# Notice to Patrons.

---

In presenting this revised and corrected catalogue of valuable publications to your attention, we desire to thank the many kind friends who have shown their appreciation, not only by encouraging words but by substantial patronage, of our efforts to establish a headquarters, in this country, where works treating on Theosophy, Occultism, Hermetic Philosophy, Astrology and kindred subjects, can be obtained without the inconvenience, annoyance and delay that has heretofore attended the purchase of such works.

We are aware that the catalogue we here send forth, is, at the best, imperfect, and contains but a partial list of the many valuable works which are now extant, treating on the subjects most likely to interest the persons into whose hands it will fall, but we hope to be so liberally patronized and sustained in our new enterprise, that we shall, ere long, be warranted in enlarging and extending our facilities for furnishing this class of literature.

It is our intention to carry in stock at all times, a good assortment of the publications referred to herein, so that we shall be able to fill all orders promptly, but, if at any time, our supply of any of the books happens to be exhausted, we shall use the utmost diligence in replenishing the same.

Many of the most valuable productions which we advertise are published abroad, and the exorbitant custom and freight charges, added to the original cost of the books, increase the net cost to such an extent, that we are forced to place the prices we charge for them, quite high, in order to leave even a fair profit for doing the business.

We trust, that in time, the demand for such works will warrant us in republishing many, and thus enable us to offer them at such prices as to place them within the reach of all.

We would call the especial attention of persons interested in the science of Astrology, to the list of valuable works which we offer on that subject.

Particular attention will also be paid to procuring miscellaneous books not mentioned in this catalogue, and any orders for the same will receive our immediate and prompt attention.

☞ We shall esteem it an especial favor if parties receiving this catalogue, will furnish us with the addresses of others whom they think will be interested in the class of literature, of which we make a specialty, so that we can furnish them with copies of the same.

# 600 WAYS TO GET RICH

## When Your Pockets are Empty.

Thousands that should have been millionaires have heard the Conductor call out "Eternity," the last station on the Road of Life, with not enough in their pockets to buy a 25 cent Burial Casket. Why? Because they never started right, There is no reason why you should be poor and hard up any longer. The methods to make money are easy and simple enough to ensure success to nearly all who make the effort. There is a pile of money in this world that is only waiting for you to stretch out your hand and receive it, but you weaken in your efforts, and allow others to grasp their own and your share as well. You grumble about this world's goods being so unequally divided, when you really help to make it so by your "stand-still" theory, expecting that Fortune should come to you, instead of your trying to GET TO IT. Many of us know people who were poor a short time ago, but now are wealthy. They had no money to make it with. How did they get along so fast? well, we will tell you the Secret—they stuck on the right path—they engaged in the right pursuit. When you do this there is no such word as Fail. Success is certain. We think we can tell you what train to take that will lead on to Fortune. The Depot is near you, and if you are bound to win you must step on board when your train comes along. **600 WAYS TO GET RICH WHEN YOUR POCKETS ARE EMPTY**, is the Book that points out 600 Easy Paths to take you. You cannot go astray, take which one you will. They all converge in one condition—and that is "Wealth." The writer of this, selected one of these in 1878, and in one year took in fifty-eight thousand dollars. There are plenty of others in the collection just as good and valuable. Think of it—he started on **Two Dollars**. Soon he had enough money coming in every day to increase his business, and his sales averaged Two Hundred Dollars a day, giving him a clear net Profit in one year of \$31,000. You can do that. This Book tells you how to do it. We have condensed these 600 Ways to get Rich. They make about 300 pages of closely printed matter, and we will send one to any address by mail, for **One Dollar**. They are elegantly bound in cloth and gold. It is a Mine of untold Wealth. Will you work it?

**ARTIFICIAL GOLD.** Spoons, Rings, or any article made from this metal can never be detected from pure gold. This secret cost us \$20. It teaches the whole Secret of Nickel Plating so that you can plate goods for almost nothing. Inks of every Color, Kind and Description, Egyptian and other Cements for mending china, glass, wooden and other ware. How to Prolong Life. How to catch hundreds of pounds of fish and entice Wild Animals into a snare trap. How to make Silver Polish Kalsomine.

**PARISIAN DIAMONDS.** This Secret should not be published in a low priced book like this. It would be cheap at \$10. How to make Imitation Rubies, Sapphires, Emeralds and Topaz.

**IMPROVE AND BEAUTIFY THE FACE AND FORM,** so that an ordinary looking person, male or female, can be what the world calls HANDSOME, giving you the most delicate complexion, the brightest eyes, the clearest skin, the sweetest breath, and the most beautiful form, and build up a **BEAUTIFUL MAN OR WOMAN** from the Rudest foundation.

