PREFACE

Due to the "shortening of time", world events are appearing not only on time but apparently ahead of time. For this reason the information presented here is for the special purpose of conveying to Budding Individuals everywhere certain high-lights of things to come upon the earth in the very near future, and what the Budding Individual can and must do about them.

By having a "working knowledge" of the future, even though many major events are missing, a Budding Individual can make very satisfactory changes and adjustments in himself and in his affairs NOW, so that when the extraordinary does take place the Budding Individual will not be stunned by it, but will so understand it that he will be able to take advantage of each opportunity offered....and there will be a flood of opportunities in each of the Five Departments of Life.

This Monograph -- "WATCH JERUSALEM" -- goes to Budding Individuals in all stages of EXPANSION in the Five Departments of Life. The author realizes that many Budding Individuals have just entered upon THE UPWARD PATH, and are, therefore, beset by skepticism on every side. They are desperately afraid to think of the future as something wonderful and thrilling and completely set apart from the mass-minded, for fear that it might not come true.

To those of you who are Aspirants on THE PATH, but are still in the "doubting Thomas" stage, let me suggest that you read this Monograph through with the idea of <u>understanding</u> the theory of coming events, rather than <u>believing</u> they will actually take place. You can rest assured that the BELIEVING will not be difficult once you begin to EXPAND into the Five-Fold Life, and begin to witness phenomenal changes taking place "First in Jerusalem" and then throughout the world.

For those Budding Individuals who are some distance on THE UPWARD PATH the ideas presented here are not at all revolutionary. This is due to the fact that their expanded vision can quickly recognize prophecy about to be fulfilled.

Again: Read to understand....the believing will come with the materialization of catastrophic events.

The Author

BATTLE OF JERUSALEM, KEY TO THE FUTURE

Before taking up the discussion of World War III, let us take into consideration a very important Battle that is going to change the future of the human race so completely that only by pondering upon the matter are we at all able to visualize the great changes that will result from it.

August 20, 1953 is, as you know, the "dead-line" for all the mass-minded who will never, under any circumstances, "turn West". That date, as far as they are concerned, is absolutely FINAL.

For those who are ignorantly mass-minded -- not wilfully mass-minded -- there is considerable time remaining. Some of them will be exceptional cases and may have until December 31, 1999 to "turn West". However, "incorrigibles" at any time will be eliminated from physical embodiment as soon as they are "discovered", or as soon as Destiny has no more use for them on the face of the globe.

This means that millions upon millions will be cast out of physical embodiment during the last half of this century that could otherwise, with sufficient EXPANSION into each of the Five Departments of Life, have passed into the Millenium on January 1, 2,000 A. D.

Another thing that must be borne in mind: All during the final fifty years of this present century new souls will be born. Those born January 1, 1950 will be fifty years old by the end of this century. They, like those born during the first half of this century, will have to make up their minds whether or not they are going to "turn West" and live, or go to an untimely death intended only for the incorrigibly mass-minded.

This is very important: Everything that takes place during the last half of this century is for the express purpose of causing the mass-minded to "turn West" and become Budding Individuals.

During the last half of this century -- 1950 to 1999 -- TWO great battles will be fought. The first of the two battles is the BATTLE OF JERUSALEM.

This Battle is supposed to be fought between the year 1950 and the year 1957. However, due to the "shortening of time", there is every indication that the present conflict in and about the City of Jerusalem is actually the beginning of the BATTLE OF JERUSALEM, which may be fairly short, or it may be long and drawn-out. (Let us remind you, that this battle is sometimes also known as THE BATTLE OF JEHOSOPHAT.)

The ending of this BATTLE could, of course, be well within the beginning of the last half of the present century -- the last half, as you know, beginning immediately after midnight on December 31st of next year -- 1949. At the present time that is only one year and a few months away.

On the other hand, the BATTLE OF ARMAGEDDON, that we hear so much about these days, will not be fought until near the close of the century. No doubt sometime during the period from 1993 to 1999 A. D.

