MAGNETIC  
HEALING...

AND

*What it Costs*

TO LEARN IT!

BY

PROF. S. A. WELTMER,

Originator of the

“WELTMER METHOD”

—OF—

MAGNETIC HEALING.

**J**T costs not less than \$200 for board, tuition, etc., for a six months' business course in any first-class business college in the United States. What have you after completing such a course? If you are fortunate, you may get a position that will pay you \$25 to \$40 per month, and after working steadily for two or three years you may get \$60 to \$75 per month, which is the high limit for a book-keeper, accountant or clerk.

To take a medical or law course it will cost you not less than \$1,000 to \$1,200 for the four years' course. What do you get after completing it? After starving to death two or three years, you may make your profession earn you \$900 to \$1,200 per year, half of which will be lost on bad accounts. Many of the best lawyers and doctors are satisfied if they earn \$1,200 per year net.

But few of the regular professions can be learned for less expense and time

than the above, and the income will not be greater.

## THE PROFESSION OF MAGNETIC HEALING.

Now, let us figure on the profession of Magnetic Healing as taught by Prof. S. A. Weltmer. The "Weltmer Method" of Magnetic Healing can be learned in three weeks and the cost of tuition is \$100. The cost of board is \$3.50 to \$6 per week, and with other incidental expenses will bring the total for the complete class course to about \$115.00 Parties coming from a distance will only be out in addition\* to this, whatever the railroad fare may be.

The results of learning this profession will be that you can heal every known disease; can heal diseases that cannot be healed by medicine or any other method, and you can earn from \$10 to \$50 per day. This is not idle talk, but is fully demonstrated by a large number of our students now in active practice. This method of healing is absolutely new all over the world; hence the field for operation is practically unlimited. Not a single stu-

dent in active practice is making less than \$10 per day, and many of them are averaging \$25 to \$50 daily. Some of them have earned what this profession cost them in less than a week or ten days in active practice. There is no other profession known that pays so handsomely. Why? Simply because every student can perform the CURES and when you can do this, YOU WILL GET THE BUSINESS.

There is no other profession in which you can do as much good to suffering humanity. A knowledge of this wonderful art will not only enable you to cure others, but make you able to banish disease from your own body. You can overcome disease, can overcome poverty, and will be happy for the simple reason that you can make others happy, and get paid for it besides. Remember that no medicine whatever is used in this method of treatment. Every person born into the world has latent within him or her this power to heal, but if you are ignorant of how to use this power, it is of no real value to you.

Prof. Weltmer has devoted over twenty-five years to the study and

perfection of this wonderful method of healing, and is able to impart this information to others in a course of class lectures in three weeks. While it cost him many years of tireless energy and investigation, also thousands of dollars besides, he has simplified this system so that he can impart it to others in a very short time. The class lectures are given every day in our lecture hall (except Sundays) and it would therefore require the student to be here about three weeks. All who desire, may remain longer than three weeks without any extra charge. We want all who take this course to know it well, and will be satisfied with nothing less. It is as much to our interest as it is to yours that you know this well, as we want all of our students to be an honor to this school of healing.

### THE MAIL COURSE,

On account of a very large demand from people at a distance, Prof. Weltmer has prepared a very complete mail course of instruction, and to those who cannot spare the expense and time of coming here, it is quite an advantage to take this course.

The mail course consists of ten letters of instruction (each letter containing four to six pages of type-written matter) covering all of the subjects taught by Prof. Waltmer in his classes in this city. On receipt of remittance covering the full course, one letter each day is mailed to the student until the full course has been sent out. After the student has received the ten letters, he is then at liberty to send in a list of questions covering any points not fully understood, and these questions are accurately answered by Prof. Weltmer personally. In addition to this, we stand ready and willing at any future time to give you any information desired or to assist you in any way whatever. This leaves no possible room for a failure on the part of the student. While many come here to take the class course, where time and money is not an important factor, we have never yet failed to give entire satisfaction in this mail course.

