THE CALL IS ANSWERED

THE purpose for which this publication, RESEARCH GLADIATOR, and its allied activities have been established is found in the Holy Bible, in the gospel according to St. Mark:

I: 16 "Now as he walked by the Sea of Galilee, he saw Simon and Andrew, his brother casting a net into the sea: for they were fishers.

I: 17 "And Jesus said unto them, 'Come ye after me, and I will make you to become fishers of men.'

I: 18 "And straightway they forsook their nets and followed him.

I: 21 "And they went into Capernaum; and straightway on the Sabbath day he entered into the Synagogue and taught.

I: 28 "And immediately his fame spread abroad throughout all the region about Galilee.

II: 15 "And it came to pass, that, as Jesus sat at meat in his house, many publicans and sinners sat also together with Jesus and

his disciples; for there were many, and they followed him.

II: 16 "And when the scribes and Pharisees saw him eat with publicans and sinners, they said unto his disciples, 'How is it that he eateth and drinketh with publicans and sinners?'

II: 17 "When Jesus heard it, he saith unto them, 'They that are whole have no need for the physician, but they that are sick; I came not to call the righteous, but sinners to repentance.'

III: 14 "And he ordained twelve that they should be with him and that he might send them forth to preach.

VIII: 27 "And Jesus went out, and his disciples, unto the towns of Cesarea Philippi: and by the way he asked his disciples, saying, 'Whom say men that I am?'

VIII: 28 "And they answered, 'John the Baptist: but some say Elias; and others, One of the prophets.'

VIII: 29 "And he saith unto them, 'But whom say ye that I am?' And Peter answereth and saith unto him, 'Thou art the Christ?'

X: 17 "And when he was gone forth into the way there came one running and kneeled to him, and asked him, 'Good master, what shall I do that I may inherit eternal life?'

X: 19 "Thou knowest the commandments. Do not commit adultery, Do not kill, Do not steal, Do not bear false witness, Defraud not, Honor thy father and thy mother.'

X: 20 "And he answered and saith unto him, 'All these have I observed from my youth.'

X: 21 "Then Jesus beholding him loved him and said unto him, 'One thing thou lackest: go thy way, sell whatever thou hast and give to the poor, and thou shalt have treasures in heaven. . . .'

Upon this injunction of Jesus is the RESEARCH GLADIATOR founded, for the purpose of bringing life more abundant to those whose lives and bodies have been blasted by wrong-living; through this publication all mankind will be acquainted with

the orderly laws of God, the knowledge of which will enable them not only to salvage their own lives, but also to help others: active steps will be taken to assist those who have been disowned by society again to merit and enjoy the confidence and respect of their fellow men: souls that are heavy with the cares and perplexities of life will be relieved of their distress: all who desire to know more about the meaning and purpose of life will be benefited by our program.

To accomplish this work, there has come into existence The American Institute of Numerical Astrology; the membership dues of \$1.50 a year entitles each member to a year's subscription to the official organ of the Institute, RESEARCH GLADIATOR, and to take an active part in the affairs of the Institute.

Members of The American Institute of Numerical Astrology will be grouped into study classes, in which a comprehensive course which covers the following subjects will be presented:

- 1) The history of religion.
- 2) The history of Numerology and Astrology and their application to every-day problems of life.
- 3) The fundamentals of the psychology of life.
- 4) The principles of Christian philosophy.
- 5) Character building, so as to attain a positive individuality.

All chapters of the A. I. N. A. will elect delegates once each year, who will convene at designated places for the discussion and inauguration of activities that will be helpful to mankind. When funds permit, a farm in a beautiful section of this country will be purchased by the A. I. N. A. To this farm will come those who are in need of the healing qualities of the Central American medicinal water. Through this water, cell-salts, proper foods, sunlight and rest, men and women will be restored to health. If you are interested in becoming a part of this movement, we invite you to affiliate with us.

NUMERICAL ASTROLOGY'S MISSION

NUMERICAL ASTROLOGY opens to you the depths of your own soul; reveals the innermost desires of your heart; enables you to understand the potential powers which are lying dormant within you; tells you which inclination to foster and what desires to suppress; and warns you against negative forces.

All obstacles in life are the result of negative forces; so called "Fate," good or evil, originates

within your own thoughts and is manifested in your actions. Your signature reveals your destiny, for it is the signal board by which the Divine Vibrations of your life are controlled. By harmonizing your name with your soul path you assure yourself success and happiness.

