

Publications of The Vedanta Society.

The Gospel of Râmakrishna.

Authorized Edition.

WITH AN INTRODUCTION BY

SWÂMI ABHEDÂNANDA.

448 pages; with two pictures, marginal notes, and index.

Flexible silk cloth, gilt top, \$1.50 net. Postage, 7 cents.

Full leather binding, flexible cover, circuit edge with red and gold in the style of "Teachers' Bible,"

\$3.00 net. Postage, 8 cents.

"The sayings of a mystic who has much influence in India and who has been made known to the Western world by various missionary 'Swamis' will be found in 'The Gospel of Râmakrishna.' They have been translated into excellent English."
—*The Sun, New York.*

"The Gospel of Râmakrishna' contains the religious teachings of this modern Hindu saint whose life contained so many good deeds that his followers thought him little short of divine."
—*The Boston Globe, Boston, Mass.*

"During his lifetime his career and personality attracted much attention from English and German scholars of the nineteenth century."
—*The Chicago Inter-Ocean, Chicago, Ill.*

"The book is filled with beautiful thoughts and beautiful teachings, which, if followed, would lead to a perfect life. One cannot marvel that the sayings of Râmakrishna made a deep impress on modern Hindu thought. He was at least a great and wise scholar, and gave goodly advice to his followers."
—*The San Francisco Examiner, San Francisco, Cal.*

"It is a remarkable book and it should be a rare privilege to read it."
—*The Oregonian, Portland, Oregon.*

Publications of The Vedanta Society

India and Her People

(Lectures delivered before the Brooklyn Institute
of Arts and Sciences during the season
of 1905-1906.)

BY

SWAMI ABHEDANANDA

Cloth, \$1.25.

Postage, 10 Cents

CONTENTS

- I. Philosophy of India To-day.
- II. Religions of India.
- III. Social Status of India: Their System of Casts.
- IV. Political Institutions of India.
- V. Education in India.
- VI. The Influence of India on Western Civilization and the
Influence of Western Civilization on India.

"This book has more than usual interest as coming from one who knows the Occident and both knows and loves the Orient. . . . It is decidedly interesting. . . . The book has two admirable qualities: breadth in scope and suggestiveness in material."—*Bulletin of the American Geographical Society*, Sept, 1906.

"This volume, written in an attractive style and dealing with the life, philosophy and religion of India, should prove a useful addition to the literature of a fascinating and as yet largely unknown subject. It is designed for popular reading, the metaphysical portions being so handled that the reader runs little risk of getting beyond his depth."—*Literary Digest*, Feb. 16, 1907.

"The Swami possesses the exceptional advantage of being able to look upon his own country almost from the standpoint of an outsider and to handle his subject free from both foreign and native prejudice."—*New York World*, Aug. 4, 1906.

"It is a valuable contribution to Western knowledge of India, containing precisely what the American wants to know about that region."—*Washington Evening Star*, Aug. 4, 1906.

"It is impossible to quarrel with his book. He (Swami) writes too interestingly and he is a man with a mission."—*The Sunday Oregonian*, Aug. 26, 1906.

Publications of The Vedanta Society.

PRESS NOTICES OF "INDIA AND HER PEOPLE."

"The views set forth in this work by Swami Abhedananda . . . are interesting, as being those of a native of India who has devoted much time and attention to the study of those questions which affect the government and general administration of the country. The author has selected a wide range of subjects for treatment, embracing the social, political, educational, and religious conditions as they now exist, and, speaking generally, has invariably exercised sound tact and judgment in discussing the many different questions embraced under those headings."—*Journal of the Royal Colonial Institute, April, 1907, London, England.*

"An excellent contribution to the very scanty literature on India. . . . All chapters are instructive to any one aspiring to a knowledge of this vast country. . . . It is a book which every non-Indian visiting India or making a temporary or permanent stay therein, and also every son of the soil, should have by his side."—*The Arya, February, 1907, Madras, India.*

Reincarnation.

(*New and Enlarged Edition.*)

- I. Reincarnation.
- II. Heredity and Reincarnation.
- III. Evolution and Reincarnation.
- IV. Which is Scientific, Resurrection or Reincarnation?
- V. Theory of Transmigration.

Paper, 45 cents. Cloth, 60 cents. Postage, 5 and 7 cents.