We paid \$50 for the Secrets in the last six lines, How to cure Depression of Spirits. You can sell the recipe for double what this Book costs. How to wash off Sunburn and cure Bunions and Corns, It tells how to get fat and how to get lean. If fat people will try this they can reduce their size to any desired weight, or you can increase your weight 10 or 15 pounds if desired. In this little Circular we can only glance at the treasures this Book contains, as it would require **EIGHT PAGES** this size to give its full contents. We have also endeavored to name a Business in this Book that you can carry on without money. If you are satisfied with your present occupation or do not care to add to your income, please hand this to some person that needs a helping hand, as this may be their Golden opportunity—the Stepping Stone to Wealth. No doubt \$50,000 would have been refused for these Secrets if they had been purchased in the regular way, but we now offer them in this Great Book "600 Ways to get Rich" for **One Dollar**, prepaid by mail. The cloth bound book looks like this.

learning its secrets. This Book is not for all eyes to see unless they pay for it—therefore it should not be carelessly laid where any one can take a copy of some very valuable Secret without the permission of the owner. One lady writes us to know whether we object to her asking three friends to club in with her at 25 cents each—making \$1.00 in all, we cannot object. In that way you can all read the Book and have access to it any time when it really only costs you but 25 cents each.

It is well to Register all Letters containing Money, or send a Money Order. Please write your full address, plainly.

Well, now, is it possible that at last I have found what I have so long sought? I have stumbled into it. It has been forced upon me—I did not seek it. It is like drawing a prize in a Lottery. Who knows but what this really is the true stepping-stone to my future fortune. Every one has a critical moment in their lives, but they do not always know it. Why? Because they are not always on the alert. They settle down to the conviction that they never will be Rich, and when such a chance as this comes before them they think it is not intended for THEM. It is for some one else. It was a mistake that it was sent them—It was intended for some one in the next house—It could not be for me. Reader, from this moment banish every such thought from your mind. THIS IS FOR YOU. Now is YOUR TIME. This will lead you to something that is just as sure to pave your way to fortune as that you now exist. You cannot afford to pass it by. You are the one that this chance appeals to, you are the lucky individual that the sun shines upon now. A bright future is yours if you only stretch out your hand and grasp the Golden Key that unlocks the Vault that opens to your astonished gaze the hidden treasure. I am able to do something for myself. If I do not do it now when shall I do it? I have tried many things that appeared as if I was going to get ahead; after I gave them what appeared to me a fair trial, I had to abandon them, because I could not make my own living or support my family. Forty things I can mention—of course, some of them I might have known would not benefit me financially, but I thought I would try them and see what would come out of it—Oh! how disappointed I have been. This thing I will test. It costs me but One Dollar to send and get this Book of 300 Pages. I certainly can loose nothing. Almost any one will pay me what this Book costs, even if I make no use of it after

## YOU MUST HAVE IT!

The true "Philosophy of Success"—the art of pleasing, interesting, fascinating, science of manners, captivating, making friends of those you meet in society, or every-day social and business life, easily acquired.

Philosophy of one's influence over others; you see it exerted every day by someone in your circle of friends. YOU can do the same. ALL possess the power but do not understand HOW to use it. Develop these latent forces within you, for this faculty of influencing others can be cultivated and developed to an unlimited extent.

This power has been employed to a limited degree by the learned and brain of all ages—by the African voo-doo; the Chaldean astrologer; the Persian Magi; the Hindoo fakir;

the Egyptian priest; the Hebrew prophet, and by the wonder workers of all ages and climes. But it is only very recently that this vast and unlimited power has been fully comprehended and employed with great success in almost every profession, in business or social life. With our aid Personal Magnetism can be developed and made so plain that any intelligent person can learn to employ its invincible power with wonderful success, excelling the marvels of the past as far as day excels the night. Its value counted in dollars and cents can never be estimated. It will be in the near future of greater importance to the human race than all modern inventions which would dazzle into wonders the fantastic dreams of all modern or ancient philosophers. The SECRET REVEALED so plain that all may understand.

Men who have made their names imperishable for all time are those whose "Personal Magnetism," so called, and whose ability to read character was cultivated in the highest degree. Such knowledge is not born in one, any more than is the learning of the scientist, or great jurist or philosopher. It is acquired by study, observation and experiment.

Skill is not born in the mechanic, it is fostered by persevering effort; it is the child of desire and a constant working toward a certain end in spite of all discouragements.

