAS GOD, and THE WORD BECAME SUBSTANCE, while SUBSTANCE BECAME THE CRYSTALLIZED or FLESH IN FORM, and CREATION WAS. This is the REVEALMENT of THE BEGINNING OF ALL THINGS; this is the MODEL of THE UNIVERSE as it IS; this, then, is the MODEL for ALL OCCULTISM TO PATTERN from; this is the Antecedent, Consequent and Subsequent of ALL that Psychic Process involves; this is THE WORD in active Expression, becoming forever and forever, new FORMS and Form in constantly changing relationships.

"In the beginning TIME WAS and SPACE WAS, out of TIME IN RHYTHMIC VIBRATION CAME THE WORD, and THE WORD WAS AND IS GOD. In THE WORD WAS ALL that CREATIVE CAUSE could possibly utilize as that BECOMING which involves ALL and produces ALL, whether of Spirit Substance or of Matter.

Without the WORD was nothing whatever produced, made, created or crystallized or breathed into manifest expression, being or existence.

This is the KEY to ALL creative process; to ALL Psychic Process; we must rely upon the WORD and out of it EVOLVE that which we would create or bring into being or existence, and into the WORD SPIRIT BREATH (PSYCHIC), enters and LIFE IS A FACT.

The first chapter of St. John says: "In the beginning was THE WORD, and THE WORD WAS GOD, and THE WORD BECAME FLESH," but we go back of this by REVELATION of to-day, received at this sitting, and herein given, and enter the two Primals, and find in the beginning Time and Space, out of which and in which, ALL

that beginning might involve, lies the whole Psychic Process, not alone as to the Universe, but as to ALL things in or of the Universe, man included; even so all healing and Occult or RELIGIOUS PROCESS.

This is the MIGHTY TRUTH this EDITOR has long known, yet not fully Revealed to him until this Sunday night, August 14, 1910, at Denver, Colorado, at the hour of 11:30 to 11:48. We give it as received and write word for word, just as received.

This gives the KEY to the why this Man's Psychic Process has excelled everything heretofore undertaken by an Occult, aside from the few Great Masters of Religions now extant upon the earth.

We are here to demonstrate the FACT OF REVEALED KNOWLEDGE, not to build a NEW CULT or CHURCH; we are here to bring into the Church and Modern Religiousness the Divine Process; we are not to manifest anything detrimental or undoing, but rather to add to, strengthen, uphold and carry into effect later Processes, in order that TRUTH may be the Mighty Healing, Overcoming Power of the Religiousness of the people of earth realms.

Let the Light now shine; let the Great Spirit become a fact of daily good to ALL earth's realms; let the Psychic Process bring joy and gladness along with Health and Wealth, from out the dark places, and dismissing gloom, bring Light into every living, vibrating thing in Space. Success, Health and Wealth, Here and Now, is thus made the FACT of a Process, and not the mere possibility of a CHANCE. In THE WORD is ALL, and THE WORD must be SPOKEN and the SPIRIT does the WORK in, of, and through ALL. Get this lesson clearly in Consciousness and we have revealed what an Occult means and why an Occult acting in accord with LAW cannot fail or be defeated.

The Occult utilizes the Silent Forces, back of Thought; thought sets in

tion Etheric Energies; Etheric Energies become Vibrations; Vibrations become, as the WORD or WORDS Expressed by Thought, in or to, other Minds receptive and expectant. The Psychic Process involves Spirit back of and in Thought, and ALL Vibrations or their Results, as final Consequents.

Not always can we manage just as we would;

Not always do we manage just as we could;

But if we but trust to soul of us, time Works out the hardest problem; sublime The method, all true the Spirit's Light; If we but trust the soul of us to right Our error, correct our ills and solve The riddle perplexing the mind of us.

