No. 1

RESPONSIVE CHORDS.

Good morning and good cheer.

Our third year and still well and doing well.

Not a thought for ill, but a million for Success, Health and Wealth.

We used to hear this saying, "When the pigs begin to fly;" now 'tis accomplished we presume all things are possible.

"To forgive is divine," but to forgive is also a necessity of our being; that is if we propose to reach the Higher Selfhood.

When the eagle spreads his wings and upward takes his flight, he knows he is Master of the air and thus he proves his powers there.

We were sorry that the gifted Editress of Nautilus slipped through our city without giving us a call; next time she will do better, we hope.

Ask for high truth; expect nothing but the highest and best, and accept none other, would you gain high attainment of soul, spirit and mind.

How oft we hear: "I felt within me I should have done so and so and if I had have obeyed that feeling I would not have made this blunder;" that feeling within is your own true self, the higher self, striving to inform you; obey it every time and win.

A little while, dear heart, you say;
But a little while and I come away,
From my haunts of selfish loves,
Yet that little while, 'tis past,
And I look, thou art winter's blast.

Let us remark daily and at all times, on all occasions we are growing young, and note the difference as marked by the constantly repeated assertion of the past ages we are growing old. It's the Spirit that talks.

Let loose of the aging Process by letting loose of the old age idea; let loose of the aging Process by dropping worry, frets, fears, doubts, and then expecting to remain young until the end of Life here.

As is the soul, mind and heart of each of us, so are the features; the face seldom lies; Physiognomy is an exact science in so far as it relates to the nobler or meaner traits of the real of us, as to character.

When the lamp of being burneth low
And grace of Christ I do not know;
Then it is I seek the silence here,
And wait for that stillness dear,
Which, alone, doeth Spirit bring
And awakes the chords of being.

Nothing is a sacrifice that does not require nobility of mind and uprightness of character to accomplish, or fulfill; unfoldment is a sacrifice of the ordinary to the greater nature; of the carnal to the Master Mind.

A correspondent sends the following: Dear Mr. Hines: if Mrs. Dr. Cook says she can prove that Dr. Cook did find that North Pole and she knows it, and then Mrs. Peary rises up in meeting and asserts that Mr. Peary found that same North Pole and she knows it, how on earth are we to settle it?

If the goal be Success, Health and Wealth, it can be reached only by constant attempts to make such the fact of those about us, as well as for ourselves; working for self, alone, can never bring one to such a high set goal. Through others we rise or fall, while through self we attain unto the possibility of the rise or the fall.

Even the ridiculous in the humor it begets serves a salient purpose; were it not for the ridiculous crossing our paths, now and then, we would fail of the far-reaching good of the sublime; a cow kicking the pipe from the lips of the farmer sitting on his one-legged stool, milking her, but emphasizes the ridiculous suddenly interrupting a sublime complacency.

"We pass through world shadows to the younger day." We are, if set right upon the way, but growing ever towards that younger day. Children at the dawn of world existence and if rightly permitted to live well the course of life allotted here, again children, we pass into the Light of Immortal Youth, as the shadows of the world at the evening of life permit us to enter the younger day.

It's often easier to drive a nail in than to pull it out; be careful then where you drive your nails and what after good they are to accomplish. The ALL GOOD is for us to utilize and build with; but we must be cautious in the using thereof and what kind of work we do in the building; never drive the nail, if possible to avoid it, until you are sure it's your privilege, right and after good to do so.

Every Domain has its rulers and sub-rulers; there can be no domain of any importance long continue without a head; every business firm bears us out in the logic of this statement. People who undertake to live to self alone or within self, alone, will find ere long their life growing smaller and of less consequential importance; this is a universal Law.

A true Psychic places you in touch with your otherness.

The illumined of soul and the gifted of Life will often be irresistibly drawn or forced toward another person, less illumined; this is because of the same principle in the other soul crying out for aid from the one so irresistibly drawn or forced towards it; this law should be understood, for it may mean salvation, health and longevity to the needful one.

Edward H. Harriman is dead; the name and fame of Millionaire is his final tribute from men; his soul passes to realms beyond; the veil of the shadow land has revealed how rich he is in that fair fame and name which the Lord of Light and Love may place upon his CHARACTER. We shall not conjecture, but we fear riches and honors won so abundantly here, if not won in righteousness (right and right expression towards fellow man), may prove a barrier there and cause the change from first place to last, in the Spirit Halls of Fame and Service.

Who is that with the shriveled, pinched features, the demagnetized presence and the wandering, half-expressive eye? Who is it? Why it's that man who all to self has lived and despised the laws of sex and right expressions, the only righteousness. Perhaps we mistake; look again; why it's the woman who would this world, alone, without a proper mate the way hew and master; good Lord forgive the blunder and help the Light to all such come that the world may be spared its agony of a house di-

vided against itself. Add the other half or else, at least, its semblance, for in the otherness, alone, is completion.

“Seek ye first the kingdom of God and His righteousness, and all these things shall be added unto you,” means seek ye first Love and right expression, in each and all things, attributes and essences of being, and then through this right expression, all these other things, youthfulness, beauty, strength, health, riches, magnetism, electrical energy, honor, credit, confidence, trust and wealth shall be added unto you. Why? Because you are what all these things are, and like attracts like, hence you are abundance, in value, merit, greatness and worth, and per the law of like attracting like, gain all these other things, necessary to your well being.

To abstain is as fatal to right expressions as is to over use or misuse and hence abuse; in either extreme lies abuse. No living being was placed here for less than the fullest, completest manifestation of all that Love, Truth or Life Means; to express is to live; to cease to express is to die; to fail to utilize is to kill or deaden that which is so abused; life is action and Love in motion; to refuse to act or to permit to act is to retard or destroy Life which is Love in motion; let the Spirit teach us more and the mortal mind dictate a little less and we shall undoubtedly find Life, Youth and Harmony and longevity with Peace, Comfort and Prosperity at our bidding.

'Tis strange that when all the substance, the intrinsic worth of hill, factory, soil and river and plain, are with the people everywhere, one rich magnate's death should cause a scare and flurry in the money markets of the world; we attach entirely too much power to that famous gambling den situated on Wall Street, New York, N. Y., U. S. A. The spirit of gambling seems to rule where spirit of actual possession

should hold the reins of potent power and energy. The people are far from being what Spirit of Liberty, in Financial matters, should really mean. It is the spirit of the people that makes possible the spirit of ill that rules on such occasions. Wall Street seems to obsess the American people.

We have been somewhat misunderstood; we have no word against Spiritualism of the Higher Type; but we do believe spiritism leads to diseased mind and distempered mentality, as well as destruction, per obsession, of the human organism. Intelligences need not, necessarily, be spirits of the dead returned; they may be mere floating diabolisms; low stratas of lowest mental ebulations or emanations; that which floats from dens, dives and distempered places or mentalities, now abroad or which have been and have passed on; spiritism is of a phase that discerns not; knows not except as the medium may see, feel, sense or know, from presentation and need not be of anything higher than disordered or hallucinated brain. This is our primal differentiation and it's all important at that.

The same brilliant star that led the wise men to Bethlehem still exists and shines on; fair Galilee is still a fact of earth life; the Ass as burden bearer of the Savior of men is still a fact of human nature; the scenes in the garden of Gethsemane are still familiar to many souls; the readings of the Christ in the Temple at Jerusalem, while but a mere lad, surrounded by Doctors and Scribes and Pharisees, still goes on and on, forever and forever, but as a part in an eternal and ever-continuous drama in the play of human nature; the sayings and wisdom of the Seers and the Prophets of ages on ages, are still being interpreted by babes and sucklings, for unto such it pleases the Great Spirit of Light and Revelation to give the Light of Love and Wisdom; 'tis from the lowly cots, in life most great minds and noble of

soul spring forth; something good does come forth from out of Galilee and the Jordan is still on the road to Higher Attainment and final triumphant accomplishment in soul of Love.

How old are you, my dear sir? "Oh, I am getting old and gray; I am past the half century mark," and the fact that he constantly thinks just as he answers us, is the very reason his Cells, created daily, monthly and yearly partake of the age-appearing expression; he thinks age; he believes he is growing old; he fosters a consciousness of age and ossification as the fact of age, and, hence, he builds his body after the concept of his constantly affirmed belief; of course, he looks every whit of sixty or seventy instead of what he should look—the type of undying youth, in fullest manly vigor and ripened experience of intellect added as a laurel to sustain the vigor of the nobleness of ripened youthfulness in expression. "As you think deeply within you," as you feel mentally and within you, so builds your instinctive or subconscious mind for you; to so build is to shut out or cramp the fullness of the Spirit which is the Life of the Word, as expressed thought or mind substance, from which your Cell life is constructed; to so build is to build to ossification and hence promotes an aging process that cannot be disbarred.

