FOREWORD

This Monograph, "BECOME YOUR MILLENNIAL SELF NOW", like the previous Monograph -- "Their Judgment Day" -- is written in narrative form.

It was written this way because a great many Budding Individuals like the idea of "personalizing" NEW AGE Information ... makes it more interesting, easier to understand, according to them.

Several new "people" have been added to the narratives. We hope you will like these new-comers, and will learn to love them as well as you have Mr. Grayson, Bob Workman and his father and mother, Dr. Newman, Frater Xavier, Ronald, and the several others.

In "BECOME YOUR MILLENNIAL SELF NOW" we haven't tried to give too much in the way of new information, due to the fact that if a Budding Individual is progressing as he should be, he has already -- I-N-D-I-V-I-D-U-A-L-L-Y -- begun to receive Higher Information that is especially intended for his progress and EXPANSION into the Greater Life NOW.

This Monograph is especially intended for the "Path bound" Budding Individual; the Budding Individual who possesses all the information that all the previous Monographs have given him but, as yet, isn't putting sufficient of it into practice to be rolling along on THE PATH. Yet every Student should review it.

This is due to a lack of interest, which in turn is due to a great extent to being satisfied with one's self as he is, in an environment that isn't too unpleasant to reside in. This stagnant condition is exceptionally bad. It is bad because the Budding Individual in this condition has an abundance of opportunities (with little or no resistance from the world) to quickly start becoming the wonderful person he was destined to be.

If the contents of this Monograph will cause YOU and even a few other Budding Individuals like you to start progressing with zeal into the Greater Life, then it will have been worth while publishing.

You have everything necessary to start making the Great Transition NOW. Well, then, let's START NOW!

THE AUTHOR

BECOME YOUR MILLENNIAL SELF NOW

Part 1

A person leads a most interesting life once he has traveled even a short distance on THE UPWARD PATH. Yes, a long time before a Budding Individual becomes an INDIVIDUAL (as revealed in the Five-Fold Philosophy of Life) he is doing many of the things that an INDIVIDUAL does. Likewise, before an INDIVIDUAL becomes a MASTER he must be able to do most all of the things a MASTER does.

The miserable existence that the mass-minded experience is intended entirely for their awakening. BUT, the miserable experiences a Budding Individual has are for the purposes of speeding him along THE PATH to the place where miserable experiences are no longer required to keep him traveling -- EXPANDING -- into the Five-Fold Life.

FIFTY
THRILLING
YEARS

You can easily imagine how joyous a Budding Individual becomes when he starts "going places" (EXPANDING) in all Five Departments of Life. Things that had been so miserable to him just fall away now and disappear into nothingness. And each time something of a "lash-like nature" disappears it is due to the fact that the Budding Individual has successfully progressed beyond the need of "the lash".

Misery, sorrow, pain, ill health, poverty, unhappiness -- these are for no other purpose than to spur you forward into constantly-increasing joy, radiant health, and all of the wealth necessary to help yourself travel faster on THE PATH and, of course, assist others in doing likewise.

Is it any wonder then, that Bob Workman, his father, Mr. Grayson, Dr. Newman, Frater Xavier, etc., etc., found it such a thrill to travel THE UPWARD PATH to the GREATER LIFE?

Did you ever seriously stop to think that you are here on Earth in a physical body for only TWO REASONS? The first reason for being here is Self-Improvement in ALL FIVE DEPARTMENTS OF LIFE. The second, and the only other reason for being in physical embodiment, is to assist others in doing likewise. Philosophers, mentalists, religionists, idealists, thinkers, etc., etc., have thought up all kinds of "strange and fancy reasons" for man being here on the face of the globe, but if they have given any reason or reasons other than the two given above, you can dismiss them once and forever from your mind ... they have nothing to offer. These are the two, and only two, reasons for Man's existence on Earth.

Self-Improvement comes first of all, because you cannot be of assistance to others until you have achieved at least some success in TRAVELING THE FIVE-FOLD PATH.

Once you have achieved a certain amount of improvement for yourself, then you can only go so far until you help another soul to do likewise. The more you INCREASE, the more your talents will INCREASE for helping others. And the more you help others, the more your own talents will INCREASE. When Grayson, Bob, Ronald, Dr. Newman and all the others started on THE PATH they each helped someone else. Later on they were, in various ways, able to assist several at one time; still later on they were able to assist hundreds onto THE PATH and along THE PATH at one time.

As you grow, INCREASE and EXPAND, quite naturally you are able to be of greater and still greater assistance to others. Now do you understand why some Budding Individuals EXPAND so rapidly into Life? It is because they are enthusiastically interested in those TWO THINGS; Self-Improvement, and helping others to do likewise.

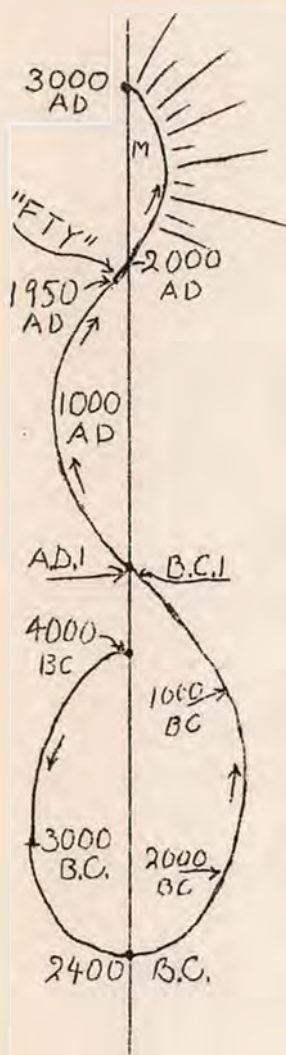

No true Budding Individual is trying to make this world a better place in which to live. Not now, because he knows that all this will be taken care of by the White Forces during the Millennium. The intelligent Budding Individual isn't concerned at all about the continued existence of the earth, for he knows that at the end of the Millennium -- only a little over a thousand years from now -- it will be completely ATOMIZED -- turned back into invisible, free energy. Not only the earth, but the entire physical universe as well. By that time it will have completely served its purpose. After that it will have no more value ... and so, why have it around to "clutter up space?"