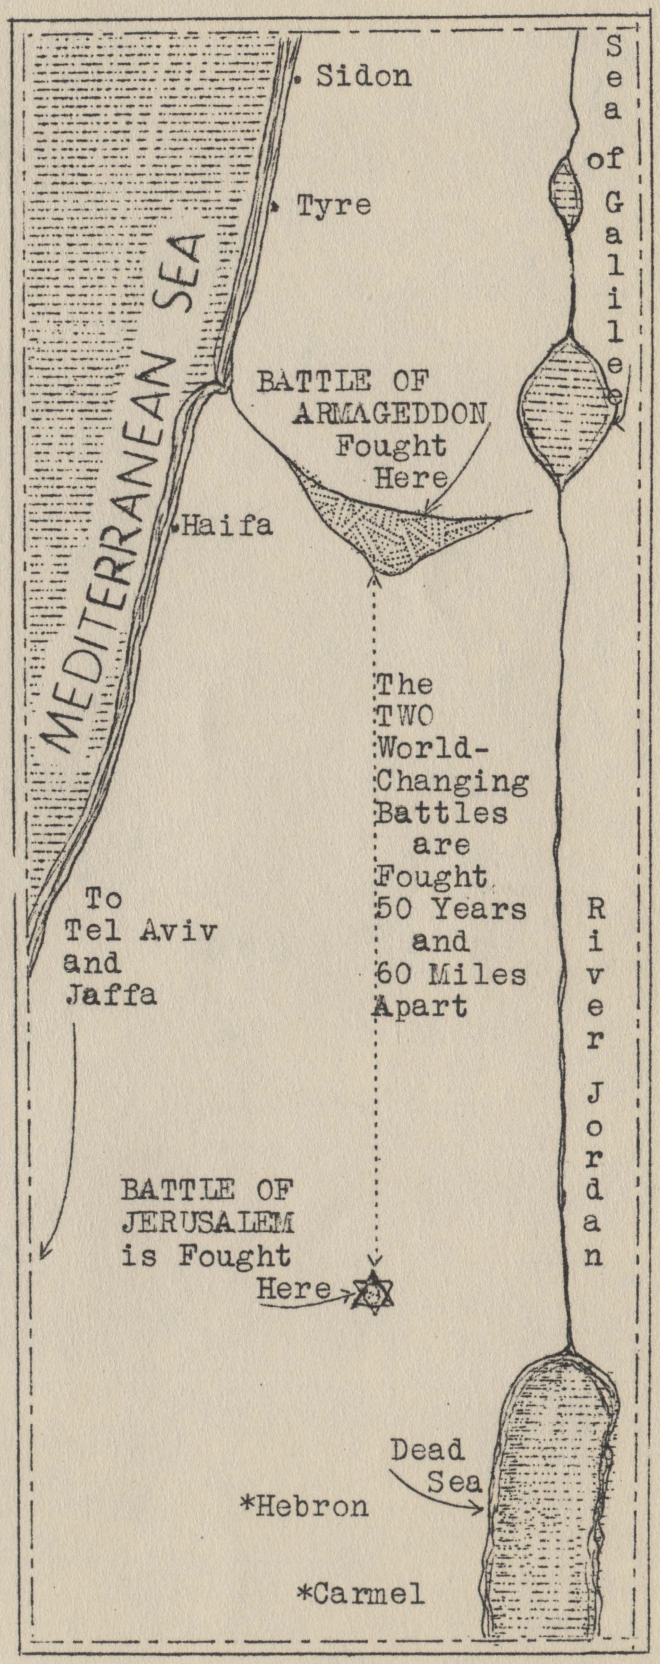

This is very, Very, VERY important. The two BATTLES -- BATTLE OF JERUSALEM and BATTLE OF ARMAGEDDON -- are not one and the same battle.

They are fought approximately FIFTY YEARS and SIXTY MILES apart.

Amateur prophets are constantly confusing these TWO battles. No one who does not know the difference between them, or worse still, mistakes them for being one and the same, can possibly be correct concerning any other Scriptural prophecies, no matter how sincere he might feel himself to be.

Before going further, let us go into these divisions of time in the coming fifty-year period; that is, the period of time lying between 1950 and 2,000 A. D.

It is made up of SEVEN "Weeks" of time. In Scripture a "week" is SEVEN YEARS. Seven

"weeks" would be forty-nine years. The Old Testament Law made the fiftieth year a Sabbath -- a Sabbatical or Jubilee year. Thus in the fifty-year period between 1950 and the year 2,000 A.D., there are SEVEN separate and distinct periods of SEVEN years each, plus ONE Sabbatical year, making a total of exactly FIFTY years.

It is during the FIRST of the SEVEN "Weeks" that the BATTLE OF JERUSALEM (sometimes called the Battle of Jehosophat) takes place, as mentioned before.

The BATTLE OF JERUSALEM will not be a world war. It will be a highly localized battle, but it will have international repercussions.

This is what Zachariah of old, in chapter fourteen, verses two and three, had to say about it:

> "For I will gather all nations* against Jerusalem to battle; and the city shall be taken, and the houses rifled, and the women ravished; and half the city shall go forth into captivity, and (the) residue of the people shall not be cut off from the city.
>
> "Then shall the Lord go forth, and fight against those nations, as when he fought in the days of battle."

After this BATTLE, Jerusalem will be freed from the "hand of the foreigner" for the first time in many a long century.