The higher powers seek strong instruments to work through, the lower powers prefer those whom they can control without difficulty. The stronger the development of the Psychic the more independent of his own personality will be the message given from the Spiritual side.

When Psychics seek to make their own daily lives of such pure and lofty standards that they attract only the high and the desirable from the other side of life, then shall the cloud of unpopularity and distrust be lifted from Spiritualism and the wonderful revelations that will be handed down to earth

from realms beyond will be so convincing and so beautiful in the lesson they teach that no one need be ashamed to call himself a Spiritualist. When all who stand as mediators between the world of the embodied and the world of the disembodied will set up for themselves a very high ideal or standard toward which they climb day by day, then shall the interest of all thinking people begin to turn toward that which shall be revealed to them as the beauty of Spiritual Revelation.—Dr. C. H. Carson of Kansas City, in lecture of Obsession and the Laws that Govern Spirit Communion.

Oh how few would quarrel, as man and wife, if the Law of real object in Love were rightly understood. Not for cruel abuse, absorption or mere possession of a form or gratification of the desire will is man and woman mated, in true marriage; the health, beauty, magnetic and electrical Dynamic force of each, through the union of positive and negative, for procreative or renewal of health, magnetic, electric and beauty in living Life atoms, molecules and brain, nerve and functional right expressions, in Form, is the real physical ideal and object; with the maintenance of the home and the integrity of the family life for the promotion of the excellence of race and civilization's institutions is a second purpose, while the third is the Psychic inner, regenerative Process for the Continuity of the Immortal twain made ONE, for the realms of Light beyond the mortal sphere. Marriage should not be for earth, alone, but, also, for the completion of the Temple of Being. Whom God joins together are joined of Soul in Spirit of Love and none can put such asunder.

Some time somewhere, dear friend, you will know the whys and wherefores of this life of ours; somehow and some day you will understand the causes that have baffled all life's fairest hopes and ways; somehow and some good time, in

some fair spot in space you will know why friends and you could not agree and things ill seemed where good should have been.

Oh, how good all would be were we that somehow and somewhere in our vision, now and here, today; what foolish little people we would find ourselves and what a glorious awakening would, now and here, today, take place. I ween we would all grow dear to one another and no one would strive to compel a love, or unity, not of that Love Divine, manifest as counterparts of each to each, in the little affair called marriage and love; all would then know of the Spirit, in the Soul, as each of each, and unity and love would grow, as twin twigs, side by side, upon a single branch.

True Love is of the soul as well as of the head and heart, and it would be so comfortable if, now and here, that some day, or somehow, and some where, when all shall be known, might be ours to enjoy.

There will be held at the Temple of Health, corner of Twelfth and Washington streets, Kansas City, Missouri, from October 4th to 8th, inclusive, a remarkable convention. This convention will be held under the auspices of the Society for Scientific Revelation and will embrace a number of important features, among them, the organization of a Grand Lodge for the Secret Order known as "The Inner Circle of Light;" also the election of officers and the laying of the cornerstone of "the Temple of Light."

This will be a beautiful and impressive ceremony and will be the only one of its kind that the world has ever known. It is expected that people of note will gather from all parts of the country to witness and participate in this convention. All railroads give reduced rates to Kansas City during the week of the convention, beginning October 4th. Dr. C. H. Carson, the founder of the "Society for Scientific Revela-

tion" will also on the last day of the convention, have the distinguished honor of celebrating the twentieth anniversary of the founding of the society in Kansas City.

All people interested in the Psychic and Higher Application of the Law of Spiritual Communication will do well to lay aside business cares and attend this unique convention; all are most cordially invited; this editor, among others, hopes to be able to so manage his immense Healing Work as to get there along with the crowd.

We are the victims of a system; we must not condemn those who administer as officials, on duty, or of the faults imposed upon us by our own system.

What is the vogue becomes the fixed as to precedent and also as to practice. City police officers must have power to act; some types of criminals are of a nature so brutal as to necessitate methods seemingly unjust and extremely cruel; an officer must protect himself as well as the peace and well being of the community; for this reason much allowance is to be made for any mistakes or abuses of good judgment; but we should not permit a system to become an abuse of humane principals in the mode of administering justice or punishment; for, once the violator is safely lodged, there cruelty, as a necessity for safety to officer most certainly ceases and the Spirit of Justice, humanity and uplift should step in and rule. This Magazine is not an upholder of any criminal element or of any defeat of justice or law; this we want distinctly understood; but we do want humane treatment for the helpless, even be they ever so guilty; it is cruelty to impose upon the helpless and prohibited of defense, no matter who they may be. A forced confession is not JUSTICE and in LAW is not permitted for the purpose of CONVICTION; no man is COMPELLED BY LAW TO CONVICT HIMSELF; it is this PHASE OF VIOLATION OF LAW that is complained of in the administration of JUSTICE in CITY COURTS. The

THIRD DEGREE IS A DIRECT VIOLATION OF LAW AND SLAPS JUSTICE SQUARE IN THE FACE.

This editor was, at one time, foreman of a Grand Jury; he found an attempted escape by inmates of the County Jail had caused the jailer to place ALL inmates in sheet iron, tight, unaired cells, as a punishment and also as a protection from further attempts at escape: the reason given, however, by the jailer was that the windows or bars were unsafe. We investigated; found those window bars had been left without attempt at repair for many days, while the prisoners were tightly shut up in narrow, dark cells; as foreman, this editor immediately reported the matter to the District Judge and that, too, while in the midst of a trial of a case; results, the Judge stopped the proceedings, listened to our report and ordered that jail repaired at once, and those prisoners put out under guard until it was repaired; that's business of the right kind and God bless just such Justice and that Judge. The Spirit of Christ spake and Love was exemplified, even if but to the wrong-doer. There is too little attention paid to our public institutions; keepers grow cruel and indifferent; it's perfectly natural, under such circumstances they would. Let us watch and be sure all is right on the inside as well as on the outside of our institutional concerns.

In whom the Christ Nature has become a fact of Consciousness lies the gift of recognition of all men in the real of selfhood; to such an one humanity represents the unity of the many in the One Soul, Mind and Spirit, but clothed in millions of separate personalities as the Terrestrial Adam; to see with the eye, then, of the Inner Consciousness or as of the Celestial Adam, the future of all personalities is but to utilize the Light and Revelation or Interpretation of the Spirit of the One, for what illumines the water of a great tank as the body of water, also at one and the same time il-

lumes the separate factors as drops thereof.

All is One Life, One Mind and One Soul, yet all is not illumined or made clear as to the factors, component parts making up the Grand Whole.

Spirit is that which enables the Illumined to see, to interpret and to foresee and to foreknow per the soul and of the soul that which is for or before and of any individualized factor of the One Grand Oversoul. Who has this Spirit of Light of Wisdom and Intellect to catch its interpretations and reveal them, as of the soul, is a Mystic, Seer, Prophet, or Psychic, capacitated to know the whole as from the parts or the parts from the whole, in Spirit of Truth. Who has read one soul factor can, if diligent, thereafter read a million soul factors, per the same Process as given of the Spirit of the Eternal One. This is not spiritism, nor anything less than Revelation. This is the Gift of Gifts of the true Psychic.

To attend Church and obey its discipline only to disobey functional Brain and Nerves and physical right expressions, this never will prove righteousness; a married couple may attempt to prove good Christians and violate the most sacred Functional Expression of Being: the abuse and not the use is here the violation, and ill health steps in to prove the unrighteousness of expression and to show violation of Christian Ethics; righteousness involves the right use as well as the right expression of everything we are, or possess, or may be or become; it involves the law governing Spiritual, Mental, Physical and Functional or Organic expressions. The spirit, once indwelling and illumining the Soul, makes manifest exact Wisdom and knowledge, in that degree, as to make right expressions, absolutely a fact of Consciousness and, hence, Righteousness is of the Divine Spirit, alone, assured; obedience to this Inner Light of Wisdom is the sum and substance of true Righteousness and all else is to fail.

ObeY the Spirit in you, once you have attained His Light and illumination of Knowing, and you shall renew, daily, and chemicalize, daily, the atomic parts of your entire Corporeal Body, and, thus, reach that right expression which is righteousness, in fact and Consciousness; thus you have constant youth renewing Process at work; leave this Process alone and fret not, worry not, and expect youthfulness, freshness of youth in form and visage, and think of growing always young and you will attain to health and vigor and vitality, as well as the young state of true manhood. This is righteousness that speaks for itself and the form will not belie its truthfulness.

The Magdalenes that walk our city streets

Are some one's daughters some one meets,

Who knows the Spirit of the inner soul
Or can read the cause for playing the roll?

So long as demand exists supply is sure;
No law can destroy demand or its supply.

Truth is might and Love polluted, poor
Fool mortals mistake for Truth's supply.
What man brings to pass let not man abuse;

The eyes of God see all in spite of ruse,
Or deceit, and He knows where lies the blame.

