American Section

EXECUTIVE COMMITTEE: F. J. Kunz;
Thomas H. Talbot; Robert W. Ensor;
Treasurer, Elliot Holbrook;
General Secretary, Weller Van Hook.

The Theosophical Society was formed at New York, November 17, 1875, and incorporated at Madras, April 3, 1908. Its founders believed that the best interests of Religion and Science would be promoted by the revival of Sanskrit, Pali, Zend, and other ancient literatures in which the Sages and Initiates had preserved for the use of mankind truths of the highest value respecting man and nature. A Society of an absolutely unsectarian and non-political character, whose work should be amicably prosecuted by the learned of all races, in a spirit of unselfish devotion to the research of truth, and with the purpose of disseminating it impartially, seemed likely to do much to check materialism and strengthen expression of the object of the Society is the following:

First—To form a nucleus of the Universal Brotherhood of Humanity, without distinction of race, creed, sex, caste or color.

Second—To encourage the study of comparative religion, philosophy and science.

Third—To investigate unexplained laws of Nature and the powers latent in man.

No person's religious opinions are asked upon his joining, nor any interference with them permitted, but everyone is required, before admission, to promise to show towards his fellow-members the same tolerance in this respect as he claims for himself.

THEOSOPHY is the body of truths which form the basis of all religions, and which cannot be claimed as the exclusive possession of any. It offers a philosophy which renders life intelligible, and which guide in its evolution. It puts death in its rightful place, as a recurring incident in an endless life, opening the gateway of a fuller and more radiant existence. It restores to the world the science of the spirit teaching man to know the spirit as himself, and the mind and body as his servants. It illuminates the scriptures and doctrines of religions by unveiling their hidden meanings, and thus justifying them at the bar of intelligence, as they are ever justified in the eye of intuition.

Members of the Theosophical Society study these truths, and theosophists endeavor to live them. Every one willing to study, to be tolerant, to aim high and work perseveringly is welcomed as a member, and it rests with the member to become a true Theosophist.

OF "A PRIMER OF THEOSOPHY"

THE GOLDEN CHAIN

(A Morning Prayer for Children)

I am a link in the Golden Chain of Love that stretches around the world, and must keep my link bright and strong.

"So I will try to be kind and gentle to every living thing I meet and to protect and help all who are weaker than myself."

"And I will try to think pure and beautiful thoughts, to speak pure and beautiful words and to do pure and beautiful actions."

"May every link in the Golden Chain become bright and strong."

A Primer of Theosophy

HIS little work is unique in the literature of Theosophy. It is a miniature encyclopedia of Theosophy, and problems of Religion, Science, Philosophy and the Supernatural are briefly outlined, with extracts from the writings of leaders in the theosophical movement like Madame H. P. Blavatsky, Mrs. Annie Besant, Mr. C. W. Leadbeater, Mr. C. Jinarajadasa and others.

Theosophy as a philosophy of Religion and Science, as an Ethical Code; Man and His Bodies; The Astral and Higher Worlds; Thought-Forms; Reincarnation and Karma; Clairvoyance and Other Psychic Phenomena; Theosophy and Modern Scientific Speculations as to the Structure of the Atom and the Electron; Spiritualism; Masonry; the Masters of Wisdom; Meditation; Theosophy in daily life—these and many other fascinating topics are briefly discussed.

A PRIMER OF THEOSOPHY has had a phenomenal success. In three years two editions of 10,000 each have been exhausted.

NOTICE OF CONVENTION

The Twenty-sixth Annual Meeting of The American Section of The Theosophical Society is called to convene at Lake View Building, Michigan Ave., Chicago, on September 15, 1912, at 9:30 A. M., for the election of officers and the transaction of other business. Under the by-laws adopted at the late Convention, every member is entitled to vote in Convention either in person, or by proxy. So the former representation by Lodges through delegates no longer exists.

The elective officers are: Albert P. Warrington, *General Secretary*; Elliot Holbrook, *Treasurer*; F. J. Kunz, Thomas H. Talbot, Robert W. Ensor, Elliot Holbrook, *Board of Trustees*; J. Harry Carnes, George H. Shibley, Albert P. Warrington, *Judicial Committee*.

CHANGES.

The by-laws require that "the annual meeting of the Section shall be held on the second Sunday of September at 9:30 A. M., but the Board of Trustees may postpone or anticipate the meeting by one week."

Soon after the Convention of 1911, the American Section was incorporated in the State of Illinois, and under the laws of that state, a meeting on Sunday would not be legal for the transaction of business.