From here on, let us lay aside every idea, action and activity that does not assist us in THE GREAT WORK of becoming, as rapidly as possible, the wonderful creatures we were designed to be. If we do this we certainly will not have any time to devote to making the world a better place in which to live. Certainly the world will be a better place in which to live just the moment you make even a small improvement in yourself. It will become a much better place in which to live when you have improved greatly. And when you have assisted many others to do likewise, then the world is certainly going to be much improved. The only thing wrong with the earth at the present time is ... the poorly EXPANDED people in it.

It is FIFTY THRILLING YEARS from December 31, 1950, to the Millennium. Of course, as we have explained before, the coming

FIFTY year period is to be shortened. In other words, the activities and the events taking place in it will be compressed to the extent that almost any time in the last half of the coming fifty years all "old things" could "pass away, and all things become new".

The SEVEN Tribulations (of seven years each), as given in Scripture, that are to take place before the Millennium, would actually be compressed into five, four, or even into three and one-half year periods. And so, anyway you wish to look at the situation, time is so short that it is going to require a great deal of your attention to keeping ahead of the schedule that Destiny has set for Budding Individuals everywhere. If you do this, there isn't a thing to worry about. One of the nicest things about getting some distance on THE UPWARD (FORWARD) PATH is that one never, never has the slightest reason to worry.

For a few moments now let us study the "serpentine time track" given to the left of this page. We didn't have the space to explain it in our advertising matter. In the first place, that straight line running up through the "serpent of time" is called the "Fate Line". We call it that due to the fact that every time humanity crosses it SOMETHING COLOSSAL happens.

Humanity (the present white race) as we know it today, started on this "time track" at approximately 4000 B. C. According to James Bishop Carr, humanity -- Adam and Eve -- remained in the Garden of Eden for SIX Years, SIX Months and SIX days. During that time, no doubt, they were traveling straight up the Fate Line of ever-increasing perfection. However, after the 6, 6, 6 of years, months and days they FELL, and started on the downward path.

With the exception of a few fairly good people, all the others became a vicious lot. It was in the descending "loop" that the "Sons of God" (fallen angels who materialized) married the "daughters of men", and "giants filled the earth".

By the time Noah and his sons had completed the Ark there were probably only a very few people on the face of the globe (except Noah, his wife, their three sons, and their son's wives) who didn't have the blood of fallen, evil, materialized angels racing through their veins.

This continued for some sixteen hundred years, or to about 2400 B. C. Then came the Flood, and all of the beings who were by now part human and part angelic (fallen angels) were forced out of physical embodiment, and from then until now, no fallen angel is permitted to occupy a physical body of his own (except Judas "who was a devil from the beginning"). Quite true, evil fallen angels do occupy human bodies now and then, but the bodies they occupy are not theirs. They are the bodies of human beings who were foolish enough to permit the fallen angels to occupy them.

At 2400 B. C., (Flood of Noah), humanity crossed the Fate Line and almost became extinct. Now without the direct influence of evil beings there is an upward turn for humanity, which continued until about 1 A. D. when it again crossed the Fate Line at the Birth of Christ and all but turned downward. But from then on until the present time -- 1950 - 1951 -- there has been a steady rise of humanity, at least in the Spiritual Department of Life. This EXPANSION in the Spiritual Department is the only thing that has prevented the race from turning downward during the past 1950 years.

Between now -- 1950 - 1951 -- and the end of this Century, there are FIFTY THRILLING YEARS in which we prepare ourselves to cross the FATE LINE again (shown in the drawing as 2000 A. D.). Only a fraction of the present race will ever cross the Fate Line. Those who do cross it will be Budding Individuals and INDIVIDUALS, etc., etc. The mass-minded will never cross it. Millions upon millions will never even get near to crossing it.

Once the crossing is made at 2000 A. D. (rather, much before) then comes the THOUSAND YEARS OF COMPLETE PEACE. Millions of souls will be born during the Millennium. These people, of course, will have no temptations to do other than good. Even though you Budding Individuals tell them that a crisis is coming at the end of the Millennium -- approximately 3000 A.D., they won't believe it, any more than most of the mass-minded believe you now. But at that time "Satan is loosed for a little season:", and all of the "good" people that were born during the Millennium (not Budding Individuals) will follow Satan and suffer his consequences.

START CROSSING YOUR FATE LINE NOW

Part 2

The WORK of every Budding Individual, no matter how EXPANDED he may be, is to START CROSSING THE FATE LINE NOW.

The coming Fifty Years (shortened, of course) are intended for nothing else that to prepare you (and as many others as possible) for the crossing. This crossing isn't something you can put off until you get there, it is something you must start doing NOW.

Of course, the coming Fifty Years are also for the purpose of eliminating from physical embodiment all those who will not make an attempt to fit themselves for this. Millions upon millions of earth's inhabitants will be eliminated just as soon as they are "weighed, and in the balances found wanting". It would not be a kindness to keep them in physical embodiment, when it is known for a positive fact that they will never, never permit themselves to TRAVEL THE PATH. Each, as you so well know, has the right of free will.

In the small drawing at the left we give an enlarged scale of the "FTY" -- Fifty Thrilling Years. You will note that it is divided into SEVEN Sections of Seven Years each. We have given you the names of these seven subdivisions before, but for convenience will give them again. 1, "Battle of Jerusalem". 2, "Blistering Heat". 3, "Destruction of Ships". 4, "Water Made Bitter". 5, "Sun and Moon Smitten". 6, "Men Seek Untimely Death". 7, "Battle of Armageddon".

Don't wait for the "Battle of Jerusalem" to take place before you start crossing the FATE LINE. If you do, you are going to experience "Blistering Heat" at once. Yes, even before the mass-minded world begins to get into that period of time, you will suffer it if you do not prepare.

