THE LIFTED VEIL

Inscribed by NARGIS

Pupil of INAYAT KHAN

(Published by THE SUFI MOVEMENT, December, 1925.)

5/- net.

The author of "Between the Desert and the Sown" and "At the Gate of Discipleship" has brought out a third volume to help the traveller on the Mystic Way. The actual need of the day, when what is called "occult understanding" was never more desired and rarely, in certain circles, more discredited, is satisfied by this new inspiration. The dark hours of misapprehension are explained, but with simplicity and love. Not since "Light on the Path" has there been so valuable an addition to the shelf of books "that open doors."

PSYCHOSENSICS. Founded in 1923 by F. BRITAIN.

A Correspondence Course which trains your own spirit self to extend its sensory powers beyond the physical to the spiritual, *i.e.*, to see clairvoyantly, to hear clairaudiently, to feel psychometrically, and to realise the powers of the spirit for healing and controlling the body.
A system which is influencing the world.

What some of our pupils say:

734 M. "I shall be pleased for you to use any of my remarks if they are of any use, for I cannot express my gratitude for the help the training has been to me, and it has been accomplished under difficulties, also I was in frail health at the beginning.

"It is a wonderful course and has opened a new world to me, and I am speaking from my heart in all sincerity. The previous exercises strengthened my back so that I can now walk and move easily and am able to perform duties that I had not done for several years, owing to my having fallen through a trap door and injuring my back four years ago.

"I have tried to keep up my work mentally, and am understanding and learning more daily. How the knowledge comes it is difficult to say. I have faithfully tried to follow your guidance and have felt the wonderful help around me whilst trying to follow your rules. Everything is becoming plainer and the life forces are flowing in and around me."

534 P. "Your exercises and tuition have made a new man of me. Before I practised my nerves were almost shattered, and owing to sensitiveness I suffered a martyrdom, which made my life unbearable, but my nerves are now under control. It has given me quite a different outlook on life, and I would not unlearn the knowledge gained for all the money in the world."

291 G. "I think it is a splendid training. I feel I should have had to sit in an ordinary developing circle for years before I could have done what I can do now. I feel very grateful to Mr. Britain for giving people the chance of benefiting by his experience."

504 G. "I cannot thank you enough for all you have done for me physically, mentally and spiritually."

200 A. "Am pleased to report I have jumped ahead with my psychic development since taking up your course."

1004. "I have already gained much benefit from the positive exercise. I am a professional singer, and of late public appearances have worried me considerably, owing to illness recently. However, on the last occasion I braced up as instructed in the positive exercise, and all nervousness left me, nor was I troubled again during the whole of the work (a rather heavy Oratorio)."

The author of "Between the Desert and the Sown" and "At the Gate of Discipleship" has brought out a third volume to help the traveller on the Mystic Way. The actual need of the day, when what is called "occult understanding" was never more desired and rarely, in certain circles, more discredited, is satisfied by this new inspiration. The dark hours of misapprehension are explained, but with simplicity and love. Not since "Light on the Path" has there been so valuable an addition to the shelf of books "that open doors."

BLANQUERNA

Translated from the Catalan of Ramón Lull, and with an Introduction, by

E. ALLISON PEERS, M.A.,
Gilmour Professor of Spanish in Liverpool University

Now, for the first time, is the door thrown open for English people to the works of this follower of St. Francis whose name is already familiar to them as one of the greatest mystics and story-tellers of all time.

“ . . . Lull's superb allegoric novel, a predecessor of 'The Pilgrim's Progress.' Readers of 'Blanquerna' will understand how the reformation of the Church under St. Francis disturbed the inmost life of Europe.”—*The British Weekly*.

“Blanquerna” is one of the greatest masterpieces of fiction, and its hundred chapters of Catalan prose have an importance that can be compared with the hundred Italian cantos of Dante.”—*The Glasgow Herald*.

The author's aim in these pages is to bring before the public, in a readable and accessible form, a study of the most wonderful, persistent, and all-inclusive symbol in the world: the Encircled Serpent.

The pursuit of this subject makes clear the essential unity of the inner teachings of all religions, and affords a justification of God to man, whilst its lesser issues are so numerous and varied that it has only been possible to select a few typical of the whole. But readers of all tastes and ages may confidently take up this book with the certainty of finding some aspect of the symbol which will make a special and personal appeal.

The History of Spiritualism

by

ARTHUR
CONAN DOYLE

Sir Arthur Conan Doyle gives a full account of modern Spiritualism from the time of Swedenborg to the present day. He sketches the lives of the important men and women who have taken part in the movement and makes clear what the evidence was which induced them to give their support to this new revelation.

The Author does not shun the difficulties, but faces them with complete frankness and with an amount of personal experience which enables him to drive home his points. It has been aptly said that Spiritualism is "either nothing or else everything." The reader of this history will be in a position to make the choice for himself.

PSYCHOSENSICS. Founded in 1923 by F. BRITTAI.

A Correspondence Course which trains your own spirit self to extend its sensory powers beyond the physical to the spiritual, *i.e.*, to see clairvoyantly, to hear clairaudiently, to feel psychometrically, and to realise the powers of the spirit for healing and controlling the body.
A system which is influencing the world.