The completion of the BATTLE OF JERUSALEM will very definitely indicate to all those who have "eyes to see" that the world -- the mass-minded world -- is definitely in the beginning of the end -- definitely in the beginning of the last fifty years of this miserable, old dispensation.

The ending of the BATTLE OF JERUSALEM will, of course, be a supernatural one. The "all nations" army won't know what "struck it" when it is supernaturally repelled, and hurled out of the City of Jerusalem and the Valley of Jehosophat as well.

In order to have a clear understanding of what is going to take place in each of the SEVEN "Weeks" of time during the final fifty years previous to the Millenium, that is: 1950 to 1999, we turn to the Book of Revelations (chapters 8, 9 and 14) for the nature of things to come upon the MASS-MINDED.

(NOTE: The following dates are approximate, but will be very nearly exact.)

** Substitute "the United Nations army" for "all nations" in the above Scripture quotation, and note how down to date it becomes.

FIRST Week (1950 - 1957).....BATTLE OF JERUSALEM

SECOND Week (1957 - 1964).....BLISTERING HEAT

THIRD Week (1964 - 1971).....DESTRUCTION OF SHIPS

FOURTH Week (1971 - 1978).....WATER MADE BITTER

FIFTH Week (1978 - 1985).....SUN AND MOON SMITTEN

SIXTH Week (1985 - 1992).....MEN SEEK UNTIMELY DEATH

SEVENTH Week (1992 - 1999)....BATTLE OF ARMAGEDDON

The BATTLE OF JERUSALEM begins the SEVEN "Weeks" of time, and The BATTLE OF ARMAGEDDON ends the SEVEN "Weeks" of time.

The SEVENTH and last "Week" is of a momentous nature. It is during this period of time that one-third of the earth's population -- the incorrigibly mass-minded of that day -- are permanently removed from physical embodiment. It is also during this last "Week" of time that the vast army of 200,000,000 (two hundred million) comes down from the "North Country" into the land of Palestine "to take a spoil" and the BATTLE OF ARMAGEDDON suddenly takes place.

The BATTLE OF JERUSALEM is rather small in comparison to the BATTLE OF ARMAGEDDON. There will be hundreds of thousands in the first battle; hundreds of millions in the second battle.

This should be remembered: Jerusalem, during the BATTLE OF JERUSALEM, will be greatly damaged, so much so that a new city will arise on the ashes of the old. It will be a thing of beauty. It will become the KEY CITY of the entire earth.

For Budding Individuals the period between 1950 and 2,000 A. D. will be one of great joy and gladness when once they become adjusted to a fuller Five-Fold Life.

For the stubbornly mass-minded, that fifty year period is going to be anything but joyous. It will require plagues, pestilence, disease, pain and many sorrows to cause them to "turn West".

WORLD WAR III, NOW OR NEVER

Chapter 2

Everyone knows that World War III is brewing, but no one seems to have any very definite information as to when it will break out into the open.

According to the delineation of the future as given in the Great Pyramid of Gizeh, World War III must be fought before August 20, 1953, if it is fought at all, as that date is very definitely the end of the King's Chamber period.

August 20, 1953 is just five years beyond August 20, 1948. It would be possible for this particular World War to start most any time soon and last for approximately five years. As we have indicated in other writings, we do not believe that another world war can possibly commence before May 5, 1949, as that is the time when the present "Cubit of Prosperity and False Peace" ends.

On that date a new Cubit -- the SEVENTH -- starts, "The Cubit of Mystery". It continues to June 7, 1951. It is during this particular time that "anything can happen", especially in the nature of a World War.

On June 7, 1951 the EIGHTH and last Cubit of Time takes place. It runs to August 20, 1953, which is the end of the Judgment Hall -- King's Chamber -- period.

We might ask: Just who would attack us if World War III came upon the scene between now and the end of the "Cubit of Mystery" which ends June 7, 1951? Russia would be the only one that could possibly do that, and, according to the very latest and most authentic information, they still haven't the "know how" for manufacturing atomic bombs.

However, in the next two or three years they could not only discover the secret but they could manufacture sufficient atomic bombs to wipe out every city of size in the United States and Canada in an hour's time or less.

This is rather interesting: Unless World War III begins and ends before the BATTLE OF JERUSALEM comes to its sudden end, it will actually never take place. It will never take place because nowhere between the ending of this all-important BATTLE and the beginning of the next one -- the BATTLE OF ARMAGEDDON -- near the end of this century, is there the slightest indication in Sacred Scriptures that there will be another World War.

Yes. If World War III is to be fought it must take place very shortly or it will be forever too late. If the present

hostilities in the Holy Land between Arabs and Jews is the beginning of the BATTLE OF JERUSALEM, then, unless it is a very long, drawn-out affair, World War III will never be fought.

