FOREWORD

The subject of this Monograph covers a vast amount of time. In fact it begins before there was time, to that period of the past when only the Holy Trinity was. That is the ETERNITY THAT WAS.

Then we come forward to the period of the creation of the Angelic Hosts -- the Nine Orders of Angels. This is known as the FIRST CREATION. How long this required we shall never know for the simple reason "TIME" was not as yet "created".

After the creation of the Angelic Beings, substance was created. If we are to believe the material scientists, and for the moment we can make this concession, FIVE BILLION years ago the Material Universe "came into being", and the earth and the other planets about our sun about a half-billion years later.

After the earth had cooled sufficiently to sustain life, "grass" was the first thing that was brought into creation and "man" was the last manifestation.

The First millennium started with Adam. We are now, at this time looking forward to the NEW, SEVENTH MILLENNIUM because it will literally be Heaven on earth. This delightful condition will remain in existence 1000 years. Then there will be created a New Heaven and a New Earth. The New Earth will be peopled for not a thousand years but for 1000 generations -- forty thousand years. And, after that, a new, timeless ETERNITY.

Yes, this Monograph covers a span of time so vast that one is forced to meditate on the meaning of "time" to appreciate the meaning of the word. However, there are better things to do than the "meditation of time", actually "time" does not exist; the past and the future do not concern us too much. Do the right thing now -- today -- by yourself and everything in the future will be taken care of as if by magic. Yes, it is MAGIC, to do the right thing by yourself. "What about others?" you ask. The MAGIC of doing the right thing by yourself NOW includes all others.

THE AUTHOR
THE ETERNITY THAT WAS

Chapter One

Everyone knows (?) that the "Lord created the heavens and the earth and all they contain, in Six Days, and the Lord rested on the Seventh Day." However, it is not quite that simple. Let us go back before the BEGINNING, when there was nothing in all of existence except the TRINITY -- Father, Son and Holy Spirit.

I use the word TRINITY because the word literally means "three in one". Not three "persons" as most of the older religious denominations say, but ONE PERSON in three, not-so-separate, natures. Of course EACH has a distinct subsistence, but EACH is a part of the OTHER. This could best be illustrated by a triangle, or perhaps by a "trefoil" -- a triangle with three "individualities".

Each of the TRINITY is GOD, but Each has a special Talent or Gift that He shares with the Others; but the Gift or Talent is to a certain extent His to exercise. The Father is the Creator, but we find Him sharing this Gift with the Son, and to a certain extent with the Holy Spirit. However neither the Father nor the Holy Spirit has the Gift of Salvation (as pertaining to the human race). The Holy Spirit (represented by the Dove or a Flame) has the Special Gift of BEING EVERYWHERE at the same time as pertaining to mankind, and of course in and through the Father and the Son, thus binding the Three together into one God, not "three Gods" as some religious persons would have us believe.

The THREE IN ONE CONCEPTION of God is not brought out very clearly in Scripture, however once you begin to comprehend it, it begins to shine through, and the more you think about it the better comprehension you will have of this great fact. Finally you will know beyond a shadow of a doubt that God does not consist of three Gods, or one God divided up into three "persons", but One GOD in three Natures, and each has a separate WORK to accomplish, as we have indicated.
Once you begin to comprehend God as TRINITY, then you can proceed back to the Old Testament and glimpse the TOGETHERNESS of the TRINITY in Their separate and distinct WORKS. Genesis is mostly concerned with Creation wrought by the TRINITY. The 53rd chapter of Isaiah concerns the Son, a prediction of what He was to accomplish for the human race. This prophecy became fact about three quarters of a millennium later. At Pentecost, still a little later, the Holy Spirit took over (was actually sent by the Christ) and He, the Holy Spirit, not only had the ability to be everywhere at one and the same time, but could actually DWELL WITHIN a human being. This was "something new under the sun", the Father could not do this, neither could the Son, but the Holy Spirit had this ability. Due to the fact that the Holy Spirit is ONE of and with the TRINITY, it thus becomes possible for the Father and the Son to also dwell in those who have accepted Salvation of the Son.

However, if it was not for the ALL-PERVADING POWER of the Holy Spirit, neither the Father nor the Son could enter into a human being. When the Christ walked the earth among men He was in no sense IN any of them. As close to human beings as He often was He had not the ability to actually and literally be immersed in any of them. But on the day of Pentecost when the 120 were toget­ther, the Christ and the Father could enter into each of them because of the Holy Spirit. The Holy Spirit had the ABILITY to enter each one of them simultaneously and as He, the Holy Spirit, was ONE with the Father and the Son, which made up the Divine Triangle, the Father and the Son could enter also ... and it has been exactly the same from that time -- PENTECOST -- until the present moment.

God -- Father, Son and Holy Spirit -- with His separate and distinct Natures as we have just described, was in existence long before any creation or manifestation. We cannot say just how long because time as we know it, is measured by daylight and darkness, by revolutions of the heavenly bodies around other heavenly bodies. Therefore, before suns, moons and planets came into existence there was actually no time, no time at all.

The Trefoil or Triangle is the best way we can describe the Holy Trinity; it is ONE and yet it has three distinctive Individualities and any one can not exist independently without the other TWO.

It is somewhat like the mind of man -- he has THREE MINDS -- Conscious, Sub-Conscious and Super-Conscious. In certain circles the Sub-Conscious Realm of Mind is called the "Unconscious" Mind. Nothing could be more erroneous than thinking and speaking of the Sub-Conscious as being "unconscious", it is actually more CONSCIOUS than the Conscious Realm of Mind. Sometimes among certain "fastidious" writers the Sub-Conscious is called the "Subjective".

As we were saying, the average person under normal circumstances has three Realms of Mind, Conscious, Sub-Conscious and Super-Conscious, and with these "three" he doesn't feel strange or odd, for the simple reason that while he has but ONE MIND, the
"three" are all working together in such perfect harmony he is not aware where "one" mind leaves off and the "others" begin.

Quite true, he has not always known this about his ONE MIND, with the Three overlapping subdivisions. The function of the Sub-Conscious Realm of Mind was revealed just before the turn of the present Century -- 1900 -- by a medical doctor, E. H. Pratt of Chicago, Illinois. The SUPER-CONSCIOUS REALM OF MIND was revealed, too, about ten years later by a very spiritual young man named Christian D. Larson of Los Angeles, California. Mr. Larson in all probability, must have known of this wonderful MIND before that time, but it required considerable Inspiration, Intuition and Genius to correlate his information enough to put it into print.

Thanks to Dr. Pratt we know of the existence and function of the Sub-Conscious, and thanks to Mr. Larson we now know that we have a SUPER-CONSCIOUS REALM OF MIND.

Without intending to be sacreligious at all, the illustration of your ONE Mind with three separate and distinct functions pretty well describes God -- Father, Son and Holy Spirit. The Father is the Ruler of the Universe, the Son is the Savior of Mankind, and the Holy Spirit is the Dweller in Mankind once man has received Salvation. Many people do not like this idea of the nearness of God, through the indwelling Holy Spirit. They feel that they have no "privacy" from God under these circumstances. They say, "I pray night and morning, go to church on Sunday, surely God can let me alone the remainder of the time".

Probably they do not understand the significance of having God in the form of the Holy Spirit present at all times. However, through to the end of this Last Generation -- 2,000 A. D. -- without the Guidance of the Holy Spirit, by his Inspiration, Intuition and GENIUS, one cannot expect to make all the "right turns" on the journey without the assistance of the Holy Spirit.

I suppose it is a kind of "guilty conscience" that makes the average Christian uncomfortable with the idea of the presence of the Holy Spirit within him at all times. This brings to mind another rather well known instance when "the man and the woman" did not want God to see them as they were; "and they sewed fig leaves together, and made themselves aprons".

But we are getting ahead of our narrative. We were speaking about "THE ETERNITY THAT WAS", before there were such creatures as mankind, before any of the suns, moons and stars were created, before the creation of the Angels, to that period of Eternity that Was, where TIME was unknown and the Divine Trinity -- the Trefoil, or Triangle -- had everything to Themselves as ONE PERFECT SPIRITUAL BEING.

