GENERAL REPORT

OF THE

TWENTY-FIFTH ANNIVERSARY AND CONVENTION

OF THE

THEOSOPHICAL SOCIETY.

Held at Benares, India,

December 27th and 28th, 1900,

WITH OFFICIAL DOCUMENTS.

The first Convention of the Society at Benares, under the new system of biennial meetings alternately at the Society's headquarters at Adyar, and the headquarters of the Indian Section at Benares, the adoption of which was announced by the President-Founder in 1898, was held on the 27th December and the Society's Twenty-fifth Anniversary in the Central College Hall, on the following day. The necessity for the change of custom has been already explained: India is so vast a country, our Branches are so scattered over the whole area and their members so poor, that the Northern Branches find it impracticable to send Delegates to Adyar, while those of Southern India are equally prevented from participating in the meetings of both the Society and Indian Section when they are held at Benares: by alternating the meetings between these two centres, each group of Branches is enabled to assist at them once in two years, and thus all are fairly treated.

The attendance of Delegates on this occasion was large and enthusiastic, and once more as in 1898, the President-Founder's heart was rejoiced to meet so many old and dear colleagues and to receive their filial greetings. To the onlooker it was delightful to see the affection shown him in their salutations. The names of 140 Delegates were written in the Register.

The noble conception of Mrs. Besant of a Central Hindu College is rapidly taking shape, and one can see that the experiment is to be an unqualified success. The College building, and those of the Indian Section, the Boarding House for students, the T.P.S., the Sub-Post Office, and for officers' quarters are built or nearly completed, and a swarm of coolies are bringing materials to the masons and carpenters, the sound of whose trowels, hammers and saws gives

evidence of intense work going on. Mrs. Besant's private bungalow, which is also the joint property and residence of the Countess Wachtmeister and Mr. Bertram Keightley, is all finished and makes a very comfortable dwelling. The venerable Mrs. Lloyd, and Dr. Richardson, Principal of the College, are also living there at present. The formal sessions of the Society and Indian Section, were supplemented by Mrs. Besant's usual four lectures, before the Convention, and meetings of the E.S.T., a number of conversational meetings conducted by Mrs. Besant, and lectures by Dr. Richardson on "Vibrations," with experimental illustrations; Mr. Harry Banbery, on "Visualisation as an art in teaching and learning;" Babu Jagadish Chandra Chatterji, on "India in the West;" and by Mr. K. Narayanaswami Iyer. The President-Founder was obliged to leave for home on the 30th December so as to prepare things at headquarters for his departure on tour, so he and Dr. English, Rec. Sec., who returned with him, missed Mrs. Besant's fourth lecture on "Womanhood" much to their regret. They brought away from Benares, however, very pleasant recollection of the entirely successful Convention and Anniversary of 1900. On the opening day of the Section's sessions, the President-Founder supported an appeal of the General Secretary for a sum large enough to finish the Sectional headquarters building and obtained subscriptions to the amount of about Rs. 7,800: more than was needed.

THE PRESIDENT'S ADDRESS.

Brethren and fellow-workers: If, at each recurrent anniversary of our Society in the past, we have mutually congratulated each other on the fact that we had been spared another year to work on and struggle towards our goal, how much more jubilant ought we not to be to-day, when we close the first quarter-century of our labors, and pass into the second period with the Society strong, vital, overflowing with energy, and full of reasonable hope for the future. Twenty-five years of activity, of vicissitudes, of failures and successes, of paramount victory behind us: a step on the path: a milestone by the roadside; an episode—and glorious one—in the cyclic evolutionary progress of each one of us; an ample season of sowing of the seed of good Karma, from which we must reap rich harvests hereafter. This period has brought the Society from its cradle to its time of adolescence, and vindicated its title to be considered as the friend of religion, of good morals, of intellectual development, a prominent social factor of our epoch, to be taken into account by the future historian. This is what to-day's gathering recalls to mind, this the panorama which memory is unrolling as we look inward upon the soul of our theosophical movement. Around me are men who have been my co-workers from almost the beginning of our Indian career, men who joined the Society, in 1879 and 1880; but they are few. Some of the noblest, most devoted, most

tinselfish, have left us grieving for the loss of their companionship, yet not bereft of hope of future epochs of joint labour for the good of humanity. And of the survivors, which of us elders shall see the completion of the second quarter-century? The Convention will be held, but who shall preside over it, and who listen to his semicentennial address? At least we know this, that Those who guide the movement will not let it die for lack of workers, and that our places when left vacant will be filled by others who, through many past rebirths, have been preparing themselves for service when wanted. Have we not had proof enough of this law of demand and supply, when we see how the torch, as it dropped from the dead hand of my co-founder, H. P. B., was snatched up by Annie Besant and carried on in the forefront of the battle? Have we not seen new workers stepping forward to fill vacancies made by the deaths of predecessors? Have we not seen new laborers coming forward to cultivate and harvest in every new field which the progress of the movement has opened out-in India, Great Britain, France, Spain, Scandinavia, Holland, the Colonies, the United States, South America, Hawaii, Japan, and other parts of the world? Have we ever seen the movement receive more than momentary checks from lack of helpers? No, as one valiant soul falls, another replaces him, and fresh writers, teachers, lecturers and organisers present themselves as their names are called along the corridors of time, and the bell of their ripened Karma rings out their signals.

My thought goes back to that small gathering in New York city on the 17th November 1875, and the scene unfolds before me. A small Hall, dimly lighted, with a small platform at one end, and bookcases lining the walls of the room, which belonged to another society occupying the room. A handful of thoughtful men and women, most of them since deceased, who created the nucleus out of which was to evolve this now majestic movement; they, ignorant of the future and planning for only the misty present. Some still live, and one of them, who heard my Inaugural Address, attended my lectures in the city of Nice last March, and told my audience about that first meeting of the Theosophical Society; how interesting an experience to me, you may imagine.

It will interest you all to know the progressive stages by which our membership has spread over the world, so I have classified the several countries within periods of five years each, as follows:

SPREAD OF THE T. S. MOVEMENT THROUGHOUT THE WORLD.

(Classified according to Quinquennial Periods).

The Society was founded at New York, U. S. A., in 1875, and its membership has spread throughout the world as follows:

1875-1880: England : Greece : Russia : India ; Ceylon ; Scotland. 1880-1885: United States of America (Charters from India); Ireland; Java; British Borneo.

1885-1890: Sweden; Japan; Australian Continent; Philippine Islands; Austria; Tasmania.

1890-1895: New Zealand; Holland; Norway; Deumark; Spain; Germany; Argentine Republic; France; Dominion of Canada; Hawaiian Islands; Bohemia; Canary Islands; Bulgaria; China.

1895-1900: Switzerland; Italy; Belgium; South Africa; British Columbia; British West Indies; Nicaragua, C. A.; Cuba; Mexico; Egypt; Finland; Algeria.

Making, in all, 42 countries.

The geographical boundaries of the movement are as follows: from Latitude 66.5, N. to Latitude 46, S., and all round the globe. In English miles the distance between the Northern and Southern boundaries is 7,919 miles.

Think of this, my brothers. Take the map of the world and see how we have gradually sent our ideas and our influence from land to land, and across ocean after ocean. Yet the work has but begun, its active development is to come within the next quartercentury, its completion lies far off, in the dim distance of the future. Since we have proved faithful until now, we may certainly count on returning to the work in our next rebirth; for the Lords of Karma need trained agents and sub-agents, and will doubtless give us the chance for such further service as our evolved capacities fit us to Even thus have many of us, who were linked together in world-service in previous countries and epochs, been drawn together now in the Theosophical Society; for so turns the wheel of Karma, and thus are gathered together those between whom stretch the unbreakable ties of associations, of sympathies, of karmic Thus were H.P.B. and I brought together in this relationships birth and allowed to feel the old threads of love and loyalty which had tied us together in many past existences. Thus, too, shall we and all of you meet again and work together in the future. Our present concern should be to lay the foundations of our Society as deep and strong as those of the Pyramids, so that like them, it may endure from age to age, a monument to our fidelity, a beacon for the helping of the world.

The present moment is one when we should study the statistics of our corporate growth, and make them the guides of our future action. We first note that the growth of the past twelvemonth has been greater than it was in the previous one, thirty-six new Branches having been chartered as compared with twenty-eight between December 1898, and December 1899. Following is the table of charters issued between 1878—before which none was granted—and 1900,

Within the past year I visited the Branches in ten European countries, viz., England, Scotland, France, Belgium, Holland, Germany, Denmark, Sweden, Norway and Italy—the longest tour I have ever made in Europe. I was on the whole pleased and satisfied with what I saw. Many of our colleagues are extremely earnest and excellent workers, some less so, some only nominally members. In

France there is a new-born zeal which is a most pleasant contrast with what we have seen in the past, France having been, as I have sometimes said, a graveyard of theosophical Branches. But to push on the work there we need more workers, our leader, Commandant Courmes, is getting on in life, and Doctor Pascal is overworked. Italy is a new field and full of promise, as you will infer when the report of Mrs. Cooper-Oakley is read. The credit for the initiative of this encouraging outlook is due to the respected Mrs. Lloyd, whom you see here present, and about whom the Italians spoke to me in most affectionate terms during my tour in their country.