"In these discourses the Swami Abhedananda considers the questions of evolution and the resurrection in their bearing upon the ancient teaching of rebirth, the truth, logic and justice of which are rapidly permeating the best thought of the Western world. For the preservation of this doctrine mankind is indebted to the literary storehouses of India, the racial and geographical source of much of the vital knowledge of Occidental peoples. Reincarnation is shown in the present volume to be a universal solvent of life's mysteries. It answers those questions of children that have staggered the wisest minds who seek to reconcile the law of evolution and the existence of an intelligent and just Creator, with the proposition that man has but a single lifetime in which to develop spiritual self-consciousness. It is commended to every thinker."—*Mind, February, 1900.*

"It is a work which will appeal to the novice for its simplicity and definite quality, and to the student for its wealth of knowledge and suggestion."—*Vedanta Monthly Bulletin, Sept., 1907.*

"The book should prove a valuable acquisition."—*The Evening Sun, N. Y., December 21, 1907.*

"This is a work of a man of fine education and of fine intellect. . . . (Reincarnation) as expounded by Swami Abhedananda is very plausible, quite scientific, and far from unbecoming. The exposition contained in this little book is well worth reading by all students of metaphysics. There is not the slightest danger of its converting or perverting any one to a new and strange religion. Reincarnation is not religion, it is science. Science was never known to hurt anybody but scientists."—*Brooklyn Eagle, December 13, 1907.*

Publications of The Vedanta Society.

WORKS BY SWÂMI ABHEDÂNANDA.

Philosophy of Work.

- I. Philosophy of Work.
- II. Secret of Work.
- III. Duty or Motive in Work.

Paper, 35 cents. Cloth, 50 cents. Postage, 2 and 6 cents.

"In this volume the Vedanta Society presents three lectures by the leader of the Hindu religious movement that is making much headway among philosophic minds throughout the United States. The book is an excellent antidote to the gospel of selfism now popular in many quarters, and a copy should be in the hands especially of every ambitious seeker after the loaves and fishes of material desire. It shows the folly of slavery to sense and the means of escape from the thraldom of egoism, while elucidating the Hindu concept of many things that are 'race problems' because of individual ignorance of spiritual principles. These discourses merit a wide circulation among unprejudiced minds."—*Mind*, February, 1903.

Publications of The Vedanta Society.

NEW BOOK BY SWAMI ABHEDANANDA.

Self-Knowledge (Atma-Jnana).

Cloth, \$1.00. Postage, 8 cents. Portrait of author,
frontispiece.

CONTENTS.

- | | |
|----------------------------|-------------------------------|
| I. Spirit and Matter. | IV. Search after the Self. |
| II. Knowledge of the Self. | V. Realization of the Self. |
| III. Prana and the Self. | VI. Immortality and the Self. |

"So practically and exhaustively is each phase of the subject treated that it may well serve as a text-book for anyone striving for self-development and a deeper understanding of human nature."
—*Toronto Saturday Night*, Dec. 1905.

"It will also be welcomed by students of the Vedic Scriptures, since each chapter is based upon some one of the ancient Vedas known as the Upanishads, and many passages are quoted."
—*Chicago Inter-Ocean*, Jan. 1906.

"The book, from the gifted pen of the head of the Vedanta Society of New York, presents in a clear manner, calculated to arrest the attention of those not yet familiar with Vedic literature, the principles of self-knowledge as taught by the leaders of that philosophy. . . . The many passages quoted prove the profound wisdom and practical teaching contained in the early Hindu Scriptures."
—*Washington Evening Star*, Dec. 1905.

"A new book which will be welcome to students of Truth, whether it be found in the Eastern religions, in modern thought or elsewhere."
—*Unity*, Nov. 1905.

"The book is very well written."
—*San Francisco Chronicle*, Dec. 1905.

"In forcefulness and clearness of style it is in every way equal to the other works by the Swami Abhedananda, who has always shown himself in his writings a remarkable master of the English language."
—*Mexican Herald*, Dec. 1905.

"The volume is forcefully written, as are all of this author's works, and cannot fail to be of great interest to all who have entered this field of thought. A fine portrait of the Swami forms the frontispiece."
—*Toledo Blade*, Nov. 1905.

BY SWÂMI ABHEDÂNANDA.

How to be a Yogi. (Third Edition.)

- I. Introductory. III. Science of Breathing.
II. What is Yoga? IV. Was Christ a Yogi?

12mo, 188 pages. Portrait of author, frontispiece.
Cloth, \$1.00. Postage, 8 cents.

"For Christians interested in foreign missions this book is of moment, as showing the method of reasoning which they must be prepared to meet if they are to influence the educated Hindu. To the Orientalist, and the philosopher also, the book is not without interest. . . . Swâmi Abhedânanda preaches no mushroom creed and no Eurasian hybrid 'theosophy.' He aims to give us a compendious account of Yoga. Clearly and admirably he performs his task. In form the little book is excellent, and its English style is good."—*New York Times Saturday Review of Books*, Dec. 6, 1902.