What some of our pupils say :

734 M. "I shall be pleased for you to use any of my remarks if they are of any use, for I cannot express my gratitude for the help the training has been to me, and it has been accomplished under difficulties, also I was in frail health at the beginning.

"It is a wonderful course and has opened a new world to me, and I am speaking from my heart in all sincerity. The previous exercises strengthened my back so that I can now walk and move easily and am able to perform duties that I had not done for several years, owing to my having fallen through a trap door and injuring my back four years ago.

"I have tried to keep up my work mentally, and am understanding and learning more daily. How the knowledge comes it is difficult to say. I have faithfully tried to follow your guidance and have felt the wonderful help around me whilst trying to follow your rules. Everything is becoming plainer and the life forces are flowing in and around me."

534 P. "Your exercises and tuition have made a new man of me. Before I practised my nerves were almost shattered, and owing to sensitiveness I suffered a martyrdom, which made my life unbearable, but my nerves are now under control. It has given me quite a different outlook on life, and I would not unlearn the knowledge gained for all the money in the world."

291 G. "I think it is a splendid training. I feel I should have had to sit in an ordinary developing circle for years before I could have done what I can do now. I feel very grateful to Mr. Brittain for giving people the chance of benefiting by his experience."

504 G. "I cannot thank you enough for all you have done for me physically, mentally and spiritually."

200 A. "Am pleased to report I have jumped ahead with my psychic development since taking up your course."

1004. "I have already gained much benefit from the positive exercise. I am a professional singer, and of late public appearances have worried me considerably, owing to illness recently. However, on the last occasion I braced up as instructed in the positive exercise, and all nervousness left me, nor was I troubled again during the whole of the work (a rather heavy Oratorio)."

Madame Blavatsky

By G. BASEDEN BUTT

10s. 6d. net

For the first time an interesting and consecutive narrative of the incidents and intrigues associated with the origin and development of the Theosophical Society is presented at a reasonable price in the form of a life of the chief Founder of the movement. Information only obtainable by diligent search through a multitude of rare and out-of-print pamphlets, magazines, and books is here collected, collated and analysed by an independent researcher, who has no axe to grind in the presentation of his conclusions with regard to one of the most remarkable and mysterious personalities of modern times—Helena Petrovna Blavatsky.

THE BOOK OF TRUTH: or THE VOICE OF OSIRIS

ANONYMOUS. Demy 8vo, cloth gilt, with 44 full page plates. 16s. net.

In this remarkable work the claim is put forward that the Great Pyramid was a Temple of Initiation, and that the Sphinx is the guardian of the sacred Mysteries of Atlantis, once more to be revealed. The communications—purporting to emanate from an Egyptian hierophant—were clairaudiently dictated; while exceptional interest attaches to the illustrations, which (unlike the text) were done automatically, and drawn without hesitation or erasure by one who normally has no artistic talent.

In Active Preparation.

SOME THOUGHTS ON MEDIUMSHIP

By L. M. BAZETT, Author of "After Death Communications," "Impressions from the Unseen," etc. With an introduction by Sir Oliver Lodge. Crown 8vo, cloth. 3s. 6d. net.

The rare gifts of Miss Bazett have brought her name as a practising psychic well to the front in the domain of spiritualistic investigation, and an authentic study of the limitations and possibilities of mediumship, from the intimate point of view of the sensitive herself, should prove not only valuable to the student of psychology, but of unusual interest to the general reader who would follow intelligently the trend of modern psychical research.

OCCULTISM AND CHRISTIANITY

By HUGH ROSCOE. Demy 8vo, cloth gilt. Price 7s. 6d. net.

Among the many problems dealt with are those concerning the Virgin Birth, Reincarnation, and Immortality. The principles of occult and esoteric teaching are discussed, while a dignified plea for Christian unity concludes a study which holds great promise of help for the earnest seeker after Truth.

"AND WITH THE MORN"

By ROBERTSON BALLARD. Crown 8vo, cloth, 5s. net.

In simple language vibrant with conviction, the author of this volume, which grew out of a great personal sorrow, offers what is hoped will prove to be a sure word of comfort for both heart and mind in the case of all who have known the anguish of bereavement. Throwing the weight of modern psychic evidence into the scales in support of his Faith, Mr. Robertson Ballard reveals the harmony existing between Religion and Spiritualism.

To be Published in the Autumn.

THE HISTORY OF ATLANTIS

By LEWIS SPENCE, Author of "The Problem of Atlantis," "Atlantis in America," etc., etc. Demy 8vo, cloth gilt, 10s. 6d. net.

THE OPTIMISTIC LIFE

MIRACLE OF RIGHT THOUGHT

BE GOOD TO YOURSELF

HE CAN WHO THINKS HE CAN

London: Paternoster House, E.C. 4

PSYCHOSENSICS. Founded in 1923 by F. BRITAIN

A Correspondence Course which trains your own spirit self to extend its sensory powers beyond the physical to the spiritual, *i.e.*, to see clairvoyantly, to hear clairaudiently, to feel psychometrically, and to realise the powers of the spirit for healing and controlling the body.
A system which is influencing the world.