The Sweden, Danes, Norwegians, and Finns, among whom I passed some happy weeks last summer, are the kindest, most hospitable, most sincere people I have almost ever met, and in no part of the world have we colleagues more capable of understanding our ancient philosophy. But there, again, we need active workers, to go from Branch to Branch and do for them what our District Branch Inspectors are doing for the Indian Branches. As for England. much need not be said for the bulk of our best literature is being written there, and many of the Branches are models for imitation: especially so the Blavatsky Lodge, of which Mrs. Besant is President and whose membership is, I believe, the largest in the world. Holland has for years occupied a leading place in our European movement, there being collected together at the Amsterdam headquarters several persons of high capacity and unquenchable zeal; drawing their inspiration largely from the beloved and respected Mme. Meulemann. Belgium is a fresh field but warm blood is running through her veins and we have some excellent workers there. Germany is sluggish and dispirited and the outlook is not just now encouraging. This comes almost wholly from the physical prostration of Dr. Hübbe Schleiden, the eminent scholar and pioneer leader of the movement who, after making many sacrifices and a long struggle against difficulties caused by the mental attitude of the educated German public, which he had for a time to carry on with very few helpers, has had to retire to his library. There he is applying himself to the writing of a great work showing the historical and scientific basis of the theory of Reincarnation. A younger generation has entered the field, among whom I found several men full of fervor and zeal, but turned aside into by-paths traced out by the leaders of secession. What will be their future relationship with us is as yet undetermined.

From the reports of the various General Secretaries of Sections, presently to be read, you will be able to take a birds-eye view over the whole theosophical field, and judge for yourselves how encouraged we ought to be as to our future part in shaping the intellectual and religious history of our times.

To us, it seems incredible that the general public should be so ignorant as they are about us and our work. Most of them think we

are Spiritualists, some going so far as to regard us with contempt as exposed tricksters and charlatans; thousands of devout Christians hate and fear us as professed enemies of their religion, and one ignoramus of an army officer, acting as Treasurer of a hospital, wished his Board to refuse to accept the proceeds of a theosophical lecture because it was "devil-money." But let us take a calm, dispassionate survey of what we have actually accomplished since 1880 only, and what do we see? Let us divide our results into seven categories.

Firstly, then: We have spread throughout the world the teachings of the ancient Sages and Adepts about the Universe, its origin and its laws, showing its intimate agreement with the latest discoveries of Science; and about man, his origin, evolution, manifold powers and aspects of consciousness, and his planes of activity.

Secondly: We have won thousands of the most cultured and religiously inclined people of the day to the perception of the basic unity and common source of all religions.

Thirdly: In loyalty to our declared object of promoting human brotherhood, we have created in Western lands among our members a kindlier feeling towards colleagues of other nationalities; and, far more wonderful than that, we have effected a fraternal agreement between the Northern and Southern schools of Buddhism to accept a platform of fourteen statements of belief as common to both; thus bringing about for the first time in history such a feeling of common relationship.

Fourthly: We have been the chief agents for bringing about this revival of Hinduism in India which, we are told, by the highest Indian authorities has revolutionised the beliefs of the cultured class and the rising generation. An outcome of this is the revival of Sanskrit literature, much of the credit for which was given us by the late Prof. Max Müller, and, so far as India is concerned, has been conceded by the whole Native press and the pandit class. Another evidence is the foundation of this Central Hindu College which, within the past two years, has received gifts in cash of Rs. 1,40,000 and in real estate of Rs. 80,000. After only this short lapse of time we see success achieved, contributions of money flowing in constantly, and every augury of a grand future career of beneficence before it.

Fifthly: We have revived Buddhism in Ceylon to such an extent that the situation as regards the relations between the Sinhalese and Missionaries has been completely changed; the people generally are now familiar with the fundamentals of their religion, and their children, previously ignorant of even the smallest feature of it, are now being taught it in every respectable household.

Sixthly: We have started an educational movement in Ceylon, which has already led to the opening of 150 schools, attended by 18,400 pupils, under the management of our Society members in Ceylon, and some fifty other Buddhist schools under private

management, whose pupils would bring up the above registered attendance to about 23 or 24 thousand.

Seventhly: An attempt to educate and uplift the distressfully down-trodden Pariahs of Southern India is promising the most gratifying results—as Dr. English's note elsewhere shows. Not only Miss S. E. Palmer, the General Superintendent, but Mr. P. Krishnasawmy and his subordinate teachers deserve credit for this showing.

Have I exaggerated in anything? If not, then let these seven categories of indisputable achievements by the Theosophical Society be its vindication against its calumniators and the proof of its title to be ranked as a social force working for the help of the race. What other Society can point to so much work done and good Karma won?

The most striking feature of this affair is the absolutely trifling cost of the work. Look at the various sectarian societies of the West having their incomes running up to almost fabulous sums—say in the case of the Salvation Army, "whose total income is considerably over a million pounds a year" (vide Windsor Magazine, November 1900), and say with what equally great achievements on the higher planes of consciousness they can match what we have done. Let me read you a note I have prepared for your information:

It should be noted that the above Digest deals only with the financial transactions of the Executive headquarters of the Society, not taking account of the outlays and incomes of our Sections and Branches, which do not come under the Treasurer's cognizance

It is, I believe, generally known that the Founders of the Society have never received any salary or emoluments, and that the same remark applies to Mrs. Besant and almost all our leading colleagues. Those others who are paid at all received but a bare subsistence allowance, the desire common to all of us being to help as we can our fellow-men without selfish motive. But for this fact, our expenditure account would, of course, have run up to a much higher figure.

THE SUBBA ROW MEDAL.

The book of the year most worthy of the award of the Subba Row Medal is Mr. Mead's "Fragments of a Faith Forgotten," a really important contribution to contemporary literature, and I should have awarded the Medal to him but for the fact of his having had it before, and for my feeling that it ought to be reserved for the encouragement of fresh writers to enter our literary field, rather than

be given over and over again to the same person. Mrs. Besant, for example, produces from time to time books worthy of special distinction, and so do Mr. Sinnett and Mr. Leadbeater; but the distinction of the Medal having been once bestowed on them, I gave the preference last year to the author of "The Great Law" rather than to either of the others. And I think it a sound policy.

ACTIVITY AMONG THE PARSIS.

I am personally much pleased to hear good reports from my friend N. F. Bilimoria as well as from our Parsî brothers now present, of the state of religious feeling in the Bombay Parsî community. It seems as if there had begun a stirring among the dry bones of their conservation. Meetings at our Branch rooms to discuss and expound Zoroastrianism are well attended, a religious class for Parsî ladies is finding favour, such distinguished scholars as Mr. K. R. Cama and Ervad Jivanji J. Modi are attending meetings, our literature is being more and more read, and our membership among the young men is increasing. Let us hope the day may come when the long-needed Parsî Exploration Fund or Archæological Society will be founded, and great discoveries be made of the buried literary remains of that great, that once world-conquering, people.

THE PRESIDENTIAL TOUR OF 1901.

In pursuance of the plan announced last year, I shall devote the year 1901 to tours in North and South America. My passage is engaged for the N. D. Lloyds steamer of January 11th from Colombo to Japan and thence by the Pacific Mail S.S. Co., to San Francisco, via the Hawaiian Islands. On my way I hope to spend a week at Honolulu with our faithful Aloha Branch T. S. and to reach my destination by the 26th February. A tour through the United States, to cover several months, is laid out for me, after which I shall visit our Branches in the Argentine Republic, and then return home via Europe and the Red Sea. This will be one of the longest tours ever made in the Society's interests, and one which promises to be a completely successful one.

THE ADYAR LIBRARY.

Our Library, which was founded in 1886, completes its fourteenth year to-day, and offers us every encouragement as to its future. The Oriental Department already contains 2,333 different works in manuscript, comprising 3,762 volumes, and 3,321 volumes of printed books, all on Oriental subjects. The Western department contains about five thousand volumes. At a low estimate our pandits and shastris value the Oriental collection at about thirty thousand rupees, and that in the other department at five thousand, or an average of only about one rupee per volume. I thought it best to keep well within the mark in this as in all other of my estimates. In 1892 we had in the Library only 515 MSS., so that we have increased our literary treasures sevenfold, thanks, largely, to the energy and zeal of

Mr. R. A. Sastry, whose official Report will be found to be except tionally interesting and instructive, and who has a special talent for collecting MSS. in South Indian villages.

Manuscripts and printed books in the Oriental Section of the Adyar Library, as per stock taken on the 20th December 1900.

Thus we close our brief account of the progress of the Theosophical Society and of the whole movement up to the close of the year 1900, and now we turn our faces towards the future. Hand clasped in hand, heart beating with heart, let us move forward to accomplish the destiny we have prepared for ourselves.

The Recording Secretary, Dr. English, then reported the receipt of telegraphic messages of greeting from Australia, Holland, Switzerland, Rome, Karachi, Hyderabad, Mahableshwar, Madura and from Prince Harisinhji, who telegraphed from Sihor. Telegrams have since been received from the Branches at Tenali and Broach.

