THE MAGNETIC HEALING CUP

has been called "the greatest medical discovery of the 19th century" by those who have tested its merits. It is a thoroughly scientific discovery and is curing Rheumatism, Dyspepsia, Constipation, Nervous Prostration, Insomnia, Headaches, all Liver and Kidney troubles and every known complaint because it **increases the vital healing force**. If it be possible for a sufferer to get well he will get well by using this cup, for it **charges the whole system at once with the only force which ever cured anything, i.e.—the vital healing force**. Nothing dangerous about it. A child can use it. Does not interfere with any other treatment.

DESCRIPTION OF THE CUP.—Each cup contains sufficient magnetism to lift a weight of 40,000 lbs. a distance of one foot, and its influence can be perceptibly noticed at a distance of over 30 inches. This is a demonstrable fact. This immense force is passed through a tasteless solution of Magnetic Metal Salts, prepared by a secret process, and every draught of this magnetized fluid conveys magnetic life force directly into the body and circulation. Patients begin to pick up at once in vital force and health returns, no matter from what disease the patient suffers. **Every family, every invalid, every physician, and every healer should test this cup.** For full particulars, testimonials, descriptive pamphlet, etc., write today to

PSYCHRATISM

THE NEW DISCOVERY OF THE AGE.

THE VERNON ACADEMY WILL TELL YOU
ALL ABOUT IT FREE OF CHARGE.

PSYCHRATISM, the Marvel of the Twentieth Century. The new discovery of Prof. Albert Vernon given to the world. **YOU WANT IT.** You are not competent to combat the influences of the world without it. With a knowledge of the principles of this grand science all the avenues of success are opened wide to you. Marvelous cures are effected through its wonderful power.

PSYCHRATISM is not **HYPNOTISM**. It is not simply the power of putting another to sleep, nor a name to mystify. Psychratism is a science—the brightest star in the scientific firmament of the age—and appeals to man's intellect and reason. Psychratism enlightens, makes truth of mystery and is the X-rays of self development and personal influence, enabling one to see and understand all that has been attributed

to supernatural agencies, hypnotism and occult influences during the past ages. Prof. Vernon has written a comprehensive 100-page book, entitled, "Psychic Phenomena of the Twentieth Century," in which he fully describes the science of Psychratism. **WRITE FOR IT TO-DAY. IT COSTS YOU NOTHING.** This gifted man hastens, like other great discoverers, to give the results of his research to the world. He wishes all to profit by his experience and knowledge, and will be glad to start you in the study of this, the grandest of all sciences, by sending you the book **FREE** and **POSTPAID** upon receipt of your name. This is a valuable book, not a mere advertising pamphlet, and contains much information and the rudimentary lessons in this interesting and elevating science. Address

A Correspondence School IN Suggestive Therapeutics

In addition to the monthly personal lecture course, the St. Louis School of Suggestive Therapeutics has opened a "**CORRESPONDENCE DEPARTMENT OF INSTRUCTION**," and people who cannot leave home for a personal course can now learn the principles and practical application of Suggestion, as taught in this school, through this correspondence department. This is not simply a **MAIL COURSE**, it is a complete course of correspondence instruction, and is carried on in a manner similar to that of correspondence law schools.

We teach our absent pupils the same practical application of suggestion in the treatment of all kinds of diseases that our personal course embraces, and all intelligent people can learn to do successful work in Suggestive Therapeutics in this way. We also teach them all the modern methods of Hypnotism. Absent pupils get diplomas the same as those who take our personal course.

A NEW BOOK. Send one dollar for our Book "Suggestion in the Cure of Diseases and the Correction of Vices." Fifth Edition. This book explains all the methods of mental healing—tells the principles upon which Christian Science, Divine Science, Mental Science and Magnetic Healing do all their effective work. It teaches how to hypnotize; contains the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

THE MAGNETIC HEALING CUP

DRINK TO LIVE

has been called "the greatest medical discovery of the 19th century" by those who have tested its merits. It is a thoroughly scientific discovery and is curing Rheumatism, Dyspepsia, Constipation, Nervous Prostration, Insomnia, Headaches, all Liver and Kidney troubles and every known complaint because it increases the vital healing force. If it be possible for a sufferer to get well, he will get well by using this cup, for it charges the whole system at once with the only force which ever cured anything, i. e.—the vital healing force. Nothing dangerous about it. A child can use it. Does not interfere with any other treatment.

DESCRIPTION OF THE CUP.—Each cup contains sufficient magnetism to lift a weight of 40,000 lbs. a distance of one foot, and its influence can be perceptibly noticed at a distance of over 30 inches. This is a demonstrable fact. This immense force is passed through a tasteless solution of Magnetic Metal Salts, prepared by a secret process, and every draught of this magnetized fluid conveys magnetic life force directly into the body and circulation. Patients begin to pick up at once in vital force and health returns, no matter from what disease the patient suffers. Every family, every invalid, every physician, and every healer should test this cup. For full particulars, testimonials, descriptive pamphlet, etc., write today to

PSYCHRATISM

THE NEW DISCOVERY OF THE AGE.

THE VERNON ACADEMY WILL TELL YOU
ALL ABOUT IT FREE OF CHARGE.

PSYCHRATISM, the Marvel of the Twentieth Century. The new discovery of Prof. Albert Vernon given to the world. **YOU WANT IT.** You are not competent to combat the influences of the world without it. With a knowledge of the principles of this grand science all the avenues of success are opened wide to you. Marvelous cures are effected through its wonderful power.

PSYCHRATISM is not **HYPNOTISM**. It is not simply the power of putting another to sleep, nor a name to nothing. Psychratism is a science—the brightest star in the scientific firmament of the age—and appeals to man's intellect and reason. Psychratism enlightens, makes truth of mystery and is the X-rays of self development and personal influence, enabling one to see and understand all that has been attributed

to supernatural agencies, hypnotism and occult influences during the past ages.

Prof. Vernon has written a comprehensive 100-page book, entitled, "Psychic Phenomena of the Twentieth Century," in which he fully describes the science of Psychratism. **WRITE FOR IT TO-DAY. IT COSTS YOU NOTHING.** This gifted man hastens, like other great discoverers, to give the results of his research to the world. He wishes all to profit by his experience and knowledge, and will be glad to start you in the study of this, the grandest of all sciences, by sending you the book **FREE and POSTPAID** upon receipt of your name. This is a valuable book, not a mere advertising pamphlet, and contains much information and the rudimentary lessons in this interesting and elevating science. Address

A Correspondence School

IN

Suggestive Therapeutics

In addition to the monthly personal lecture course, the St. Louis School of Suggestive Therapeutics has opened a "**CORRESPONDENCE DEPARTMENT OF INSTRUCTION**," and people who cannot leave home for a personal course can now learn the principles and practical application of Suggestion, as taught in this school, through this correspondence department. This is not simply a **MAIL COURSE**. It is a complete course of correspondence instruction, and is carried on in a manner similar to that of correspondence law schools.