The Board of Trustees has decided to "postpone" the Convention this year from September 8 to September 15, but owing to the legal point mentioned, the meeting will transact no business on that day, except to receive proxies, and to adjourn, so far as business is concerned, until the following morning, September 16, at 9:30. This will leave the whole of Sunday to be devoted to meetings of the E. S., the O. S. E., and to addresses by Mrs. Russak, Mr. Cooper and others.

All members, whether intending to be present or not, are requested to kindly and promptly:

- (a) Cut out this page;
- (b) Sign the proxy below;
- (c) Insert therein the name of the person whom they wish to act as their proxy in case the names already printed in the proxy may not be preferred; and,
- (d) Mail this page thus signed to Fritz Kunz, Assistant General Secretary, Krotana, Hollywood, Los Angeles, Calif.

Please do not insert the General Secretary's name in any of the proxies.

It is hoped that all the members will do this *now*, otherwise they may forget. There is no need to delay the matter for later decisions, as one may revoke one's proxy at any time, either by one's personal presence in the Convention, or, if such should be desired, by writing to the General Secretary before Convention.

A. P. WARRINGTON, *General Secretary*.

PROXY

Know all men by these presents, That I, the undersigned, a member in good standing of The American Section of The Theosophical Society, hereby appoint....., or if he should be unable to serve, I hereby appoint Mrs. Marie Russak; or if she should be unable to serve, I hereby appoint Mr. Carlos S. Hardy, or if he should be unable to serve, I hereby appoint Mr. Irving S. Cooper, to be my proxy, for me and in my name to cast my ballot or vote in the Twenty-sixth Annual Meeting of the said Section to be held in the City of Chicago, on September 15, 1912, or in any adjournment thereof, and to act for me in said meeting as fully as I myself might do if personally present, hereby ratifying and confirming what my said attorney may do for me in my name and stead.

Given under my hand and seal this.....day of....., 1912.

Expansion, Progress, Efficiency

That is the meaning of the consolidation, on March 1st, of the sales organizations in America of the three leading and standard makes of typewriters, the

Remington—Smith Premier—Monarch

This one greater unit under a single executive control is the

Remington Typewriter Company

THE GREATEST TYPEWRITER ORGANIZATION IN THE WORLD

This consolidation affords our customers an unrivaled variety of product—three distinct makes of typewriters, each of a different type and each the best of its kind. Our regular typewriters, billing typewriters, wide carriage typewriters, adding and subtracting typewriters, etc., cover every conceivable requirement of the typewriter user.

It insures to every present owner or future purchaser of Remington, Monarch, or Smith Premier Typewriters the best, the most complete, the most far reaching, the most efficient service ever provided to users of the writing machine.

KROTONA

Is a sparkling gem taken from the Crown of "Beachwood Park." There are two hundred acres more of "Beachwood Park," adjoining KROTONA, of which we have recently platted forty acres, containing two hundred and thirty-five lots, every one of which is a gem of the first water.

Elevation, view, temperature, just right—above the fogs, dust and noise. Every lot an ideal home site—over \$25,000.00 worth sold in a short time. Fine street improvements; water, gas and electricity being installed.

LISTEN

\$250.00 to \$1500.00 each, for large lots, on payments \$10.00 down and \$10.00 per month. Every lot should double in a short time. They are going fast. Call or write for printed matter now. Don't delay, as all prices are to be advanced soon.

YOU CAN BUY BY MAIL

Read our guarantee. Inclose \$10.00 by return mail, stating the amount you wish to pay for a lot, and we will pick out the best lot we have for the price you name and hold it for you for sixty days, in which time you can exchange it for any other unsold lot in the tract according to price, or, if you decide not to take any, the money will be refunded to you. This is manifestly fair on our part. You can have some friend in Los Angeles decide for you, if you cannot come yourself.

We refer you to the Directors of Krotona at the National Headquarters of The Theosophical Society as to our integrity and as to "Beachwood Park" and these lots. Address

THE KROTONA INSTITUTE

Preliminary Announcement of the Winter Session

The Krotona Institute formally opened its activities for the public on July 5th, 1912, with the inception of the Summer Session. Up to the time of going to press, one hundred and five registrations have been made, and the success of the school has been fully realized. This warrants the announcement of a Winter Session of fourteen weeks to be held at Krotona from Tuesday, January 14th, 1913, to Friday, April 25th, 1913. Courses, dates and lecturers will be announced in a succeeding issue of *The Theosophic Messenger*. As attendance must be limited, only early registration will insure facilities.