We passed to our own bed chamber recently to be informed that there was a man in the room; we could not understand, as all was perfectly apparent, as to form before us; we looked extra cautiously and had decided we were the victim of some false inner voice, when "The Still Little Voice" which we know but to obey, said once again to us, "there is a man in this room"; we were perplexed, but upon going towards a window opening upon a back yard, we beheld the shadow of a man creeping along the back yard fence, in the alley way; "do you understand now?" repeated the Voice. "Put out your light and light it not again tonight," was the final injunction. We had been sleeping close to the window for months with a light during the night; we understood and obeyed. Who can harm him whom the Spirit of the Almighty befriends? Shortly thereafter appeared in the darkness of the same back yard the filmy outlines of Mrs. Hines' dead cat "Jack," which we have found to always appear, somewhere in case of some lurking danger. This proves the law, that God manifests in warning by many and divers methods and modes and ways and that ATTENTION with after OBEDIENCE is the ALL essential to defeating Fate or Destiny.

God provides a Sanctuary for the promulgation of His Truth, Love and Will; all His own are invited to come up hither; none are forced to do so; none are lawed into doing so; hence, man cannot violate what GOD presumes not to DE-CREE. Too many LAWS and too much Sumptuary Decreeing is our bane. Cut down all such nonsenses, and cut out all such laws. The Spirit of the age is now against such monstrous impeachments of God's Will, as FREE WILL willing FREE WILL in all that HE has created.

I am thinking, to-day, of my first cottage home,

Where early love first broke upon my soul;

In spirit I wander to that first cottage home,

And live, once more, amidst its every control.

Other homes, more fair, rise on life's broad way;

Other scenes, richer, maybe, bid us pass on;

But who shall restore the bright, happy day

Of that first cottage home, love's early dawn?

'Tis said, we may wed many times, o'er and o'er,

Find sweet love's balmy ways, but the first

Cottage home is the fairest, and never a door

Shall we enter with more hope, with such thirst

For name or fair fame, than the first cottage home.

Other joys may entrance, other homes bewitch,

But what shall compare with the first cottage home?

The hearts of that home may be shattered apart,

And love's dawn turned into night, causing to roam,

Each to love's first compact, or the heart

Break every bond, yet who forgets that first cottage home?

HEALING DEPARTMENT.

Rise, Mighty Power of Mighty Good,
 Speak the Word and let it speed,
 Like a Life-Revealing Seed Willed
 Into soil, prepared for man's need.
 There nurture, foster, quicken it,
 Till bursting, binds sods, filled
 With Vital Saps, it grows from pit
 Upward, outward, onward, heaven-
 ward,
 Till all space bespeaks mighty form,
 Blooming and blossoming as Light of
 Love.

Come, thou Magic Spirit of Life;
 Come thou Light from spheres above;
 Come, Sacred Fire of Will, Life,
 Truth and Love, infill thou us.

As the sun runs his daily course and radiates Light and Heat, electrical and magnetic beams, ninefold rays of might, to all he sees, shines upon or influences, directly or indirectly, even so, let each man and woman radiate Soul or Spiritual Light unto all whom contacts their individuality or personal.

The more we express the greater we become in power of blessing; the more we express, the larger our selfhood; true greatness lies more in expressing than in receiving.

Your own will return to you, not always of the same kind or same substance, but always of similar Essence, in Being, or as to Space. You may not recognize your own, after its final return to you; but it returns just so surely as the seasons roll back again to their former sphere of usefulness. Only too oft, our Evil is long delayed, return of self-created conditions or thought responses.

All that we think, act, or do must create and return again, in some manner to self, as a response; we must remember action means its exact equal coming back as reaction; the two must be equal; this is exact law.

A well-founded Philosophical and Psychic Process Center, with eternal Principle at work as a Process of Life, Love and Light, is WORTH, and MIGHT and WORTHINESS, constantly at work, for ALL who are attaches of such center.

The house of a True Psychic is a constantly energized Sanctuary; if not, such untruth and ill forces will soon undo all who dwell in such a center of radiation and receptivity of Light and Energies. Eternal watchfulness and constant and perpetual vigilance is the price of liberty and the sole means of safety in such a center.