Meditate on this subject a little every day, and your Divine WISDOM will one day make it become clear to you -- and what you are to do about it.

oooo 5 00000
NOW COMES THE FIRST CREATION

Chapter Two

The first creation consisted of the Creation of the Angels. How much "time" this First Creation required is definitely not known because there was no such thing as time, as we know it, when this First Creation took place. Like God — The Trinity — the Angels have no conception of time; to them "time" does not exist.

Science says that the material universe is approximately FIVE BILLION years old, and all the Angels were created before the creation of the physical universe, therefore all of them are at least Five Billion years old. They have not aged a single day or even a fraction of a moment from then because when they were Created there was not time, and as far as they are concerned there isn't any such thing as time.

Another name for Angel is "Messenger". However that is not entirely correct. While they are messengers, some of them are Divine Agents and they have responsibilities throughout the Heavenly Kingdom and for the past Five Billion years they have had responsibilities concerning the vast Material Universe which, by the way, is much larger than any human mind has yet imagined.

Before the beginning of time, before there was a material universe, the Angelic Creation was commenced. There are NINE ORDERS OF ANGELS. Undoubtedly God -- the Trinity -- created the higher Orders first, because the very names of the higher Orders suggest that this was a fact.

The Seraphim are of the Highest Order. They are said to be the Angels of Pure LOVE, they were the nearest to God's Throne. The second Order of Angels are called Cherubim, they are the Angels of Mind. Of course all Orders of Angels have Mind, but the Cherubim are specialists in the MENTAL activities.

A single Angel of the Order of the Seraphim is called a Seraph. A single Angel of the Order of the Cherubim is a Cherub. Lucifer was of the Order of Cherubim and he was called a Cherub — "the anointed Cherub", Ezek. 28:14.

In the King James Version of the Bible the translators were a little confused regarding the Seraphim and the Cherubim. The translators sometimes called the two groups "Seraphims" and also "Cherubims".

The next lower Order of Angelic Beings are the Thrones. That is not exactly their collective name, it is more or less the nature of their Authority. The Three Angelic Orders just mentioned — Seraphim, Cherubim and Thrones — are a kind of Super-Order, which is "Contemplative".

Then next come the Dominions, Virtues and Powers, all are
separate Orders of Angels, but the three Orders are combined into a Super-Fraternity which is known as "Regulative". Of course the Dominions (sometimes called Dominations) are higher than the Angels known as Virtues, who are in turn above the Angels known as Powers.

These three Orders of Angels have their Work and Authority in the far-flung Universe among and in the billions of suns that make up the starry heavens. Their Authority extends beyond what the big 200-inch telescope on Mt. Palomar can "see".

The next three groups of Angels have the common name of "Administrative", they are known as Principalities (Princes), Archangels and Angels. And they have their "administrative duties" throughout every solar system in the entire Universe.

There is a Guardian Angel for every human being on earth. The earth's population at the present time is about Three Billion and there is a Guardian Angel for every human being on earth in physical embodiment from before birth to death. However, there are many Angels who's responsibilities do not bring them in such close contact with human beings, yet the WORK of these Angels is of great importance to human beings. We haven't the time and space here to go into their Specialized work, but it is most comforting to know that each of us has a Guardian Angel directly assigned to us, and also billions more that work for us, even though it is not in so intimate a way as our Guardian Angels.

The Creation of the Angels was a terrific undertaking, so stupendous in fact that it was GOOD that it was all done in the ETERNITY THAT WAS, before "time" began.

The Heaven that was in the time of the Creation of the Angels -- all Nine Orders -- was perfection itself. This was before the creation of the material universe, and before the Angels had their "assignments". They were all, regardless of rank, "sons of
the morning", each Angel was fresh from the hands of his Creator. They were all on the "Mountain of God" (Divine Pyramid) "walking up and down in the midst of the stones of fire".

The Angels are all perfect regardless of their rank in the various Angelic Orders. The difference among the Orders is the amount of WISDOM assigned to each, therefore they have the Wisdom not to be envious of any of the Angels that may be above them in WISDOM, neither do the greater Angels "look down" upon those who have less WISDOM.

Angels of all ranks are mentioned about 400 times in the Bible. The higher Angels -- Seraphim and Cherubim -- are spoken of mostly in the Old Testament; the lower Orders of Angels -- Archangels and Angels -- are mentioned most frequently in the New Testament. The reason why the New Testament mentions the Angels and Archangels more often is due to the fact the Angels and Archangels, especially the former, are so much closer to human beings than they ever were before; that is, from the New Testament period and on to the present time. They will be very active among human beings again as soon as human beings recognize and know of their presence all about them.

The Guardian Angels are of course the closest to human beings as we have mentioned before. As human beings have FREE WILL, which is most sacred, a Guardian Angel has to have the judgment to determine where this Free-Will leaves off and temptation, beyond which a human being cannot "tolerate", begins. "Let no man say when he is tempted, I am tempted of God ... neither he (God) tempteth any man: but every man is tempted, when he is drawn away by his own lust, and enticed". (James 1:13-14) As we shall see, most of man's temptations come from himself, certainly not of the Lord, nor of the Devil, but directly from himself.

Due to man's FREE WILL a Guardian Angel cannot interfere in any way when a man tempts himself -- only when the temptation comes from outside of a man can the Guardian Angel act, but not beyond a man's Free Will.

The Book of Revelation has much to say about Angels. As we are now getting into that period -- of Revelation -- we will not close our minds to the nearness of the Angels all about us as our forefathers have so almost viciously done, but open our minds to the fact that Angels are all about us. These Angels are not only Guarding our best interests constantly day and night, but other Angels will be drawn to us and be present with us if we will practice AFFECTION and have a bright and cheerful personality. It is important that we do not worship the Angels in any way. All but our Guardian Angel will flee from us if we worship any Angel, small or great. We are actually practicing Black Magic when we worship any of the Angels -- this form of worship is wholly confined to the evil and fallen angels, they will rush in instantly and there is nothing our Guardian Angel can do about it because of our FREE WILL.
Chapter Three

The creation of "substance" — dirt, rocks, sand, even water, the earth itself, the planets, suns — was something that none of the Angelic Host had ever thought of. They were familiar with the "mountains of Heaven", "the stones of fire", and the "Clouds above the Throne of God", they could understand these things. These were vibrations, just a little lower than the "frequency" that they themselves vibrated to; but the creation of "matter" on a much lower "frequency" was a surprise to them ... to all of the NINE Orders.

God, the Holy Trinity, of course, does not "publish in advance" what He is going to do. After the first two Orders of Angels were created — the Seraphim and the Cherubim — undoubtedly they, these two Orders of Mighty Angels, thought that God was through creating Angelic Beings. But no, God began Creating the lower Order of Angels known to us as THRONES.

These three Orders were known as "Contemplative" as we have noted on the Grand Pyramid of the Angels. Surely that was the end of the creation of Angelic Beings, but God, the Trinity, then created three more Orders -- Dominions, Virtues, Powers -- which were to be known as "Regulative", but what would be their WORK or ASSIGNMENT? The Heavenly Hierarchy required no "regulating" -- for each Angel of all of the Orders so far created knew his place on the "Heavenly Ladder" and he was anxious to keep his place, for that is the one that the Lord God assigned to him.

And then were added the three "Administrative" Orders -- Principalities, Archangels, Angels. This made God's Heaven a very large place, so vast in fact that the Lower Order of Angels could not comprehend the vastness. Only the three Regulative Orders could conceive at all the vastness — the great expanse of the Heavenlies.

Then God began to create Matter, at a considerable lower vibration than anything that was known in the Heavenly Realm. That was approximately FIVE BILLION years ago. It was then that the Regulative Orders knew what their future work was -- they were to be given "regulative" administration over the Matter that God had created, and so they were dispersed to the far reaches of space and began with the Nebulae to whirl them about, condense them and eventually to form Suns and Planets revolving about the Suns. They the Regulative Angels, were created with the "know-how" to perform this mighty task. However, as the planets that were formed about the suns cooled sufficiently to sustain any sort of life -- vegetable or plant -- the call went out to the Administrative Angels, the Principalities, Archangels, Angels, to "come over here and help us, we do not know about these things". And so the Lord sent out the Angelic beings, who had been created with "Administrative Talent", and vegetation came into being.
The Angelic beings known as Regulative have an amazing ability to not only "travel at the speed of light", but very much faster. Yes, we are now dealing with "time", for wherever matter is, time becomes an "element" and though it requires but a fraction of a second for a Regulative Angel to travel out to his particular "location" in the vastness of space to do his "work", it does require "time" as we are dealing with it now, but five billion light years or more of distance could be traversed in the smallest fraction of a second by an Angel, for time and space isn't much of a problem to an Angel.