Bleed not the heart till known the cause,
Neither measure out hate nor tarnish name,

Nor exact tainted gold till all is known.
Our Spirit pleads for no one's wrong,
Or stands for shame without excuse;
But our Spirit reveals for Justice long
Delayed where things are not as they seem.

The devil is found only too oft where
Christ is proclaimed, while Christ dwells

Full oftener, where Magdalenes are found.

Oh, God, the woes we've met among those

Condemned of man, misjudged and bound

Of woman, spirits of Angels driven mad,

By man's lust and greed, sweetly sad
In driving home the bargain a Fate hath
Decreed, till some spirit lights the path
And opens up the way to Love and Truth.

"Let him whom hath condemned thee throw

The first stone." What, none condemneth?

"Neither, then, do I condemn thee."

Different people see things in a different light; not any two can enjoy even sunshine alike; out in Jefferson county, unfortunately, as elsewhere, there are good people who, through HATE of ALL LIQUORS, have become MONOMANIACS just from a WRONG or ONE-SIDED view point; anything that narrows capacity for justice in comprehensive view point, is dangerous to human, intellectual or spiritual progress.

"Let us live free from HATRED among men who HATE;

Let a man overcome ANGER by KINDNESS, EVIL by GOOD;
Let him conquer the STINGY by a GIFT, the LIAR by TRUTH."

And pass it on to the bigot and the fanatic with a good dose of true RIGHTEOUSNESS, which means nothing less than true RIGHT use of ALL we are, or that is about us without abuse, and true RIGHT in EXPRESSION of ALL that we are, have or possess.

"For never in this world does hatred cease by hatred,

Hatred ceases by LOVE; this is always the nature.

One may conquer a thousand men in battle,

But he who conquers HIMSELF alone is the greatest victor."

Said Plato, "Justice, then, is a kind of natural harmony and HEALTHY habit of MIND; while INJUSTICE is a kind of unnatural discord and disease.

My good may be another's poison,
 while their pleasure might totally kill
 me off. The Temperance people had best
 study SELF-CONQUERING POW-
 ERS and drop off from the DISEASE
 that eateth like a Canker unto final men-
 tal insanity of the *ignotius infatuatum*
fanaticalus stamp; the dying Lion sel-
 dom amounts to much among other
 LIONS, for his RANGE OF MIND,
 instinctive, no longer permits of SELF-
 CONTROL or BREADTH OF SCOPE
 or true WORTH OF VISION.

Wake up, ye sons of men, arouse thee
 now;

Discovery's in the air, and every-
 where.

Let fear, doubt, worry, triplets bow

To the genius of the age; the Pole
 somewhere

Has been found, despite of northern
 blast,

Freezing clime and death's frozen
 blast.

America, proud Canaan's modern land,
 Sweeps the snowfields aside, and away

In northernmost point of earth, at last,
 Her Stars and Stripes unfurls, Lib-
 erty

There proclaiming to Silence for eter-
 nity.

Yet Ho, more honor still our Nation
 knows,

For mighty feat of genius in continuity,
 As of eternal Purpose, transcends
 earth

And sea with Aeroplane unfurled,
 throws

The gauntlet of triumphs once again
 before

The nations of mankind and wins and
 owns the air.

God speed the Stars and Stripes, beauty,
 Grandeur, might unfurled in Love
 and Peace

To wave, wherever might of right, in
 duty,

Shall presume the Spirit of Genius
 room,—

To spread its mighty wings for human
 liberty.

Another triumph still is on, Spirit
 Divine,

On earth reigns, again, as at fair Gali-
 lee;

And man from soul to soul reveals
 Light

Of Prophetic Wisdom, the future
 setteth free

From chains of ignorance or demon
 might,

Proclaims man's Liberty in higher Con-
 sciousness,

And leaves Innate Reason, Master
 Right.

The seal is set, America wins, even here,
 Where Love and Truth are ruling
 Consciousness.

First the man against man in his cave
 life, then the tribe, after this the walled
 city and finally the nation against na-
 tion has been the order of evolutionary
 civilization; first the brute, then the
 half-awakened of intellect, later the ris-
 ing power of expanding mind, then the
 educated reasoner, and finally the
 awakened of Spirit, as of the Subcon-
 scious, is the evolutionary Process of
 Mind; first the healing of disease by in-
 stinctive choice of herbs, then the incan-
 tations of spirit doctors, later the bleed-
 ing to death and poisoning performances
 of *Materia Medica*, later the *Pharmacopoea*
 and advanced *Materia Medica* and
 Surgery, to be succeeded by the addi-
 tion of *Psychic Dynamics*, as following
 mentalism and Hypnotism, is the evolu-
 tionary process of Healing; first the
 nature and heathen idol worship, next
 the awakening of the mind to the fact of
 indwelling Spirit Universal in Hindoo
 Worship, succeeded in the West by
 Christianity, to be followed by the fact
 of the Superman, with the attributes of
 Divinity, as in accord with the doctrine
 of the Trinity as made manifest by
 Jesus of Nazareth, is the evolutionary
 Process of Religion; the latter, as yet,
 but in its infancy of revolutionary as
 well as evolutionary Process, bids fair
 to bring man to his final triumphant ex-

pression of true creative and Healing Process, as the true image of God. Modern Spiritualism has done much to bring this latter phase to the front; but where Modern Spiritualism failed in losing itself in spiritism and phenomena the Psychic School takes up the High Spiritual and advances to the Conscious application of the Attributes of Divinity, as recognized in the actualized indwelling presence of the Christ Nature, "the New Creature," made manifest by the Holy Ghost; this latter is proving that knowing which is to become all that man may hope to realize, spiritually, mentally and physically, here and now, the perfected likeness of the divine type and thereby to know and to do all things as of the Spirit of Truth, which alone, is the Spirit of Revelation, the Holy Ghost.

We meet starved natures everywhere; we daily see victims of error and wrong expression about us; we feel almost persuaded to speak the truth to these poor, misguided, deluded attempts at so-called Godliness and mistaken righteousness. Oh, God, how long must error stalk abroad in such bold mien as to frighten even the good of life away from us? Go home and read your Bible and pray and ask God to forgive your sins, but keep right on sinning as you have for ten, twenty or thirty years against YOURSELF by imperfect and wrong expression of all the functions of Brain Nerve and organic functions of Body, is the proper code of most instructions. We change it; go home, read your Bible with Spirit, and in Spirit as a Spiritual Book of Revelation, understood only when interpreted by Spirit; affirm and practice right expression; affirm I am young; I am Love; I am health; I am Life; I believe and expect Christ to become in me a fact of Consciousness, as my Divine Nature; go forth and express Life, Love, Truth, Power in Spirit and Faith, and Live the fullness of the ALL GOOD in fullest use and expression in every way, whether of

Spirit, Mind, Body or the Functional or Brain and Nerve energies of the Body, and thus you become Godliness and Righteousness, as a fact, in and of Being, here and now. To live thus is to enjoy, and to enjoy, in health, is to live in the fullness of the ALL LIFE and the ALL GOOD; Pinched features, careworn brows, weak physiques, drawn and clouded faces, starved bodies, but tell the story of wrong conception and frightful sins of progenitors, or else the most shameful violation of laws of true being through wrong and repeated violations of law, spiritual, mental and physical, in expression. Love speaks, and Life is action and truth is freedom, never otherwise, and who has these attributes of Divinity says so by gleam of eye, by force and sprightliness of walk, by every act, thought and move. Religion may not express religiousness in Truth, Love or Life; void the Spirit; all is dead and no consequential force or good.

When one becomes conscious of that principle which enables him to know of his own in existence as in another form, aside from himself, he will, per that principle, either be attracted to that form so discovered to vibrate in like principle, or else attract that form to himself, as per like attracting like; this is that which permits of unity and at-onement, and is termed the law of Love, per which all Life is set in motion, whether it be the Life of a principle or all Life that is in everything and everywhere. If two or more people contain the same principle or similar elements of character or personal makeup, they will vibrate in unity and will draw to each other for mutual uplift or otherwise; this is the law of individual and personal attraction or community affiliations. If two people happening to have the same elements or principle meet, and one proves negative or in lack, while the other is positive and has to give, the polarity establishes desire for unity for mutual good, this is for healing, for Love

or for anything involving the good of the twain, who are thus drawn to each other. A constant yearning within the soul of a human being will, per this law, eventually attract the lack causing the yearning or need to it from some soul possessing the same principle; the same holds good in the personal or Physical sense, where the elementals play the part instead of innate divine principle. If this law were carried to its ultimate there would be no possibility of lack in any life, either in the elemental plane or of the Psychic or Spiritual plane; the elementals in the one case on the material plane and the principles of character or soul on the spiritual plane, would determine all laws of attraction and hence of supply.