Unless you have a very powerfully organized brain and nervous system, with tremendous WILL ENERGY and large HOPE and FIRMNESS, do not attempt to form an Occult or Psychic Silent Healing Center; the constant accumulation of Mental Forces from all sorts of despondent, tired, diseased brains and forms from all types of men and women will undo you or break your mental balance; it very dangerous to occupy such a center, and more dangerous to fool with the more terrible Silent Energies of a Universe. Constant Self-Centering and Faith in the ALL GOOD alone may protect and save you; Forces must forever be kept equalized, and that is an almost perpetual task; it wears and frets in spite of all Spiritual Illumination. Such Occults and gifted persons deserve more than they ever receive.

All the great things of earth or of the vast Universe are the result of Centralized, Organized, Crystallized and Spiritualized Energy, working, always and eternally from a center as concentrated Energy, outward and back, in a Cycle, again, to its source. It is a Psychic Process operative; it wins and overcomes; it brings results; it pays a big dividend to its fraternity of combined interests.

Whether 'tis better to die by inches or get well, that's the rub.

Mad at the weather; mad at the town; mad at the people; mad at everything and everybody must result in sore displeasure as recompense returning to self. The mad fever is a fine DIS-EASE producer, never an EASE awakener.

We have found persons who could not sleep in apartments in a Psychic Process Center; the forces fairly tingled and pricked and stung their very body, until they had to vacate; the mental action is something no human in ordinary rate of vibration can long withstand; yet to enter such a center of the play of high rate of vibrations is often most enervating and helpful and healing, to all outsiders.

No one should chide a Psychic who is a great Healer, especially doing a large and successful Silent and Occult Healing work, for being high strung and seemingly eccentric; he is seldom pitied where he suffers a thousand times a day the incoming radiations of a constantly changing scale of rate of Vibrations, as from his different subjects, under his care and attention. It's like the delicate keyboard to a central electric reporting and sending out station; it is Spiritual, Kinetic and Dynamic Energy all going out and coming in; the Psychic is the sensitized keyboard; the sensitive; the very center of operations.

Let us be charitably inclined towards all who are gifted with the Superman's Light and Energies; he may be somewhat begrudged, but remember others may escape from the world's discomforting Vibrations and its ill and chaos, but not so can the Gifted Superman; he must overcome and offset all that vibrates in everything and everywhere against his good or else be overcome by the ills and chaos of the world; he may thus be destroyed. It's a fearful thing to become a manifest of the Holy Ghost and not be able to bear up under the strain.

What is Five Dollars a Month for a few months, if those few months undo a KARMA, which otherwise would require a life-time to break and cast off?

Our KARMA means simply hereditary or self-inflicted conditions; each one of us can overcome this in a few months, under a Psychic Process, or continue on for years, suffering the slings of ill luck and sickness.

If we think disease the response must be a reaction equal to the act set in motion by the thought, and this must wear out, be disseminated, cast out by Spirit, ere Ease results as recompense. Correct thinking results in correct action, which brings correct responses as reaction, the two equal.

We would not, now, take all the GOLD and GOODS of EARTH and return again into our former ill-luck and SICK condition. We overcame it ALL through application of our Psychic Process, the same Process we use for SUCCESS, HEALTH AND WEALTH.

Our Psychic Process virtually makes of each and every patient a PARTNER in SUCCESS, HEALTH AND WEALTH, HERE AND NOW, VIBRATIONS, hence, an ASSOCIATE PARTNER in our BUSINESS; the income of each is certain to increase as improved Health and Success Vibrations become a FACT; we WORK and EXPECT, and ARE FAITH IN ALL FOR ALL with RESULTS that are astonishing hosts of our Monthly Partners, as Patients. Our Revelation is a DIVIDEND PAYING PROPOSITION of a nature none can lose out at. Its a growth, unfolding and development Process we have and it works in all and through all, in spite of opposers or opposition. It DOES THINGS.