Our own Solar System was formed in exactly the same way that all the other Solar Systems were formed. First the location, then the nebula, then the central sun, then the planets revolving about the sun and their satellites -- moons. Of course as intelligent as man has gotten, he doesn't know his place in the universe. We know that we are a part of the Milky Way, and we have just about established at what point we are in the Milky Way, and probably what great sun at the center of the Milky Way we and our planetary system is revolving around, but that sun is revolving with our Milky Way around a still more remote sun. I do not believe that the men at Mt. Palomar would hazard a guess as to the location of that sun, because that sun is far beyond the "gaze" of the large scope at Mt. Palomar.

We are still living in an expanding and growing universe. Whole solar systems are rushing away from us at incredible speed. We can actually see nebulae or masses of rarified substance that are in the process of being formed into more solid matter. Yes, we today are witnesses to this grand Creative Process.

The Nebulae are whirling masses of tenuous matter that the Angels in charge of have not slowed down sufficiently as yet to cause them to form a central sun, and that sun to throw off planets. Assuming that all matter was formed about FIVE BILLION years ago, that means that the whirling masses of matter have been spinning for that length of time. The "matter" is condensed sufficiently for man to view it, but most of it undoubtedly is just about the consistency of a comets tail.

Matter isn't the solid substance it was supposed to be up to about 100 years ago. Of course it is the same constituency, but "science" in the past thought that substance was "dead", "inert", totally "inactive". Now they find that substance no matter how hard or cold it is, is a seething mass of molecules and atoms that are never standing still for a moment.

In a book by Max Born -- "The Restless Universe" -- published in 1951, he tells and illustrates how "restless" matter actually is. In fact, if you could stop the movement of the atoms and molecules for a single second in any substance it would, in all probability, disappear! And so, we are not dealing with "immutable matter" in the construction of the universe, but something that is "seethingly alive".
Religionists are just now beginning to realize "the facts of matter", most of them against their will. The Church always has stood in the way of progress and enlightenment, and I do not mean just one church, all of the denominations have just about the same attitude, they are not in tune with the Spirit.

Religionsist, all except for the far-out Modernists whose beliefs often drag in the dust of the "social order" are not at all abreast of science (such as it is). Actually the Fundamentalists should not attempt to prove that "God created heaven and earth in six days" but go "one jump better", and learn how Creation started FIVE BILLION YEARS AGO and is still going on.

In the book of St. Matthew we read in Chapter 14, verses 17 - 21 how Christ fed the 5,000 with the five loaves of bread and the two fishes. Of course this was a miracle, a miracle of multiplication, a miracle of multiplying substance. The miracle was more in knowing how to do it than it was in the loaves and fishes. I bring this out as an explanation how God created the Universe and everything that is in it from, in all probability, a very small beginning, by slowing down spirit substance sufficiently that it could become matter.

Yes, it requires Faith and also Know-how. The average religionist is long on Belief, but very short on Faith. I do not desire to disillusion the folks with Religious Belief, but you might as well know that Belief, no matter how "sweet it is", is not FAITH. Faith can remove mountains, but Belief has yet to remove its first "mole hill". Of course it is alright to start out with Belief, but a Christian should not remain in that "lowly condition" too long, if you do you might mistake your Belief for Faith, and to the end of your days you would be a wishy-washy "milk Christian" ... not having any "substance".

Yes, Faith is based to a vast extent on KNOW-HOW. Christ in multiplying the loaves and the fishes had Know-How Faith. He did not simply "believe" that He could feed the 5,000, he K-N-E-W that He could.

In this Chapter; "LAND HO! - SUBSTANCE CREATED" we wish to leave you with a feeling that you are now building on a solid foundation -- that you are gradually moving from Belief, across the line to FAITH, and not only to FAITH but WORKS also. Faith and Works go together; they are inseparable twin brothers. Move just a little forward toward your DESTINY in FAITH, and WORKS will be right there to take the next step.

At first your Faith may be small, and your Works too will be of small size, but as you step out in Faith and Works, you will grow in FAITH and your WORKS will grow along with it. Belief does not require any Works, because Belief is not going anywhere, but it is just the opposite with FAITH -- it is going places in WORKS.
THE CREATION AND FALL OF THE ANGELS

Chapter Four

Like human beings the Angels are created beings, and their acceptance of immortality -- the same as humans -- depends upon how they conduct themselves over a period of TIME. With the Angels it began with the fall of Lucifer, with human beings it started with the fall of Adam in the Garden of Eden. The idea that neither man nor Angel have immortality is very definitely stated in I Tim. 6 -- God "only hath immortality" -- that is, God, the Trinity.

A "new-comer" to the lower part of the First Heaven -- the Summerland -- cannot distinguish a human being who has obtained immortality from an Angel (of the Lower Order) so much do they appear alike. However human beings are from a much later Life Wave and can never be Angels in the true sense of the meaning of the word. It is highly unscriptural to sing, "I would be an Angel, and with the Angels stand". It is almost sacrilegious to call any human being an "angel", such as, "my sweetheart is a perfect angel" or "my angel mother". In the first place there are no female angels.

I have some reproductions of paintings (in books) by "old masters", and evidently they never saw an Angel, and they evidently had not psychic sight, or they would not have painted angels in such "prissy and simpering" attitudes. Worst of all, they painted them with fully developed breasts, as only a human mother would have. Whenever one is inclined to think of Angels as female one should read Gen. 6:2 "...the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose". The Apocryphal "Book of Enoch" written before the flood of Noah describes conditions as they were before the flood when "giants filled the earth".

The Book of Enoch is very revealing if you secure the correct edition (from your library). There are several editions of The Book of Enoch, but the best one is by R. H. Charles, D.D., and is printed by the Oxford Press in England in 1912. This edition contains copious footnotes which render the book invaluable, that is, if you are interested in the pre-flood human beings, and in the beings -- giants -- that were fathered by the sons of God.

Let me explain, that the Angels could materialize physical bodies for themselves before the Flood, and in any appearance. To the "daughters of men" the materialized fallen angels appeared as handsome, mature youths. However, in the Garden of Eden, Satan appeared as a brightly colored serpent. Eve had never seen a snake before, and it highly intrigued her that any creature that wasn't human could talk, and carry on a very intelligent discussion. Yes, the sons of God, and Satan was one of them, could materialize any kind of a body that suited their need for the time being. Just how long any of the fallen angels could hold this materialized body is not stated in The Book of Enoch.
Now, this was the reason for the Flood of Noah, to get all of the sons of God, the angels, and their offspring out of physical embodiment, so the human race could propagate and "multiply". Noah not only built the Ark, but while doing so he also preached to all the inhabitants, telling them of the watery destruction to come. But while they listened they did not "mend their ways", and the flood came and "took them all away".

Now, the cause of the fall of the Angels is one of the deepest mysteries in theology. Of course the Angels were created perfect. God (the Trinity) could not, had not the ability, to create anything that wasn't "PERFECTION". In this Monograph we pointed out that the Holy Trinity was from the ETERNITY THAT WAS, even before the creation of the NINE Orders of Angels, in that particular ETERNITY where time was absolutely unknown. Not until the creation of matter, approximately five billion years ago, did time in any way enter the picture, and at that time it wasn't much of a consequence. However, when the vaporous universe began to solidify into suns and planets did the phenomena of time really commence being an important factor. Planets were set to revolve around suns and in a certain length of time these suns, with their planets revolved around more distant suns, and those suns revolved about more remote suns, and all that required time and TIMING.

But back to the actual cause of the "fall of the angels" -- it was in this wise. Up until the fall, the Angels could not do anything else but be "good Angels", they had no desire to be anything but good. However, the time had come and this was the desire of the Holy Trinity that the Angels should be given FREE CHOICE, to do just as they themselves wished. Yes, the Angels had a "built-in personality or individuality" when they were created more than five billion years previous, but they had never used the FREE-CHOICE ABILITY, in fact they did not know they had this latent Ability until the material universe was well under construction. Then each Angel began to realize that he had this ABILITY of FREE CHOICE. They did not feel any different in all probability, they were very happy to be working for God, when suddenly one of their number -- a highest member of the Order of the Cherubim -- Lucifer -- came out openly and said:

"I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north:

"I will ascend above the heights of the clouds; I will be like the most High."