By this law we attract our own, alone, to us and none other, and we become Masters of our own destiny and choosers of our own environmental conditions or circumstances. The mortal Mind should be trained so as to let loose and permit Higher Consciousness, as illumined of Spirit bring to bear this law unto perfection, in real Being, here and now. There is a supply for every need, but we must attune ourselves so as to attract from out the elemental kingdom material lack and, likewise, attract out of the Infinite realms, as from principle, that which we need in Health, Light and Love, or Wisdom, as spiritual, mental and physical good.

Master I am of destiny; sun, moon and stars I am, all within the scope of me; the evil in the planets per transmutation my might and power of good must prove, while within the Temple of my Being, great Love's Light of Wisdom, Spirit of ALL that is, ever shall be or can hope to be, monitor of a Universe, sets at peace my every conflict and casts out my every ill.

No blooming flower can more beauty, strength and life reveal than may I as endowed with mighty Will, Word and Life, an unfolding Form of Light of Love traversing here and now, my earth-

ly sphere. The clouds may rise or descend; darkness and scowls and storms beset my way, yet with Mastership my crowning gift, all these things wither or become things of naught, while I express right, make manifest the Christ, my sole delight and recompense. Brother man and sister woman, ALL IN ONE we meet, the otherness of each other's Selfhood most complete, separateness, fear and doubt eliminated now, onward, upward to the grander goal let us travel, side by side, the road of a Mastership. Man the rough, the bold, the outward, with woman, blessed inspiration, the gentle home abiding within. Come closer, all is but ONE seem matters how they may; LIFE and LOVE and MIND, ALL THE ONE but clothed, for a moment here, with garb of flesh and changing conscious outer life, can never hinder the grand parade marching before the MASTER of a UNIVERSE in the last final grand review. Woman haters and man haters are not of Righteousness, because HATE is not RIGHT EXPRESSION; neither is difference the LAW of final Unity.

Let not man presume woman's part to fill, neither let woman man's estate assume. The beauty of the Lily is in the LIFE and LOVE manifest of SPIRIT, and not alone in the privilege of showing forth the rough and outer stern reality of battling with the storm and winds of the material realm. Lose not thy loveliness, thy inspiration of the Spirit of Consolation, oh woman! neither lose thou, oh man, thy protecting, shielding might of fostering Love for the playing of a game of stage notoriety in the plain of fleeting things and forms. Be a Master in your allotted place, act well your rightful part and forget the misleading plaudits of seekers after wrong expressions and ambition's misguiding star. Without that otherness we each but half a soul may be, yet no two things can occupy the same exact position in the same space and at the same time, hence the law, the one within while the other the without must be.

EDITORIAL.

THE RESURRECTION SCENE.

'Tis said the skies were darkened, the sun turned to blood and the earth quaked, on that bright dawn when was ushered in the Resurrection of the Christ. All mortal forms know this is, too, but symbolical of that same process essential to the Resurrection of the Christ Nature, the New Creature, within the Form of Mortal Being. None may enter the "Prājna Gate in Neptune," the entrance to "the Seventh Portal and become a Buddha or Compassion," the Christ, the New Creature or awakened Consciousness in true being, without first experiencing the quakings and shakings, and passing through the shadows and darkness of the Resurrection Scene, as set forth in the changes brought to bear in the Physical Form, and brain and nervous Organism. We would like very much to have all our readers get a copy of the New Age Magazine of Boston, Massachusetts, and read the splendid revelation therein in the article on "The Seven Portals;" it will aid to understand what we refer to herein—the September issue. The stone of the tomb of slumbering Compassion, of true Knowledge, in unawakened rest, must be rolled away, while the Consciousness hitherto an unknown fact in the life of the mortal, arises and the Angel of Reason, clothed in garments of flaming Light of Love, stands among the flesh atoms, soldiers of the earth Life, and blinding these guardians of the tomb of Grace, Mercy and Peace, permits the Consciousness to come forth, and breaking the seals of death's shackles, soar aloft, to become Lord and Master of the very powers that have crucified and bound the Spirit of Righteousness.

To see, to hear, to know, and then to possess, is the fruit of the Spirit of the Resurrection; to appear, again and again, unto earth's doubting ones, as Spirit of risen power of Truth and Love, as LIFE in living Conscious expression,

is the feat of after proof of Spiritual Ascension or Light of Wisdom illuminating mortal Form.

The awakened of soul Consciousness are partakers of the first Resurrection, and blessed are all such as do partake thereof, here and in this Mundane sphere of Pontius Pilots, Chief Priests and Scribes and Rabble of excited human beings, who would crucify Love, Truth and Life of the Higher Nature, to gratify the fear, envy, doubt and grafting desires of the Carnal Mind and Will. These latter are of the second Resurrection, that of the mortal awakening at death, and entrance into the mysteries of the great Spiritual Kingdom of Love, Truth and Life eternal, blind and dead to Spirit's Illumining Light and, hence, children of that darkness so intensely dark as to be felt; these are the (afterwards) earth-bound, some with hopes of after Resurrection, others doomed to final disintegration and loss of Soul Consciousness, and, hence, of Individual after LIFE, in the LIGHT of the Great Beyond. The earth-bound are those who have never witnessed, believed or known of the Resurrection; those who have not known of the beauties of the Resurrection Morn, as it affects the quickening of man in his true, the Spiritual or Subconscious Nature; it's impossible to BE what we have not BECOME in our real NATURE as to realms, material or realms Psychic or Spiritual; the first Resurrection Scene must become a reality to each and every elect and select of the Mighty Lord of Creation, and as Sons of Spirit Land, and, hence, of the Ruler thereof, each must pass through the Resurrection of the slumbering Christ within the Soul.

True, after this first Resurrection, we shall still retain the scars and nail marks of the crucifixion and, at times, suffer over the agony of the dying of the mortal to the Christ Nature; we shall meet the doubting Thomas upon the way and shall sup with many publicans, as well

as disciples at the table of earth substance and material things, perhaps to be recognized to be cursed or to be blessed, even as our appearance may be accepted for good or for ill omen to our fellow men.

It's all but the acting over again and again, the Resurrection Scene and the appearance among men, yet awhile, ere we shall have ascended to the realms of Light, the Peaceful Home of the soul. The Resurrection first takes place within Being, afterwards to be consummated in the transition from earth to actual Spiritual Realms; it cannot be otherwise, for to be otherwise is to fail to enter the realms of Light until made an acceptable citizen thereof, per the ceremony of the quickening and awakening Process, as of the Spirit of Love, Truth and Light.

I would not waste all my substance here and then expect to receive all my sweetness and blessing there; I would be awakened here and serve mankind, that I might serve the better and deserve my blessing there.

SELF-PUNISHMENT THROUGH SELF-CREATED DEMONS.

GRAVE DANGER.

Few people realize that their sickness may be the result of their own foolishness in permitting HATE, ENVY, JEALOUSY, FEAR, DOUBT OR ANGER to so possess their Brain Organism as the Organ of the mind as to set in motion a law of self destruction. The animal elements created by hate towards another person, or those created by Jealousy, Anger or Envy may be projected to that other person from the ONE who created them; but if the person towards whom they are projected refuses to entertain them, they return to the creator of them and there lodge themselves to either make sick, insane or cause after SUICIDE and ALL from ONE'S OWN MENTAL CREATIONS. We knew of one case in which we were called to heal the party from partial paralysis, and upon meeting the

party we discovered that there was Obsession at work; we questioned the patient as to habits and if she had any enemy of whom she could think who might have harmed her; yes, I was going with a man; he was stolen from me by another woman; I swore vengeance and asked God to strike her speechless and make her a cringing, twisted paralytic. Well, the case was clear; the woman had refused to entertain the curse; the sender had received back that which she had created; she was OBSESSED by her OWN EVIL and may never be free in this SPIHERE of the terrible affliction she intended for another but brought upon herself. We had another case of a man who complained of Evil Spirits following him about day and night; he wanted them dismissed; we went after the Evil Spirits to CAST them out; we succeeded; but they returned; we questioned him; he acknowledged that he was intensely jealous of his wife; watched her; followed to see if she was all right; couldn't bear any one to talk with her out of his sight; he said she tormented him to death; ah ha, we had the DEMON within the MAN himself; it was his JEALOUSY creator of ALL his DEMON SPIRITS and we told him at once if he desired health and freedom he must be HEALED in CHARACTER and CAST OUT JEALOUSY, FEAR, HATE, DOUBT, ere he might be made whole; the man was HEALED and his wife was made happy by the healing. We were giving a test on a watch, in one of our Circles; we saw a man with gun in hand approach the owner of the watch; we saw a room, two ladies and a man in it; we saw a man turn to a DEMON in shape and form; we saw smoke, a man fall; we simply told the lady as the watch was returned we could not state all we drew up before us, but that there was a gun and a man connected with it, a grave danger of Suicide, and it might take place in the presence of herself and some other lady; later, just a few days, the scene we had

