

The background of the entire cover is a sunburst pattern. It consists of a central orange circle with numerous thin, straight lines radiating outwards to the edges of the cover. The lines are a slightly darker shade of orange than the background, creating a starburst or sunburst effect.

GRAND CANYON

Introduction

There is nothing new under the sun but the understanding of things that are; and the understanding is feeble. Even though many profess to understand, there is no perfect understanding without consciousness, and without Light.

This Superet Light Science is the development not of the mind alone, but of the super consciousness which is measured or graded by capacity of Light Vibrations—and so led in finding the new Name, Superet, in the Bible. The Lord's Words were all in Light.

The chief requirements are first of all, a positive understanding that God is Light, and His Heart holds the greatest Light and Dynamo, which the New Name of Revelation spelled, Superet, with the Light Language, which the Light Scientist, Dr. Trust, after years' study, uncovered. And the Discovery is now coming to the world to clear the darkness, and to bring Superet Light to the hearts to cheer and bless everyone—not only in healings and personal blessings and help, but for the planet and the whole world to start the life in Light, which will draw the Superet Light from God to us in the time of need.

Nothing can help but only God and His Superet Light, which will save the world from darkness!

"Seek and ye shall find" the hidden Meaning. Only by degrees Dr. Trust could find with the gift of seeing Auras and Light from childhood, and the study of Light by degrees—as Light comes in Light Vibrations and waves to us, which we must earn also within.

This Superet Light Science will teach you strictly the scientific Way How to become radio active to the Superet Light, to draw to us. And all those that follow in the Superet Science, which holds the Spiritual Electricity, will become attuned within chemically, and will feel the difference after you finish reading—and will become conscious of the Love of God, Superet Light.

Dr. Trust's study of Auras traveling around the world, studying nations, humanity and religions' Auras, also countries and their lives, the Ancient histories, and the Stone Age, Dr. Trust describes to you the Grand Canyon's Aura, and the Painted Desert's beautiful Light Aura, which you can hardly believe. But it is there just like the Superet Light is from God, which you will feel and believe, this is the Truth.

Even if you have all the Knowledge of the world, and have old religious beliefs and have no soul Light Knowledge, and cannot see your Aura with facts of Light but only can say, "My religion does not allow me to learn this Superet Light Science," which comes from God's Heart, what have you got?

A mind, a body, and a lost soul asleep in darkness.

The Lord said, "What does a man profit if he gains the whole world and lose his soul?" He said, "I am the light of the world." His Science was God's Superet Light Science.

The Grand Canyon holds the Blue Prints of the Creator in stones.

The Creator's Universe Light and Planets

The sky survey is pointing the way also to the solving of the long standing problems of the Universe. The evolution of the stars is another puzzle. Some of them are as old as the Universe, and others are short lived; also the gigantic explosion of stars that you see at night.

We ask—In what part of this huge star wheel are the sun and earth located? Some of those questions the Astronomers have asked in the classes when I was teaching the Planets' Auras. Now the photos show on the sky survey the numbers of stars that can be counted of higher Light.

The measuring star motions of the star center with the surface temperature of stars were revealed by their colors and spectra years ago by Astronomers seeing them through small telescopes.

Now in this Atom Age, we have the greatest telescope in the world here in America answering the Canyon and the Painted Desert Secrets.

The Light Scientist, Dr. Trust, says "In the same study for years of the Bible and Jesus' Words, I could hardly see; but in years my vision was spiritually developed to the Jesus' Light Words taking on the different colors of radiation. After studying of the Human Atoms, of how the change took place of the substance in dark Human Atoms with the Light Vibration, it proved by the color and measurements of Light

radiation; also in finding the Light Laws. This was only accomplished through the Superet Atom Aura Science.

All the earthly wonders are small to the Human wonders within of soul, spirit, and the body proving with its twelve senses even of greater wonders. All planets and ours will someday disappear; but not our soul. For it will live forever, and must shine as a living star with Light. The greater the brilliancy of Light, the greater the soul becomes and rises higher to the Creator, Superet. It cannot remain with other Gods. For it is lifted higher through the Vibration of Superet Light.

Dr. Trust will show on the screen the different Auras and planets; also the Canyon's photos which you will enjoy with the Healing Lectures of sick Atoms and Auras, proving the immense Wisdom of God's Superet Creation of souls that must be prepared to see God, Superet, on the Judgement Day.

All must prove facts—not words. And nothing can prove it but the Aura. And nothing can purify the sick dark Auras of humanity's but you learning and following the Superet Laws. Only this is the highest, and can give you the birth of Light; even more than given to the Ancient Grand Canyon.

I would like to tell you my secret in writing my 26 books. It was done mostly at night or evenings. Through the day I was busy with study, healings, lectures, classes, sick people, etc. When I uncovered the Name through the Superet Atom Aura Science and wrote the 26 books for years, steadily, it was done under great difficulties.

The first was when the war started. The second time

and now I had to write. The Lord told me in a vision, in the ether were many undeveloped spirits that are earth-bound like many narrow minded people, chained to one idea of speech, many of man-made beliefs—not light-made—of living in adultery, of which the Lord's Command is, "Thou shalt not commit adultery," which I repeated to the people. And many would not accept it.

I had all kinds of difficulties in explaining to people of Superet Light Truth; for they said, "My religion does not say that." And they left. At that time many people came with obsessions. Remember how it was removed then when He said, "Come out you foul and unclean spirit (out of this man)." Again through the Superet Light Atom Aura Science they were removed. I heard them screaming. My faith in my God, Superet, and His Superet Light, helped me through all the difficulties and all the suffering.

I rejoice that I could serve my God and His children on this earth. I blessed all in Superet no matter what voices I heard of blasphemy. All changed; and even people of different denominations not knowing this Truth, thought I was an imposter, that I was bringing out Jesus' Light Words and describing Them with the Light Language of Vibration, His Light Science, which not many could see of the Aura. So I started in finding, studying other light that would give our soul, life. Superet Light, will give us that Love-Light. Superet comes from Mother God's Loving Heart to all mothers that love us; but remember, we must earn It with a pure love of loving all alike.

The human's vibration of the Atom's Aura feeling reveals what is in you. The finger prints even show the

feeling-energy substance colors. The human's old feelings often flare up like small fire crackers with tempers, and remain also in the finger prints; also all passions, emotions, which must be analyzed with your Aura Chart. This will show the vibration how to help you to overcome passion, sins and emotions generated by your twelve senses which you learn to overcome. And, those feelings' substance, when it is broken up, will open that Atom that holds that substance. Then only you become free of all emotions of the different dark Atoms. For instance: anger is dark brown; jealousy, dark green; passion is dark red; hatred is black of different colors—sometimes striped or covered. The substance shows in vibration through the Aura.

The memories of the past suffering must be taken for development only for Light Atoms and preparations in changing the character of the past.

There are finger prints taken years ago of one murderer which Dr. Trust at one time, through the inspector, was allowed to see the Aura. He was again imprisoned, and the Aura, after years, showed the same in the new finger prints. This proves that when the great Creator started with us humans on our hearts' architecture, this still remained—as the Aura shows of the old Atoms remaining of colors that prove the history of the beginning of the human spirit past karma.

Do you know our planet is one of the smallest planets revolving around a multitude of stars? And the discovery of the heart of the stars is the Superet Light Star in a separate planet, clothed with the Stream of a Purple Light, which the Light Aura Scientist, Dr. Trust, discovered years ago; and It still remained in its hiding.

Realize that there are stars 10,000 times brighter than the sun. Many of those light stars are constructed and created out of astral dust and gas material, because it shows their Aura of those colors intermingling with different lights. Now the Superet Star is the super of all in Its Light not only in brilliancy and purple color, but of Its shape, and is covered with diamonds of peculiar colors of fire that flare out of them.

The world scientists are trying to find this Star of which some saw only reflections but cannot see the Aura of this Wonder Star, because It is hidden behind maybe billions of stars. But Its Power of Vibration proves some streams are now coming closer to our earth. And only Aura facts will prove to the Aura Scientist. Because, this King Star is near, or coming from God's Superet Heaven.

Read the magazine, "The Star of the Future Heralds Future," then you will learn more of the great Star's discovery.

Now you begin to realize more of God's Wonders in Heaven; but the greatest Wonder is the Superet Star. Dr. Trust says, "When I saw the Aura, I could not believe that the dream I had could exist. Only after years when I found the Name, Superet, by Jesus' Words' letters spelling with purple and golden Light, those purple letters forming of Superet in Revelation. Then I knew It was the new Name, and with this belief affirmed again in a dream by the Lord that I had found It after 2,000 years. Why could no one find It? Many were seeking It."

John the Revelator also had those dreams which he wrote down when he heard the Lord saying, and saw

in visions the colors of Light and darkness, and what would happen if the Atoms were not changed.

Now at this time also comes the revelation of How to overcome it by Dr. Trust finding the Lord's Superet Light Laws that create Light Atoms.

As our bodies show our strength and weakness, so our spirit and soul through their Auras—each differs in substance, in colors and shapes.

The trees show their ages in the 10,000 year old red wood trees; and the petrified woods show the millions of years those trees were chemically changed. All nature advanced its Atom. So we are part of nature.

Beliefs With Different Light Forces

All the principle belief and conscience are united with different Light forces. Some are not subject to White light, but are only satisfied with the twilight. For with the unconsciousness of the Laws of Light, the Law of the highest Light, which reaches the Heart of God's Superet Light, we remain ignorant.

Those Superet Laws differ from the Laws of the different lights; for they do not mingle with the highest Superet Light Laws. But, they are needed to earn the consciousness of Light—no matter what color—for it is according to their spiritual development by slow degrees of Light or darkness and unbelief.

As your heart is responding, the storm suffering might

strike and is gone, but the air of your vibration is there of fear or bitterness. The cleaning with confession and repentance will clean it, but not yet can you overcome darkness—only by the Laws of Superet Light, through which you earn the strength.

Your belief alone cannot create Light consciously. You must know and earn to see the Aura. And your old belief cannot teach you this what the Superet Laws of the Spiritual Electricity can in lightening your heart and soul—also in healing the body.

There is a force in the Aura Secret different for Women—proving purity in childbirth.

Your dreams will come true, girls, by the spiritual assets, which now you can earn in overcoming and not looking any longer for an artificial excuse or escape, but making a conscientious effort, to follow and utilize the spiritual Laws dealing with mental and difficult problems and situations.

Dr. Trust, the Aura Specialist, will give you the secret about your Aura gowns with Aura colors, which often affect your mind and body in overcoming sickness, suffering, and any kind of condition that can be avoided. Thousands of women have been helped in avoiding sickness.

Mothers, you especially need help to bear good children. So many mothers came to me and complained of their children committing crimes, and crying their hearts out. But it was too late; for some were killers or thieves, and in prison for life.

Dear mothers, and girls, listen to my advice, which God gave me with the Aura, which will save you from long sicknesses, and your love-mating only in the law

for children. Start with your outer gown. Do not just follow the fashion. Be sensible and think how to keep your purity first.

Do not wear the dress cut lower from the throat than only three inches. To have a radiant light in the Aura, you influence men to purity. This is a top secret. If you follow it you will bear angel spirits instead of elemental spirits which I saw even on watching children's Aura birth.

Join in our Aura Laws. The Superetist Brotherhood will live forever. Every member has a moral obligation—to share the responsibilities of the Superet Light and Its Government.

With the extent, and also the nature of the sacrifice demanded of all members, it is 'the good' to be tapped from the good Atoms as you develop the good substance through the Superet Laws within you.

You will prove your vibration with Light, and in helping other members with an encouraging word to start the Light flow of the Superet Law to take place in you, one that is strong. Only as the Superet Laws' Foundation is kept alive, we will draw God's Superet Light to us.

The activity must be proved to uphold the Lord's Light which He started. You all can see the Blessing from God followed Dr. Trust's Discovery efforts. So will your children be blessed by your efforts with encouraging them, and members, with an effort of what each one can do to help the Cause. Living in the Superet Laws, you will find the happiness you've never had before. Fears, sorrow, will disappear because you are earning Light in your human Atoms.

Doctor Trust, Founder of the Superet Light Science

To tell you the truth of my love of years in my life: the start was seeking the Light of God. It started when I was nine years old. Often seeing the Light, I started to study the Bible. At sixteen I had consumption, and the Lord came with Light and healed me. I stayed healed all the years; and found the Superet Name of Jesus' God that started the Superet Light Science with thousands of healings without money; and then the Superet Church, through the healings, was paid, also the Auditorium, the Prayer Garden and the two Ministers' and Superetists, also students' homes, the 26 Superet books with 26 Languages, and now ending the magazines with this little booklet heralding the wonders of the two Holy Land trips. The Superet Branches were started there which we also started with the 4,000,000 leaflets given out, and with the thousands of healings, helping criminals, and all people of all religions in the past twenty years. I stayed healed and happy and all students of twenty-seven years stayed healed with me.

This is a little proof only, but many of the Purple Heart Picture wonders were also proving with the Christ Miracle Pictures heralding His Superet Light Religion.

People who did not know nor wanted to, without knowing the Lord's Superet Doctrine, were against us. But the greater wonder came when I kept blessing and loving them all—which this Superet Light teaches that

I found in the Superet Light and Jesus' Words.

Come, all you truth seekers. You will find and feel here this Superet Light God's Truth. It is of God's Heart Superet Light, and your proof in seeing the Aura. Then you will believe in facts—not just words. This Superet Light of God's Heart, Superet, always lived. The Superet Light shone even when we were all blind and unconscious—you and I. But now we know this is the Truth.

Remember, now we must put all our love to God's Heart, Superet, and realize Christ had to worship God, Superet, to earn His Own Light. We must also to become healed in soul. Dr. Trust surrendered life in study for the Light Aura; and the 26 Superet books were born through Jesus Christ's Light Words—He Who proved it with His Face on Dr. Trust's photo that this is His Superet Light Doctrine.

After 2,000 years the Bible is explained in the 26 Superet books. As the Bible is God's book in the world, it must be alive; for the Aura shows the Light.

The proof, Jesus Christ's Words are all in different Light colors and Vibrations for lower and higher Vibrations for the soul development. The highest is Jesus' God, Superet Heart Light. So the different Light degrees in the different Superet books are explained for Christian and Jews—for all religions.

All Superet books must be read with the Bible to explain the Light degrees with Vibration of the Light of the Aura in the Old and in the New Testament. We also teach Bible classes on Tuesday evening at 8, with screen pictures.

Many will see the Aura, and have learned to see the Aura in the Lectures; for the Known Light Scientist, Dr. Trust, has brought the Light of the Bible out, and Jesus' Light with facts in seeing His Light in a brilliant Aura, in seeing the Aura of the Human Atoms in Jesus' Vibration Language, which proves how to earn Jesus' Light that is necessary for everyone for hereafter. And they will have to earn with Jesus' Superet Light Laws.

Let us study Light in some of Christ Jesus' Words with Light Facts.

1. Jesus said, "My doctrine is not of this world." The Superet Light Doctrine was Jesus' Religion.

2. "As the man thinketh in his heart so is he." The heart thinking is feeling, and forms vibration and Light Atoms—the Aura proving.

3. "Seek and ye shall find"—proving His higher Teaching of Light, Superet.

4. Jesus said, "Confess and repent." With the Aura Chart, we write our sins down. We only confess to God.

5. We not only believe, but know positively that Jesus Christ is the Son of God, and God is all Light. For we all see it in each one's Aura.

What joy I had in the start of my Discovery of the Superet Light right after I was healed by the sudden appearance one night of the Saviour all in Light. And in following His Words in the Bible, the unearthing of His Doctrine was at last with facts of thousands of healings—true facts verified by all.

As most were poor that came for healing, so was I; and I often went hungry to bed, for I thought it was not right, and would be a sin to accept any money as

a love-offering. My old ancestors belonged to the aristocracy. So I got a job to overcome pride by washing.

This started my work of the Aura Chart, of finding that the vibrations of black Atoms' darkness-vibration could be changed—not to be mixed with the white of purity Light vibrations; but that those dark vibrations had to be dissolved and started with new Human Atoms.

This new finding of my Aura Chart started to build the Light Aura. My joy was even lasting when people could see the Aura and they would accept it. But I kept on studying more; also starting a class with those that were healed.

An Editor of a New York paper advertised the healing of his sister and of others, and so I was started as the Aura Light Scientist, and being called the "Wonder Girl," which I denied—telling that I did not heal, but God with His Superet Light, Whose Science I used.

The start was made here in Los Angeles with the Superet Church, and then starting the writing of the Superet books and magazines.

When you read the magazine, "Heal Thyself with S.L.," it will tell you the true secret—not just of a pain killer, but a healer of body and soul, and for everything. Thousands can verify facts. So do not miss to get this magazine.

Years ago when I was lecturing of the Superet Light Discovery, and standing on a soap box, because I was not very tall, the police were after me, and the sick people followed. So I treated them with this Superet Science, healing them on the street corner. Many were healed.

My start was made in Carnegie Hall; then for a short time, taking a vacation with my sister to California, I remained here. For in my dream, the message came to start work. So I went to the Holy Land; and again I dreamed to start the work, and to have no fear of people or religions, because this was Jesus' Doctrine in God's Superet Light Science which I had found, and that all now must follow the Superet Light and use It. And with all this, Jesus' Face on my photo came and stayed on the Picture which I call the Miracle Picture.

Again people would not believe It, and sent expert photographers, with all saying it was a real Picture photo of Christ on it.

Among many of thousands of healings was one man with a broken arm. He just passed my place, coming from the hospital after having had the broken arm set. When he asked for help and healing, I called my students to loosen the bandage and the board. He could not move it for pain; but with this Superet Light Science Treatment, it was instantaneously healed and the professional physicians called me a "Divine Healer," for I proved facts.

With little money, I started the Church, the Auditorium, the Superet Light Garden, two buildings for Superetist ministers, officers, and parking lot, and a lot for farming. Twice I went to the Holy Land, never asking for charity; but all money was earned through love-offerings for healings.

This proves to you the Superet Light Science Laws provide, heal, bless and benefit when you follow the Superet Light Laws.

There are Laws of How Dr. Trust helped insane people with facts proving the healing for insanity, which many can report, that Dr. Trust, the Aura Light Specialist, says was accomplished through the Superet Atom Aura Science.

One of Her discoveries is in one of Her 26 books which holds the lessons and the start of the Light Vibration, which begins by degrees of enlightening their Auras. For the secret lays to clear the Aura.

The vibration must be cleared of each sense. The Superet books reveal many vital points for doctors, nurses, scientists, teachers.

Dr. Trust, the Superet Light Aura Scientist, will give you the Laws which She discovered. Her first Superet book of 1926 was chartered as the New Discovery by Dr. Trust.

Insanity of three senses can be healed if you know the Superet Light Laws. It is like a "wonder"—from which you will see the awakening in the weak mind, of Light entering and darkness leaving—if the Superet Light Laws are applied.

Atoms' Air Waves' Language

The joyful hours are spent sending many of God's Blessings to others all over the world, that it will reach friends and enemies alike, in all building the air waves to Heaven with our prayers from our hearts.

As we all now repent, the time is given before it is too late. God only gives us a certain time to be on the air waves with the Lord. You have to have a station to send from that heart station prepared by the Aura Chart.

Dr. Trust says, "I have seen vibrations of repentance sent by many whose forms show like a golden and silver ring. This started our Aura in us—not only our little Superet Church, but all the ground—also the big Auditorium where we study the Bible, and have found the different Light Vibrations which are explained in the twenty-six Superet Light books."

You will be surprised when you read them, of the warmth, love and healing you get.

There is also a difference with the Grand Canyon's Aura—even of the wonder of the nature Aura colors, and the Light Language, of how you can feel without seeing anything but only looking into your heart of purity and seeing it filled with Light of purity, of true repentance, which is the wonder vitamin that will start a connection with the Lord's Light. And He gives that Vibration to His God, Superet. In your light is a long air wave message. Your Aura waves vibrate which hold your heart desires.

Those short air waves which we send to each other

from our Auras, must hold 'God Bless you' to all.

This Aura Light Scientist tells, of one day sitting near the ocean, and seeing a poor old woman passing that was so discouraged and sick. Looking, She called to her smiling, "God bless you," and the woman thanked Her, and also returned the blessing. From that time on, Dr. Trust started the "God Bless You Chain," reaching out with about four million leaflets of 'God Bless You' here and throughout Europe as She traveled and lectured, calling the people to pray more, which was before the war started.

When you begin to learn of the spiritual chemicals which our spirit and soul need, those Light elements are not for the body any longer—as it is of a different essence which forms the spiritual Light. Then only can the Saviour baptize you with Fire. For Jesus never baptised with water. But God sent John the Baptist to prepare the way for the Son to come with His Light.

This Superet Light Doctrine Laws will create this Light chemical that is needed to form the star in our souls; and the body will be used as the container for the soul development. So the body must be first prepared with Lights, which are the A.B.C., leading to the twenty-six Light letters that are all needed to transform us into the connection to the Superet Light with our spiritual and body purity.

All religions' teachings help us to pass out of the kindergarten into a greater understanding to the highest Truth, or Superet Light,—as God, Superet, is the only Creator Supreme of all Light Gods, angels, planets, spirits. We must develop the soul—male and female.

For the spiritual love has no longer sex love. It is to God surrendered with all twelve senses.

Light Scientist 2,000 Years Ago

Jesus blessed the bread and wine; then He said to the Apostles, "Eat my flesh and drink my blood." That proves It held His Light for purity.

This symbol is scientifically explained by Dr. Trust, the Light Atom Aura Scientist, Who says and proves with facts positively, that He saw His Light in His Aura, and was studying how He got it.

When finding His desire for Light, and His love and labor, it was all for God. He was born a Jew; but even then, as a child, He proved that He had given up the Jewish religion, and was seeking the Religion of Light. The time had not come. Only after His suffering could He come and explain more to the Apostles of Light. As they could not grasp all of the Superet Light, their minds were awakened to Light as they saw Jesus' Light Aura on His Face and Garment. This was the start of Jesus' Light Science with Aura facts.

Dr. Trust's Discovery led to the highest Light, Superet, which She had to vibrate in Light with soul, body and spirit—proving to obey God's Superet Laws to bring out the Superet Light. Not otherwise could She have found It—but only through obedience.

Why did Jesus Christ say, "Seek and ye shall find"? Proving His higher Laws, "My doctrine is not of this world." The Light Atom Aura Scientist was years studying and seeking Light in the Bible, but only saw It in Jesus' Words' Light, which shone in different colors of Light, seen where He said, "I am the light of the world," in a pure white Light, with gold Vibration from His Words, "Eat my flesh (purity), and drink my blood (spirit purity)"—so proving His Light Science with Atom Aura facts.

Dr. Trust's Christmas in Bethlehem

A letter to my dear students and members of twenty-six years ago: As you call me affectionately, Mother Trust, I want to wish you on this Christmas Eve as I'm writing this little magazine, A Merry Christmas every day—of the many happy Christmas we all have spent together in peace.

All were healed those twenty-six years ago, and stayed healed—only through and in the Superet Light Laws which I found only in Jesus' Words that are alive with Light.

I am speaking to you with the Language of Light, which was Jesus' Language to His Apostles. But His Mother's language was Aramaic. Jesus proves that He vibrated only with and in the Light Vibration—not in the Jewish language even though born in it.

