Truth Wears Many Raiments

EVENTS are rapidly forming themselves in accordance with the new age that is dawning. Creeds show signs of crumbling and old landmarks will gradually be swept away with the on-coming tide of advancement. A new life is coming into society. Womanhood is advancing toward the throne of her divine kingdom, and she will stand side by side, with a more divine manhood. The old order is giving place to the new, and the religious toleration accorded the Jew, Mahommedan, Greek, agnostic, atheist and christian, proclaims the expanding consciousness of mankind generally; and the minor realization that truth wears many raiments, and speaks in many tongues, so that every individual may hear its voice, and honor the principle by service.

C Higher, finer faculties and more transcendental powers are to-day being manifested by a great number which tend to reveal and demonstrate the presence of what some modern students term a sixth sense, as a developing faculty of consciousness; or, as we may better express it, powers that belong to a higher plane of existence, much finer than the physical, are beginning to dawn in upon those souls who have reached a point in evolution where these higher faculties can manifest.

C A science of the divine law guiding this earth and its millions of inhabitants, is indeed a science of life, and has a direct bearing upon all events, and the many vexed problems that have been in agitation during the past century, aye, even the thoughts of mankind; and we shall surely witness within the next ten years, as the sun progresses through Aquarius, the home of Urania the Mystic, and the sign of the man, the mental powers of the race becoming mightier and the psychic gifts latent within him unfolding.—*Science and Key of Life. Vol. IV.*

Wise and Otherwise.

By Dr. Geo. W. Carey

Many persons speak of "The ignorant foreigner"—a man who probably speaks three languages correctly while his critics can't speak their own language as well as a parrot.

Mental scientists affirm health and opulence and then fail in business and seek a change of climate to cure nervous prostration.

Theosophists say they are working out their "Bad Karma" by good and charitable works and then they foreclose a mortgage on a home and form another trust.

Doctors want you to take a drug, when you think you are sick, that will cause sickness when you are not sick, honestly believing that two diseases in your anatomy (or mind) are better than one. However, if ownership is so good as many think it is, the more diseases we own the better.

Suggestion as Applied to Business.

By Victor du Bois

"A really unique little volume of very concrete value to the business man.— Mr. du Bois illustrates and clarifies every point he makes by well-chosen examples of practical application of the soundly helpful information with which the volume abounds.—N. Y. Times.

"It is worth its weight in gold."—Student of Salesmanship.

WAR OR PEACE

Is the title of a 50-page booklet by L. Edward Johndro. It contains a mathematical analysis of the astrological evidences of war between the United States and Japan previous to the completion of the Panama canal.

It contains, so far as the author knows, the only exact horoscopes of President Taft, Colonel Roosevelt, and Mutsu Hito, The Mikado, ever published.

It contains a true exposition of the principles of astrology as applied to the principles of war—defense, offense, and conquest; and gives an excellent opportunity to the student to test for himself the author's original problems on Mundane Astrology.

It also contains the charts of Washington, Mexico, San Francisco, Honolulu, Guam, Manila, and Tokio, and geographic sketch maps of Mexico and our Pacific Coast plotted with antagonistic lines which show the zones of threatened conflict in the event of war.

It gives the critical times in this respect through 1911-12-13-14, and the central influences. It touches on the presidential election of 1912, and very briefly on the question of a world crisis and world peace.

PRICE 50 CENTS.

You Must Eat to Live

Nothing will take the place of material food if you want to keep the material body in repair. The Creator gives the normal animal intelligence enough to feed itself and expects it to use it; otherwise the body will be destroyed. When you come to consider necessary foods, Rohe, in Textbook of Hygiene, gives: (1) Water; (2) Salts; (3) Proteids; (4) Fats or Carbohydrates. Currier, in Practical Hygiene, gives: (1) Water; (2) Salts; (3) Albumins; (4) Fats and Oils; (5) Starch and Sugars. Dr. Henry Reed Hopkins, President of the Medical Society of New York, in an article on the Mineral Nutrients, says that Air is the most important food. Water the next in importance, and Salts the third, the three constituting Class One. The reason is plain:

A person can live but a few seconds without air, a few hours without water, and a few days without the mineral nutrients. A person will die in less time when fed on food from which the salts have been largely extracted than when given no food at all.

The absence of the mineral nutrients in part, so that the necessary proportions in the animal body are disturbed, causes disease, and that kind of disease which only the restoration of the equilibrium will cure. Nature cannot heal because her supplies are wrong. She will cure as soon as she gets the needed supplies in usable form.

The Ensign Remedies are composed of mineral nutrients in usable form. Taken into the body they are readily assimilated, and are used promptly in the restoration of wasted tissues. They are foods, and the most important of all foods, where there are diseased conditions. Remember, if you have tried tissue Remedies and failed to secure desired results, that the Ensign Remedies are different from all others. Other manufacturers use twelve tissue remedies only, and are therefore greatly limited. We use over eighty different forms of salts, and all are needed in the living animal body. We cure all forms of disease, and are not limited to a few chronic ailments. What we tell you we know from experience in thousands of cases, and are neither guessing nor theorizing. If you want to know more about the Remedies, write us today for our literature. We cure all diseases. There are incurable cases, where the body has been so destroyed that it cannot be repaired—but these are comparatively few. Write us for booklets on General Diseases, Private Diseases, Women's Diseases, Varicose Veins and Varicocele. They are free to all.

THE GREAT QUESTION

"Some are born to honor and others to dishonor; some to wealth and others to want; some in the midst of crime, ignorance and sorrow, others environed in happy conditions.

When and where is the Law of Compensation applied to equalize these conditions, or why should these things be?"—HENRY CLAY HODGES.

The Supreme Spirit is everywhere; not parcelled off somewhere in space by itself floating about, void and separate from itself.

The whole universe without limit and without beginning or end, is the devine supreme unknowable absolute, and in that Supreme Spirit we are moving. In Him we live and have our being.

To be annihilated is impossible. God, the Supreme, is. He can never cease to be and we are all parts of God.

A knowledge of this means the conviction of the soul as to its own immortality, and reason on every side supports this knowledge.

Never fancy you could be something if only you had a different lot and sphere assigned you. The very things that you most deprecate, as fatal limitations or obstructions, are probably what you most want. What you call hindrances, obstacles, discouragements, are probably God's opportunities.

HORACE BUSHNELL.

OPPORTUNITY

This I beheld, or dreamed it in a dream—
There spread a cloud of dust along a plain;
And underneath the cloud, or in it, raged
A furious battle, and men yelled, and swords
Shocked upon swords and shields. A prince's banner
Wavered, then staggered backward, hemmed by foes.
A craven hung along the battle's edge,
And thought, "Had I the sword of keener steel—
That blue blade that the king's son bears, but this
Blunt thing—!" he snapt and flung it from his hand
And lowering crept away and left the field.
Then came the king's son, wounded, sore bestead,
and weaponless, and saw the broken sword,
Hilt-buried in the dry and trodden sands,
And ran and snatched it, and with battle-shout
Lifted afresh he hewed his enemy down.
And saved a great cause that heroic day.