You may do as they have done and your life will be richer and happier for your struggles to attain your hopes; in working for yourself you will help all around you.

If you have never read anything of this kind, you will be pleased beyond measure. Don't delay one minute! Order at once.

Fifth edition just out, with 150 pages of new matter added.

# THE MYSTERY OF LOVE

## The Science of Charming and Art of Fascinating

Is embraced in what we call Personal Magnetism—a peculiar, subtle, mysterious power, lying within the breast of every human being. Some possess more of this element than others, yet it is possible for every healthy, intelligent human being to cultivate this power to such an extent as to enable him to charm, fascinate, captivate and make friends of any he may select.

For want of space we mention but a few of the many important subjects treated of in this bright, sensible and up-to-date book:

A Subtle Law of Magnetism—The Essence of Love—How to Gain the Affections of the Opposite Sex—Drugs and Love Charms—Magnetic Affinity the True Science of Love—The Will Governs Magnetic Currents—Mental Magnetism—The Kind of Women that Men Admire—An Irresistible Force—Men whom Women Admire—The Fascinating Qualities of the Sexes—The Power of Personal Magnetism—Woman Naturally Magnetic—Magnetic Attraction—Overflowing with Magnetism—Discharging Magnetism—The Human Will—Magnetic Will Force—Different Kinds of Magnetism—Power Lies in the Soul—Magnetism the Connecting Link—Magnetic Rapport—Aphrodisiacs—Electric Currents in the Male and a Magnetic Flow in the Female—The Test of all Love—Loss of Magnetism and Vital Exhaustion—Magnetic and Personal Force—The Law of Magnetic Attraction—A Pearl of Great Price—The Laws of Love—Various Means of Love Making—Magnetic Waves—How

Man is Enamored—What Gives Power of Attraction to the Female—Why Some Hold Men Spell-bound—The Power of Woman in the Social Circle—How to Keep a Husband—Attraction of the Sexes—Women as Magnets—Circle of Home Magnetism—The Changeableness of Magnetic Women—The Advantage of Magnetism to Charm of Person and Manner—Why Magnetic Women enter Hymen's Temple Early—Every Woman has Her Master—Every Man His Mistress—Fools and Victims of Magnetic Women—The True Magnetic Woman.

The reasons for writing this book will best appear in the book itself. They are too many and too great.

We claim freedom of thought and all modes of its expression. We seek to infringe upon the rights of no other person; we only ask our own. We have compiled and published this book for those who want it, not for any others.

We deprecate no fair criticism, and seek to shun no foul. Filth comes from the filthy—"to the pure all things are pure." Those who know us, or our writings, will expect "the truth in love," and we have endeavored not to disappoint them in any reasonable expectation.

This can give you but a faint idea of the real character and value of the book.

We are aware that many books on the subject of love have been published, but this is entirely different from any extant, embracing new ideas on an old subject.

PRICE, PREPAID, \$2.50.

**LUCK!** "Give a man luck and you may throw him into the sea."—*Old Proverb*  
**ISIS!** "Natural luck beats against the odds."—*Shakespeare.*

Have you heard of the beautiful Goddess of the Nile who brought Fortune to all her Devotees? She was the Sister of Osiris, one of the Egyptian Trinity, and her Statue to-day in the great Museums shows her crowned with the Lucky Lotus and outstretching her Wand of Fate over her Believers, bringing them long Life and Prosperity.

Books of Holy Writ Attest Her Magic Powers, as do also Secular Histories of Egypt. The Worship of Isis has passed away, but her ancient Priests affirmed that the Luck of her magic Talismans never left them if never sold.

A French Archaeological Society is our authority that a few Bedouins discovered these Amulets in the dark Sepulchres of the Kings in the Great Pyramids, brought them to light and now they are to be given away. Mounted in Gold-Filled Tiffany Set Rings for Ladies' and Gentlemen.

Apart from their power to bring Good Fortune to the wearers, as we have history itself to bear witness, these beautiful Jewels are of themselves magnificent ornaments. They glow with every Color of the Rainbow. In whatever position they are held, they Throw Abroad Gorgeous Rays of Light. Every Color of the Spectrum is there, Vivid, Intense, Enchanting, like a Stone possessed indeed with Supernatural Powers.

If these Stones are sold according to the Egyptian Mythology, they lose their miraculous properties. We, therefore, give the Stone Away, charging only a slight sum for the setting which is itself worth Three Times the Money.

These rings are made of genuine rolled gold of the most exquisite Workmanship, and are fashioned after the pattern of the Isis Talismanic Rings in the British Museum. They are artistic in every sense of the word, and such settings as could not be had for three times the money in any fine jewelry store in America.