REPORTS OF SECTIONS.

Reports of the various Sections were then read in the following order:—

Indian; Bertram Keightley.
American; Dr. W. A. English.
European; Mrs. Annie Besant.

French; Mr. F. T. Brooks, of Brussels.

Scandinavian; Mr. Harry Banbery. Australian; Miss J. M. Davies. New Zealand; Miss Annie Davies. Netherlands; Mr. Max Thurlwall.

The Report of the T.S. movement in Italy, of Buddhist Schools in Ceylon, also of the Buddhist Press at Colombo, were read by the President-Founder.

Notes on the Panchama Educational Movement were read by Dr. English.

REPORT OF THE INDIAN SECTION.

To the President-Founder, T. S.:—An important feature of the past year's work has been the building of our new Headquarters, which matter will be dealt with at some length, in my complete Report to the Section.

Our Office staff is now better manned than ever before, and our work is being done in a more systematic and satisfactory manner.

In visiting Branches much successful work has been accomplished by Mrs. Besant, Brother Govinda Das, Dr. Richardson, the Joint General Secretaries, the Branch Inspectors and others, 78 Branches having been visited, exclusive of visits paid to, and lectures delivered at, other places where no Branches as yet exist.

During the Session, 472 new members joined the Section, as against 363 during the previous year, showing a gain of over one hundred, a very satisfactory increase. Of these 472 new members, 301 paid the full Entrance Fee, 133 paid reduced Fees and 38 were admitted free, including two members who were transferred to our Section from foreign Sections.

Twelve new Branches were formed during last year, viz:—Amraoti, Bansberia, Bettiah, Kulitalai, Marakpur, Nandalur, Srinagar, Tenali, Tindivanam, Tirukoilur, Villupuram and Vriddhachalam, while since the end of our official year (September 30th) four more new Branches have been added to our roll by the exertions of our indefatigable brothers T. Ramachendra Row and K. Narayana Swami Aiyar, making fifteen, to this date.

Seven old and dormant Branches were also revived during last year, viz: Broach, Cuddalore, Erode, Guntur, Krishnagiri, Rangoon, Tirivallur and since September 30th, three more have been added to these, viz; Adoni, Kanigari and Narasaraopet.

There were a number of Branches in an almost hopelessly dormant condition last year, which this year we have decided definitely to class as dormant, 21 in all. And thus summing up the situation we find that at the beginning of the Session we numbered 155 Branches (including the 21 just alluded to) which were classed as active, so that we have now (deducting these 21) only 143 really active Branches on our rolls.

We have lost twenty-three members by death, nine by direct resignation and 55 by refusal of the V. P. receipt for the Annual Dues, which counts as resignation.

Prasnottara has, on the whole, well sustained its increasingly useful and interesting character. We have already doubled its size and added a cover but we hope in the near future to be able to do still better, especially in respect to its editing, when the demands of our building work are done with. In this we shall be much helped by the increasing flow of useful contributions from various parts of India and especially by the publication in our pages of the lectures which Mrs. Besant is now delivering to the Benares Branch on the Bhagavad Gîtâ.

This year, I am very glad to say, our financial position is much more satisfactory than was the case at the close of last Session. Our total receipts for the past year have increased by Rs. 1,651, while our expenditure, in spite of various additional charges, is less by Rs. 435. And this will be seen to be the more satisfactory in that this increase is almost entirely due to additional receipts from our Entrance Fees and Annual Dues. Indeed our total donations during the past year have fallen off from Rs. 1,560 to Rs. 1,187, a diminution of Rs. 375; while the contributions to travelling expenses have decreased from Rs 602 to Rs. 120, a loss of Rs. 481. Hence under these two important heads our income has been less than that of last year by Rs. 855. Thus our net increase under the heads of Entrance Fees and Annual Dues has amounted to Rs. 1,164 from Annual Dues, and Rs. 1,120 from Entrance Fees making together a total increase under these two heads of Rs. 2,284 which seems to me exceedingly satisfactory, especially when we recall the terrible burden of famine and plague which still pressed so heavily throughout the year upon many parts of our beloved country. We have the sum of Rs. 554 now standing to the credit of a Deposit Account.

It is even more gratifying to find, on studying the details of the accounts, that not only is our movement spreading and growing rapidly, but that further we are re-awakening active interest in the minds of a good many old members who had quite dropped out of touch. In many instances we have received back Annual Dues from such for several years, in some cases for as many as nine, and this fact appears to me a most hopeful and encouraging sign.

It gives me very great pleasure to announce that we are at last in a position to make our Sectional Headquarters available as a real centre to which our members can come for rest, peace or spiritual refreshment, no less than for further instruction in Theosophy.

The following Publications have continued to be issued during the past year, namely:—The Arya Bala Bodhini, Madras, which henceforward will become the Hindu College Magazine; Pantha, Calcutta, The Theosophic Gleaner, Bombay; and the The Punjab Theosophist, Lahore.

A new work published this year is the "Gîtâ Prakashini" being a translation of the Gîtâ into Telugu, by Lieut. Henry Wahab, of Hyderabad, Deccan.

To sum up, we have, I think, good reason for satisfaction in the record of the past year's work. A most important step onwards has been taken in the building of our permanent Headquarters, and when the work on them which still remains to be done is finished, I am confident that each passing year will increase their value and usefulness to our movement. We are favoured by the presence amongst us of our revered Teacher, Mrs. Besant, and during this new Session shall also derive great help and benefit from the work of our able and devoted sister, Miss Lilian Edger, M. A., who is now at Adyar and will make a prolonged tour in the North-West and Sindh during the early months of 1901. If it can be arranged for our Section to have the advantage of her permanent residence amongst us, either with Madras or some other Presidency Town as a centre, we shall have taken a great stride towards providing for efficient work and supervision throughout a large and important field.

Our most grateful thanks are due to Dr. Balakrishna Kaul of Lahore, for most valuable and able assistance in many ways, and to our able and energetic Provincial Secretary, Mr. K. Narayana Swami Aiyar, for the splendid work he has accomplished in the South, as also to his devoted helpers, Judge A. Ramachandra Row, J. Srinivasa Row, of Gooty, R. Jagannathiah, and also K. Lakshmi Narayana Aiyar. Good work has been done in other fields, but that in the South is especially deserving of mention; while over the whole field it is most encouraging and satisfactory to find a spreading and deepening of interest in Theosophy as well as a growing recognition of the usefulness of our Society and its vital importance for the future of our beloved India.

With so many hopeful signs we may well look forward to the future with confidence and courage. We have lived through many dark and gloomy days in the past; India has been suffering sorely indeed during these last four years, but still our movement has grown, steadily gaining, year by year, in strength and solidity. And so long as we remain true to our ideal, so long as we labour selflessly and devotedly for the good of humanity, so long as we seek the Truth and the Light, and keep firm our faith and trust in those Mighty Teachers who have called our Society into being and still

give energy and real spiritual life to our movement, so long no storm can overthrow us, no foe injure, no adverse power hem the progress of the work which we are striving to do for Their service. Upon Their wisdom we can ever rely, upon Their strength we can confidently build, sure that so long as we are faithful and true, They will never abandon us or leave us without the light of Their guidance and the support of Their mighty hands.

BERTRAM KEIGHTI,EY,

General Secretary.

REPORT OF THE AMERICAN SECTION.

To the President-Founder T. S.:—On behalf of the American Section T. S. I report the statistics thereof from November 1, 1899, to November 1, 1900.

Ten new Brauches have been chartered: Manasa T. S., Dayton, Ohio; Mount Hood Lodge T. S., Portland, Oregon; North Star Lodge T. S., West Superior, Wis.; Lewiston T. S., Lewiston, Maine; Cedar Rapids T. S., Cedar Rapids, Iowa; Omaha T. S., Omaha, Neb.; Eltka T. S., Corry, Pa.; Santa Rosa T. S., Santa Rosa, Calif; Grand Rapids T. S., Grand Rapids, Mich.; Valley City T. S., Grand Rapids, Mich.

The following Branches have dissolved: Willamette T. S., Portland, Oregon; San Lorenzo T. S., Santa Cruz, Calif.; Ellensburg T. S., Ellensburg, Wash.; India T. S., Clinton, Iowa; Lily Dale T. S., Lily Dale, N. Y.; Green Bay T. S., Green Bay, Wis.; Albany T. S., Albany, N. Y.

The total number of Branches is 73.

Members admitted during the year (not including a few restorations), 281; resigned, 46; died, 4; number of branch members, 1,218; members-at-large, 173; total membership, 1,391; decrease of membership during the year, 28.

Magazines issued are The Theosophical Messenger, The Golden Chain, and the American edition of The Theosophical Review.

The loss in membership is certainly regrettable, yet it may in part be accounted for by the policy explained in the report of last year, to wit, the predominant attention given by our travelling lecturers and workers to the training of Branches, over that given to public addresses. The number of such lecturers has been remarkable, six having been in the field during more or less of the year. If our resources increase we hope to arrange for one whose whole time will be given to this service and who can remain with each Branch sufficiently long to ensure thoroughness to his plans. One exceedingly gratifying fact is the increasing number of members competent not only to address Branches but to publicly lecture.