We all must start all over the world to use Jesus'

Vibration Language, which you have in the book that I taught you with the hands-hearts to follow Jesus.

My promise tonight I repeat the same as I did on Christmas Morn fifteen years ago when I was in Bethlehem, kneeling at His Birthplace at five o'clock in the morning. It was dark, but the stars were giving light, and the moon singing in delight, when suddenly I heard voices way below in the valley singing; and the sun broke through the clouds and the shepherds were in the field where the stars were first seen, and the angel with the message that Christ, the Messiah, was born, and for the shepherds to go and welcome Him. The hour was given to the three kings and the shepherds through the stars in the language of Light to advertise in Light, Christ's Birth.

We tourists all joined with the shepherds singing "Holy Night." The little town of Bethlehem was alive. The women wore their high white head dresses dating from the days of the Crusaders; and the men also wore their uniform.

Think of it, 2,000 years ago! The happiness is all over the world, thanking God for giving us all alike, a Christmas Gift on this day, the twenty-fifth of December, which means, peace on earth and good will to all.

On this day I started for God, Superet, in Jesus' Name, the Superet Prince of Peace Movement with two hundred people in Bethlehem, and the next day in Jerusalem with the flag which you see in the little magazine, which I think will be the last one for publication. There were many that followed in Nazareth when I lectured and gave them greetings from America; also having Jaffa, there were over a thousand.

When I left, a few thousand sang with me the Prince of Peace Movement song; and the camels, goats, a donkey, auto, horse, cars all had to stop and let us pass, and the police that told me I must break this Movement Chain. They at last opened the way, and the high officials gave me the key of Jerusalem to come again.

You and all are asking, "Who is the pentecost?" The proof after 2,000 years is still in the Words of Jesus when He said the third time, "Receive ye the Holy Ghost," which shows with vibration of the Purple Light, and spells with vibration letters, "Receive ye the Holy Ghost (Mother God, Superet Light)." So it was yesterday and is today, and forever.

We must earn it to receive the Superet Light Connection. That's the only duty we have for our life's spirit soul connection with God, Superet, which only Mother God, Superet, can give us with the birth of Light.

We have been rising out of the silver, golden, diamond age, and are now in the Atom Age with facts proving with the nature Atom Bomb; and we must prove with the Human's Atom Bomb of love to God, and all. Then again, united with the Superetist-Apostles which the Lord started. We shall unite with them; and all five hundred Christian religions shall join us in Truth.

We pray in the Name of Superet, to the highest Teaching of the Lord Jesus Christ. May we honor and obey His Command to enter into Eternal Light, and be worthy of the Purple Heart which is God's Superet Light.

As you develop spiritual Light with the senses, it cre-

ates Light Atoms. The 12 lessons for the 12 senses will earn the start for Light Atoms; for the 12 senses only in Light can produce or bear the Atoms' Light.

Jesus said, "Ye shall be born again." This is the Light birth, the starting to follow Jesus' Light. For He leads to God's Light, which is Superet Light.

Jesus said, "If they do not glorify my God, the stones will cry out." For they have only the nature light within. We have the spiritual Light from God within, which must come out with the spiritual Light through the twelve senses' Aura.

Dear one, if you want Light showing in your Aura, you must follow strictly, faithfully. Not just in Light of different chemical teachings—but the highest Light, which comes from God's Heart with the Superet Light. No other Light can heal your soul, or body but God's Superet Light.

Follow the Superet Light Laws. This was Jesus' Superet Light Science—His Doctrine. Not "My doctrines." Jesus also said before He gave His Light Secrets to the Apostles, "Follow me." He meant, His Religion of Light leading to worship God's Heart Light.

The Superet Church teaches worship to God's Superet Light Heart.

"Watch and pray," and to evacuate your darkness and every individual with whom you have relationship, and all the issues with which you become involved—but with trusting to Jesus' Light Laws in Superet only. No other law can clean out your black Atoms.

Dr. Trust says, "In the healing with the Superet Light Laws of thousands of different diseases of humanity,

they did not want the Superet Light Laws, but their ideas and laws. I'm giving you the Key.

America Holds Creator's Two Symbols

This hidden Symbol is not on top of the earth, but you go down a few kilometers underneath; because, ages old, it was from the beginning of this planet.

This great scientific Discovery is now proven by the Light Aura Scientist, Dr. Trust, Who found this by the facts of the Light proving it in its Aura of the different colors still laying on the Blue Prints of the Creator's Superet God's Symbol. That was His Architect Design which proves the Ancient city's development of today with the different Aura colors that are still mingling together and showing the Light as It comes forth even in the night—as darkness cannot cover them up. This great mystery finding is explained in this magazine.

Now this Light Scientist is proving to the world that God wanted America to be separated with the ocean from Europe to prove the start of His Planet with His Blue Prints, which everyone will see of the Aura facts in color. This will prove the truth of the Aura Scientist, Dr. Trust's Discovery, of the start of the Aura in the nature, Humans and countries—the start of life.

The great Creator, Superet, the Father of the Lord, created this Symbol to follow the vibration's progress of the planet. Now it could not have been kept up without

the Almighty Mother God, Superet, with the Light of our Parent, Father and the Mother's love for all her children which proves also in the great Painted Desert with the Light Atom Vibration and Auras proving, which are holding It up.

This proves that nothing could be born without the male and female vibration connection of love mating. Now, one God, All Supreme, must have had those two Vibrations to be the God, Superet. Both are Gods united as one through the Superet Light, or Love Light, who created and united this and all planets and suns—one God, Superet, with two hearts, Father God's Heart and Mother God's Heart united in love.

The male vibration life of spirit the Spirit of Father God, Superet, He gave; but the soul life, Mother God, Superet Light, of the female vibration, gives from Her Love-Light as a mother gives the birth for the body. But the father gives the seed. Both are needed; also with vibration.

God made us after His Image. He gave us a seed, or an Atom of spirit and an Atom for soul, but we have to develop it in Light. So God sent His Son to bring to us His Laws of Light, which the Aura Scientist found in the Master's Words, which show with His Aura, the start of Light for souls with His Light Laws which He had to obey Himself to earn this Substance of Light Himself for His Soul to prove to God.

We want to earn the healing through His Light, proving it with our Auras outside and inside. Not just talking, but facts. This is not man-made science, but Jesus' Light Science and healing with His Superet Light Doc-

trine. No one else could give us this but He, the Son of God. He had to be poor and homeless to prove how He loved God; and through love, created He His Own White Light of purity to become connected to His Father's Superet Spirit Light with His Atoms' Light.

*Why and How the Superet Light Science will Rebirth
the World by Light?*

Why Mother God Superet appeals to mothers, women, you as the bearers of children: All women are mothers; but only through God you are used as a producer of life, humanity. Also you all—women, teachers, nurses, missionaries, helpers—are used by God to give spiritual life through love, charity and self-sacrifice for those mothers and children; also motherless orphans, children.

The new rebirth relies on you to shape the future; and you must change to shape the world's history and a permanent peace. Why? God will give peace through women, as the Aura Scientist-Expert sees it. Why? The women's Auras are rising after the years of suffering, seeing their fathers, husbands, sons and brothers by the millions killed like animals, and no peace after all the suffering has come. Now the women must rise and come together. There's no need of any suffering any longer.

Let us women no longer talk, but lead and pray, and start with love and forgiveness—as Jesus gave us God's Laws to love our enemies, and to pray for them.

Prayer is the language through which we approach

God, and our love and charity will not be used for canons to kill, but love to forgive. We must kill hatred and replace with love and forgiveness.

Women must now find their hearts' own paths and not rely on man, but on God—to be led in Light by Jesus, the Soul Bridegroom. And the love He has for us will never leave us. Then we will love each other more as brothers and sisters. Then no longer just as lovers of sex like the animal loves only sex and lives for that only in wanting it; but we will make sex pure. For it belongs for mating. For God trusted us with it that we would bring children, angels into the world—not criminals.

That's why the evil also lives for sex love; also the wild beast and animals have only that lust which is no love, but passion that so many humans misuse the Law of God, Who gave us His Son, Jesus, Who proclaimed the marriage laws. He even went to sanction it for the mating of children—that is for human love for child and no longer just lust. Jesus proved it by going to the marriage and even blessing and making water into wine, which meant that He gave the spiritual Vibration of Light as a symbol for humans, and that spiritual children should be born—no longer just for lust which proves today of wars and suffering.

We have started now a Prayer Garden with the Peace Prayer Vibration for the Superet Light Star Symbol in the Rose Garden. The Star heralds the Mother God Superet Light's coming of glad tidings to earn Light, the rainbow Peace Symbol future.

All must pray to repent and to forget then the past and sorrows, and start a new future, which the new

Star shows—that it will bring to this planet a new Light birth of the greatest Light which comes from God's Heart—the Superet Light. This wonder Light will heal and bless all alike to start a new and happy life.

The Light Aura Scientist's prediction of the Aura of the world has come now through, and also will in the future if you follow in the Law of Jesus' Superet Light Doctrine, His Science and Religion and Laws. He only lived in Them because He got Them from God direct—no longer only from men, but the new laws of Light Love which only the Superet Light can give us from God direct.

This Wondrous Science only now, in the Atom Age, could be found for new Human Atoms' birth, which the Revelation magazine reveals in Vibration of the Message of John the Revelator that the new Era will come of Light, and is coming now slowly to those who will follow Jesus' Superet Light Laws.

When you read the magazine of "The Star of the Future Heralds Future," you will be surprised at the great news for the world. There are different magazines which are needed to earn the Light Atom and to be prepared to feel the consciousness—not just thinking, but to be prepared.

I was reading a story of a man alone on an Atom bombed island; and his only friend was a Geiger counter, which chattered danger of deadly radio-activity. The Counter was the man's only companion that saved him night and day from places of radio-activity.

I had a dream where I saw the Saviour standing in a little elevator and calling me to come to Him. I came

running, for I love Him. He told me, "I am going to the pit to help some that are ready. Do you want to help me?" I was happy to help.

When the elevator stopped, I saw nothing but black smoke, and heard screams. The Saviour said, "Go out and wait for me until I return." I stood in that total darkness. But through the smoke, I could see a little of the black light that goes around in stripes and streams. I found myself away from the elevator and could not see Jesus anywhere.

I got panicky when I saw large snakes with men and women faces crawling towards me. I called for Jesus, but no answer, and the snakes were coming closer to me, spitting fire and smoke from their mouths and nostrils. When at once I heard the Voice in me saying, "Quickly pray for Superet Light." I did, and through my Light Atom heart a stream of Superet Light came and fell on their faces.

I could see that it hurt them; for I said, "In the Name of Superet Light," and made the Superet Cross, and the Light shone more. I could see they were scared; and they quickly turned and disappeared.

Then I saw Jesus standing beside me, and He said, "If you had not had the Light Atom earned, I would not have taken you to the pit. Now you can go any time alone and pray with your Light Atom for the Superet Light to come and evil will disappear—only with the Superet Name and Cross, because they see you have earned It by obedience to the Superet Light Laws. Not demonstration, but God."

I went afterwards alone, and found that it worked; so

I could help many in darkness. Even on this earth it works with humans that have undeveloped spirits.

Dear one, you can do the same if you follow Jesus' Superet Light Laws.

Grand Canyon Aura 1st Symbol

Why does the Aura of the Grand Canyon have the different vibrations, which at times, throw out certain colors of the within? Each stone has different Atoms showing the advancement of the development stage; and also the age of the stone with colors and the substance.

At night when the moon throws its light, the colors of the rainbow—like in the daytime—can be seen. The great Creator, God, Superet, over all Gods, Who has created all planets and Gods over them, has not missed the smallest detail on all His Creation. So He has implanted on this planet in His different stones, the blue print of each country with Atoms of different vibrations. For all must come to the development of a higher state of consciousness in mind before the soul of man can be awakened,—as all have a spirit and a body, even the tiniest animal, insect, trees, flowers. They also have a spirit and a body of their own kind.

But humanity has from God, a soul, the highest honor—of producing a Light in the soul which God has only given to humanity.

The great development of understanding Light will prove with their Aura Light facts.

Before we build, we make a blue print; and by that scientific mathematical chart, we build. Not only buildings, parks, bridges, etc., but souls. Learn the body Aura chart blue prints.

Dr. Trust, the Light Scientist's discovery of the Aura Chart, led to the human soul chart—to see facts, light in twelve light vibrations, which led to the facts of formation of a Light Atom, from which its Aura brought forth a small Light that grew according to the use of the Lord's Superet Light Laws. No other laws of light produced this light substance in color and of brilliancy.

You might ask, why? Even if you don't study as the Light Scientist did for thirty years about Light, you will know only by looking at the different lights on the Heaven and on earth in fish, eel, and lightning bugs that carry their own light electricity for self, and to help others.

On an ocean trip, passing a Lighthouse on Her travels, the Author saw many fish, large and small, following of beautiful colors, which were illuminated by the Lighthouse stream. In the dark when there was not a light, many light fish and eel sent out their light near the steamer, which also showed light on many fish.

There are many different lights that we use visibly; but invisible lights are more powerful. So we have within the more powerful light—only visible through the Aura to our eyes as we develop the sight. This in some way, explains to the student-seekers for Light of certain Laws of Light.

Let us now study when the Creator said, "Let there be light." He started the Light Chart—the Aura—prov-

ing with the sun, moon, stars. The planet life began. He then made the first male and female body, and put from His Spirit, Light Atom vibration of life in them. Humanity-life and all animal earthly life started with a spirit Atom.

Now let us watch how the Creator divided humanity by their vibration so that they all could have the Light vibration according to their vibration—like birds of the same feather of color only mingle together—and so started their language, humans' religion according also to their development and understanding of Light.

Now this great discovery of God's Spirit Nature Chart started with the creation of this planet, which is one of the lower and younger planets. The growth in the stones remained through all the millions of years; and you see them in the Aura imbedded in color, of the laying out of countries that the Creator in His Planet Light Chart created. No country could have started by itself—only as God designated it; and we then were born in it.

Ancient countries disappeared, but their Aura on stones today show—just like the petrified trees of millions of years. Their Aura shines in colors' vibration, their age and development of Auras.

Why do we also have different body Aura colors? They're all for a purpose of development for soul, proving with Light vibrations.

Let us study the Jews and old China, India, Egypt, and many of the oldest countries. They still cling to their old traditions, language and religion. So do the five hundred Christian religions, each to their own re-

ligious development of Christ's Teaching, which remained after 2,000 years in that teaching.

Christ, Who made the first Christian Law for men and women to understand, made the second Law for the spiritual man and woman to understand the spirit, which is Light—that His Religion was Light, and leading to God's Heart Light, Whose Name He received, the Superet Light. He then gave His God's Name to the Apostles of this Truth, of His Religion, Superet, saying, "My God (Superet) and your God (Jehovah)." The Apostles wanted Jesus' God, Superet God. This was the first start of Jesus' Light Religion, called Superet Light Doctrine, which led souls to the connection with God's Light. He said, "My doctrine is not of this world." This is the oldest Christian Religion, started by Christ. But It went to sleep, as man could not see—believe in the Light Atoms or Auras.

After 2,000 years this Light Scientist, Dr. Trust, a woman, saw the Light in the Bible with Aura colors, and brought It out according to the colors and vibration in the twenty-six Superet books—explaining with Auras—and started the Superet Light Church, the Superet Center, and the Prayer Garden.

The miracle is that the Author had no money, neither much worldly wisdom or knowledge, or Miracles; but in helping, healing humanity, that love started all Her discovery to Light, and the new Name, Superet.

How the discovery of the new Name started: the Light Scientist, in Her lectures to Her students, giving the Light lesson, says, "Remember how the Lord's Light lesson started which He gave to His Apostles who want-

ed His Light Religion. He said, 'You are not of this world; you understand me.' Now also you and I belong in the spirit Light World with Jesus. Even though we all live in our bodies of flesh, the spirit within us is obeying God, Superet Light, Creator of all Light and life. Superet—no other Light—vibrates God's Heart."

"Dear ones, realize, when I uncovered the new Name, Superet, my whole life changed. When I followed the Superet Laws, I began to live in another world separate from this world. This I considered was the proof I was not any longer of this world, but a real follower of the Lord in the Light."

Even if it is only a willingness, a spark already, you begin to feel the difference of this great Science of Light. Something new you have never felt before.

Now there is a "but" in you. This means if your mind is free to absorb this Truth just like your stomach must be empty for new food. It is the same for your soul. All sufferings will pass away of tears, sorrow, your old creeds, desires, ideas and the old life as you begin a life of joy and happiness. This can only come to a free mind. To learn this Fathomless Love to God's Light is given in this Christ Superet Atom Aura Science and Superet Light Doctrine. The Religion, a Science of Christ, was His Religion.

You will not just believe in Him, but will know Him, feel Him close to your heart through the Light vibration connection. This connection with Him starts your soul-heart beating with a new life, dear. Try and find it out for yourself. How happy you are now that you never were before. But, you must obediently, truthfully

follow those scientific Superet Light Laws; otherwise you cannot hold the Superet Light connection.

You know when you find gold, you must follow only that vein, and hold your mind on that point. You feel your heart jubilant, rejoicing—not just hoping or just having faith; but knowing the gold is there. And, as you follow in that Superet Law, you cannot fail to feel the Light.

The realities and facts you must have—not just imaginations. Realize that the Author, finding this Truth after studying the Light of nations for years and of all religions, cults, saw that Superet Religion had the most brilliant Light which no other had.

Souls' Aura Language

Why the valves of the heart are opening and closing?—for the passage of the blood which discloses the blood pressure. The same with our eyes—if we do not see the sun for days, we still believe in the sun; for it is there.

The sins created the substance of sick Atoms in you. Sympathy is a substance of feeling which clings like poison ivy. It will not help the sickness or sick Atoms. But, to be understood and overcome, to hold and to feel in your heart, love for God. Because God is love. Sick Atoms are filled with jealousy, hatred, envy, resentment, adultery, and not trying to throw them out—but excusing the sins and keeping it within so as to have all to sympathize with us, by telling all of our sickness and suffering; and all are sympathizing instead of saying, "Let's find out what sin created that substance of poison

which is laying in your Human Atom," to empty that Human Atom of that poison like the bowels must be emptied of food that harbors in laying motionless in the bowels and fermenting poison. So do sick Atoms.

God created the body as a garment for the soul; but we must keep it clean from poison. Where does the poison go? To each sense differently—to the teeth cavities to be filled; otherwise the tooth decays. So will the sick Atoms, which is different with the eye that is to be nourished with blood, where the teeth must be filled, but cleaned first.

You know the Ancient Canyon's name. Yes; the Grand Canyon—the greatest one of all. For there are thousands of Canyons all over the planet; but this has the Light Aura—the greatest—with the mark, shapes and colors with Light that not any other Canyon has or can have. Because, they do not have the age of the start of this planet which this Canyon proves—nor the Atoms of ages.

We are very fortunate to be here in America where the start of God's Blue Prints still remain after all those centuries. God must have designated this country as the mother country for all countries; because, we prove with facts in helping out every country, with help in wars, or in any trouble they are in. Not only with money, but love, cheer and forgiveness.

Our Kingdom comes from Heaven. The Superet Light is our Kingdom within. We do not need any other but God's Kingdom Name, Superet—but Light within us tells the truth if we belong to God's Light Superet. The Aura holds our name.

Now you will realize how important it is that every person, spirit, angel, must apply those Superet Light Laws to earn the Light Atom Aura. Not alone belief—but facts proving with the Aura your “light treasure” on your foreheads—the Mark of God, the Light Star or the mark of the beast, the black Atom with that substance. Even a belief alone cannot wipe it away—but the Superet Laws Light only, and alone, creates the substance.

Dr. Trust, Light Aura Scientist, making thousands of Auras of sick, good, bad, healthy, and religious people, learned how the Superet Light helped only through using the Superet Laws. Not through any other light Law or belief could this mark of the beast become dissolved. For this Superet Light is the greatest wonder in Heaven and on earth. The proof that evil wanted to destroy the Saviour for bringing this Truth of Superet Light Laws to us—the Truth stayed hidden for 2,000 years, until this Aura Light Scientist, Dr. Trust, through the Light Language from the Bible study, could uncover this wonder new Name, Superet, written in a white stone, in which Revelation reveals the new Name in purple colors.

Those were the Lord's last Words, given to John the Revelator, to write to let us know to “Seek and ye shall find” the New Name for God. Now It is found; and It proves works with facts, God, Superet.

Come and see the treasure of the heart Marks of Light Auras on our foreheads which this Superetist Light Brother and Sisterhood will prove with facts and in body healings and character changed. Your children can

never become criminals; as Superet Laws give the Light protection for Light substance. All Light has a different Law—the sun, moon, stars, etc.

Even now the sunken Sanctuary has risen higher—why? Guess!

To behold the handiwork of God, His Blue Prints of the planet, is imbedded in those Ancient stones like the Words of the Lord—His Blue Prints—which live today in the Light Vibration that the Aura proves in us after 2,000 years' karma.

When we read the Psalm where David speaks of a new God in whose hands are the deep places of the earth, and whose strength is the strength of the hills—this God is not compared to the impotent gods of the heathen. For He is the great King; and His Queen is above all Gods. For in His Hands are the deep places of the earth, and the strength of the hills is also His. This great God, Whose Name is Superet, is and was Jesus' God, Who is now our God, Superet. And His Light comes from His Heart to shine on us all—"we pray and love you, Superet Light"—for to scale Its heights with Light, The Shrine in us of Ages is in God, Superet Light. The ignorance are the deep places of the earth without Light.

How did the Psalmist know to give us those Words? He saw colors of Auras of so many years ago. How could he know? He was also inspired as he wrote those Psalms.

In the same way we now must realize this Light Scientist—even though only a woman—was also inspired to seek what She saw of Jesus' Words' Auras,

to bring forth after thirty years the finding of Jesus' God, Superet, Whose new Name the Lord gives in Revelation through the white stone, in which was written the new Name, Superet, with Its Light shining through, and in the unlimited vistas and planets. For this Superet Light was and is His Life which He shares with us all if we seek for It. And we'll never be alone when we become conscious of God's Superet Light.

This sunken Canyon has something in common with us and our sanctuary of the soul within each of us, Why? Because, each of us has unexplained vistas, and can see in our Aura vibration no longer stones of unbelief—but becoming conscious of the Presence of God everywhere through Mother God, Superet Light.

Color has a language. The Canyon's 12 stones' language is now revealed.

The Scientist is describing the stones' life color vibration of authentic rock, pictures, stones.

EXPLANATION:

1. Raibab, late Permian age—525 feet, white
2. Late Permian age—Conconito, 350 feet, yellow gold
3. Late Permian age—Hermit Shale, 225 feet, brown red
4. Early Permian age—Supai Formation, 825 feet, light brown pink
5. Missippian age—Redwell Limestone, 500 feet, grey bluish
6. Devonian Limestone—0 to 90 feet, dark grey
7. Cambrian age—Maur Limestone, 100 feet, greenish

8. Cambrian age—Tonto Formation, bright angel, 850 feet, light green silver
9. Cambrian age—Tepeate Sandstone, 225 feet
10. Vishnu Schist—oldest known rock, different colors of rainbow
11. Rock of Surface on the earth—feet like coal black
12. Archean age—depth unknown, white yellow spots, purple

Those are the twelve stones leading; then some of the lesser stones, and the small ones grow on the surface.

