VOL. II.-NO. 4.

The Brinciples of Mature. A CONSERVATIVE BLOW AT SPIRITUALISM

gheld (Mass.) Weekly Republicus, of the 16th

not., nueditorial appears, headed "A Plain Talk about Spiritual-ism and its Tendencies." As it is eminently designed to east som and its Teudenets." As it is commuly designed to east odium upon the faith religiously entertained by urany, that the World of Spirits is stooping down in close proximity to this, to elevate misgnided humanity to a higher plain of visidom, which five th sand years of experice, and eighteen hun rears with the " Word of God" have failed to do ; as the article is calculated to point the inger of seon indiscrimi-nately at these who investigate this matter, whether blindly or ndor : and as the writer makes an inconstruous mixto of truth and error, with an obvious design to sweep the whole matter by the board, it is thought due, in point of justice to both sides of the question, to examine some of the positions he The writer remarks that " wherever the 'Manifestations' a

y are denominated, are received as authority in Spiritual ugs, these Christianity is blotted out." If Christianity, in purity, includes all the high motives of which the human mind is capable—all aspirations to goodness and purity— which that writer date not deny, then his assertion betrays an rance, in regard to the Spiritual Philosophy red only by the folly that urged him to exat of ienoral

adiatal are not so hobily infidel as Mr. Finney. "All (Sais "An (optimizing) are not so occup instant as str. riskey, nor have they so resolutely placed their feet upon God's Word." In this paragraph the writer exposes a sad want of discernment, which results from a fixed law of blinding pre-cenceptions; for it was noither God nor his Law, as a foot-

MESSAGES FROM THE SPIRITS. EXPERIENCE-A TEST OF TRUTH

e. names service. Experience is a test of all truth. No sentiment can be derr Exponence is a test of all train. For sentimener can be defined-strated to the satisfaction of any mind without it. All senti-textus may be tested by this rule. When, therefore, any sentiment shall be pronsunced good or bad by any one who has never accepted and practiced it, the judgment is pressa-tion and administration of the product of the sentimener. are and should not be taken as safe and reliable. It is

(Burnet, Sarah and Sara our nearly tearing a question in conformity with the opinion attend of deciding a question in conformity with the opinion of those who were as inexperienced as laimoid, the lazare of erroneous condemnation would have been avoided.

In mental and moral philosophy men are often speculative. In mental and more possible way uses are often apprendiates. They seek correlations from impossible and imprecisable semiments. They mistike the real and adopt the imaginary. They affire a semiment, and proceed to make deductions, and from three build a kardeox fabric of their imagination. Among truin increasing a correct statute of inter integration. Assume the radiancests of manttested percentations are the ragaries of superstitution, the form of demons, the hope of excepts from Stata, the whitmixical notions of a world peopled with integr-inate fiends, or the idea of a heaven where creed-supporters and creed-makers enjoy what honest men are denied; a and creed-indices copy whith horized ince are denired; a heavier where unsympthicing soils greed cash coher, without a regret that others are separated from them by the walk of unreading wrath; these are regarises that even a man may re-ceive without, subjecting himself to seem, or the semimorus ceive without subjecting numero to a so to the test of experience, because ignora sovern the judgment. Who, among the

and and dying masses of nutter remoid him. What youl can may first hole low regicted an accredited as avery the model appeals of ignorance and shane? What good has it yever along, or will be ever do, when more done their yrays, and their minds against its adoption and practice, and aques their morts only to go in the faces of truth? What good em-trath do hose who meck its philosophy and close their eners to its vector of harmony and how rem². What good will its how the continue to run after rise and error, during and debasis, who makes no reform in their holes, account, and debasis, who makes no reform in their holes, account, and vices, but who keen injouity concealed, or cast its yenon on a vices, but who keep impuly conversion, or east its vectors on otheres. I What good has it does in any age of the world? It when men shall narseer truly these questions, Spirits will use he ridiculed ner their messages despised. Hence mon see no good in any recellation, angiest or modern, until such recells-tion of the state of the state of the state of the recells-ing on the stary recellation, angiest or modern, until such recells-tion of the state of the state