The Convention of 1899 determined upon the incorporation of a body of Trustees legally empowered to receive legacies and gifts for

Theosophical use, and such charter was actually obtained, but the legal conditions being such that all control of the Section was removed from Convention and transferred to the Trustees, the Convention of 1900 found it necessary to direct the abandonment of the charter and the appointment for such purposes of either the General Secretary for the time being or a Trust Company already incorporated.

In response to a request from India I published in *Messenger* an appeal to the Section for aid to the Indian Famine Fund, and the amount received therefrom, \$477.55, was duly transmitted to Mr. David Gostling of Bombay for use through his Committee.

The great event of the year has but just begun—the tour of Mr. C. W. Leadbeater in America. Originally intended to last for only three months, requests for its prolongation have been so earnest that it will extend over about five, thus making possible the inclusion of some of the most distant Branches in the States and of the two in British territory. It is hardly possible to over-state for eagerness felt to see and hear this illustrious man; and everywhere are heard expressions of delight at such a boon to the Section as this visit.

And then will follow the long-desired tour of the President-Founder. Ten years will have passed since his preceding visit to this country, and twenty-five since, with H. P. B., he established here the Theosophical Society. At the request of the New York Branch he has promised a memorial letter for use in that city, where the Society was formed, on the anniversary day, November 17th, the letter to be distributed through the Section. Preliminaries for his tour have been begun, and after January 1st, arrangements will be rapidly made so that a large proportion of the Branches may be visited before and after the annual Convention at which he will preside. Delight at this prospect is coupled with conviction that at this particular era his presence and influence will produce incalculable good to the Section and the Cause.

Thus the first year of the Twentieth Century is anticipated by American Theosophists with fervent exhilaration. It demonstrates the continued existence of the Society which was founded here, received here the traitorous blow which many feared might cause its death, has rallied, aroused itself to fresh energy and devotion, put forth most vigorous effort, and is ever drawing in new health and strength. And that year is to be adorned by long visits from the President and from one of the greatest of the members. Rightly may the Theosophists of America feel joy and hope and assurance and distinction.

ALEXANDER FULLERTON, Gen. Secretary.

REPORT OF THE EUROPEAN SECTION.

To the President-Founder of the T. S .: - In my Report of the activities of this Section, the first place is claimed by the change of Head-quarters to 28 Albemarle Street, mentioned in the last Report, and successfully carried out at the beginning of this year, under the superintendence of the then General Secretary, the Otway Cuffe. The new Head-quarters are of easy access from all parts of London, and the hope that a large number of visitors would be attracted by the removal to a more central situation has already been, to a considerable extent, realised. On the first floor there are a large Lecture Room and a Drawing Room; the next provides very convenient quarters for the Sectional and Lending Libraries, with a private office for the General Secretary; and the general office is on the floor above. The rooms have been, since the opening, largely used for Theosophic works the Blavatsky Lodge meets in the Lecture Room, which has also been utilized for several courses of lectures. In January Mr. Mead gave a course of four lectures on the "Mysteries of the Greeks;" in March on the "Wisdom Schools of the Earliest Christendom;" and he is now delivering a course of eight lectures entitled "Fragments of a Faith Forgotten." In February and March Mr. Leadbeater delivered a course of four lectures; and during Mrs. Besant's all too short stay amongst us she gave two courses to crowded audiences, one on "The Emotious, their Place, Evolution, Culture and Use," and another of four lectures on "Thought Power, Its Control and Culture." The Drawing-room has also been made good use of. In the Spring the Countess Wachtmeister and other ladies gave a series of At Homes at which various members spoke and answered questions on Theosophical subjects; and since the Summer vacation the work has been carried on by a Ladies' Committee, appointed by the Convention, who are arranging classes and meetings for the Winter. On Sunday evenings lectures open to the friends of members are given, under the management of the Blavatsky Lodge.

Many generous contributions have been received towards the heavy expenses of removal and furnishing; and, thanks to these, the finances of the Section are in a fairly satisfactory state. It is hoped that the activities which are centering around our new rooms will furnish the best evidence to our friends that their money has been spent to the profit of the cause.

A matter of very serious regret to us all is that Mr. Cuffe, upon whom all the burden of the removal and the new arrangements has rested, and who has devoted much valuable time and attention to the business of the Section, has found himself compelled, on leaving England, to resign the office of General Secretary. During his tenure of office he has made himself beloved and respected by all who came into contact with him, and the hearty thanks and good wishes of the Section follow him to his new home in Ireland.

During the year ending 15th October 1900, 309 new members were enrolled; and though a careful revision of the lists has resulted in the striking off of 128 names as lapsed, the resignations (32) are few, and the deaths (6) still fewer; the active membership now reaches the very respectable total of 1,520.

Six new Charters have been issued during the same period; to Leeds (renewal), Bath, Antwerp, Florence, Milan and Naples.

The Ionian Branch, which had long been dormant, was formally dissolved in July last.

The Convention, which was held in London on the 7th and 8th of July, was well attended, a larger number of foreign members than tisual being present; probably to assist in welcoming Col. Olcott, under whose presidency the meetings passed off very successfully.

The quarterly meetings of the North of England Federation have been presided over by Mrs. Besant, the Countess Wachtmeister and Mr. Leadbeater; and the meeting of the South-Western Federation by the President-Founder, whilst on his Western tour.

In addition to the lectures before named, Mrs. Besant gave four Sunday evening lectures in London, besides others in different parts of the country; and much good work has been done in visiting the branches and in lecturing, by the Countess Wachtmeister, Mrs. Cooper-Oakley, C. W. Leadbeater, J. C. Chatterji, G. R. S. Mead and others, not only in England but also in Belgium, France, and Italy.

In Italy the work has been carried on vigorously, although Mrs. Lloyd has now gone to Benares, abundance of energetic workers being left. A strong and promising Branch has been formed at Milan, mainly through the exertions of Mrs. Williams, and the other new foundations, Florence and Naples, are doing well. Captain Boggiani and Mrs. Cooper-Oakley have been appointed temporary organizing Secretaries, and there is every prospect that in the near future Italy will be qualified to form an independent Section of its own.

The literary activity of the Section during the past year has not been very great. From Mrs. Besant we have had, "Avataras," "Some Problems of Life," and new editions of "Man and His Bodies" and the "Evolution of Life and Form."

Mr. Mead has brought out his important and long expected work entitled "Fragments of a Faith Forgotten." Mrs. Cooper-Oakley's "Traces of Hidden Tradition in Masonry" and "Mediæval Mysticism;" a London Lodge Transaction (No. 34) by Mr. Sinnett, entitled "Karma"; and a new edition of Leadbeater's "Astral Plane," complete the list.

The Theosophical Review, now simultaneously published in England and New York, has been regularly brought out, and has contained good work by new contributors as well as the regular writers. This is as it should be, and promises well for the future. The Vahan has maintained its recent level and much valuable information and counsel have been communicated to the members; the apprecia-

tion of which has been manifested by the reproduction of the answers in many of our Theosophical Magazines and in various languages.

I have reserved to the last, my dear President-Founder, the acknowledgment of what the Section owes to your own visit during the past Summer. You have carried the stirring influence of your presence and your exhortations over our Branches in Italy, London, the North of England and Scotland, the West of England, and Belgium, leaving behind you, everywhere, encouragement and a most affectionate and grateful remembrance of your unwearied labours and never-failing kindliness of heart and speech. Permit me, on behalf of our members, to offer to you, personally, our best thanks for all that you have done for us (not excluding that form of gratitude which has been well defined as a lively sense of favours—to come!), and at the same time to convey to your meeting and all the Sections there represented, the assurance of our hearty fraternal good wishes. The Anniversary Meeting of the Society is the symbol of that inner unity which is the indispensable condition of our usefulness to the world at large; and our greeting is the expression of our faith that for us, Theosophists, there is no distinction of Eastern or Western, but only the one world-wide body of earnest seekers for the Truth and ardent workers for good, whose existence is the best pledge for the world's future, and membership of which is the highest honour to which we can aspire.

> ARTHUR A. WELLS, General Secretary.

REPORT OF THE SCANDINAVIAN SECTION.

To the President-Founder T. S.:—At the time of the Annual Convention in May 1900, the total number of members amounted to 484; since then 16 new ones have been admitted, but as one has left, the total number of members amounted to 499 on the 1st of November.

A new Branch was formed in the presence of Colonel Olcott, May 25th, at Boden, in the extreme North of Sweden, within the Arctic Circle, under the Chairmanship of Mr. Edward Johansson. The Branches of the Section are thus 13, and during the last year there has been a considerable activity in all of them with public and private lectures and discussions. The visit in May, of dear Colonel Olcott to the Section, gave a new and strong impulse to the spiritual devotion of our members. The Colonel delivered public lectures in the towns of Copenhagen, Gothenburg, Christiania, Stockholm, Lulea and Lund, and presided at the Convention in Stockholm. Brother Pekka Ervast of Finland, invited to Stockholm by the Executive Committee, lectured during a month's stay here (April-May) at the Branch-meetings, delivered a public lecture at the Convention, and especially put his

time and energy at the disposal of the Committee and the General Secretary. He returned to Stockholm, October 14th, and has been since then engaged on a lecturing tour in Sweden, visiting several Branches.