For a short time only the price of the complete mail course will be but \$25. We reserve the privilege of advancing the price on this course without further

notice. The tuition fee for both mail and class courses is payable in advance in every case.

Our mail course has been thoroughly examined by a number of our class students, and the following statement has been given us in regard to it:

NEVADA, MO., July 1st, 1897.—We have read Prof. S. A. Weltmer's mail course in Magnetic Healing very carefully, and take great pleasure in saying that it is perfectly plain and comprehensible in every way, and we do not see how it would be possible for anyone to fail to be able to heal all diseases who will follow out his instructions as given in this course. We would advise all who cannot spare the time and expense of coming here to take the class course, to take the mail course by all means. We have completed Prof. Weltmer's class course and we ought to be in position to judge aright his course of instruction.

MRS. THEO. L. HIGBEE,  
Schell City, Mo.

MISS MABLE HAIRE, Nevada, Mo.

We give below some unsolicited statements from students who are in the field and who have taken our mail course of instruction. Many more letters just as flattering as the following are on file in our office, but we do not use the name of any student or patient without written consent. If you write to any of our students in regard to either course, we request that you enclose a stamp for reply, and make your inquiry as short as possible as our students are busy with their own affairs.

PUEBLO, COLO., Aug. 14th, 1897.

I have just received your letter in answer to mine of the 10th and thank you for your promptness in giving me the information as to treating deafness. Since writing you I have cured several people of different ailments. I have never failed on any case I have treated, and I am more than pleased with results. I will shortly give my entire time to this profession, as I can see a great future in it for me. It is no trouble to get business when you can do the work.

and I feel sure I will have no difficulty in this line.

E. F. CULVER.

MOBILE, ALA., July 10th., 1897.—I commenced practice at once after finishing your mail course in Magnetic Healing, and my success has been far in advance of my most enthusiastic dreams. The first day I commenced charging for my services I made \$17.00 and the second day \$22.00. I leave here next week to locate permanently in a Texas town, and will let you hear from me in a few weeks. I know my success is assured, and I am only sorry that I did not know of your school of Magnetic Healing sooner.

C. C. D. GRAVES.

WHEELING, W. VA., July 14, 1897.—Your last letter of instruction received to-day, and I am very much pleased with the entire course. I have treated a number of patients and all with wonderful success. One of my patients had been suffering from rheumatism for three years and I cured him in four treatments.

I cured a lady of a stiff joint in about twenty minutes. While there is a large field here for this work, I now think I will commence active practice in a Virginia town, and come back here in a few months. I think in that way I can get better experience and make more money out of it.

DARWIN McCLELLAND.

VANCOUVER, B. C., July 9th., 1897.—

When I first wrote you in regard to learning the profession of Magnetic Healing, I had but little confidence in my ability to learn it. Before I received your seventh letter I had cured a number of very bad cases, some of them had been given up by the doctors as incurable. The few people who know I can cure them without medicine, think I am a wonder. Many of my lady friends have called on me for treatment. I cured one of severe constipation in four treatments. She had tried all kinds of medicine without relief. I have only charged a few of my patients. I intend to return to my old home in Ohio by August 1st.

and will commence active practice there. I know I can do the work. Many thanks to you for answering all my questions.

KATHERINE L. SULLINS

ARKADELPHIA, ARK., May 1, 1898.—I am very much pleased with your mail course of instruction, and it gives me great pleasure to say that it is all and more than you claim for it. I find everything plain and easily understood. I have met with great success in every case I have treated. I gladly recommend the mail course to any one interested in Magnetic healing.

MRS. L. H. ARNOLD.

Many other letters similar to the above have been received by Prof. Weltmer. All who have taken this course are highly pleased with it.

Remember, the "Weltmer Method" of Magnetic Healing is unlike any other method, and it can only be learned from its originator.

Further information in regard to either course will be cheerfully given to any one interested. *If you want to make*

*money and reputation, you should not overlook this profession.*
