## STUDY-LESSON NUMBER NINE

I am sure that you have been religiously doing the simple exercises I have given you to do. If you have, there has come into your life already one of the greatest experiences to come into anyone's life. That experience is the actual consciousness of the Power—or The Spirit of God—IN YOU.

I have no way of knowing just to what degree The Spirit of God has manifested Its Power in you, unless you have already written me telling me about that. I hope you have. You are welcome to write me personally at any time. If I should be away from Moscow, someone else quite capable of answering your letter, will send you your reply.

After having handled many millions of people though, I think I am in a rather good position to make a guess. How much of The Spirit of God, or the Power of God, has manifested in you depends, of course, upon just how much faith you have manifested in the invisible Realm of The Spirit of God. By "faith," I mean that dynamic prayer which actually sets into motion the forces of God, for the actual manifestation of every good thing you can possibly need in this life.

Now in this Ninth Lesson I shall open up the Realm of The Spirit of God to you, wider than It has ever been opened before by anyone. You will note in these Lessons that I do not theorize. I get right to the very heart of the God question and I actually tell you, and reveal to you, step by step, so that you can easily understand, just what this invisible Realm of The Spirit of God actually is, and just how it operates. That is information for which you have been seeking all of your life. And now, for the first time in your life, you are receiving that information.

I do not ask my Members to "believe" anything. I have very much more than "belief" to offer them. I have the substance of the matter. I have the actual Power of God to reveal, and where a person can get the actual experience with God, there is nothing he or she needs to "believe." We have seen that faith is a substance, and it is that substance I always give to my Members. This is not a religious "faith." It is a religious Movement through which the actual Power of God is being manifested to the world.

Every Member is expected to be able to actually live, manifest, and use the Power of God. If that cannot be done, of what use are these studies? But it invariably is done by those who study with me to the last. After I have given to you all I have to give, if you cannot then say, beyond the shadow of a doubt, that you are in complete union with God, and able to use the Power of God, there is something wrong with you. But there is nothing wrong with you. There is nothing wrong with the human race, except that it does not know of the existence of the Power of God living in the bodies of the members of the human race. Just as soon as it discovers the Truths of God, which Truths we are teaching (if it ever does), all will be well. There will be no more wars, strife, or anything else which is opposed to God.

To live with the complete knowledge of God in the life is to live forever in the beauty, glory, and Power which must be God—the invisible Creator of the universe. I have stressed to you many times in these Lessons the invisibility of God. You now understand how God cannot be anything other than Creative Life; Life capable of existence with or without physical form. That is my definition of God. Of course, wrapped up in that word “LIFE” are a multitude of other things which do not appear on the surface.

For instance, the Life which is God is omnipotent. It is omnipresent. It is omniscient. In those three definitions lies everything any human heart can desire. Omnipotent really means “over-potent.” It means, too, unlimited power, ability, and unlimited authority. It means, too, that the one possessing omnipotence is almighty. Then, if it is a fact, and it most certainly is, that the omnipotent Spirit of God actually lives in your body, that just simply means that through this omnipotent God living in you—YOU CAN BE ALMIGHTY—depending to what degree you are able to contact and use the omnipotent Power of God in you.

Now The Spirit of God in you is also omnipresent, and that simply means that it is everywhere at the same time. It means that there is not a single corner, nook, or cranny where the Spirit of God is not. I do not know how far away the farthest planet is. Nor does anyone else know, either. For with God there is no such thing as either time or space. But if the farthest planet was a billion times a billion times a billion light years away, there—everywhere—is The Spirit of God.

You will see then how very impossible it is for you to get away from God. You may not know of the presence of God in you. You

may not even suspect that God is anywhere near you. Just the same, every thought which comes into your head, everything you do, everywhere you go, there—is The Spirit of God. So then, in your nightly exercises, never fear that you cannot find God. Never fear that there is something you must do to bring God near to you. That is not so. You could not keep the actual presence of God away from you if you tried. So then, don't try to bring God to you—instead—**ACT UPON THE FACT THAT GOD IS ALREADY THERE, IN YOU, AND THANK THAT GREAT SPIRIT FOR HAVING BROUGHT TO YOU THE THINGS YOU SO VERY MUCH DESIRE AND NEED.** That is the way to manifest anything from God.

Only a fool says there is no God, but you are not a fool. God then, is omnipoent, omnipresent and omniscient. Now what does the word "omniscient" mean? Well, that word simply means "having all knowledge, or being infinitely wise." Here again—you have all power, ever-present, and all wisdom. What a combination for you to possess in your physical body, is it not?

