Mr. Scammell :

PRAYER

PRAISE be to Thee, most supreme God, omnipotent, omnipresent, all pervading, the only Being, take us into Thy Parental Arms, raise us from the denseness of the earth ; Thy beauty do we worship ; to Thee do we give willing surrender, most merciful and compassionate God, the idealised Lord of the whole of humanity. Thee only do we worship and towards Thee alone do we aspire. Open our hearts towards Thy beauty, illuminate our souls with divine light, O Thou the perfection of love, harmony and beauty, all powerful creator, sustainer, judge and forgiver of our shortcomings. Lord God of the East and of the West of the worlds above and below, and of the seen and unseen beings, pour upon us Thy Love and Thy Light. Give sustenance to our bodies, hearts and souls. Use us for the purpose that Thy Wisdom chooseth. Guide us along the path of Thine own goodness and draw us closer to Thee every moment of our lives, until in us be reflected Thy grace, Thy glory, Thy wisdom, Thy joy and Thy peace. Amen.

Mr. Scammell :

AND now, beloved ones of God, it is my duty to say a few words to you ; a few words of welcome to all the Groups who are assembled here together with us to celebrate this, the Levenshulme 17th Anniversary, and to all friends who are gathered together with us, on behalf of the Levenshulme Group we greet the Spirit of Christ within you all from the Spirit of Christ within us, and we enfold you in its love, and its power in the presence.

It is my duty, being delegated by our Group, just to say a few words to you concerning some of the things that have happened during the year.

It has been, in some respects, an eventful year for us, but it has been productive of very much happiness and work. Certainly, one of the most outstanding features in connection with our

Group this last twelve months has just been the closer loving understanding that has arisen; to this degree, there is no such question of a leader; we are all leaders because we are all one and as one we say: Our Father. What a glorious sense of intimacy it brings us, as it must bring to all men and women, wherever they are, under whatever circumstances and conditions they may meet, they, too, can join us, as well as all Groups: Our Father. Isn't it lovely?—and that is the atmosphere that seems to have taken possession of the Levenshulme Group and, dear ones, you will find it present in all the other Groups, too.

Now, early this year we found it necessary to change our place of meeting and it has proved quite a good move. We meet each Sunday at 2-45 p.m.; we meet each alternate Wednesday, and during this year it has been our pleasure and privilege to have had combined meetings with our neighbour, the Unity Free Christian Church at Stockport, which already has been productive of a very close understanding between the two Groups. We give the right hand of welcome to everybody that comes to us, and many have come and have had a squint at me or have had a look at some of the other members of the Group. They have liked us so that they have stopped; and because they have stopped they have reaped the benefit, because they consciously or unconsciously have assisted to swell the harmony and the sweet concord which is present, and therefore they become aware of an embodiment of power which, at every meeting with us, is unleashed to all those men, women and children whom we know are needing help. We try to make ourselves empty vessels for the Master to work through, and so we look forward to another year with courage and confidence and unhesitatingly go forward unhindered by any conditions or circumstances of the past, or fear of the future.

Of course, as a Truth Group, like all Truth Groups, our objective is universal. Beyond the narrow barriers of race and creed we may all unite, and I will tell you why: Because we all belong to one God and every man and woman may worship and pray, which inevitably, and must ultimately, bring them closer to our Father God, the only Being. What is the first object of any

Group? It must be to realize and spread abroad the knowledge of Unity. The religion of love and harmony; overflowing with love so that hatred is rooted out. This religion is rapidly swelling today and is the beginning of a new race because it does away with conflicts of colour, casts and creeds, and includes all men and women the wide world over. It is not confined to any group or groups. The Master is pouring His Love and His Light on all. Doubt and fear, of course, are scattered by the realisation of His presence and a new hope is born in the hearts of all by breathing His peaceful atmosphere, which we find in our Groups. And so, beloved ones, we have not the slightest fear to go forward, and we go forward with a watchword, or password, if you like, and that password is "Kishanti" and its meaning is "Sweet peace which nought can ruffle." Let that sink in, so that when you go into your own Groups, or wherever you are, whatever your circumstances and conditions may be, "Kishanti." Can you extend a more potent wish to any man or woman than "Sweet peace which naught can ruffle"? And that is our greeting to our Brother here. That is our welcome to him, our guest speaker, and we envelop him in the love, harmony and beauty, and know without any shadow of doubt or question, that we will receive the message of God: Brother Mandus.

Brother Mandus:

ENTER that Divine Peace again. Get poised in it, because in that Presence you can have anything . . .