We teach our absent pupils the same practical application of suggestion in the treatment of all kinds of diseases that our personal course embraces, and all intelligent people can learn to do successful work in Suggestive Therapeutics in this way. We also teach them all the modern methods of Hypnotism. Absent pupils get diplomas the same as those who take our personal course.

A NEW BOOK. Send one dollar for our Book "Suggestion in the Cure of Diseases and the Correction of Vices." Fifth Edition. This book explains all the methods of mental healing—tells the principles upon which Christian Science, Divine Science, Mental Science and Magnetic Healing do all their effective work. It teaches how to hypnotize; contains the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

Chicago School of Psychology

INCORPORATED

The First School of Suggestive Therapeutics Founded in America.

Established June, 1896

HERBERT A. PARKYN, M. D., Medical Supt.

Students in attendance at the Chicago School of Psychology.

THE CHICAGO SCHOOL OF PSYCHOLOGY was established June 15, 1896, for the purpose of teaching Hypnotism, Suggestive Therapeutics and the treatment of disease by natural methods. Our course is very complete and by a new system of diagnosis and the practice of medicine is greatly simplified, so that our graduates are at once prepared to treat successfully **FUNCTIONAL DISORDERS**, such as Chronic Constipation, Dyspepsia, Diarrhea, Irregularities of Menstruation, Loss of Memory, Inability to Concentrate the Attention, **NERVOUS DISEASES**, including Locomotor Ataxia, Neuralgia, Nervous Prostration, St. Vitus' Dance, Epilepsy, Stammering and Asthma. **MENTAL TROUBLES**, such as Melancholia, Mania, Idiosyncrasies, Illusions, Delusions, Hallucinations, Stage Fright, Self-Consciousness, etc. **HABITS**, Liquor, Morphine, Cocaine, Tobacco, Muscular and Vicious; also Headaches, Rheumatism and Is-omnia.

THE CLINIC. No where in America has the student of Suggestive Therapeutics such clinical advantages as we offer here. We have no "horses" which are brought out for each class to practice on, but a clinic averaging twenty patients each day and conducted like that of a well regulated medical college. Our students are instructed in our special methods for taking the history of cases and arriving at a diagnosis, and are permitted to treat patients at the clinics.

Since this school was opened we have graduated nearly 1,000 students and over 8,000 patients have been treated by Suggestion alone. We are here to demonstrate the powers of the mind in overcoming disease, and our students are able to determine what Suggestion can accomplish. Our treatment is not mixed with Medicine, Electricity, etc. These things are all right in their places, but our students come here to study Suggestion, and we teach it to them. The results we are obtaining daily by the use of Suggestion alone are but little short of miraculous. Course lasts two weeks and commences the first of every month.

◀◀◀◀ DIPLOMA ▶▶▶▶

Every graduate is presented with our handsome steel engraved sheepskin Diploma 14x18 inches in size. **READING ROOM.** We have a fine Reading Room for students, with tables filled with the latest magazines and books. Our students receive their mail and write their letters at the school; in fact, make it their headquarters while in the city. **PRIVATE TREATMENT.** Patients desiring private treatment are placed under the personal care of the Medical Superintendent, Dr. Herbert A. Parkyn, and accommodations secured for them within a block of the school, which is situated on the finest Park Boulevard in America. **MAIL COURSE.** In order to meet the demands of many physicians who wish to read up on Hypnotism and Suggestive Therapeutics, a correspondence course has been published. It contains the latest, simplest and best methods of inducing the Suggestive or Hypnotic condition; the proper application of Suggestion and the treatment of disease by natural methods. All the treatments prescribed in the course are those which have been found most successful in the work at **THE CHICAGO SCHOOL OF PSYCHOLOGY.** The experiments of this institution have upset all the old theories; have turned the searchlight of science upon old mysteries and made them open books; have paved the way for intelligent uses of the science; dispelled prejudices, and are miles in advance of the work done by any similar institution in the world. Our work is up to date and we are still progressing. One advantage of our system is that patients under treatment never associate the methods with Hypnotism. The methods employed are radically different in those in conventional use and so simple that a schoolboy can understand their philosophy. The mail course is printed on fine hand-made paper and consists of 42 parts, for which over four hundred pages are required. The course is so complete in itself that no other books are required. A diploma is also awarded to those taking an examination by mail.

For terms of school course, private treatments, instruction by mail, etc., address.

SANITARIUM in America established and conducted for the treatment of all forms of mental and nervous diseases, and drug addictions, by PSYCHOLOGY. Its success is witnessed by the constant enlargements of its accommodations for patients from all parts of the Union.

The School of Psychology conducted by Dr. Sahler, with monthly classes, is successfully teaching to hundreds the marvelous truths and forces of this Science of the Twentieth Century, the divine secret of health and success.

Rev. Sam W. Small, D. D., the famous Southern Evangelist, says: "After three months' observation and test I am convinced of the wonderful results obtained through Dr. Sahler's treatments. In cases pronounced hopeless he has wrought, to my knowledge, rapid and radical cures. His methods are sensible, scientific and suited in every case to the psychological conditions of the patient. I came to him sick and skeptical; I go away sound from head to heel and fully believing all things that I have here experienced."

The Sanitarium is in a historic Colonial City, at the foot of the famous Catskills, on the banks of the picturesque Hudson. The water supply, the atmosphere and the social environment are all pure and made for health and happiness. Dr. Sahler is a recognized authority in occult studies. Sufferers and students seeking relief and knowledge should write to him at once for special publications concerning system of treatment, terms, classes, etc. Address: **Dr. E. O. SOCIALISM

Do you know what it means? "Dividing up?" No. "Killing of the capitalists?" Not at all. "Anarchy?" Just the opposite. "Then, perhaps it means a heaven on earth that is coming when every one is good?" Not that either. Socialism is coming long before every one is good and it will make it possible for people to live according to the teachings of Jesus, instead of merely pretending to do so.

The way that Socialism is coming is this: Socialists understand that there are two classes of people in the civilized world. First, there is the working class, including all who do useful work either with their hands or their brains. They are as a rule poorly paid because the larger share of what they earn is taken from them (legally of course) by the other class of people. These are the capitalists, who gather in the rent, interest and dividends. Once the capitalists used to work, but now they hire others to do their brain work as well as their handwork. They only draw incomes.