Now at this point I shall tell you something else about the Realm of The Spirit of God, which you have never heard said before by anyone, I believe. The Realm of The Spirit of God is a realm of absolute and infinite silence. Please write that down. The Realm of The Spirit of God is a realm of absolute and infinite SILENCE. All the Power in the world, because God is omnipotent. All the consciousness in the world, because God is omnibresent. All the wisdom in the world, because God is omniscient. All the love, peace, joy, happiness, health, wealth you can ever need, is tied up in God, yet the realm of God is a realm of absolute silence. That is the secret of the existence of God. That is the secret of the Power of God. That is the secret of the love of God; and that is the secret of the LIFE which is God. These are all silent in their operations. As a result of these operations and manifestations, joy, shouting, and other things may happen, all of which are not silent, such as the crying of a baby. But the Life-Spirit which brought that baby into existence—well, you did not hear THAT at work, did you?

All the wisdom, power, and the many other things which really do lie in the Realm of God—you have never heard a single one of them operate—have you? Of course not. Now there may be a tendency here at this point to underestimate the Power of God because It is silent. But you must not do that. It would be a terrible mistake if you did.

As we well know now, there is, locked up in atom and in the cosmic ray, energy which can reduce this earth to rubble and probably will in time, if the knowledge you are receiving of the Power of God is not universally found. These atomic bombs are made from splitting atoms, which contain both protons and neutrons among other things. Now then, while atomic energy is by far the most awful kind of energy scientists have discovered, at the center of each neutron and proton is ABSOLUTE SILENCE. There is a place there, right in the midst of all this explosive energy, where there reigns complete and absolute silence.

In the midst of all the omnipotence God has, and is, there is a vast silence. In the middle of all the omnipresence which is God, there is a vast and great silence. In the midst of all the omniscience which is God, there lies a silence which is so supreme that you can almost cut it with a knife.

Now this may take some studying out. You may have to think this one through. But do it, because it is essential that you grasp this one point well if you are to intelligently follow me in what I shall have to say to you later on. ALL THE OPERATIONS OF THE REALM OF GOD ARE DONE IN THE SILENCE WHICH IS GOD. At the heart of the typhoon there is a great calm. At the core of the tornado there is a great peace. At the center of every human life, there is God. AND GOD IS IN THE SILENCE. GOD IS SILENT. ALL THE MANIFESTATIONS OF GOD ARE SILENT. GOD IS HIMSELF—COMPLETE AND ABSOLUTE SILENCE. SILENT POWER. SILENT WISDOM. SILENT PEACE. SILENT JOY. SILENT HAPPINESS. SILENT REST.

Perhaps your life has been blistered in the heat of this every-day life. Perhaps it seems often that what you are called upon to bear is a bit more than you should be called upon to bear. Perhaps it seems that everyone else but you has the good things of life. Perhaps illness mars your home; perhaps domestic intranquillity. Perhaps financial stringency is there. It may be that your whole life seems to be one grand, noisy, turmoil. If this is so, won't you please remember that at the very core of your being is A SILENT GOD, IN WHOM IS WRAPPED UP, RIGHT IN THAT SILENCE, MORE POWER, MORE PEACE, MORE WISDOM, MORE INTELLIGENCE, AND MORE WEALTH, THAN YOU CAN EVER NEED. ALL THIS, AND MORE, LIES AT THE VERY CENTER OF YOUR BEING, WHERE GOD IS. THE REASON

YOU HAVE NOT KNOWN THIS IS BECAUSE THE ACTUAL POWER OF GOD IS ALWAYS SILENT.

If one were to ask me how it happens that there can be so much power wrapped in so much silence, I shall say to that person that the Power of God, all wrapped up as it is, in a great silence, IS A VERY EXPLOSIVE POWER. For instance, suppose you are weak and need power and strength in your life. Well you know that, at the very core of your being, close to you as life BECAUSE IT IS YOUR LIFE, lies The Power of God. You also know, from what I have told you to date, that the Life of God which is in you, is omnipotent—or full of Power. Then but one question remains, and that is how you are going to make the SILENT POWER which is the God-Life in you, potent. How are you going to make a silent, unheard Power, of immediate help to you?

The answer is that you are going to EXPLODE THE SILENT POWER OF GOD IN YOU. Yes, I said "EXPLODE." But how can you do that? Well, of course, I do not mean that you are going to light a fuse and explode God. But, just as the silent core of the atom can be exploded and made into the most fearful terror this world has ever known, SO CAN THE SILENCE IN YOU, WHICH ACTUALLY IS ALMIGHTY GOD, BE EXPLODED INTO DYNAMIC ACTION.