This great discovery of the Grand Canyon started by the Indians that built their homes there until the white men discovered the beautiful formations on stones with the Light colors shining on them. Then Dr. Trust Who is the Expert of scientific Aura Discovery, found out that the Aura of those stones was Ages old. Not only what man discovered, but what She could see with the vibration of Ages of the spiritual meanings of the great Secret of the Creator's two Symbols.

The facts of the Aura Light Scientist, Dr. Trust, of how She captured the Light Vibrations of the Canyon in the symbol of the Parent God, of the two symbolic Symbols, are called one, the Father of the Grand Canyon, and, the Mother God's Light Atoms in the Painted Aura Desert—radio active life-giving.

This, only God made, as no man's hand could ever have created the Atoms' Light as Dr. Trust saw in the Light Vibrations with the Aura Language describing it—explaining the substance—as nature differs from the spiritual atmospheric Vibrations that are all enterchanging and purifying some of the twilight color and other

shadows, glowing into a lustre and brillancy of the sun.

Now how those pictures are even more beautiful, and also taking place in us when we develop the Light Atom's substance with the heart feeling in ourselves with the Aura and vibration proving facts.

Therefore, this old Ancient Grand Canyon also has a heart, but of stone of a superlative value. For many of the human experiences of these stones show color vibration values of the esthetic, which seem to predominate with the Aura of colors in them.

Inherently, most people are sensitive to the Canyon's rugged beauty and its ever changing big panorama of rock sculpture which is played upon by the changing atmospheric vibration conditions.

There is an awareness of what might be called or termed an uplift—a sense of having an experience of which we have a right to believe will become, and is an integral part of us in the Atoms' Aura and vibration, proving facts of colors and Light with facts in our Human Atoms' Aura.

This is proving now, that without Mother God Superet Light, the Grand Canyon would have crumbled without the Almighty Mother God's Superet Light Aura—as She works silently through Her Superet Light Vibration.

Painted Desert Aura Facts, Second Symbol

Even in the evenings and night you see the colors changing. The wonder I saw—that etherial Aura pipes were holding the Canyon's Aura. The Painted Desert was sending very small vibrations or streams which were coming and uniting. All were coming with colors from the Aura that the Painted Desert holds—its Ancient Atoms that are under and above the surface. Some are gleaming of the Heavenly colors, which surely the Allmighty Mother God, Superet Light, is sending. For, in creating Light is to be united with Father God's Creation. For His Canyon is old of Ages with its Century old blue prints to uphold, united with love and with colors' light, the life of the Canyon. For all are healing and holding up the ages substance of the stones for the past centuries.

I saw once in the morning a heavenly greenish light slowly rising on Jacob's ladder; then a yellow light appeared, showing the Vishu Temple. Then the snow scenes of Isis Temple from Maricope Point having a fine veil covering, emerging and disappearing suddenly. Then at night I saw in the dark the rainbow submerged like a sunset over the so-called sinking battleship leading to the Angel Trail.

There are very many old forms of buildings. Some are temples. In the center you see the Ancient Palace for the different Gods and Goddesses in some of the Temples—proving forms that they worshipped female

Gods—not male Gods alone. Also the different animal Gods whose color I saw of greenish brown, blue and orange colors. For even at night you see the different colors that are not the same then in the day. Even in the dark.

One great wonder was that there was hidden in the rim of the Canyon, a small church that looked like the Superet Church, sunken below some of the other large buildings standing high. When I saw this wonder, I knew that the Superet Church God wanted it. I thanked God, “Beloved God, Father Architect, You made this Canyon, surely as Your Symbol—the start of the world with Your blue prints, making the new Aura unite with the old Auras and the Light Superet Streams from the Allmighty Mother God sending and holding the Light.” Realize, even in storms of lightning, snow and thunder. And nothing is broken or disfigured for centuries. The start of the world is still alive. It seems unbelievable, but it is true.

The Lord showed me in a dream later, again, when I saw the Auras intermingling in the different places of the Canyon that were showing a pink color—the start of mountains-formations—the oldest known life; even the Dinosaur tracks and the age of fish, and the earth’s oldest rocks, black, in the block diagrams of events of the first Era. And the Voice said, “It is true.”

Now the Fish Era shows that the fish were rulers of the one Age during the Deconian times. The plates and scales of the fresh water fish were found and preserved in the lavender rock; even in this Age.

There are large amphitheaters, many alcoves, caves,

and tunnels that have been stained a bright red in iron; and with the sun shining on it, made it look more brilliant. And the Aura at night made it in a pink color, visible with silver and red.

The fourth Era shows the earth history where large reptiles were dominating and were Gods at that time. And some of those formations are found in coal, inlaid with silver.

The Painted Desert is the most beautiful in color and flowers. It holds the Aura of Light life, where the Grand Canyon holds only the blue prints of this planet's start of life.

Why there's no longer the lucky stone—you do not need them when you look at the Rock of Ages, and take a chip from it, which is the Gospel of God for souls, with Mother God's Superet Light shining in our souls. This is the greatest wonder on this Planet: for this Light in our souls will never disappear, but grow.

Now this planet maybe will disappear like the rest of the planets; but their Light Auras rise into formation of new stars. But our souls will be shining as stars forever, and worshipping Father and Mother God's Superet Light.

No longer just needing the earth's history, but the soul's history, which will prove a Footstool to Father and Mother God, as a Footstool when we rise higher in our Auras to carry us. For our Atoms hold the substance of the Spiritual Electricity to go higher and higher. As we show our love to God, Superet, Jesus' Parent becomes also ours. Then no longer tears but joy when we follow in His Superet Light Laws.

The Creator's Symbol is a symbol of Ages, that shows the Foundation of the Grand Canyon, which also shows with the strength of the toes of a foot standing in the ground, and with the heel upwards.

The Aura that emerges out of the heel is in golden and green Light intermingled, showing a torch of Light on the side towards the Painted Desert which is of a golden leaf shape, throwing out a code to the Painted Desert. Also it looks like a Light House to show the world the planet's start in a symbol for the Creator's worldly planet, for it to become now spiritualized by the Painted Desert Atoms' Light sent by the Allmighty Mother God with Her Aura to uphold the blue prints of Father God's great Architectural Drawings. That's why it is called the Grand Canyon—above all canyons; because it reveals unbelievable treasures.

The truth is, the vibration in that Canyon shows a city within—which is lighted up by the spiritual Light not made by man's hand, but by Father and Mother God's Superet Light Protection.

The Light Scientist, Dr. Trust, says, "But it holds not the wonder Vibration of Superet Light Vibration which the Superet Books hold, that are feeding souls that are willing souls with the Superet Light Vibration, and of thousands of healings and miracles also proving, and with Christ's Picture Which came by Itself on the Author's photo."

This little wooden Superet Church started. It also holds the Power in feeding the Prayer Garden and the Auditorium with the Superet Light and Laws of Light for souls: for It is charged with Father and Mother God's Superet Light Love.

The first Superet Church was in a little wooden building in Jerusalem in the upper story, which Jesus started when He gave His Light Vibration in the bread and wine in giving the Apostles the Communion, Whose Aura Light they saw in partaking of It from Christ's Hands. They saw Light.

Now this is the second Superet Church—not in Jerusalem, but in Los Angeles—with the Light Aura showing Its colors as facts in symbols with the 26 Superet books.

And now we have to become consciously connected within in soul with the Creator's Light. It is Jesus' Religion, a new Birth of soul started—not just personally speaking only, but soul, with the Aura proving Light from following Jesus' Light.

Now His second coming He spoke of, "Like a thief in the night," coming to take the darkness from us and to give Light in return from His White Light.

Just as the soul is the spiritual Light of the Canyon, now revealed is the Grand Canyon's Aura which shows the treasures in the Aura. There is underneath great treasures; also many minerals, oil, gold, and an Ancient city of the Stone Age.

The wonderful part of this Canyon is that it would rise above all, and nothing could stay over it, or cover it up; because, the Aura of Light throws all other dark Auras out so that from the Desert Light Atoms, the Aura Light could come and stay all the time.

This symbol of God's Spiritual Symbol of the Canyon is showing outside with Light on the material surface on the planet in blue prints. Now this symbol also, ap-

plied to our body's material treasure, is the soul within, showing the Atom of a star within, fed by the Superet Light—and the Aura showing with vibrations that the body and the twelve senses, or blue prints, are kept up by God, Superet, through Jesus' Religion, His Superet Light Doctrine.

The stones' wall in Jerusalem holds many tears and the cries of the many Jews that were praying and hitting their heads on the stone wall which has been done for years; and the shape of their heads was impressed on that stone in deep holes. I heard them crying and praying. Women were holding their babies' heads to the stone wall, holding them until the children cried—which was their prayer. They told me when I asked them why they did this—a sacrifice. Now their sacrifice was accepted, for Jerusalem is theirs now.

Christianity did not live in Jesus' Words of, "Love each other." For they lived in strife, fighting each other—so they could not share; for they gave no sacrifice of forgiveness to them.

This proves we can get nothing without sacrifice. Gratitude to God must be first in sacrifice to our churches in helping to uphold God's Home. Then thanking God for His Love.

Without sacrifice of the lambs the Jews could not keep their church symbol of purity. For they did not have Jesus' Light.

Now think of the humblest canyon—the Lord's Stone Home in Bethlehem. For It is in the mountain, cut in a stone. Why God wanted the stone to be His Home—for It will stay as long as this planet lasts.

The shepherds built their little stable inside in that mountain and canyon to keep warm, and for the sheep bearing their lambkins to be protected from snow, rain and the cold.

When I was there Christmas Morn and heard the shepherds singing Christmas carols way down in the valley, and the sheep singing with them, I went on my knees crying, praying that this great Son of God could come to us, even born in a stable. He could have no other home because the animal stable was cleaner than the humans' homes. Some are infested with elementals of darkness, hatred, anger, filled with adultery—not much love for God, but only for bodies and self-glory.

Now God calls us to awaken—showing through the Atoms in the stones, that they live and prove their color. Not just talking about the Saviour—but speaking with actions of His Life of purity with our Aura and vibration proving our Light Atoms' life in us.

The Ancient Stone Canyon of Ages is the Grand Canyon, which was found first by the Indians whose facts were proven by their pottery they left.

You will see the forms of cities, of Isis Temple, and many different Ages of cities, temples of old and new times, which are plainly described in the stones with shape and colors of their Aura—which you will admit when you see it. Also the moving power of God in the unlimited vistas also in your heart. For God's Presence is everywhere where the Light is most in soul developed.

The stone in all canyons live; so must our soul-heart live forever in the canyon which is our body on this earth.

Now let us pray more, and watch that the prayer be answered; because what you desire, you will have. Remember that you want Light Atoms so that you can face God someday with a beautiful soul. You must earn it now. Come, awake. Make up your mind you want Superet Light.

This Superet Light Atom Aura Science does not make believe, nor is it man-made. It is Jesus' Light-made Science. Do not pass It by. Those words are love to you from my heart to your heart, dear ones.

You ask, "How can only the Painted Desert Aura give Light to the Canyon?"

The proof we have here is not of the many different canyons. Why have the stones of the many other caves and mountains almost disappeared and broken up? Many broken stones have been found way below the oil wells in the oceans. How were they broken up? We ask. Maybe by earthquakes, etc.

Now you will ask, how can it be possible that the Grand Canyon that is all stone and rock has revived the life of the stone all those years since the beginning of the world and has not crumbled in any place in weather and storms? How can this be possible? What proof is there that this is true? Why is it called the Symbol to the Creator for this planet?

What proof has Dr. Trust, the Light Aura Scientist? With facts of Light proving. Whoever would like to know will answer those questions and Dr. Trust will answer you: That the Painted Desert gives Light to the Grand Canyon, so it has been preserved through Mother God's Superet Light Aura.

There are many worlds past; and all decayed in death, with nothing left but ruins, most of them. Some of the past have left something in vibration—maybe the name of good or bad.

“On my visit to Egypt, I saw the Pyramid,” says Dr. Trust. “When I came out of the tourist bus, an old Egyptian man approached me of all the other of the fifty tourists, and said he wanted to talk to me. I asked him why? He said because he saw a light on my head not on anyone else. I answered him, “You might be mistaken.” But he said no because he could see the Aura from childhood; and he knew, as he had studied many Auras. I rejoiced to talk to him that I also could see the Aura since childhood, and this was now my science which I had studied all my life for the purpose to find Jesus’ Light, and how He developed It, the Laws of Light, and lived in them.”

The Egyptian had the belief of the Pyramid Stones Age God. I asked him to show me the Pyramid and to tell me about it. This Pyramid was built of those perfect stones with one hundred thousand men building it. He gave me, for a souvenir, a little piece of one of the stones that was broken up from the Pyramid stones, and told me it would bring me good luck.

Now this proves to you that no matter how you take care of stones, or how holy you call them, they will crumble. The Pyramid is very holy to the Egyptians with their church inside. Even when you look at the mountains that Jesper climbed, they are crumbling, and some stones need repairing.

Look at the Stone Age where people worshipped the stones of Ancient races. All disappeared. Even some of

the petrified trees I saw when I was in the Petrified Forest—some pieces of those stones that were broken off were called holy stones, which are centuries old. Their Auras are imbedded in the petrified stone tree. But there is something of a miracle greater than all stones: That is of Joan of Arc's heart when she was burned at the stake for Jesus; as she also could see the Light Aura, and proved it, as she fought for the Jesus' Light Truth. Her body was all burned at the stake; but her heart laid on the ground, not being burned or damaged; and is still seeming alive in a large glass case. When I was in Paris, the people prayed to her to earn also her love for Jesus' God, Superet.

God Superet Light Gives Soul Life

God-Father's Love to Mother God's Superet Light—She, the Creator of souls, the Wondrous Beloved Mother Creator of souls with Light—is coming now closer to our planet and hearts, which started through finding the new Name, Superet, to realize Father God Superet, Creator Who gives life to all humans and spirits. He is the Heavenly Parent of Jesus Christ. He wants us all to love—not just believe in Him, but to live in Jesus' Superet Light Laws to earn the Light like He earned It.

The Light Scientist, Dr. Trust, says, "My life was empty when my mother passed on and I was left an orphan. The only joy I had was with the God-given

gift to see the Light and the Aura of people and spirits. I could also see the Aura of animals, flowers, etc. This started my life's study with the Bible of Jesus' Words in Light shining, which made it possible to find the new Name, Superet, and also the Almighty Mother God, Superet, to find a greater mother's love that would never leave me or anyone that will love Her. For Father God's Love is Mother God, Superet."

"There is nothing greater than a mother's love; but realize, the Mother God, Superet, gives us a greater Mother's Love. She will love us forever. Let us prove it to Her with our obedience to the Superet Light Laws. Only then will we prove our love, and earn to draw Her Love Light, Superet, to us with Her Help and Protection."

"My prayer came true that someday God Father would send Mother God's Love to me. One night, after I had found the new Name, Superet, I had a dream that suddenly the Heavens opened up, and a great Purple Light Stream came floating to me. And a voice said, 'I bring you Mother God's Love.' I saw the most beautiful Face with a gold Crown and Star of Purple and Gold. She opened Her Arms. As they were outstretched to me, I saw diamonds with purple fire shining through Her Garment, saying, 'Tell the world that you saw the Mother God, Superet, the Creator of souls; and that Father God's Superet Love will go to all that pray to Mother God's Superet Light. But all must prove to obey the Superet Light Laws for all to earn the Light Atoms, proving with their Auras—not just words.' "

When I started the Superet Light Atom Aura, then Jesus' Religion was found to be true. He said, "My doc-

trine is not of this world." This is His Superet Light Doctrine—Jesus Christ's Religion—a book that is called the "White Bible of Superet Light," taken from the Old Bible's Light of the Old and New Testament. But Jesus' Words of Light are shining all through with Light Vibration in the Wondrous Superet Light White Bible.

Superetist students, you will read the old Bible with the Superet Light White Bible and know more of the meanings and facts, which prove with the Light Vibration Language the facts and truth of Jesus Christ, Who suffered to bring to us the Superet Light, which is the only Truth, and the highest Light over all Lights.

Mother Trust says, "So help me God, this is the truth. Facts will prove to you when you learn to see the Aura. Study the 26 Superet books with the Old and the Superet Light White Bible, and you will feel It."

Learn to have patience—for the soul lives forever and needs Light.

Your patience is tried to see light—not just belief. For it is necessary for here and hereafter to earn It right now.

The Superet Light Science is giving you the Laws how to have patience. Find your objective. Analyze of what you now intend to do; then find what your real objective is. Have no aggressive thoughts or of doubts within, but faith in Jesus' God, Superet.

The fabrication to doubt in you comes with darkness from your past living in sin, and no longer is of frightening you of hell, but how to earn Light for God with faith; otherwise, you will never learn with fear to love God with your heart-feeling, but only with the mind belief and fear.

The Superet Science Light Laws teach Light methodically, scientifically with the Light Vibrations Auras of Eternity facts' Light and spiritual real religious obedience to God's Command. And the Superet Light Laws you will love. They are so easy.

When speaking in lectures, instructors, always start with, "God Bless You."

I appeal to your hearts, women, mothers, sisters, young girls—all you women that read this story. Realize what your suggestive gowns call for. You must someday make that good—of what you have done to your own souls, to others, and to your children's souls. As Justice, God demands from all, and to obey His Commandment, "Thou shall not commit adultery"—which your gowns of today are doing. Consider; be modest. Know there is nothing like a woman or girl modestly dressed; then every man respects and knows who he is dealing with.

Men want to help; and they also have so much good in them, and trust. And believe them; for they need kindness, love, cheer and help from women.

Let us women unite. We've started the Superet Prince of Peace Club. Write to Dr. J. Trust, Aura Scientist, for information if you would like to enter in the woman's club, which is free of charges, where you will learn to see your Aura; and also help you with your Aura garments—if you desire—of beautiful colors and more stylish that I designed in Carnegie Hall for many millionaires. Coming to Los Angeles, I gave it up for lecturing and writing some books to bring out this Superet Atom Aura Science for churches, teachers; colleges, in different languages translated. And I have

developed teachers with diplomas for this work which you also can learn.

Now we are ready to start a new class of the Aura, which will be in our beautiful Aura Auditorium, built for this work. We will have entertainments and help for your children; for I will personally help and advise you. The Aura gives help to your children, and I will advise you with their Aura as I see they need help or healing.

Many mothers in the past brought me their children of criminal desires, or their minds deranged; and today they are lawyers. One is a judge, men of great ability, musicians, singers, ministers, teachers of schools.

This Superet Science is for all religions, and has never failed to help. Not one child became a criminal, but are the finest men and women that you will meet when you come to our Aura College.

Remember, this is a Science to help; and how you will be happy, as your children will obey and love you more. Come any Tuesday evening at 8 p.m., and get all the information; or write us or telephone.

Do not miss this opportunity. You are free to do as you like. Remember this is a Science of Light and Aura Study—this Prince of Peace Club. Also you will learn the greatest knowledge of Wisdom and your children. And Dr. Trust, who is called affectionately by her students, Mother Trust, will help you as she helped thousands of other women and children.

Even on Christmas Morn fifteen years ago, spending Christmas in Bethlehem, I started the Prince of Peace Movement through the governor's wife in Bethlehem which many women helped with and their men. The

start was with two hundred that grew to seventy-five thousand—so you will know how all were helped. So will you be. It does not interfere with your religion or nation. It is for all religions and for all nations—but strictly Jesus' Words.

The woman Age has come now; so help to show all men that women are ready to help to bring peace. For man alone cannot do it. Let us women prove it and start with the Aura, and also Aura garment that you yourself can do.

God bless you women and mothers, and girls. For the Allmighty Mother God loved the Holy Mary. For She was pure and loves you all if you follow; and will help all mothers and women. For the Allmighty Mother God sends to the world Her Heart Superet Light with love, with Father God, to all their children, men and women alike with Blessing and Help. For the Allmighty Mother God, through the Holy Mary's virtue, prepared her for the birth of the Prince of Peace, Who also was virtuous and helping fallen women like Mary Magdalene, to come to the Light to learn of His Superet Light Science.

Let us all join in thanking our Allmighty Mother God, and pray to send Her Healing Superet Light to us all and our children. Only the Superet Light can bring peace and healing.

Now pray all you that are or going to be mothers, women, teachers, spiritual mothers—all unite to bring and to teach facts to all children with your Light Auras to learn to follow the Prince of Peace, His Aura of Light and love, to pray to the greatest Love, Mother God's Superet Love. Her Aura of Halo Light of Superet will save you.

This Truth comes from the Prince of Peace. He said, "Follow me (His Laws of peace and of Light)." He also said, "I will send you the comforter (Superet Light)."

Women all over the world, God has chosen you to help souls and your men, and children; also your own soul first. As you bear children, watch their Aura.

Girls, start your life honorably, clean. Love God above all men and children through God's Love; then you love and help everyone alike. And you girls that have given your life to help others, God will reward you with Light.

The Aura Light Scientist says, "I am also a woman. I fought for women and children for years to help them when they wanted to commit suicide, or to leave their children to run away with another man. Many were sick and wanting help, also many have come unwed. I helped them to take care of their children.

I will tell you a little story: Once when I was in Carnegie Hall lecturing, a man came and said, "I want to commit suicide." So I listened to him as he was crying and telling me that he had been a clerk for six years in a bank, and that his wife loved only clothes and jewelry, and that he had to steal the money so she could have them and wouldn't leave him; that his books would be examined soon—what could he do, as he wanted to commit suicide, but what would become of his three children—and if I would please help them. I said, "Yes. Go at once to the bank president and tell him what you have done; and that you will pay back, and I will send you help, as I know many rich people that are coming to learn in my Aura classes to

see the Aura, and, to help their children." He was helped and the money was paid.

And now I can tell you of another desperate man that tried to commit suicide twice on account of the woman he loved. She did not, but lived just for fashion. He came to the Superet Church in Los Angeles—as I was helping in the Church—telling me he had tried to commit suicide, and had come from the hospital, that doctors had pumped the gas or poison out of him, and that he was very weak. As he was passing the Church and hearing some singing, he also had heard of the Aura Scientist, the Pastor of the Church, and of Her many healings through this Aura Science; so he had come to get help and advice, as he wanted to die—he could not live without the woman. She only wanted money, dresses and he was poor. He joined our Superetist Brotherhood which at once helped him; and today he is happy, loving and serving God.

Having been for years an Aura Scientist, and for many years in the Aura Light study, I can tell you stories that you would hardly believe of the heartaches and sorrows. All lead mostly to fashion of immodest dresses for women through which men have become infatuated, thieves, criminals, in arousing their passions for money, and losing their souls.

Painted Desert Gives Light to Canyon

No picture equals the Painted Desert. Not just with its beauty of colors, but the Aura holds the Secret of Ages. For it is centuries old, and started the same time with the Canyon of the Symbol of Father God's Architecture. Now, Mother God's Superet Light.