noted took place; the account showed a man and two women in a room; refusal of one to marry brought to a climax a long nursed state of Mental Agony caused by Jealousy and unrequited Love; the man had created and built the mind of a suicide and his own Evil creations came to undo. Any man or woman who nurses HATE is paving the road to danger, either of Sickness, Insanity, Paralysis, or Suicide; any one who permits Envy or Jealousy to enter the Organism through which Mind plays, is creating Demonic Energies or Intelligences that may come back to Possess unto partial or total destruction of themselves; we are oftener the creators of our Evils, Accidents, Sickness and Misfortunes than are others or Demondom itself. Black Magic is often at work within your own mental range, produced by your own Hate, Envy or other fool thoughts, and you are then a SELF-MURDERER and NONE other is to blame for any of your misfortunes, mishaps, than yourself. Beware of whom and how you HATE, lest you create your OWN executioners; beware of Jealousy lest you create your own mode of death through your own demons, born of your mentality. 'Tis a dangerous thing to permit thoughts foreign to Righteousness, (Right Expressions) to ramble through the Organ of Mind and the Nerve Centers of Being. Both men and women should find a way or a vent to the exercise of ALL Faculties and Functions of true manhood and womanhood, in right expressions; it is well they should not create demons to destroy; but hate not, neither be envious or jealous; terrible may be the penalty of violations of the LAW of PROCREATION of this nature and kind; go ye forth to replenish the earth with right creations of Mind, Soul and Body, and destroy not Self by Self-created Demon Intelligences.

"I am the Master who stands at the gateway of his own spiritual temple denying entrance to all save those whom

I know have been sent to me by the Higher Powers with lessons for my own advancement and that of my fellow man. It shall be my duty to counsel with all those who seek to enter my spiritual temple unbidden, but in no way permit them to enter therein, remembering that once to an unscrupulous or ignorant spirit opens my spiritual temple ever after to any and all influences that come in my way. I seek to possess and control. It is my DIVINE RIGHT TO EDUCATE THESE UNDEVELOPED FORCES AND TEACH THEM THAT THEY CAN IN NO TIME ENTER INTO THE HOLY CHANCEL THAT HAS BEEN FORBIDDEN THEM. If I be POSSESSED OF DIVINE GIFTS that give me POWER TO ACT between gods, angels and men, I NEED NOT FEAR BUT THAT THE WORK WHICH I UNFOLD WILL BEAR UPON ITS FACE THE STAMP OF DIVINITY IF I BUT MAKE MYSELF, AT ANY AND ALL TIMES, MASTER OF THE SITUATION, THE GUARD OF MY OWN TEMPLE AND RULER OF MY OWN BEING." This we quote from Dr. C. H. Carson's lecture on Obsession and agree with so emphatically as to compel the most earnest desire to have all Spiritualists, Mediums, Psychics, consider it carefully and note the difference between a Control and BEING THE FACT OF CONSCIOUSNESS WITHIN YOUR OWN TEMPLE, A MASTER IN THE MIGHTY WORK OF DIVINE REVEALMENT AND SPIRITUAL LIGHT OF WISDOM.

Just as Dr. Carson so ably says, we are OBSESSED NOT ALONE WITH EVIL but CAN and MAY BE OBSESSED with a GUIDE OR A CONTROL, which worketh to our absolute undoing and perhaps physical and mental collapse; this IS WHERE all new beginners fall down and most practitioners lose out; it's our bounden duty to become ourselves—MASTER OF our own TEMPLE OF BEING.

ASTROLOGICAL DEPARTMENT.

With the close of September 21st we drop the Tribe of Benjamin; the separating of the wheat from the stalk in the Sign of Virgo, and enter the month of Libra, which closes with October 23d, the Sign of the Balances, equal Justice, Law, Ambition, Order and Pride; the Season when the days and nights are of equal length; the month of the falling of the sear and yellow leaf, when the mountain and plain are covered with the light and shadows of the changing times and many colored hues of nature's clothing bespeaks the impulses of the Times and Clime. All nature sings as with glee and rapture in the air; every one steps with a renewal of hope and ecstasy; the oncoming frosts and advancing chills of Autumn give lustre and a wee bit of extra color to the cheek; inspirational in all things, this month of so many charms, gives, too, of that generosity of wasting of the falling verdure which, too, reveals a caution to the children born during Libra's month of music and merriment and merry making.

The damps of September passed and the peculiar brightness of sun and stars adds its silent force as an elixir of life which is, too, a Gift of Blessing to the child born at this time of the year.

All Nature's forces are midway now on the way to the closing of the Season, known as the Autumn of all Material realms and things, of our Northern Hemisphere. Who could not take on now courage, revive old hopes and bring back love's lost chord at such a time; why marvel then at the Venus-like power of the Mystics born of this all favorable epoch in the Seasons of our natural kingdom and earth domain. Ruled by Neptune, the Highest of Spiritual Planets and by Venus, the Goddess of Love, when once these people born at this time, arise to their Real Selfhood, uniting the Soul of things with the Objective, they become ALL that the Silent Forces operative through Nature

may reveal. Venus, the god of show, love and beauty, forces these people in early life to love, and love of dress and show; they are apt to forget all must be paid for, in time, and in madness throw aside the better things and more worthy attributes in the wild game of loving, being loved and dressing and being admired.

As middle life approaches, the higher, better, more poised and spiritual Nature first begins to assert its salient forces and all at once, like the trees bereft of their summer verdure, Libra people realize that summer of gayety is fleeting them, and autumn, with its lights and shadows as warnings of winter's nearby approach behooves them to get busy or be caught in the winter of old age naked and forshorn of opportunity's passing blessings. Careless, yet ambitious; artistic, sensitive, noble yet improvident, at thirty-four the first awakening comes, then at forty a second call to duty, while at forty-four the final last bugle sounds for the entrance into the realms of that Success, which, to Libra comes, alone, through recognition of the mighty "I Am" of the great Silent within of them; the great Inner Consciousness, in the Universal, must govern here, or else Libra never becomes what is the goal of the Balances, Perfection in all that means the good of Self and human kind. Love is the Power of Might with all these people, as it is with ALL born in the Taurus Sign, Libra's most natural mating chord, the House of Science and Wealth gatherers, thus adds to Libra, that which the Spiritual Consciousness of Libra people most require, while working out Compassion's Roll, within the realms of Material things. There are other fine chords, also, but Spring and Autumn seem to unite most pleasantly, especially where Faith and Hope are strongest virtues. Partakers of the Mystic Seventh Portal, whose Goal and Word is Compassion, these people under "the Frajna Gate," having at last

learned the law of earth's Silent Forces and of Spiritual Consolation, as of this "Sacred Prajna Gate to Neptune," forget their woes in the healing of the woes of the children of men and, at last, have entered the longed for land of the golden sceptre of Spiritual Power and Consciousness, which reveals honors and riches, fame and name, through steady increase of Value, Might and Worth, the only true road to success, guaranteed the Libra Nature. For fuller revelation on Libra, ten cents will buy the October issue of 1908 of this Magazine, the year in which we published full revelations of the Signs in each of the twelve issues.

"Were You Born Under A Lucky Star," by A. Alpheus, Frederick J. Drake & Co., Chicago, Publishers; and Copyrighted, 1901, by "The Hemenberry Co.," gives the following, which applies to the peculiarly and astoundingly correct Three Year Helescentric Horoscopes and Life Revelation Writups of Prof. Hines, editor of this Magazine. "The great, the really overwhelming difficulty with Astrology lies in the FACT that HALF ITS VALUE lies in our POWER TO INTERPRET HUMAN NATURE. Unless we KNOW HOW the MIND of man WORKS, Astrology makes no Revelation to us. To those SUPERSENSITIVE PEOPLE WHO BY A STRANGE EXALTAION OF THEIR FACULTIES SEEM TO READ THE VERY SOUL OF LIFE, even when they are TOTALLY UN-EDUCATED, Astrology serves as a rough guide which enables them to make PREDICTIONS which STAGGER OUR VERY SENSES." And for the same reason, the most astute reasoner and man of infinite learning fails in the Art of Astrology, (if we may so speak of it), just because he lacks that FINE, DELICATE INTUITION which enables him to follow the COMPLEX FLUCTUATIONS of human THOUGHT, FEELING and LIFE in general." In January, 1904, Prof.

Hines wrote Horoscopes of his characteristic type for three different people; all three were for a period of three years each; one we are permitted to refer to; a lady who came to us; we ran the Zodiacal indications, spoke of the evil and the good in all the phases; among other items we said; we note a Rosewood Casket coming into your house, as if on the evening of November 12, 1907; her husband began sinking the afternoon and the evening of that date and passed out at fifteen minutes of one o'clock, just after midnight, or before the close of the first hour of the 13th; we also said, in this revelation, November 16th of 1907, will be the finest day of life to your husband; it was his funeral day and was all that a beautiful calm day could be, and his funeral was one of the pleasantest we ever had the honor of preaching; it seemed as if Heaven itself had opened its very glories for that day and that occasion. We have had many other similar closely predicted matters; we do not pretend to mathematical calculation, but we do pretend to the Supersensitiveness necessary to correct Prophecy and nicety of Revelation, required in the good Horoscope.