For those Budding Individuals who start on the Five-Fold EXPANSION into LIFE NOW, the coming SEVEN Periods between now and 2000 A. D., which are intended ONLY for awakening the masses into LIFE, are going to be to you SEVEN of the most thrilling periods of experience that any human soul ever has experienced or ever will experience in the flesh.

The first of the seven periods of time known as the "Battle

of Jerusalem" brings tremendous changes throughout the world ... not just the liberation of the City of Jerusalem from the Godless United Nations Army. The changes are GOOD -- POSITIVE -- for you, but they are very definitely Evil -- NEGATIVE -- for "men of ill will".

It is positively amazing how differently this great event -- THE BATTLE OF JERUSALEM -- will affect people who are TRAVELING on THE PATH, and those who have not set foot on THE PATH. The harshness of this period will cause many a mass-minded soul to definitely see the LIGHT and travel THE UPWARD PATH. Of course, while this is the purpose of all SEVEN TRIBULATIONS between now and the Millennium -- to get the mass-minded to travel THE PATH -- nevertheless those souls who require the "tribulations of Jerusalem" to awaken them are certainly not going to travel through the coming fifty years on the same high level as you Budding Individuals who will start now without coercion.

After the Battle of Jerusalem, nothing throughout the entire earth is going to be quite the same. The mass-minded will from then on be in a constant state of apprehension and consternation. This will be radiated by them far and wide. However, you who EXPAND into Life NOW, will be up and beyond the miserable rate of negative vibration. You will be in a constant state of joy and happiness. You will find that your physical health will greatly increase.

The understanding of this is simple. The tissues of the body rarely exceed eighteen months of age before they are replaced by newer, younger and more youthful cells. Of course, the bones of the body require seven years to be completely replaced. Actually, you are never over seven years old. A bit of enthusiasm for living, through the Battle of Jerusalem period (which is almost at our doors) should cause you to improve physically by leaps and bounds. To you the Battle of Jerusalem is the sign and the symbol of RENEWED YOUTH, providing you start your Youthification NOW.

Simply apply what you know. The various Monographs of this series, WHICH YOU ALREADY HAVE (or can get in the next few days) contain exactly the information you require for making a Positive start into your THRILLING NEW SELF, NOW.

For you, there is but one time ... NOW. Start NOW. Start getting results NOW. START BECOMING YOUR MILLENNIAL SELF NOW. Start NOW, and you will continue when the NEW and higher vibrations begin to exhilarate every Budding Individual during the Battle of Jerusalem Period.

It is absolutely impossible for a Budding Individual to

adjust himself to the future that is going to befall the mass-minded. You just can't do it. The future for the mass-minded is all negative. It is intended to be just that way for their awakening. Their tomorrows are filled with grief, pain and mourning, but your tomorrows are filled with ever-increasing joy, happiness, youth and LIFE.

Your future is one of LIFE. The future of the mass-minded unless they start TRAVELING THE PATH, is very definitely one of death.

The population of the United States is approximately 150,000,000. Millions upon millions of the mass-minded who make up that number will positively refuse to become Budding Individuals during the tribulation period known as the "Battle of Jerüsalem". They will be forced out of physical embodiment. Other millions will be JUDGED during the next period, "Blistering Heat" and will be FOUND WANTING, and CAST OUT OF PHYSICAL EMBODIMENT. The death rate in the United States during the "Blistering Heat" tribulation among the mass-minded probably will be terrific.

"Water Made Bitter" is another period in which millions upon millions more will permanently pass out of the body. Again the population will be reduced by millions. "Sun and Moon Smitten" is another period when more millions who have definitely made up their minds never to "turn West" and become Budding Individuals and live, will pass out of the body once and forever. By this time the population of the United States will have reached another new low, getting down to less than a third of what it is now, and still more death and destruction among the mass-minded. Of course, what takes place in the United States and Canada will be universal. Those who have had the greatest opportunities to TRAVEL THE PATH but have refused to do so, will experience the greatest destruction.

"The Battle of Armageddon" period will cause Russia and her satellites to lose five out of every six of her vast 200,000,000 army.

The future isn't at all bright for the mass-minded. Only those who are traveling THE PATH between NOW and the actual beginning of the Millennium will LIVE.

MILLENNIAL TRANSFORMATION NOW

Part 3

"The Millennium must be just like this", mused Bob Workman, as he sat comfortably in the shade of the huge old pepper tree in front of the old Spanish "casa", and viewed the work of Nature in the little valley that surrounded the old house. The day was bright and beautiful. Warm but not hot. There were flowers and fruits in abundance everywhere.

Today, Bob just took it easy. Later in the day he cut some wood for the fireplace for the evening, and then picked a quantity of the lush fruit, and gathered some vegetables. As it was still early afternoon, he decided to take a swim in the pool he and a boy friend had made years before by damming up the small creek with stones and gravel.

Sand had washed down the ravine during wet weather and had formed a beach of clean sand at one side. Here one could enjoy hours of the mellow, golden sunshine.

After the swim today, and while lying on the sand, Bob began to feel that he was to have company. He tried to picture in his mind who was coming. Local people hardly knew of the "retreat". They always came to the Workman residence by the ocean whenever they paid the Workman's a visit. Today, he sensed, someone special was coming. He began to feel that it would be more than one person. Finally, he decided to go up to the "hut" and put on some clothes. He had hardly dressed and come outside when he heard a voice from the top of the ridge.

"Hello, Bob," it shouted. "Are you there?"

Instantly he recognized the voice of Dr. Newman. Immediately Bob called back, "Hello, Doctor. Come on down."

As the Doctor started down the gently descending trail Bob saw there were two men with him. At that distance he could not recognize them. Before long Dr. Newman came out in the clearing with his friends. Although the Doctor was now well along in years he didn't show it in the slightest in either appearance or actions.

After Bob and the Doctor had exchanged cordial greetings, Dr. Newman introduced his two friends. Greenfield was their name -- George and Dick Greenfield. They were cousins. Bob at once could see a great resemblance between the two. George was the elder of the two. Dick was probably in his early twenties.