Why is it that they are both about sixty miles apart? For one reason—the Light Vibration which looks like a hair in pipes coming from the heart center Atoms of the center of the Painted Desert; for it has to touch the different minerals of the earth for the material ectoplasm to be gathered for the stones' minerals and Auras, which are fed by it. But the inside is the spiritual Aura, giving and holding Light in the heart Atom from the Painted Desert's spiritual heart, which only the Allmighty Mother God, Superet Light, can provide; and so keep connected with Father God's Creation Canyon's Symbol—the two Symbols united, through Light with America's Aura.

The symbol proves this Truth—calling it the Painted Desert not only with just the outside picture; but it holds the deeper meaning which Dr. Trust found through the Aura study of the Canyon and the Desert—of how both are connected, keeping this up for centuries and ages. This secret is now revealed.

This also proves that the start of the planet life was started in America. As far as the Author can figure by the Aura, it would be the Painted Desert reaching out

to the Grand Canyon, and the Petrified Forest giving Light.

The wonder of it is that America should be the place of Birth and not Europe. America has become the Mother country for this planet without realizing the fact. The Aura of America proves it with its Constitution. Never has any other country of Ages of the past or now has it or had it in such love vibrations started; and the people were not conscious of Light, but were seeking love from God.

How wonderful is the Light Love of God for His children that seek His Light, Superet.

How the Aura of Mother God's Superet Symbol gives life to the Canyon. As only a mother can feed her children, so Mother God Superet, is moving with Light in a dead Desert—that is a symbol wonder—called, in a Desert. But this is no longer solitary or barren. It is with Light chemicals now filled—a spiritual Light Desert with beautiful Light of different colors; and a rainbow with flower bedecked hills, mountains, which are the most beautiful in the world. There is nothing like it. Day and night the Light of different shades come out of the earth of those different minerals and unite with the Heavenly minerals, forming an electricity of a store house to hold the dynamo of colors and the power that travels for even eighty miles to give and nurse, and to hold up the Grand Canyon to Father God Superet, Symbol. For this marriage of Light is united, and has become a Light planet, and also a symbol of the start of the world—as it is ages old. America will live when other countries disappear.

From the beginning of this planet, both started to

create this world. Father God with the planets material and material Light, and Mother God Superet, with the spiritual Light Superet, and the Superet books which will feed your souls and live forever.

This miracle of nature Architecture had to be made first with the starting to build the world, to be designed, divided into countries, but without the spiritual Light which the Mother God's Superet Light gave, which was like milk to the baby's life, and also for the growth of the baby to keep up the feeding. Now we see here the same—also for the upkeep and giving life to the Grand Canyon for the stones, which were carved and started by the Hand of Father God, Superet Spirit for spirits—Mother God, Superet, for souls.

When you see it, you will notice how all the colors change from one color that is different, to the other; also those vibrations are the same at night. As the colors are changing, all are traveling to bless us. This is the spiritual radium, the invisible light that throws out the invisible, but becomes powerful. For the hidden Light radium chemicals in Atoms under the earth, throw out their radium vibration and mingle with the center or heart of the sun's stream vibration. The sun radium unites at certain times, which the Aura proves at times with greater brilliant colors suddenly starting and quickly traveling around the Canyon, and then disappearing to come forth in an entirely different shape and color again.

Now the Aura from the Desert shows in three etherial long large pipes: one underneath the earth, one on top of the earth, and one above in the atmosphere from a starting point on a hill that works inside like a vol-

cano filling those pipes with the different colors of chemicals, and the Atoms bursting; and then throwing the Light radium into the sun rays which shine on them and produces the glow at night and day that it seems uncanny. But it is spiritually a natural Method and made by the Creator, Mother God Superet, Who holds the Superet Light Radium, and Who gave birth to all spiritual Light like Father God gave birth to all material and the Heaven's Light of sun, stars, moon, planets.

One God's Superet Love, Our Heavenly God Parent, is Mother and Father God, Superet, united as One, but is also made of Father and Mother God's different Light Atoms' Vibration like our material parents as one parent together; but both have different Atoms and machinery to produce the body of a child. Now do you realize that both are needed? For the mother creates and brings forth the child. But the Allmighty Mother God gives the soul life to your baby; and Father God gives the spirit life—our real Parent of all our parents.

This Wondrous Light Vibration Dr. Trust described when studying the Aura of childbirth—where God Parent shows with both, the different colors and vibration of chemicals, the spirit chemical. For it differs in size, shape and color, which the Aura proves. God Father wants Mother God, Superet, to be known now.

This scientific phenomena of the Aura always tells the truth like your photo. Even though you don't believe it, but it shows facts. The same with the Aura proves facts of Mother God, Who created our souls.

The Superet Light Atom Aura Science is the greatest study in the world, for it brings to you closer the

Laws of the Superet Light. For the consciousness of your brain must be prepared with Atoms—first in your mind to be fed and kept to digest it; and to feed it with Light consciousness before you can believe in It. For It is so great and marvelous, and so natural and simple—as God created everything so perfect. It was not alone one mind, but two minds, two hearts of Father and Mother God, Superet, Who is one God, made of Spirit and Soul.

Let us thank God, and know we are His children—and the Light Aura when you learn to see it.

The Wonders of Wonders is the greatest of all in Heaven and in earth—the Love of the Almighty Mother God, Superet, the Creator of our souls. Realize that only the Superet Light comes from Her Heart like the milk from the material mother's breast to feed us.

The Lord Jesus prepares us how to receive It by His Light Laws, step by step; but He cannot give It to us. We all must earn Light steps, His Light, before we can become connected to the highest Light, which is the Superet Light, Mother God, our Comforter and Saviour, the Holy Ghost.

Let us love and pray to the Almighty Mother God, that we can earn the connection before we leave our bodies to travel in light Heavenly Homewards to God.

We read that the nature scientist's discovery is in making rain and also artificial earthquakes by detonating tiny dynamite charges in the earth. The scientist also could analyze the earthquake waves—the type of underground material through which the waves passed which had to clean the air.

Now this is employed for the archeological research

and recorded by the seismographs; and by studying the waves' record, they were able to learn what type of construction, sand or stone ruins lay beneath. These tactics cannot be applied the same with the Aura of Light.

This Light Aura Scientist says of years Aura work, "Secrets were found scientifically that only by seeing the Aura and studying the development could it be found. The outer Aura was photographed, but not the inner of the soul Aura. This is entirely etherial, spiritual, from the soul—where the body's Aura is more material, more visible to your eyes."

The Aura Scientist, born with the gift of seeing Aura's Light of soul and development of Light, found the Aura's life in humans and spirit differently. Dr. Trust says that the Auras of the Grand Canyon and the Painted Desert are connected and working with spiritual Atoms which show the Aura's light vibration positively in the working of the Spirit of God in us, and also as a symbol, but a Light Symbol of both Father and Mother God's Light, Superet—the spiritual connection of centuries that no other light could hold—this vibration of the Light Dynamo.

The Painted Desert Region of Arizona is the Ancient Landscape that also has the foot impression of the Dinosaurs in rocks. There are found, proving also, hands of 20 fingers' prints of some people in those stones of Ages which were later apparently formed from the river deposits of sand that stayed and formed new stones.

I have seen in the Petrified Woods, trees that had a nest of birds, and also of animals, petrified of ages. That

shows also the nature Aura imbedded in it that lives; otherwise, it would crumble. The Aura gives life.

We learn secrets in Auras that are unbelievable, but are true. The rainbow of the Painted Desert, in one place, is seen in the sand of ancient dunes. In another, you see the border of an earthly sea that is still there—proving the oldest and known life of ages, the oldest forms of life represented in rocks of the Grand Canyon of the Ancient countries and new civilization starting. You see the forms of humans and animals of the earth's history karma.

This all represents a period, probably as great as all of the subsequent life from the beginning after revising the chapter of the world's history, and witnessing the procession and the slow but steady development of all life through the ages. The old race proved of basket makers and pottery, also of the small one room houses. The Hopi Indians are considered to be the modern representatives of this group today of ages old when the first Americans were found and allowed us to live here. Let us prove to be real Americans and protect our country.

The symbol of water proves it takes water Atoms to make rain. It takes Light Atoms to make Light. Now a rain scientist discovered that he could produce rain by spraying clouds with water. His system is so effective that just one ton of water sprayed on the base of a rain cloud produces 1,000,000 tons of rain. It is more effective on the low hanging clouds.

This rain scientist predicts that two more years of basic research may be necessary to learn all the facts and possibilities of the water spray system.

Dr. Trust, the Superet Light Atom Aura Scientist, discovered with a scientific research for thirty years in seeing the Aura of nature and the Human Atom—of how they differ in color and light—predicted to the world scientists at Carnegie Hall of harnessing and combining the nature Atoms that the Light chemicals' power could be used. Now the Atom Bomb was developed, and the scientists now believe Dr. Trust, and do not laugh at her discovery. She hopes that the Atom Bomb can never be used to destroy, but to bring forth the power for a greater electricity for Light and machinery to help—not to hurt.

The Aura Scientist, Who was born with the gift to see Auras of humanity, for years in study of thousands of different Aura Charts of basic research of religions, nations, with their Atoms Aura proving of their amount of light, found the Light Laws How dark substance of sick Human Atoms proved the vibration of the dark vibrations in the Auras, of How they can be harnessed before they would break open and bring forth malignant disease, and also in their place the Human Light Atoms would be born. "Ye shall be born again."

Dr. Trust, Founder of the Superet Light Healing Method, is giving the greatest discovery to all humanity through the Superet Light Atom Aura Science Laws in the free lectures of thousands of different diseases—some patients of twenty-seven years ago were healed and stayed healed all those years. Facts are proven here, and many blessings; even with the Los Angeles water which about twenty-seven years ago, Dr. Trust went to see the Aura of dark colors, and had it at once cleaned out, which saved many from sickness and disease.

Canyon's and Human Aura Secrets

Why and how, the twenty-six Superet books with the twenty-six languages? All are holding the Auras of the different Light Vibrations in the Atoms' Auras with Light colors. The same with the Ancient Canyon's Aura's Vibration, which differs with forms, stones, language and figures. The Canyon Aura spirit unites with the Painted Desert Light Aura colors through and with vibration with the etherial pipes that are filled with the etherial light substance which is the spiritual Light or Electricity; and so supplying the Canyon's Atom or spirit. For this Ancient or Grand Canyon Life is known now for the oldest one, but has not been known in Science before; for it has never been analyzed through its Light and Aura.

Now its treasure has been found—as a God's symbol—revealing the Creator's Spirit Atom's Aura in Blue Prints of the start of this planet, which is now through the discovery of the Light Aura Scientist in seeing and examining the Canyon's Aura, studying and watching the changes taking place of colors, only to find the Light feeding-station in the south-west, of which the Aura vibration was showing the fine hair long pipes leading from the Painted Desert to the Grand Canyon.

In the study of the Aura of the Grand Canyon, those colors proved the same as the Painted Desert Aura colors in many different stones of the Canyon.

Dr. Trust calls the Painted Desert, the Symbol of the

Allmighty Mother God, Superet Light. She is the Creator of the Blue Prints of beautiful Light colors, which proves the Love unity of Father God in this world—the Light Creation united with Mother God of all planets, proving the wonderful Parent God, Superet, to all Vibrations with Language. It is now coming to Light; as the Light Scientist, Dr. Trust's Discovery now proves through the two Symbols' Aura of ages old.

Never has the Grand Wonder Canyon's Aura been scientifically explained before; neither the Painted Desert Light upholding it—this tremendous treasure that had to be kept up all those Ages of Ancient histories—for all have passed away, and are dead. But not this Canyon of stones that has been kept up by the Light of Mother God's Superet Light with the Aura Light keeping it.

We have now the symbol of Mother God Superet, and Father God, united with Light, the Blue Prints of the Aura. The symbol lives in their Atoms and Auras by vibration proving, which also shows the same in the human parents' colors of many passed incarnations that parents have; and their children's spirits prove by their Auras with colors and vibration, and their healthy Light Atoms or dark and sick Human Atoms are proving it.

All are facts with the absolute truth proving the Aura. The same with your soul, spirit and body which develops with the Aura. Spirits have Auras like people, but only their body is gone to dust. So we will continue the same; but we must have a soul of Light developed in this Atom Age.

There are many spirits that have not even a human soul, but all animal souls—facts which Jesus removed

from the insane man. There are many insane that are obsessed with those spirits or elementals that only lived in sin darkness.

I was once invited to the Governor's official Banquet, where he told us that he had signed many millions for the insane asylums in California, and prisons, as there were so many of crimes, which was unnatural.

If humans would follow Christ this could not happen. I told the Governor to help humanity to read the Bible; for many speak of Christ, but do not know Him as Light, and His Purity. For His Religion was and is His God, Superet Light. For only those Laws create the Light Atom; as no other teaching or name can create the Light Atom substance, nor has the strength to keep up all the time. For the undeveloped spirits and elementals will tempt. As Jesus said, "Watch and pray that the thief will not steal your goods"—your Light.

The greatest danger-crime in the World is immorality, adultery. All souls must return to follow Jesus in morality. There is no greater danger. Rather lose the country, but not your soul, which you take with you to Eternity of Light, or darkness.

Why did Jesus have to come to take us out of darkness and teach us morality? Read the Old Testament of Solomon who had seven hundred wives and three hundred concubines.

Why is the character's twelve senses' development language in vibration? For your new character can only be born when the old character in the senses is released, purified. This means the substance or energy changed from the physical animal to the physical spiritual mating. For you must be submerged first into

Jesus' White Light of His Purity to make up with repentance, which must start in you first before God's Superet Light Vibration can be understood by you; and to build a new pure spiritual lining through all your senses so as to realize God's Superet Light Vibration through Jesus' Light.

You hold the mind over matter; then only can you hold the heart over the mind and matter. Then you hold the soul over the heart-mind and matter until the soul-heart is built. Only then the chemical combustion starts; which is the same as the earthquake. The vibration becomes accelerated by degrees of density from the material which is born from that of sin and darkness, which still lingers from the past incarnation of darkness and sin.

That's why God can only use the heart energy of purity—the loving Light feeling. The mating is a business for children.

Now for instance: You take a hard boiled egg. You can spin it like a top with vibration; where it is impossible and would break with a raw egg. And it stays raw until you boil it. So it is with the heart no matter in what religion you belong. You must vibrate Light, and to see the Aura.

Now you realize the scientific statements of Jesus—His Light Doctrine—which was His Science, "I am the Light (and have the living Light Religion Facts)." He lived in It. Be positive in this Truth. There is no other higher Truth Light but His Superet Light Doctrine. For God, Superet, is Jesus' God, Whom He worshipped. No other God. He said, "My God and your God." Facts are proving.

Realize, Light Facts only can prove through the Aura with humility and repentance, and of a spiritual mind, and a whole hearted obedience to Jesus' Superet Light Living Laws. Only then can the soul abide in His Purity-White Light to grow into consciousness to learn of the great Wonder—the Superet Heart Light of God. Jesus' Secret is now uncovered after 2,000 years.

Learn with heart, the prayers in a deep quiet without doubt. Have faith: and be assured of this Truth labor, as Jesus labored to earn the Light Atom, and proved it with His Aura. You must also prove it.

Now the Allmighty Mother God, Superet, is sending Her Superet Light to human hearts that are made ready in the Superet Light Laws—as the Saviour obeyed after He found those Laws worked, and created Light.

Why the vibration in the Atoms' Aura prove human blue prints like a mirror: As you look with awe at the colors of the Canyon that have laid there millions of years, it's proof that God had marked them with Light, the Blue Prints, to put them as the creation of this planet in cities—marking and inlaying in each stone an Atom of Light to bring forth its development of that city that He wanted to grow. There you see the growth of the stone shapes, and the vibration of color that is imbedded of years, showing the Aura Language of Light.

Those inner colors of the soul of that city development the Aura Light Scientist studied, and saw the future development of this planet. As all must rise to the Law of God, not one can remain or lay without the Light. Quite a few are without the Light, and showing very little progress. The Scientist will reveal those of the cities or places at the lectures.

As you read Revelation, read the vibration of the Revelation in that magazine called, "Atoms Aura Revelation Reveals the Truth," which is now starting in those places where the Aura showed on those stones of the darkness.

This is the nature of God's Language Symbol speaking and showing facts which also the Scientist saw in Egypt in the Pyramids. All stones of thousands of years showed a different Aura. This is man-made and does not have the Light of the Blue Prints' Aura. But the Pyramid Aura shows their old Ancient religion, which is seen more inside in that church of the old Ancients' vibration of Egypt. There is something similar in the Petrified Woods and the Red Wood trees. All is of great development and vibration which tells of their development of Light, or darkness.

Why did the Lord say, "They shall shine as stars forever"? In souls only with facts.

This is an Aura Prayer Canyon not made by any man's hand—but by God, Who designed this to hold His Light Vibration. These are facts, and are of spiritual colors, designed as a symbol.

This message comes from the Light Aura Scientist, Dr. Trust, who made thousands of Auras of the highest mountains, and of the Holy Land, of Ancient Writings, also of angels, and spirits that Dr. Trust could see even as a child; and could describe their light in their Auras, of humanity and country Auras from kings, queens to different religions and their officials. Yes, even the fruit trees differ in purer light from the old redwood trees of 10,000 years old; and also the Ancient Petrified trees of millions of years old in Arizona that is called the

start of civilization. For the Petrified trees show in their Auras the age of millions of years.

Please realize, America holds the loving God's Secrets in the Grand Canyon on this planet, because, it is the mother country on this planet for all countries, which is proven by the Aura Light Scientist with the Human and Aura. Not only the Auras prove this, but also a dream proved where the Lord was speaking to bless this Grand Canyon with His Miracle Picture, and to dedicate it to God, Who has sent His nature Light Vibration that is in that Canyon hidden. In my dream the message was for me to bless it with the Miracle Picture. America is the only country. Not in any other country are those facts.

The Light Aura Scientist traveled around the world and also saw caves and mountains, but never such a Light Canyon or a beautiful Aura as in this wonder Grand Canyon which holds the Secret.

You do believe: angels and spirits never die, but come to help us. You will feel them pray and worship God, Superet, even without knowing this Superet Light Science; because you will feel It, the Glory of Father and Mother God, Superet Light. Jesus proved in a dream after I found It, His Superet Light Doctrine.

Learn how to build without hands the temple within to hold your light, the heart. "As the man thinketh in his heart so is he."

Where does the mind come in with facts? By becoming conscious and sending that vibration to the heart to follow the heart love for Light. For the mind thinks love, but the heart feels it.

Dear students, the Author understands what she is

saying; for she sees that the Light is the only truth with Aura facts.

Instructors, teach your students, that first you must know yourself before you can teach others to come to the Superet Light to minister within Light to others, with honest motives and acts with facts you have earned of purity and Light. Facts speak louder than words. For your Aura can prove it which all can develop to see.

We must prove our religion with facts of Light—not just words!

26 Superet Books With 26 Different Languages

The Super Scientist-Saviour, spoke the Light Vibration Language in vibrations, which Dr. Trust found after years of Light Vibration study, through which it was possible to discover and led in uncovering the new Name, Superet, in reading Jesus' Words with the Light Vibration Language. This showed many different meaning motives, acts, in one word of which the Scientist wrote many of those different vibrations in the Superet books to give to the world the consciousness of the great meanings of His Superet Light Science which He started with this discovery.

This could only be found by one who could see the Light Aura, and learn the Method, which was only found through the Bible—as Dr. Trust was for years

in a Bible and Light Vibration study,— having been born with the gift of seeing and studying the Light of different Lights from the sky to the bottom of the ocean, traveling even eight times over the ocean making Aura Charts of the different streets or vibrations of different waves.

One surprise came on the steamer when the captain said, "We are coming in ten minutes to an evil street," and for all to put on their life savers and to hold on for protection. It lasted twenty minutes. The experience was like we were in an earthquake and over a pit of darkness. Screams for help and cries of agony were heard.

Dr. Trust says that she could see the black clouds in those waves, large as houses, falling over the ship—like wanting to destroy it. She watched those terrible dark wave colors. Some broke, leaving like a canon smoke; others formed like a group together. When it was over, most of the people were sick from it.

Dr. Trust says She prayed all the time—feeling the danger that was coming from the pits' Aura underneath the ocean. That was the only place of danger through the center of the ocean. The Aura's language revealed the colors.

Dr. Trust says, "In the discovery of the Saviour's Light Vibration Language, my feeling became very sensitive to the Light that I could feel the Light; and my feelings of people, of what they had done, passed away, and I grew more to be sensitive in feeling the Light until It remained stationary in me."

Everybody can develop it if you follow the Superet Light Science Laws. Learn first to forgive; then it

comes easy. Read the Miracle Woman's Secret magazine. The Atoms Aura magazine will explain to you some of the Light Laws of the Superet Light, the highest.

You will realize more of the study of How the Ancient Canyon's Aura reveals treasures of the material stones forming for Father God, Superet, also united with Mother God's Superet Light, protecting for ages those planets with two Symbols, Whose Light are for the protection for this world.

All of God's Creation has a meaning. For it has different Auras. All Light have languages and have different meanings and vibrations. Even the Ancient language, which in translating them was a great help to Dr. Trust. Now the translation of Jesus' Words, which had to have the Light Vibration Language in one Light Stream translated, which would change the English grammar sometimes.

The English language has many dark vibrations which had to be cut out by not wanting any darkness in Jesus' Light Words. The same in Dr. Trust's lectures, in which She is very careful in translating to have those Light Vibrations go into the atmosphere to purify the Aura connections. That's why there are twenty-six Superet books' Light Vibrations of twenty-six languages, only material vibrations. For all differ in sound, pronunciation, color, light and darkness.

This study of languages is what makes the cities differ from other cities. Dr. Trust says, "I found through my world travels on the ocean, going over the mountains to the highest mountain in Switzerland, the Aura language would explain every detail, that after

years of making thousands of Auras of cities and humanity, I could understand more, and could translate by the colors and mathematically in the vibrations; and also the brilliancy of the light or darkness substance—which is matter proving its existence.

Even the Lord's Prayer, said in their language, had a different color, according to their language and their personal Aura, which I could discern.

When I was in England to study more the English Aura, to study America and use the American Aura with the English, I found out afterwards that the English had a different vibration here than the English in England, because of the different vibrations' colors that were different in our country.

The Jesus' Light Vibration Language discovery and the Superet Light Laws you feel when you use them faithfully. You feel Light which gives you more light, that makes your human nature Atoms go to work in body of a purer spirit and soul more instead of substituting, affirming in nature, which means, make believe with self-will excuses or affirmation of mind, hypnotic suggestion, which the heart does not feel.

I've heard people say, "I love this woman, and if I don't get her I will kill myself." Twice a man said this. As no one could help him, that man took poison, and every time he was saved in the hospital. When he left the hospital, he came to our Superet Church after hearing from people of Dr. Trust, that the Aura Scientist could help him. He was helped and is happily married to another woman, and has now two lovely children, and thanked Dr. Trust for the help he got from God's Superet Light Laws—that he followed with the Superet

Law Vibration Language. No other way, he said, could he keep up.

This Superet Light Vibration Language is of Dr. Trust, the only Founder; and has the Truth of Jesus' Superet Light Vibration Language Discovery—finding It after years of studying the Languages of the world by the Aura colors and feelings—and found that all languages have an Aura.