"'How to be a Yogi' is a little volume that makes very interesting reading. The book contains the directions that must be followed in physical as well as in mental training by one who wishes to have full and perfect control of all his powers."—*Record-Herald*, Chicago, Feb. 28, 1903.

"The Swâmi writes in a clear, direct manner. His chapter on Breath will elicit more than ordinary attention, as there is much in it that will prove helpful. The book makes a valuable addition to Vedanta Philosophy."—*Mind*, June, 1903.

"The book is calculated to interest the student of Oriental thought and familiarize the unread with one of the greatest philosophical systems of the world."—*Buffalo Courier*, Nov. 23, 1902.

"'How to be a Yogi' practically sums up the whole science of Vedanta Philosophy. The term Yogi is lucidly defined and a full analysis is given of the science of breathing and its bearing on the highest spiritual development. The methods and practices of Yoga are interestingly set forth, and not the least important teaching of the book is the assertion of how great a Yogi was Jesus of Nazareth."—*The Bookseller, Newsdealer and Stationer*, Jan. 15, 1903.

"This book is well worth a careful reading. Condensed, yet clear and concise, it fills one with the desire to emulate these Yogis in attaining spiritual perfection."—*Unity*, Kansas City, Dec., 1902.

Religion of Vedanta.

Pamphlet printed for free distribution. 12mo, 8 pages.

\$1.00 for 150.

Publications of The Vedanta Society.

WORKS BY SWAMI ABHEDANANDA.

Spiritual Unfoldment.

- I. Self-control.
- II. Concentration and Meditation.
- III. God-consciousness.

Paper, 35 cents. Cloth, 50 cents. Postage, 2 and 6 cents.

"This attractive little volume comprises three lectures on the Vedanta Philosophy. The discourses will be found vitally helpful even by those who know little and care less about the spiritual and ethical teachings of which the Swami is an able and popular exponent. As the Vedanta itself is largely a doctrine of universals and ultimates, so also is this book of common utility and significance among all races of believers. Its precepts are susceptible of application by any rational thinker, regardless of religious predilection and inherited prejudices. The principles set forth by this teacher are an excellent corrective of spiritual bias or narrowness, and as such the present work is to be commended. It has already awakened an interest in Oriental literature that augurs well for the cause of human brotherhood, and it merits a wide circulation among all who cherish advanced ideals."—*Mind, April, 1902.*

The Sayings of Sri Rāmakrishna.

COMPILED BY

SWĀMI ABHEDĀNANDA.

234 pages. Flexible cloth, gilt top, 75c. net. Postage, 4c.

Rāmakrishna was a great Hindu saint of the nineteenth century who has already had an influence on the religious thought of America and England through the teachings of his disciples, Swāmi Vivekānanda, Swāmi Abhedānanda, and others. His Sayings are full of broad, practical, non-sectarian instructions concerning the spiritual life which cannot but give help and inspiration to the followers of all creeds. The present volume contains a larger number of Sayings than has yet appeared in any one English collection. For the first time also they have been classified into chapters and arranged in logical sequence under marginal headings, such as "All creeds paths to God," "Power of Mind and Thought," "Meditation," "Perseverance." As an exposition of the universal truths of Religion and their application to the daily life this book takes its place among the great scriptures of the world.

Works on The Vedanta Philosophy.

BY SWĀMI VIVEKĀNANDA.

Rāja Yoga.

376 pages. Cloth, \$1.50. Postage, 11 cents. Portrait of author, frontispiece.

Besides lectures on Rāja Yoga the book contains Patanjali's Yoga Aphorisms with Commentary, a copious Sanskrit Glossary, a lecture on Immortality, and the Swāmi's lectures on BHAKTI YOGA.

"The whole spirit of the book is candid in the extreme. It appeals to what is best and noblest in man. It makes no foolish mysteries and demands no blind belief. It puts forth its system in a plain and simple manner. It is able to present its own method without in any way attacking the method of others. It manifests a charity that it is usual to call Christian, but which Vivekānanda proves is equally the property of the Hindu. If this little book had nothing to teach but the beautiful toleration it advocates, it would be well worth reading; but many will find in it valuable suggestions to aid in reaching the higher life."—*Arena*, March, 1897.

"A large part of the book is occupied with that method of attaining perfection known as Rāja Yoga, and there are also translations of a number of aphorisms and an excellent glossary."—*Living Age*, August 5th, 1899.