Bob brought out easy chairs and placed them under the tree. All sat down and in no time were friends. Each of the lads was very definitely a considerable distance on THE PATH.

"Dr. Newman," George said to Bob, "told us of the wonderful place you have here. I had a feeling it was quiet and peaceful, but I had no idea it was as beautiful as it is. Not only that, the vibrations here would indicate that it is definitely a 'Retreat of the Masters'."

"Thank you," replied Bob. "You see, George, it has been years since we have had any unharmonious souls over here. Not only that, those friends who have visited here have assisted me in 'drenching' the whole place with the Cosmic Blue Fire.

"We used to invite folks over here to pick fruit, and can it at the house if they wished, but of late years they don't do that any more. I have asked several of them why they no longer came. They gave me evasive answers. One dear friend of the family, a Mrs. McCarthy, used to bring her children -- all eight of them -- and come over, stay for a week, and pick and can fruit. Then one year, not too long ago, they came over one day and left the next. I went over to Mrs. McCarthy's house and asked her 'why?'. At first she wasn't going to tell me. I threatened, jokingly, not to leave until she told me all. Finally, with considerable hesitancy, she explained: 'I was picking fruit along with the children out in the berry patch when suddenly I looked over at the house, and from Heaven above was a great stream of blue fire that completely came down through and around the house. I called the children, but for some strange reason only Michael and little Mary could see it. They thought it was beautiful, and said it was always there, day and night.'

"She looked embarrassed, but finally continued. 'I asked them why they hadn't told me about it, and they said they'd thought I and the other children could see it, too. Well, after I got over my fright a little I said, "Come, children, we are leaving for home at once" ... and we did. The children, especially Michael and Mary, were terribly disappointed -- they were having such a good time -- but I insisted. I said, "this is no place for us -- only the Saints are allowed here"'. "

George and Dick were sitting with their backs toward the old adobe house. They turned now to view it, and almost simultaneously exclaimed, "Cosmic Blue Fire." George continued with, "I never saw a shaft of the Blue Cosmic Fire like that before."

In a few moments their Inner Sight closed, and the Cosmic Blue Fire suddenly disappeared from their sight. They all knew,

of course, that it really hadn't. It was still there. Their Inner Vision, of its own accord, had "turned off".

"I have taught a lot of fine people how to use the Cosmic Blue Fire," remarked Dr. Newman. "It is no effort at all for any Budding Individual to use it even though his Inner Vision is not as yet open sufficiently for him to see it. The trouble with most beginning Budding Individuals shortly on THE PATH is that if they can't see the Cosmic Blue Fire they can't believe it is coming down through and about them. But it very definitely is, any time they ask for its protection. If they would just continue the use of the Blue Fire by Affirmation, one day their Inner Sight will suddenly open and they'll see it clearly."

"It is the USE of the Cosmic Blue Fire," continued Dr. Newman, "even though we can't see it at first, that helps us with the transformation necessary to enter the coming Millennium." In fact, outside of sensible living, the use of the Cosmic Blue Fire daily and hourly is one of the most transforming influences I know of. And it can be put to such easy use any moment, day or night. Why, a person can be driving to work, with people talking to him, and practice bringing down the Cosmic Blue Fire through himself and through every one in the car with him."

"I had an interesting experience not long ago," Dick now chimed in. "I was riding along in a car with some friends. Suddenly, while going around a short curve, our driver had to run off the side of the road to prevent being hit by an oncoming car that was 'way over on our side of the road. Our car ran into loose dirt and turned over twice, then right back up on its wheels. What had happened was, when I saw from where I was sitting that we were in mortal danger, I drew a tremendous shaft of the Blue Cosmic Fire straight down from Heaven through all of us, and the result was that none of us were even slightly injured. After straightening out the cushions of the rear seat and getting our few belongings back in place, we drove on as though nothing had happened. After we got rolling again, the driver, a very close friend of mine turned to me and said, 'Dick, I want to thank you for what you did. We could all have been killed.' I was slightly embarrassed, but managed to explain, 'It was protection straight from Heaven that spared us,' and it was."

SHORT-CUTS TO THE MILLENNIUM NOW

Part 4

While George and Dick were looking about the garden and orchard, and taking note of the "swimming pool", Dr. Newman and Bob had a chance to get caught up on relating a few interesting experiences they had had since they last saw each other. At the same time Bob busied himself with the evening meal.

After a while the conversation turned to George and Dick. "Who are these lads that came with you, Doctor?" Bob asked. "They seem to be well along on THE PATH."

"Well," began Dr. Newman, "as you know they are cousins. And while they both look the part of being in their twenties, only Dick is. He's twenty-three.

"I am quite proud of Dick. He hasn't been on THE PATH too long, but he's certainly EXPANDED in the Five-Fold Life for the short time he has been TRAVELING.

"Dick recently returned from the war in the Pacific. He was in Medical Service and did wonderful work while constantly under fire. The Higher Powers, however, wished him to return home, and so he was wounded, and within a few weeks was back in the States again, convalescing. He is able to be up and around now. His injuries still bother him some, but you would never know it.

"He is destined for a Great Work in both this world and in the Other World. In fact, he is already engaged in the Other World Work now, but still needs more training in this material world.

"George, his cousin, is a little older. He is no longer in his twenties or thirties. Fact of the matter is, George will never see sixty again."

With this, Bob turned and looked at Dr. Newman with considerable surprise written on his face. Then he smiled and remarked, "I don't know why I should be surprised when I hear that someone, whom I have mistaken for a youth, turns out to be a person of maturity. I have seen any number of them. With the short-cuts offered Budding Individuals today, nothing is really impossible."

"George, like Dick," explained Dr. Newman, "only came into an understanding of the Five-Fold Life recently, but from the moment they became Students they began to practice avidly.

I was amazed at the wonderful changes George made in himself.