I am expecting to have to make a long automobile trip in a few days. So this morning I took the car down to the service station to have it serviced. When I called for it this evening, I said to the attendant: "Did you check the battery water?" He replied in the affirmative. While driving home I thought of the relationship that little battery has to the energy which thrills my car, when I step on the starter. I believe we can draw a Lesson from that simple little battery.

Now, you know that the battery in my car, or your car, can sit there until doomsday, and if no one steps on the starter or throws the hand-switch, that battery will never start the car. It has the power to—yes. But unless the positive and negative poles of that battery are joined by the switch, the battery is impotent. The car will not start.

This is quite like the Power of God in your life, my friend. You have in you, silent as the power in that battery, all the Power there is in the Realm of God. It gives you life. It is your Life. Yet it is silent. It is useless unless you connect the negative body you possess with the positive Power of God in you. Unless you throw the switch

which joins up the negative you, with the positive God-Power, you are helpless. Like that battery, you can stay there till the crows come home, and so far as you are concerned, no power whatsoever will manifest in your life. But throw the switch, and what happens? That should be simple to answer.

The moment the switch is thrown which puts together the negative pole of your body with the positive pole of the Spirit of God in you, your whole life becomes charged and surcharged with a Power you have never known before. Like my Cadillac, the moment I press on the starter switch, an ocean of power roars into action. The whole car vibrates with the power under the hood. Yet all that power was released by simply making a connection with the two poles of the battery. The power in the battery is static, when the car is not in motion. It is static before the switch is pressed. It is useless power. But, when the switch is thrown, that static power becomes at once DYNAMIC POWER, and the car moves forward.

Now as we have very clearly seen, the Power in you, which is God, is omniscient in you. It is everywhere. It is so indelibly linked up with your life that if the Power of God, or the Power of Life, is taken away from you, you are useless. Your body dies, rots, decays. Is that not so? Yet there is a static condition between your body and the Spirit of God which is your life. This is evident to all because there are millions of men and women on this earth, in fact the very great part of them, who live their lives without even the faintest suspicion that there is in them, enough of the Power of God to completely transform everything they do. They have the Power of God in them just as you have it in you. But the Power of God in them is static. They do not even know it exists.

It is as if you were to take a high-powered automobile out on some Indian reservation, show it to some Indians who had never seen a car in their lives before, and say to them: "Start that car." They never would be able to start the car, not knowing how. The Power is there. The battery is there. The two poles are there. The switch is there. But the Indians would not know how to start the car. Then you step into it, throw the ignition switch, step on the starter, and you change the static power in the battery to dynamic power, and off goes the car. Yet, as in a human body, the battery is in the car. It is unseen, to be sure. But it is there nevertheless. Both car and battery are there, and all that needs to be done to make ready for a journey to wherever you wish is to get the power out of the battery and into the car.

That is the very same way it is with the Power of God in the human race. It has not yet discovered the Power it possesses, because the Spirit of God lives in it. May God hasten the day when the human race finds that Power! Maybe it will never find it. Maybe it's too late already for this generation to find it. Often, I believe, it is too late, which should impress you and I with the absolute need of earnestness and untiring and unwavering loyalty to these truths of God. I assure you, to the best of my knowledge, this is the only institution through which the actual Spirit of God is working, on this earth. That is a lot to say. Nevertheless, it is true. So then, shall we not together dedicate our whole life to the spreading of this amazing gospel of The Spirit of God to the world as speedily as possible? There is still a chance that this civilization can be saved, no matter how black the picture looks at this moment.

Think of it—ALL THE SILENT POWER THERE IS IN THE REALM OF GOD, WRAPPED UP IN THE LIFE YOU AND I LIVE, ONLY WAITING TO BE MADE DYNAMIC. It is silent because it is static. That's the way God operates. He has placed all the Power, Wisdom, Knowledge necessary for anything and everything, within each of us. He puts that Power there in a static condition, and He has made plain the way whereby we can make it so dynamic that It can win the whole world for God. How can that be done? Well, we are finding that out as every Lesson comes to you.

There is one phrase I like pretty well. It has a world of significance. Remember it at night, when you are approaching the point at which you will make the static Power of God in you DYNAMIC. The sentence is this: "BE STILL AND KNOW THAT I AM GOD." It is found in Psalms 46:10, I believe it is. So if anyone tells you that being still, and entering the Realm of The Spirit of God as I recommend it, it is not natural, point out this passage of scripture. It will make him "be still," I am sure.