**ALL THE GREAT MEN OF THE WORLD HAVE BELIEVED IN LUCK.**

Alexander, Pericles, Socrates, Charlemagne, Napoleon, Wellington, Washington, Jefferson, Lafayette, and others of the famous Past, and in our own time the most successful men in War, Politics, Art, Literature and Finance and Invention—such men as Jay Gould, Thomas Edison, Grover Cleveland, Theodore Roosevelt, W. J. Bryan, Roscoe Conklyn, and a host of others believe with Shakespeare that "There is a Destiny that shapes our ends."

**No matter what reasonable request the Wearer of the Talisman asked, Egyptian History Affirmed that it was granted, whether in Matters of Love, War, Fame or Wealth.**

So great was the confidence of the Noblemen of Egypt in the Powers of the Gem that they often committed Crimes to possess themselves of the precious Treasure. For, if a Priest of Isis was caught selling one of the Gems, he was put to death and the Power of the Amulet to perform Miracles was forever gone.

A few of these rare Jewels were disposed of at the World's Fair in Chicago, in costly settings which were beyond the reach of any but the very rich. Now, however, they are within the reach of the very Humblest.

Remember Egyptian history tells us if you sell the stone, its wonderful powers will depart from it. We want your promise never to sell the Gem—only the setting—and you must request, whomsoever you give the Jewel to, that this strict rule be preserved.

The price of this beautiful Isis Luck Stone is nothing! We give you the stone with our best wishes for your prosperity, and charge only for the setting of the ring—**NO UNSET GEM GIVEN AWAY ON ANY CIRCUMSTANCES.**

The price of the gold-filled Ladies' or Gentlemen's setting in which exclusive form the Gem is sold, is only Fifty (50) cents. We warrant this ring to wear well for five years. If at any time during that period the Gold should wear off, return it to us and we will reset the gem or send you a new one.

If you wish to get up a strictly exclusive Isis Club, we will sell five Isis Lucky Stone Rings for two (\$2.00) dollars, but no more than five rings to any one customer, as the supply is limited and difficult to obtain.

**STANDARD RING GAUGE  
RING SIZES**

State size desired when ordering, by naming one of the following numbers—1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13.  
 To get exact size, pass a piece of stiff card-board or blotting paper very tightly around second joint of the finger, cutting it off so that when drawn as tightly as possible the ends exactly meet. Then lay it flat upon the following diagram, one end beginning at the line marked 0 when the other end will then indicate the desired size.

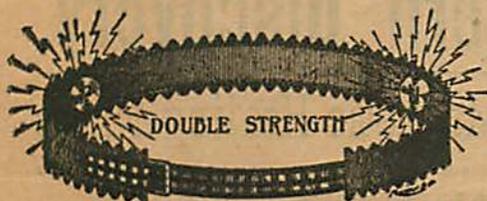

"Truth is Mighty and Must Prevail."

Warm the feet and limbs and revitalize the blood, which gives it power and life to flow freely through the channels of circulation. They positively cure CRAMPS, PAINS and ACHES in the Limbs and Feet. In the cure of any disease it is important to keep the feet warm and the circulation proper.

The celebrated Dr. W. A. Hammond, of New York, formerly Surgeon-General of the U. S. Army, lately lectured upon the subject of "Electro-Magnetic Treatment," and advised all medical men to make a trial of these agencies, describing at the same time most remarkable cures he had made. This is certainly worthy of note.

The source and nature of electro-magnetic powers are things which are above human comprehension. Of the existence of the power we are all aware, and the knowledge of its uses are common to all; yet this knowledge is in its infancy. The telegraph is but 50 years old. The electric light was known at the time of the great Centennial only as a novelty, and too costly for any practical use. The telephone is of later date, and the electro-magnetic current applied to the human body for the cure of diseases more recent. All we know is its marvelous existence. This much is beyond dispute. Electricity is the "germ of all life," and is beyond doubt, the greatest power that moves the human body.

One pair Insoles sent Postpaid to any address for 25 cents. Ladies or Gentleman give size of shoe worn. \$1.75 a dozen by express.

to mankind. Some of the best, richest and most productive mines of the world have been located by the aid of this *Wonderful Power of DIVINATION*. My Father, who was endowed with this Power located his first well in Illinois on his farm and obtained the best flow of water ever located there. I always was interested in these *Wonderful, Mysterious Laws of Nature* and often *Experimented* with these *Forces quietly* and by *Myself*, until I discovered that I too had this amazing *Magnetic Power* to attract to myself whatever I desired and needed; have since taught many persons, of both sexes, to use this Power Successfully for themselves and others, doing much good in their neighborhood with these *Sciences and Making Money*, by the proper use of them; likewise making for themselves an *Immortal Name*, surrounded by fame—for from far and near they were called to locate Water, Mines, Treasures, etc., receiving good pay for their *Special Work of Divining and Healing the Sick* of all Diseases.