"When I first met George, however, I had a feeling he would make a good TRAVELER on THE PATH, but I had no idea he would travel -- EXPAND -- so rapidly. The thing I didn't know was that he was capable of working up so much zeal, fervor and enthusiasm for EXPANDING into the Five-Fold Life.

"George has just an average education. When I first met him five years ago he was old, fat and fifty-six. A heavy eater, drinker and smoker, especially after his wife died when he was around fifty. All that, of course, is changed now. By the way, he has five grown children, and eight grandchildren."

"He has certainly done all right," commented Bob, "since he took up the Five-Fold Philosophy."

"You're right, Bob," agreed the Doctor. "Not only that, George made the secret short-cut in his ADVANCEMENT, by starting to teach others only a few months after he began his own Five-Fold transformation. He quietly gathered about him a few 'disciples' that were receptive, and taught them what he knew, and before he ran out of knowledge, more and still more was given him."

"That is one of the wonderful secrets of success in the Great Work," agreed Bob. "Practice until you begin to get results, and then quietly teach others, and you can rest assured that before you have completely 'given out', much more will be added to your fund of knowledge."

"George wasn't accepted as a prophet by the multitudes in his home town, by any means," continued Dr. Newman. "But after he began teaching a wonderful opening presented itself. It was, of course, created and arranged by the White Forces, but only recently George found out about this. He was now definitely on his way to the Greater Life. He let nothing interfere with him. Once he became 'respectable', his family began to treat him with much affected consideration. And, as soon as they found he was 'in the money', as they called his modest prosperity, they welcomed him with open arms.

"The first thing I did was to have him VISUALIZE HIMSELF as he would like to be, and in the surroundings he desired to be in, and doing the work he would like most to do, and he did just that. He got rid of a lot of the 'old man' by the 'writing-out exercise'. He was by nature a 'dour Thomas', and he wrote that out, too. Next, we got him onto the 'lion-and-the-lamb breath', which normalized him still more. We just continued on the usual practices that any half-way informed

Budding Individual, if he is enthusiastic at all, would use.

"I introduced him to FASTING, and to the Blue Cosmic Fire. He liked the idea of the Blue Cosmic Fire as well as the other four Cosmic Fires, but FASTING, he couldn't see that at all at first. He was absolutely certain it would 'undermine his health', but finally, by easy stages, only one day a month at first, then later to the regular one day each week, he began to appreciate it. Then came the longer FASTS. When he found that his health wasn't 'undermined' in the slightest, but that it was greatly improved, he voluntarily went on the longer FASTS. Just recently he completed his second 40-day FAST."

Just at this moment the voices of George and Dick were heard as they approached the house. As they entered Bob greeted them with, "Welcome, Budding Individuals, you are just in time for chow. It isn't much, but it's all we have in 'these here mountains'."

George and Dick viewed the bounteous dinner table with amazement. After they had caught their breaths, so to speak, George commented, "Call it 'chow' if you wish, Bob, but to me it's a banquet."

As they enjoyed their meal and talked about many interesting things pertaining to the life of Budding Individuals who are TRAVELING THE PATH, Bob had an opportunity to better analyze the two "lads".

Dick was a very unusual fellow. He was unusual because he was definitely of the New Dispensation. He was typically the "Millennial type". The contrast between New Age humanity and the old Piscean human beings is so pronounced that even uninitiated people are conscious of it.

George was Bob's ideal of a Budding Individual. He was a person who, once he comprehended the possibilities of his great future, at once started EXPANDING into that LIFE. And once he started, he kept right on going in spite of everything ... including himself.

Of course, Dr. Newman had accomplished wonders in himself, but these changes, wonderful as they were, had taken place over a long period of years, during a time when folks had decades to accomplish what the present-day Budding Individuals must do in months. "With all the short-cuts we now possess," thought Bob, "there isn't a reason in the world why any Budding Individual can't enter the Millennium in the flesh, no matter how old he may be now."

FOR YOU, ETERNITY BEGAN YESTERDAY

Part 5

That evening Bob kindled a glowing fire in the ancient fireplace, for his guests.

"There is nothing like an open fire," commented Dr. Newman, "to bring out the Mystical in one's nature."

"I have noticed that," agreed Bob. "Not only that, but my many friends from the Higher Other World seem to enjoy an earthly fire, especially in this fireplace, and as much as do we who are still in physical embodiment."

"The Cosmic Blue Fire," explained George, "which is so tremendous here, plus an especially-kindled hearth fire, such as this one, makes it very easy, I understand, for beings from the Higher Other World to visit without being repelled as they would in a place where the vibrations are low."

"Much depends upon the occupants of a place," remarked Dick. "If their personal vibrations are high, it makes it doubly easy for visitors from the Heaven World to come and visit in a place like this, which is already high in the vibrations of the five Cosmic Fires, especially the Blue."

"One of the reasons," explained Dr. Newman, "why earthly fire was used in the old-time, occult ceremonies, was for the express purpose of raising the vibrations of the ceremonial chamber high enough to permit visitors from the Astral World to come in and materialize. Of course, without the protection of the Blue Cosmic Fire, any kind of fire-magic is dangerous. This was one thing the old-time magicians knew about but didn't use, due to the fact that the type of astral beings they dealt with couldn't tolerate the Blue Cosmic Fire. Of course, I am not speaking of the activities of the White Brotherhoods of that day. They most certainly used the Blue Fire."

"At our new Retreat House in the Great Lakes area, there are a number of fireplaces. These are not especially intended for 'magical purposes'. Actually, they are for comfort -- for enjoyment. However, some of the Novices attending special training there say that when they gaze into the open fire, especially when the flames are tinged with blue, their vibrations seem to be greatly activated. The bright red flames bring about a desire for action, and action is one of the things so definitely needed among Budding Individuals these days."

"After the training period at the Retreat House," continued Dr. Newman, "the Novices are then given a special opportu-

ity of instructing classes of Budding Individuals, especially those who are 'stagnated' on THE PATH. This is exceptionally fine training for the Novices. Also, every now and then there are some fine examples of Budding Individuals who have been retrograding on THE PATH, and who then snap out of it, and start forward again.