Perhaps it is the Will of Destiny that the United States of America should possess the Atomic Secret in order to prevent another World War. It is certain no nation would be stupid enough to engage in hostilities against the United States unless they possessed a weapon of equal or greater destructive power.

We realize that there are several other very destructive forms of warfare, such as the death ray, sound ray, bacteriological warfare, etc., etc., but even these are out as far as Russia is concerned, due to the fact that while they possess some of these secrets it is quite certain that the United States not only possesses all of this information but has an excellent supply of each form of destruction on hand.

We must not let anything, however, give us a feeling of security. It would be the worst kind of false security. The United States has laid up for itself much evil karma in World War II and it is an occult fact that all karma, whether individual or national, must in some way be dissipated. And for this reason, don't be too certain that you are not going to find it very convenient to FLEE TO THE MOUNTAINS some day in order to avoid the just retribution that the masses and their national leaders have brought upon themselves and others.

World War I was fought "to make the world safe for Democracy", as you will remember. By this time you are probably aware of the fact that World War II was fought "to make the world safe for Communism". I'm telling you this so that when World War III suddenly breaks in upon us that you'll understand that you, too, may have had something to do with the formation of America's karmic debt, a debt that will have to be paid in tears, sorrow, blood and, in some instances, death.

Always remember that you are a Budding Individual, and that you are desirous of working with Destiny. Remember this and do this and you may find you'll have a most joyous way of discharging your karmic debt to mankind, both to the mass-minded and to Budding Individuals everywhere.

In this Monograph we are only able to give a few highlights of the major happenings of the immediate future, so that you and the many other Budding Individuals can be prepared to make the necessary adjustments in order to take full advantage of every major and minor event that takes place. By EXPANDING all Five Departments of your Life from NOW ON you will receive information, instruction and revelations from The White Forces pertaining to your future as soon as you are able to "bear them".

JERUSALEM LIBERATED, BRINGS FIVE-FOLD MAGIC

Chapter 3

After the City of Jerusalem is liberated in a SUPERNATURAL way, it will be the first city in the world to be free from the mass-minded, the intolerant, the wicked, and evil influences of all kinds. Jerusalem will be liberated when the UN Army is flung out of Jerusalem, and driven out of the Valley of Jehosophat.

Budding Individuals everywhere will realize the hand of the SUPERNATURAL in everything pertaining to the ending of the BATTLE OF JERUSALEM. The mass-minded (with numerous exceptions) will think that "they" got a "bad break" when the UN Army was suddenly defeated and driven out of Jerusalem.

From the ending of the BATTLE OF JERUSALEM to the ending of the BATTLE OF ARMAGEDDON everything throughout the world of any consequence will have a SUPERNATURAL cause, and a SUPERNATURAL ending.

All through the SEVEN "Weeks" of time the SUPERNATURAL will be experienced by both the mass-minded and the Budding Individuals. But they will be TWO separate and distinct experiences. The mass-minded will experience the unpleasant. It must be unpleasant, because it is intended for their awakening -- awakening into a new and joyous life.

Whatever Budding Individuals experience will be for their EXPANSION into a Greater and still GREATER LIFE. The laggards will, quite naturally, feel the sting of the lash urging them on to the place where they will travel willingly, then they will experience joy.

The Budding Individuals who will, from the beginning, keep ahead of the pace Destiny has set for them, will experience nothing of the unpleasant at all. The unpleasant is intended only for the laggards that they may travel forward and enjoy a Life that is thrilling and wonderful.

Jerusalem is going to be badly battered before the BATTLE OF JERUSALEM will have been consummated. After that the city will become a new, beautiful City, completely renovated and renewed.

All the days after the BATTLE OF JERUSALEM are magical days for Budding Individuals who are working with Destiny. Every Department of Life will be INCREASED or EXPANDED, and that, of course, includes the Mental and the Physical.

Those of you who have all the previous Monographs in this

series of study already possess a wealth of information. It is the kind of information that brings results when put into practice. It has already brought wonderful results to thousands upon thousands of people. The reason for this was entirely due to the fact that these people put the information they possessed into practice in every Department of Life, and did it with zeal, fervor and enthusiasm.

A Budding Individual does not have to wait until after the BATTLE OF JERUSALEM in order to start accomplishing things for himself. Fact of the matter is, if he doesn't start at once doing the interesting things he should do for his rejuvenation -- renewing of youth mentally and physically -- he is liable to find that he has formed a debt of karma against himself which will require much time and painful effort to pay off, and all this amid the most miserable of surroundings.

Yes. There will probably be Budding Individuals who will spend the first "Week" of the NEW FIFTY YEARS -- 1950 - 1957 -- making desperate attempts to catch up with the progress they should have made before the BATTLE OF JERUSALEM.