This kind of knowing amounts to foreknowledge and is worth all the thinking and planning we can contrive; we know, and that's the rub.

To be a partner of such an Institutional Concern, may not seem much at first, but just watch OUR PERSONAL FOLLOWERS as such partners and you will soon be among our sustainers.

We BOOST for REAL ESTATE MEN; we BOOST for MERCHANTS; we BOOST for MINING MEN; we BOOST for ALL PEOPLE in ALL WALKS OF LIFE, and we DESERVE recompense; come, be FAIR TO your selfhood and JOIN what will aid ALL to become GREATNESS, WORTH AND MIGHT. This will also aid us to gain our point.

We care nothing for MONEY for MONEY'S SAKE; we want it to enlarge our own usefulness to mankind and to make work for others to enlarge their usefulness also. With this as our object none can say nay to our method of procedure; we knock no system; no method; no school; no organization or institutional society; we work for ALL in the ALL GOOD and expect and WILL that ALL shall thrive and prosper.

Not a person lives who does not have some kind of a way of knowing; it may be an itch or twitch of face or muscle; it may be a depressed feeling; or an over-joyful period, sometimes a peculiar nervousness; learn to notice what follows and you afterwards, by obeying, will have what we term a sure hunch; this precedes the Still Small Voice we speak of so often; but obedience is the all in all; we heard one man say, when he was to succeed in a matter, the right side of his face twitched; it was a surety to him; if he was to fail, the left side twitched, so knowing came to him, as a certainty; he always paid strictest heed and it was as sure as the sun was of rising or setting.

We propose to prosper people and help heal their soul and minds and bodies; that's our sole idea. See Temple Society.

If you are Five Dollar a Month Case, stay so, unless too cramped to do so; but you CANNOT REMAIN CRAMPED AND STAY ON THAT LIST OR ANY OTHER of our Methods of Aiding you, for long; it's IMPOSSIBLE; we EXPECT, however, you to be HONEST AND FAIR TO US as well as to THE SPIRIT THAT HEALS, in and of us. We were in awful NEED of help Ten Years ago, but no one would look at us for less than Twenty Five Dollars per Month, or Two Dollars a Treatment; we did not have it to start in with and had to find our way out as best we might; we for that reason know there are thousands in the same condition; in fact, it's this class of persons DO NEED HELP and we have prepared a way; be not afraid; sail in and WIN. We shall consider ALL worthy, and work for ALL zealously and earnestly; we interfere with no other Institution, Method or Concern; all are free to DO and GO where they please; we will work for their Success, Health and Prosperity regardless of who or what, or where, they may be.

We are all like a fire in the grate, as to the Psychic Realms, but it takes a MASTER who UNDERSTANDS LAW to shake the GRATE and give the FIRE a chance to thrive and blaze and send out the Heat of Love; it's true Magnetic energy; the whole requires a Process and the MAN who can wield the ENERGY to carry into effect the Process. We smother and fail if the grate is not well manipulated; this editor is the MAN who UNDERSTANDS the HOW of the clearing of the Grate and the passing of THE SPIRIT'S BREATH through the Constitutional Form, to the well being of the Fire that warms and sets aglow, purifies and expunges, refines and crystallizes unto perfection. The body is the entire Furnace and Pippings; the Word the Fuel and the Spirit the LIGHT, of which we have the Fire, the WILL, the Heat, the LOVE, and Mind, the REFLECTION OR LIGHT, as Spirit in action.

MONTHLY THOUGHT.

12 Noon: I shall become the finer Body that permeates the Physical; I shall prevail through the finer Mental forces of this finer penetrating body; I shall strive to express this finer body and mind.

9 P. M.: I Can and Will Be Light as of a beautiful Being, in body, mind, feature and form; Nothing can daunt this constant THOUGHT FORCE of Light of Beauty as of the beautiful in face, form, mind or character.

THE TEMPLE SOCIETY.