Socialists propose to make the machinery and the railroads the property of the whole people, to stop paying an income to capitalists out of the labor of others, and to give a good living to every worker and every one unable to work. This they propose to do by uniting the working people into a party of their own to get control of the government and use it in their own interest.

If you belong to the working class, that is, if you get your living by working and not by some kind of begging or stealing, it will be worth your while to learn what Socialism means and to join the SOCIALIST PARTY, which is looking out for YOUR INTERESTS.

To get a clear and connected account of what Socialism stands for you should read the new book entitled COLLECTIVISM AND INDUSTRIAL EVOLUTION by Emile Vanderveide, 199 pages, price in paper 25 cents, in cloth 50 cents.

If you want a brief statement of Socialism or a discussion of some special phase of it, short enough to read in half an hour, take any issue of the POCKET LIBRARY OF SOCIALISM. This is a series of 32-page booklets published monthly at 50 cents a year or 5 cents a copy. The following numbers are now ready:

THE MIND TELEGRAPH.

This book is translated from the sixth German edition. It is the autobiography of a man who by the exercise of his will power, developed the same to so extraordinary a degree that he could exert his will upon all Nature, especially men and animals, and could make them his subjects. It is an intensely interesting account of his success in influencing others to do what he wanted them to do. Paper, 25 cents, postpaid.

THE
MAGNETIC HEALING CUP

DRINK TO LIVE

has been called "the greatest medical discovery of the 19th century" by those who have tested its merits. It is a thoroughly scientific discovery and is curing Rheumatism, Dyspepsia, Constipation, Nervous Prostration, Insomnia, Headaches, all Liver and Kidney troubles and every known complaint because it increases the vital healing force. If it be possible for a sufferer to get well he will get well by using this cup, for it charges the whole system at once with the only force which ever cured anything, i.e.—the vital healing force. Nothing dangerous about it. A child can use it. Does not interfere with any other treatment.

DESCRIPTION OF THE CUP.—Each cup contains sufficient magnetism to lift a weight of 40,000 lbs. a distance of one foot, and its influence can be perceptibly noticed at a distance of over 80 inches. This is a demonstrable fact. This immense force is passed through a tasteless solution of Magnetic Metal Salts, prepared by a secret process, and every draught of this magnetized fluid conveys magnetic life force directly into the body and circulation. Patients begin to pick up at once in vital force and health returns, no matter from what disease the patient suffers. Every family, every invalid, every physician and every healer should test this cup. For full particulars, testimonials, descriptive pamphlet, etc., write today to

THE HYPNO-METRONOME

HYPNOTISES EVERYBODY.

A DISCOVERY.

From France, the home of Hypnotism, comes the latest discovery in the production of Hypnosis. The French Scientist, Dr. Paul Saint Martin, has invented the Hypno-Metronome, by which two of the senses are played upon in place of one.

AN ADVANCE.

This is a great advance over the old method in which mirrors alone were employed. By the use of this instrument any operator can induce hypnosis in every subject, and can hypnotise himself if necessary. Self Hypnotic healing is made very easy by this method.

We have just received a large consignment of these Metronomes and full particulars will be sent to anyone upon application. An extensive course on Hypnotism is sent with every instrument, as well as a book giving full instructions in the use of the Hypno-Metronome for Hypnotic and Therapeutic practice and self healing.

ALBERT VERNON.

PSYCHRATISM

THE NEW DISCOVERY OF THE AGE.

THE VERNON ACADEMY WILL TELL YOU
ALL ABOUT IT FREE OF CHARGE.

PSYCHRATISM, the Marvel of the Twentieth Century. The new discovery of Prof. Albert Vernon given to the world. **YOU WANT IT.** You are not competent to combat the influences of the world without it. With a knowledge of the principles of this grand science all the avenues of success are opened wide to you. Marvellous cures are effected through its wonderful power.

PSYCHRATISM is not **HYPNOTISM**. It is not simply the power of putting another to sleep, nor a name to mystify. Psychratism is a science—the brightest star in the scientific firmament of the age—and appeals to man's intellect and reason. Psychratism enlightens, makes truth of mystery and is the X-rays of self development and personal influence, enabling one to see and understand all that has been attributed

to supernatural agencies, hypnotism and occult influences during the past ages.

Prof. Vernon has writt a comprehensive 100-page book, entitled, "Psychic Phenomena of the Twentieth Century," in which he fully describes the science of Psychratism. **WRITE FOR IT TO-DAY. IT COSTS YOU NOTHING.** This gifted man hastens, like other great discoverers, to give the results of his research to the world. He wishes all to profit by his experience and knowledge, and will be glad to start you in the study of this, the grandest of all sciences, by sending you the book **FREE** and **POSTPAID** upon receipt of your name. This is a valuable book, not a mere advertising pamphlet, and contains much information and the rudimentary lessons in this interesting and elevating science. Address

A Correspondence School

IN

Suggestive Therapeutics

In addition to the monthly personal lecture course, the St. Louis School of Suggestive Therapeutics has opened a "**CORRESPONDENCE DEPARTMENT OF INSTRUCTION**," and people who cannot leave home for a personal course can now learn the principles and practical application of Suggestion, as taught in this school, through this correspondence department. This is not simply a **MAIL COURSE**. It is a complete course of correspondence instruction, and is carried on in a manner similar to that of correspondence law schools.

We teach our absent pupils the same practical application of suggestion in the treatment of all kinds of diseases that our personal course embraces, and all intelligent people can learn to do successful work in Suggestive Therapeutics in this way. We also teach them all the modern methods of Hypnotism. Absent pupils get diplomas the same as those who take our personal course.

A NEW BOOK. Send one dollar for our Book "Suggestion in the Cure of Diseases and the Correction of Vices." Fifth Edition. This book explains all the methods of mental healing—tells the principles upon which Christian Science, Divine Science, Mental Science and Magnetic Healing do all their effective work. It teaches how to hypnotize; contains the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

Chicago School of Psychology

INCORPORATED

The First School of Suggestive Therapeutics Founded in America.

Established June, 1896

HERBERT A. PARKYN, M. D., Medical Supt.

Students in attendance at the Chicago School of Psychology.

THE CHICAGO SCHOOL OF PSYCHOLOGY was established June 15, 1896, for the purpose of teaching Hypnotism, Suggestive Therapeutics and the treatment of disease by natural methods. Our course is very complete and by a new system of diagnosis the conditions are greatly simplified, so that our graduates are able to proceed to treat successfully **FUNCTIONAL DISORDERS**, such as Chronic Constipation, Dyspepsia, Diarrhea, Irregularities of Menstruation, Loss of Memory, Inability to Concentrate the Attention, etc. **NERVOUS DISEASES**, including Locomotor Ataxia, Neuralgia, Nervous Prostration, St. Vitus' Dance, Epilepsy, Stammering and Asthma. **MENTAL TROUBLES**, such as Melancholia Mania, Idiosyncrasies, Illusions, Delusions, Hallucinations, Stage Fright, Self-Consciousness, etc. **HABITS**, Liquor, Morphine, Cocaine, Tobacco, Muscular and Vicarious, also Headaches, Rheumatism and Insomnia.