There is usually one or more persons in each family for whom these *Powers Work at Once*; others can be taught and gradually develop into this *Wonderful Power*, by the aid of *Jacob's Rod*. Many *Valuable Treasures* have been located and found by this *Wonderful Power* vested in man and women, to locate treasures buried or hidden away; often amounting to \$10,000 or more; these things can just as well be found and used and make some one happy as to be buried beneath the soil doing no one any good. You dear friend, may hide just such a treasure on *Your Old Homestead*, or premises, and not know it, for if you knew it, you would have unearthed them long ago."

**JACOB'S ROD** is nicely gotten up, printed in nice, substantial, cloth binding, with illustrations, and gives the entire secret of *How* to construct the *Divining Rod* and how to use it; any one can make one easily without any cost, as nature furnishes all material and this book tells you where to find them, how to prepare them *Yourselves* and how to *Use it Successfully* to *Locate* and find anything you desire. As only a limited number of these **RARE and SCARCE BOOKS** are at our command, we would advise all our kind readers, who desire a copy, to send for one *at once*, while you read this, otherwise they may all be gone and your order will have to be returned to you.

#### **NOTED EXPERT DROWNED.**

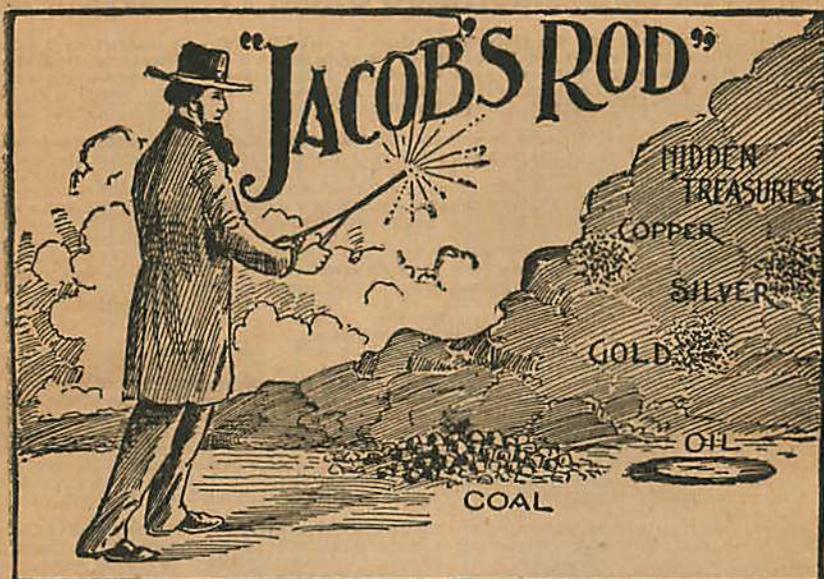

PITTSBURG, PA., Oct. 25, 1887. William Reed of this city was drowned to-day in the ocean at Somer's Point, N. J. Mr Reed was regarded as the most expert mineral and oil prospector in the United States, and had amassed a fortune of nearly \$1,000,000. For twenty-five years he had been engaged in prospecting. He possessed a divining rod, a contrivance with which he was very successful in locating paying streaks. He could find a coin hidden in any part of the room, never failing in the attempt. Recently he conceived the idea that, with the aid of his magnetic rod, he could find the numerous shipwreck treasures reported to be hidden along the New Jersey coast. It is supposed that he was drowned while searching for the lost treasure.

—ADDRESS ALL ORDERS TO—

**HIDDEN TREASURES** located by your own Goldometer on your own farms, mines, or old homestead.  Don't sell until you have investigated by this wonderful **Psychic Power** in yourself.

This very rare Old Book tells how to find all kinds of Minerals, Water, Coal, Iron Ores, Lost and Hidden Treasures, etc., of which it is supposed that many thousands of dollars are still hidden in the earth, that have been buried by the first settlers during the revolutionary war, and even during our late war large sums have been buried or hidden from the foe, which could no doubt be found by studying and following the directions given in this Rare Old Book, the same which have been practiced by Jacob and many other ancient patriarchs.