Costs you Five Dollars for Initiation. You pay from Initiation date One Dollar every Four Months, or Three Dollars a year as Dues.

This gives you benefits of membership with Altruistic and Psychic People of Power and Might. It also gives you daily benefit of Psychic Process, as practiced by the President, Frank D. Hines, Ph.D. Sc. and Ps.D. Sc. and Myrtle May Hines, Ph.D.Sc. and Ps.D., both graduates of The Indian Academy of Sciences, of Kizhannattam, South India, making them Occidental and Oriental Doctor of Philosophy, Psychology, Sciences and Occultism, with the most powerful Center established in the world.

MEMBERSHIP.

We Are Right Thinking: Right Expression:
Right Will, In Etheric Energy.

With an association, Non-Sectarian as is this, at the Cost of Membership, there can be no excuse for remaining on a low plane of expression.

Sickness, Fear and Doubt, with all the Train of Ills connected, are the re-

sults of Mind, Thought and Will and Etheric Energy, all acting to detriment instead of Success; a wrong rate of Vibrations resultant from wrong thinking.

It may require more effort to aim high and attempt to do the best one can; but if continued as a Process brings the best and pays the best with health and comforts of the best and power to buy and pay for all that is best.

If you cannot see it pays to pay Five Dollars a Month to gain Success and Health with Prosperity coming up, then JOIN THIS SOCIETY and get there just the same by EXPECTING THE BEST THE WORLD CAN GIVE, to come to YOU through RIGHT ASSOCIATION OF IDEAS AND SPIRIT IN RIGHT THINKING TO PASS IT ON.

EXPRESSION IS ALL TO HEALTH OR SUCCESS OR EVEN MONEY MAKING; EXPRESS RIGHT AND YOU WIN BECAUSE OF RIGHT EXPRESSION; FACULTIES AND TALENTS WRONGLY EXPRESSED TO THE WORLD WIN NOTHING; THEY ARE USELESS.

We MAKE ALL EXPRESS in spite of THEMSELVES and their INHERITED OR SELF WROUGHT ILLS OF MIND, SOUL OR FLESH.

CLASS FRIDAYS, 8 P. M.—OPEN TO ALL.

Hines, Doctor of Philosophy, Psychology, Occultism, Oriental and Occidental Sciences. Meets at 1438 Tremont Place, Fridays at 8 o'clock p. m. sitting, 25 cents. This Class develops "You," Individually and Personally, in that which YOUR FACULTIES, GENIUS and TALENTS EXCEL. THE MYSTIC CHURCH OF CHRIST.

Incorporated July 9, 1904. Offices, 1438 Tremont street. Sunday services, Upper Hall, 1548 California street, 3 p. m. Sundays. Prof. F. D. Hines, Life Rector.

The Lecture Course embraces everything of vital importance upon Metaphysics, psychic Gifts and Powers, psychometry, Revelation, Spiritualism and the Indwelling of the Soul by the HOLY SPIRIT.

"DO ALL THINGS IN DECENCY AND IN ORDER."

When we first placed the WORD PSYCHIC upon our printed matter, we were thunderstruck to have a splendid, GOOD PERSON come to us and REMONSTRATE; we asked for REASONS; we were told that the WORD had been MISAPPLIED and had BECOME one of abused interpretation; we answered, then, it is ALL THE MORE WORTH WHILE TO USE IT AND MAKE IT WHAT IT REALLY MEANT, "SPIRIT'S BREATH"; "HOLY BREATH," THE DIVINE EFFLUENCE awakening in man the true SPARK OF BEING, THE LIFE-PRINCIPLE.

TEMPLE CIRCLES.

(Conducted by Prof. F. D. Hines.)

Evening Meetings, Sundays and Tuesdays, at 8 o'clock; 15 cents to each and all Attendants. Write three questions on one sheet of paper; sign name, initials, or numbers, to distinguish to whom answers are given; place one article on table for Psychometric Test. All receive attention. We handle 75 people and get through at 10 o'clock.