When you become still, remember that the Power of God is a silent Power. Remember, too, that the reason It is silent is because It is so dynamic. There is so much spiritual dynamite in each one of us that it could explode the world for God if we could but fathom It all. I very freely admit that I cannot fathom it all. What little I have been able to fathom has been sufficient to make me worthy to be chosen to girdle the globe with this message of "salvation." So what cannot the Power of God make you who, in all probability, are far better equipped than I am? You will never know until you explode the Power of God in you by pressing on the switch and making the static Power of God in you—DYNAMIC. Don't forget—THE REASON THE POWER OF GOD IS SO SILENT IS BECAUSE IT IS SO STATIC. Write that in the little book please. Then you make it dynamic.

How dynamic is the Power of God in you? Well, listen: Atomic energy is made by throwing out of kilter the normal ratio of the protons, neutrons, and electrons in the atom. It takes huge cyclotrons and vast plants to do that, or to make a material which is fissionable. Now let me ask you something: What do you suppose the Creator of the atom could do if He cared to, without cyclotron? It staggers the imagination, does it not? Then never again ask yourself the question if YOU can really contact God. Why, my friend, you are so vitally connected with God that if you only suspected one ten-thousandth

part of this connection your whole life would be resplendent with Power and Glory.

In one sense of the word, God is terrible. He is a terrible Power for men to play fast and loose with. I don't want to ever do that. I try to stay humble before the awful Power of God. For the atomic bomb is of God. God created the atom. He created the man who discovered atomic fission. He gave man the power to investigate the scientific realm, which is always the Realm of The Spirit of God, did He not? Then never again offer me, as the totality of God, the somewhat asinine theory that if I don't believe that Jesus rose from the dead I am eternally damned. Never again try to tell me that all the truths of God are wrapped up in the Bible of any system of religion.

Man is entering a new era. His complete ideas of God will have to change or man will annihilate himself. The headlines in the papers have written on the wall, and the handwriting is so very clear. Here are a few of them: "SCIENCE—for LIFE or DEATH." "ONE WORLD or NO WORLD." "THE ATOMIC BOMB—the END or REBIRTH OF CIVILIZATION?" Well the demonstration of atomic fission will be both the end and the beginning. It will mean the end of old, moth-eaten, anthropomorphic travesties on God. It will mean the end of such stories you and I have been offered as being of God. It will be the beginning of a new world, but not until after man has almost completely destroyed himself. The new world, which will come, will not come because the atomic bomb has been manufactured, BUT BECAUSE THE SPIRIT OF GOD IS TO BE MADE KNOWN—IN ALL ITS POWER—RIGHT HERE ON EARTH. That is the true significance of atomic fission.

Think of it! One bomb, containing as much as 40,000,000 pounds of T.N.T., and such an explosive as that manufactured by the splitting up of a few atoms. We were told that one bomb, terrible enough, killed 160,000 Japs and wounded 118,000 more. Now those Japs were human beings—remember that. They were all made by the One Great Creator. Then, after the bomb had been dropped, we were told that the energy released was only one-tenth of one percent of the energy it contained. That means that had all the energy the bomb contained been released, ONE HUNDRED AND SIXTY MILLION HUMAN BEINGS WOULD HAVE BEEN SLAUGHTERED, WHILE ONE HUNDRED AND EIGHTEEN MILLION MORE WOULD HAVE BEEN INJURED, MAKING A GRAND TOTAL OF TWO HUNDRED AND SEVENTY-EIGHT MILLION PEOPLE KILLED OR WOUNDED BY THE SPLITTING OF A FEW ATOMS. Don't try to tell me there is no Power in the Realm of The Spirit of God. And don't try to tell me, either, that The Spirit of God is going to allow man to handle such a monster as atomic fission with its awful consequences, without at the same time giving to some man a spiritual revelation or discovery of equal stupendous import. Believe me when I say to you that such a revelation has already been made. WHEN THE PROPER TIME COMES, THE ONE HAVING THAT REVELATION WILL MAKE IT KNOWN. Then shall a nation be born in a day. Then shall the whole world know that it has One Supreme Ruler—THE SPIRIT OF THE LIVING GOD. Not Jesus. Not Buddha. Not

Chrishna. Not Osiris, or any of the other fantastic "gods" of thousands of years ago.

No. None of these. The revelation of the Power of God this earth is soon to witness will be so far ahead of these "virgin-birth and resurrection" stories that many will feel ashamed of themselves for ever believing such perverted ideas of The Almighty. No, my friend, there will be a new earth and a new heaven, but they will only appear to be new. They will be new because men and women, for the first time in the known history of the human race, will have conscious knowledge of the existence of The Spirit of The Living God, not only in them, but throughout the whole creation.