"None of these classes for stagnated Budding Individuals are ever conducted at the Retreat House. As you know, no one except a Budding Individual who is well along on THE PATH even knows that such a Retreat exists.

"Not everyone who is going to put in full time in the Great Work requires the special training of the Retreat Houses. Many Budding Individuals, through the nature of their past occupation or profession, are highly qualified to go out and teach the Five-Fold Philosophy of Life without it.

"These classes -- really informal seminars -- are usually conducted in the homes of Budding Individuals who have large enough accommodations. Usually not more than 20 'earth bound' Budding Individuals are invited. And these are especially selected ... by the radiations of their auras, as you know. They are also invited because they have studied the Five-Fold Philosophy of Life and understand it, but for some reason or other just haven't put that information to use in their life and affairs.

"This work of getting them to put it to use is really a problem. And this is due to the fact that we aren't allowed to 'high pressure' Budding Individuals, nor the mass-minded. If we should do this, then the Forces of Evil have an equal right to 'put on the pressure'. The result would be that the Budding Individual would certainly go into action ... on the side of the Evil Forces. Because, unless a Budding Individual is far on THE PATH, evil always is much more appealing than is good, especially when it is presented by the evil beings who parade as angels of light."

Dr. Newman turned to Dick and remarked, "Dick, you and your cousin George more or less recently have been at the Retreat House, and have been conducting seminars for Budding Individuals. Will you please tell us something about them? Tell us about your latest class."

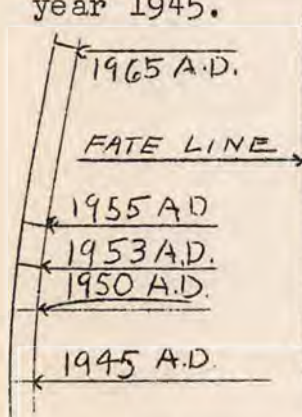

"At my latest class," Dick grinned a bit ruefully, "I felt just a little out of place. This was because there wasn't a single young person in the group.

"As I started addressing my audience I heard a hoarse whisper. One woman said to another, 'Why, he's just a child. Does

he think he can teach us anything of any value to us?'

"The other woman more than saved the day for me. She said, 'Shhhhh, don't you recognize an "old soul" when you see one?' This was loud enough for everyone to hear. From then on I had respectful attention. Just what each person there thought was important about being an 'old soul' I don't know. But it must have seemed important to them. It was the best seminar I have so far conducted.

"My topic for that evening was, 'For You, Eternity Began Yesterday'. They seemed never to have heard that the door to the age of modern miracles actually opened in midsummer of the year 1945.

"I first explained to them that through their lack of interest in EXPANDING into the Greater Life they had lost exactly five years, which would be exceedingly hard to make up between now and the beginning of the sounding of the 'first trump', which begins with the Battle of Jerusalem.

"This group, however, knew about everything else. There wasn't a thing they hadn't read about, as far as the various practices of EXPANDING into the Five-Fold Life are concerned. But they weren't using a single one of them. Suddenly the thought was given to me, and I asked them a question.

"What are you doing about FASTING?' A rather plump lady unhesitatingly replied, 'I don't think much of fasting. I have tried it several times, and each time I lose weight.' At first I thought she was trying to be funny, but when neither she nor any of the others so much as smiled, but looked all the more serious, I realized then and there that while they had read a great deal, they had actually practiced nothing to the extent of experiencing good from it.

"After much explaining about the tremendous values gained in every Department of Life from FASTING, and how they could make up for the FIVE YEARS they had just lost, they began to see the importance of it, and practically all assured me they would try it. Their promise made me feel exceedingly happy, because I knew that FASTING is one of the shortest ways of regaining the years that 'the locusts have eaten'. Also, it is one of the quickest ways of making themselves ready for the on-rushing Millennium."

WHAT OTHERS HAVE DONE YOU, TOO, CAN DO

Part 6

Bob Workman placed several more logs on the fire, which had burned to embers. Soon the old Spanish "adobe" was alive with a cheerful, golden glow, while shadows danced on the walls.

"I had a very interesting seminar not long ago," volunteered George. "I was exceptionally fortunate. I not only had cousin Dick to assist me, but had two rather unusual women from far-away Northern India as guests one evening.

"These two women, Mother Maria and her traveling companion, Sister Frances, were returning from a visit to the Mother House of their Order -- The Sisterhood of Mary and Martha -- in England. They were returning to India by way of the United States, in order to see, as Mother Maria put it, 'how the other half of the human race lives.'

"Mother Maria, who was well along in years, had been the Mother Superior of the work of the Sisterhood in India for many years. In England, those in charge of the world wide Order felt that Mother Maria should resign and let a younger member take over the work of the Order. But Mother Maria, who had just been reelected for another seven years, didn't see it that way. So, when pressure was brought to bear in England, she decided to make a trip to the Mother House, and 'have it out' with the 'powers that be.'

"Considerable consternation was caused, I understand, at the Mother House in England when she and Sister Frances arrived. In fact, they were not accepted at first, but were looked upon as imposters of the first water.

"Of course, the heads of the Sisterhood couldn't be blamed too much for that. After all, Mother Maria and her traveling companion weren't just girls when they first went to India a little before the turn of the century. In fact, Mother Maria was well on towards forty, and Sister Frances only a year or two younger. But here they were, approaching ninety, but looking even younger than when they sailed for India over half a century before.

"The Sisterhood in England had increased greatly in numbers while Mother Maria was away. All but a half dozen of the older members of the Order had passed away. These were the only ones who could identify Mother Maria and Sister Francis, and they couldn't do that on account of the youthfulness of the two.

"One of the old Sisters at the Mother House in England, when she was finally convinced they were the original Sister Maria and Sister Frances, remarked, 'I've heard many an amazing story about the magic, mystery and longevity in India, but this is the first time I have ever come into direct contact with any of it. If it wasn't for the fact that it must be the workings of the Evil One, I would be tempted to try the "potion" myself. By the way,' she asked Mother Maria in a guarded whisper, 'can it be purchased at the apothecaries here in England?'"