At the Fifth Annual Convention of the Section, held in Stockholm, May 20th and 21st, the following officers were elected:

General Secretary: Mr. T. E. Liljestrand.

Dr. E. Zauder (Vice-Chairman.)
Mrs. F. Ingestrom.
Mr. F. Lund.
Mr. O.Zander (Treasurer);

Executive Committee:

the Presidents of the Branches are members, ex officio, of the Committee.

During the year the following literature has been published: Teosofisk Tidskrift, 10 numbers, "The Ancient Wisdom," by Annie Besant; translated into Swedish by A. F. A. and E. Z.; Balder, the Norwegian T. S., magazine, Theosophical Pamphlets, No. 6, edited by members of the Orion Lodge.

A Finnish translation of the "Introduction to Theosophy," of Annie Besant.

"Arcana, Thought-images," by B. N-G. (Swedish), "The Religion of the Future," by Pekka Ervast (Swedish.)

P. ERIC LILJESTRAND,

General Secretary.

REPORT OF THE NETHERLANDS SECTION.

To the President-Founder, T.S.—Before entering on the business details regarding the work of our Section during the past year it is my pleasing duty to convey to you in the name of all our members our heartfelt greetings and congratulations on this first General Convention of the T.S. following the completion of its 25th year.

You alone of those who met together in New York in 1875 are with us still, and we look on you in a certain sense as the embodiment of the theosophical interest through the world. You as President of the Society have piloted it through many storms, and we congratulate ourselves that you are still with us, still robust, full of zeal and full of energy, still able to stand at the helm and steer the ship safely into the twentieth century.

The Society founded by you and Madame Blavatsky, twenty-five years ago, has grown strong and is a real force to-day in the world of thought. She is no longer with us in bodily presence but her work remains, and a loving and grateful remembrance of the two co-founders of the T.S. is with us always; although most of us have only been privileged to meet one of the founders personally.

In this, my fourth annual report of the Dutch Section, I have no new Lodges to record but, notwithstanding this, I feel able to assure you that the work here is making sure, if slow, progress. It

is mentioned by the daily press and from the pulpit as a phase of modern thought which, though one may not agree with it, deserves study as an existing movement that must be kept account of and that no longer can be set aside with ridicule or indifference.

New centres of activity have been started, holding regular weekly meetings, but have not as yet formed themselves into Lodges, believing it better first to prepare themselves by regular study, so as to be able to teach before applying for charters.

Sixty-four members have been admitted during the year. Eight members resigned and we lost one through death.

Six members are entered as Unattached during the year; the total membership is therefore 278, showing an increase of fifty-five.

During the year, the "Theosophische Uitgevees Maatschappy" has published Vol. VIII, of *Theosophia*, twelve Nos.

- "Karma," by Annie Besant-translated by Johan van Manen.
- "Man and his Bodies," by Annie Besant—translated by Johan van Manen.
- "The Astral Plane," by C. W. Leadbeater—translated by Johan van Manen.
- "The Ancient Mysteries," by C. W. Leadbeater—translated by J. J. Hallo.
- "Secret Doctrine," 3 parts—translated by Johan van Manen—the fourth part is in preparation and will shortly appear.

Other books written by members but not published by the T. U. M. are:—

- "Are the dead ever raised?" by Dr. T. A. Binnenweg.
- "Theosophy and Religion," by P. Pieters.
- "Natural Science and Theosophy," by M. van den Bosch.

Two Theosophical novels published in French, "La peine du Dam," and "Vengeance," by M. Reepmaker.

The T. U. M. has secured premises two doors from the Section Head-quarters, where T. S. literature in all languages is on sale.

This has proved a good move, for a decided increase in the sale of T. S. books and pamphlets has taken place since the book-shop was opened in March last.

Our library has been able to secure a number of works, thanks to the legacy of 500 fcs. left us for that purpose by our late colleague and fellow-worker, Madame O'breen, better known to readers of the *Theosophist* as "Afra."

Mr. Leadbeater's visit last Spring was one of two great events that have marked this year's work. He spent fourteen days with us and was untiring, holding two and sometimes three meetings in one day. He gave several public lectures in Amsterdam, the Hague and other towns, and lectured always to a crowded and attentive audience. Many of the Provincial members came long distances to hear him.

His lectures were taken down in shorthand by one of our members, Mr. J. Hallo, and have since appeared in *Theosophia*.

The second great event (in point of time) was the visit of the President-Founder who, with his adopted daughter, arrived here from Sweden in time to preside at our Fourth Dutch Convention. A reception was held at the Section Head-quarters, Amsteldijk 76, on the eve of the Convention, and a large number of members gladly availed themselves of the opportunity of making the President's acquaintance personally.

The ten days following the Convention were devoted to a tour in the provinces, and the Lodges were delighted to have the pleasure of welcoming the President-Founder and hearing him lecture. He worked so hard while with us that I fear the Dutch Section will get sadly into bad repute for mercilessly overworking its guests. Our only excuse is that we have not the President often within reach and so make the most of the opportunity when such is the case.

On the last evening of his stay in Holland he was the guest of the Vâhana Lodge, who availed themselves of that opportunity, to present him with an engraved copper bowl as a souvenir of his visit here.

With regard to general activities, a large number of public lectures have been given during the year and at all these there was Theosophical literature on sale in the Hall where the lectures were held. In addition to the public lectures the various lodges hold fortnightly or monthly lectures to which visitors are admitted; cards of admission are obtainable free of charge from Secretaries of Lodges; classes for study meet regularly, in some places three, in others four, times a week. The Lotus circle meets every week and 24 children attend regularly.

You will undoubtedly have a large gathering this year in Benares. In thought your Dutch brethren will be with you too, though distance, alas! prevents their being with you in person, but one and all send hearty and loving greetings to all our brothers and sisters there assembled in Convention, and join them in the hope that the Theosophical Society may flourish in the century just opening and become more and more a living power for good and for the helping of mankind.

W. B. FRICKE, General Secretary.

REPORT OF THE AUSTRALASIAN SECTION T. S.

To the President-Founder, T. S.:—In the absence of our esteemed General Secretary, Dr. Marques, it is my duty to report to you that the number of active Branches now belonging to the Australasian Section is ten; the names of five others still remain upon our Roll but they are at present dormant. The increase of three on last year's Report comes from the Toowoomba Charter of 1881 having been revived, a Charter having been granted to Newtown Branch (Sydney) and another to the Fremantle T. S., notice of which accompanies this Report.

Since our last Report 65 new members have joined us, but owing to a drastic revision of our Roll, from which the names of all those who have not paid their annual dues for two years have been erased, our total number now is 350. Five members have died, among whom were Mrs. D. J. Parker of Ibis, T.S.; Mr. H. F. Kessal of Mt. Gambier, Mr. C. Handley of Cairns, and Mr. F. F. Cox of Sydney, all of them earnest members and hard workers for the Society.

Owing to the prevalence of the Bubonic Plague in Sydney last Easter, our Annual Convention could not then be held, but it is hoped that it will be possible to hold it this month.

The necessity for attending to private business matters in Honolulu took Dr. Marques away from us in April, but he is now on his way back to Sydney.

During the year just closed, our Federal Lecturer, Miss Lilian Edger, has visited and lectured in Perth, Fremantle and Albany, the great activity since shown in Western Australia being evidently the result of her efforts.

Adelaide, Melbourne, Hobart, Warrnambool, Ballarat, Sydney, Armidale, Toowoomba, Townsville, Charter's Towers, Cairns, Mackay, Rockhampton, Bundaberg, Maryborough and Brisbane were visited by her, and from a week to a month spent in each, giving public lectures and meeting enquirers and members.

Miss Edger's farewell lecture before her departure for India was delivered in Sydney on Oct. 21st. We all deeply regret the loss we are suffering but hope that in the future we may again have the pleasure of her presence and her help.

The Branches at Adelaide, Hobart, South Yarra, Melbourne, Sydney and Brisbane continue their public lectures, classes for study and meetings for inquirers without cessation, each one of them able to keep its own activities going without outside assistance; and by their lending Libraries, in all cases open to the public at a merely nominal fee, they are doing much to spread the knowledge of Theosophy among the public. The Book Depôts at Melbourne, Sydney and Brisbane are also doing good work.

The Sectional Library is proving of valuable assistance to the smaller branches and unattached members, the addition of the "Sacred Books of the East" which we expect shortly, will put a

their disposal books which very few members or Branches even would be able to buy for themselves.

The Sectional Organ, Theosophy in Australasia, has been issued regularly each month during the year and its size has been increased to 24 pages.

I enclose a list of our Branches with the names of the officers and addresses of the Secretaries.

H. A. WILSON,
Assistant General Secretary.

REPORT OF THE NEW ZEALAND SECTION, T. S.