Isaiah 14:13-14

And Lucifer, now Satan, attempted to do just that, once he realized he had FREE CHOICE -- that he was no longer a kind of "holy zombie". Just when the Ability of FREE WILL or FREE CHOICE was opened up to Lucifer and ALL the other Angels is not exactly known, but it must have been after our Sun and our solar system
came into being and was well established.

Originally there was a planet in our solar system whose orbit lay between that of Mars and Jupiter. This planet was called by the name of Meldek (the ancients' name for Satan). If you will look on any planetary chart you will notice a wide space between the orbits in this locality, but no planet. The orbit is filled with several hundred very small bodies known as Asteroids. The narrative is this, when Satan and his fallen angels were cast down to the planet Meldek, they were so infuriated that they deliberately blew up "their planet". How this was accomplished is not known but the force must have been terrific as the fragments of their planet, the Asteroids, are so small that they cannot be seen with the "unaided eye".

Then the planet Earth was their next abiding place. They were not permitted to explode it as they had Meldek, but they have raised a great deal of havoc on the Earth.

Satan and his fallen angels were then confined to this mud-ball of an Earth, much against their will. They had pictured Satan as their new leader sitting on the Throne of God. They were very angry about the whole thing, to say the least. We are told that one-third of the Angels fell with Satan. However, two-thirds of the Angels exercised their FREE WILL and FREE CHOICE to remain true to God. Undoubtedly when Satan made his wild statements that he was going to exalt his throne above that of God, every Angel of every Order from the highest to the lowest was TEMPTED to follow Satan. Now, it is no sin to be tempted, but the "going over" or the "falling" is a sin. God created perfect Angelic beings, then he gave them FREE CHOICE which, as we have said, took them out of the "zombie" class. They became free moral agents, but the angels that "fell" became free immoral agents, confined to a certain "celestial location" -- first Meldek, then the Earth.

Man was also given his freedom -- FREE CHOICE -- exactly like the angels, but it was in the Garden of Eden. God had planted two trees, "The Tree of Life", and "The Tree of Knowledge of Good and Evil". Man was not to eat of these two trees, but of all the others is was permissible. Adam and Eve were intelligent human beings but they were "zombies" just as the Angels had been before the GREAT TEMPTATION. If the serpent -- Satan -- had been barred from the Garden of Eden nothing could have TEMPTED Eve and Adam to eat of the forbidden fruit. But just enough TEMPTATION was exercised by the serpent to make them for the moment FREE AGENTS, and "they did eat". Ever since that day of the TEMPTATION of Eve and Adam, the human race has been "fallen", but they certainly know the difference between GOOD and EVIL, and as the human race chose "Good" it was permitted to work out its "own Salvation".

In either case, God is absolved from creating Evil in both the human race and the Angels.

ooo0000000

- 14 -
Mankind could come from two separate creations as easily as he could come from one. Bible students of the older order believe that God "created heaven and earth and all they contain" in six, twenty-four hour days; that Adam and Eve were created on the sixth day, and then God rested on the seventh day from all His labors. However, there is a growing tendency among the clergy of most of the religious denominations to stretch time out a bit and from Genesis, verse 1 and 2 to see a larger amount of time had elapsed while the "earth was without form and void, and darkness covered the deep". In the third verse God said, "Let there be light: and there was light", quickly, just like that, although it was not the light from our sun, which was not created until the fourth day.

One will run into a bit of difficulty if you accept the "six days of creation" theory when it comes to understanding the so-called "prehistoric" animals, that did not live in our time, but before the creation of Adam. If they had not left their bones strewn around, present-day man would not have known that they had ever existed. Another thing, what about the cave paintings and drawings that existed long before the creation of Adam? Some of these are said to be fifteen thousand years old or older; which was nine thousand years before Adam.

Personally, I believe that there were two separate creations, one in which Adam and Eve were created "after the image and likeness of God", and a vastly older creation which came up by way of evolution and by which men of all colors originated just as the evolutionists say they did and by a very, very slow process.

God certainly has the ability to create slowly as in evolution, or to create quickly as with Adam and Eve. In the case of man by evolution God could leave most of the development of men to the Angels and Archangels. Of course God was the guiding influence through the many millennia while primitive man was going through the process of evolving into human beings. The Angelic beings that had to do with the evolution of man had little or nothing to do with the evolving of the various animal species. These came by a separate evolution or evolvement and were conducted or overseen by separate groups of Angelic beings.

The lower Order of the Angels are divided into groups, and the size of a group is determined by what they have been assigned to accomplish. There are some groups of highly specialized Angels that are quite small in the number of individual Angels. Other groups are large, numbering probably into the thousands, all depending on the size of the work they are given to accomplish.

There has for a long, long time been a story making the rounds that between Central America and part of South America, Africa and Southern Europe there was a continent, or rather a long huge
island known as "Atlantis". Several ancient writers including Plato first made mention of the existence of Atlantis as a land beyond the "Pillars of Hercules" (the Straits of Gibraltar). Later others took up the story, enlarged upon and worked out a very reasonable theory that there was just such a continent and that it sank beneath the sea only a few thousand years ago. According to them, there were a number of races of people that lived on Atlantis, but the huge island was more or less divided between the brown race and the black race.

The black race occupied the eastern half of the long continent, and a brown or Indian-like race lived on the western half. There was a range of mountains running from north to south dividing the island continent into halves. The black race of human beings occupied almost entirely the eastern half, while the brown (or Indian) race occupied the western portion and had access to South and Central America by means of canoe or by larger craft. The black race had access to the shores of Western Africa by the same method.

Then the time came for Atlantis to sink beneath the Atlantic Ocean; this was done deliberately through the intervention of some of the higher Orders of Angels by Divine Command. Now as to why this was done, I will not go into at this time, as it would require at least a thousand pages to do justice to the many leading theories.

The only reason that we bring Atlantis into the picture at this time is for reasons of explanation as how after the sinking of Atlantis, the black race or the Negro people multiplied and dominated almost the whole of Africa. On the other hand, the brown races or Indian people spread into all of South and Central America.

Some writers who are "in the know" about the sinking of Atlantis say that the island continent sank quickly and without any warning, not giving the inhabitants, black or brown, time to go to either the mainlands of Africa or South America. However, some think it was by slow degree, giving both the Negro and the Indian peoples sufficient time to escape. This could hardly be correct. When the Atlanteans found their continent sinking they would most likely make their way to the foothills, and then to the mountains, all the time getting further and further away from the shores of Africa and South and Central America. However, regardless if the continent of Atlantis sank quickly or slowly we are certain that a considerable time before it sank, human beings had been created by evolution over a period of many thousand years, during which time they undoubtedly migrated to the shores of Africa and Central and South America. It was an ideal climate in this part of the world to have produced the black and brown races by evolution.

The evolution that in all probability took place on Atlantis does not preclude that other races of humans could not have been evolved on other parts of the globe that were conducive to the
"spawning" of a race. Thus the yellow race, and probably the red races too were formed, through thousands of years of "incubation".

All the various colors of races came into fruition at more or less the same time -- it was planned that way. However, it is my belief, the white race did not appear by the process of incubation or evolution, but by spontaneous creation. Genesis 2:7 is as follows: "And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul".

Some say that Adam was in the Garden of Eden all of seventeen years before the Lord decided to create an "help meet" for Adam. The Tree of Life and The Tree of Knowledge of Good and Evil were growing in the Garden, but not once had it occured to the man -- Adam -- to eat of the fruit of either Tree. He was kept quite busy with the work of "dressing and keeping" the Garden. Adam probably was quite happy with his work, which wasn't "work" at all in keeping his beautiful Garden neat and tidy. In fact it seems that he liked to do it.

No, Adam didn't so much as touch the Two Forbidden Trees. He had positively no desire to do such a thing, and as intelligent as Adam was he had not a single evil desire, he was exactly in the same category as the Angels were before their "temptation. All this was changed though when an "help meet" was created for him. Eve was tempted by the Serpent to eat of the Forbidden Fruit, and she gave part of the Fruit to Adam, and "he did eat". Thus it was that the Lord did not become a part to the temptation of Adam. "Let no man say when he is tempted, I am tempted of God: for God cannot be tempted with evil, neither tempteth He any man."