*Read the following from the pen of Dr. Ph. Nagel, "Eminent Healer and Author:"*

"MANY YEARS ago, while travelling in Texas, I often wondered at the suffering of man and beast alike for the want of the precious gift of Water; thousands of cattle were strewn along our line of travel, who died by thirst; for several days journeys, Cowboys would drive their panting, suffering herds to distant rivers, only to find them dried up by the rays of the Sun, with here and there a pool of scum covered stagnant water, to which the stock would rush and lick up the wet soil, bellow and die at the spot, for the want of water. My suffering extended among the people in city, town and country, for water was at a Premium; teamsters hauling the precious wet treasure for whole days journeys, and then dipping it up from some scum covered pool, full and alive with wigletails, snakes and filth, too nasty to describe. People would blast, bore and dig holes for water, with failures everywhere staring them in the face; pictures of *Despair* were plentiful them days, and many who could, packed their few belongings on wagons and forsaking all they called their own, started for other localities where it *Rained Occasionally* and water could be had. When I was yet a little boy, in the *Fatherland*, I knew of men and women, whom people called the *Water Witches*, they would tell remarkable stories of the wonderful springs, underground streams, and wells these persons would locate with exactitude and certainty, even detailing within six inches the *Depth and Width of the Vein, Artery or Stream*; some being 4, 10, 25 and others 100 feet underground. By the same means *GOLD, SILVER, Copper, Iron, Salt, Zinc* and other *Precious Minerals* were located all through *France, England, Switzerland and Germany*; some of the foremost *Geologists and Miners* employed this *Wonderful Power Successfully* to locate these precious jewels of untold wealth and blessing

Being a Complete Guide to Health, Happiness and Wealth, Containing Information for the Million, never before Published. Explains all the Ancient and Modern Discoveries in Philosophy, Natural and Celestial Magic, with Receipts for making the best and most Money-Making Article of the Age! so that anyone with a little energy and perseverance can realize a steady income of from \$3,000 to \$5,000 per annum.

No man or woman with this book in their library need suffer in health or pocket, as it points out remedies for diseases hitherto deemed incurable, and new fields for the exercise of industry, which will as amply repay them for their labor as to the early settlers did the gold diggings of Australia or California. It is highly interesting and completely throws into the shade all other works of the kind, and its sale is certain to extend from one end of the universe to the other, and enable mankind to know themselves and the wonders that science and research have revealed to us, not only in this world, but beyond its limits.

First, as a guide to the preservation of that health which they possess; and secondly, to point sure and certain means whereby they cannot fail to obtain more than sufficient of this world's goods; to sum up, the reader of its pages may, with industry, in a few years, be worth *One Hundred Thousand Dollars*, and that by fair and legitimate means.

The practical money-making receipts are alone a fortune to any intelligent enterprising person. There is at the present time, persons both here and in Europe, that are getting from \$5 to \$25 each for them, whilst in the Illustrated Silent Friend, they are all given for the cost of the work.

Who among the many thousand readers of this circular has not had occasion to wonder at the sudden acquired wealth of some enterprising neighbor of his, who, one fine morning, to the surprise of his friends, bought a house or farm, paid for it in cash, in fact, began to live and dress like a man who had acquired wealth and had the means to pay for what he wanted. Some would have it that he made a fortune speculating in Wall Street; others again that he owned a few shares in the Big Bonanza Silver Mine, which had suddenly quadrupled in value. Other wise acres knew he had a rich uncle somewhere; in fact, rumors ran thick and fast while the object of all this flutter and speculation kept on enjoying the best of all the world's goods, and did not enlighten others as to the cause of his prosperity.

And now, gentle reader, shall we whisper to you the secret and tell you how fortune found out this man. It was not Wall Street, silver bonanzas, nor gold mines, nor any rich relative. It was simply that he purchased a copy of The Illustrated Silent Friend, and put into practical use some one or more of the valuable receipts which it contains, and thus speedily obtained a competency. Shakespeare says, "There is a tide in the affairs of men, which, taken at the flood, leads on to fortune."

It teaches how to make imitation gold and imitation silver; how to do gold and silver plating. This alone is worth many times the price of the book if properly made use of. It teaches the great and ancient art of the transmutation of metals, or the secret of alchemy, by Vir. Gregis Custus, by which inferior metals are changed into the more precious ones. There are men at this present day on whom the government of a large country need only ask for millions of gold and silver, which they can supply as if by a magician's hand, all that is required. We all know how Nicholas Flammel, who was nothing but a poor engraver, suddenly became the wealthiest man in France. History tells us of men who sprang from obscurity and lavished wealth as if it was dust; we need only refer to Cagliostro, Joseph Balsamo, etc.