Dear Mr. Chairman, good friends, it is a wonderful privilege to me today to be here at an anniversary. I think we all like birthdays and anniversaries. There is something regenerating in an anniversary and particularly, I think, in a birthday. And the Levenshulme Group, whose anniversary it is, I feel sure has found and will continue to express, that wonderful Power that is working through every channel in this world today to bring about a Regeneration. It is evident that our good brother has been one with you all, not only in his own Centre, but one with all other Centres which are working to bring about that Divine Revelation, because here is the 17th anniversary.

This anniversary is infinitely more than it seems on the surface. It is not just another anniversary in the midst of the activities of the Levenshulme Centre. These are stirring times of re-birth. A birthday, to me at any rate, always signifies a re-birth, something new evolving. In spiritual things, an anniversary always should focus our attention upon the greater things to be achieved.

The wonderful thing to me is this: that in these Truth Groups, in this New Thought Movement which is operative all over the world and spreading rapidly, you have that new interpretation of the Christ message which is absolutely destined to bring all mankind right into the Kingdom of God as the only practical way of life. You may not perhaps as yet fully understand this, but that is exactly what is going to happen. You have in your Group and in similar Groups, the greatest revelation of Truth since the time of Christ. You see, Christ's Message as told at that time was perfectly wonderful for the people of that day, and perhaps for some generations after that date, but since then, in increasing measure, the people's attention has been drawn away from the simple faith until we have become terribly complicated, for religion is a complicated business today. That is why the new interpretation is bringing back to all mankind the simple Truth that can be proven to provide a practical Christ-Way of life.

You have in these Groups a great Teaching which you, leaders, and you, Truth students, have been studying, many of you for many years. You are really the pioneers, the forerunners of a Truth that will sweep this world because, through your teaching, when you bring it to its full manifestation in practical experience, you will find that it liberates Divine Power into activity in daily life. You can prove the Truth. Your approach to it is absolutely right. You will notice in all the expressions of your teaching, you are taught to realise an awareness of infinite Power manifesting as Perfection *NOW*.

The new approach takes all the vagueness out of religion and brings us right down to that practical life of which Christ was

speaking when He said, in effect, "Ask what you will, believing that you receive, and you shall have it." If we are to pray, and if we are to pray believing that we are receiving, necessarily we have to realise that the moment we pray we can instantly say that we have received. All the things your Father has are yours too, manifesting now, and as quickly as you can accept them. That is the great advance that has been made in this New Thought interpretation of the ancient Message. You will notice that the pointer is always towards a manifestation of Divine Power in your life NOW, and not at some future, vaguely expected time. No longer wishy-washy hope, but statements of glorious certainty that in the presence of God the Power of God must be manifested.

You are always entering that Realm of Reality, that Realm of Spirit wherein you consciously become one with the Father. For, through that Consciousness your life is changed. No question about it. We see it in healing, we see it in prayer, we see it in transformed lives. The new approach meets the need of this age, because the intelligent people of this age are realists, naturally. Who wants a railway engine, no matter how beautiful it is, if it does not work? You are only interested in those things which can manifest in life in terms of happiness, peace of mind, health and ability to create things. You *need* to see the result of your labours. You see, we are practical; we have to be practical. It is no earthly use talking about the Truth if you do not bring the Power of God into practical manifestation.

For, somehow, in days gone by, we have lost much of our belief in the practical manifestation of God in our lives. In the past it has been too vague, a beautiful ideal but not a dependable ideal. Something very wonderful to contemplate but, of course, says the world, shrugging its shoulders, you cannot expect to have it. But, you see, you *can* expect to have it, because you are the children of God, if only you will believe like a little child, and contact your Heavenly Father within you. The Great Infinite Light of God which is everywhere, which upholds the entire universe, which breathes life into everything, is a loving, personal Father to you the moment you recognise His Presence.

I say : "Recognise His presence" advisedly because, don't you see, you cannot accept *anything* unless you recognise it. You cannot expect anything unless you recognise that it is *real*. The great Father within springs into activity the moment you know, *the moment you know*, that wherever you are, night or day, all the love, all the power, all the wisdom, all the knowledge, all of everything that you could ever need are there with you. His Spirit is with you now, for every one of you in this sacred, precious moment, is just shining, shining in the Presence. You do not have to seek God. You are in His Presence; your recognition takes you there. No anxious searching, no agonised striving, and clamouring and petitioning; just "Thank You, Father." Poised in His Presence, one with the Father, even as you are now . . . From that realisation it is a very short step indeed to prove the Truth of His Presence.