After Adam and Eve were removed from the Garden of Eden, they had two sons -- Cain and Abel. Cain killed his brother, and was banished from Eden. He went "to the land of Nod, on the east of Eden" and married a woman who was a Nodite. She was a human being but had come up by the way of evolution, of the brown or yellow races. Thus for the first time we have a blending of the two separate races, one from the rather quick CREATION, and the other from the very slow process of EVOLUTION.

I realize I will probably not be on "friendly terms" with dogmatic religionists who, in spite of all signs to the contrary, insist that Creation, all of it, took place in six days. The same will be true with equally dogmatic scientists, who insist that creation came by evolution only -- from out of "warm and slimy waters" every living thing was evolved.

This is, to my knowledge, the first time that the dual process -- Creation and Evolution -- has been presented concerning the origins of the white, brown, red, black and yellow races. Of course this idea is NEW ... about a subject as old as the mountains and of which so much rather senseless controversy has for generations existed.
Chapter Six

From the day of Adam until the Resurrection of the Christ, the following sayings of King Solomon were absolutely true:

"For to him that is joined to all living there is hope: for a living dog is better than a dead lion.

"For the living know that they shall die: but the dead know not anything, neither have they any more a reward; for the memory of them is forgotten." Eccl. 9:4-5

"...for there is no work, nor device, nor knowledge, nor wisdom, in the grave, whither thou goest." Eccl. 9:10

Every man of the human race with the exception of Enoch, the "seventh from Adam", on the other side of the Flood, and the prophet Elijah, on this side of the Flood, had died. The average span of life before the Flood of Noah was better than 900 years. However, Enoch was a very spiritual man, and God "took him" when he was 365 years old -- a day for each year.

Elijah, also, never experienced death. He was a great Prophet and, as you will remember, he built an alter to God out of twelve stones, one to represent each tribe of the "sons of Jacob", laid the sacrifice on the alter. Fire came down from heaven and consumed the sacrifice, the alter stones and even the water in the trench about the alter, before the assembled presence of the 450 false prophets of Baal. The Lord finally took Elijah up to heaven in a chariot of fire.

Outside of these two men who never experienced death all others died. And as King Solomon said "the dead know not anything", and that was the condition of the whole human race from the slaying of Abel by his brother Cain until the Death and Resurrection of the Christ.

"And the graves were opened; and many bodies of the saints which slept arose.

"And came out of the graves after his resurrection, and went into the holy city, and appeared to many." Matt. 27:52-53

Preachers and Priests have a great time with these two verses. Some say they were "saints" who had just recently died, their bodies were still intact, and they went into the holy city, Jerusalem, where they appeared to many. It was a kind of "raising of Lazarus", but on a grand scale. The word "many" is used twice;
"many bodies of the saints" and they, the saints, "appeared to many". All in all it was no small resurrection from the dead.

There was another kind of raising from the dead in the 28th Chapter of 1st Samuel. King Saul was "sore distressed" because the battles with the Philistines was going against him. He was not on "speaking terms with the Lord" and he sought out a witch — the Witch of Endor. Samuel was resting comfortably in the Paradise below the surface of the earth and as King Solomon said, "the dead know not anything", so soundly were they sleeping. Then the Witch of Endor brought up Samuel and Samuel was very disgruntled.

"And Samuel said to Saul, Why has thou disquieted me...?" I Sam. 28:15

Then Saul went on to explain to Samuel why he had "disquieted" him. Saul wanted to ask some questions of Samuel. This was the substance of Samuel's reply to Saul:

"...the Lord will also deliver all Israel with thee into the hand of the Philistines: and tomorrow shalt thou and thy sons be with me..." I Sam. 28:19

It all worked out as Samuel said it would — King Saul and his sons were with Samuel sleeping so soundly that they "knew not anything."

This condition of "death sleep" continued to the time of the Death and Resurrection of the Christ, almost eleven centuries later. Christ, following His Death, descended into the Paradise that was below the surface of the earth and "preached to the spirits that were in prison" — imprisoned, that is, by their death-like sleep. The Christ preached to the newly awakened spirits three days and three nights. That was the longest sermon He ever preached, and when all the spirits were fully awakened and had heard Him, He departed from them, slipped back into His body that was lying in the grave, and "arose from the dead" on the "third day".

The repentant thief was with Christ in this Paradise beneath the surface of the earth, not in the Paradise that was shortly to be established in the First Heaven. At that time the Paradise to be established was not even in existence. Shortly after His ascension into the Heavens, Christ began to establish it and to begin receiving souls who were to occupy it.

From the ascension of the Christ into the Heavenlies until 70 A.D. (the time of the destruction of Jerusalem), the souls of men long dead in the Paradise below, were constantly ascending to the Paradise that was above. In 70 A.D. the transfer was completed or almost completed.

At the time Jesus Christ was on earth He went about casting out demons, devils — fallen angels — from human beings. There were no human spirits around to be cast out for as we said, all
human spirits were sleeping until "the Resurrection Day". That was the reason that a Witch, if found, would be put to death during Old Testament days. If she was a real Witch she had a direct connection with the Satanic forces, and that sort of thing could lead to real trouble among human beings. There wasn't a single human soul wandering around below the surface of the earth, and therefore if a Witch had dealings with a "familiar" or any other kind of a spirit, it was definitely a fallen angel.

Now, in New Testament times, most Witches and Warlocks (male witches) are inspired by both human beings that have passed out of their physical body, and by the lower order of fallen angels. And so we are instructed in I John 4:1-3:

"Believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world.

"Hereby know ye the Spirit of God: Every spirit that confesseth that Jesus Christ is come in the flesh is of God:

"And every spirit that confesseth not that Jesus Christ is come in the flesh is not of God..."

As we have said, during the life of the Christ, before the Crucifixion took place, there were demon spirits but no human spirits. Christ went about casting out demon spirits -- that is fallen angel spirits. When he crossed the lake of Galilee and came into the land of the Gadarenes he encountered a man who was really "wild". Even chains could not hold him. Christ asked the man what his name was, the answer was, "Legion: for we are many". The Legions of demons knew they were going to be cast out of the man and so they asked to be sent into a large herd of swine that was grazing near the lake and Christ gave them permission to do so.

When they left the man they had been demonizing and went into the heard of swine, the swine ran down a steep place and were all drowned in the lake. The man who had been freed of the "legion" of demons was at once "in his right mind".

Now I have brought your attention to the foregoing Scriptural references to show definitely that at the time King Solomon said, "the dead know not anything" he was absolutely right. However, commencing with the Death and Resurrection of the Christ all this changed. From that time on all who have died no longer sleep, but are very much awake and in the Lower Astral World where they must spend a certain amount of time preparing themselves -- cleansing, and making ready -- for the Journey upward into the Higher Astral World and then thru the Veil into the Paradise above -- Heaven.
SATAN; BEAST AND FALSE PROPHET

Chapter Seven

The Satanic Kingdom is in the earth and is on the earth. Layer by layer the further down the nearer one comes to the center of the globe where is located Satan's Throne. There are seven subdivisions or "layers" of the Satanic Kingdom, each represented by one of the seven groups of fallen angels -- from Angels downward to Thrones. The eighth place, as we said is in the center of the earth and that is the "throne" of Satan.

Here, in the center of the earth, Satan has the rare "privilege" of knowing what is going on in the various subdivisions of his kingdom, and also up above the surface of the earth as far as the atmosphere extends which is some 200 miles. That is why Satan has been known as the "prince and power of the air", not that Satan nor any of his "crew" require air for breathing purposes but that is the line of "demarcation", the farthest boundary of his kingdom. He and his Satanic angels are not allowed to go higher, but he is the ruler from there down to the center of the globe. (In Job's day Satan's influence was allowed to go further into the Celestial Heavens, but we shall not discuss that now.)

Actually he is not a "king" of his "kingdom". He has the status of a reigning prince, and he has certain rights and privileges. His domain is represented by an inverted triangle. This is how it would appear:

---

All the Angels before the FALL had opened up to them the full use of FREE WILL, which then took them out of the "zombie" class, as we have stated before. Nowhere do we read of a fallen Seraph,
but Lucifer (Satan) was the highest of his Order, the Cherubim. As soon as he realized fully that he had been given FREE WILL and CHOICE and was no longer just a "dedicated cherub", he got very great ideas about being a god like the Most High, probably better. However, it all wound up in disaster; he and his followers were cast out of the Heavenly Realm to the planet Meldek (which means Lucifer or Satan). He and his hierarchy are said to have literally "blown-up" the planet Meldek and reduced it to mere fragments. They were then transferred to the planet Earth and their power to wreck a planet was restrained, however they did do considerable damage to the earth. This was during the time recorded in the first part of Genesis -- Verses 1 to 3.