The truth of feeling is expressed in every language, of how much Light is in that language. Some languages are more of an animal nature, like the Arabic which Dr. Trust says sounded like the goats' sound vibration. Also there are languages like the singing vibration. Some sound hard; others vain. Some hypnotising. The Latin mother language Aura is like the Ancient language. All Auras have gone. But this Superet Light Language of Light will live forever, because we only speak with Light Vibrations in the other world with the Auras proving in this world what the Superet Light will do for us—heal sickness and bring peace, and no war again if we use the Superet Light Laws' Language of Light.

There are facts that the Superet Light Science proves scientific Vibrations of over 500 Lights. All differ in Auras.

Why does only the Superet Light give divine soul healing? Because It is made of the Heart Light of God; where the other Lights are of a different substance energy, and of an entirely different quality and substance.

The Light of Jesus is White. Only God's Superet Light is Purple; and Jesus had to obey the Superet Light

Laws after He found Them to earn the connection with God's Superet Light.

Jesus said, "I am the way." So we must follow Him through His White purity Light to become connected with the Superet Light through Jesus' Light and Aura.

Dr. Trust, Who found those Superet Laws, gives Them to you in Her 26 Superet books. The different Lights are explained of nature, planets and Lights of different Gods—like Jehovah or Buddha, etc. All differ in color and substance; even the old Ancient Gods. But, we all need the sun for the bodies; but the spirit needs a spiritual Light, which Father God, Superet, gives through Jesus. But only Mother God, Superet, can give us the soul Light—as She bears souls in Light for us if we obey and love Her.

Now you will understand that this is the only real Heavenly Language and Truth as found and given me—not only through the scientific Light study, but verified by the Lord through a vision, and in seeing the Auras' facts prove more than words!

Superet Light Books' Vibrations Live Forever

Only by Light Vibrations. The twenty-six books are in Light for soul light development, which are not only for the sick but helped souls; and also those who had lost their minds with darkness or evil of undeveloped spirits using them—also those having a split personality were healed.

This also might be a difficult article, but it is a powerful help to you if you stay with it.

The thought waves of the human mentality are not static; for it is in a state of evolution to come out of darkness into the Light with a clean mind.

Yes, there is another world to which we cannot apply our ordinary concepts of time. The minds of the people only have a common origin, and the elements of our brains are responsible for our mental activities; so there must be something beyond the brains. We have the answer—to God's Light to enlighten our brain and mind with Light Atoms.

Just to say "God is mind," will not make our mind God's Mind; because, we still want our will. But to surrender our will and say, "God's Will be done," for our mind is calm, clean and surrendered, which the Superet Atom Aura Science teaches.

We have the body—a canyon—of our architecture within us. We have drawn it. And the Painted desert is our Aura with the vibration giving and holding the Light Atom.

The Wonder of the Ages was our Lord, Who showed

us how to develop Light like He did whole-hearted, without fear of what the world believed, or what they might think of Him. His whole object in life was, with Light to serve God's Light, Superet.

Of your human bodies' Atoms, the malicious black sinful poisonous substance to be out of your Human Atoms so no evil spirit can live on them, the Superet Atom Aura Science gives you the scientific Laws which Christ used before so that He could earn the Light Atom in His Human Atom with a Light substance. He had to find and earn this through His Superet Laws that He discovered not in mind science, but in the Light Superet, the Heart Science, and through prayers in the Superet Law He drew to Him, God's Light.

The Founder, Dr. or Mother Trust, discovered It through Jesus' Words in Light, and saw through living in His Light Laws, the Purple Light. You might also if you live in the Superet Laws and learn how to hold and feel It.

Dr. Trust, the only Superet Light Scientist of today, labored in Jesus' Symbols for years to find His Symbols' Meanings, which you will find in the 222 Symbol book—as there is nothing in the world like it. Those Symbols carry the physical, spiritual, soul, Terrestrial, Celestial Vibrations which those Atoms carry that Dr. Trust saw by the Aura of those Atoms of different colors of angels serving Christ, Spirits, and angels of higher different spheres, in which some were praying, even their wings of rainbow of a gold silver color. The symbol meanings: they were of Terrestrial or Celestial spheres where the undeveloped or evil spirits of darkness cannot enter.

Jesus' Light and the Anti-Christ are of a different color of light, that one who does not know the value of the inner light could not know and would follow ignorantly when they see a form or face of the real Christ reproduced artificially, or if materialized, or etherized, which can be made to your vision if you are a medium. You would not know—only if you study in the Superet Laws the Aura. For there are many spirits that float in the air that want to use a human being for their gain, or to remain in this world to help many good spirits like people want to help. But also there are some that are not yet developed for the good and also want to use someone of their kind.

Now, maybe you who are ignorant or narrow, because your religion does not teach this, might doubt; but you must believe in the sun, scientists explanations, and the Atom Bomb, the rainbow, and the Aurora Borealis display in the Heavens. Those are not only real, but symbols of God's Heavenly Atoms purifying the skies, which their Aura proves. We must become converted with the start of believing those symbols heralding God's different Lights.

Dr. Trust says that she only could write those Superet books after She found Jesus' Superet Light Laws and worked in the Laws, and found the different vibrations and Symbols' colors; and put together in that word, its meaning made that shape. Starting with the first vibration and following the rest in numbers, it formed that shape you see, and the colors following it. So it was not an idea or imagination, nor intuition, neither ideas, but absolutely science of the scientific Light for-

mation. Not only of nature, but also etherial and spiritual formation of Atoms' Auras.

Even health and sickness is proven through the photos of an X-Ray that only then the physician knows what to do, and the surgeon follows only that. If he doesn't, he will kill that person.

We read in the Bible how a spirit angel appeared and the Apostles saw it; but not the narrow believers. Often today we have experiences.

Dr. Trust says that she saw Christ as a child, and saw His wounds on His Hands. But nobody would believe her either. They only thought it was a fantastic motion of the eyes which was not approved by the church or people. But you can see the truth now with the start of Jesus' Own Religion of Light after years, which Dr. Trust found and could not stop until She had started again and again. Being disheartened She tried to give It up, to give no more time; but She could not stop studying, or in keeping It secret just for herself. The Power of this Truth is tremendous!

The flowering faith of Jesus that demonstrates His Light Religion; His Desire of the real God brought Him away from Jehovah; and He no longer stayed in the Jewish religion, but started with the Light that He saw before Him all the time which came from and in the air. But He saw It was greater in brilliancy and power than the sun. Then He knew His finding of His God was in Light; and at last, when He came to the Purple Light, He knew when He heard the Voice of His Father, the God of Light, and heard the Name, Superet, which no one knew—even today—Or could find It—only the Light Scientist, Dr. Trust, Who believed when She

found the Light color without knowing what It meant.

This imposing phenomena did not come from spirits, but through Jesus and from His God. So now God, Superet, is our God. And His Superet Light is for the souls and humans' spirits. All angels need this Light.

We have now built the Superet Light Church, and an outdoor Church Garden for the Superet Light Star and rainbow. We also have a College Auditorium, two homes for ministers and students. All was started through healings with the Superet Light and love offerings of money—not charity or begging. This proves of many wonders in the Superet Church untold miracles.

Dr. Trust now has been allowed to bring forth this Healing Method to all humanity with the new magazine, "Heal Thyself With S.L.", which everyone can use no matter what religion if they follow the Superet Light Laws with the Aura Chart, and learn this Superet Atom Aura Science, which is free to all—even to physical aspects or unbelievers.

Dr. Trust has this truth of finding the Superet Name and Light, chartered and copyrighted so that it will not be misused, but only protected by this Superet Light Science—and that It be used with the name of Dr., or Mother Trust, the Founder. Then you know this is Truth—as this Superet Light is and has become, through Jesus' Words, Her findings with a Holy finding, scientifically illustrated with the Symbols of the Bible with the Old and New Testament Words of Jesus' four Gospels. And Nothing, neither man nor evil can destroy the Superet Books—Its Vibration—which will live forever on this planet.

Yes, even insane or obsessed with undeveloped spirits, people, could not look at the Picture. Others were healed, as they were then wanting the explanation; and following the Superet Light Symbol Law, they were healed.

The Aura Facts of Light Symbolism of Ancients and of Christ are now accepted. The reverence for the Symbols was general from the Ancients and of China. The start of the blossoms of trees, fruit trees, was to signify the months of the year—the plum, peach, cherry, magnolia, pomegranate, lotus, pear, mallow. Chrysanthemum, gardenia and poppy were the three flowers representing spring. The lotus, summer, chrysanthemum, autumn, plum, winter.

China laws for the protection of very cherished trees are—to that one, the tree would be tied around with a strip of red cloth or paper for the spirit of evil, avoiding the red color; for their belief was that they knew evil brings destruction. Their oldest of worship of Light in China is today.

As each flower bears its own meaning, like the Azalia—an emblem of womanhood—this plant has the medical values for healing. The chrysanthemum is for China's army like a badge. The Jasmin flower is the queen of flowers and is the symbol of purity—men and women to live a life of purity. Peony, the king of flowers is for riches and honor. Now the willow possesses the powers that the spirits of evil fear. To the Buddhist it signifies meekness; but the Chinese put a branch over their front door to avert evil spirits.

China's symbolism in animated nature is, the bear, a bravery; the cat, misfortune, if it is a strange cat

that enters the house. The deer is the symbol of nobility; the dove, a long life; the elephant, strength symbol; the lion, mastery; the monkey drives away malicious spirits.

Now dear ones, you do not need to have a monkey in your home; but realize you can do it yourself by driving it out through the Superet Light Cross.

Revelation Secret—the New Name

Read the Miracle Woman's Secret which will explain Secrets, and "Revelation" Book.

We have to trust our God in Heaven, and trust God for "Light Justice." Let us place ourselves in God's Superet-Care, and see for yourselves how your life will change with the new Name, Superet.

We do not any longer need to lean on beliefs and others, and think we cannot carry on; and that we cannot alter. There is nothing impossible for God.

Now awaken out of it, and start to trust in God Superet, and see the magic of help that will bring you the Light of trust.

Superet Truth is over all truths. Why? Because, It is God's Heart Light that gives life to all with His Superet Light. The Bible Secret is now discovered with the new Name.

Jesus said, "I am the light of the world." For He told the truth—that He is the Son of God—proving with His Light. He became connected with God's Light; otherwise, He could not have had the Light.

Dr. Trust says that we all can become children of God by following Jesus' Superet Light Laws to earn Light, Superet, through the discovery of the new Name, Superet, that gives the Purple Light. Jesus had a White Light energy and converted It into a chemical energy for His body which He ascended with—just like we get the sun energy to obtain it from the sun.

Now the chemicals that form in the body, the outer Aura, shows the colors of health or sickness. The chemicals of the inner Aura show the spirit and soul Aura that differs in color and in substance.

Thousands of Auras Dr. Trust studied; even children's. On some, the Aura color was light stripes, black, dark red, a boy. With the Aura showing stripes, Dr. Trust saw the criminal designs. The same mother came to Dr. Trust saying, "My little boy carries a big knife. I am afraid of him, as he wants to cut up animals." Later she came back and told Dr. Trust that she was afraid of him and wanted him to go to a correction school. She would not follow Dr. Trust's advice, as she did not want to believe in that Aura Teachings. He was healed through Superet Science.

Please remember, you take with you to the other side, your soul embedded in your Aura, which is the garment for your soul. Let not anyone tempt you to doubt. If you wish for Christ's Light in you, have only this ambition, and watch the success coming to you through Superet Science.

Wear little black, but as much white or pink as you can. Read my booklet, "Heal Thyself With S.L.", which is Superet Light.

Come to the lectures. Learn of the new discovery and

the facts with Laws—as this new year is a Superet Light year. It naturally will help humanity.

One woman wrote us that she had bought a little booklet at a newsstand, "Heal Thyself With S.L." "My great surprise was of a healing and help I received after I read it—as this Light Scientist has written twenty-six Light books with twenty-six languages' vibrations describing the Light year's future; also the future which was given fifteen years ago in the Holy Land, and its prediction has come true."

This all might interest you, dear one, to know your own Aura. And the Light Aura Scientist can enlighten you for a great future, health and happiness.

The Superet Light Foundation start of life—God said, "Let there be light" in earth and in soul. This stands on Jesus' Light and His Teaching to earn to come to the highest, Superet, God's Heart Light.

This is Christ's Religion and Science of Light to be natural, conscious and dynamic, strong to overcome flesh love for Light love. There can be no stagnation; for it demands a progressive Light development. For it is not just concerned about personal, but soul welfare. Not just with words, but fact building of Light substance with the Superet Light Laws.

Facts will prove it in your Aura, which you learn to see. Not just belief, but facts in yourself and your children. You will see they cannot commit crimes. Their Aura will prove it. For the future, the Aura shows you the truth; and you can help them all. Religion alone cannot do it without this God's Superet Light Law.

Now you must travel on that Road to Heaven alone,

and you cannot use other roads but one. Just like going to California; you had to come one road. So there are many mansions (beliefs, Lights) in Heaven. But the oldest is the Superet Belief in Heaven, where this sphere is lit up with a greater Light than the rest. Why?

Now you know that your mind cannot suggest Light; for it has to come by all senses' energy. This substance of feeling only makes the Light.

In your heart is the storm that may strike with sorrow over the one you love; then remember, Father and Mother God's Superet Light Love will help you when you apply the Superet Laws. And your Aura will become clean by confession and repentance. But you must have the same repentance that Mary Magdalene had, and tears of sorrow for your sins, which will become pearls for God. You will no longer have heart aches again or sorrow.

How we all hunger for love—soul love now. Let there be the Superet Light love in your hearts for God, then love all through the Superet Light. Then flesh love cannot give you suffering, loving your soul from now on.

Start. This is the everlasting love to God with soul. How grateful you will become, and will feel the peace. No more heart ache or disappointment.

Dr. Trust says, "In my thirty years of Superet Light healings of thousands of people, most had love heart aches, and many wanted to commit suicide. And all were helped through the Superet books and Laws. We have letters to prove this. You surely will feel it yourself when flesh love sorrow will disappear."

Write and tell Dr. Trust your problems and Dr. Trust will help you.

Your dark love chemicals will change to Light chemicals, showing with the Light vibrations changing into God's Love. Your Atoms' substance will give out the vibration with facts proving in your Aura.

"Once in my dream," Dr. Trust says, "I heard a sweet voice saying, 'Repeat this message (God's Message) to the world. We are Father and Mother God, Superet Light. We are with you in the dark of the night. We are with you in the sun light. We are the air you breathe—Superet Light. You must earn and breathe with soul and spirit; not just alone with the sun light for body; but for the soul love, you need Superet Light.'"

For this, your soul needs the Superet Books. They are alive in Vibration forever. Only the Superet Light keeps them alive.

The wondrous feeling you earn when you only read one of those 26 Superet books! There you find the Spiritual Electricity that you will even feel in the first of the nine magazines, which are on all newsstands and in the leading stores for the public.

This Light Vibration will absolutely change you, because the words in the books hold Light. For the Light Glow from the Allmighty Mother God's Superet Light comes. It has Its Halo Light in Its Aura, coming to all that will read those Superet books believing, as they have a definite Vibration for the highest, God's Heart Superet Light. And It will lift your heart and mind consciousness to Light.

Each of the Superet books has a Light for your differ-

ent Light 26 cells for soul, heart and spirit. This will give you strength for your soul and spirit; also body. That's why 26 Superet Books are needed for Light development.

In looking at the different colors of Auras and vegetables, we know that when we get older in body, we need the tissue building foods; also, so that the body cells can live and thrive, no matter what age.

Why do you need vegetables, fruits at every meal? They give you vitality, as your goal is in eating right to keep well.

Also the different rules of bathing every day—the body cells must be kept clean to breathe in the air. Do you now realize that your spiritual soul Atoms need even more care to earn the substance of feeling the Light and good to earn God's Light, and to keep the Human Atoms clean, and to purify them all? This is done through your heart with feeling.

Read the Superet book and Aura Chart. You will become calm, relaxed, happy, and you will sleep better when reading the Superet book before you go to sleep.

Dr. Trust says, "Come Superetist and students, God's chosen ones, you that have proven to be older souls to be conscious of the highest Light, Superet—proving it with facts that you now are conscious—not only satisfied just with "light belief." But now, to become conscious to learn willingly about how to earn, to find out the difference of the different Lights' Vibrations—your Aura color.

You might say, "Light is light." The sun is light, but many higher suns; but it is not the Superet Light for soul light. Only for the body light. You also say,

"Truth is truth." But there is the highest Teaching of Truth that Jesus gave to the Apostles of How to travel in Light to the highest Light, Superet, which is the Heart Light of God—the Superet Light over all Light—flowing from Father and Mother God's Superet Heart.

Jesus said, "My God and your God." He only revealed His God, Superet, to the Apostles. They only knew the Jewish God, Jehovah. Jesus said, "Leave all and follow me." He meant to give up their belief and all flesh love for Light love.

There are many kinds of love that create different vibrations in color. To get ready for the other world, you need the higher Light to travel to the highest Superet Light; for It has the enormous Power and strength to lift you above all sorrow and sickness.

This privilege is given to everyone that will read those Superet books and learn the Superet Laws, and use Them just like you use the electricity for your home. You must have the Spiritual Electricity so much more for soul and for hereafter.

Many have written us of the healings and help received.

Remember, only after years of Light study could Dr. Trust find the new Name, Superet. It is so holy—as It stands for God's Heart; so It was by Jesus called the new Name.

Superet Light Science Explanation

Bible Light Leads to Superet Light

In the Ten Light Courses, and Fifty Different Classes

Given by Dr. Trust's Classes of different Light Atoms' Auras with vibration, which gives you the real and only Truth of the different Lights' Vibrations and colors, and living Vibrations. Not guess work, but with true facts of How to develop out of different lights, which is only of what others teach and give only for you. Not with a certain vibration-fact, which you must feel like you feel the sun light. It is good for breathing the air of nature—but only for this planet. And then it burns the planet out; also when you do earn the Superet Light, then only can you last forever in Superet Light—not otherwise!

This is the whole and only Truth of Light leading to the Superet Light from God's Heart.

Now all different planets' lights are also from God; but they are only given to nature, and of a different color. So are all humans of body, spirit and soul of different color and light.

How you will be surprised what it will do for you. Even reading it, fear, worry, all disappears. How many heart broken people have been saved from suicide. Criminals could not commit the crimes when the Founder was healing their Auras' sick Atoms with proof.

Even in Carnegie Hall, lecturing also in the University, helping the students and many scientists, profes-

sors, physicians, not only here, but also when traveling and lecturing around the world they were healed. Dr. Trust never liked to have it advertised publicly—only now to bring this Superet Light Science to the public. For It performs wonders, miracles.

As you know, we are now advancing in Light to reach the highest Light—which is the Superet Light—you know, the new Name as given in Revelation which is Superet in the Light Language, given and proven when you learn the Light Language which took the Founder years to discover out of the Bible Light Words. Especially the Lord's give the Light Language out. Even in the sandscripts at Oxford or any other college, they have not proven in learning of this Wonder Superet Light Language as we have in our Aura College now started.

As God is Light, He speaks only with the Light Language in symbols in vibration only in Heaven and in earth.

You must know—that when you go out with the airplane up high into the great silence, that you do not see, and are unseen of humanity yonder there. You become with silence connected. You and your life becomes dependent more with silence on your good healthy Atoms' judgement in all emergency. You need those Human Atoms' qualifications now before passing on. For in the other world, there is no longer—what religion, or what great man or woman you were, but what kind of Aura do you have? Even the smallest, or highest Light your Aura holds—that substance of your Atoms you take with you. That's why you need the Superet Light only. Most of all for hereafter.

Explaining the 12 Senses' *Love Lessons*

(Man Instructor Reads)

Love is very important: for there are many different love vibrations—light or dark, good and bad. These lessons will make you conscious in senses how to overcome the darkness and earn the Light.

This is the most valuable lesson, because, you will learn to feel the darkness in you dissolving into the spiritual love vibration by degrees in the 12 lessons, which you feel in every sense of a different action—as each sense needs a different medicine physically and spiritually. So you must develop love for God in each sense spiritually only.

Superet Light Love is the highest of all Light, of all Science of Light in Heaven and in earth. The proof is of its Purple Color. For it holds all colors and chemicals together, united with the affinity chemicals, which is the greatest miracle in finding this Name, Superet, in Purple Color—finer than just the ordinary purple colors. It is even greater than gold, white or rainbow colors; for It shines like diamonds—as though they were imbedded in It. Greater than all suns.

This, the Founder, Dr. Trust, says She saw of the Wonder Light Stream in a dream coming from a new Planet which is hardly visible. But at times the Purple Stream comes in a very fine vapor—dimly seen at times only.

We, as human beings, want to see and believe in

facts; so you will see this Truth with facts. The Founder of the Superet Light Atom Aura Science will prove to you not only with the thousands of healings, but also with the twenty Christ Miracle Pictures. And Dr. Trust asks all the greatest scientists and photographers to come and investigate this positive proof of the Heavenly advertisement as given on the photos—and all those that have been healed of all kind of diseases, which you will find explained in the little booklet—and see personally God's Love Reward when we love God with a pure love.

The greatest treasure is within each one of us. That is love. No matter how weak or bad one is, even to show you how to overcome the sufferings, you must find the treasure which works like magic when you unearth the secret through each lesson from which you find it.

The 12 Lessons reveal your 12 senses' different inhabitants, enemies, darkness, that do not belong there—like termites—which must be destroyed. Now each lesson is vital to your life, health.

Dr. Trust found out of the physical six senses that are coarse—not having the intelligence development—that they cannot develop without the six spiritual senses, which must have Light Vibrations.

Now the 12 Lessons will open your mind more than all the wisdom of the world with intellect and intelligence for the 12 senses—more than you can dream of in children and grown people. It will save lives, health—the Light Laws for Light treasures—which we all must unearth.

Study them and send us one from each of your fifty

classes' lessons—one vibration you've earned of a Light vibration in each class which you've discovered, and Dr. Trust will make your Aura free, which is worth a hundred dollars. So you will know your Light treasure is found with your affinity Atoms' vibration, of which the Aura will prove to you. Also you receive the diploma of S.A.A.S.

Superet Light Atom Aura Science

First Lesson

Mind Love Vibration

(Woman Instructor Reads Lesson)

How to earn Light in mind? With clean thoughts—a Light conscience.

The mind Atom lays closer to the forehead. The Aura shows inside the brain, but it has two small pipes larger in back. One goes to the front, which gathers thoughts of good or bad in the two compartments.

The etheric substances of the higher vibration of consciousness enters the mind, coming from the will, eyes, ears, nose, mouth, and sex sense. The Aura shows the different colors and the intermingling which digests like the stomach works, and goes through the brain through the cells that work like the bowels. And the Aura shows what they throw out; and it goes into the blood in the brain—many times proving a dark vibration forming.

This also shows insanity when I studied through my years the Aura of insane people that were mostly obsessed with conditions like termites flying in the Aura. But those etheric conditions often were healed.

Those Superet Spiritual Mind Laws for the 12 Senses in us must be developed for Light with Spiritual Light Laws to hold in each sense the thought, "God made your body and all senses," which are after His Image. He made and gave spirit life.

Now God's Mind holds only Light thoughts; so must my mind, as God is Light and gave me the brain for the mind to develop the Atom with Light substance with a clean mind; and gradually the good thoughts create the good pure substance. That is all in my senses. Each sense has a different vibration. And I am conscious now that my mind belongs to God.