I want to make this clear to you because it is very important. This is what happens with most of us: we are longing for God; we are hoping that someday we shall find Him. When we pray, we *hope* our prayers will be answered. We keep on striving, trying to realise, always seeking, but you see there is potential failure in this business of *seeking*, because if you are seeking something day by day, hour by hour, you are constantly decreeing and declaring that you have not yet found it. If you are seeking something you are admitting that you have not found it. Be very careful about that because it is terribly important. If you are *seeking* you have not yet found.

But I say that you are one with the Father now. Because His Spirit within you is your very life, because you are alive, *you have found Him*. The moment you believe, the moment you decree it, the moment you know that you are in the Presence of God, you are illuminated in His Power. When you believe that you are in the Presence of God, as surely as you believe that you are in my presence now, as surely as you believe you are in the presence of your neighbour, *then you begin to get results*.

We tend to leave God in the abstract, up in the bright blue sky, as it were, instead of bringing Him into consciousness as a

living Principle, as something that IS already. He is nearer than breathing and He is alive in every cell of your being. He is the Power that enables you to think. There is only one God in all the universe, and you are part of Him. The very thoughts you think arise only because God's mind is in you. When you bring it into reality like that, you begin to live on a different plane of expression for, instead of spending the days *hoping* that some day you will be worthy enough; hoping that some day your sins will be forgiven; hoping that some day you will be fortunate enough to find God; you can say from this moment: "I and my Father are One. I have found You, and You have found me." To know that is simply to bring God into full expression in your life.

Provided you know you and your Father are One, you will sweep fear and worry out of your life for ever. You will get rid of a lot of negative thoughts that are so harmful. You *need* to get away from them. You do it in one sweep the moment you know the Presence of God as a Reality. The other condition is that once you know the Father is always there you will realise that the Great Law of the Universe is LOVE, with a capital "L" and a capital "O" and a capital "V" and a capital "E." When you are poised in that Kingdom you will never want to be out of it; if you find yourself out of the Divine Centre of Peace you will come back again as quickly as you can.

Knowing the full implication of the Great Law of Love, you will reason with yourself, and realise that God being good, God being perfect Life within you, as a matter of common sense, you need to find this Life until you come to know more and more and more of God's Life. You can apply Love to any situation, for it is the one fundamental, harmonising process in consciousness. The more love you have in your being the more assurance will you have of being One with Him. If you are not loving all, you are creating a disturbance in His perfect peace.

His Love enfolds you. His Love goes before you. It touches every life. This is the greatest Power you will ever

know. We are so apt to think of Power in terms of electricity, and of atomic power, of all the powers of man's cleverness, the ability of scientists, of engineers, of politicians. We speak in terms of personal power. But I tell you that all these things are as nothing compared to the illimitable Power of God indwelling every person in this hall. The one great miracle is life itself, and you are part of that life. To contact the illimitable Life of God does not depend upon your cleverness at all, but upon the utmost simplicity, the simplicity of a child believing in His Presence.

There you have it. It is as simple as that. It has always been a wonderful inspiration to me to realise that when the Master called His Disciples He did not say "What degrees have you, what academic qualifications do you hold?" He chose simple people. Is it not wonderful that a simple fisherman, for instance, could, through his realisation, release into someone else the Almighty Power of God and see him made whole? God's Power is a wonder-working Power. Where channels are prepared, where minds are simple, the Power of God can flow.

God speaks for Himself. Remember the people of this practical age demand practical things. All right, they shall have them if they seek them in the right way. Yet even people in high church position often declare these things are impossible. That does not alter the Truth, for the Truth is always simple and evident, if you become One with the Father. Live in the consciousness of Perfection and Perfection will result. If you return to the consciousness of sickness then you will have sickness.

You are not on earth to be hurt or harmed ; you are here to create experience, to overcome all obstacles. This means that any obstacles of any magnitude can be overcome by your consciousness of the Presence of God in you. It is the definite intention of the Divine Will that you shall evolve in consciousness, that you shall awaken the Almighty Power within so that you can use it. Once you break away from the conception of God as a separate entity and gain the assurance that the life within is God's Life, all things are possible.

As you become aware of more love and illimitable strength you become more sure, poised, and lifted up, and begin to see the glory of each day of living. You walk in serenity, love and wisdom with the Father. You learn to be still, to be poised, to listen, to feel His Presence; you learn to see the way ahead when your will is given to the Father's Will. In His Almighty Intelligence, He moves you forward into those ways in which you can best unfold the wonderful potential within you.