The SEVEN seperate "Weeks" are all very positive periods of time, and no mass-minded person is going to have his way about matters. If the ignorant mass-minded are given but little leniency, how can you or any other Budding Individual expect any consideration when you are in no way attempting to live up to THE KNOWLEDGE you already possess?

It would be a very splendid thing for you to go through your entire set of Monographs and select a few ideas, plans and methods for improving yourself in each of the Five Departments of Life, or especially in those Departments of Life that are deficient.

The Spiritual Department is, of course, very important. One cannot get very far in a SUPERNATURAL age with the Spiritual Department unexpanded. It has been found that the Budding Individual who has been lagging far behind is usually the one who has a decided Spiritual deficiency.

The Mental Department is of great importance because it is in the Mental Department of Life that we have the faculty of GOOD JUDGMENT, and if good judgment was ever needed and ever will be needed it will be during the SEVEN "Weeks" of time just ahead -- from 1950 and on.

In your copy of "Outwitting Tomorrow" there are many wonderful suggestions and revelations, but time is short and you haven't the time to take all of those revelations and put them into practice now. Therefore, we suggest that you begin your present

preparation for the NEW LIFE in the NEW AGE by practicing the "Writing-Out Exercise" as given in your copy of "Outwitting Tomorrow" on pages 45 and 46. This will help you dispose of many of the malicious mental idiosyncracies that have, unfortunately, become a part of you. Some of them are not just a part of you, they are, very definitely, YOU. They can't go into the SEVEN "Weeks" of time.

In the Monograph "Supercharged Minds" there is a very wonderful practice for normalizing and making of you a well-balanced Budding Individual. You will find this practice -- "The Lion and the Lamb Breaths" -- on pages 18 and 19. This practice is very, very important at this time. Be sure that you normalize your breathing as suggested there. It will help you master your Mind in a most wonderful way. Later on, perhaps after the BATTLE OF JERUSALEM, you can go back and take up some of the other very remarkable exercises as given in "Supercharged Minds", but not now.

In "The Garden of Allah" on page 10 you will find Super-Natural information under the title of "The Mystery of the Spiritual Prototype.

Your Spiritual Prototype is your PATTERN. It is that which you are to become. Understand this matter thoroughly, and then begin to VISUALIZE, as best you can, the marvelous Being you are destined to be. Yes. Try to visualize your perfect Physical, Mental and Spiritual SELF. But, first Visualize, as best you can, what you will be like when you grow into Physical Perfection.

It doesn't matter how old and decrepit you are at the present moment, just Visualize how you would like to appear regardless of present physical frailties, and you may be amazed before too long with the most gratifying changes.

Remember this, your Physical Prototype (pattern) has already been cast; it is already a part of you, and all you have to do is start Visualizing it and at the same time DESIRE to become more and more like it. Do this, and constantly WORK towards it, and before very long you will be able to SEE with the INNER SIGHT the beautiful and perfect being that you are becoming.

Now turn to page 1 of your copy of "Special Privileges" and under the heading of "Vril" you will learn again about preparing this wonderful substance for the renewal of youth in both Mind and Body. This, too, is important.

In this same Monograph, page 23, under the chapter heading of "This Is Your Last Embodiment" there is some very valuable information there.

We are living in the most amazing, most unusual, and most

thrilling period of human history. You certainly do not want to pass out of your physical body at this time. You are going to need this pyhsical body in order to contact the mass-minded and help them on THE PATH of Budding Individuality.

The Physical Body is going to be of greatest consequence during the SEVEN "Weeks" to come. You are going to need it all through the 49 years (seven times seven years) after 1950, and on into the Millenium in the year 2,000 A. D.

I can hear some of you say: "There is no hope of me ever living on into the Millenium. Why, I'm over sixty years old right now. Why, I'd be over a hundred and ten years old by the time the Millenium arrived. Of course you'll be 110 years old. Many, many other Budding Individuals will be 120, 130, 140 years old and older at that time. REMEMBER THIS, all Budding Individuals who live to see the BATTLE OF JERUSALEM terminated are going to live in a most unusual age, a Mystical Age, an age where the UN-USUAL becomes the usual.

If men of old could live to be from 600 to nearly a thousand years old, and they all lived under adverse circumstances, knowing practically nothing of correct living, why shouldn't you and millions of other Budding Individuals, regardless of what your age is at the present time, live another fifty years. Another fifty years would make most of you only a hundred or a hundred and ten or fifteen years old.

You'll be living in an age, and under conditions, that will cause Budding Individuals who are ahead of the schedule that Destiny has set for them to grow constantly toward youth, or perhaps I should say, to constantly overtake the youth that has heretofore escaped them.