God is my Creator, because I follow Him obediently. I obey Him with a clean mind in having good thoughts. Now I start house cleaning in me by seeing the mistakes I have made by being disobedient; and have created sins that formed a dark substance that entered into my Human Atoms. And they must be cleaned out; for they show their dark vibration through the Aura.

Remember the Lord's Aura. The Bible said It was all Light. So I must follow the Light Teaching which He started, and obeyed the Light Laws which led to God's Heart. Jesus' God's Name was Superet, the new Name, which only this Light Scientist, Dr. Trust, could find in studying Jesus' Words, Who proved all had Light Streams or Vibrations of different sizes, different brilliancy and colors—as Dr. Trust could see the Aura, born with the God given gift. As you know, each is born with some gift.

The truth—God is Spirit, and Spirit is Light and gives life for us to create Light with our spirit that God gave us each. This Teaching gives the spiritual Law for all our senses—which is the mechanism we must work with to create the Light.

The house cleaning in us is done with the Aura Chart of each sense to clean out darkness, sick Atoms

into Light Atoms; and repentance starts in us, and Light is born in us.

Now you are becoming scientifically conscious that the Lord was the first Scientist of Light, and started His Light Science by calling It with His Light God's Name, Superet Light Science—not Jehovah, the Jewish God. For now we know the Jewish God cannot give us that Superet Light, nor any other God.

As there are many Gods called by different names, for Jesus, there was only one God, Superet, He worshipped. So must we follow Him. This secret was not recorded in the Bible. He said, "I have yet many things to tell you, but you cannot bear them now." For, even the Apostles could not understand the Lord when He spoke of Light—as Light has to be studied.

Dr. Trust studied for years, Light, and found the secret by scientific study of Light—not guess work or ideas, or imagination, but by Light facts which must be scientific. And through this was the Lord's Own Religion found. The Superet Light Science was His Doctrine. He said, "My doctrine is not of this world"—because, It came from God's Heart. His Superet Light Jesus saw, and became, by the Superet Laws, connected with It by creating Light Atoms in Himself first. Then He could see the Light. As He was born with the gift in seeing Light, He studied It. This was His Science from childhood. He held the thought in His Mind, Superet.

Also This, Dr. Trust studied, as She saw Light. Not knowing, She studied Light scientifically, spiritually, physically and mentally—finding His Light Secret after 2,000 years. It is now unveiled—the Lord's Secret of Light. Now we must all learn Light Degrees.

He said, "Follow me." He meant with Light—not just words alone, but "obey my words and you will earn light."

We now start with the mind sense—of How to clean the darkness vibration all out, and earn a Light Atom in mind.

Jesus said "They shall shine as stars forever." Dr. Trust's 'The Single Eye' Superet Light Science Discovery came through the Light Aura, with facts proving the Love of God coming only through His Light, Superet Light, with facts.

How in 1941 the world scientists, by measuring the rate of explosions of Atoms' carbons made the discovery of fourteen in shell samples of 7,000 year old grain. This was found in unearthing the earth of one of the oldest towns in Iraq.

How in 1922 the Light Scientist's Discovery also proved, Dr. Trust says, of how She found the Secret of Jesus' Light Laws for our Human sick Atoms, which the Human Atoms in body consist of, which absolutely heal only by the Superet Light Laws—and in no other way God heals—as the mind Atom is for self. The Soul Atom is for God.

Realize, a hundred thousand years ago the Stone Age had the material electricity, also, but did not have this discovery of the changing of the Human dark sick Atoms into Light Atoms. Even the world scientists could not discover it those 2,000 years ago. Mind was their only factor—not God; because God Superet was not known.

Now Dr. Trust says if She had not had the gift of seeing the Auras' vibration of Atoms, and the long

study of the Bible and peoples' Auras, She could never have found the Secret of Jesus' Sayings, "And they shall shine as stars forever (in Light Atoms)."

Dr. Trust's love is for the safety of humanity, and to teach to the world about the Light Atoms which all have earned with labor, following in the Superet Light Laws in the study of the twenty-six Superet Books' vibration—which now in the eight magazines will help everyone to distribute among friends to learn; also to come to the Aura Auditorium to study the Laws by the Founder, which is given free to help humanity—through which Dr. Trust wants to help everyone, religion, nation alike—that must know of this Superet Light Atom Aura Superet Light Science—as It teaches scientific Laws-facts.

The greatest benefit to all humanity you will learn in the "Heal Thyself With S.L." magazine in all news-stands and stores.

Now this magazine, teaches you the greatest scientific Laws of love with twelve senses. The first sense, one of mental love, is only for self-satisfaction—a metallic vibration of grey color which also invites elementals. That's why you must have an empty mind and clean vibrations. St. John 15:6, and page 40-11 of the Prayer Book.

Superet Light Atom Aura Science

Second Lesson

Will Love Vibration

(MAN INSTRUCTOR READS)

The Lord said always, "Father thy will be done." He loved God's Will.

To know the fact and ignore fables, to have freedom of thought and no longer fear of anybody, but to know Jesus' Father God, Superet Light, His Will; and His Will is the Rock of Light Ages, and gives out through His Purple Heart His Superet Light to all that will seek and live to do His Will in His Superet Light Laws. To attract the Light to them, we first start through the Christ Light Purity White Stone before we can come to the Rock of Ages, Superet Light, which is God's Will.

Remember what Revelation 2:17 says: "To him that overcometh will I give to eat of the hidden manna, and will give him a white stone; and in the stone a new name written which no man knoweth saving he that will do God's Will." The translation is in the magazine, "Atoms Aura Revelation Reveals the Truth." Study the real words' meaning with the Light Vibration of Jesus' Words given to John the Revelator.

Now Dr. Trust Who found the Lord's Vibration Light Language, gives out the truth after 2,000 years—finding It to surrender our Will to God first.

Realize, God's Will Love is tremendous, and It is in everything and in everybody; and It takes place through

everything and everybody according to how they live up to that Law. Each Law has its own rules; and the rules create vibration. And each vibration develops a color and light, or darkness of its own. By that color of Aura showing the vibration, we know their development of the Law—if it is of a high vibration or low.

There is also a law for body, spirit and for soul. They are all different Laws, needed for us within to be used. And we cannot see the vibration until we learn how to translate the colors' meanings, and know the development of the law in them, and taking place within us through consciousness and no longer imaginations.

Old souls have more refinement in chemicals than young souls—according to the soul age. The soul is developed in degrees like a child takes its lessons, according as the Human Atoms can hold the substance of learning its A.B.Cs—not just imagining or decreeing, or demonstrating with talking, but having the substance in the brain Atoms developed; and the mind holds it, with the will united for Superet Light.

All the life on this earth is in Atoms and lives in us until death and to think higher; so Jesus proved in the Superet Light Science.

Some hearts are like stones, but stones all differ in shape and color. The Aura proves the stones' different meaning and motives which they hold. Imbedded within lays the Atom of the Ages in the Canyon stones; and human hearts must no longer be a stone. Self-will and mind rule all animals. Jesus surrendered all to God.

We read of the Saviour saying when the high priests were ridiculing the people for praising the Lord for His Teachings and Healings, and the Lord said, "If they

would be quiet and not say a word, the stones would cry out."

How?—we ask. With their vibration they would break and fall over the people of ingratitude, to give God praises for sending this great Prophet. They called Him, Lord.

He is today the same as yesterday. He is the start that leads to the Rock of Ages, the Superet Light, which the Allmighty Mother God, Superet, can give us when only we are ready within.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Learn that the Atoms are the holders of the Superet Light in our souls. So we must prepare the body machinery with the oil of spirit so it will work willingly all the time to drive on upwards like the aeroplane—to do God's Will.

The public now can enjoy those ten scientific magazines that bring you joy, peace, happiness, and positively untold help which all will receive when you read of this new Discovery by the Known Light Scientist, Dr. J. C. Trust, Who, with facts, will prove to you the Truth which is coming out now for instance in the magazine that is called the "Miracle Woman's Secret." Never before have you ever heard of something so great and wonderful that is hidden in that wonder magazine. Your heart will feel the joy and happiness—as many have written to us in letters thanking us which we will prove to you when you come to the Auditorium at 2512 West Third Street, or write us.

This secret and Discovery has never been revealed before of forty years. After you have read this magazine, you will become a changed person. Also the magazines, "Heal Thyself With S.L." and "The Star of the Future Heralds Future."

Young people, you will start a happy life, and can never have a heartache, and can never be discouraged again, as your life will start in happiness; and success will follow through Light senses of love.

Why? Because it is the reality of Jesus' Religion, His Superet Light Doctrine. He lived to develop His Human Atoms to Light facts, and to prove not man religions but Jesus' Light realization, and how to earn Light through Him and His Laws of Light, which are now proven with facts. Not just of healings, but your Aura will show the Light facts.

The Aura Scientist watched different and very religious people, and could only see little sparks like matches that burn out.

The Superet Light Laws shine, work and run the planets and all the universe; but all have to obey the Laws. The Superet Light Laws differ for nature laws only, for humanity or souls. There are many other lights; but all differ in Light substance. Only the Superet Light shows the Purple Color—not any other Light. There are thousands of lights.

There is Christ's Light of gold that is a different spirit Light than the Ancient's religion Light which is in silver, green, blue, red, etc. All differ in brilliancy, Power, substance like the Terrestrial, Celestial, Light Atoms prove in their Auras. The gold Light is like birds of one feather, alike united. So are our religions and

Atoms that belong with that Light. All is in accordance with the Supreme God, Superet.

This, the Lord showed to the Light Scientist in a dream—but only after discovering the different Lights, and finding the greatest Light was the secret revealed—but not before.

Many Light scientists, even in the Bible, prophets, were seeking to find It, but the time had not arrived. Only now is the Atom Age.

We have entered into the Light and radio, which will bring this discovery and worldly discoveries to the surface and stop all wars in the future! St. John 12:24, and page 67-6 of the Prayer Book.

Superet Light Atom Aura Science

Third Lesson

Eyes Love Vibration

(MAN INSTRUCTOR READS)

Dear one, realize, if you see and are near where the Atom Bomb will explode, you naturally must inhale that atmosphere which will give poison to the atmosphere. As you know, this is the fact proving. Now the same with your Human Atoms atmosphere if you remain in that poisonous atmosphere of your sick dark Atoms of eyes' darkness sins.

You must believe of the two marks. The one is the

mark of the beast with the sign and number of the beast, 666; and the other which you have created—if it is the mark of God's Superet Light mark which is spoken of in the Bible, "And they (Superetists) shall shine as stars forever." This mark has a star sign of gold.

The Author has seen—generally speaking—the sign of the beast. Out of a hundred people, there were only seventy-five that did not have it entirely developed, as their Aura showed only darkness which was leading to that number of the beast.

Now others showed in their Aura a perfect star in their foreheads, and others only a small or larger light stream, of which some were more advanced according to the laws of and leading to that star sign which you will develop as you follow the highest Superet Light Laws. Naturally not pretending or affirming, but earning to learn the sign by the highest Light substance—the one Way—the Light of the world, the only Light Way.

"If your eye is single," Jesus said, "your whole body shall be full of light." That means: light vibrations in your human body Atoms, which means living a pure life in body and all senses.

Why all religions must study the Lord's Wisdom of Light leading to the Holy Superet Light—for in those precious Superet Books thousands have been healed and helped because of facts. That's why the Superet Books are priceless—which are found and given through the Lord's Light Words with the Light Language-discovery translated.

All give a definite lifting to your vibration for higher Light which you feel in heart, soul, mind, eyes and

spirit. For those Superet Books appeal to all people in all walks of life, with a concrete proof of a point—that there is no stationary period in life but the change of Atoms! Either one progresses or retrogresses as the Atoms' dark substances change through the Spiritual Electricity which the Superet Light Laws produce when used and followed obediently, just like the material electricity produces higher light than candle light.

Why even prayers spoken in your own language which you know best by heart have often established more feeling-vibration than in other languages. But we, Superetists, now pray in Jesus' Light Language the Superet Prayer, which will vibrate more feeling of vibration—because a higher stream from your senses' material and soul-heart will uphold your body-heart for God. His Holy Will now will be done in mind, will and eyes.

Also, through your eyes, when resenting and you are jealous, looking at people, you are creating the black Atom; and this will lead you to a crime if you do not repent. At once make your Aura Chart.

Yes, even for the public, those magazines give help; for Superet Light Science's Laws are with scientific facts explained in them.

The new ninth magazine gives the scientific Teaching with forty-eight lessons in twelve classes for the body mineral and chemicals—as the chemicals of development for the Light Atoms differ. So the next study of the Course of twelve lessons is for the spiritual Light Atom love development, also with the spiritual chemicals for the body, spirit and eyes.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

We must free first our imprisoned mind from all the low vibration and begin to vibrate in a higher degree, which is the harmony of "Father Thy Will be done. Not mine." What have you then developed? Peace. Why? Because your will is nothing any longer. You have become nothing or surrendered to God's Will; and your light vibration has started in mind and eyes, with senses of love, not alone just the body breathing; but they must vibrate Light. The unbalanced feelings must all be adjusted with a rhythmic development of the heart feeling. "As the man thinketh in his heart, so is he."

The priceless book with the Laws of the Superet Light Atom Aura Science will not only enlighten, but also give a new life in gathering new energy in obedience, living up to the Superet Laws.

Just as you need your Aura of your Human Atoms atmosphere, so also you need the nature Atoms' atmosphere. Both have to unite through breathing. You know that your vibration (all) must breathe in sun Light, and throw out the poison that is in your twelve senses; also inside the substance in the Human Atoms decaying for years, or maybe dormant for years, and so have created poison and are stagnant like dead waters—stagnant and inviting germs.

Now we also invite not only germs, but elementals or evil—as the black Atoms are known to the evil, which is the door for their entrance.

Now the door to Heaven is Light Atoms—The Invitor

is the Saviour, Who brought in the Key—His Gospel of Light—leading to the Superet Light, which only angels knew. Now we all have the secret, “Father thy will be done.”

The start of life in our soul is God, Superet. The Footstool started, and forever into Eternity is in us if we pray to Allmighty Wonder Mother God, Superet Light's Vibration to bless us with Her Light. She gave some to the Holy Mary; and will bless us to give us a new light birth of soul also. St. Matt. 24:33, and page 15-13 of the Prayer Book.

Superet Light Atom Aura Science

Fourth Lesson

Ears Love Vibration

(MAN INSTRUCTOR READS)

Watch what you hear.

This great Atom Age has opened the way. The time is at hand for humanity to know and hear Jesus, Who is the Son of God—also, He was a Super Light Scientist over all Light Scientists. For God made the Spiritual Light Laws scientifically—differing in material and spiritual Light vibration.

This I found in the Bible in the study of the four Gospels mostly. I watched the colors changing in Jesus' Words when He said, “My doctrine is not of this world.”

He meant: It is a Gospel Truth, and it is scientific, absolutely versed in science; and you can hear with spiritual ears.

He revealed this in symbols first; then said, "Seek and ye shall find." He meant, His Religion was scientific—Superet Light Science—which will, through His Light Atoms, chemically throw out the Vibration which the Aura will hold of His Light to feed His Words with the Light to uphold the Life of His God to the end of the world with His Light Vibration, Superet.

Why?—you ask. The language of vibration is that where even the heart does not vibrate, the body is dead; also where the dead water is it becomes stagnant because it has no longer any vibration to give it life.

This Truth is not just a belief, but a Substance. It is found with facts of Truth in Science. And Jesus' Words all, are Vibrations not only of His Light Belief, but that He had achieved that connection with His God. He said, "My God, (Superet) and your God (Jehovah)"—proving His God of the highest Light.

When our ears are awakened, we feel and are conscious in our ears. The Vibration of Truth of Superet Light takes place. Not of other lights. None have the power to hear Light. Why? Because, Superet Light is a Holy Electrical Light that gives life—Spiritual Light to all senses.

Important for women, who mostly are rooted in with a rugged clothing. Certain ones know better and understand and live in fashion; others in sympathy—also of the same mind soil. So it is with religion and nations. For only now women realize purity more, and have become awakened to help to develop a new humanity.

Then with patience, women will win like Betsy Ross won the old Glory first when she made the red, white and blue flag to which all men salute. So men must respect women for their purity.

When traveling around the world, Mother Trust says, "I waved my American flag, and people started to sing the 'Star Spangled Banner' at once."

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Women are now starting to realize how they are needed to help organize purity together after years of man's wars, and giving their sons, husbands and fathers to be killed—living then in sorrow and heartaches for their sins.

Now women, you are brave, but now you must prove your modesty and nobility—that God made you more than and only just tools. He made you souls—not just a tool for men which you with your sex clothing draw to you—good or bad or with—and for admiration. Remember your children, your sons and daughters will follow in your footsteps. Hear this Truth; change now.

Mothers, do you realize that your clothing proves what you are, and if modest—of what is in you? Men will know and respect or disrespect you; and you are to blame and not the men who know no better.

Realize of all the criminals, degenerate killers that are hurting even your babies, and you're suffering because you bore them. This would not happen if your modesty had brought the respect of the men. Even divorce follows it. Children are heartbroken—crying they have

come to me. Also children that admired their mothers were saying, "My mother is old fashioned," but they call them angel mothers. Do you want your children to call you "angel mother"?

Now of course. Every mother wants this praise, and wants to be good, and give her life for her child. God trusted women to give and to bare her love-pure child; so the child will follow the mother in her footsteps.

Women, you do not realize what this message means to you, if you accept it.

Yes, the Superet Light Books will live forever. Why? For all the Vibrations' Light of Jesus' Light Language which He wrote. They appeal to all people and all religions, and in all walks of life morally, and with a concrete proof of a point—that there is no stationary period in life but the change of Atoms. Either one progresses or retrogresses—as each Superet book has a definite lifting to and of a higher Light Vibration to lift up your heart, soul, mind and body consciousness to the previous books with Light Vibrations.

You read for a definite understanding of the Superet Light Atom Aura Science, which leads to the Lord's Superet Light Doctrine, His Religion.

You might not often see the Light coming out of those books, but you feel the warmth of each book. Each of those twenty-six Superet Light books has a different Light Vibration which you must develop to earn the Light Atom. And only twelve Light Vibrations can develop the white or Light Atom.

This will prove to you facts by your Aura showing. You can see how many Light vibrations you have. Now you also can see the dark and black spots in your Aura

coming from your different senses; and you cannot excuse it but labor. Even prayers won't remove it. Do not listen to unclean stories.

Important is the feeling-development of the Superet Light books that vibrate Light which you feel, because the wonder books are arranged by the Vibration of Light from the beginning—of How to start from the Sunday School, and graduation in having developed the Light Atom by degrees.

Those lessons are given by Superetist instructors with diplomas, and by ministers that have been ordained for the past years to prove and give the Superet Teaching, as they see the Auras with Light.

This Superetist organization works with facts of Light. For Jesus' Religion starts with scientific Laws that must prove Light facts. This "old" made new, Superet Science, gives facts with Light when obediently followed.

There are different Light Brotherhoods; but only one Superetist Light Brotherhood and Light Sisterhood that started in Jerusalem 2,000 years ago, and is again in Los Angeles.

Jesus said, "You have ears but ye hear not. Watch and pray." Revelation 2:17, and page 13-2 of the Prayer Book.

Superet Light Atom Aura Science

Fifth Lesson

Nose Love Vibration

(MAN INSTRUCTOR READS)

This is Jesus' Light Science of "nose smelling feeling." It is the tool for all senses which the Superet Light Science teaches and uses—mostly sensing, nose-smell.

For, a Superetist who becomes a Light bearer, will know the degree of sense, because he feels it inwardly, and sees his Aura. For living in the Laws of Superet Truth that is operating only through God's Superet Heart, giving out the Superet Light, It will also operate something like the sun ray for you that live in It—no longer like animals can smell.

You draw inward the Healing Blessings which will feed your soul with only the Superet Light. This will also show and prove with the outward healings, physical and spiritual manifestations—of changing character, in purifying the spirit, also creating new senses with a clean mind of will surrender, and sensing with the nose the perfume of purity.

Now your invisible light power substance starts the Light Atom that must hold it to throw out the Light vibrations with your Aura facts that must prove all this—that you live in the Superet Light Laws. Using the Spiritual Electricity, you feel and sense its love.

This is Jesus Christ's Superet Light Science and Re-

ligion which Dr. Trust, the Light Scientist, found with facts, and is proving also through Her Light Aura.

Your Aura must prove also with facts, the Light—not just with imagination, words, belief, but facts that God and all can see your shining Light in your Aura.

Of how to learn of gratitude and release vibrations, look back at your life and find out how much gratitude you have given to God; and how many complaints of the development you had to learn your lesson. How did you thank those friends or strangers that sacrificed for you time, light, money, labor?

We expect all from families, but let us start to be more grateful. How can I do it? Learn to find that vibration in that lesson—not just with money alone, but what light vibration is needed.

Let Dr. Trust know, and She will give you advice in Her lectures every Tuesday evening.

Gratitude only will create the Light Atom in you; for you are grateful all to God and all humanity—good or bad—for helping you to see the good and bad.

Come and find the truth yourself, so that you can have a heart in you with the blue prints from God, which are His Superet Light Laws that you will still carry in your heart. And the Aura shows and proves with facts your Light Atom. Superet Light is the whole Truth.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Dr. Trust says, when She found and discovered the Name, Superet Light, a purple Light came over Her; and She felt such a wondrous atmosphere around Her.

Healing came suddenly. All changed in finding the new Name, Superet, in Revelation. The Superet Name had Its own Light, which no other Light can have. Light is called truth, but not the whole truth.

Now everyone can face the future without fear. Just with the Light Atoms, you will never worry again. What a privilege to earn this Superet Light which is given you here to learn of. This is the greatest Treasure—and the Law of God's Light we must have in us earned, and proving with facts.

God proves with facts with the Aura in Heaven and on earth, and this Canyon which is centuries old, and with facts in America that can hold this Canyon of centuries. No other country! The Old Grand Canyon.

Dr. Trust says, "When traveling, I was studying Auras' vibrations in every country, city; and I thanked God, Superet, for His Wonders of creation. And when making the Auras of Europe's Canyons, there were none like this Canyon of America. Even in looking at the 217 miles of the Canyon and the vast change of climate which is found there on account of a different Aura and vibration."

There are many wonder canyons in Mexico, Canada and in Europe, the Author says that are unbelievable. But not one has the vibration of this Canyon. To explore that Canyon is not an easy task; but how much more is your task to explore your soul! Start with prayers, with the Language to God. And to give not only of your spiritual, but also of your physical—the best to God to walk through the valley of the shadow of death; and fear no one, evil or man when you have your Aura or atmosphere clean.

The Wondrous Truth of the Light of the Lord has come to a great steady scientific development; for only science could discover It. You can prove it when you read the little booklet, "Heal Thyself With S.L.", which means, Superet Light, which has proven the past years of thousands of healings with the wondrous Superet Light Laws, of what It will do for everyone in every sickness and problem. It never failed.