All these forces of God are in existence now. They exist in you and in me, because the Spirit of the Living God lives in us. It is a fact that we live our lives, in our bodies of flesh, only because the Spirit which is God lives in us. Then if that be a fact, and it is, there must be, in us, all the Power there is in the Realm of God.

This, my friend, is what I have been trying to drive home to you in every Lesson you have received from me. This is what I shall be trying to drive home to you when you receive the last Lesson in this series. It is all I know. It is all I want to know. I am satisfied to know that God and I are united in flesh and in the Spirit, because the Spirit of God actually lives in me. What more wondrous concept of Almighty God there be than this?

Is it not much better than a concept which tells us that Jehovah (Nothing more than an old Jewish tribal god called Yahweh) will, in the "last day," descend from Heaven with great smoke, and fire, and flames and destroy His enemies with a burning, fiery sword? Away with such as that, masquerading as it does under the name of God. Listen to me please: if this earth is destroyed, with most of the human race, as a result of the discovery of atomic or cosmic fission, it will be because man is wilfully destroying himself not knowing of the present existence of The Spirit of God in him. And the reason man does not know of the existence of the Spirit of God in him is because those who say they represent God on the earth—our churches—have not known God in the first place, and therefore have never been able to bring the sublime truths of God to the human race.

So what then have they brought us? An old-time philosophy of God which was hoary with age long before Jesus or Christianity was ever heard of. Jesus, the man, the Prophet, knew these truths when He was on the earth. He tried to teach them to others. He failed. The "religious" killed Him. Then, to make an organization for themselves which should have much political and monetary power, they made a "god" out of the Messenger, told us that there were really three gods and the three are one, and then, through fear of "hell-fire" and the "judgment," they pulled those unable to think for themselves "into the fold" in great numbers. I could write a very interesting book on how they handled "the faithful" after they had them inside the "fold." But times are too desperate for that now. I have all I can do in telling men and women all over the world that there is "salvation" for them now, simply by recognizing the very self-evident fact that the Spirit of God lives and abides and exists—in us all.

Our churches don't like this sort of talk. It takes away from them their two selling arguments. First, the depravity of man when born and, secondly, the

need of a "crucified god" to atone for the sins of man. When God created man, He made a good man. A perfect man. He did not condemn him to hell-fire or anywhere else. He filled that man with His own Life—His own Spirit—so man had to be a good man. Then something happened. I'll tell you in a later Lesson what that was. In fact, if you have read carefully, you already know what it was. Anyhow, man began to doubt God. He got away from God. Being a free-will agent, man did this knowingly and willingly. And that is exactly the manner in which man will recognize the God-ship of The Creator, when He does. He will do it knowingly and willingly. There is little to be done. The Spirit of God exists in man—NOW. When the human race recognizes that fact, as it did once, THEN WILL THE SENSE OF THE PHYSICAL DISAPPEAR, JUST AS IT CAME WHEN MAN GOT AWAY FROM GOD. After the sense of the physical has disappeared, what is left of man? Why, only the consciousness of man in the Spirit of God. It makes no difference, as I have already explained, whether man has a body or not. If he has, he will not be conscious of it. The body, therefore, can rightly be called a "spiritual" body. But the author is not interested in what sort of a body we shall have when we again see the fullness and the glory of God, for he happens to be too busy telling men and women of the present existence of the actual Power of God in them—NOW.

"Now is the accepted time. NOW is the day of salvation." Not when Jesus comes back. Not when the earth is destroyed, if it ever is, but NOW. Shall we, while we are on this subject, take apart this word "salvation" for a few moments? Salvation from what? In man's present condition, what is the only thing he needs to be "saved" from? There is but one thing and that is—DOUBT OF THE ABILITY OF GOD TO GIVE HIM ETERNAL LIFE. Is there anything else? I think not. Of course our religious organizations, true to tradition, continue to bring to this earth a message of death. They continue to tell men and women that they must be "saved through the blood." Bosh. When the human race is finally saved it will be done intelligently and willingly. It will be done when man CONSCIOUSLY AND WILLINGLY BELIEVES IN THE PRESENT EXISTENCE OF THE SPIRIT OF GOD IN HIM. There is no other way which can even appeal to the one using the greatest gem in the human mind—the gem of reason. Think it out, beloved. Let us get as far away from this "death" business as we can, as fast as we can. Let us enter into the glorious Light of God, through believing in the actual existence of that Light in us. That takes no believing. It is just common-sense. It is just plain, simple logic. It is just simplicity itself.