Astrologers are born, and Intuition, Insight, or the Supersensuous, is there Gift. They see, know, sense the position and exact influences of the Stars—yea, they are the Stars in proper position, properly known, and influence rightly predicted.

We aim in all matters to look always and on all occasions for the BEST SIDE and the nicest way out; we do not deem fault-finding in the spirit of fault-finding the loyal thing to do; we believe all things should be done with but the spirit of justice as the inspiration; if then an error be committed in judgment no cause or just man has room to complain; there is a long distance between an ordinary kicker and chronic fault-finder and the spirit of justice that moves to correction of evils, through taking notice and making the notice stick.

I live for that which I love and love that for which I live. I give of what I am to all that I love and love all in return to which I give; to what I give of what I am is of myself, what matters it then to me, what the form, where the form, or how myself I express, whether in my own or a million other forms? If Love and Health to myself I am, howbeit, then, should I rightly express, that I am not the same, in love and health, in all forms through whom I may see fit to express my own ideal Selfhood. My Center, in Mighty Love, lives and vibrates, in unison and accord, with the Infinite Good and to all in whom, in this Mighty Love, I choose to go, shall be set in motion, that which I myself am. Thus am I Mystic; even so Occult; truly Psychic and Master Healer Divine.

"Blessed Holy Spirit given to man,
When thou goest it shall lead thee,
When thou sleepest it shall keep thee,
When thou awakest it shall talk to thee."

Where ever you may locate, whither soever you may go, if you are on our lists of Healing or for Occult Work, there shall the same Blessed Spirit that enables us to See, Understand, Reveal and Know, shall find you, and following out our special Material Channeling of Divine Energies, watch over your welfare, awaken your Subconscious, control your instinctive mind, arouse your innate Divine Energies and make you what we, in knowledge of Law, in action and Love, in work and Life in motion, are within our Superior Selfhood. Fear not, then, for neither distance, space, time nor place may defeat the Omnipresence of such Forces.

It is a consolation, if when tackled by worry and fear, sickness or doubt, or if in some overwhelming disaster or danger, to know of a Mighty Center of Love, Spirit and Truth, situate within mind's reaching and imagination's seeing, to

which one may turn and find immediate relief and uplift; this is the secret of Mystic, Occult and Spiritual or Psychic men and women becoming of great power and good to humanity, while working at a given and known Center of Radiation; these are thus approved as Mediators betwixt Heaven and Earth, the continuity of the Great Silent Forces from Higher Realms to lower spheres of expression.

Who knows law and how to project primal forces in being, and fears not death or death's angels, is already well on the way as a Master of all human sickness and misery. The Spirit will illumine the way, infill the word and law with Love as the power to set in motion Life, will bring to pass that which Spirit guarantees.

We would so know the law and the Love of God as to permit His Divinity, as Spirit Light of Consciousness, to go forth for Self and other Selves through and of us, as to win the favor of the good and great, the might of health, beauty, sweetness and all conquering power of right expression in every way, manner and kind, for success in all we assay to be or become, not for self alone, but all other selves, as well, who depend upon our revelation. This is true Psychic Process, right Occult Expression.

There is a law that governs the right expression of the Material, Mental and mere Physical realms of being; there is a law still subtler, known to the Soul Attained and Illumined of Spirit and of Higher Consciousness, that applies to the sphere of the Mystics; 'tis often we almost sink, with compassionate yearning, to reach out and into the Mysteries and, laying them bear, persuade some wandering one of the necessities of that Psychic process which, alone, might set forth and bring to excellence, the person, through righteousness given and taken, in right expression. Often in eight

years, has our very soul gone out to such strangers to the necessities of being, in that which is from the realm of the soul and we could not do as we would, for soul of the illumined can rarely meet the soul in gloom of ignorance with mutual understanding; "cast not your pearls before swine," means beware lest a mistake you make, even where SOUL and SPIRIT FORCES LAW, LOVE AND LIFE, TO REVEAL HIGH DUTY to a perishing or needful one. True Psychics are rare and Mystics, too, they are who find it difficult to be understood on any plane lower than the Sixth. We cannot heal some, because of a blindness, the inheritance of centuries of misunderstanding and wrongful application of Divine Principles pertinent to that perspicuousness of soul which accepts, regardless of self-lore, that which is essential to well being in all the several phases of right expression, or true righteousness. We know, but are so oft defeated in the attempt at perspicuity.

"Sing we merrily unto God our strength, make a cheerful noise unto the God of Jacob."

"I eased his shoulder from the burden and I delivered his hands from the making of the pots."

"Thou calledst upon me in the time of trouble and I delivered thee; and heard thee what time the storm fell upon thee."

"I proved thee also at the water of strife."

"Hear, Oh my people, and I will assure thee, Oh Israel, (the Illumined of Spirit); if thou wilt hearken unto me."

"There shall no STRANGE God be in thee; neither shalt thou worship any other God."

—Portion of the 81st Psalm, to free from error.

First, get the sense, read and reflect, meditate a little, then become the very Spirit of that which you will to do or be and, then, go ahead; you will rarely fail.

Be not too light of countenance, rather put the SOUL of LAUGHTER in

your face; too serene spoils well-doing because of chance of mistaken identity. Austerity and Command may suit a despot's features, but sweet Compassion is woman's power, and usually, too, the power of all good men; Compassion tempered with Justice will seldom lose.

Remember, we do not say we may live here in this body forever; we do not say, as many do, that we renew this body of ours every year; we KNOW WE DO NOT RENEW IT EVERY YEAR; the older we are in number of years, the slower the renewal process; we have absolutely determined this by patients under our constant and watchful care; we do and can become young in that attitude of mind which enables young, vigorous health atoms to supplant the old, devitalized or useless atoms of our physical organism; this may take one, two or seven years, even as the growth process, as a Psychic Process, may permit; all depends upon law, the amount of territory to be renewed, the age of the body under the Process, the attitude and habits of mind and the characteristics of the patient; still more, whether married and that, too, congenially so, or detrimentally, or whether single and that, too, affecting according to purity of mentality, or its opposite and silent habits. This thing of stating we shall never become old of body, in fact as to cells, bone, marrow, sinews, atoms, etc., is erroneous, while we CAN remain young in that which is always young, Life, Love and Mind, so as to feel and look young, even while aged in years; this latter is the law of longevity, vitality, vigor and HEALTH. This Magazine edits no guess work statements, nor advocates misleading truths, or half truths; we advocate Truth and Scientific facts and we KNOW from actual experience, as to the living always, without deterioration in body here in this life and we know it's not possible, never will be possible and is not desirable; we know, too, it takes time to renew a worn out sick body. There are young old people and

there are old young people; this depends upon attitude of mind, the habits of the person, his associations and environments and very much upon food and clothing; the law is expect youthfulness, feel it, keep it and express it and BE LOVE, LIFE AND HOPE in attitude of mind and spirit, and walk to the grave as you would CHURCH or a DANCE with gladsome heart and joy of mind. The grave will have lost its terrors by the time you rightfully arrive at its brink and you will close your journey here even as, "the Arabs fold their tents and silently steal away." We must change the form of life some time, but its SIN to be ALWAYS SICK on the way to the final necessary change.

Never say die while life gives to you the right to express it in physical form; too many people are ready to quit before the fuel is exhausted. The difference between a great life and a small one is one lives at all times and enjoys all that is, while the other lives by inches and begrudges everything and everybody, even himself life's joys.

If once I found a Healer Divine so true,
As true Psychic must ever be known;
If all proof by works and fruits I knew,
Were his by law of Love, all his own
Form Spirit above, Truth made clear
And Duty made plain; I would accept
Without question his words and steer
My self in trust and confidence, except
No law, despise no right, spare no duty
That I might rise to excellence, now
And here, as Spirit might lead in him.

If health be the road to wealth and health you lack, why turn yourself to say what the Gifted may give is not of your way of seeing and doing? Who knows what your lack is better than Spirit of Love that marks the way and reveals the Process and every required thing, in and through him who must be responsible for your healing? Why need you question Process, or man when once you know he has in years of practice

proved most careful, cautious and true? Who can Reveal in ignorance, where Light of Wisdom and Life of Love Reveals to man, through fellow Gifted man?

Ah, if we but knew of the Spirit's Voice, how oft we would cease to falter, hesitate, doubt and question, where our best good is at issue? By works and worth and the fruits of work and worth test the true and then, proceed to accept that which must be done to bring you through. The Mystic and Occult knows your being from a source so true and directly correct as to set him free from man's questioning moods and doubtful attitudes. If true to his work and himself and your good, he will obey the Spirit of Truth and win and heal where all else may fail, Astral Law governing.