Several of the Higher Angels known as Thrones, right next to Lucifer, fell with him. To one of them is given the title of the "BEAST", and from the next highest Order, the Satanic Dominions, one is given the name "THE FALSE PROPHET". Satan, the Beast and the False Prophet are known as the "Diabolic Trinity". Then to the heads of the lower orders of his fallen angels he gave names and titles, right down to the Satanic angels which are just beneath the earth's surface, and also on the earth's surface, among flesh and blood humans.

In this Last Generation, the last one before the coming of the NEW, SEVENTH MILLENNIUM and the ushering in of the THOUSAND YEARS OF PEACE UPON THE EARTH, the Diabolic Trinity as well as all of the fallen angels are very active because they sense that the time of their incarceration below the earth's surface is near. This means that they will not be able to "vampirize" human beings any more, to absorb anymore affluvia from the fresh-shed blood of human beings, for this is the only thing that will prevent them from getting too fiendishly hungry during the thousand years of their incarceration in the earth. Every "Satanic hand" is against his fellow fiend to steal the living substance that they have obtained from the fresh-shed blood of human beings on earth.

Because of this, there are to be great battles fought on the earth between now and the beginning of the NEW, coming MILLENNIUM -- the fallen angelic fiends will see to that. However, war by atomic bombs will not be tolerated, for the simple reason the angelic fiends -- all eight orders -- don't want it. Angel vampires have no use for dead bodies without open and bleeding wounds. Humans killed by atomic radiation would not be of any value to them, nothing but open-wound warfare is demanded by them, and that is the type of warfare we will experience in the future ... among the mass-minded, of course.

You who are beginning to acquire Spiritual Wisdom are very definitely not of the mass-minded, however you have quite a long way to travel before you will be thoroughly awake to all the possibilities that will be open to you while you are still in the flesh. Most of you at this time "practice" Gray Magic and do not know that you are doing it. (I will not go into the subject of negative or Gray Magic here because I have covered it quite well
In a companion Monograph — "MAGIC - Black, White, Gray and Green")

But to get back to the subject of the hunger for human blood by the Satanic forces. You do not have to be too concerned personally about the fallen angelic beings at this time or at any time in the future, though they are out for blood — human blood — it would not detrimentally affect you in any way should you say, give a pint of your blood regularly to your local "Blood Bank" or be a donor for transfusions at a hospital. Even those who die on the battlefield of open wounds are not affected by the "vampirization" of the Satanic forces, for in such cases the blood is no longer of use to the one who has died.

In these days, and for years and millennia in the past each human being has had a Guardian Angel to GUARD him. However because each human has FREE WILL -- FREE CHOICE -- his or her own Guardian Angel cannot in any way interfere with that FREEDOM OF WILL that man received in the Garden of Eden when his "Eyes were opened". As Satan so aptly put it, "in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil". Satan has been accused of telling only half truths, but in that one statement he did not tell a half-truth or an un-truth, or truth that was just a little slanted, but the FULL TRUTH.

"Then your eyes shall be opened and ye shall be as gods". This statement is very correct, and while religious folks wish that it wasn't true, nevertheless Psalms 82:6 says, "Ye are gods." Of course, even a "second rate" god or human god knows good from evil, and so do you.

Satan, the Beast and the False Prophet will have their day before the beginning of the NEW, SEVENTH MILLENNIUM which comes just after the turn of the New Century in 2,000 A. D. We are now in the Last Generation before the New Century is ushered in. A generation is forty years. Counting backward forty years from 2,000 A. D. gives us the year 1960. At this time (1964) therefore, you can see that there is part of this Generation already consumed by time. This is also the Generation in which there will be a "shortening of time", and so now, when "WARS", not "rumors of war" really begin, the Demons from in the earth come to the surface...

to be fed.

The Battle of Armageddon will probably be the last battle fought near the end of this present Century. This will be a "real" battle and a bloody one confined to the Valley of Megiddo. As each of the battling contestants dies, their Guardian Angel, who did all he could to keep the fighter out of the Battle in the first place, will be relieved of duties.

Shortly after the Battle of Armageddon, Satan and his Beast and his False Prophet will be hurled into the Bottomless Pit — the center of the earth — along with all of his other fallen angels, where they can quarrel and fight for a thousand years among themselves.

- 23 -
CHRIST, OR THE HOLY SPIRIT IN YOU?

Chapter Eight

As you know we are living in the Last Generation before the NEW, SEVENTH MILLENNIUM begins in 2,000 A. D. We have less than 36 years of it remaining, and of course due to "the shortening of time" we have much less than thirty six years, and so whatever we do for our self-improvement and the improvement of others will have to be done more or less quickly. Any change in ourselves, as much as we desire Five-Fold Self-Improvement, comes slowly to begin with, and until enough definite improvement in ourselves is made to give us confidence that it can be done, we cannot very well instruct others in the "way that they should go".

We are living in a very modern world as far as "computers, rockets and guidance systems" are concerned, but some are living in the dark ages as far as VITAL, Spiritual Know-how and Wisdom are concerned. We know practically nothing of the future and almost feel that it is sacrilegious to make inquiry. We are leaving everything up to the Pastor and Priest and these men in all probability, do not know as much about the future as we do, for the simple reason we have had time to study, and then, to know what to do about OUR future. These "men of the cloth" would be very much opposed to all this if they even knew we were interested in studying Mystical matters that they have no doubt never heard of.

It is not the Pastor's or the Priest's fault entirely that they do not know what is coming next, and in a very short time at that. Too many of them are so involved in political and other issues that seem so important to them that they have lost sight of Spiritual Values. They are often so deeply entangled in the so-called "social gospel" that all their time is taken up by "doing good for the other fellow", thinking that if they can do something about supplying him with food, a roof over his head, and a comfortable and warm place to sleep that they have done something really "good" and they have something to feel very proud about.

I will let you in on a little FACT, there was a time when I had to go hungry, I didn't have a roof over my head, and I did not have a warm-cozy place to sleep. If you have not experienced what I have just mentioned, then let me tell you it is the most awakening thing any human being could experience. One's mind becomes wonderfully keen and active when there is no food in your stomach — at least mine did after about the third day. In fact the mind is so keen and active that you know all the right things to do to procure food, shelter and a warm place to sleep. HUNGER IS THE BEGINNING OF WISDOM. Try fasting sometime, just a short fast at first until the mind becomes clear and you know EXACTLY the right thing to do for yourself.

Let me hasten to say I am certainly not recommending withdrawal of food for the poor and the destitute, for they are so often like children, unable to think for themselves or to think
for their mass-minded neighbors. Hunger only leads them to hatred, and other anti-social, mass-minded activities.

After the GREAT BLACKOUT has taken place (see your copy of the Monograph "The Time of Your Life" for details) every one who has lived through it will see everything much more clearly and then will listen to you, that is if you really understand the PAST, as given in this Monograph, the PRESENT, as far as today is concerned, and some idea of the immediate FUTURE, that is clear enough to be explained to the other fellow, no matter how mass-minded he may be. You will be surprised how the mass-minded comprehend after a phenomena has just taken place that has scared them almost to death. If you have the correct ANSWERS to their questions, they then will accept you as their teacher and guide.

You do not have to be, or act sanctimonious or even pious, for them to drink in all that you are telling them concerning their immediate present and their future. All you will have to know is what you have read in this Monograph and in the Monographs "MAGIC - Black, White, Gray and Green" and "The Time of Your Life". Quite naturally, the more you know the more you can tell them, not so much from reading this and the Monographs just mentioned, but from actual Spiritual WISDOM.

The idea of presenting this Monograph — "From Creation to Re-Creation" is to acquaint you with WISDOM which is only to be gained by coming into direct contact with the TRINITY; to know that your Salvation and your Healing comes directly from Christ, your Mental Healing and your Spiritual WISDOM, and your Knowledge of "things present and things to come" comes directly from the Holy Spirit who is everywhere present. You know that you have three Hearts; the Satanic heart, your Physical heart, and your SPIRITUAL HEART. They are all located in the same place -- where your physical heart is, but on different vibratory levels.