"When Mother Maria informed the dear old Sister that it wasn't a 'potion', but a NEW WAY OF LIFE, the dear old soul was most certain that it must be of the 'Evil One'.

"While they were not able to do much in the way of enlightening the older members of the Sisterhood in England, due to those closed minds, and the short time the two had at their disposal, they did have an opportunity to talk to some of the younger members of the Order. These, one and all, wished to migrate to the Work in India by the very next boat. Thus, a certain amount of good was accomplished. At least, there are any number of Sisters in England that now believe in New Age Miracles.

"At my last seminar, Dick and I had Mother Maria and Sister Frances on our program as a complete surprise to the Students, on the next to the last evening of the seminar. Early next morning the Sisters left by plane for the West.

"You can imagine how amazed my hearers were the next evening, when I told my audience the true story of the two Sisters, especially their ages. Actually, the Sisters appeared and acted like women in their thirties, not like old women nearing their nineties.

"One member of my audience was quite indignant with me. 'Why,' she demanded, 'didn't you tip us off beforehand regarding their discovery of perpetual youth ... so we could have asked them questions and gotten their "secret formula"?'

"'They have,' I replied, 'exactly the same "formula" as have all of you. In fact, a man -- an INDIVIDUAL -- from right here in this very city, while traveling in India was directed by the White Forces to teach the Sisters the very same things you have been taught. The Sisters were receptive, and received the Teachings gladly. With great zeal they put the information to use in their Five-Fold lives. Quite naturally results were soon experienced.'

"By the way, Dr. Newman," explained George, "it was your very good friend, Frater Xavier, who taught the Sisters while

he was on one of his visits to India, and that wasn't so very many years ago, either."

"I did tell my audience," continued George, "that the Sisters did practice something that none of them had, as yet, ever been informed about. 'As you get some distance on THE PATH,' I told them, 'after you have put to use the various practices you know all about now, you then engage in the practice of FASTING. At first, just one day each week; after awhile two days every two weeks, etc., etc. When you get into the slightly longer FASTS you will then be deemed worthy of receiving information intended for the Novices, from the Higher Other World. No two people ever receive exactly the same information. With this information, especially intended for YOUR use, you will then EXPAND into the GREATER LIFE -- IF YOU USE IT!"

"It is with this Special Information that you will soon begin to make the same great changes that Mother Maria and Sister Frances made. It is all as simple as that. Now do you understand why it wasn't necessary for you to ask the Sisters any questions about their return to youth?"

"One woman in my audience insisted that there must be something more to it than that. She said the Sisters must have gotten hold of, and used, powerful herbs, of which, she said, there are great numbers in India.

"It took some little time to convince this woman that the Sisters didn't use any 'secret' herbs, roots or magical practices. Positively no Yogi practices of any kind, unless the 'lion-and-the-lamb breath' and the 'writing-out exercise' are Yogi practices. Unless, the use of 'vril' or the Cosmic Fires are 'Yogi'.

"We stayed in session that evening answering questions, Dick and I, until past midnight. Finally all had a firm and fixed determination to put the marvelous information -- that practically all Budding Individuals possess -- into practice beginning at once. It was really a very splendid seminar, and I feel much good was accomplished."

"What did the Sisters think of your Students?" Bob asked.

"They thought they were very wonderful people, but after the Students left Mother Maria remarked, 'I can't understand how so many intelligent and fine people, all possessing the complete Five-Fold Philosophy of Life, haven't as yet used any part of it. It must be that I just don't understand Americans.'"

EXPECTING THE UNUSUAL AND RECEIVING IT

Part 7

There were sufficient sleeping accommodations at the "hut" so that Bob invited Dr. Newman, George and Dick to stay for the night. They accepted Bob's invitation with joy.

Bob prepared a light snack late that evening. He was just about to ask Dr. Newman to relate some of his recent interesting experiences when the Doctor requested, "Bob, you have completed a seminar out here on the Pacific Coast recently. Won't you tell us something about it?"

"I was just going to ask you to tell your experiences you have had of late in South America," Bob laughingly remarked.

"I can do that at a later date, Bob," replied the Doctor. "I am sure George and Dick, and I know I, would like to hear about your latest seminar." George and Dick heartily agreed with this suggestion.

"Well, gentlemen, you asked for it," smiled Bob. "I'll start out by informing you that I had the interesting experience of losing half my audience the very first evening."

"What on earth happened?" enquired George.

"I felt impelled by the Forces in the Higher Other World to inform my audience that I was to tell them nothing new; that my work was to encourage them to apply the information they already possessed, and nothing more.

"There were nearly sixty Budding Individuals in the audience the first night, but slightly less than half stayed on for the remainder of the seminar.

"My theme for the classes was 'Expecting the Unusual, and Receiving It'. I didn't let the disappearance of half my audience discourage me -- I realized that those who did not return were not entitled to further encouragement to travel THE PATH for the time being, due to their lack of interest in putting to use that which they already knew.

"The second evening became somewhat eventful -- we had visitors from the lower Other World. I discovered later that this particular hall was the regular meeting place for some sort of mediumistic group, who evidently practiced a form of black magic. I noticed that the audience the first night and the beginning of the second meeting seemed irritable and very

apprehensive. At a short recess during the second evening session a very good friend of mine, Victor Nelson, who was assisting me, took me aside and said, 'Bob, you know this place is reeking with evil entities. They do not want you to succeed with your Work here'.

"I didn't question Victor's statement, as he seemed to be sure of what he was saying. Before he took up the Five-Fold Philosophy he used to 'dabble around with the spirits', as he called it. 'What would you suggest, Victor?', I asked.

"'Ask the audience to help us bring down the Cosmic Blue Fire in great quantities', he replied.

"I immediately knew what to do. I called the meeting to order and began to explain the situation to my audience. I was just about to ask them to concentrate with Victor and me in protecting the hall with the Cosmic Blue Fire, when a stack of books on a table in the rear of the hall tumbled to the floor with considerable commotion.