It teaches how to make a gold that does represent the purest fine gold; how to make a composition that truly looks like pure silver. These two recipes of gold and silver are produced at little expense or trouble. Anyone can make them in a few hours. Their great value to jewelers, workers in metals for ornaments, etc., is self-evident. Also how to make plating magnetic and galvanic machines for plating with gold and silver. Also how to make silver, copper and gold solutions to plate with.

It teaches how lost or hidden treasures are found. The new chemical process to discover minerals, mines, treasures and metallic substances that are under ground. It teaches how to tell your fortune by cards; also to know your present, past and future. It teaches the art of magnetism, fascination, sorceries, etc., and also the secret power of magical lights, torches, images, candles, lamps, etc.; also the magical power of perfumes, fumigations, wands, fluids, etc.; also the hidden secrets of the cabala, as charms, spells, incantations, conjuring, and ceremonial magic. The rules and order of celestial intelligences, holy seals, vested spirits, miracles, etc.

It teaches the secret influences of all the planets, the moon, saturn, jupiter, mars, venus, mercury, herschel, uranus, the sun, earth, etc. It teaches the powers of natural and celestial magic, some things that are funny, some that are mysterious, some that are very valuable—being extracts from rare old manuscripts, that have been secreted in convents, tombs, old libraries, etc., by the philosophers and physicians of the middle ages.

It teaches the practice and principles of mesmerism (illustrated), by which any person can mesmerize another, causing them to be directed entirely by the operator's will, and many wonders relating thereto. The whole is laid down in a clear and comprehensive manner. The whole field of animal magnetism laid bare, showing who can and who cannot practise it. It teaches how anyone may become a ventriloquist—imitate the sound of one or more persons' conversing, the cry of birds, animals, etc.

The household receipts are of considerable importance and value to every good housekeeper. They explain in a simple and easy manner how to make, at very little cost, a number of delicious dishes—sauces, pickles, preserving, etc., etc. It teaches how to make artificial honey as good or nearly so, as that made by bees; costs very little, yet sells at enormous profits. It teaches something every farmer ought to know, and that is how to produce from his land large crops at little cost by artificial manures. This is all given so he can by a cheap and easy process produce them at one-fourth the cost charged in large cities; no machinery required.

It would be impossible in the limits of this circular to convey to the reader anything but a faint and meagre outline of the mass of valuable information to be found only in the "New Illustrated Silent Friend."

# 6th AND 7th BOOKS OF MOSES.

Translated under our personal supervision into the English language, and published by us for the first time. With exact copies of over One Hundred and Twenty-Five Seals, Signs, Emblems, etc., used by Moses, Aaron, Israelites, Egyptians, etc., in their astonishing magical and other arts, including the period of time covered by the Old and New Testaments. This wonderful translation is of great importance to the Christian, Deist, Jew or Gentile, Episcopalian or Roman Catholic, and dissenters of every denomination. The extracts from the old and rare Mosaic Books of the Talmud and Cabala are invaluable. This book gives the use of the Psalms for the bodily welfare of

man by the Eminent translator, GODFREY SELIG. Moses, the great lawgiver of Israel, wrote the first five books of Holy Writ. These are generally known as the Five Books of Moses. It is believed, and known to comparatively few, that there were two more books written by him, known as the Sixth and Seventh Books of Moses. To these we wish to draw your attention. Writing, manuscripts, etc., of precious worth have existed for ages past that could be traced to the time of Moses, but few of these have been published, except in small fragments. This is accounted for by the fact that the high priests, clergy, and heads of various religious bodies were unwilling that the people should be given those deeper mysteries, being fearful of losing their hold on them. Another reason is that it was feared the information would be used for unlawful purposes. It is scarcely possible that Moses confined his literature to the first five books of the Bible, if we take into consideration the lengthened period of his life and changes of his association. We find in Acts 7:22 that Moses was learned in wisdom of the Egyptians until his fortieth year. He acquired during his residence at the Court of Pharaoh many Egyptian arts in his constant intercourse with learned men. He became adept in those magical arts practiced by them. We find in Exodus