I have known of dear, sanctimonious souls who have told me, "I had a great struggle with Satan last night. I prayed and prayed, but my prayers just didn't seem to get any higher than the ceiling of my room ..." It is hard to instruct such naive folks. If you tell them that the Holy Spirit dwells within them, they will quickly reply, "I know that, but I want to get through to the Lord, the one who can do things for me and protect me from Satan."

If you mention to these people that they have the Holy Spirit right within their own Heart, they might look at you in profound amazement and say, "I know that I have the Holy Spirit, he is the 'comforter', but when I pray I want to get through to the Lord". When you explain to them that the Holy Spirit is much more than a "comforter", that He "has a direct connection" with the Father and the Son, they feel that you are somehow trying to influence them away from Jesus Christ.

Through the years I have collected a small library on the subject of the Holy Spirit, but I am sorry to say that not one of

- 25 -
the writers has come near to describing the Work and Importance of the Holy Spirit as far as the human is concerned. There is much confusion among the writers of books on the subject of the Holy Spirit, but I am happy to say that they are beginning to receive the light more and more, and some time in the near future I hope a book will be published that I can recommend to my Students and readers.

In the first place, the author of such a book should know about the Trinity -- Father, Son and Holy Spirit -- in "the beginning", that is "BEFORE THE BEGINNING"; how the Trinity is so closely knit that they are ONE but with three different functions as far as man is concerned. They are definitely ONE GOD, not three Gods as the dark-ages church avowed.

The Holy Spirit has a "direct connection" with the Father and the Son as we have mentioned, and there is positively no need to go outside of your own Spiritual Heart to recognize a bond with the Trinity. This is made possible due to the fact that the Holy Spirit has the Ability to be everywhere present at one and the same time. Through this Ability is He DIRECTLY connected with the Father and the Son, and also with every soul in the universe.

Yes, through this Amazing Talent of the Holy Spirit in you the Father and the Son can also be with you and in you and a part of you at one and the same time.

The "Quakers" recognized this function of the Holy Spirit, but they were unable to do too much with the idea because they had their beginnings before 1900, and like any organization that was begun before that time and did not grow in WISDOM, was doomed to "wither on the vine". In Newton N. Riddell's book "VITAL CHRISTIANITY", published in 1920, a very clear view was presented of the function and work of the Holy Spirit, but he did not bring out the true Nature of the Holy Spirit. After he passed away in 1937, his widow published his 24 lessons on the subject of the Nature of the Spirit which were very revealing.

E. W. Bullinger in London, England presented quite a clear picture of the Holy Spirit in his "The Two Natures in the Child of God", but the Rev. Bullinger was a believer in "soul sleep" and he taught that the Holy Spirit only stayed with a Christian until his death. A Church of England minister, Alan W. Watts wrote a very good book entitled "Behold the Spirit", but in light of other unrelated and secular subjects that he wrote about later on, I hesitate to recommend the book.

This Chapter, "CHRIST, OR THE HOLY SPIRIT IN YOU?" presents enough material that with a certain amount of meditation which will develop into Inspiration you will know sufficiently of the subject under discussion to one day understand clearly about the Trinity and how through the Power of the Holy Spirit you can definitely be AT ONE with the Holy Spirit, and with the Father, and the Son.
The title of this Chapter would indicate that you have a choice — Heaven or the NEW MILLENNIUM. Yes, that is exactly what I mean. Since December 9th, 1962 when we moved into this Last Generation, you have been free to go into the NEW MILLENNIUM if you so decide (see your copy of the Monograph "The Saturday Night of Time" for more complete details on this matter).

Due to the fact that you know how to live a great deal better than you did before we actually came into this Last Generation (Dec. 9, 1962) you can, regardless of your age and other circumstances, in five years time, become two years younger for every year that you grow older. This is accomplished by putting into practice some of the life-lengthening methods that have been given in other Monographs, and especially in Chapter Seven of the companion Monograph, "MAGIC - Black, White, Gray and Green".

The actual date of the ushering-in of the NEW, SEVENTH MILLENNIUM is at the time of the great Conjunction of planets on May 5, 2000 A. D. This is less than thirty-six years from the present time. There will be a "shortening of time" between the present day and May 5th, 2000 A. D. so that actual Millennial conditions will be in manifestation some time before the above May 5th date. Actually the NEW MILLENNIUM started radiating rays of helpfulness from the first of this Century on, however the rays were very weak, but by 1917 they had greatly increased. Forty-five years later -- 1962 -- they have become so very powerful to the extent that if we have the Desire and the WISDOM to live on into the NEW MILLENNIUM we will most certainly have the opportunity to do so.

Quite naturally the "going will be rough" for the mass-minded all the way into the MILLENNIUM. Millions will be "dropping out of the race" (in death) all along the way, but those who have Spiritual WISDOM, regardless of present circumstances that they find themselves in will not only survive the journey, but in about five years they -- YOU -- will be getting two years younger for every year they grow older. If you start your "journey" right now by the time you reach 1970 you will be "throwing off" two years every 12 months. You will be "reclaiming the years that the locusts have eaten". By starting right now to LIVE correctly (controlling and eliminating the twelve Negative Emotions), I very seriously doubt if you will be getting any older than you are at the present time. Then, in about five years, when most of the "locusts" from your life have been deliberately eliminated, you will arrive at the delightful place in your plan where you will be getting two years younger for every year that you grow older.

Friends will stop you on the street, or in church and ask you: "What are you doing for yourself? You haven't aged a day in five years, in fact you are looking younger than you did five years ago, how do you do it?" Tell them if you wish, but if they get angry with you for treating their inquiry lightly, you will know that
Jealousy is rearing its ugly head in them. It is better to start a "Youthification Class" and charge a nominal admission fee ... when the inquiries become frequent. If people are willing to pay for the information that you sought out and have practiced and have gotten wonderful results from, then a Class is the best solution. Once you develop a "taste, touch and technique" for class meetings you will never be satisfied to do anything else but TEACH.

You are going to prepare yourself for the entry of the NEW, SEVENTH MILLENNIUM from now on. By 1970 you will be well on your way, and by 1980 you will have lost twenty years, by 1990 you will have rid yourself of another twenty years. While all the time you are growing younger physically, you will be increasing in KNOWLEDGE and Wisdom, and SPIRITUAL WISDOM.

You are no longer limited to survival in the flesh. Once you start making definite changes in your life and affairs, as far as the twelve Negatives are concerned, you could pass out of physical embodiment permanently and keep right on making wonderful improvements in every Department of your life. You would develop the Spiritual Department of Life, the Mental, the Social, and to a great extent the Physical in the same time you could have done it on the earth plane, but not any faster. We are here on the earth plane for self-development and neither the Lower nor the Higher Astral planes are any more conducive for FIVE-FOLD EXPANSION INTO THE GREATER LIFE. All of our short-cuts into becoming a superbeing are right here. The principle purpose of the Lower Astral Plane is to make us "fit subjects" for the Summerland -- Higher Astral Plane -- which is the first "rung" of the Heaven World Ladder. Making us "fit subjects" is a long and tedious task especially if one is inclined toward mass-mindedness, or takes the attitude of "we will handle conditions there (in the Astral World) when we get there". That is the attitude of abysmal ignorance. This will cost such a person thirty to forty years, probably more, to achieve what he could have accomplished on the earth plane in from five to ten years.

When an ordinary person dies and goes into the Lower Astral World it is definitely for a purpose -- a "clean-up job", and he stays there until he has been thoroughly cleaned. Nothing is added to him. The average person is amazingly loaded down with Negative and bad habits. And when these are, one by one, eliminated there isn't much left of the man of the world, and that goes for average persons, tycoons of industry, or bums on "skid row".

Even church members, those that have gone to church more out of habit than to actually take part in the good work of the church, haven't merited any reward. Such people give whenever the collection plate is passed, but most of them give out of habit and not out of the joy of giving, and so we can eliminate these as far as reward gaining is concerned.

The average business man participates in a number of service organizations, and in a number of charities, but he cares very
little about them, he gets his reward right here and now when the
daily paper comes out with a write-up of the "good things" that
he did for the "scouts" or for the "poor". One cannot have a re-
ward here and one for the Hereafter when it is definitely for a
reward in the "here and now".