Of this booklet, "Heal Thyself With S.L.", the Author says, "I know with facts, this will be the last, for then only will the human suffering and sin cease; and many will receive help of whatever they need." The Author says, "I was healed of consumption and kept up for thirty-five years preaching, lecturing every day, healing work from thirty; and more, every day listening to the poor, sick to suicide cases, insane people, of which most were healed. And often after my work, I went hungry to bed for need of money. But I was happy. Then, one night in my dream, I heard the voice saying, 'Think of God. He wants you to help people, and they won't be in that condition. Write, and supply will come more.' I started and wrote the twenty-six books, and paid off the Superet Church, the Garden, the College, the Ministers' Home, and the Church Rectory."

Remember the two marks of the Bible. There's only one great help you can see when you follow in the booklet, "Heal Thyself With S.L.", which means, Superet Light. For those Laws, applied, will help you and everybody. Revelation 2:15, and page 42-4 of the Prayer Book.

Superet Light Atom Aura Science

Sixth Lesson

Mouth Love Vibration

(MAN INSTRUCTOR READS)

The Bible holds the truth—that silence is golden; and the Superet books explain the Bible's truth Aura of Light; and also the darkness vibration—of How it must be dealt with—both. That's why the Lord had to prove to us Light through our body dark Human Atoms, to develop into Light spiritual Atoms—to spiritualize the substance with His Light Laws. Watch and pray not just with the mouth, but the heart.

Now you will understand how necessary this Superet Light Science is to learn about the substance which the Aura shows. For each one can become your own doctor to heal with S.L. without fear; and your future will be health, success, happiness, freedom. You never can become insane or a criminal; for the Light substance in you has become a Light stream of vibration—proving that you belong to God. You must advertise your goods, which is your Light Aura—God's Business—that nothing can come to hurt you ever; neither can a long sickness remain when you stop complaining.

Naturally the sick Atoms only make war—not God. As we have now one Superet School and the Superet Light Brother and Sisterhood started, this world—when many help—will become a peace living Paradise. As

God gave Light for this planet to earn peace, and to live in It through His Son's Superet Light Doctrine healing which we use now.

Why the Lord spoke in symbols—is like we read in the Bible, which says that there are two marks on our foreheads and hand. One mark of God with the Light Atom—the name, Superet; and the other mark of the beast with a black Atom, with the beast number.

Those are not symbols but facts! Dr. Trust Who can see the Aura and the colors in and from the Atoms rising in vibration, has seen this Aura on many—of the darkness. That's why they become killers, criminals—and we think they are inhuman. But they don't know what they do—as they are often used by those same spirits with the same mark, and start wars.

Making this Discovery I had to write about the sick black Atoms—How they can be overcome—because, when we earn the Light Atom, no evil can stand the Superet Light. For It burns them. That's why this Superet Light has and is the greatest Power of all Lights. This has never been explained before—or has been discovered before of 2,000 years ago.

Now dear ones, you can see why God sent this message to you in this time—this little booklet—to help you in every way. Not just talking, but with facts of this Superet Atom Aura Science Teaching, which is building for us to learn to use the Superet Light Laws—with facts proving the result. For we have the proof here in Los Angeles with many healings, that people say it is unbelievable of all the results It produces.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Now you know that religions or prayers alone without Light Laws and labor will not bring Light; neither will material laws bring you food when you are starving and demand of God. Even with prayer, labor counts.

Everyone will say, "Work as I do." So Jesus says, "Labor as I did (not just for the body food, but for spirit and soul food)." He worked for the Light Atom, and gave us the Superet Light Laws' Secret with scientific facts.

When you begin to build this Light mouth Atom, you begin to feel how true this booklet is of "Superet Light". This booklet is alive in feeling Vibration. Not just with mouth alone, but with love.

Mother Trust, the Light Scientist-Discoverer, says, "Come all to the Light Wedding and rejoice. Become free, more free, and all free of sin."

Darkness is created in the mouth the most of speaking dark vibrations, anger complaints, resentment, jealousy, etc. Many people only live for flesh love, and only speak of their flesh feelings'-satisfaction, but forget to speak in Jesus' Words that were all white and gold in Light with the Aura showing.

Dr. Trust studied His Words which are alive today. So will the Vibration in the Superet books shine.

Dr. Trust never studied Her lectures, but was inspired.

Only now this Superet Light Science Jubilee year starts when we all follow those Superet Laws and feel

the Power. Positively there can be no long disease or war starting, or any longer remain—or coming. Why? Because, this greatest Light burns away the darkness vibrations.

Now this Superet Light burns away the darkness if you know how to use those Laws scientifically. Not just talking, but making the substance of life for the Superet Religion. That's why Jesus loved St. Paul, the hero.

We can also become heros to give up our life for God's Light—His Superet Heart Light—to prove our Light-love to God with our Light only; and to become His Light child like Jesus did, which the Superet Light can give. No other Light.

Dr. Trust says, "See facts. Watch; your whole family will be healed, helped and changed." Mother Trust predicts the wars will stop. We will have peace. How the Superet Light of the 26 Superet books will help humanity when you all become true Light bearers in the Brotherhood of Superetists like the Apostles followed Jesus in Light for His Light, and died with their Lights for God, Superet!

You must earn the Superet Light Laws. As you use Them, you have to earn and obey to prove your Light Atoms consciously. You cannot earn them with mind suggestions—but with the heart-feeling substance—only by loving God's Superet Light.

All religions have light, but are not conscious of Jesus' Light, and also God's Superet Light and His Spiritual Electricity, Superet Light. But, all people are conscious of their belief and material electric light, which all can see. But only those that are living in the

Superet Light Laws can see the Light Aura and feel the Superet Light healings.

Come and learn in the Crusade with the Apostles to follow Jesus, the Leader of Light—He was a Superetist—He Who not just could see Light, but He obeyed the Light Superet Laws; also those that have earned His White Light of purity and the Laws in the Superet Light Science. St. John 11:42, and page 39-8 of the Prayer Book.

Superet Light Atom Aura Science

Seventh Lesson

Spirit Love Vibration

(MAN INSTRUCTOR READS)

Without spirit, we would have no life here or hereafter. Father God gave it to us.

This monumental Achievement—the Essence of God's Light—has now been unearthed through the Bible of Mother God, Superet—the new Name with Light, Superet, the Soul Name of God.

The Light Aura Scientist, Dr. Trust,—Who scientifically was moving with spirit in the Science of Light through Jesus' Light Doctrine for benefitting humanity—says, "For in availing myself in the years of Light study, and in active experience, also realize my profession as a Light Scientist. This was leading to the Light

discovery only through the Superet Light Atom Aura Science. The years of scientific labor and research for the Jesus' Doctrine was most intense, and a holy study in finding Jesus' God's Name, Superet Light, the highest Truth, which only can give Light Radiation for souls that are willing. The spirit lives in soul life with soul—not only in body.”

The veil behind the future is now uncovered to bring healing, happiness, peace and freedom for all. God bless you, dear friends, spirits and souls.

Remember that the Superet Light is from God's Superet Heart. It is so holy and great of power; and It cannot be mixed with any other Light or different name. Even the spirit Light differs from soul Light.

Spiritual Electricity is sent from God's Heart for you to have pure thoughts with a perfect faith to worship only God's Superet Light, to never condemn or criticize anyone, but to love alike all friends and enemies. For otherwise dark vibrations or dark waves will cloud your Aura; and then you cannot have the Superet Light Vibration—the connection which Jesus had to earn.

Dr. Trust, in finding Jesus' Superet Light Laws, is making it now possible for all people to earn this Wonder and Miracle Discovery, to become blessed, healed, helped and benefitted here and hereafter.

Remember, it is not alone in this life, but also for Eternity you will shine as a star forever, —the Bible Words.

Dr. Trust says, “Beware of black Atoms.” Even many religious people that came for healing to me also had the black mark on their foreheads, and came with chronic diseases that nothing could help; even of many

operations. But only then when they accepted the Superet Teaching of Superet Light and they applied in the Superet Laws, the black Atoms began to start disappearing, or as though burned away—disappeared. And the Light Atom that was started within, became visible on their foreheads; and they became healed suddenly which many physicians could not understand of such healings.”

Now you can see the “treasure” you can build within. It is even greater than this world’s treasures for word to see God’s Blue Prints for souls. Now you will earn to have blue prints from God’s Superet Light on your heart also. That heart of body that used to sin and to be like a stone only for the earth, becomes melted into love for God’s Light. This is the greatest treasure to have in your heart; for it is the everlasting Light we need, which we can earn now. It is not too late. Start now to labor spiritually.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Write to us for the Superet Light Lessons and Superet Laws. Everybody needs the spiritual life for the spirit more than just the body life which is short. Without the spirit life, it has no light.

Please take heed of the Words of Jesus, Who said to the obsessed man, “Come out of this man thou foul and unclean spirit.” This proves his spirit was unclean, and what kind of spirit we all have, also such elementals of darkness. Now Angels will come to us with the Superet Light when we repent.

Study the Aura and Light Vibrations to earn consciousness of Light Vibrations, the Superet Light, the Symbols' book Vibrations. When you read the Superet Symbol Science It proves the Spiritual Auras and vibration.

"Seek and ye shall find (the Light Atom in each Symbol)." As you will study those Symbols of the Symbol book with the Vibration Light Aura Language, it took over twenty years' study alone. It all started only with Jesus' Light Words which brought out the Aura Light, and the start of vibration of Humans' Atoms' Auras, which could only be changed into Light Vibrations in Atoms with Aura facts proving with Jesus' Aura, which only the three Apostles saw. Not all can see it. So you must earn the "single eye"—a clean spirit, of Christ-Spirit connection which you must feel in your heart with facts proving.

We all are spirits, and return in spirit. How the Aura of the world and the Grand Canyon Spirit prove this is it by the Light of the Spirit, which are combined in one Light. The Aura shows with a pipe connected with the Painted Desert, which has a connection that feeds the Canyon with an Auric vibration or Light. The Aura shows the Atom of the Spirit that holds the elementals away by closing two pipes that are intermingled of male spirits and female spirits' vibrations holding the heart that prevails in freedom,—holding a Light that enters the two pipes upwards to divide the air underneath the ground and to the Painted Desert. The Aura proves with its symbol.

Now Dr. Trust, after finding this new Name in Revelation, and through the Science of Light in the Bible,

only then could She find the Superet Light Laws—after years of the Bible Aura study, and the Human Auras' study—and is giving to humanity the help of years of healings with facts. Also the little magazine, "Heal Thyself With S.L.", which many students of twenty-five years will prove with facts of the healings.

Dear ones, facts speak louder than words or mind and thoughts which cannot dissolve—as ego proclaims its glory with demonstrating or hypnotism. But, as Dr. Trust says, "The Atoms stay in the body just the same; for many of those sick people have told Her after years of sickness, also being religious but had no Light. They prayed for healing, but could not get it with dark Atoms. St. John 1:2, and page 57-30 of the Prayer Book."

Superet Light Atom Aura Science

Eighth Lesson

Heart Love Vibration

(MAN INSTRUCTOR READS)

To attack fear, you must cut to pieces the problem, and find how it can be solved with your heart feeling.

Faith is the substance of things hoped for. You hoped for happiness, but now greater happiness will come because you have conquered and fought, and killed fear, the black Atom which is now burning out by the Su-

peret Light Law in which you live now, that you had created throughout all those years,—fear instead of faith. But you need one more Light Vibration.

Find the one, and write to the Light Scientist, Dr. Trust, the necessary vibration that gives the faith vibration of Light.

The soul's Aura of the heart love to God is the greatest thing in the world in you.

The answer is of your heart love and your soul with Light Atoms. Why? Everyone has asked this question. It is for your supreme good and your life before you. It is the noblest object of desire for you. It is the greatest thing in you. All religions in the world know of faith; but the greatest is the soul's light and love to God.

Read what Paul says about love. The love from your heart is feeling. God, Superet, is Love. "Thou shalt have no other Gods before me." Those love Atoms we must analyze by its substance energy.

From the day you land anywhere, that language of love is understood by all and will be pouring forth in its unconscious eloquence even without speaking their language. It is not His words, but his character Atoms' message. When God's Love is all in you, then you love all.

We must learn of singling love out as a supreme possession—of what kind of love. There are about a thousand different love Atoms. The Aura shows the ingredients, or to that part of man's nature.

Why people slip from religions? Because, it has given them fear and held them. Their nature was not all in it. The final test of religion is not the religiousness

but love. In that great day we must prove what kind of love we had.

The love for God, Superet Light, I started with in love for humanity to help everyone alike—from helping at the watermission, for orphans and the poor. “But my love grew,” Dr. Trust says, “with the sick and those in darkness and sin. This was my longing to help, and only through the Human Auras, leading to the Bible and Jesus’ Words I discovered the Secret of His Teaching, How to love His God, Superet, with pure Light Atoms proving with vibration love words, and with facts of forgiveness.”

Love your soul. Speak to it of Superet Light with living in It. And to love everyone differently, you must prove it with facts of what they need. To love God, Superet, you must prove with facts of what God needs from all His children—a pure love from all their hearts to come to His Heart of Light which holds the Superet Light. We must come to it to receive Its Light Blessing. For our soul only needs that Superet Light—no other!

This Great Study of Dr., or Mother Trust’s, with prediction of Discovery, started with the strong Foundation of Jesus’ Light, from which His Words proved His Light that I saw, and with a long study in Light Science, was it only possible to find the Meanings through the Light Vibrations which the Light Words of Jesus’ had brought forth.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Jesus said, "The world shall pass away, but my words shall not pass away." He meant the Light Vibrations of His Words, which I found; and also His Teaching of the higher Light which He kept secret—and the Name of His God, which is the new Name in Revelation not given out, but that had to be found by Light.

The seal is broken, and Jesus' Words of Light are now absolutely translated with and in Light. This Wondrous Truth, after 2,000 years in the Atom Light Age, is now found for you to have. And the more Light you develop in you, the more you begin to love God and know Him more and more. Because, "When your eye is single, your whole body shall be full of light."

Now, through this Superet Light Atom Aura Science was found Jesus' Superet Light Doctrine; as He said, "My doctrine is not of this world." So It was of the highest Light. Through many steps or light vibrations and through many religions of different Lights, we at last arrive to the highest Light of Jesus' God—His Superet Light—in starting to follow Jesus in Light.

This Superetist Brotherhood is a free society. Freedom is given to everyone to study without fear in the Jesus' Superet Light Science. It is naturally Light dynamic, and can have no stagnation—but facts with Auras proving Light; as It demands a progressive development in Light. So It is first concerned about soul and a spiritual life—giving help to the body, and a personal welfare. For Jesus said, "Take no thought for

the body"—proving that if we develop Light within, then the body shall become whole.

Starting in 1926, all those past years, those patients that entered in this Superet Light Science and Doctrine, have been healed and stayed healed; and became students, instructors, ministers, and acknowledged with the 1926 U.S.A. Charter that this is Jesus Christ's Religion of Superet Light. Now It has come out with 26 Superet books' translation of Jesus' Words in the Light Language, with action proving through the Atoms' Auras, and Jesus proving with the Aura.

"All the Mother Trust-predictions of the future took place, with facts now proven." She says, "In my past years of the study of thousands of Auras, of the Human and animal Auras, I found the dark Atoms through Auras in Humans that were producing sickness from their poisonous substance through their disposing their Atoms' substance and throwing it into the body with dark poisonous chemicals through vibrations."

This sometimes looked like a black or dark smoke, or the smoldering of cloth—also proving the actual fire is not in your body, but that you have gas within, and you know it by feeling it and throwing it out.

How will you try and help to overcome it? The answer is, through a doctor and medicine, which you obediently obey to get rid of it; or disobey and keep on suffering.

Now this symbol is also in the poisonous Atoms, proving with the vibration of poison from the body and spirit within working against God's Commandment. One is, "Thou shall not commit adultery." Then another, "Thou shall not kill." If those Commands are

broken, all produce a black dark red or dark green color, which also shows in your body like the different skins' colors of the body; also resentment, hatred, sins which show by your Aura vibration that your sick Atoms are throwing poison in your system.

Dr. Trust says that She warned people by their Auras and to overcome that habit and sinful desires, or take the consequences of some disease.

All those students following in the Superet Light Atom Aura Science, were healed of those diseases, pronounced by physicians years ago; and all stayed healed all those years and are no longer now producing those dark vibrations, but creating new light healthy substance Atoms' vibrations, with body and spirit senses following the Superet Light Laws which Jesus followed and created Light Atoms within. Bible, St. John 21:15, and page 25-14 of the Prayer Book.

Superet Light Atom Aura Science

Ninth Lesson

Soul-Mind Love Vibration

(MAN INSTRUCTOR READS)

Look back at your life, and find out how much gratitude you have given to God, and how many complaints of the development you had to have to learn your lesson in the Superet Light.

How did you thank God and Jesus? How did you thank those friends or strangers that sacrificed for you time, Light, words, money, labor? We expect all from families; but let us start to be more grateful. How can I do it? Learn to find that vibration in that lesson—not just with money alone, but what Light Vibration is needed?

Dr. Trust's study of gratitude-vibration led Her to earn the Light Atom. When you are grateful, you cannot hate, but love all. You need the Superet books and the Bible. No other books hold that soul Electricity.

The soul-mind holds it in the outer soul Atom, and discharges its consciousness to the soul-heart to create with its feeling of loving God within the heart Atom's soul within.

The Superet Laws will help you to understand the soul Science Wisdom with Light. Also your soul-mind will understand by feeling sounds of voices and languages of different vibrations—as soul consciousness is the greatest consciousness.

That's why the different languages vibrate different Auras of their vibrations. Now the twenty-six different Light books' language only hold Light Vibrations and Light Atoms, and the Law how to develop out of the human sick dark Atoms' language into healthy Light Atoms. Now the explanation is given how to do it through and with the twenty-six languages on this planet—not the Ancient's, but today.

Why is each country known by its language and flag, and follow its laws only of that country and fight for it only? To maintain its language and country! We all in each country do it; even in this mother coun-

try, America, over all countries. We fight for it to maintain our Constitution, and no other we want; also our flag with the language. But we prove that we love all flags and all languages and all countries. How? By helping them all, united—even here.

The Author traveled through Europe and never saw like we have here in little cities of all the different countries and languages. For instance, in New York you see a French church, school and all speaking French. Then there is the English, all speaking their British accent English in their church and school; but it differs in sound, accent and pronunciation.

The Author says, "Even when I was in England, I could hardly understand their different dialect. We also prove it here, but it differs—like the west or the south of American people speak English differently. It's the same in Europe; the language differs, also the voices."

Why did Jesus vibrate with the vibrant voice, and the vibrant meaning in Jesus' Words? I translated Jesus' Words with His Vibration of Light through the twenty-six books. They all vibrate His Light through them for all the different mind consciousness to grasp and to understand from the lower to the higher.

This started the Author in the University for Jesus' Words alone that hold the secret of His Teaching of Light. They could only be translated by vibration—which I saw. For the high Vibration of Jesus led in the uncovering of the new Name, Superet—God Superet, Jesus' God. He said, "My God and your God." Jesus' God, Superet Light—the greatest Light from His Heart of purity became soul conscious and saw the Superet Light coming. God's Superet Light is the great-

est Light from all Lights. There are many beams of Light of different color and quality. But nothing can compare with the Superet Light Power and the burning of darkness all away. But Lights all are needed like the twenty-six Superet books; for all people and spirits differ in vibration of light and darkness.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Stones' language differ in color vibration language. The desert holds the gold, oil, water and speaks with colors. The Petrified Woods' trees Auras are in them with colors. The ten thousand year old redwood trees speak with vibration. You will feel it if you are sensitive to the good or bad. Animals all speak a different language, and throw out in Aura the colors which the Light Scientist could translate its meanings; even of birds and small insects.

Now for instance, the Light Scientist says, "As a world traveler, hearing all the different languages, I could not understand; but by the Aura and vibration, I could explain that their language of meanings was good or deceitful."

Many languages have the sound of animals, others sing; many are hollow or harsh, or have the sound of pleading, weak. Many of their colors are united with the mineral or animals where the sound and vibration harmonize. Even the insane people speak in their own language all alike of confusion dark colors. The child in its cries, speaks anger or pain by color vibration.

Tears that are Atoms, holders of the water of body

or spirit, differ. Jesus' Tears for Lazarus were entirely different than when He hung on the Cross. The water in those tear Atoms showed different colors—one of sympathy and love; the other of agony sacrifice for our sins and darkness.

Now you can see the difference of all the human and Light Atoms' substance which we must know how to overcome. The great wonder of those twenty-six Superet Light books will open the heart of the people of the twenty-six different languages. How? Through the Superet Atom Aura Science study to see your Aura and to know the facts—not guessing.

You must learn how the Superet books' Words reflect Light with facts, of why the Superet Light of Spiritual Philosophy feels more than it reasons; or rather it reasons by feeling. And feeling it recreates truth. God's Truth is feeling.

We know that offensiveness lies not just in the words, but in the acts that those words reflect. Now the words given in those 26 Superet books not only reflect God's Heart Superet Light, but show the absolute earning of the Light of every one within who will follow those Words with acts, proving the connection with God's Heart Light with our hearts through the Heart-Words of Jesus Christ.

The boundless energy with a fearless strength will be, for you are not any longer fighting alone the battle of life; for you have the Light connection with Jesus' Superet Light Religion and Science of Heart-feeling unity.

You must use silence daily. Way every word; for you will be judged accordingly to the acts they create.

That's why you will earn Light with every Superet book—the Light for body, spirit and soul.

Body Radiation

Machines and radio active radiation of body can be produced by machine, but not the soul Light; because, it has the substance to build the star. Jesus said, "And they shall shine as stars forever."

You must prove facts with the Superet Light Laws—not any other laws!

We need the spiritual Light Laws for the health of the spirit and soul—and that is Jesus' Superet Light Doctrine. He said, "My doctrine is not of this world." We must become soul conscious.

St. John 20:21-22. How did Jesus breathe on the Apostles? With His Light Vibration for their feeling Him. His first Word to them was, "Peace be unto you. As my Father hath sent me, even so send I you." And when He had said this, He breathed on them, and saith unto them, "Receive ye the Holy Ghost."

This Holy Light Vibration Jesus gave from the Superet Light; for the Apostles earned It.

We who are also the Apostles of Jesus' Superet Light Doctrine, following Him and His Laws faithfully, are receiving now also the Vibration from the Holy Ghost in breathing with the heart in Jesus' Name, the Name Superet-Vibration. And the Superet Laws must all be fulfilled; then we receive the Light Atom. Nothing counts in this world but the Light Atom holding the Light Vibration.

To manufacture Light within us, we are born in this

planet, and mingle with all that are like we are—filled with vibrations of self-love and excuses. Now the time has come to learn How to change from dark sick to healthy Atoms before we pass out of the body. And It is so easy to follow and obey God's Laws. His two Commandments prove love—a pure spiritual love: love first to God, then to everyone. St. John 5:30, and page 54-2 of the Prayer Book.

Superet Light Atom Aura Science

Tenth Lesson

Soul-Heart Love Vibration

(MAN INSTRUCTOR READS)

Why must all religions study Jesus' Wisdom of Light leading to God's Superet Heart Light? How have those precious Superet Books healed and helped thousands? Because of facts. That's why the Superet Books are priceless—which are found and given through Christ's Words with the Light Vibration Language-discovery, translated for the soul-heart Atom.

