PREFIS.

LITUL EILDREN, hīr iz ε buac printid fēr y in ε ny wε, and meni du not nō hε tu rid it. But it iz veri izi indid, and y can lūrn tu rid it muç sunur ðan y can lūrn eni uður buac.— ði wūrdz ar eł speld just az ðe jad bi. Sum ov ði leturz ar not liç ði old “A B C,” buț y can veri sun lūrn ðem, and ðen y can spel elmost eni wūrd.

ðis iz ε wε tu mεc buacs, ðat sum veri gud frendz ov litul çildren, in Inçlund, hav fōnd et, so ðat ðe can lūrn tu rid and spel in ε veri fert tīm. In ði old wε ov mēciç buacs, ðær ar ε gret meni leturz in ði wūrdz hwiç et not tu bi ðær, and i elmost tiçç ðat ðe wær pat ðær just fēr ði sec ov mēciç litul bōz and gūrlz ε gret dil ov trūbul tu lūrn ðem. Vr faður and muður, and oldur brūðurz and sisturz, hu can rid, and nō hε tu spel, me not çær muç ubst it, bicez ðe dont tiçç muç ubst ði trūbul ðat litul çildren hav tu tēc, buț if i wær y, i wud ase fēr ði rizun, hwi i must spel BQ, bi, o, dubul-y, [*bow*], and ðen çel it BQ, hwil b, and o, wil spel it ε gret dūl betur. Hwot du i wont ov ði dubul-y [*w*] at ði end, ecsept tu mεc mi trūbul.

ðen ase ugen, “i hwi must i spel Bð in ði sem wε, [*bow*] and çel it Bð, hwen i min ði bε ðat ε bō mēcs tu ði jentulumun and

lediz dat hi mits in di strits? and hwi must i spel dis sem wurd bi, o, y, ji, eg, [*bough*,] and cel it in di sem we, if i min di lim ov e tri on hwiç di burdz sit and sij; ðo i nevur hir but tu sændz in di wurd, and can spel it in di ny we bi tu leturz—b s,—b s?”

Purhaps ðe wil tel y dat it helps y tu no di difuruns bitwin di wurdz dat sænd ulic, az, bi, o, dubul-y, [*bow*,] Bð, hwiç e bò mæcs wið hiz hed, and e bi, o, y, ji, eg, [*bough*,] Bð, on hwiç e burd sits.

But ðen y can se, “i no di difuruns veri wel hwen i hir pipul tæc, and du not si di wurdz atel, ner no h s ðe ar speld; bicez if sumbodì sez, dat hi siz e swerm ov biz on e veri hi b s, i no bi hwot hi sez, dat hi duznt min dat hi siz e swerm ov biz on e bòz hed, or on enibodiz hed, and hwen hi sez dat dis litul bò mæcs e veri fin b s, i no dat hi duz not min di lim ov e tri, bicez e bò canot mac e lim ner so muç az di lif ov e tri.”

And ðen y me asc h s muç ðær old speliŋ helps ðem, hwen ðe spel e BQ, tu fut aroz wið, and e Bð, hwiç e bò mæcs bi bendiŋ ferwurd hiz hed, just ulic, in dis we, bi, o, dubul-y [*bow*].

ðen, purhaps ðe wil se, “o! but it laes so, tu spel wurdz in e ny we!” ðen y can se “if it laes bad tu y tu si wurdz speld just az ðe sud bi, purhaps it iz bicez y hav lurnd tu spel ðem roy, just az gad cold wetur cumz tu bi veri distestful tu ðoz hu hav got in di habit ov driŋciŋ brandì and rum.”

If ðe tel y dat bi lurniŋ tu rid in dis we y canot rid baes printid in di old we, dat iz e mistæc; it haz bin fænd dat lurniŋ dis we ov ridiŋ furst, iz di veri iziist we tu lurn di old we, and ðen in e veri fy yirz, loŋ bifor y ar big men and wimin, wi promis y el di gad baes wil bi printid lic dis wun.

Wi wil veri sunn giv y sum uður ridiþ baes, and ðen e testu-
 munt, and e nyzpepur printid in ðis wæ. Ʋ me tæc wið yr frendz
 ubst it, and tel ðem hwi ði ny wæ iz betur ðan ði old ; but if
 ðe duu not tiþe so, y must rimembur ðat ðe ar yzd tuu ði old wæ,
 and y must nevr tæc sesili er ruudli ubst it tuu eni bodi, and y
 must trit yr pærums and tigrz wið græt respect, and aftur giviþ