We answer no Test Questions; deal only in present and future except as revealed otherwise per CLAIRAUDIENCE (the Silent Voice of the Soul), by Vision, Prophetic and Spiritual, as Soul Sight; by Clairvoyance and per Psychometry. Topics suggested: Travels, Changes, Journeys, Sickness, Fi-

nances, Business, Real Estate, Mines, Insurance, Buying and Selling, Estates, Marriage, Law Suits, Divorces, etc.

Beginning with October, 1907, we published twelve consecutive Lessons on the Development and Unfoldment of Spirituality and the Subliminal; these twelve lessons are copyrighted matter; can be had at the rate of 10 cents a copy or the total twelve for \$1. All our writings are fully protected by Copyright and are of value to any one wishing to BECOME ACTUALIZED SUCCESS IN HIGHER GIFTS. Their USE and DEVELOPMENT for POWER IN ALL EARTH OR SPIRITUAL MATTERS.

Not always must we tear down, completely so, in order to build up; the old cannot depart its moorings until the new has proved a better foundation and a surer and more certain good; we mistake to preach Love and then, in the same breath abuse ALL that has been or is, as a factor of the religious Institutional; the religious Institutional will exist as a factor of man's Institutional, so long as Civilization may last; we must not confound terms, forms, isms, nor anything answering man's necessities with intolerance. "With Charity toward all; with Malice toward none," is the righteous attitude of the truly Spiritual Minded and Soul Expressive. Hate of or toward anything is Anti-Christ, whether it be Local Optionists fighting those of opposite view point by hate measures, or whether it be Psychic or other Spiritual persons, using abuse or hate in the battle for Success, Health and Wealth; it's a complete confounding of Christ's Method of Grace, Mercy and Love. Not by laws, but by LOVE and SPIRIT of LOVE is DIVINE PROCESS and CHRISTIAN PROCESS. County Local Option is ANTI-CHRIST. So is any other Sumptuary Law Process Anti-Christ and unchristian.

But lacking the Master Engineer, things get clogged; our Psychic Process does the work of the Master Engineer.

Inspirational speaking, like inspirational music, is an ART that permits of no foolishness; 'tis a dangerous thing to attempt it unless well centered, elegantly trained, mentally well balanced, and in soul, well poised.

We do not believe in appetite, desire, fondness for anything, becoming a means to disruption in our business or finances; we do not advocate men and women trying to be Capitol Hill demigods on a cottage fair business; we cannot expect Occultism, Psychic Process, the Divine Spirit, to build us up on any such foolhardy economics. A business man or woman who entertains when unable to meet business obligations is robbing Peter to pay Paul; a business man or woman who fails, first to lay aside money due for GOODS purchased, ere using it to go to theatres or elsewhere, need not expect to remain long in business; such had better work for wages.

One evening we gave a circle to a large gathering; worked hard for two solid hours; answered over three hundred questions; were tired and hungry; the lady, a dear, good medium friend, well known in Denver as Mrs. Sleight, had prepared us a fine supper; was pouring the coffee for us, when the Voice came, "Go home now and at once; do not wait"; that was all; no explanation; we excused ourselves and went on our way; arriving at home, the whole block was on fire and a cellar full of gasoline in barrels liable to explode any minute; we saved our trunks by getting home at the right moment. Obedience was the thing that counted; had we disobeyed this, we would have lost all we then possessed, and probably on another occasion would have received no warning. We obey, no matter how trivial the matter involved, and do so whether fooled or not; as firemen try the horses, even sometimes when there is no fire, so does Spirit try men and women, that they may be in proper training as to obedience and faith. Learn to trust the Subconscious and listen, and know; then obey.