Regardless of your present age, your condition of health, your environment, your education (or lack of it), the future -- YOUR FUTURE -- within the portal of the SEVEN "Weeks" of time is, to say the least, THRILLING. It has so many wonderful and amazing possibilities for a Budding Individual that before he hardly knows it he is leading the life of an INDIVIDUAL, a MAGUS, or an ADEPT. And all that is required NOW, at this time, is to know something about the future and start enthusiastically preparing yourself for it.

The headlines in the present-day newspapers will keep you quite well posted on conditions as they are in and about Jerusalem. Day by day you can watch the trends that will eventually bring the UN Army into Jerusalem. However, do not set any dates for the termination of the BATTLE OF JERUSALEM. It will come when you do not expect it, or, should we say, it will not come when you expect it if you set a date.

JEWS, GENTILES, MOSLEMS BARRED FROM JERUSALEM

Chapter 4

Jerusalem, after the BATTLE OF JERUSALEM, will, in due course of time, be freed from Jews, Gentiles and Moslems. This is not at all according to present-day, misinterpretation of Scripture. To quote the false prophets one would think that after Jerusalem is liberated the Jews will completely take over Jerusalem and no one -- Moslems, Gentiles, Christians -- will even be permitted to so much as set foot in the City.

Jews will not be permitted to enter, but Hebrews will. How can this be? In the first place, strange as it may seem, there is no Jewish race, there never has been a Jewish race, and there never will be a Jewish race.

There is, very definitely, a Hebrew race, and it is true that most of the Hebrew race are Jews; that is, they belong to the Jewish religion. But not all of the Hebrew race are Jews; many of them are Christians.

Not all of the Irish in Southern Ireland are Catholics, and not all of the Catholics in Southern Ireland are Irish. Likewise, not all Jews are Hebrews. Fact of the matter is, practically any Gentile can become a Jew by joining the Jewish religion.

We make mention of all this so that you'll understand who is, and who is not, going to occupy Jerusalem <u>after</u> the BATTLE OF JERUSALEM.

Jews cannot occupy it because only Christians will be permitted this privilege. As there will be thousands upon thousands of Hebrews who will change their religion from Jewish to Christian there will, therefore, be thousands upon thousands of Hebrews occupying the new City of Jerusalem after the BATTLE OF JERUSALEM.

There will be thousands of Arabs who will change their religion from Moslem to Christian. There will, therefore, be thousands of Arabs occupying Jerusalem after the BATTLE OF JERUSALEM.

As there will be many, many thousands of Gentiles who will change from their present dead-works religion to true, Five-Fold Christianity there will, therefore, be thousands upon thousands of Gentiles there. All of which means that the mass-minded, regardless of what their nationalities may be, once they become Budding Individual Christians, will be permitted to enter the NEW City of Jerusalem, and not only make their home there, but

will very definitely take part in governing the nations of the earth from that City.

After the BATTLE OF JERUSALEM, this thing known as Churchianity will EVENTUALLY cease to exist, and real, power-filled Christianity will begin in Jerusalem and spread to the remotest parts of the earth.

Denominationalism will then be on the wane. Fact of the matter is, it is already waning so badly that there is little Christianity left in it. The modernistic churches and denominations have lost the last semblance of Christianity.

The Fundamental churches have so crystalized in THEIR erroneous beliefs that they, too, are of little or no value in assisting The White Forces in preparing Budding Individuals for the Great Days that are coming just after the BATTLE OF JERUSALEM. Quite true, the Fundamental churches are correct in many things, but as to things shortly to come to pass upon the earth they are in almost total ignorance.

Those churches that do believe in Prophecy are so confused about things to come that they are absolutely ignorant of the TWO battles -- the BATTLE OF JERUSALEM and the BATTLE OF ARMAGEDDON. They think both are one and the same battle, and the pathetic part of the whole matter is, they have tried, and tried, and very conscientiously at that, to make the various Scripture for the TWO BATTLES fit one battle. Quite naturally no amount of pulling, stretching, warping, explaining will make two different battles -- fought 50 years and 60 miles apart -- harmonize.

Few Christians as yet know it, but the Jewish religion ended once and forever at the moment of Christ's death. The Dispensation of Law is forever in the past. It ended in the 51st verse, Chapter 27, of St. Matthew: "And, behold, the veil of the temple was rent in twain from the top to the bottom; and the earth did quake, and the rocks rent." The Jewish religion has no more standing now or after the BATTLE OF JERUSALEM than has the Moslem religion, no more standing than the Modernist's religion, no more standing than Sacerdotalism, which hasn't the slightest contact with true Spirituality. Quite true, all of these religions will continue after a fashion until the end of the BATTLE OF ARMAGEDDON, but they will have no standing whatsoever now or anytime in the future with the TRUE SPIRITUAL GOVERNMENT which will be set up in Jerusalem immediately after the BATTLE OF JERUSALEM.