11 Moses cast his rod before the King, which became a serpent, Pharaoh sent for his magicians, who also cast down their rods, which, by their enchantments, also became serpents. Few persons have not some belief in these strange and oftentimes unexplained influences that seem to surround us through life for good or evil and it is honestly thought that the study of this work, the Sixth and Seventh Books of Moses, will be a source of happiness and prosperity to millions. The fanatic may say that this publication will foster superstition, but the enlightened and unprejudiced will perceive that the translation into the English language will certainly be more serviceable than all previous productions, which were only circulated in abstract form, and sold at extortionate prices. In regard to this edition, the so called Sixth and Seventh Books of Moses, which have for several centuries attracted the popular faith, are in accordance with an old manuscript and given word for word. We guarantee that not one syllable has been added. To the publishers of Germany must be given the credit of having, at an enormous expense, collected these invaluable manuscripts, documents, etc., from which this work is compiled. It is from the German translation that we have produced the English edition of the Sixth and Seventh Books of Moses, in which is given exact copies of all the original illustrations as they existed on ancient parchments, etc., explained in plain English language. The German work has for some time largely circulated in Germany and among the Germans in this country, and is pronounced the most wonderful work ever published. So true is this that many millions of Germans, and others of German education, never undertake any important step in life relating to finance, exchange or health, without seeking from its pages advice and guidance. Volume I of the Sixth and Seventh Books of Moses as translated from the original writings, contains all that is embraced by the White and Black Art, together with the ministering spirits which were hidden from David, the father of Solomon. First Seal, the Seal of Treasures. Second, the seal of Fortune. Third, for Respect, Affection, Admiration, etc. Fourth, Pleasures and Health. Fifth, the Seal of Power, etc. Sixth, the Seal of Visions and Dreams. Seventh, Seal of Earth's Treasures. It also contains the four Great Divisions of the Spirits—Spirits of the Air, Fire, Water and Earth, with their uses, powerful secrets, and full explanatory tables. It gives the tables of Saturn, Jupiter, Mars, Sun, Mercury and Venus, each of which possesses special power. There is given the exact engraving of the Magical Circle, etc. The Magic of the Israelites is fully explained, giving a complete and valuable history with more than 100 Biblical references, such as second sight, healing the sick, according to scriptural teachings, visions and dreams, spiritual and sensual affection, elevation of will and higher vitality, the fiery serpent, spurious prophets, divine inspirations and mesmeric clairvoyance. Volume II of this wonderful work contains illustrations representing the signs used by Israelites, such as the breast plate of Moses, magical laws of Moses, breast plate of Aaron, and the staff changed into a serpent. These engravings are exact copies of those by the Israelites and Egyptians to accomplish the designs for good or evil, and are separately explained.

This book has become enormously popular. Beware of humbugs. Volumes I and II bound together in one volume. Price, \$1.00 per copy; three copies for \$2.00. We also have a German edition at .00 a copy.

## SECRETS!

er, White and Black Art for Man and Beast. The Book of Nature and  
Hidden Secrets and Mysteries of Life Unveiled, being the For-  
bidden Knowledge of Ancient Philosophers, by the  
Celebrated Student, Philosopher, Chemist, Etc.

*Translated from the German. Three Separate volumes all bound in one.*

Albertus, surnamed Magnus, from the Latinizing of his surname, which was GREAT, was a native of Suabia, and born in 1215. He was ardently desirous of acquiring knowledge, and studied with assiduity; but being of slow comprehension, his progress was not adequate to his expectations, and, therefore, in despair, he resolved to relinquish books, and bury himself in retirement. One night, however, he saw the vision of a beautiful woman, who accosted him, and inquired the cause of his grief. He replied that in spite of all his efforts to acquire information, he feared he should always remain ignorant. "Have you so little faith," replied the lady, "as to suppose that your prayers will not obtain what you cannot of yourself accomplish?" The young man prostrated himself at her feet, and she promised all that he desired, but added that as he preferred philosophy to theology, he should lose his faculties before his death. She then disappeared and the prediction was accomplished. Albertus became, unwillingly, Bishop of Ratisbon, but he relinquished the See within three years, and resided chiefly at Cologne, where he produced many wonderful works. It was said that he constructed an automaton which both walked and spoke, answered questions and solved problems submitted to it. Thomas Aquinas who was the pupil of Albertus, was so alarmed on seeing this automaton, which he conceived to be the work of the devil, that he broke it to pieces and committed it to the flames. When William, Count of Holland, and King of the Romans, was at Cologne, Albertus invited him to a banquet, and promised that his table should be laid out in the middle of his garden, although it was then winter, and severe weather. William accepted the invitation, and on arriving at the house of Albertus, was surprised to find the temperature of the air as mild as in summer, and the banquet laid out in an arbor formed of trees and shrubs covered with leaves and flowers, exhaling the most delicious odors, which filled the whole of the garden. Albertus was reputed a magician, but nevertheless, after his death, which occurred in 1292, in his seventy-seventh year, he was canonized.