Numerical Astrology enables you to live in harmony with the Divine plan of God's Numerical Laws. In order that you may reach your highest estate, you must traverse the definite cycles of time that mark your various stages of earthly evolution. Those cycles are measured by the movements of the earth and the planets in their orbital revolutions around the sun; they are determined by the positions of the planets in relation to the fixed stars of the great solar system, inter-related, operating harmoniously, marking the hour you came into existence on this earth. Just as the hands of the clock point to the numbers on the dial to tell you the time of day, so does Numerical Astrology reveal the planetary influences and forces upon your life; thus enabling you to live in harmony with the Divine plan and to shape your destiny through the understanding of your own nature and its close relation to the solar system.

Each planetary influence is a master builder, silently and regularly carrying out the work of the Divine Law, vibrating upon earth both negative and positive forces. Thus is life made up of Numerical laws, which affect human life; vegetation and every living thing that was or is or ever will be is the result of a Numerical Law.

Every human being has somewhere along life's journey a mission. God has given each individual the talent necessary for the accomplishment of his or her life's work - those who recognize their calling and develop their capabilities are rewarded with supreme power, those who evade or fail to find their purpose in life undergo disappointments, heartaches and failures. Positive Numerical Astrology will teach us to utilize these Planetary Forces which are most valuable and beneficial to humanity, and to develop the power necessary to the fulfillment of that mission. For the fundamental principles of Numerical Astrology, turn each month to the RESEARCH GLADIATOR.

THE RESEARCH GLADIATOR is pledged to the enlightenment of mankind; it will show each individual how, by recognizing and observing the Numerical Laws established by God, he can obtain fully the blessings that his Creator intends for him to enjoy.

God wanted man to know how to shape his life intelligently, so, after the fall of Adam, He

handed the science of Cabala writing (meaning "Traditional Knowledge") to Noah and later to Abraham. This science finally reached the Chaldeans and through them it was carried to the Egyptians who instructed Moses in its mysteries. During his forty years' sojourn in the wilderness, Moses was further instructed in this science by God. From these ancient races, Cabala writing found its way to the lost continent of Atlantis and then to the Mayan Indians in Central America by Kashaski, the Red Prophet, a survivor of the Atlantean Empire, who was a descendant of the lost tribes of Israel.

—::—

THE ATLANTEAN EMPIRE

THE ATLANTEAN EMPIRE existed during the golden age, when the gods walked with men, who were then demigods, to whom every civilized race owes an incalculable debt of gratitude. In the British Museum there is a remarkable document known as the Troano manuscript, which was written over 3,500 years ago by the Mayas of Yucatan, containing an authentic account of the cataclysm which sank the continent of Atlantis. It reads—"In the year 6 Kan, on the 11th Mulac in the month Zac, there occurred terrible earthquakes, which continued without interruption until the 13th Chuem. The country of the hills of Mud, the land of Mu, was sacrificed; being twice upheaved it suddenly disappeared during one night, the basin being continually shaken by volcanic forces. Being confined, these caused the land to sink and to rise several times and in various places. At last the surface gave away and ten countries were torn asunder and scattered; unable to stand the force of the convulsions, they sank with their 64,000,000 inhabitants."

Before the Atlantean continent was submerged, the initiates of the Atlantean Mysteries, carrying with them the secret doctrines entrusted to their keeping, immigrated into Egypt and other parts of the earth where they would be safe from the impending catastrophe. Thus their secret teaching, with its priceless value to subsequent ages, was preserved. They established centers of learning and promulgated the code, clothed in the language of symbolism, to such as they deemed worthy to receive it.

DR. PIERRE VALJEN

DR. PIERRE VALJEN's education in the science of Numerical Astrology began at the early age of six at his mother's knee.

There in Central America, among the sago palms in the heavenly verdured cliffs and shores of

an unexplored region, familiar only to his forefathers, stands an ancient, silent Mayan Indian Temple, crowded with the strange wisdom of the red races, of an early civilization. In the splendor of his mother's wisdom he was taught interpretations of the symbols and hieroglyphics of an ancient culture dating back to the lost continent, Atlantis.

Unfolding pre-biblical and pre-historic facts, holding the lost secrets of the great principles of nature's numerical laws.

After receiving his training in the fundamentals of this great science he came to the United States to devote his life to the solving of the problems of humanity.

For the past thirty-five years Dr. Valjen has traveled extensively to extend the influence of his knowledge to the far corners of the world.