JERUSALEM -- CAPITOL CITY OF EARTH

Chapter 5

It is true that Jerusalem will become the Capitol City of the Earth. This does not mean that the Millenium is about to take place. There is a great difference between the fifty-year period before the Millenium -- 1950 to 2,000 A. D. -- and the thousand years of the Millenium -- 2,000 to 3,000 A. D.

During the Millenium the Black Forces -- Forces of Evil -- will be completely shut up in the Bottomless Pit. All the temptation that a human being will experience after the Millenium will come from himself -- there will be no outside evil influence upon him whatsoever.

It is said that during the first one hundred years of the Millenium -- 2,000 A. D. to 2,100 A. D. -- there will be a number of people who will have to be eliminated from physical embodiment, all because of their own perverse nature. However, after 2,100 A. D. all of these antagonistic people will have been eliminated from the face of the globe and then for the remainder of the Millenium -- 900 years -- there will be no more perversity.

During the coming years between now and the beginning of the Millenium in 2,000 A. D., no matter how wonderfully Good flows to the remotest corners of the earth, Evil will be constantly present everywhere. The great difference between then and now will be: the Positive will always triumph over the Negative.

At no time during the SEVEN "Weeks" of time will Evil be entirely overcome -- this is not the purpose of the SEVEN "Weeks". The purpose is, to get as many of the mass-minded as possible to "turn West". This great work will be directed entirely from the City of Jerusalem. Budding Individuals everywhere will co-operate to the fullest with The White Forces.

As we have explained in other writings, The White Forces are not permitted to over-ride the will of the mass-minded and force them to become Budding Individuals. No power is ever permitted to do that. It is a matter of free will. The White Forces will not permit the evil Black Forces to overpower a human being and cause him to take the downward path. Persuasion through information and education will be the means used by The White Forces for causing the mass-minded to "turn West".

The persuasion comes in a variety of forms. For instance, during the SECOND "Week" -- 1957 to 1964 -- there is BLISTERING HEAT. A third part of the trees of the earth are burned and "all green grass". Many of the mass-minded will realize from this

that the SUPERNATURAL is at work, and they will "turn West" and become Budding Individuals, and will begin to work ardently with The White Forces, and start enjoying life.

During the FOURTH "Week", a "third part of the rivers and a third part of the fountains of water are made bitter, and many men die on account of the bitterness." All of those who die are so mass-minded that they will never "turn West".

Persuasion is greatly increased during the SIXTH "Week" -- "Men Seek Untimely Death", but death flees from them. The persuasion is brought to bear upon the mass-minded only, not upon all men on the face of the earth. The others are already Budding Individuals and if they were also afflicted the mass-minded certainly would not be impressed. It is the contrast, the contrast between the lot of the mass-minded and the joys of the Budding Individuals, that persuades them, the mass-minded, to make the change.

When conditions get so painful that the mass-minded seek death and cannot find it -- death flees away from them -- you can rest assured that it makes a very profound impression upon them and soon another great wave of Budding Individuals "turn West" and start forward on THE UPWARD PATH.

All of this great activity of interesting the mass-minded in becoming Budding Individuals is directed from the City of Jerusalem, the Capitol of the Earth.

All Budding Individuals any distance on THE PATH will eventually visit the NEW City of Jerusalem for special instruction in working with The White Forces in assisting the mass-minded to travel THE PATH.

Many of you older people can't possibly see how you could take a long journey to the City of Jerusalem for special instruction in helping the mass-minded. Under present circumstances it would be almost impossible. However, under conditions as they will be after the BATTLE OF JERUSALEM, this will be an exceedingly simple thing. After all, you are going to start making great changes in each of your Five Departments of Life very shortly (that is, if you have any desire to take part in the thrilling NEW ORDER OF THINGS with a YOUTHIFIED BODY and SUPER-CHARGED MIND) and when these changes are great enough you'll travel anywhere and everywhere in the Great Work.

LIBERATION -- THE MAGIC OF ETERNAL YOUTH

Chapter 6

In this chapter we wish to take up the matter of liberation from this present evil world, especially in the Physical and Mental Departments of Life.

After the BATTLE OF JERUSALEM, for Budding Individuals who are any distance on THE PATH (and there is no reason why YOU should not be, knowing as much as YOU do), there is going to be thrilling liberty and freedom from a curse that has hung over the human race since the fall of Adam.

Adam was forbidden to eat of the tree of the Knowledge of Good and Evil. It was perfectly permissible for him to eat of all of the Good trees but NOT from the tree that contained a knowledge of both GOOD and of EVIL.