All prayers give a definite lifting to your vibration for higher Light, which you feel in heart, soul, mind and spirit. For those Superet Books appeal to all people in all walks of life, with a concrete proof of a point—that there is no stationary period in life, but by the change of Atoms. Either one progresses or retrogresses

as the Atoms' dark substances change through the Spiritual Electricity which the Superet Light Laws produce when used and followed obediently just like the material electricity produces higher light than the candle light. The same are Light degrees-development.

How do you feel in your 12 senses? All differ in vibration and colors.

Music with sweet peacefulness touches the soul. How? With feeling. Therefore, you must develop the spiritual feeling love for God.

Now when you use your twelve senses only for the physical body, then your spiritual body has no energy from the flesh body. It becomes weak, and sometimes turns, according to the body's sins and darkness, into a foul and unclean spirit, of which the Saviour spoke to the sinful man. That's why you need now, the Aura Chart and repentance to overcome an old fashioned vice; and "sinned by sloth myself" you will discover.

We know as human beings, that there is an Eternity waiting for us. We often have only excuses and do not try our motives—if for good or bad—for exertion does not appeal so strongly to human nature. So there is far greater danger of sloth and of neglect of spiritual things.

Dr. Trust, advising a patient coming for healing that she had neglected her soul—the greatest duty is for soul—the patient said, "My soul does not give any trouble, but my body is feeling sick most of the time. Now my soul does not need that, so why should I work and take care of a thing that never hurts or disturbs me, or I don't know or see?" But the Aura shows now how the vilest sloth or substance was accumulated in

those sick dark Atoms of years' sins that are helpless and throwing out dark vibrations through your whole system in body, and you become sick. The religious comfort alone will not clean them out—but the embracing of the Superet Light Atom Aura Science leading to Jesus' Own Religion. He said, "My doctrine is not mine, but His that sent me."

His God, Superet, sent His Light, which Jesus saw, and found the truth, and gave It to the Apostles. And now Dr. Trust has found this Secret for and of your old past sins; and as your karma is still of the past, it has remained around your spirit—so it shows the Aura of the past many years of lives which you, through the Superet Light Doctrine with your Light Atoms, can undo now. Not otherwise by any other law but this Superet Law, which the Lord proves with of How He did it in His Atoms through His Spirit Aura. Read the Bible of where He proves, "I can do nothing; but it is my Father (His Vibration) that is in me (the Superet Light from God coming to Him—as He brought God's Laws of Light to life)."

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

Now you can see also in His many statements, the facts. He does not speak of religion, but of the science of Light—Superet Light, the God's only Light from His Heart.

Why Jesus' Healing Breath Secret was never found of Light: Breathing is your language. As you love God more, you will prove it with love, breathing, speak-

ing the love language to God. You must breathe, vibrate to feel it.

Take three long breaths, and say silently, slowly, "I pray, love, and worship Superet Light." Then exhale and say, "I trust in Superet Light." Do this after you have made your Aura Chart. And when you have accepted and become baptized as a Superetist to live in the Superet Laws, only then you will feel the Power more, and help others with Jesus' Healing Breath by repeating those words.

As you breathe, hold your hands together over the senses, making the Superet Cross, saying, "God bless you." Then, why keep on seeking the Light when this Truth here is before you? Many have been called but few are chosen. You can keep on joining other teachings until you find this Jesus' Light Superet Science. Why not accept it before you pass on, and earn the Light Atom which no other religion or teaching knows, of how to teach you this Law without the Superet Light Name? It has to be spoken with sound and breathing this Holy Superet Name; then you pray with the Superet Language the Name in Vibration. In no other way can you achieve the results of the substance. Jesus' Language was Superet Light Vibration and Superet Healing with Light Vibration. For His Healings were of all in removing the darkness-cause to have Light. He manifested.

You ask to manifest health. You express harmony with vibration. Realize the abundance to be delivered through the Superet Laws as you earn it. To plant the seed or Atom into your soul and that Light alone, be positive. Hold thoughts and positive words that you

want to earn a Light Atom, that you want to fulfill all the Superet Laws. Allow no other thought but thanking and blessing as you have manifested health in your twelve senses of harmony. Give thanks constantly that the work is being done. Do not ask again. Know you're earning it—as you desire only good, the Light. And give out to all, the teaching.

We must learn Jesus' Language in Vibrations of Light. Read the names of the different Gods with the different languages. As you know to what country the name belongs, then you will see that vibration of the country's light development and situation today. Here are the names: Lord, Jhvh, Deus, Dieu, Adat, Godt, Gott, Godh, Goth, Soru, Allah, Rama, Deva, Dios, Odin, Theos, Teus, Thor, Amir, Amon, Acla, Baal, Kami, Ilah, Nebo, Bram, and Boog.

All those Names are standing for different Gods of different Light, color and brilliancy.

Dr. Trust says She saw the real Jesus Christ's Light and brilliancy, and the color of the Anti-Christ, and knows that seeing spirits cannot deceive Her by their Aura. They prove facts in Auras—words do not count, neither their lies, which are revealed by the Aura.

The great Secret I will reveal to you: The Superet Light cannot be mixed with any other Light religion, cult or belief. It stands by Itself and cannot be intermingled with any other Light or belief. For It is spiritually radio active. You will feel the results of sickness returning. St. John 3:16, and page 55-11 of the Prayer Book.

Superet Light Atom Aura Science

Eleventh Lesson

Ego Aura Love Vibration

(MAN INSTRUCTOR READS)

Ego is self-personality, self-love and self-glory.

This great Atom Age has opened the way. The time is at hand for humanity to know of Jesus, Who is the Son of God. He also was a Super Light Scientist over all Light scientists. For God made the Superet Light scientifically—differing in material and spiritual Light. “This I found in the Bible study of the Four Gospels (most)”, Dr. Trust says. “I watched the colors changing in Jesus’ Words when He said, “My doctrine is not of this world.” He meant: It is a Gospel Truth, and it is scientific, absolutely versed in science. He revealed this in symbols first. Then said, “Seek and ye shall find.” He meant: His Religion was scientific—a Light Science—which will, through His Light Atoms, chemically throw out the Vibration which the Aura will hold of His Light, to feed His Words with the Light to uphold the Life of His to the end of the world with His Light Vibration.”

Why?—you ask. The language of vibration is where even the heart does not vibrate and the body is dead. Also where the dead water is it becomes stagnant because it has no longer any vibration to give it life.

This Light Truth is not just a belief. It is found with

facts—this truth in Superet Light Science. And Jesus' Words—all—are Light Vibrations not only of His Light Belief, but that He had achieved that connection with His God. He said, "My God and your God." Jesus proved His Ego's Aura of Purity, selflessness, a White Atom Light, not a personality just, but a Light Aura.

The Lesson for Spirit, Soul and Body Consciousness with the Aura, helps you.

How the Superet Light gives consciousness in 26 Superet books, which differs spiritually in Light vibration! In the English dictionary it says: a debt is that which is owed by which one person is bound to pay another—with ego and with Vibrations, darkness or Light.

Now the God's Superet dictionary says: God gave you a soul seed of light; you are indebted to God, and bound to Him, for you to pay vibrations of light purity to return to your soul, and with light to God, and with Light to yourself—proving you have paid your debt to God; and your soul ego surrendered now.

As we study the child's and our ego, we know it must be molded by the environment by parents, family, home. The Light Scientist, Dr. Trust, says, "What could be of a greater help given to an ego than to follow the Superet Light Laws to develop the ego's surrender with the Light Laws in Superet, to prove with the Aura the Light, that the ego or personality is in connection with Jesus' Ego. And He gave up His Ego to God: "Father Thy Will be done; not mine." His Ego was selfless."

This is the start in the Superet Light Science; then you progress in Light to pay your debt to God, Superet—Jesus' God. The development with Light starts by

degrees of different Light Vibrations, which you will earn through the 12 senses before you can become connected with Jesus.

Now you have won—to be led to Jesus—His God's Heart, Superet. For He has the Superet Laws which this Light Scientist, Dr. Trust, found in the Bible; and has let you in on this great Discovery free without "hell punishment" force—only with love to God's Heart, Superet Light.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

This proves how Dr. Trust had to seek and find His Light Vibrations first. That's why this Discovery came through the Light Scientist, Dr. Trust, who from childhood, could see Light on people's Auras and the darkness, and began to study Jesus' Words of Light, and uncovered through His Words in Light Vibrations, the Name, Superet, because, She loved Christ more than Her parents. Also, this could only have been made through the Light Vibration Alphabets which Jesus revealed with His Words and Laws of Light. This great scientific fact could only have been made with prayers, suffering and sacrifice after thirty years of "Light study" only of Jesus' Words alone. This great fact proves that Jesus' Church was not just of His Light—but to worship God's Heart, Superet Light—to follow in His Religion of His Light Senses, and of surrender of body and spirit to God, His Father, Superet God.

He said, "I can do nothing, but my Father Who is within me is doing the work." God sent His Light

Vibration to Jesus. This must clear all minds of doubt about His Superet Light Science, and Jesus' Superet Light Religion, or Doctrine.

The five hundred Christian religions are all stepping Light stones of light vibration-development to come to Jesus' Own Religion, Superet Light. All religions are needed to develop the different vibration-substances of light which each religion shows in their Auras, which tells the truth—not just words, but Auras.

No need to tell you that there is no supreme Light religious authority outside of the Superet Church. Jesus' Words of Light to worship Superet Light, His God Superet, now must rule the world. For now the Atom Age is bringing the Light Atoms through this world. Realize, only when this Superet Light Science of Jesus is accepted, the evil and darkness in the world with wars, will disappear—and not before! Impossible!

The Superet Church only stands on Superet Light for the new Light Civilization to worship God's Heart—Superet Light—not just Peter's "belief on Jesus as the Son of God"; but to feel and see Jesus' Light: as He has come again, and His Light is seen in the Holy Superet Light Church that stands on Jesus' Purity Light—not Peter's light any longer. Even though he had repented his sin of denying Jesus, he had just belief, but not the Light Atom developed. The first Church of Jesus was "Belief." Now this Church is Jesus' Light.

All are welcome to learn to see the Light Aura of Jesus at the Aura Light Science School, to follow in Jesus' Light Superet Religion. This Truth shall make you free of darkness, sin and sickness. Thousands of healings and the Christ Miracle Picture are proving the

Light Scientist, Dr. Trust, is the real Founder of this scientific Jesus' Superet Light Science, and that His Religion was the Superet Light of God,—as the Light of God's Heart is made only of Light and not of different languages or light vibrations, but only through Jesus' Words which hold the Light Vibration-development to lead to God's Superet Light. That is how the Scientist, Dr. Trust, who is loved, is known as Mother Trust by the followers. Her heart loved God, Superet, Jesus' God's Superet Light.

Why is Jesus' Superet Light Religion only now coming to Light? It is because It is the last call from Jesus to open up before the wars will come to destroy themselves and hurt this planet to go into darkness. The time has come for payment—light or darkness. Which do you want? Prove it with the Aura.

Scientists are asking, what makes the firefly glow?—after a study of 100,000 fireflies to find out. But they never could find it in the glow worm or the light fish, eel, etc. No one could find it. This Light Scientist found it out through their Aura in studying the different light colors by their Auras' chemicals, of some minerals that were more dominant than others to produce not just the luciferin to glow, but the different chemicals according to their characteristics—not like people. For we only can develop the soul characteristics, where they develop only the body through their minerals, and only sunlight.

You can see the chemicalization in everything. So it is with Jesus' Superet Light Religion. No different Light Science unites with the Superet Light Science; for It stands alone for God's Superet Heart Light. Revelation 3:16, and page 15-12 of the Prayer Book.

Superet Light Atom Aura Science

Twelfth Lesson

Sex Love Vibration

(MAN INSTRUCTOR READS)

Beware of sex love, for this sense is only for mating for children.

The secret of the twelve Apostles is found in the Bible where the first Christ-Superet Church started with Jesus Christ, and was known only to the followers and believers that were prepared and later became Martyrs—because they could see Jesus' Light. Many saw Light and were willing only then to give their lives. For many were doubtful after the Lord was crucified, and were afraid to come out until St. John, the beloved, formed a group that he annointed and called them, Christ-Superetist Order of the Annointed Ones—which was the first Church of Jesus' God, Superet; but It was not known. Then started Peter with "belief" on the Lord—"the rock" of belief, which means: believers of Christ, His Teachings of Words, but not yet consciousness of His Light leading to Superet Light.

The Lord gave this Secret to Dr. Trust in explaining why It was hidden so long—this Superetist Order: Because, the Superet Light is the Heart of God's Light of Jesus' God, Superet, which is His Father. Jesus first had to bring out believers in Him before He could give out His secret Teaching of His Doctrine—"I am the

Light of the world. (And) My doctrine is not of this world"—is God's—not Peter any more.

In those 2,000 years, over five hundred Christian religions started, all of different vibrations for the Light of Jesus to be started before the Love Light worship to God's Superet Light could be accepted—the highest Teaching of the Lord Jesus, of "My doctrine is not of this world."

Dear ones, now you will understand why we had so many wars, where those wars will not cease, but now ending with a religious war; because sins' darkness is afraid of the Superet Light, the only Power in Heaven and on earth.

I found out of my years' experience, that when I held up the symbol of the Purple Heart Superet Picture, those with undeveloped spirits often called for me to go away for It burned them—the Light coming from that Picture they felt.

A woman from the streets who had lived a wicked life and had a disease, came for help. Seeing her Aura of darkness, I told her she must repent her life—as she had lived a sinful life—before I could help her. She confessed her shameful life, and her whole body covered of a bad disease. When I held up my hands, holding the Superet Picture, she began to scream, saying, "You are burning me. You are killing me." I said then to the spirit who used her, "Come out of this body," and you could see like a snake, a human body of smoke coming out. I asked for help for this unclean spirit; then I could see spirits lifting it up on a stretcher, just like you see on this earth, a sick person, and carrying it away. I could still hear the screams. It wanted to use that girl's

sex organ. The girl was healed and became a worker for God.

Many others I had through my travels; also in the Holy Land, many in Jerusalem, a few in Nazareth, a few in Bethlehem—only as they all repented. And I called the Holy Superet Name, and showed the Superet Picture. The unclean spirits cannot stand it; but also, they saw my Aura and that Jesus' Light was with me, united, to help them to get Light.

All that want to know about this New Name, Superet, and those students that have been with me those past twenty-seven years will tell you the facts they saw and heard of the cries of many obsessed people, young and old, who gave in to that lust; and later or sooner those that live in it, will become insane or obsessed; because, adultery is against God's Command. But God protects with Light, those that are mating and married, praying and loving to have children to raise for God. For God loves all children, young and old.

This lesson is needed for you—especially parents heed the lesson. Watch your children, As you all love your children, we teach them how to see their Auras. Parents, it will save you years of suffering when you do learn about the Aura yourself. Come to our free classes and see the facts for yourself.

We all want love. Why not find the real pure and true love in Light? Not just body love, but soul.

Dr. Trust says she has made thousands of human Auras and found often many love vibrations that correspond with the animals' love of emotions, and very little pure love for God. Only if they needed help.

As I am writing this a few days before the New Year,

we all promise to give unto our God, Father and Mother God, Superet, pure love from our hearts, to learn to see the Aura—and proving with facts.

My feeling of gratitude is no longer feeble words, but love and worship to God, Superet, proving with facts in those 26 Superet books, giving Jesus and my God, Superet, all the glory-worship with facts of describing His Love for us; and how we must love God with Light—no longer in darkness and with committing the same sins daily without repentance—which the Superet Light Laws show how your character changes, and how many criminals in people and children have been broken and avoided, healed in spirit and body by the thousands.

EXPLANATION OF THE VIBRATION LESSON

(WOMAN INSTRUCTOR READS)

You will feel the change in you by even reading one book.

People often asked me, why 26 Superet books? My answer is, the Superet books hold different Light Vibrations from the lower to the highest Light to create the Light substance for the real Light, and Light of Celestial, Terrestrial Light Atoms, which the Aura must prove with facts of the color of those Atoms which you yourself will learn to see—the higher Light.

Now then, words are not needed that you say how good or bad you are. Facts will prove in Light Auras.

When I was in the Holy Land, the uneducated people even learned quicker to see the Aura than the educated rich high officials of churches or many countries. Why?

I traveled through Europe with hardly any money.

Now you will know that I had no money but God's Superet Light healings. The supply of love-offerings grew that I could go to the Holy Land, and could beside, feed and help many poor over there.

Realize, you can do the same if you apply those Superet Light Laws with the heart love and perseverance, patience. You will be blessed the same. God's Superet Light never failed me. I became healthy, where before I could not.

Dr. Trust says, "I was sick, poor and often hungry. Now I can help so many. It is a Miracle, loved ones. If you only could accept my words of love to you. Please just try it. It does not cost any money, but love to God, Superet, and to become superior in Atoms' substance of body—no longer to live in adultery; for this proves your sin with the darkness-Aura.

This, the Aura Scientist found, How? By the Light Atoms' Laws. Those miracles will take place—not just talking or praying for it, but by actual labor of changing the Atoms' substance to Light.

The great discovery of the Superet Name also brought facts of thousands of healings which the Author can give with facts—this secret to humanity—how to apply this Superet Method in and with the magazine, "Heal Thyself," which will prove to you when you study those Laws in those twenty-six books, and also at the Aura Auditorium. You will know of God's Wonders, that they are still living and now are found to be real life within your soul.

To create life for children, you will use the sex organ only as a business for child birth. But, misuse, living in adultery, you create elementals which follow in your

Aura, which Dr. Trust sees. Jesus cleaned the man of the elementals—some. He said, "Come out, you foul and unclean spirit (out of the man—even the man or woman having children, but lived in adultery afterwards)."

Jesus will not save you unless you repent—only purity and following Jesus' Laws, "Thou shall not commit adultery." The sex sense is the twelfth apostle, Judas, who loved sex adultery and money. Now Jesus' beloved Apostle, St. John, was pure. He never used sex, never married, and loved Jesus with his soul-heart. Only the rest of the Apostles, all unconsciously lived in adultery, but were forgiven. For when you do not know any better, God forgives you. But now you know better.

There is a time to bear children; but time now that we can live also for our souls within like the Apostles and create Light through the Superet Light Laws as given by Jesus, and found by the Light Scientist, Dr. Trust—and not by any other human being after 2,000 years. Only now we can learn and understand this Jesus' Truth of Light.

Many are teaching Light, but they cannot teach the Superet Light without mentioning the name of the Light Scientist, the Founder since 1925, with the U.S.A. Charter. For She earned the Light Vibration first to find this Truth; where the rest are repeating, or only want to be known, or for money, but have not earned It with labor, study, sacrifice, for years living in poverty—all for the love of Jesus, to find His Light. And that It led Him to God's Superet Light. And to follow Him in His Light Laws, Dr. Trust had to find It, for years seeking It, then laboring in the Light Laws—leading from one degree of

Light to the higher by vibration of Light—not just talking, but creating It with Light by degrees. At last, here are the Light Words to live by Light. Jesus helped Dr. Trust to find this Truth.

The Light Scientist says, "I was writing those Light Words in the Holy Land on Christmas day where all the world looks for the joys of the Christmas spirit for peace and happiness on this Christmas Morning."

Now we are living in Christ's Light Words as given in the twenty-six Superet books. The Vibrations are of Light, which is alive in Them, united with the Christmas spirit of old.

When Christmas first started, the pine trees with snow became the emblem of purity and hope for a better life. All those years we all look for a Christmas tree. It starts new hope and joy in not only our hearts, but our children's joy vibration begins to fill us all with peace.

The Superet books have words to live by; and the Vibration of those twenty-six Superet books will live forever—not just on this planet, but into Eternity. We need those books. All are leading to the Superet Light—the Home of God, where we all want to go. Without the Superet Light Laws we cannot travel.

The great Universe has one Law, and that is to obey and love God's Superet Light. Revelation 3:16, and page 54-5 of the Prayer Book.

Superetist Brotherhood and Sisterhood God Bless You

We are the Brotherhood for Mankind of Light, in Heaven and on earth. We want to acquaint you with our scientific, or Jesus' Light Doctrine, which was found from the Bible of Jesus' Words' Light.

For we all believe—not only that Jesus Christ was and is the Son of God—but that He is all Light, and brought to us His God of Light with His Light Laws, and how we all can earn His Light if we follow His Light Laws!

The Light Scientist, Dr. J. C. Trust, the Founder, with the Charter granted of the U.S.A. in the year of 1926, with thousands of healings, now explains Jesus' Light Science of the scientific study of Light, and planets; and also of the nature Atoms' Light, which led to the study of the Bible Light.

This true study that Jesus' Words were shining with and in a brilliancy of golden and purple Light, was greater, and had more Light than any other words in the Bible.

Now, only on those facts, Dr. Trust studied for years, Who not only was born with the gift of seeing Light Vibrations, Light and Auras on people, but studied since childhood the Human Auras, and found—through finding in the Jesus' Light Doctrine Laws—that a change in the Human Auras occurred entirely when living in

those Light Laws—that a white and golden Light from the vibration in the Auras, reflected: that positively the the Human Atoms' substance was changing and proving its darker substance was becoming different in changing its Human chemicals into purer substance. Also in brilliant Light vapors with the vibration forming an Aura around the bodies with Light. This proves now that Jesus' Aura was all Light, which the three Apostles saw.

The Bible tells the truth. The Light Scientist not only believes in the Bible Light facts, but also sees the Old and New Testament with Light of a different brilliancy in Light Vibrations, colors and vapors—for the Auras' photo only proves facts.

Jesus' Words are all Light. He said, "My God and your God"—proving the difference of Jehovah-God, and many other Gods, which are the servants only of Jesus' God, Who is the Superet Light, and the Dynamo Creator of Light and all that live in Heaven and in earth.

Jesus, through His Light and His Light Science, became connected with God's Purple Light. He said, "My Father and I are one; and I in you and you in me"—which meant, the Light Vibration connection with His Light.

We read in Revelation of the new Name, which the Light Scientist, Dr. Trust, says was found only through the Light Vibration Language: that Jesus' God's Name—with facts—was Superet.

Facts proving this: each letter stood out in a Purple color, edged with gold. No other words had this Light.

Jesus said, "I am the Light of the World." His Light Connection with His God, Superet, proved that His Words are alive today with the Light shining in them.

Many people are now beginning to see it.

Dr. Trust proved in her 26 Superet Books the Bible Light of Jesus', the Aura for 500 Christian Religions and cults with Light degrees to the Superet, God's Heart Light—to study Jesus' Words with Light for the connection of God's Superet Purple Light. Through Jesus' Light only can this be achieved, by obeying His Superet Light Doctrine Laws that are scientifically alive.

Dr. Trust is affectionately called by her students, Mother Trust,—by all that were healed 26 years ago and stayed healed, and of the thousands who gave their love-offerings for the Superet Church Auditorium and Jesus' Garden which was started through the Superet Light Science. God heals through His Superet Light.

Dr. Trust gives lectures of the Atom Aura Light Science every Tuesday at 8 p.m. at 2512 West Third Street. All religions are welcome; and is free to all to hear and see facts on the screen.

This proof of many with healings, character change, their Light Auras, will prove to you. The Bible says, "Blessed are those that believe and do not see. (Also) They shall shine as stars forever." Would you like it?

We can earn this now with Light facts—not just words' repetitions. Over four million "God Bless You" leaflets have been distributed. Will you help others also with leaflets?

God Bless You,

Love From