Because there is only one YOU in the whole universe, that in itself speaks volumes. It means that He has created you for some wonderful and special purpose. That purpose can only be evolved according to your ability increasingly to abide in the consciousness of God and allow that consciousness to expand. It is a fundamental duty to be practical about it. This Truth that you have been practising for years is a living Truth which is destined to transform the social pattern of this earth. You are the fore-runners, and it is your bounden duty to all mankind to apply it. Because you are alive everybody around knows it. When you are saturated in Divine Love, everybody knows that, too, because wherever you go you are a healing, soothing wonderful influence. The Power of God guides you in Truth to bless all people whose lives touch yours.

This leads me to another fundamental point: The whole process of finding God involves a surrender of self to that higher State of Consciousness which is God within you. It is Self which crucifies us, self which forces us down, self which is always wondering and worrying about what is going to happen to it; self which is always clutching things to it for protection. This personal self so often bolsters itself up with false things. But when you enter the Divine Consciousness you begin to understand the Great Law of Love, that it is not for self that you live. You are a Divine expression of love which is operating inwardly to bring love outwardly into your life. As you forget self you become caught up in that Divine Power which helps you individually to become a more wonderful channel of expression of His Power.

Whatsoever is sent forth with love brings a multiplied return to the giver. Whatever sacrifices you make in seeking the well-being of someone else, abundant Blessings will come back to you. And as they return, the wise, being in God, say, "Yes, thank You, Father, now I gather up all this extra wisdom, or substance, or whatever it is, gather it up and send it out again." And back it comes a hundredfold increased, and so you are lifted up again and again send out a greater amount to produce a greater harvest. *In the Power of Love you shall sow one seed and up shall come a hundred; a hundred shall be sown and up shall come ten thousand, and so on eternally.*

In an illimitable universe evolving under the influence of God, you live upon this earth. You are one of the lords of this earth, with the responsibility of helping to create a world society of God's children. Let God meet your needs that you may be lifted up to be a better channel for all. Bring Power to your business, for it is good for you to have a successful business; it is good that you should be doing all the things you want to do and to do them perfectly. There is no particular merit in a partnership or business which is not working perfectly. *God is telling us to find these ideals and to translate them into everyday, practical experience.* It becomes easy and, believe me, I know, it becomes easy from the moment you begin from the point of knowing that you and the Father are together. It is not a question of personal power or self-glorification, but of working with the Lord in the perfect expression of His Will for you and for all.

When you wash up dishes for God as a service, a loving service, there is no pain in washing up any more. If you do every little thing each day as a service of your soul to the Great Father, then there will be no labour in it. When you go to the office and fill it with God's Love and send God's love out on the wings of your prayer, for your customers, for your people, to everyone who comes in to see you, you are fulfilling a purpose that will not only lift you up, but will lift everyone of those others up to God, and your affairs will be successful. Make no mistakes about it. When you bring God into manifestation things happen, wonderful things

happen, and they always happen perfectly. *As Christ said, seek first things first, never mind anything else in your life, seek first the Kingdom of God. Now that you have found it, abide in the consciousness of the Great Law of Love and Righteousness, and all things are added unto you.*

We have all known these Christ Truths. We have read and talked about them thousands of times. The only problem is that we have not generally believed them, not seriously. Yet in this new age, the age now dawning, there are people rising up all over the world, people like yourselves, simple people, loving people, suddenly realising that when we go all the way, when we become 100 per cent., not just 50 per cent., or 60 per cent., or 90 per cent., then miracles take place. We become healing channels according to our belief in the Father, according to our acceptance and application of the Truth. That is what occurred 2,000 years ago. The old faith is being reborn today, and we are on the threshold of the Golden Age.

We are being scientifically forced to understand that behind every expression there is the indisputable evidence of God's manifestation. We can no longer ignore the Truth that within everything there is this illimitable intelligence we know as God. Man of today says, "That being so, let us experiment, let us see what happens." Those of us who have done so find it is more wonderful than ever words can tell. The Power of God, in response to prayer, can heal any incurable condition. I have seen it hundreds of times. It all depends on our ability to become one in our Father consciousness. It is no use anyone saying to someone who *knows* "It is not true." No use people saying "It is no good. It does not work. Perhaps it used to, but now it does not." There is no argument. When someone *knows* the Truth, it does not matter if an Archbishop or anyone else on earth refuses to accept it. When we know the Truth through personal experience, that is all there is to say.