THE CLINIC. Nowhere in America has the student of Suggestive Therapeutics such clinical advantages as we offer here. We have no "horses" which are brought out for each class to practice on, but a clinic averaging twenty patients each day and conducted like that of a well regulated medical college. Our students are instructed in our special methods for taking the history of cases and arriving at a diagnosis, and are permitted to treat patients at the clinic.

Since this school was opened we have graduated nearly 1,000 students and over 8,000 patients have been treated by Suggestion alone. We are here to demonstrate the powers of the mind in overcoming disease, and our students are able to determine what Suggestion can accomplish. Our treatment is not mixed with Medicine, Electricity, etc. These things are all right in their places, but our students come here to study Suggestion, and we teach it to them. The results we are obtaining daily by the use of Suggestion alone are but little short of miraculous. Course lasts two weeks and commences the first of every month.

DIPLOMA

Every graduate is presented with our handsome steel engraved sheepskin Diploma, 14x18 inches in size. **READING ROOM.** We have a fine Reading Room for students, with tables filled with the latest magazines and books. Our students receive their mail and write their letters at the school; in fact, make it their headquarters while in the city. **PRIVATE TREATMENT.** Patients desiring private treatment are placed under the personal care of the Medical Superintendent, Dr. Herbert A. Parkyn, and accommodations are provided for them within a block of the school, which is situated on the finest Park Boulevard in America. **MAIL COURSE.**

In order to meet the demands of many physicians who wish to read up on Hypnotism and Suggestive Therapeutics, a correspondence course has been published. It contains the latest, simplest and best methods of inducing the Suggestive or Hypnotic condition; the proper application of Suggestion and the treatment of disease by natural methods. The treatment program are those which have been found most successful in the work at **THE CHICAGO SCHOOL OF PSYCHOLOGY.** The experiments of this institution have upset all the old theories; have turned the searchlight of science upon old mysteries and made them open books; have paved the way for intelligent uses of the sciences; dispelled prejudices, and are miles in advance of the work done by any similar institution in the world. Our work is up to date and we are still progressing. One advantage of our system is that patients under treatment never associate the methods with Hypnotism. The methods employed are radically different to those in conventional use and so simple that a schoolboy can understand their philosophy. The mail course is printed on fine hand-made paper and consists of 42 parts, for which over four hundred pages are required. The course is so complete in itself that no other books are required. A diploma is also awarded to those taking an examination by mail.

THE INTERNAL BATH

BY MEANS OF THE

J. B. L. CASCADE TREATMENT.

A Household Necessity.

30,000 Already In Use.

A TREATMENT not only for every person but of value in every disease.

The record of its cures and benefits reads like a revelation to those hitherto unacquainted with it, but it not only cures, it prevents disease.

It is known that all diseases come from the retention of waste matter in the human system, which indicates that Nature's drainage is out of order. The colon is the main sewer and on its condition your health depends. Nine-tenths of all illness starts from it being clogged, among which are the following: All stomach and intestinal disorders, appendicitis, dyspepsia, colic, piles, peritonitis, Bright's disease, etc., etc.

Hence the flushing of this sewer removes the cause, cleanses the system, and Nature cures the disease.

The only possible harmless method of cleansing this sewer is by means of the

"J. B. L. Cascade" Treatment

A scientific treatment administered by an appliance that is anatomically correct in its construction and the only one of its kind in the world. This treatment is now being used by thousands of the best known people in this country and abroad. Its endorsed and prescribed by leading physicians everywhere.

We have thousands of grateful letters from those who have used it. The following is one from a prominent merchant of Cambridge, Md.

CAMBRIDGE, MD., Aug. 7, 1900.
 PROF. CHAS. A. TYRRELL:
 Dear Sir—I deem it a duty I owe you, as well as my fellow man, to say, I have been restored to perfect health by the use of the flushing method so easily accomplished by the "J. B. L. Cascade." Previous to its use I was in very bad health, suffering from dyspepsia, nervousness, constipation, insomnia, and in fact was almost in despair of ever getting well, but thanks to you and your wonderful invention, and the loving kindness of a merciful God, I am now in splendid health.
 Gratefully yours,
 H. A. JOYCE.

We want to send free to every person, sick or well, a simple statement setting forth this treatment. It contains matters which must interest every thinking person. If you live in New York you are earnestly invited to call, but if you can not call, write for our pamphlet "The What, The Why, The Way," which will be sent free on application, together with our Great Special Offer for this month only.

SOCIALISM

Do you know what it means? "Dieiding up?" No. "Killing off the capitalists?" Not at all. "Anarchy?" Just the opposite. "Then, perhaps it means a heaven on earth that is coming when every one is good?" Not that either; Socialism is coming long before every one is good and it will make it possible for people to live according to the teachings of Jesus, instead of merely pretending to do so.

The way that Socialism is coming is this: Socialists understand that there are two classes of people in the civilized world. First, there is the working class, including all who do useful work either with their hands or their brains. They are as a rule poorly paid because the larger share of what they earn is taken from them (legally of course) by the other class of people. These are the capitalists, who gather in the rent, interest and dividends. Once the capitalists used to work, but now they hire others to do their brain work as well as their handwork. They only draw incomes.

Socialists propose to make the machinery and the railroads the property of the whole people, to stop paying an income to capitalists out of the labor of others, and to give a good living to every worker and every one unable to work. This they propose to do by uniting the working people into a party of their own to get control of the government and use it in their own interest.

If you belong to the working class, that is, if you get your living by working and not by some kind of begging or stealing, it will be worth your while to learn what Socialism means and to join the Socialist Party, which is looking out for YOUR INTERESTS.

To get a clear and connected account of what Socialism stands for you should read the new book entitled COLLECTIVISM AND INDUSTRIAL EVOLUTION by Emile Vanderveide, 199 pages, price in paper 25 cents, in cloth 50 cents.

If you want a brief statement of Socialism or a discussion of some special phase of it, short enough to read in half an hour, take any issue of the POCKET LIBRARY OF SOCIALISM. This is a series of 32-page booklets published monthly at 50 cents a year or 5 cents a copy. The following numbers are now ready:

THE HYPNO-METRONOME

HYPNOTISES EVERYBODY.

A DISCOVERY.

From France, the home of Hypnotism, comes the latest discovery in the production of Hypnosis. The French Scientist, Dr. Paul Saint Martin, has invented the Hypno-Metronome, by which two of the senses are played upon in place of one.