The time has arrived when people trained, carefully so, under our Psychological Method of Soul Unfoldment, as revealed in the First Twelve issues of this Magazine, and as taught Friday nights in our Occult class, are being sought out for difficult cases, as NURSES. Why is this so? because they are able to express right vibrations and right Spirit and Mind Forces in and about the sick room; they make the physician a SUCCESS and save human life. A good nurse is often the main stay to the physician's skill and especially a tremendous aid to his remedial agencies. Fear, ignorance and doubt and thoughts of possible death in a sick room is very much out of date and it's time it should be; we are never dead until dead.

While there is a breath there is life, and while there is life there is possibilities of health, vitality and vigor; our people are trained so as to express vital energy, spirit of life and love and power and vigor of right expression of mind and demeanor. They are SUCCESS.

If you were on our lists for Occult work and forgot your part, strict payment of our service, don't blame us if something happens that you cannot un-

derstand; we send out Love to all; but Spirit knows who has done the wrong thing. AS far as we are concerned we do not care; but for the good of all concerned, we advise each to do right no matter what the outcome; we cannot, at all times, exactly determine what is best and the BEST always comes from Divine Spirit, no matter how we may see it; Occultism of our type, does not fail even though not understood by some. Too few give the Holy Spirit credit for their best good, which comes to them and from whence they know not of. We DO our WORK that you GIVE US TO DO; we leave to the HIGHER CONSCIOUSNESS and the SPIRIT OF TRUTH the balance.

We ask ALL our readers to read over and over again, Matthew the Tenth and Thirteenth Chapter; we cannot better explain our Psychic Healing Process.

"He has achieved success who has lived well, laughed often and loved much; who has gained the respect of intelligent men and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, or a perfect poem, or a RESCUED SOUL, who has never lacked appreciation of earth's beauty or failed to EXPRESS it; who has always LOOKED FOR THE BEST IN OTHERS and GIVEN THE BEST he had; whose LIFE was an inspiration, whose MEMORY a benediction." Grand, good words by Bessie A. Stanley. We strive in ALL we DO or SAY or UNDERTAKE to have but ONE IDEAL and that IS Love, Life and Truth. We listen to no desire mind or to impulse or other thing; we hear only the Still Little Voice of the Soul and what that commands we strive to do and EXPRESS. May ALL reach this high estate and remain in it unto final Development, Unfoldment and Fulfillment of Life's purposes; thus shall ALL reach the stature of beauty and health; this is

Truth's Revealed identity and Love's highest mission.

Let none suffer from lack in that which each may give without detriment to self or others. Law, universal, is that in action which makes for excellence in ALL that we are, whether of mind, soul or spirit, and begets beauty, strength and health through right use and proper manifested expression; starve not thyself nor thy selfhood on any plane nor in any phase or thing and thou doest well by thyself and all other selves in unity and accord with thee.

Let go of all that takes place immediately it has passed you; let go of all worries, fears and doubts; expect nothing but the BEST at ALL times; be freedom from the ills as fast as they pass you and borrow none before they come; to cease to borrow trouble is to cut off trouble's interest and leave good and harmony a chance to grow and prosper thee.

We do our DUTY and then NEVER REGRET, "for to regret is to acknowledge one's self a fool." Never cry over what has been done; it's done, so let loose and see how happiness will climb right into your very soul, mind and heart, with health to boot.

If we are absolute righteousness in our codes then why does the world's civilization belie it?

If my moral code heals me not and my religion prospers me not, what is the use of either?

The Spirit that heals me; the mode of life that beautifies form and feature; the soul belief that clears the eye and makes glad the face is my Spirit, and the religion that gives me that Spirit is my religion.

Anything that reveals hate or hatred; anything that compels misuse of functional organ, or faculty endowment, or breeds distemper in any of these or in my mentality, is FALSE and I re-

nounce its Principles, Teachings and Doctrines as I would any other great detrimental infraction of my domain of peace, Love, Light and Truth.

What is Sin? Sin is anything that distempers, diseases, causes worry, fear, doubt, envy, jealousy, strife or contention as against the dictates of the Most High as made manifest within the Soul of us, as of God and His Son, (The New Creature in us), by the Holy Ghost. There is NO SIN where there is perfection of expression and hence, beauty, health and strength in character made manifest. For without the Spirit there is no perfection and without "The New Creature," there is no real LIFE and the form, alone, exists to violate laws, alone, governing the Form of things, and formal affairs. The Divine Spirit reveals what is right and obedience is the law thereafter; there is no such a mess as man has put up for man to strive to follow. Simpleness is the very law in action, as to the Divine; but man despises simpleness, because it's too great for his mundane cranial desires to see or seeing accept and obey. People want complications and walls and bars and what-nots strung about them, so as to be made miserable in attempts to obey their own fool enactments and compulsory decrees. Yet so long as man is as he is, fool enactments and don'ts and codes and binding of intellect and spirit must continue; you can't turn a herd of wild steers into a field of good grain, neither can you herd a lot of cramped minds and bound spirits and crippled and pinched up bodies loose in civilization's pastures without proper restraint. We are compelled, therefore, to adjust ourselves to things as they are, until we grow a new creature in the whole institutional fabric and that seems many long years away, as now viewed. You can enjoy most anything without actually having to own and possess it; but where selfishness hogs all, it's necessary to possess in order to enjoy, that is, in most matters of life.

OUR METHOD.

25th LESSON—PATIENCE.

By patience we mean the power to wait, watch and be still until the growth process has proved the Virtue of the thing sought for, cultivated or rightly desired of a correct Concept. By patience we mean the Art of persevering energy set at work along right plans and lines for the consummation of a given object, purpose, thing or goal, and then willingly abiding the growth, unfolding and developing process until all is fulfillment of that undertaken. God WILLED a Universe into manifestation; the Fiat of the Almighty went forth; the Concept of the Central Orb of Being as of the DIVINE WORD was spoken, as a thought it was projected from Creative Mind and thus was set in motion, as of LOVE ALL that is; this was not the ALL of Creative Will, Fiat, Word or LOVE; there was something yet to be done; but this Concept was the Ideal in completest detail of a perfected Universe; but this Concept stood as but the plans, the drawings, the architectural design of the Divine Mind; the building Process was yet to be set in motion; the Divine Love became the Power of Will and Word as that which, as the builder should set in motion the Divine Energies, as LIFE FORCES to promote a GROWTH PROCESS which should work out the details and fulfill the plans of the Master Mind and Architect; that Process is the ALL important Feature and is still operative and under way, while the Almighty God as Master Mind, Spirit and Substance, waits in patience the completion of His original, underlying purpose and Will. God Willed, spoke, set at work His Love Energies, let LOOSE and simply assuming the ideal Virtue of Patience, left Love to work out that which He had WILLED TO BE.

He did not and never will assume the roll of impatience, worry, fear, doubt and guessing or fretting and stewing over the outcome or results of His Fiat or Will; nothing becomes, except through

growth, that which it shall be; nothing is constructed or built, nay nor completed unto final perfection, without patient endeavor, industry and constant trust, knowledge and confidence in the virtue of the building process and the honesty, knowledge and trustworthiness of the builder and his method; this is true of ALL Creative Process, unfolding, growth and fulfilment in ALL Kingdoms, Realms, whether Spiritual, Mental, Physical or Material; this implies perfection of design or Concept, Love to set in motion and Patience to continue. Without Love of that which we are or undertake to be or make or build, we rarely succeed in completing well the task we undertake; without Patience in endeavor, the letting loose of doubt, fear and worry we seldom proceed along successful lines; patience is one of the first virtues and like unto its foster parent Love, it pursues its lines of action and active expression until growth, unfolding, development and fulfillment is the recompense of its perseverance. We only begin to fail if we begin with Will, Love and Life and then leave out Patience in endeavor or waiting for results; too oft we enter upon a course, stay with it but to turn back for sheer lack of the great virtue required of us, that of patience. Anxiety has killed many a strong individuality and defeated many a good and noble career; anxiety builds for loss of vigor, defeats restful sleep, encourages aging of atomic parts, bedims the eye, demagnetizes the personal and forbids that patience which fosters Life in Successful endeavor and right expression. Patience, alone, of all virtues, permits the soul to unfold, develop and express the Light of Wisdom, the Life of Health Growth and the knowledge that builds for intellectual and physical perfection; the Genius of the soul can never rise to true greatness of value and worth to man until, through patience, the soul is permitted of growth process, taking many years to reach the Christ stature in Consciousness and

Truth's Revealed identity and Love's highest mission.

