SIMPLICITY ASTONISHED HIM.

A CLASSICAL EDUCATION IS NOT REQUIRED TO UNDERSTAND THE REASONS.

Let others wonder how you do it, but do not acquire a classical education to master the instructions, as no one else has. A perfect work, very little instruction is needed to master this instruction in a short time. We have successfully taught the subject to itself. Many of them say that they can learn from the instructions alone.

Mr. Lieutenant, who has our prayers, has been able to combat his little daughter, who previously kept him awake nights. This letter, although seeming to none, can be appreciated by many. Take our course and recover the 20th of the child.

Dear Sir: Requesting your favor of February 25th, I have begun to use the information contained in your course. It has been a great help to me in my work as a teacher. I have found the instruction most interesting and valuable, and I believe I can teach my students to hypnotize their own children as well as I can.

Dr. Reacht purchased our course some time ago, and has successfully demonstrated the fact that no other method of treatment in illnesses is as effective for all forms of disease as that given in our system. It will pay you to send every line of this testimonial. Every interested person ought to adopt this for our course of instruction, a student can in even more than we claim in our circular matter. We are often asked, "Is this organic disease being cured by this method?" Notice what Dr. Reacht says about it: 'If you have the slightest doubt about it, write him or the Rotary and ask them if this statement is genuine.'

Gentlemen: Your favor received and contents noted. When I received your pamphlets I turned them over to my wife and sent for the instruction for her, and must say that she is satisfied in the same degree for my own benefit as for hers. She would like to have you send special instruction relative to loosening a stiff joint, and also for what is required in order to receive your certificate.
