1964 congress of UFOlogy

In July of 1964 many scientific UFOlogists will get together and discuss the problems of UFOlogy,and how to cooperate more between themselves.This congress will be heald in Cleveland Ohio, (as for it's central location).This will not be the usual "contact convention"heald many times in the past,but a scientific gathering,devoted to solving the UFO mystery.Write Summer Look-See hq.for details.Any group that opposes this plan shows their un-interest in UFOlogies present troubles.Of course not all groups can make the meeting,but they can send a member from the Cleveland area,or"attend"by tape or phone.It is extremely important that all scientific groups participate in some way.