AN ADVANCE.

This is a great advance over the old method in which mirrors alone were employed. By the use of this instrument any operator can induce hypnosis in every subject, and can hypnotise himself if necessary. Self Hypnotic healing is made very easy by this method.

We have just received a large consignment of these Metronomes and full particulars will be sent to anyone upon application. An extensive course on Hypnotism is sent with every instrument, as well as a book giving full instructions in the use of the Hypno-Metronome for Hypnotic and Therapeutic practice and self healing.

enslaved Europe through Napoleon. He conquered kingdoms. Men were his puppets. Yet he was not born great. Nor was he favored by nature. He made himself the brilliant figure that he was by *willful attractiveness* alone. Look at the great leaders of history; men and women who rose from humble station. Thousands of their contemporaries possessed brighter minds, better ideas and were far more clever, but they lacked that "mysterious something"—that power to influence, attract and attain—they lacked what is known as *personal magnetism and the strong character which is evolved*. This mysterious difference between people at last aroused experimenters. Deep thinkers and patient experimenters set to work to discover the cause and they have succeeded. Scientific investigation has unveiled the secret law. Anyone can develop the power of personal magnetism or personal attraction. Suggestive Therapeutics

In addition to the monthly personal lecture course, the St. Louis School of Suggestive Therapeutics has opened a "**CORRESPONDENCE DEPARTMENT OF INSTRUCTION**," and people who cannot leave home for a personal course can now learn the principles and practical application of Suggestion, as taught in this school, through this correspondence department. This is not simply a **MAIL COURSE**, it is a complete course of correspondence instruction, and is carried on in a manner similar to that of correspondence law schools.

We teach our absent pupils the same practical application of suggestion in the treatment of all kinds of diseases that our personal course embraces, and all intelligent people can learn to do successful work in Suggestive Therapeutics in this way. We also teach them all the modern methods of Hypnotism. A great many pupils get diplomas the same as those who take our personal course. We send free, a complete Table of Contents of our Correspondence Course of Instructions so all may see at a glance just what it comprehends.

A NEW BOOK. Send one dollar for our Book "Suggestion in the Cure of Diseases and the Correction of Vices," Fifth Edition. This book explains all the methods of mental healing—teaches the principles upon which Christian Science, Divine Science, Mental Science and Magnetic Healing do all their effective work. It teaches how to hypnotize; contains the latest, most complete and effective methods for producing hypnosis that can be found anywhere.

Chicago School of Psychology

INCORPORATED

The First School of Suggestive Therapeutics Founded in America.

Established June, 1896

HERBERT A. PARKYN, M. D., Medical Supt.

Students in attendance at the Chicago School of Psychology.

THE CHICAGO SCHOOL OF PSYCHOLOGY was established June 15, 1896, for the purpose of teaching Hypnotism, Suggestive Therapeutics and the treatment of disease by natural methods. Our course is very complete and by a new system of diagnosis the practice of medicine is greatly simplified, so that our graduates are at once prepared to treat successfully **FUNCTIONAL DISORDERS**, such as Chronic Constipation, Dyspepsia, Diarrhoea, Irregularities of Menstruation, Loss of Memory, Inability to Concentrate the Attention, etc.; **NERVOUS DISEASES**, including Locomotor Ataxia, Neuralgia, Nervous Prostration, St. Vitus' Dance, Epilepsy, Stammering and Asthma; **MENTAL TROUBLES**, such as Melancholia, Mania, Idiosyncrasies, Hysteria, Delusions, Hallucinations, Stage Fright, Self-Consciousness, etc. **HABITS**, Liquor, Morphine, Cocaine, Tobacco, Muscular and Vicious; also Headaches, Rheumatism and Isomonia.

THE CLINIC. No where in America has the student of Suggestive Therapeutics such clinical advantages as we offer here. We have no "horses" which are brought out for each class to practice on, but a clinic averaging twenty patients each day and conducted like that of a well regulated medical college. Our students are instructed in our special methods for taking the history of cases and arriving at a diagnosis, and are permitted to treat patients at the clinics.

Since this school was opened we have graduated nearly 1,000 students and over 8,000 patients have been treated by Suggestion alone. We are here to demonstrate the powers of the mind in overcoming diseases, and our students are able to determine what Suggestion can accomplish. Our treatment is not mixed with Medicine, Electricity, etc. These things are all right in their places, but our students come here to study Suggestion, and we teach it to them. The results we are obtaining daily by the use of Suggestion alone are but little short of miraculous. Course lasts two weeks and commences the first of every month.

◀◀◀◀ DIPLOMA ◀◀◀◀

Every graduate is presented with our handsome steel engraved sheepskin Diploma, 14x18 inches in size.

READING ROOM. We have a fine Reading Room for students, with tables filled with the latest magazines and books. Our students receive their mail and write their letters at the school; in fact, make it their headquarters while in the city. **PRIVATE TREATMENT.** Patients desiring private treatment are placed under the personal care of the Medical Superintendent, Dr. Herbert A. Parkyn, and accommodations secured for them within a block of the school, which is situated on the finest Park Boulevard in America. **MAIL COURSE.**

In order to meet the demands of many physicians who wish to read up on Hypnotism and Suggestive Therapeutics, a correspondence course has been published. It contains the latest, simplest and best methods of inducing the Suggestive or Hypnotic condition; the proper application of Suggestion and the treatment of disease by natural methods. All the treatments prescribed in the course are those which have been found most successful in the work at **THE CHICAGO SCHOOL OF PSYCHOLOGY.** The experiments of this institution have upset all the old theories; have turned the searchlight of science upon old mysteries and made them open books; have paved the way for intelligent uses of the science; dispelled prejudices, and are miles in advance of the work done by any similar institution in the world. Our work is up to date and we are still progressing. One advantage of our system is that patients under treatment never associate the methods with Hypnotism. The methods employed are radically different to those in conventional use and so simple that a schoolboy can understand their philosophy.

The mail course is printed on fine hand-made paper and consists of 42 parts, for which over four hundred pages are required. The course is so complete in itself that no other books are required. A diploma is also awarded to those taking an examination by mail.

THE INTERNAL BATH

BY MEANS OF THE

J. B. L. CASCADE TREATMENT.

A Household Necessity.

AAAAA

30,000 Already In Use.

A TREATMENT not only for every person but of value in every disease. The record of its cures and benefits reads like a revelation to those hitherto unacquainted with it, but it not only cures, it prevents disease.