Man has lost the conscious knowledge he once had of the presence of God. Now man has to get back that lost knowledge. If what you have read in these Lessons to date has not done that for you, then I don't know what I'm doing. But I do, as twenty years have proved that to my complete satisfaction and to the satisfaction of hundreds of thousands of others.

\* \* \*

I said, a little while back, that you and I must EXPLODE GOD. Shall we look at that statement for a few moments? It may sound fantastic, but we shall see that it is nowhere near as fantastic as it seems. What is God? Spirit, of course. Well what is the invisible Life which is in you? Spirit, of course. One belongs to the other and they both belong to each other, is that not so?

Now here you are, manifesting on this earth as a physical body which contains the Spirit of God. That Spirit, we have seen, is omnipotent, omniscient, and omnipresent. Which means that The Spirit of God in you knows everything, is everywhere, and is all-powerful. Then what are we waiting for? We are waiting for you learn how you can impress upon the vast ocean of Power which is God the things the little bit of the Spirit of God in you knows you need. **BUT DOES THE SPIRIT OF GOD IN YOU KNOW THAT YOU NEED THEM?** Normally—NO—because, as I have previously said, the whole human race has allowed The Spirit of God to go merrily on Its way, not even recognizing the fact that this Spirit exists in man for the sole purpose of bringing to man everything he can possibly need and, later on, bringing to him—**ETERNAL LIFE** in addition.

Now God is intelligent. He knows what things you have need of before you ask Him. But He also knows when you don't care for His presence, and God also knows when man is so disinterested that he does not even take the time to investigate and find out what and where God really lives. He knows when man becomes so superstitious, and so shiftless, that he is perfectly satisfied to pass over all his religious life to some priest or preacher, not being interested enough to deal with God direct.

God knows all these things. And God, being intelligent, is not going to force His Power down anyone's throat. You can take It or leave It. The world, for the past many thousands of years, has been leaving it. And believe me, before you ever get The Spirit of God awakened to your need, God will have to know that you mean business. He will have to see that you are in earnest. He will have to be shown that, at long last, you actually have awakened to the vast ocean of spiritual Force, Power, and Might there is in the Realm of God.

As things stand now, all you are doing is to allow God to keep you alive for sixty or seventy years. Man has never known that the Life of God is Eternal Life. Man has never known that the power he has in him, because of the Life of God within him, is Eternal Power. Man has never known that the Great Spirit which created this body lives in it, and has the abundant ability to keep that body in perfect health throughout eternity, if needs be.

But the very moment that the Spirit of God in you is awakened, believe me It will lose no time in getting in touch with the vast ocean of Power, which is God, throughout the universe. Once you can change the static Spirit of God in you to dynamic awakening, then you will discover that the awakening has indeed been dynamic. Once you "explode God" in you, your troubles are over. Now how shall we do this?

The first thing you will have to do is impress upon the Spirit of God that you are actually in earnest. That done, and when the Great Sleeping Giant of Spiritual Power has been awakened, where you go from that point on is your own affair. There is no limit to it. We have seen that both God and your Life are Spirit. They are the same Spirit. You have let the Life of God in you sleep. Now you have to awaken it to Its task. You will have to show God that you really know that He exists in you. You will have to show God that you **EXPECT** Him to act as God should act and bring into your life a superabundance of every good and right thing.

We have come to the place in which we quieten the physical body. We are now waiting on God. We know what we want, and we are thanking God for having that very thing close at hand. Now we explode the Spirit of God in us. We impress upon that Great Spirit that we have finally awakened from our lethargy and, from henceforth, we shall live our life in the full consciousness of the actual Power of The Spirit of God in us.

I have asked you not to make spoken requests of The Spirit of God, and I have based this upon the premise that God knows what are the things you so much need in your life. I meant by that, the vast ocean of God throughout the universe knows that. Now you have to awaken the Spirit of God within you to that fact, and show the God in you that you mean business. It is now two weeks since you began to thank your Father in you that He has heard you. Now we are going to send the actual message across into the actual Realm of the Father **WITHOUT YOU, THROUGH THE FATHER WITHIN YOU.** See what I mean?