What some of our pupils say :

734 M. "I shall be pleased for you to use any of my remarks if they are of any use, for I cannot express my gratitude for the help the training has been to me, and it has been accomplished under difficulties, also I was in frail health at the beginning.

"It is a wonderful course and has opened a new world to me, and I am speaking from my heart in all sincerity. The previous exercises strengthened my back so that I can now walk and move easily and am able to perform duties that I had not done for several years, owing to my having fallen through a trap door and injuring my back four years ago.

"I have tried to keep up my work mentally, and am understanding and learning more daily. How the knowledge comes it is difficult to say. I have faithfully tried to follow your guidance and have felt the wonderful help around me whilst trying to follow your rules. Everything is becoming plainer and the life forces are flowing in and around me."

534 P. "Your exercises and tuition have made a new man of me. Before I practised my nerves were almost shattered, and owing to sensitiveness I suffered a martyrdom, which made my life unbearable, but my nerves are now under control. It has given me quite a different outlook on life, and I would not unlearn the knowledge gained for all the money in the world."

291 G. "I think it is a splendid training. I feel I should have had to sit in an ordinary developing circle for years before I could have done what I can do now. I feel very grateful to Mr. Britain for giving people the chance of benefiting by his experience."

504 G. "I cannot thank you enough for all you have done for me physically, mentally and spiritually."

200 A. "Am pleased to report I have jumped ahead with my psychic development since taking up your course."

1004. "I have already gained much benefit from the positive exercise. I am a professional singer, and of late public appearances have worried me considerably, owing to illness recently. However, on the last occasion I braced up as instructed in the positive exercise, and all nervousness left me, nor was I troubled again during the whole of the work (a rather heavy Oratorio)."

The Society of the Divine Wisdom

OBJECTS.

1. To create a nucleus for the formation of a Universal Brotherhood of Humanity; participation in such a nucleus being recognised as dependent on a vivification of consciousness, not on membership of any particular external organisation. The first object of this Society necessarily includes unification of effort, and therefore brotherly relations with all those having a similar aim, purpose, and teaching throughout the world.
2. To study and disseminate the principles of the Wisdom Teaching; and to investigate in the light of that unifying wisdom comparative religion, science and philosophy.
3. To apply the principles of the Wisdom Teaching in all departments of life and thus to obtain a true knowledge of nature and the powers latent in man.

DECLARATION.

The Society defines the Wisdom Teaching as the sum total of spiritual knowledge of the "Perfect" of the Race, this Wisdom being the common Root of all the periodical spiritual teachings that have been given to humanity.

It regards the teachings of the Eastern Adepts, given out during the lifetime and through the agency of **HELENA PETROVNA BLAVATSKY**, as a direct presentation of the Wisdom Teaching, in so far as it could be divulged, for this century; and therefore takes these teachings as the basis of its study.

The purpose of the Society is to transmit these teachings faithfully and impersonally, and to carry on the programme of H.P.B. and her Eastern Teachers as stated in their authenticated writings.

PSYCHOSENSICS.Founded in 1923
by F. BRITAIN

A Correspondence Course which trains your own spirit self to extend its sensory powers beyond the physical to the spiritual, *i.e.*, to see clairvoyantly, to hear clairaudiently, to feel psychometrically, and to realise the powers of the spirit for healing and controlling the body.
A system which is influencing the world.

What some of our pupils say :

734 M. "I shall be pleased for you to use any of my remarks if they are of any use, for I cannot express my gratitude for the help the training has been to me, and it has been accomplished under difficulties, also I was in frail health at the beginning.

"It is a wonderful course and has opened a new world to me, and I am speaking from my heart in all sincerity. The previous exercises strengthened my back so that I can now walk and move easily and am able to perform duties that I had not done for several years, owing to my having fallen through a trap door and injuring my back four years ago.

"I have tried to keep up my work mentally, and am understanding and learning more daily. How the knowledge comes it is difficult to say. I have faithfully tried to follow your guidance and have felt the wonderful help around me whilst trying to follow your rules. Everything is becoming plainer and the life forces are flowing in and around me."

534 P. "Your exercises and tuition have made a new man of me. Before I practised my nerves were almost shattered, and owing to sensitiveness I suffered a martyrdom, which made my life unbearable, but my nerves are now under control. It has given me quite a different outlook on life, and I would not unlearn the knowledge gained for all the money in the world."

291 G. "I think it is a splendid training. I feel I should have had to sit in an ordinary developing circle for years before I could have done what I can do now. I feel very grateful to Mr. Britain for giving people the chance of benefiting by his experience."

504 G. "I cannot thank you enough for all you have done for me physically, mentally and spiritually."

200 A. "Am pleased to report I have jumped ahead with my psychic development since taking up your course."

1004. "I have already gained much benefit from the positive exercise. I am a professional singer, and of late public appearances have worried me considerably, owing to illness recently. However, on the last occasion I braced up as instructed in the positive exercise, and all nervousness left me, nor was I troubled again during the whole of the work (a rather heavy Oratorio)."