It is known that all diseases come from the retention of waste matter in the human system, which indicates that Nature's drainage is out of order. The colon is the main sewer and on its condition your health depends. Nine-tenths of all illness starts from it being clogged, among which are the following: All stomach and intestinal disorders, appendicitis, dyspepsia, colic, piles, peritonitis, Bright's disease, etc., etc.

Hence the flushing of this sewer removes the cause, cleanses the system, and Nature cures the disease.

The only possible harmless method of cleansing this sewer is by means of the

"J. B. L. Cascade" Treatment

A scientific treatment administered by an appliance that is anatomically correct in its construction and the only one of its kind in the world. This treatment is now being used by thousands of the best known people in this country and abroad. Its endorsed and prescribed by leading physicians everywhere.

We have thousands of grateful letters from those who have used it. The following is one from a prominent merchant of Cambridge, Md.

H. A. JOYCE.

CAMBRIDGE, MD., Aug. 7, 1900.
 PROF. CHAS. A TYRRELL:
 Dear Sir,—I deem it a duty I owe you, as well as my fellow man, to say, I have been restored to perfect health by the use of the flushing treatment so easily accomplished by the "J. B. L. Cascade." Previous to its use I was in very bad health, suffering from dyspepsia, nervousness, constipation, insomnia, and in fact was almost in despair of ever getting well, but thanks to you and your wonderful invention, and the loving kindness of a merciful God, I am now in splendid health.
 Gratefully yours,
 H. A. JOYCE.

We want to send free to every person, sick or well, a simple statement setting forth this treatment. It contains matters which must interest every thinking person. If you live in New York you are earnestly invited to call, but if you can not call, write for our pamphlet "The What, The Why, The Way," which will be sent free on application, together with our Great Special Offer for this month only.

1315 Masonic Temple, CHICAGO, ILL.

The Dr. C. O. Sahler Sanitarium, ... Kingston - on - the - Hudson, ... New York.

This Sanitarium, lawfully incorporated, directed by the most reputable business men of Kingston, is controlled by Dr. C. O. Sahler, graduate of the College of Physicians and Surgeons and practitioner of more than twenty years' experience. It is the ONLY SANITARIUM in America established and conducted for the treatment of all forms of mental and nervous diseases, and drug additions, by PSYCHOLOGY. Its success is witnessed by the constant enlargements of its accommodations for patients from all parts of the Union.

The School of Psychology conducted by Dr. Sahler, with monthly classes, is successfully teaching to hundreds the marvelous truths and forces of this Science of the Twentieth Century, the divine secret of health and success.

Rev. Sam W. Small, D. D., the famous Southern Evangelist, says: "After three months' observation and test I am convinced of the wonderful results obtained through Dr. Sahler's treatments. In cases pronounced hopeless he has wrought, to my knowledge, rapid and radical cures. His methods are sensible, scientific and suited in every case to the psychological conditions of the patient. I came to him sick and skeptical; I go away sound from head to heel and fully believing all things that I have here experienced."

The Sanitarium is in a historic Colonial City, at the foot of the famous Catskills, on the banks of the picturesque Hudson. The water supply, the atmosphere and the social environment are all pure and made for health and happiness. Dr. Sahler is a recognized authority in occult studies. Sufferers and students seeking relief and knowledge should write to him at once for special publications concerning system of treatment, terms, classes, etc. Address: **Dr. C. O. A T K I N S O N I A

Those Lessons of Mine.

WID you ever see my "Series of Lessons in Personal Magnetism, Psychic Influence, Thought Force, Concentration, Will Power and Practical Mental Science"? No? Well, you've missed something. These lessons are GOOD. You can take my word for it. I know a good thing when I see it, even if I happen to have made it myself.

The first edition of these lessons is almost exhausted. They sold well. All classes and conditions of men (and women) found them to be just what they needed in their business. Quite a number of them were sold to leading book publishing houses and life insurance companies, who distributed them among their force of agents. Said it put ginger into the agents. Wouldn't wonder. The lessons were all sold with the offer to refund the money if the purchaser was not satisfied after twenty-four hours' examination. Do you know, so far, not even one set has come back. Speaks well for the lessons, doesn't it? I'm going to keep on selling these lessons on the same old plan: "Your money back if you don't like them." Only way to do business. I don't want people's money unless they're satisfied. Too much friction. Rather give them their money back and have harmony.

Well, now for a description of the lessons. They consist of 15 General Lessons (with accompanying exercises) well printed on good paper, covering nearly one hundred large pages, neatly bound in a leatherette cover. They are by far the most practical lessons ever prepared. I can prove this assertion if you give me half a chance. They do not waste time on vague theories or speculation, but get right down to business and tell you how to do things. They contain instruction that instructs. They are not padded with rubbish to make them look larger, I said what I had to say, then stopped. I have decided to add a SPECIAL PERSONAL LESSON in the future, which will consist of a personal letter written by myself direct to the student, giving him advice, instruction,

directions, warnings, encouragement, etc., as indicated by his letter of request, after he has finished the study of the General Lessons. This Special Lesson is not printed—is not a stock letter—but is a heart to heart talk to the student. I make no extra charge for this Special Lesson. It goes in with the 15 General Lessons, for ONE DOLLAR. It's a ratio of 16 to 1—Sixteen Lessons for One Dollar.

I think that you will find it worth your while to drop me a postal asking for descriptive literature and list of contents. If you don't care to wait to read my descriptive circular—if you feel that you've just got to have a look at these lessons right away—why, send me One Dollar, and I'll mail you a set in a jiffy. When you get them, look over them for 24 hours, and then if you don't like them send them back to me by registered mail and I will return your money as fast as the mail will carry it. Yes I will—honor bright, and I'll not "sass back" either—I'll love you just the same. If you're afraid to trust me with the dollar for 24 hours, just write me telling me so, and I'll get so mad that I'll mail you the lessons "on suspicion," and trust you to send me the money or return the book. I do funny things, sometimes.

"The Secret of the 'I Am.'"

I have written an essay bearing the above title, which I will have printed in the form of a booklet. This booklet will not be for sale, but I will gladly mail a copy to anyone who may feel moved to ask for it (providing they enclose a postage stamp). Tell your friends about it if you see fit, but each of them must want it enough to write in for it himself, or herself—I will not honor proxy requests.

I contemplate issuing other booklets—from time to time—which I will distribute to the Discerning Ones who have written me for the first one. I believe sufficiently in the Truth contained in my writings, to wish to scatter them where they will do some good. And I'm not afraid to cast my bread upon the waters, either.

If you are at all interested in the subjects upon which I write, you had better write at once and have your name placed on my List of Friends.

THE INTERNAL BATH

More Important than the External.