To the President-Founder, T. S. — I have much pleasure in again reporting on the condition of the New Zealand Section; in which, during the year, much active work has been done.

Though no new Branches have been formed, a good deal of activity is going on in various new centres, such as Onehunga, near Auckland, Port Chalmers, near Dunedin, and Nelson, from which, Branches in due course should result.

Twenty-four new members have been added to our Register: but during the year two members have left the Colony, three have resigned, and seventeen have lapsed by non-payment of dues, a total of twenty-two in all; so that our last year's membership of 189 is only increased by two. Of the 191 members, 155 are Branch members, and 36 are "Unattached." Though there is not much actual increase in numbers, the quality of those remaining is excellent. They are much sounder, more energetic than last year. There is a good deal more vital force in the Section than at any previous time.

A new leaflet on "Evolution" has been printed; and in the beginning of the year the New Zealand Theosophical Magazine was issued, under the Editorship of Mrs. Draffin and myself. The success of this activity has far exceeded our expectations; and though we have been compelled to raise the price from one penny to two-pence, the price remains moderate, and the size of the magazine has also been increased. The circulation grows larger all the time, and next year we hope to have it firmly established as a permanent activity. Its usefulness we cannot overestimate.

The Fourth Annual Convention of our Section was held in Dunedin on January 1st and 2nd, 1900, and was as successful, useful and harmonious as all the previous ones. As before, I was accompanied by Mr. and Mrs. Draffin, of Auckland, and Mrs. Draffin again gave a series of very successful lectures in Dunedin, Christchurch, Wellington, Woodville, Pahiatua and Wanganui. The New Zealand Theosophical Magazine was adopted as the official "organ" of the Section,

The Theosophical Book Depôt continues its useful work of distributing the literature of the movement; there is a steady and continuous demand from all parts of the country, which augurs well for the future of the Society in New Zealand.

In Auckland and in Wellington, afternoon meetings for ladies, who are for the most part unable to come to the Sunday evening meetings, have been started, presided over by Mrs. Draffin in Auckland, and by Mrs. Richmond in Wellington. These have proved highly successful, are held monthly, and the social element is introduced by "afternoon tea" following the address. The same element has also been utilised by the holding of very enjoyable "Social" meetings in Auckland and in Dunedin; in the latter case the Branch showed its great appreciation of the services of its energetic Secretary, that old and earnest worker Mr. A. W. Maurais, who has done so much for the cause in New Zealand, by making him a presentation as a mark of their love and esteem.

Dunedin has done good work for the Section this year; not only by its general activity, but by bringing out gifted and devoted workers—Miss Christie, Miss Horne and Mr. Burn, M.A.—whose lectures and general work have aroused much interest, not only in Dunedin, but in various outlying districts visited by them.

Christchurch I should like to see more active; the elements are not sufficiently uniform to ensure real solid progress.

In all the four chief centres, Auckland, Wellington, Christchurch and Dunedin, public lectures are given every Sunday night, which are also duly advertised in the daily press and in all the Branches. Besides the lectures there are numerous active works whose influence materially assists the labours of the speakers.

The "Golden Chain" movement is taking a good hold of New Zealand: already we have thirty children enrolled in it and a good many more are coming in; so that this useful and interesting activity is likely to have a good deal of influence in this Section.

On behalf of the New Zealand Section, I beg to send the heartiest fraternal greetings and good wishes to the Annual Convention assembled at Benares and to you the President-Founder of the Society, hoping that as in the past the blessing of the Masters may be with you in your deliberations, and feeling that your meeting will be a centre of peace, harmony, and prosperity for the T. S. throughout the world.

C. W. SANDERS,

General Secretary.

The condition of the Theosophical movement in France is very satisfactory. It is not from the point of view of the number of its members that it should be judged, but rather from the devotion of a large number of them, and by the marked influence which our doctrines are acquiring over the general thought of the nation. Literature, philosophy and religion are gradually becoming impregnated with the new light and one may thus follow, step by step, the spread of the moral, the mental and the spiritual influence of the Theosophical Society. When all our theosophists shall know the power of their heart-vibrations, when they shall have learned that their thought, however isolated, however distant, however unsuspected it may be, can continually affect the human atmosphere, and gently raise the race towards the highest stages of evolution, a great step will then be made within a few years.

An important event to notice is the appeal made to our dear Mrs. A. Besant, by the Department of Public Instruction of the

Canton of Geneva (Switzerland), that she would kindly give, during the course of the Winter, two theosophical lectures in the great Hall l'Aula. Mrs. Besant, being obliged to reach India by the 15th September, has been forced to decline the offer, but has suggested as a substitute Dr. Pascal, General Secretary of the French Section. He has accepted and will give, on the 28th of November, a first lecture on "Theosophy and its Teachings," and a second on the 1st of December on "The Relations of Theosophy with Science, Philosophies and Religious," A third lecture will be given, finally, in another hall of the city on "The Proofs of Re-incarnation,"

It is to be hoped that this first official patronage of the theosophical ideas, promulgated under their true names, at the University of Switzerland, will be the prelude of their admission into the universities of other countries. We, theosophists, who believe in the Divinity incarnated in the world to push on evolution, have no doubt upon that point.*

For Dr. Th. PASCAL, Ch. Blech, Jr., Private Secretary.

THE REPORT ON BUDDHIST SCHOOLS FOR 1900.

To the President-Founder, T. S.:—It was in June that I assumed the duties of management. Mr. A. E. Buültjens went on leave in January, and from that date onward to his final retirement in June Mr. D. S. S. Wickramaratna acted as General Manager.

The resignation of Mr. Buültjens, through ill-health, is a serious loss to our work. He assumed the responsibility of management at a critical juncture, when the Buddhist educational movement was in its infancy, meeting with a strong opposition that threatened its very existence. For ten long years, Mr. Buültjens guided the efforts of the Buddhists with consummate ability and steady zeal, and, thanks to his able management, our Society to-day occupies a prominent and recognised position in the field of education in this Island.

Our work for the past year has been on the whole satisfactory, steady progress being visible on every side. Many new schools have been opened; attendance has consequently increased; and several schools have been registered for grants. A reference to the

^{*} Inadvertently, of course, no mention is made of the holding of the International Theosophical Congress at Paris, June 24 to 28 inclusive, which was attended by Delegates from France, Great Britain, Germany, Holland, Belgium, Spain, Italy, Russia, the United States of America, and India, and was a great success in every respect. The chief credit for initiating the gathering is due to Commandant D. A. Courmes, our oldest French member and a devoted personal friend of the Founders, while its success was largely due to the exertions of Dr. Pascal, M. Blech, M. Gillard and their associates. The President-Founder presided, and Mrs. Besant took an active part, The results of the Congress promise to be very important,—EDITOR.

following tabular statement will indicate the gradual expansion of our work:---

	189	99.	1900.
Number of schools	1	34	150
Number of Reg'd.	schools	92	119
Total attendance	15,49	;0	18,400
Grants	Rs. 20,271"	70	Rs. 24,168.88

New schools opened during the year are: Western Province:—Asgiriya (Ver. Girls); Heneratgoda (Ver. Girls); Halugam (Ver. Boys); Kudagammana (Ver. Boys); Kalutara (Eng. Boys); Kalutara (Ver. Boys); Kaliyawadana (Ver. Mixed); Madabaurta (Ver. Boys); Nawana (Ver. Boys); Dodangoda (Ver. Mixed); Dombagoda (Ver. Mixed); Hebivana (Ver. Mixed); Wetara (Ver. Girls); Dalupitiya, (Eng. Boys); Dalupitiya (Ver. Girls); Narahenpita, (Ver. Mixed); Medemula (Ver. Boys). Southern Province:—Polwatte (Ver. Girls); Totagomuwa (Ver. Boys); Beliatta (Ver. Boys). North-western Province:—Mawila (Ver. Boys). Central Province:—Laggala (Ver. Boys); Gampola (Training School); Bembija (Night School): 24 in all.

The following schools have been registered for grants:—Madelgomuva, Ambanwia, Dalupitiya (Eng.), Mukalangomuva, Polgahawela, Boralesgomewa, Moraketiyare, Diyogama, Galgana, Kudagammana, Kussala, Meevitigammana, Madabawita, Nagoda, Narawila, Narahenpita, Polwatte (English), Rukmale, Raddoluwa, Uggalboda, Bandarawela, Dankanda, Gampola (Training School), Widiyawatta: 24 in all.

Applications for the registration of twenty-five schools are now before the Educational Department. New buildings have been put up or existing buildings extended at Polwatte, Dodangoda, Diyagama, Galgana, Ganimulla, Heneratgoda, Katana, Wellawatta, and Kadewidiya. A spacious building is in course of construction at Kalutara North. I am glad to state that our English institutions are doing good work. Mr. Buültjen's retirement was certainly a great loss to Ananda College; but thanks to the zealous and hearty co-operation of a competent staff, I have been able to maintain the efficiency of the College in an unimpaired condition. Our numbers are rapidly increasing. The curriculum of studies includes, besides work prescribed for University and Government Examinations, such practically useful subjects as Drawing, Shorthand, and Book-keeping, which are taught free of cost to such students as are likely to be benefited by them. Mr. C. Jinarajadasa, B. A. (Cantab.) has recently joined the College as Vice-Principal, considerably adding to the strength of the staff.