I want you now to draw a clear mental picture of what it is you have need of, and I want you to transmit that mental image **RIGHT STRAIGHT INTO THE REALM OF THE VAST OCEAN OF POWER WHICH IS GOD.** You will do this by sending that clear, concise, picture out at night, before you go to sleep. If it should be a new home, or a new car, or a more vital physical or spiritual life, make a clear mental picture of that thing. Then, in your quiet half-hour with God every evening, before you go to sleep and while you are quietly relaxed, you will look right into the center of the "bright-area" and say these words, all the time picturing what you have need of in your "mind's eye." These are the words you will use: **"THIS IS WHAT I WANT, FATHER."** You will keep that up until whatever it is you need actually manifests in your life. It may take two weeks, two months, or two years. But will manifest if you "explode" God by getting your desire into the vast ocean of God-Power, **BY MEANS OF THE SPIRIT OF GOD WHICH IS IN YOU.**

You will keep this up until you go to sleep. You will do it night after night. You will be in earnest. You will, that is, if you really want this thing and if you know God can provide it for you. Now let us see whether this is scientific or not. You know that there is enough of what we shall call "radio-activity" in the atoms of which your body is comprised, far beyond what you have ever suspected. It is not really "radio-activity," but we shall call it that for want of a better name at this time. Later, I expect to show you just what this communicating substance is.

The bombs which exploded at Bikini Atoll proved very conclusively how much radio-activity is liberated when atoms are exploded. We know now how deadly such rays are. That is because man is **DESTROYING** what God has made. But all of that radio-activity is there before it is exploded. It is there now. **IT IS THE SUBSTANCE WITH WHICH YOU PASS OVER TO THE VAST OCEAN OF GOD-POWER, YOUR DESIRE FOR THE THING YOU NEED.**

There must be some means of actual communication between the Great Life of God which throbs and pulsates throughout the entire universe, and the Life of God which lives in you. Those two Life-manifestations can never be sepa-

rated. Therefore, there must be some means of communication between your body of flesh and the Spirit of God, both within you and throughout the universe. There are emanations from the human body and from the Life of God which lives in the human body, and the Great Life of God which fills all space. There is a definite connection. As you lie here in your bed, completely relaxed in body, **YOU SEND THESE RADIO-ACTIVE EMANATIONS FROM YOU, RIGHT INTO THE VERY HEART OF THE SPIRIT OF GOD. YOU DO THIS THROUGH THE SPIRIT OF GOD IN YOU. THE RESULTS CANNOT BE OTHER THAN SURE.**

This is a very scientific way of what I call "exploding" the God in you into action. The Spirit of God in you, seeing that at last you are calling It into action, and knowing at once what your desires are, at once passes on your desire into the Great Realm of The Spirit of God, and the very moment it registers there **THE ANSWER IS ON THE WAY. BELIEVE ME, IT IS.**

Throughout all inter-stellar space are what is known as Cosmic Rays. Our scientists know much more about these rays than has been disclosed to the world as yet. Russia and other nations are trying to explode them. They may. Anyway, we know that the Spirit of God exists throughout all space. We know that Spirit is all-knowing, so we know that the Great Master-Spirit, which is God, knows exactly what is going on throughout all space. That Great Spirit knows, too, what is going on down in that little bedroom of yours when you are endeavoring to transmit to It, through the Spirit of God within you, the things whatsoever ye desire. Therefore, when The Spirit of God in you has awakened, or has been "exploded into action" by you, at once all the Power, all the Wisdom, and all the Knowledge in the universe, which is God, flies into action to manifest those things.

We have seen that God exists for the sole purpose of drawing man back to Him. God wants man, now, to have everything that God has. God has a plan whereby that can be possible, right here on the earth. We are getting a pretty fair grasp now on just what that plan is. It is unique, believe me. Only a Supreme God could have figured it out. But a Supreme God **DID** figure it out, and you and I are the beneficiaries of the plan.

Not a thought you have ever thought has been lost; for thoughts, in the Infinite Realm of God, are actual things. At the very center of the proton and the neutron, with all their explosive potentialities, is the Spirit of God. Man has been able to explode those atoms. Then try to conceive the latent Power of God in you, because of the fact that all the Power there is in the Realm of God throughout the universe actually lives in you.

These mental pictures you draw are, in fact, very much more than that. **THEY ARE IMPRESSIONS MADE ON THE VERY HEART OF THE CREATOR WHO, NEVER FORGET, IS SPIRIT WHICH FILLS ALL SPACE, HAS ALL POWER, WISDOM, AND KNOWLEDGE. WHEN THESE THOUGHT-IMPRESSIONS ARE SENT OUT BY YOU, THROUGH THE SPIRIT OF GOD IN YOU, THEY ARE REGISTERED IN THE GOD WHICH LIVES EVER AND ALWAYS, WITH ALL THE POWER IN THE WORLD.** This certainly is sufficient Power to bring into your little life, and mine, the things we need, is it not?