Keep your consciousness fixed on God; go back to the Master; go back to the Father all the time. As you enter His consciousness, as you are lifted up, where Perfection is, im-

perfection just cannot remain any more than darkness remains when you put the light on. In the light there is no darkness. Whatsoever may be your particular immediate need, go to the Father, but go to Him believing in His Living Presence, as surely as you believe in my presence.

Very few of us really do that; the things outside of ourselves always seem to be more real than this invincible Divine Power. You may see your neighbour outwardly, but you have not really seen your neighbour at all, because your neighbour is an eternal spirit manifesting through mind, and mind manifesting through body. You have not seen anybody's mind. Thought processes are invisible, yet the greatest personal power of man is his mind. You accept all that man's mind produces, from ideas to the things he makes, yet you have never seen it. The only personal power of man is the power of his mind.

The Divine Power within you is of the same quality, that invisible something which is the Great Mind behind the entire universe. Trust Him, and trust Him, and trust Him, until you have stamped on your consciousness the Truth that you have found your Father, the Unseen Reality. Then walk in His Presence, allowing His Will to manifest in you, under His protection, accepting His Perfection, His Wisdom and His Love. Know, therefore, that your life is integrated, is made whole, and in that wholeness you can go your way rejoicing, not only as Truth students, but as masters through your realisation of the Presence of God, called to make this Truth live in your own environment, and, therefore, all over the world.

You are much more than students, you are pioneers of a new Truth, pioneers of a Truth for which this world is so sick, so hungry, so starved, that if you can lift one of these people to God you will have done something wonderfully worth while.

It is dangerous to study Truth just for self. You should study Truth to live it, to get it out into the highways and byways. Visit the sick and those who are sick for the Truth. Go and make

it live in other people's lives. Make it like a living flame, taking light into the darkness. Come back to your Truth Centre to join with others for replenishment, to plan ways and means, and then go out Crusading again. That is what you are called upon to do, in your own environment, in your factory, in your office, in your home. You become a Crusader, an Ambassador for God.

Then indeed do we fulfil the Law of Love, for the only way you can fulfil it is by doing more about it, by doing something infinitely more than you have done in the past. That applies to me, too, of course, and to all of us. Then we shall see the Truth Centres filled with Crusaders, so powerful in Spirit that they will draw all people to them, draw all people to the Father, into the same state of consciousness. That is the Divine purpose of your Truth Movement, nothing less. If you make it less, you are putting a cloud where there should be light; if you make it less then you are not reaching up to the wonderful Truth you are declaring, the Revelation for which the world is waiting. Go forward as an ambassador of God, a Crusader for Christ, each of you. It is your privilege to take your full part in bringing such Truth to the people.

Thank You, Father, it is so, and all is WELL, a thousand times well, now, and eternally.

Mr. Scammell:

T**HERE is only one word to add, and that is to say,** Thank God that these things shall be; that a loftier race shall rise than e'er the world has known, with a flame of freedom in their minds and hearts and the light of knowledge within their eyes, and in every brain and heart shall throb the pulse of one fraternity.

PRAYER

AND may your hearts be filled with heavenly joy ; may all your souls be illuminated with Divine Love ; may your spirits ever uphold the Divine Message, and may God's Peace abide with you for ever more. Amen.

VESPER

WE clothe the world safely round with infinite love and wisdom."

MEDITATIONS

"In the Silence of my soul, I listen to my Lord, and know the Truth."

Bro. Mandus.

I **F I had a thousand lives, Father,** I could not count all the Blessings You have bestowed upon me. My soul swells with love, worship and thanksgiving for all that I am in my eternal life through Your Love for me.

I count the joys of all the moments of the past year and see that my failings, fears and pains are as nothing when set against the glory of Your Love and all the beauty and bounty of this world and the Heavenly Worlds which await my coming in due season.

In this illumined moment I give my life to You. Take it, my Lord, and let Your Perfect Will flow freely through me, that I may be led to grow in grace in the Christ-like life, through Your Power and Guidance.

I truly repent my sins and weaknesses of the past and truly forgive those who may have turned against me. In loving them and praying for their happiness now, I accept Your Forgiveness for my transgressions and am instantly made spiritually **WHOLE.**

I go now in Peace, an open channel through which Love, Healing and Joy are pouring to help all those around me, in my home, at work and all whose lives touch mine.

I enter the new year, invincible in Your Strength, knowing that I shall meet the work and events of each day with gladness and thankfulness for the privilege of serving You with all my heart and soul.