I am not against giving to a good cause, and I am not against
giving with "trumpets and fanfare" for self-gratification; I am
only explaining that the people who do these things have "their
reward right now", and that is as it should be considering they
are not particularly striving for a reward in the Hereafter.

However, there are thousands of people who "do not let their
left hand know what the right hand is doing" -- that is, they give
of their means and they give anonymously. They are the ones who
begin to "lay up treasure in Heaven".

Just the same, the doer of good deeds secretly, while he takes
his reward with him, so to speak, may not go "sailing through" the
Lower Astral World to the Higher Astral World and land in the
Summerland if he hasn't prepared himself for the "other world" ex-
perience. He will probably have a lot of cleaning-up to do in the
way of erroneous beliefs, getting rid of bad habits, and especial-
ly if he has not mastered his "dozen Negatives". Anxiety and
Disappointment are two of the predominating Negatives with people
who do not know about conditions in the "Other World". They find
themselves in a state of "shock" -- Anxiety -- because nothing is
like they thought it was going to be. Of course this leads right
into Disappointment, which then leads to Despondency and then to
Fear and Frustration and they begin to Worry about it. You can
see how any really good person, if he is carrying a load of Nega-
tives with him would have a most miserable time "Over There" in
the Lower Astral World although he was a truly good man on earth.

One way that YOU can avoid all of this is not plan for Heav-
en at all, but plan to enter the NEW, SEVENTH MILLENNIUM as soon
as it comes. In five years time you would accomplish more than if
you went into and through the Lower Astral World. The most you
could hope for in the Lower Astral World is a good "clean-up" with
nothing added. However if you start at once, to eliminate the
Negative and add the Positive while yet in the flesh, you can do
more for yourself in five years time than you could in fifty or
a hundred years in the "Other World".

And so, why not try for the NEW, SEVENTH MILLENNIUM right
now. Work at it very enthusiastically, eliminate Negatives and at
the same time EXPAND your POSITIVES -- Joy, Happiness, Affection,
Zeal, Fervor, Enthusiasm, etc., etc. Here is a little secret, if
you start now and have made some progress with your POSITIVE UNDER-
TAKING, if for any reason you should pass out of the physical body
permanently, you would keep right on with your good work in the
Astral World and arrive in the Summerland before many others would
realize that they were dead.

- 29 -
AFTER THE THOUSAND YEARS; WHAT THEN?

Chapter Ten

This Monograph covers one of the longest time-spans of any book or course ever written. It started long before Creation and it extends beyond RE-CREATION. However, for us at the present time, the next few years, before the NEW, SEVENTH MILLENNIUM, is the most important of this vast span and is a most wonderful time to make one's self ready for the NEW MILLENNIUM.

We will cross through some trying experiences for the mass-minded. These experiences are not for the Spiritually WISE, but to awaken as many of the masses as possible to REALITIES just ahead. These experiences will be very awakening for the mass-minded, so awakening that they will be glad of our assistance.

Take the GREAT BLACKOUT for instance. Many thousands would not survive it but for our words of encouragement. Then there is the GREAT EARTHQUAKE that follows the GREAT BLACKOUT a short time later, if it were not for our instructions before it takes place, millions would perish; then there are other phenomena, THE GREAT HEAT, and WATER MADE BITTER, and finally the BATTLE OF ARMAGEDDON, just before we actually enter the NEW, SEVENTH MILLENNIUM.

After entrance is made to the NEW MILLENNIUM there is a period of time -- 100 years -- when those who are not suited for such wonderful conditions will be eliminated from physical embodiment so that the MILLENNIUM will know no discord of any kind. Undoubtedly the very recalcitrant souls will be "over by themselves", and as certain individuals among them begin to realize that to be stiffnecked and stubborn is not "paying off" they will quickly change their attitude about conditions as they are and will "settle down" to the delightful life that the MILLENNIUM affords -- "every one sitting under his own vine and fig tree".

Adam had to "dress" the Garden of Eden, but evidently the NEW EDEN -- the coming MILLENNIUM -- will be a workless world, a great Sabbath where every one enjoys the delightful conditions and all restlessness and boredom are banished from that happy Land.

Many good Christian people after 2,000 A. D., when they finally arrive in Heaven, will be somewhat grieved. They had expected Christ would be there in Heaven to welcome them, but the welcome, if one is entitled to it, will be on Earth in the New Paradisical MILLENNIUM.

Undoubtedly because of the tremendous population the Earth's surface will be considerably changed to accommodate the many people. Much of the oceans will be drawn up into the atmosphere to form a high canopy completely surrounding the earth -- a perfect "shell" of water. This will give every part of the earth a delightfully even temperature. The ice caps on both the North and the South Poles will melt gradually, so that there will be no
cataclysmic condition of flooding. This in itself will give much more room for the great earth population.

In all probability the earth will have its "population explosion" in the 100 years while the recalcitrant are making up their minds whether they will go "down to the grave", or reform and enjoy the wonderful earth for the remainder of the 900 years in the MILLENNIUM.

Concerning the end of the Millennial Reign on earth, St. John the Revelator speaks:

"And I saw an angel come down from heaven, having the key of the bottomless pit and a great chain in his hand.
"And he laid hold on the dragon, that old Serpent which is the Devil and Satan, and bound him a thousand years.
"And cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more, till the thousand years should be fulfilled: after that he must be loosed a little season." Rev. 20:1-3.

"And when the thousand years are expired, Satan shall be loosed out of his prison, "And shall go out to deceive the nations which are in the four quarters of the earth ... to gather them together to battle: the number of whom is as the sands of the sea. "And they went on the breadth of the earth ... and fire came down from God out of heaven, and devoured them. "And the devil that deceived them was cast into the lake of fire and brimstone where the beast and the false prophet are..." Rev. 20:7-10.

It seems very strange that human beings could be led astray so easily by the wiles of Satan but these are undoubtedly people who are born in the MILLENNIUM and they won't know any better than to follow Satan to their doom. And so, there won't be any one left with the exception of the "camp of the saints", and with the further exception of Satan himself. Then he is cast into the lake of fire where the Beast and the False Prophet are.

In the next chapter St. John goes on to say:

"And I saw a new heaven and a new earth; for the first heaven and the first earth were passed away..." Rev. 21:1.

And again in the 21st Chapter, 16th verse, St. John measures the City that came down from God out of Heaven on the New Earth. The city was "four-square" and the height and width and the
breadth of the City were equal — 1100+ miles. I can visualize a "city" that is in the form of a pyramid being 1100+ miles square, and 1100+ miles high. And St. John says:

"And the nations of them which are saved shall walk in the light of it: and the kings of the earth do bring their glory and honor into it. And the gates shall not be shut at all by day: for there shall be no night there." Rev. 21:24-25.

As you know a generation is 40 years. Three times in the Old Testament a "thousand generations" are mentioned —

"Know therefore that the Lord thy God, he is God, the faithful God, which keepeth covenant and mercy with them that love him and keep his commandments to a thousand generations." Deu. 7:9.

"Be ye mindful always of his covenant; the word which he commanded to a thousand generations," I Chron. 16:15.

"He hath remembered his covenant forever, the word which he commanded to a thousand generations." Ps. 105:8.

Some teachers say that man is to stay in physical embodiment one thousand generations, which is 40,000 years. Some feel that this stretch of time started with the Creation of Adam. In that case, from Adam to the NEW, SEVENTH MILLENNIUM would be 150 generations or 6000 years. Add twenty-five more for the period of the SEVENTH MILLENNIUM which would give a total of 175 generations. Subtract that number of generations from 1000 and you have remaining 825 generations after the NEW MILLENNIUM ends, or a total of 33,000 years.

There are also those who believe that the 1000 generations will start immediately after the NEW, SEVENTH MILLENNIUM has run its course. In that case if we multiply 1000 by 40, the answer is 40,000 years — 40,000 really delightful years!

From there on we haven't anything for further computation, but in any event, as time passes, probably after we actually get into the NEW MILLENNIUM (in just a few years now) we will have Angels and Archangels for instructors and we will be shown long delightful vistas of the future that even with our "super-minds" at that time we would not be able to fully comprehend.

We do know though, according to the Scriptures, that ahead of us lie a profusion of the most soul satisfying ETERNITIES.