"A valuable portion of the volume to students is the glossary of Sanskrit technical terms. This includes not only such terms as are employed in the book, but also those frequently employed in works on the Vedanta philosophy in general."—*New York Times*, July 22nd, 1899.

"A new edition with enlarged glossary, which will be welcomed by students of comparative religion, who are already familiar with the author's lectures in this country."—*Review of Reviews*, Oct., 1899.

"The methods of practical realization of the divine within the human are applicable to all religions, and all peoples, and only vary in their details to suit the idiosyncrasy of race and individuals."—*Post*, Washington, D. C., June 12th, 1899.

WORK BY SWĀMI VIVEKĀNANDA.

Jñāna Yoga. PART I.

12mo. 356 pages. Cloth, \$1.50. Postage, 11 cents.

"One of the great thought challengers of the day is this work by the Swāmi Vivekānanda. The book goes deep and treats of startling things, but when analyzed and viewed from the author's standpoint, they are found to be links in the great chain of truth. He alone will deny who is out of sympathy or limited in vision."—*Transcript*, Boston, Sept. 24, 1902.

"Students of religion will find much of interest in it; those who care for India in any way will be glad to receive an indication of high Hindu thought in one of the most striking religious movements of the day; while the orthodox Christian will derive some information from the work regarding the attitude of cultured Hindus toward Christianity and its Founder. After reading the book one is inexcusable if his ideas concerning Vedanta are hazy."—*New York Saturday Review of Books*, July 12, 1902.

"The lectures show a wonderful insight into great truths which underlie all religious aspiration."—*Courier-Journal*, Louisville, July 5, 1902.

"The altruism with which his preaching is permeated attracts and inspires. The love of humanity which he inculcates harmonizes with the spirit of the age. His English is good, his style easy to read, his sincerity unquestionable. Merely as an intelligent presentation of what is best in the ancient Hindu Scriptures, the Swāmi Vivekānanda's book is deserving of attention at the hands of religious students."—*Record-Herald*, Chicago, Aug. 19, 1902.

"The lectures are all extremely interesting, the style brilliant, the reasoning often subtle. Whether the philosophy advanced is satisfactory or not to those whose theories are the outgrowth of a different system of thought, his method of presenting it affords an intellectual pleasure."—*Journal*, Indianapolis, Oct. 13, 1902.

"It is a book which appeals to the intellectual, and no one could be the worse for reading it, since it contains much of truth even as Christians measure truth."—*Milwaukee Sentinel*, Aug. 15, 1902.

"The Vedanta Philosophy as explained by Vivekānanda is interesting. . . . As given by him and his followers, no more lofty teachings can be found. The work is a valuable addition to the literature of religions."—*Toledo Blade*, Oct. 11, 1902.

Jñāna Yoga. PART II.

12mo. Cloth, \$1.00. Postage, 7 cents.

"Its simplicity of language, its exemption from pedantry, and its forceful and convincing style all contribute to make it a very valuable work."—*Oregon Journal*, Oct. 13, 1907.

Works on The Vedanta Philosophy.

BY SWÂMI VIVEKÂNANDA.

Karma Yoga

12mo. New and revised edition. Cloth, \$1.00. Postage, 7 cents.
Portrait of author, frontispiece.

Eight lectures on the practical application of the Vedanta Philosophy to the affairs of daily life, showing in a clear and forcible manner how it is possible to lead the highest life without abandoning the duties and avocations of one's station in the world, and proving conclusively that the loftiest aspiration and attainment are entirely compatible with the humblest occupation, and are open to every human being.

My Master.

BY SWÂMI VIVEKÂNANDA.

12mo, 90 pages. Cloth, 50 cents. Postage, 6 cents.

"This little book gives an account of the character and career of the remarkable man known in India as Paramahansa Srimat Râmakrishna, who is regarded by a great number of his countrymen as a divine incarnation. It is not more remarkable for the story it tells of a holy man than for the clear English in which it is told, and the expressions of elevated thought in its pages."—*Journal*, Indianapolis, May 13th, 1901.

"The book, besides telling the life of Sri Râmakrishna, gives an insight into some of the religious ideas of the Hindus and sets forth the more important ideals that vitally influence India's teeming millions. If we are willing to sympathetically study the religious views of our Aryan brethren of the Orient, we shall find them governed by spiritual concepts in no way inferior to the highest known to ourselves, concepts which were thought out and practically applied by those ancient philosophers in ages so remote as to antedate history."—*Post*, Washington May 13th, 1901.