If gold can be mined at a profit in the Transvaal District at a grade of from \$2.50 to \$5.00 a ton, what about the millions upon millions of tons of surface rock lying all over Colorado, worth in mineral values from \$3.00 to \$10.00 per ton? Where's the waste, in treatment or in our process? Who is hogging it on us? Whose fault is all this trifling with Nature's mineral supplies? What's the matter with American brains and American genius? Where is that Scientific Understanding, as to the Chemistry involved in correcting our processes? Or is it the men who manipulate the processes who are to blame? Let the Light of Spirit in on these matters and let us get down to business in our investigation of matters of such vital interest and importance to the great West.

REVIEW NOTES.

Leon A. Freeman, of 1252 Broadway, Denver, is owner of one of the greatest labor-saving conveniences out, as a patented article. It is a clock device for turning on and off the lights, electric, at fixed hours, and will do its work perfectly. Can be set for any given time for turning on the light, and, at the same time, is the same clock set for the switching off of the light, thus saving all over-time and nuisance of a man running all over the city to attend to these important matters. Here is an INVESTMENT opportunity. The Keystone Law & Patent Co. of Philadelphia has the matter in charge for sale, or see the owner.

Too many clerks, bookkeepers, accountants and mechanics spoil their WORTH and decrease their usefulness by thinking of sweetheart, home or other matters, outside their immediate, present matter in hand. It is not good workmanship and it may cause loss of position. Attend to your immediate duty till through with all its details; then think of these side issues when off duty, not otherwise, if you wish success, promotion and advancement in worth and value.

A SQUARE LOOK INTO ETERNITY

By J. C. Jensen, Author.

Second Revised Edition Out. Price One Dollar at Book Stores, or at Offices,
405 Charles Building, Denver, Colorado.

Complete and Astonishing Revelations glisten from each and every page of this book. Picked up, not to be laid down until read and re-read is the general comment. We quote from reviews and comments by the Press and others:

"Really it is a remarkable book and one on which the ingenious painter has spent much loving toil; he has been doing his best to solve many of the problems that have bothered scientists, and especially astronomers, for some sundry ages."—*Denver Republican*.

"As its title implies, it is really a right down good 'Square Look,' not only into the origin of eternal life, but into eternity itself; the more I consider its contents the more illumination I get.

"It is a book which should be in the hands of every broad thinking man and woman."—*Capt. Geo. W. Walrond*.

"We find here a succinct, condensed, tersely stated matter of fact statement of Nature and its powers of manifestation as the continuity of Divine Plan and Purpose; it distinctly dismisses the idea of The Supernatural in that the Natural is but the Supernatural, manifest, and carries into effect the cause or, rather, expresses the Spiritual through the Objective; few books contain so much in so few words and cover the spiritual and spirit return in so understandable and terse a manner. Get this book and read it, it's well worth your while and the dollar will recompense you manifold."—*The Occidental Mystic and Occult*.

"I have carefully and critically perused your book, 'A Square Look into Eternity,' and am convinced that the writer was 'inspired' by Higher Intelligences, who directed his thoughts. It seems impossible for a mortal man to construct such a Cosmogony, or to portray cosmic progression from "star-dust" to the present condition of our Earth and of our Solar System, without angelic inspiration.

"I hope and trust that its success may be assured and that it may shed a great light into the mental realm of man and illumine mankind on the origin of worlds and of the human race."

Sincerely yours,

(JOHN T. McCLURE, A.B. and L.L.B.)

"'A Square Look into Eternity,' by J. C. Jensen. A book of 176 pages, replete with interesting and solid instructions for intellectual readers. If inspiration counts for something in writing such a book, the author has fully succeeded in producing an abundance of food for the thoughtful.

"I have read this excellent little volume three times before I decided to recommend it to the consideration of intelligent men and women who are looking for something highly interesting and up-to-date. Sincerely,"

(P. V. ROUDIEZ, M.N., M.D., Ps.M.)

"I have read 'A Square Look into Eternity,' with very much interest. The light it gives upon the fundamental principle of creations is comprehensive and remarkable.

"I wish the public will avail themselves of the opportunity to read this wonderful book."
(P. ENEVOLDSEN.)