Dharmaraja College (Kaudy) which was a source of considerable anxiety last year, has made very creditable progress under its new Principal, Mr. C. S. Rajaratnam, B. A. The last Government

examination was a thorough success and the work has elicited commendation from the Chief Inspector of the Central Province.

The new English school at Kalutara has so far been a success. If the Buddhists will only unite to support the school, Mr. Faber, the Head-Master, will, I am sure, show good results in the near future.

The English schools at Badulla, Matale, and Kurunegala have passed satisfactory examinations, but the same cannot be said of Katugastota, Hatton, and Ampitiya. The Sanghamitta (Girls) schools had to be finally closed about the middle of the year. Our leading Vernacular schools, too, are doing excellent work, particularly those at Wekada, Kadewidiya, Tangalle, Gampola, Dikwela, Kalutara North, and Ataragalle. Gampola has recently been registered as a Training School, which, I hope, will in course of time remove the great difficulty now experienced of securing teachers for our schools. It gives me much pleasure to note that no less than 43 of our Vernacular teachers obtained certificates this year.

Coming to finances, it will be seen from the statistical summary given above that the total amount of grants received during the past year was Rs. 24,168.88. The total expenditure incurred by the Society was Rs. 34,254.91. From lists furnished by a majority of local managers, I find, moreover, that over Rs. 16,000 have been expended locally, in most cases on buildings, repairs, &c. It will thus be seen that during the year under review a sum exceeding Rs. 50,000 has been spent by the Buddhists for the purposes of education.

My predecessor's Report for 1899 alludes to the amalgamation of the schools in the Kandyan Districts with those of the Western and Southern Provinces, under one management. This amalgamation, absolutely necessary to save the up-country schools from total collapse, involved the payment of large arrears of salary due to the teachers of those schools. This financial responsibility, undertaken with more generosity than discretion, naturally made it difficult for the Society to meet the ordinary legitimate demands upon its exchequer—a difficulty which resulted, I fear, in grave dissatisfaction among the teachers in the Western and Southern Provinces, whose salaries very often could not be paid punctually. A great effort was, however, made to meet this emergency, and in consequence, I am able to state that every school under my management has been paid up to date.

The Annual Fancy Bazaar has been a success this year, though contributions from abroad have been disappointing, owing perhaps to the unusual demands made upon the public on behalf of the War and Famine funds. As it was, the Fancy Bazaar may well be said to have saved the situation, and great credit is due to their energetic friends who worked it up so successfully. But I have reason to apprehend a large deficit next year. I would therefore express the

earnest hope that the next Fancy Bazaar may receive the hearty support of our friends and well-wishers abroad.

The annual meeting of Local Managers and Teachers was held on the 24th of November, when great enthusiasm prevailed. Over seventy representatives were present, and several important resolutions were discussed and adopted. It was decided to introduce a uniform system of religious (Buddhist) education with examinations, in all our schools, and to make "result payments" to teachers upon the results of the annual Government Examination.

In conclusion I have to express my thanks to our friends and sympathisers; to the Local Managers, to whose disinterested efforts the success of our work is greatly due; and to the Inspectors and Teachers, who have performed their duties conscientiously. My best thanks are also due to Mr. D. S. S. Wickremaratna, who acted as General Manager during the first half of the year, and has since assisted me with his usual energy and zeal, and to the members of the Advisory Board, whose ready counsel has been always of great service.

D. B. JAYATILAKA, B.A.,

General Manager of Buddhist Schools.

BUDDHIST PRESS REPORT.

To the President-Founder, T. S.:—I have the honor to submit my report of the Buddhist Press for the year ending 30th November 1000.

In my report for the last year I had the pleasure of acquainting you of the steady progress in all the departments under my control. It is gratifying to see that I am again able to inform you that my work is in a highly satisfactory condition.

Want of proper accommodation was much felt during the previous years and I was therefore not able to effect the improvements necessary to my satisfaction. In July last, thanks to the indefatigable members of the Colombo T. S., a new wing, on the property belonging to the Society, has been added, to which the editorial offices of the Sandaresa newspaper and the staff of compositors have been removed; leaving the Job Department in the old premises.

The quad royal machine imported from England and the other small machines, together with the gas engine by which the former is worked, are all fitted up in the new quarters.

Perhaps you will be glad to hear that the circulation of the Sandaresa has increased steadily within the last year. We now print 4,000 copies each time. This number, in a small country like Ceylon, is indeed very gratifying, exceeding, as it does, the circulations of other papers.

The Jobbing Department is fully occupied with several important religious and classical works. I hope to issue them as early as possible.

As a novel departure in the art of Sinhalese printing I have tried colour-printing, and I am glad to be able to say that I am satisfied with what was done (with hardly any necessary materials at hand) in connection with the last Buddhist Fancy Bazaar.

I have been able to add to our press this year a branch for stereotyping. The work turned out is splendid. A stereotyping branch was a long-felt want in our press, and it has, during the few months since its establishment, proved very useful and paying, besides facilitating business to a considerable extent.

The English Department is also doing good work, although I regret to report poor progress in connection with our monthly magazine, *The Buddhist*, through lack of steady editorial help. Pecuniarily, much might be expected from this department by way of job works and in printing and issuing useful Buddhist works, if any European, American or Indian brother who sympathises with our work, would help me in getting a foolscap Platen machine and a few fonts of fancy type of assorted varieties.

My cordial thanks are due to all the members of the staff, without whose efficient co-operation the present satisfactory condition of our affairs could not have been expected.

H. S. PERERA,

Manager.

REPORT FROM ITALY.

VIA SOMMA CAMPAGNA, 15,

ROME, December 8th, 1900.

To the President-Founder, T.S.:—It is with much pleasure that we are able to send for the first time a report from the "Central Office" of the Theosophical Society in Italy, to the General Convention of the Theosophical Society.

The opening of a "Central Office" and a "Bureau for Publications and Literature" has been necessitated by the development of our work during the past year. There are, at present, four chartered Lodges in Italy, three of which have been formed during the past year, and the list of their members is steadily increasing, notably so in Rome.

The translations are also adding to their number, and we have now four good pamphlets in Italian for distribution; the "Path of Discipleship" and "Esoteric Buddhism" are also translated, and we are expecting the "Ancient Wisdom" and the "Inner Purpose of the Theosophical Society," from the printers.

A very decided development in interest in Theosophy is being noticed in Rome, and much quiet activity is going on, the result of which cannot be, at present, gauged, A small reference library has also been opened in the Central Office; the nucleus of the future Sectional library: this office and its Committee are purely temporary institutions to serve as a 'Centre' round which will grow up the "Italian Section" of the Theosophical Society. During the past year much valuable help has been given to Theosophy in Italy by the lectures delivered by Mr. Chatterjee in Rome and Florence. In April Mrs. Besant lectured in Naples, Rome, and Florence. The effects of her words are still lingering in the hearts of those who heard her. Italy gives many indications which are very hopeful, but your organizing Secretaries—dear Mr. President—feel that with the very peculiar conditions that exist here, it is wise to have as little in public print as is consistent with the active work your members are carrying on.

We beg you to convey to all our colleagues the heartfelt greetings of Italian members, and ask our far-off Brothers to feel that here in Italy we are one with them in heart and work.

With most cordial greetings, dear Mr. President, to you, and to all who are with you,

We are your faithful Colleagues.

ISABEL COOPER-OAKLEY,

CAPTAIN OLIVERA BOGGIANI.

For the Central Committee of the work in Italy.

ED. NOTE:—Mrs. Oakley seems to have forgotten how many thanks we owe to Mrs. Lloyd for her excellent pioneer work, as, also, the recent Italian tour of the President-Founder.—Editor.

REPORT ON THE ADYAR LIBRARY.

To the President-Founder:—In submitting herewith my report on the Oriental Section of the Adyar Library for the current year, I beg to state that nearly 900 MSS. have been added since last year.

My tour for the year was confined to Conjeeveram, Kalahasti, and Coimbatore. During my research I came across rare works, among which were the Vasugupta's Sakti Sûtras and Saiva Sûtras, with different commentaries, and I have secured them all for the Library.

Until now the British Museum Library alone could boast of an old Text of the Sakti Sûtras, without commentary. That Library demanded £20 for supplying us with a copy of the work. We have now, however, that text in good order with different commentaries. I can safely say that this Library now contains more than 200 rare MSS. that are not found in the "Catalogus Catalogorum."

The number of MSS. in the year 1892 was only 515, but in the course of the past seven years the number has come up to 3,762, comprising 2,333 works. These MSS. have been secured without any cost to the Library.

Our thanks are due to Messrs. Ramaswamier, T. Sadasiva Aiyer, K. S. Subramania Iyer and Vaidyanathier, of Coimbatore, and T. Viswanatha Yogi, of Kalahasti, for this year's success in securing rare and useful MSS.