"I started to tell the audience again that we must concentrate on bringing down through the hall the Blue Cosmic Fire, when suddenly a large vase of beautiful flowers at one side on a table, shattered and water and flowers went in every direction.

"After every one was quiet again, I once more attempted to speak to them about the use of the Cosmic Blue Fire for our protection and peace of mind when a folding chair gave way, and let a rather large man crash to the floor with much noise.

"'Surely', I thought to myself, 'nothing else can happen,' and so once again I began to suggest that the audience bring down the Cosmic Blue Fire. Just at that moment a large picture with a heavy frame, hanging on the wall just back of me, fell down, missing me by an inch or two, and crashed to the floor with a great shattering of glass.

"Suddenly I said, 'Everyone please stand up. Now,' I said, 'bring down the Blue Cosmic Fire through yourself and through everyone in this room.' This we all did. Soon a great shaft of Blue Cosmic Fire the size of the room was coming straight down and traveling to the very earth beneath the building. Victor and I marveled at the dazzling Blue Fire that was pouring down through ourselves and every one in the room.

"Needless to say, we had no more trouble that evening or any other evening, from the forces of the Nether World. It turned out to be one of the best seminars I have ever had the

privilege of conducting. My audience did such a fine job of bringing down the Blue Cosmic Fire that it must have kept falling after we gave up the hall. This was brought to my attention by the manager of the 'Black Psychic Society', or whatever they called their 'order', for he looked me up a week or so later and demanded that I remove the 'curse' I had placed upon the hall."

After a pause, Dr. Newman explained, "It works the same way to a considerable extent with evil human beings still in the flesh. It is difficult for them to tolerate the Blue Cosmic Fire, too. Down at the Abbey of Aquarius, in South America, we haven't been troubled by officious and snooping government officials for some time now.

"These government 'inspectors', as they called themselves, were treated with great courtesy, but even so they never remained at the Abbey for any length of time. They just couldn't tolerate the Blue Cosmic Fire, due to so much totalitarian red, the most revolting kind of red, in their auras.

"I have known of government officials, particularly in recent years, who have come on these so-called 'inspections', and radiated a most 'high and mighty' attitude. Before fifteen minutes had passed they began to feel weak, but tried hard not to show it. Within half an hour they were as weak as kittens, and as humble as lambs. They couldn't get away from the Abbey and the plateau fast enough."

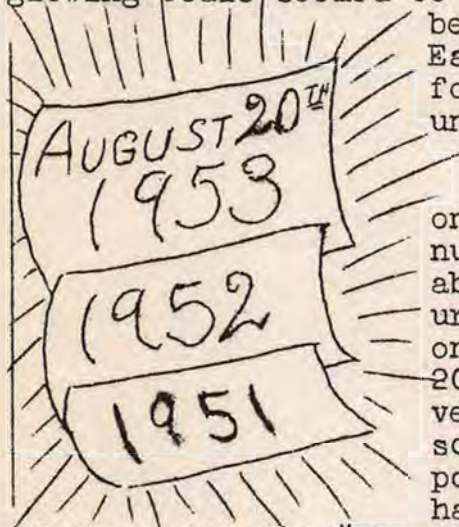

"That is indeed interesting," commented George. "I have heard a great deal about the Abbey of Aquarius, but have not, so far, been invited to visit it. Some day, perhaps, when my Cosmic Blue vibrations are much greater than they are at the present time, I hope to receive an invitation."

Turning to Bob, George remarked, "Your experience, Bob, with the infernal spirits in the lecture hall, and exorcizing them through the use of the Blue Cosmic Fire, was indeed a wonderful demonstration. I can imagine that if you had not proceeded along those lines, you and your assistant, as well as your audience, would have been troubled every evening."

"Exorcising evil beings and entities is an age-old practice. All of the older church organizations have a formula for doing that, but for some reason, strangely, they very seldom use it. For one reason, it takes considerable preparation, and isn't too effective. Occasionally the exorcisor incurs the wrath of the evil beings, and they make him wish he had never attempted to molest them. With the use of the Blue Cosmic Fire, however, there is never any danger, and it is always a sure exorcism."

"Your title, Bob," commented Dick, "for your seminar, 'EXPECTING THE UNUSUAL AND RECEIVING IT', was really appropriate. I would have enjoyed very much this marvelous demonstration of the White Forces."

As Dick finished the words, "this marvelous demonstration of the White Forces", the old clock ticking away above the fireplace began to sound the hour of midnight. Suddenly, the glowing coals seemed to be stirred as by an unseen hand. They began to flame up with great brilliancy. Each of the men sitting comfortably before the fire began to realize that the unusual was taking place right there.

In the midst of the golden flames, on a dazzling background of white, the numerals 1951 began to form. Then, just above these on another "sheet", the figures 1952 appeared. Shortly, above this on yet another dazzling "sheet", August 20th, 1953 appeared. All of this was very steady and clear. Then shortly the scene became wavy and troubled, like a pool of placid water into which a stone has been cast. After a short time all of the white-hot "sheets" with their numerals upon them, began to fade from view. The brightness of the coals died away and soon nothing remained except the glow of the embers in the grate.

For some little time no one spoke. It was Dr. Newman who finally broke the silence.

"I am sure each of you, my friends, witnessed what I did. If I may be so bold as to say what came to my mind, it was this: During the years 1951 and 1952 and up until August 20th, 1953, the closing of the King's Chamber period of time as delineated in the Great Pyramid, Budding Individuals will find TRAVELING THE PATH exceptionally conducive for EXPANDING mystically into the Five-Fold Life. But after this short period of time is ended, those who knew -- but did not take advantage of their knowledge -- will find themselves tossed about on the waves of fate in a most unpleasant way.

"However, the few months just ahead will bring thrilling and lasting rewards to all those who take advantage of the really GOLDEN OPPORTUNITIES now offered, and BECOME THEIR MILLENNIAL SELVES NOW."