The doctor is a graduate of the University of San Juan CR. CA., holding the degrees of Ph.D. and D.C. He is a diligent student of both philosophy and science and is the author of several outstanding publications.

You, like thousands of others, will be benefited by receiving his advice on your every-day problems of life. He takes this opportunity to welcome you as a reader of the RESEARCH GLADIATOR. Whatever your problem is, no matter how close it may be to your heart, he will be glad to counsel you FREE.

A MOTHER'S LOVE

THERE is an old legend that runs in this wise: At creation's dawn an angel came down to earth and before returning looked about for something to carry back to heaven. There were three things that attracted the attention of the white-winged messenger.

A bouquet of sweet flowers that had been gathered from the earth's fair and blooming gardens, the smile of a little baby that had been playing with a sunbeam, and a mother's love. These three the angel carried away. But when she reached the pearly gates of Paradise the flowers had withered, the baby's smile had vanished; only the mother's love remained the same, and being found as pure and eternal as the waters that ranged about, exclaimed in unison:

"There is nothing on earth pure enough for Heaven but a mother's love." This was tribute containing sublime thought. All through the ages it has been human experience that the angels referred to in that far away legend were not over extravagant in the message which they passed out through the open windows of the "Many Mansions along the banks of the River of Gold."

foods. "Bio Prepared Salt," fulfills the above requirements.

We suggest that nature can be further assisted by using certain of the "Cell Salts" in specific cases, in conjunction with the natural mineral salts.

In the next issue we will tell you how nature explodes our food to release the energy and heat, and how the resultant acid products are neutralized by the body salts. Interesting, isn't it? Become more interested in life and it will become fascinating to you.

Yours for greatest health and happiness,

W. F. SHEPHERD, F.R.C.

piness is not in doing what one likes, but in liking what one has to do.

Life is indeed a strange gift and its privileges are most mysterious, full of amazement and rapture; to see the golden sun, the azure sky, the outstretched sea; to walk up the green earth, to look down yawning precipices or over distant, sunny vales; to ponder over the mysteries and beauties of the moon and the millions of stars; to bring the distant planets close at hand by means of a powerful telescope or to study invisible life through microscopes; to trace the development of life through history, archeology and literature; to witness the changing of the seasons; to see on one side startling beauty and on the other pitiful deformity; to watch the eternal struggle between right and wrong; to pass from the reverence of a Church service to the shameless wickedness of vice resorts; to watch the unfolding of life in the motion picture theatre; to study works of art; to gather unto oneself the wisdom of the ancients and through science to peer into the future; to plead the cause of humanity; to have the world's treasures poured at our feet; to be and do all the things known in this modern age - - then to have everything taken from us by death.

Who wants death to end one's existence? Our hope for Life Eternal grows out of our love for life on this earth. If you would know the mighty works of God, if you would comprehend His wisdom, if you would understand His laws, investigate Numerical Astrology. Although the question of the creation is too profound for the human intellect, God, through Numerical Astrology, has revealed definitely His plan for the future. You owe it to yourself, and to those who share your life, to learn more about Numerical Astrology.

GOD'S HAND IN THE LIVES OF MEN

Continued from page 10

famed in sacred history will be lighted by electricity. The Via Dolorosa, the road along which Christ passed on His way to Calvary, will be illuminated by electricity that is generated in the river in which He was baptized.

The Jordan River is rich with sacred history. In it, Jesus was baptized. Naaman got rid of his leprosy by dipping himself in it seven times. Its waters were held back by God to let the Israelites cross over. The Ark of the Covenant was carried over it. Now its waters are to be harnessed for light and to be used to transform countless acres of arid waste lands into fertile farms.

Behind all this activity, which is being carried out in the name of business, is the hand of God, fulfilling prophecies of long ago. God is causing the Holy Land to be rebuilt, so that His promised kingdom - - His prophesied rule of peace - - may be realized. Today, the Holy Land has hospitals, schools, colleges and homes that recently were established by Jews who came from all corners of the world to rebuild the land of their fathers. Though they may not have realized it at that time, their return to the Holy Land speeded the day when Christ is to return to blessed rule over all nations of the earth.

It has been prophesied that Christ will return to the scenes of His earthly life in 1960 to begin His reign of one thousand years of peace. You and I - - all who live today - - may live to see the fulfillment of this great promise. It is incumbent upon us, therefore, to attune ourselves to the plan of God - - this we can do through the science of Numerical Astrology.