With the additional establishment of a Pandit and a copyist recently sanctioned, we hope to bring out a complete list of all the MSS. in the Library within a few months' time.

R. Ananthakrishna Sastry.

EDUCATION OF THE PANCHAMAS.

To the President-Founder:—The Panchama educational movement, which was started by you in 1895, with 55 pupils, has steadily advanced, until we now have three schools with an attendance of about 125 pupils each; and ground has just been broken for another school, with a prospect of 100 pupils to open with. Calculating on the steady growth of the three schools now in operation, we shall have over 500 pupils under tuition as soon as this school opens.

The eagerness with which these poor children pursue their studies is really astonishing, and the results achieved at the Government examinations show a larger percentage of passes on the average than is found among European or caste schools.

The money for the establishment and up-keep of these schools has been contributed by friends of the movement, nearly all of it coming from Europeans and Americans.

As it is more blessed to give than to receive, it is to be hoped that Hindus will not always let this opportunity, of earning the blessings of the Holy Ones by conferring the blessing of education upon the lower classes about them, pass by. How can any of us dare ask for blessings from those above us, unless we are also earnestly seeking to confer blessings upon those below us?

The educational course followed in the schools is elementary but useful, the pupils being taken only up to the Fourth Standard. The object of the movement is not to turn out clerks or professional men, but only to fit the Pariah children for such kinds of employment as are open to them, such as domestic service with Europeans, tally-keepers in small bazaars, time-keepers under contractors, teachers in Panchama schools, petty shopkeeping, local guides to travellers, etc. Our teachers in our three schools are all of this community and they give great satisfaction. By degrees the people are coming to know of the great success obtained in all our three schools, and they are asking us to open new schools in their villages. I should not be surprised if the movement should spread with great rapidity and grow into one of prime importance. A gentleman of Europe gave to Col.

Olcott last summer the sum of Fcs. 36,000 in cash for investment, the income earned by the capital to be divided between the Adyar Library and the Panchama Education Fund, in the proportion of two-thirds and one-third respectively. This will give the schools a fixed income of about £22 per annum or Rs. 26 per mensem, enough to pay the salary of one teacher.

BUDDHIST THEOSOPHICAL SOCIETY.

GALLE, 12th December 1900.

COLONEL H. S. OLCOTT,

President-Founder, Theosophical Society, Madras.

Sir:

I beg to send, herewith, the Annual Report of the Buddhist Theosophical Society, Galle, for the year ending 31st December 1900, with statement of accounts.

I beg to remain,
Sir,
Yours obediently,
O. A. JAYASEKERE,
Secretary.

BUDDHIST THEOSOPHICAL SOCIETY,

GALLE, 13th December 1900.

REPORT,

The work of the Society is confined to educational matters. All the schools under the management of the Society did fairly well at the last Grant-in-aid-Examination.

Katukurunda mixed school is registered as a Grant-in-aid school and will be examined in the early part of next year. Want of funds prevents the Society from opening a few more schools in parts where there are no schools.

Last year when Colonel Olcott was here, a fund was raised for erecting a building for Mahinda College. It is deposited in the Chartered Mercantile Bank. Although Colonel Olcott made an application to the Government Agent of the Province for a plot of Crown Land adjoining the Dangedara mixed school for a sum of Rs. 250 and although he recommended to the Government the granting of the land for the purpose applied for, yet nothing has been heard from Government officially.

THE TWENTY-FIFTH ANNIVERSARY MEETING.

The celebration of the Twenty-fifth Anniversary of the Theosophical Society was held at Benares, on the evening of December 28th in the Central Hindu College Hall, which was beautifully decorated for the occasion, and closely packed with eager listeners. The President-Founder occupied the chair and made the opening speech, in which he referred to the beginning of the movement, twenty-five years ago, and traced its steady growth up to the present, through the storms and trials which have tried the hearts of its members. His remarks were highly appreciated.

The President then selected certain gentlemen as capable of testifying to the spread of the movement in their several localities, who addressed the meeting, viz.; first, for Northern India, the Honourable Norendro Nath Sen, Editor of the Indian Mirror, whose courageous, public advocacy of Theosophy, through evil report and good report, for a long period of time, has won the esteem of all Indian members of the T. S.

For South India, Mr. K. Narayanaswamy Aiyer, Southern Provincial Secretary. His enthusiastic remarks were loudly applauded.

For the Parsi community, Mr. J. N. Unwalla, MA., Principal of Samaldas College, Bhavnagar, who next read a scholarly address on the progress of Theosophy among his people.

For Europe as a whole, Mr. Bertram Keightley, General Secretary of the Indian Section, was called upon, and drew an impressive contrast between the indifference felt for Theosophy in Europe twenty-five years ago, and the present widespread interest.

Mr. F. T. Brooks of Brussels next gave an interesting account of the growth of the movement in Belgium and France.

To Mrs. Lloyd, who rendered most important service in the beginning of the Italian movement, was assigned the duty of telling the meeting how things had developed in that world-centre of Christianity.

The closing speech of the evening was made by Mrs. Besant, whose fervid utterances were listened to with most profound attention and followed by prolonged applause.

MRS. BESANT'S LECTURES.

The opening lecture of Mrs. Besant's course was given in the Central Hindu College Hall, on the evening of December 26th, her subject being, "The Four Ashramas." No brief report could do justice to her powerful discourse, which, together with the three subsequent ones, "Temples, Priests and Worship," "The Caste System," and "Womanhood," will soon be issued in book form.

The lecturer said she should try to put forth the ancient Indian

ideal, in sad and bitter contrast with the degraded present as it now exists. India can rise only by the greatness of her sons. Part of India is determined not to move at all. That means, death. The spirit of the age is the Divine impulse along the road of Evolution.

The problem is to preserve Indian spirituality and add to it everything which any other nation has to give which is of value.

Being interrupted by prolonged applause, Mrs. Besant said: "Will any of you give your *lives* for India, instead of the mere applause of your hands?"

Education should deal with the spiritual, the emotional, the intellectual and the physical. Modern education consists mainly in the development of the intellectual.

How many realise that man really succeeds only as he raises others along with himself.

The fourfold system of education is pursued in all the leading English Universities, Religious exercises are held every morning. On the walls of these buildings are inscribed the names of those who have made their lives glorious by noble deeds in the service of humanity, and great attention is paid to physical training, along with the intellectual work.

She spoke of the decreasing stature of Hindus, in localities where too early marriages prevail, and reprimanded their ignorance of, and indifference to, physiological laws.

In her second lecture, on "Temples, Priests and Worship," she spoke of the importance of right religious ideals and of their proper expression in true worship, and referred to the appalling degradation which is now manifest in the conduct of many of the Hindu Temples.

In her third lecture, on "The Caste System," she said that changes in social systems must be made with great forethought, and that we should carefully distinguish between essentials and non-essentials. The principles of caste are clearly stated in the Gîtâ. They are fundamental and natural divisions of people into four classes, and represent the different stages in the paths of evolution along which humanity travels. In countries where there is no definite caste, we find that the same fundamental differences in characteristics exist among the people. The easiest position lies with the lowest class, and the duties increase as the grade advances. The subtle bodies also differ among the four castes, and depend upon heredity, largely.

Men used to look on birth not as a matter of chance, but a matter of karmic law. These multitudinous sub-castes result from man's pride, selfishness and separateness. The Brâhmana walls himself around with barriers and is indifferent to the welfare of those below him. When man asks for privilege, forgetful of duty, resentment grows up instead of love. Vanity and the spirit of exclusiveness is common among the Brâhmanas. Let us try to

recognise the use of the original fourfold divisions and try to ignore the non-essential sub-divisions. Inter-marriage and interdining among all Brâhmanas should be recommended. Transition from one of the lower castes to a higher is not to be recommended. One should cheerfully accept the body one is born in, with its attendant Karma, and try to be worthy of a better one next time.

Outcasting was practised to preserve the purity of the caste, but who are now fit to be the proper judges in these cases. One may now outrage every principle of morality yet not be outcasted, if he keep up the outer forms; yet, if a young man travel abroad to get an education, he may be at once outcasted, or he may not—it seems now to be a mere matter of chance. According to the ignorance of the sub-castes is the cruelty of the outcasting. In the far past, Hindus were accustomed to travel freely in distant lands.

All the nations of the world are beginning to intermingle, one with another and enjoy the benefits to be derived from associating with each other. Other nations are getting much from India, why do you Indians shut yourselves off from others? Such association promotes Brotherhood. When will you recognise merit and demerit, instead of following prejudice and ignorance? The thoughtful, the religious, should mark out the line of life and walk in it.

Outside all caste there are thousands and millions of human beings who are utterly neglected and looked down upon. Hinduism is being slowly undermined by Christianity and Islamism; if this continues, Hinduism will sink lower and lower. Would it not be wiser for Hindus to devise some means of treating these people in a different manner, and recognise merit wherever it may be found? We should try to recognise the use of the ancient social system, instead of following the mere burlesque of it which we see at present. Let the truly learned take this matter in hand; let the *learned* lead, and let the ignorant follow.

We regret that we have no notes of the last lecture.