Then make your thought-pictures very clear. See the things as you want it. As I say, this method has helped so many tens of thousands, that I believe I shall recommend it at this point. I used it years ago, before I grasped the greater fundamental truth that this is not necessary. It may not be necessary for the one who has been travelling along the road of the God-Laws for years, but it will help a beginner. After all, the study of the Realm of God is much like other studies. The novice cannot jump in one Lesson right into the heart of The Almighty. He will learn day by day, week by week, month by month, and year by year. One of these days, soon, these simple exercises will not be necessary, because faith in God will be manifesting on the earth once again. But they are necessary now.

Many years ago, when I was but a starter on this glorious path, I made a mental picture of the things I wanted the Spirit of God to bring to me. Believe me, I did not give God a little thing todo. I wanted a wonderful home, surrounded by a beautiful lawn. I saw that home. Every window, every door, and the surrounding grounds. I wanted to drive the most expensive car made—a Deussenberg. I wanted a beautiful pipe-organ in that home. I wanted lots of life insurance. I wanted many things.

Now I have that home I impressed indelibly on The Spirit of God within me. I never wavered. At that time I did not have, and could not raise \$100. But I knew God could. So then, true to the vision the Spirit of God had given me, I started to tell men and women throughout the world about the present existence of The Spirit of God in them. All the time I was telling God about the home, the pipe-organ, and the car. I thanked Him that He had heard me. Then, when I knew He had, I made mental pictures of the home, the organ, and the Deussenberg. It took God less than two years to bring all these things to me. The home I live in now IS THE EXACT HOME I HAD PICTURED WHILE IMPRESSING GOD WITH WHAT I WANTED, DOWN TO THE LAST MINOR DETAIL. THE DEUSSENBERG CAME ALONG. IN THE HOME IN WHICH I LIVE IS A WONDERFUL PIPE-ORGAN. This is just one instance of the sureness with which The Spirit of God operates, when one understands the Law which is God.

For God IS a Law. A mighty operating spiritual Law which, because it is God, is the most powerful Law in the universe. It is the universe. This Law acts with unerring accuracy. It cannot fail. And you, my friend, have living within you the very means which can bring into your life a super-abundance of very good thing you can possibly need, both material and spiritual.

Is there illness or sickness in your home? The Spirit of God can drive these things all out, and bring into your home perfect health, both bodily and spiritually. Is there fear in your home? Is there distress? Is there worry? Is there financial lack? The Spirit of God can replace all these things with an abundant plenty, and can bring to you and yours A GREAT PEACE. For, while I have stressed in these Lessons so far, the Power there is in the Realm of The Spirit of God, there is in God a great Peace, too.

The beauty of all this is that you are the one who has the final say as to whether you enjoy these good things here on earth or not. You are the one who has the say as to whether you continue on through life as you have been,

or if you allow The Spirit of God to come into your life with all Its wonderfulness. You, I say, are the one. Fortunately, your path and mine have crossed. You have come to me, and you know by this time that I am fully informed of the steps which are necessary to lead you into the most amazing and glorious experience of the Power of God. No man can write as I write, unless the Spirit of God lives in that man. When I want to write one of these Lessons to you, I just sit down, open up the flood-gates of The Spirit of God, and out comes the message. Believe me, this is a glorious life. It is the life you shall have if you desire it, and if you follow me closely, doing as I ask you to do.

There is no such thing as a person actually wanting to know the Power of God and not finding that Power. That is an absolute impossibility, provided one first of all realizes the existence of The Spirit of God in him, and then goes to work to arouse that Spirit, thereby throwing into instant operation all the Power God has, in his behalf. And when I say "ALL THE POWER GOD HAS"—WELL, THAT'S A LOT OF POWER.

But all of this Power may be yours. It is yours now and, when you realize that, your pathway to God is clear. There may be some trouble on your part getting used to living in the God-body instead of living in the flesh-body. But there is no comparison between the two lives. If all we know are the pleasures the flesh can bring, we know very little of true pleasure. But if we know even a little of the pleasures we get from constant communion with The Spirit of God, well, those are true pleasures I can assure you.

There is Eternal Life for you through the Spirit of God. There is Eternal Peace for you through the Spirit of God. There is Eternal love, Peace, Power, and Glory for you, through the Power of The Spirit of God. These things are yours now, if you will but take them. You can do that by submerging your flesh-body in the God-body.

Don't forget to keep sending us the names of those who should have this study. If you have started your little group, please be sure and send us the details so that we may know just how many meet. Those names are quite essential to our efforts in spreading this Teaching of the wonderful Power of The Spirit of God.

Don't forget those mental pictures. Don't forget to say to God: "THIS IS WHAT I WANT FATHER." You'll be surprised before too long.