Let none suffer from lack in that which each may give without detriment to self or others. Law, universal, is that in action which makes for excellence in ALL that we are, whether of mind, soul or spirit, and begets beauty, strength and health through right use and proper manifested expression; starve not thyself nor thy selfhood on any plane nor in any phase or thing and thou doest well by thyself and all other selves in unity and accord with thee.

Let go of all that takes place immediately it has passed you; let go of all worries, fears and doubts; expect nothing but the BEST at ALL times; be freedom from the ills as fast as they pass you and borrow none before they come; to cease to borrow trouble is to cut off trouble's interest and leave good and harmony a chance to grow and prosper thee.

thereby become of expressive power and worth in Creative Power. None may hope to become great of soul power or Divine Gifts unless willing to abide the Process required for true attainment of that which is Consciousness as of the Christ Nature, the Divine Attributes, and are possessed of that patience which wills to let loose, be still and wait; such is law in all Life's ways, affairs and all spiritual, mental, physical and material progress. The Universe is, yet it is not in completeness of perfection and none may essay when, or at what period, or epoch of eternal continuity of purpose such may be the final end of Divine Fiat, Will and Word. We can but be still and wait, and in patience, abide God's determining Process.

In man's Scientific research, through Astronomy, of the realms of space, his finite mind becomes lost in the labyrinth of the Mists of Worlds, stars and systems of worlds and stars, until in sheer despair, he lays down his telescope and his books of recorded discoveries and leaves to dreams and dreamers the completion of the task of measuring the immensity of Creation's Designs and Created Material Forms, Systems and Things; how much, then, should man presume to do without patience to abide the time and await the dawn of that morn, when he shall know, as Light of Spirit as the Great Creator may permit? How much more patience, then, should he permit himself to express, here and now, in the little affairs of the finite while presuming to scan the far away possibilities of the Infinite?

With the Infinite there are no impossibilities, while with the finite all is dependent upon possibilities; yet God has elected that man, even man, created in His Image and Likeness, if patient, may presume to become in tune with the Infinite, here and now, to that extent, that the impossible to mortal mind may become the possible to the soul awakened Superman.

Who hath not patience himself to know and understand, need not hope God to see or know. Get the Divine

Spirit's Light, Obey the Inner Voice of thy soul and, then, with patience, be still and wait till thou art able to walk and know of the Infinite Good, as of the Divine Attributes, in Higher Consciousness. Patience in endeavor is the key to many excellences.

Come in, sweet Spirit of Patience, abide with my soul awhile; wrest this thing from me which defeats my nobler being in selfhood's inspired thought to rise; wrest from me that demon, whose anxiety separates and destroys; make me sweet Spirit, that patience in Love Divine, which sets in motion and estops not until I am, in my image, myself complete.

If we should say we are a mine of gold, far richer in value than all the treasures of ancient Ophir or Modern mining discoveries; if we should so appear as all we should thus say, we fear the people of the world would crowd, scramble, fight and war over the possession of what we were; yet God has endowed us with Attributes and Gifts of His Great Love, Truth and Spirit of such greatness and worth to mankind as to sink into insignificance that which we have herein referred to as wealth of gold. Health is wealth and health we are and health we have to give; what more could we offer and say we were value, greatness and worth to self and all mankind. "Seek ye first the Kingdom of God and His righteousness, and ALL these THINGS shall be added unto you," means get right and then express right, and ALL these things will be attracted unto you as your natural recompense. Patience must, here, intervene in order to permit of getting under way in right and right expression. Then ALL comes as of like attracting like. Effort must be made along with right expression, as nothing comes except we reach out and claim and utilize it.

To hoard up treasures, whether of Gifts, Talents or gold, is to wrongfully express our blessings or falsely use and utilize God's beneficent gifts and treasures.

Are you stingy, and mean, and grumbling with your Occult?

Do you whine and find fault and EXPECT the WORST from him and not the BEST? Do you pay him FIVE DOLLARS, the PITTANCE of ONE DOLLAR AND A QUARTER PER WEEK and then EXPECT him to give up his time to answer your questions for which he receives a DOLLAR A SITTING FROM ALL HONEST PEOPLE?

Do you PAY him and PAY him willingly and PROMPTLY or do you THINK and LAY AWAKE NIGHTS thinking how you can deceive and ROB and CHEAT HIM?

This man charges FIVE DOLLARS A MONTH FOR SILENT HEALING, and ALL OCCULT WORK; this does not PAY for anything but SILENT WORK and that means HARD WORK without any extras or talks or anything else but SILENT WORK.

There are a FEW like him here and THERE in the VAST WORLD; he is both OCCIDENT AND ORIENT in understanding; he is PSYCHIC BORN and if a VEIL CUTS any figure, his was a SEXTUPLE VEIL and had to be cut off in order to remove it. GOOD PEOPLE needing SERVICES he WANTS, but CRANKS, SOREHEADS, STINGY, GOOD FOR NO ONE'S WORK and absolutely outside the PALE of the Infinite Harmonies, he DOES NOT ASK TO COME TO HIM, for money or anything else can pay for the undoing TORTURE of such mere FLESH POTS of monetary LIFE here. If you are HONEST with yourself and WANT SERVICES that are WORTH to you, then come and get them and PAY for them, and leave us to DO our WORK for YOU unhindered. All CALLS OUT, HEREAFTER,

TER, WILL BE AT RATE OF ONE DOLLAR PER HOUR; we have a business NOW that compels this PRICE; it is LOSS to us even at that RATE. We are THE OCCULT OF THIS WESTERN HEMISPHERE and ALL who KNOW us WILL SO STATE to any HONEST ONE needing our SERVICES.

We want HONEST people to DO HONEST work for; that's all.

I am in Essence of Being all that I may see, survey or meet; nothing there is but what I am in finer Mind, Soul or Spirit; knowing this, all things are of me and I of them in this Essence Divine, and knowing the LAW I am, through

Will, Love and Truth, able to set in motion all that's slumbering or standing still, in that of which I am a part and factor, the same, in principle, Essence or Consciousness. Yet back of me there is a Power I must recognize and praise as the Dynamic Source, which sets in motion that which I am, as continuity of the ONE GREAT CAUSE OF ALL THAT I AM OR THAT IS. Thus the Spirit of the CAUSE I am, and so I become the Power that Masters human ills, overcomes untruth and wrong expression and rules for mighty Good, in ALL prevailing, Creative Love.

How oft we choose the wrong for right,
Forgetting the soul in our physical delight.

How oft our hearts have bled for love,
That's fleeting, worthless, never above
Earth's changing breath and aging forms.

The spray of the Spirit's breath, grace
Of Life Immortal, how little thy place
In Love's grand scheme, Life's magic hold!

We die, we fleet away like fading flowers,
With Love, Truth and Life th' sweetest dowers

Of Heaven to Earth, awaiting the soul's response

To soul of soul, in the Life of a universe.
If an angel should come with all Love's gifts;

With dew of heaven and ethereal bliss
diverse;

With the finger's touch of that which lifts,

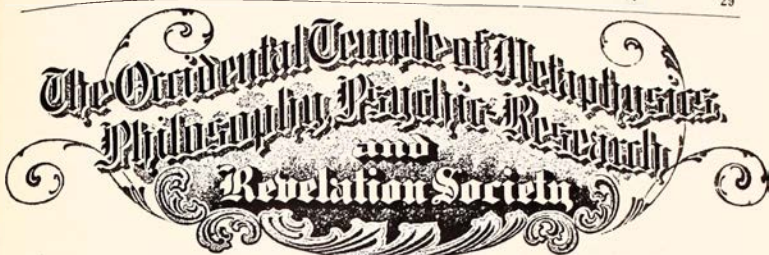

Souls to ecstasy, minds and hearts to joy,

Who would rise to the grand, sweet refrain

And knowing, accept the all of soul's alloy?

Oft we meet this Mystic chord of Love,
Yet, unthinking, lost to things above,
Pass it by and choose our fate in earth
Of outer forms and things, desires' research

For pleasures wierd and elements of decay!

THREE ADVANTAGES OF MAGAZINE ADVERTISING

1. ITS PERMANENCY

The life of a magazine advertisement is long. It remains effective for many months, often for years. A magazine is read, passed on, reread, goes to hospitals, to the army, navy-abroad, and is at last put on sale in the secondhand book stores, and begins a new life. No other form of advertising has this longevity.

2. ITS PUBLIC.

The magazine reading public is the live, up-to-date, busy, enterprising, inquisitive public. The magazine is the business man's and the housewife's literature. It is the recreation of the leisure hour, and the mirror of the world's events when these have been sifted from the chaff of rumor and mistake. Magazines are cheap enough to reach all intelligent readers, good enough to command their attention. The magazine public is the material upon which to build permanent advertising results.

3. ITS COMPANY

The great magazine advertisers are the prominent successes of the business world. To be associated with them in the public mind is to secure the very best publicity—to enter the aristocracy of advertising.