If external cleanliness is essential to health, how much more important is internal cleanliness! Every disease arises from the retention of waste and foreign matter in the system—Nature's drainage being clogged. In the vast majority of cases the clogging is in the colon or large intestine. Positively the one harmless and efficient means of clearing away this waste is the internal bath given with the

J. B. L. CASCADE

This treatment is a sovereign remedy for and prevention of 90 per cent of all Digestive Derangements. It is hygienic, scientific and logical. It is a perfect tonic with no after depression. Its action

PREVENTS AND CURES APPENDICITIS, Billousness, Dyspepsia, Obesity, Headaches, Constipation, Etc.

It is recommended and prescribed by such eminent physicians as Dr. Daniel Lewis Pres. N. Y. State Bd. of Health; Dr. Herman J. Boldt, Prof. Post Graduate Hospital, N. Y.; Dr. W. B. De Garmo, Prof. Post Graduate Hospital, N. Y.; Dr. Cyrus Edson; Dr. U. W. Brooks, late of Board of Health, New York City, and many others, among whom are the following well-known people: Maj. Chas. C. MacConnell, Maryland; N. J.; Ex-Governor Goodell, Vermont; U. S. Senator A. P. Gorman, of Maryland; Gen. Williams, G. A. B.; Miles Devine, City Attorney, Chicago, Ill.; Judge W. H. Bedford, Corydon, Iowa; Admiral Tyrrell, St. Petersburg, Russia.

Were it possible to reproduce here our file of voluntary letters of commendation received from prominent people who do not ordinarily permit the use of their names in advertisements, it is no doubt could exist in one's mind as to the extraordinary merit of the "J. B. L. CASCADE" treatment. As proof of what the Cascade treatment will do we call your attention to the following letter from H. A. Joyce, one of the prominent merchants of Cambridge, Md.

The Ralston Health Club, which as an organization has had the greatest growth of this or any age, having almost TEN MILLION MEMBERS THROUGHOUT THE WORLD, authorizes us to say: "Our Cascade is not endorsed by the Ralston Health Club of America, as that club never endorses anything, no matter how good, but it has been officially adopted by the Club for its use in the inward bath treatment, which is one of its many systems of natural care."

These facts are set forth in detail in a booklet entitled "THE WHAT, THE WHY, THE WAY," which we desire to send free to every reader of this publication. It is a most noteworthy statement of what progress has been made toward a medical system without drugs—an end which is naturally desired by all.

PROF. CHAS. A. TYRRELL:

Dear Sir,—I deem it a duty I owe you, as well as my fellow man, to say I have been restored to perfect health by the use of the flushing treatment so easily accomplished by the "J. B. L. CASCADE." Previous to its use I was in very bad health, suffering from dyspepsia, nervousness, constipation, insomnia, and in fact was almost in despair of ever getting well, but thanks to you and your wonderful invention, and the loving kindness of a merciful God, I am now in splendid health.

"While the unwise are waiting for opportunities the wise make them;" the former are called "lucky" and the latter "unlucky." There are few professionals so busy that they can not give an hour a day to the study of Optics. It is those spare moments that separate the successful from the unlucky.

ROOM FOR THOUSANDS.

Thousands of Cities, Towns and little Hamlets scattered throughout the country furnish a grand opening for the practice of Optics, while in every town practically every jeweler and many druggists are dealers in spectacles. Very few of them know anything about scientifically fitting them to the eyes. To women especially, the practice of Optics offers a most desirable and, as yet, almost untried field.

Optics for the Osteopath. Optics for the Psychologist. Optics for the Physician.

As an adjunct to their professional business, the Osteopath, the Psychologist, as well as the Physician in general practice, would find a technical knowledge of Optics a valuable acquisition. This one branch of their profession which might yield them the greatest income with least effort is gradually slipping away from them while with very little effort they could educate themselves as Refractionists and make the \$15 to \$35 per day themselves instead of allowing it to fall into the hands of the so-called Opticians, many of them never having received a college education at all. This is the last month of the reduced rate of tuition fee. The Golden Cross Eye, Ear, Nose and Throat College and Clinic of Chicago, will raise the tuition fee for the full course by correspondence or attendance from \$50 to that of \$75 on and after the 31st of December. Up to that time the fee will continue to be \$25 and will include a life scholarship covering all courses and two handsome diplomas, one conferring the degree of Fellow in Ophthalmology, the other "Doctor of Optics," both issued by state authority. No extras of any kind, not even books. They furnish all the lessons called respectively "special lessons" which are typewritten and "general lessons" which are printed.

Special Inducements to Psychologists. If you enroll with us at once we will give you the privilege of paying only part of the \$25 down and balance when finished. It will pay you many times over to learn the art of fitting spectacles and eyeglasses, and this can be done at home by

Our Correspondence Course.

Nearly 90 out of every 100 need glasses. We can teach you all about it in 6 weeks. The tuition fee does not merely cover the course of instruction, but entitles you to our co-operation, assistance, and advice indefinitely. We make you self reliant even if it takes years to do so, without extra charge. In short the \$25 fee for the correspondence course pays for a life-time scholarship in the leading and best equipped Optical College in the world. Every student of our correspondence course is entitled to attend our residence course and clinics, without any additional expense whatever. Students can come here when they please and leave when satisfied.

Our Course will make you a "Fellow in Ophthalmology," and includes the Degree "Doctor of Optics" and Diploma.

THE HYPNO-METRONOME HYPNOTISES EVERYBODY.

A DISCOVERY.

From France, the home of Hypnotism, comes the latest discovery in the production of Hypnosis. The French Scientist, Dr. Paul Saint Martin, has invented the Hypno-Metronome, by which two of the senses are played upon in place of one.

AN ADVANCE.

This is a great advance over the old method in which mirrors alone were employed. By the use of this instrument any operator can induce hypnosis in every subject, and can hypnotise himself if necessary. Self Hypnotic healing is made very easy by this method.

We have just received a large consignment of these Metronomes and full particulars will be sent to anyone upon application. An extensive course on Hypnotism is sent with every instrument, as well as a book giving full instructions in the use of the Hypno-Metronome for Hypnotic and Therapeutic practice and self healing.

ADVERTISEMENTS.

A PRETTY VIEW ON THE GROUNDS.

The Dr. C. O. Sahler Sanitarium

Kingston-on-the-Hudson, New York

(Incorporated)

This Sanitarium, lawfully incorporated, is situated in the historic colonial city of Kingston, at the foot of the famous Catskill Mountains, on the banks of the Hudson, the Rhine of America.

"A proof that psychological treatment, as well as its study, is meeting with more and more popular favor, is witnessed daily at the Sanitarium of Dr. C. O. Sahler, of Kingston-on-the-Hudson, New York. Since enlarging the Sanitarium, Dr. Sahler has secured a large house to accommodate the increasing patronage, and a little over a month ago he completed a large cottage, as an annex, and is still overcrowded, which speaks well for the work. The patrons of the Sanitarium are from Canada, the Atlantic States as far south as Florida, and from the West. It is very interesting experience to be associated with these people who are being healed by the New Thought."—Ed. Psychic and Occult Views and Reviews.

The School of Psychology conducted by Dr. Sahler, with monthly classes, is successfully teaching to hundreds the marvelous truths and force of this Science of the Twentieth Century, the divine secret of health and success. Dr. Sahler is a recognized authority in occult studies, and this school, being one of the first established in this country for such teaching, has acquired a reputation which extends beyond the borders of the United States. Students have been and are enrolled from the West Indies and Australia. For special publications concerning system of treatment, terms, classes, etc., address:

THE HYPNO-METRONOME

HYPNOTISES EVERYBODY.

A DISCOVERY.

From France, the home of Hypnotism, comes the latest discovery in the production of Hypnosis. The French Scientist, Dr. Paul Saint Martin, has invented the Hypno-Metronome, by which two of the senses are played upon in place of one.

AN ADVANCE.

This is a great advance over the old method in which mirrors alone were employed. By the use of this instrument any operator can induce hypnosis in every subject, and can hypnotise himself if necessary. Self Hypnotic healing is made very easy by this method.

We have just received a large consignment of these Metronomes and full particulars will be sent to anyone upon application. An extensive course on Hypnotism is sent with every instrument, as well as a book giving full instructions in the use of the Hypno-Metronome for Hypnotic and Therapeutic practice and self healing.

"While the unwise are waiting for opportunities the wise make them;" the former are called "lucky" and the latter "unlucky." There are few professionals so busy that they can not give an hour a day to the study of Optics. It is those spare moments that separate the successful from the unlucky.

ROOM FOR THOUSANDS.

Thousands of Cities, Towns and little Hamlets scattered throughout the country furnish a grand opening for the practice of Optics, while in every town practically every jeweler and many druggists are dealers in spectacles. Very few of them know anything about scientifically fitting them to the eyes. To women especially, the practice of Optics offers a most desirable and, as yet, almost untried field.

Optics for the Osteopath. Optics for the Psychologist. Optics for the Physician.

As an adjunct to their professional business, the Osteopath, the Psychologist, as well as the Physician in general practice, would find a technical knowledge of Optics a valuable acquisition. This one branch of their profession which might yield them the greatest income with least effort is gradually slipping away from them while with very little effort they could educate themselves as Refractionists and make the \$15 to \$35 per day themselves instead of allowing it to fall into the hands of the so-called Opticians, many of them never having received a college education at all. This is the last month of the reduced rate of tuition fee. The Golden Cross Eye, Ear, Nose and Throat College and Clinic of Chicago, will raise the tuition fee for the full course by correspondence or attendance from \$50 to that of \$75 on and after the 30th of November. Up to that time the fee will continue to be \$25 and will include a life scholarship covering all courses and two handsome diplomas, one conferring the degree of Fellow in Ophthalmology, the other "Doctor of Optics," both issued by state authority. No extras of any kind, not even books. They furnish all the lessons called respectively "special lessons" which are typewritten and "general lessons" which are printed.

Special inducements to Psychologists. If you enroll with us at once we will give you the privilege of paying only part of the \$25 down and balance when finished. It will pay you many times over to learn the art of fitting spectacles and eyeglasses, and this can be done at home by

Our Correspondence Course.

Nearly 90 out of every 100 need glasses. We can teach you all about it in 6 weeks. The tuition fee does not merely cover the course of instruction, but entitles you to our co-operation, assistance, and advice indefinitely. We make you self reliant even if it takes years to do so, without extra charge. In short the \$25 fee for the correspondence course pays for a life-time scholarship in the leading and best equipped Optical College in the world.

Every student of our correspondence course is entitled to attend our residence course and clinics without any additional expense whatever. Students can come here when they please and leave when satisfied.

Our Course will make you a "Fellow in Ophthalmology," and includes the Degree "Doctor of Optics" and Diploma.

\$25 The one fee pays for both correspondent and attendant courses and all our extension courses. All are qualified to take the Optical course. Write for particulars. Address DEPT. D. of the GOLDEN CROSS, 257 W. Madison St., Chicago. Mention SUGGESTION and the date you have seen the ad, so as to get the benefit of the special terms.

True Metaphysical Science

And its Practical Application Through the Law of Suggestion

This is the title of a book by F. W. Southworth, M. D., which is conceded by authorities and all who have read it to be the best work ever published on Metaphysical Healing. In it Dr. Southworth has shown the connecting link between the mind and the body. The treatise is practical, simple and effective, and is acceptable to the physician, mental scientist and all interested in the cure of disease by mental powers. It is one of the best books ever written on the subject.

This work sold a short time previously for \$5, but by special arrangement with the author we are now able to offer it to anyone for the small price of \$1.00 per copy.

THIS IS A BARGAIN.

Think of it, we are offering a book formerly sold for

\$5.00 FOR \$1.00.

Furthermore, we agree to refund the price to anyone who is not satisfied with the investment. We know this is a safe proposition, for everyone who has received a copy of the book has been delighted with it. Not one copy has been returned to us.

You will not be satisfied until you have read this work, so send for it today.

UNSOLICITED TESTIMONIALS.

"To say I am pleased with it would be expressing it mildly. It is a gem amongst metaphysical publications and worthy of a place in every library. It gave me new food for thought and an uplifting impulse such as no other book has ever done. I have no hesitancy in giving it my highest recommendation, and I know that every person who secures a copy will never regret it."

PROF. ARTHUR E. STEELE,
Vankleek Hill, Ont.

"In the love of truth and right I have read the work by Brother Southworth, and to say I am pleased with it puts it in mild expression. Dr. Southworth shoots all around the center, and occasionally drives the center home with great force."

Dr. E. E. ROGERS, Orchard, Ohio.

"I want to thank you for Dr. Southworth's book. I read it over several times, and want all my friends to read it. I think it is worth its weight in gold."

G. A. SCHODSARK, Omaha, Neb.

"I am delighted with it."

C. L. LEWIS, A'legheny, Pa.

"Must say I am highly pleased. It is so free from unmeaning phrases. It goes direct to the point every time. It is simply pure gold without the dross. It must be read to be appreciated. Words fail to express its merits."

Dr. J. DICKSON,
Canal Dover, Ohio.

"It is brimming over with useful knowledge for anyone interested in Suggestive Therapeutics. I am thankful for such an able work. It ought to be in the hands of everyone."

J. A. HALL, M. D.,

"Accept my grateful thanks for Dr. Southworth's work. It is surely worth many times the price I paid for it."