But Adam did so eat, which resulted in a curse being placed upon everything throughout the world of an edible nature; not only things to eat had a curse upon them, but another curse was added -- LABOR. Adam and all his descendants were to labor among the briars and thorns for their daily bread, and this has been going on ever since.

Yes. All labor is a curse. We read every so often about "the dignity of labor". We would like to ask, how can anything that is cursed be dignified?

Truly, all labor is a curse. On the other hand if we shirk our rightful labor, there rests upon us a double curse -- the curse of labor and the curse that comes upon every shirker of labor. When we shirk our duty, we put just that much more of the curse upon our fellow man. And so, we are not advocating here the shirking of labor, mental or physical, in any way.

You remember Martha and Mary. Poor Martha was in a terrible frame of mind all because Mary was enthusiastically learning from Jesus the things every Budding Individual should know. When Jesus informed Martha that Mary was doing the commendable thing, Martha just couldn't understand it, and, no doubt, it was some time later when she was considerably further along on THE PATH that she began to realize that her concern about many things in this material world was the wrong thing. Yes. We are to concern ourselves with the essential things and let the other matters take care of themselves, if they are to be taken care of.

Quite true, the physical body needs exercise, and a certain amount of manual labor helps us to get the physical conditioning and exercise we require for keeping the body in a youthful

condition. On the other hand there are only a few occupations that employ more than a few of our more than 200 muscles, and so while we build up those few muscles through our occupation we sadly neglect all of the others. So an occupation, even though it causes us to become quite active physically, is only a half-hearted exercise at best.

Furthermore, the muscles that are built up through unpleasant labor are the hard, knotty muscles of a slave; they are not the joyous, supple, young, vibrant muscles of youth.

What normal youth "gives a hang" about manual labor, yet in his activity of running, swimming, ball playing, gym classes, etc., etc., he exercises every muscle in his body and probably puts forth twice as much energy as does his father who is engaged in some form of hard, physical labor. His father comes home "all worn out", but the son comes home ready to start it all over again.

The age immediately following the BATTLE OF JERUSALEM is one of youth for Budding Individuals. Quite true it is going to be a slave-labor age for the mass-minded. It must be this for their awakening, and any Budding Individual who takes it upon himself to lighten the load of the mass-minded will only interfere with their early awakening into BUDDING INDIVIDUALITY, and that, of course, would bring a penalty.

Another thing that has to do with our liberation from the curse upon this physical world is food. Do you know that all food is under the curse, and the more you eat of it the greater becomes the curse upon you?

It seems that pure water is about the only thing that people can take into their system that hasn't a curse upon it. Even it brings illness upon the body if not taken in sufficient quantities. There is also more unpleasantness if we over-indulge in our intake of water.

Yes. By reducing the intake of food to just the right amount, Budding Individuals, shortly on THE PATH, will often consume just half as much food, and at the same time receive all of the nutritional value possessed by the double quantity, and there would be only half as much curse.

Practically anyone who is overweight is indulging in too much "curse". <u>By masticating food to a liquid,</u> half the usual amount will produce the same amount of energy.

After you have reduced the intake of food by one-half through thorough mastication, you can further reduce the quantity by a better selection of food. With a little practice in the

art of eating, as little as possible, and eating the right kind of food, the quantity of food can often be reduced by three-fourths.

Certainly one must have sufficient bulk in the right diet, therefore quantity must not go below that which is normal even though all necessary quality is present.

Fresh, dried and cooked fruits are splendid for quality and QUANTITY. Vegetables have certain qualities, and they have a nice amount of quantity.

There are those who would have you go onto a strict vegetarian diet now. That is not at all necessary. The "lion is not going to lie down with the lamb and eat straw like an ox" until we reach the Millenium. However, we are not saying a word against a correct vegetarian diet. We have experimented with it and have found it highly commendable for those who are quite a distance on THE PATH of Budding Individuality. The fruitarian and vegetarian diet will be the diet in the Millenium, but there are many things that are much more important right now than a meatless diet.

Before the Flood men lived to wonderful ages -- 600 to more than 900 years old. Those were the days before fermentation, as we know it today, set in. What we are trying to bring out is this: there is no necessity to go on any kind of a diet, or even to cut down the quantity of your food, if you indulge in alcoholic beverages in any way, shape or form. As long as you indulge in the worst old-age producer known -- alcohol -- why bother about eliminating lesser evils such as over-eating, over-indulgence in sugars and starches, or gluttony in meats?

In your copy of the Monograph -- "The Fast Master" -- you were presented to one of the most remarkable methods of all time for rejuvenating both Mind and Body as well as EXPANDING all the other Departments of Life.

You couldn't do better than to begin at once the Friday fasts, as suggested in "The Fast Master", unless there is some physical reason at the moment why you shouldn't do so. Fasting is a New-Day practice. Nothing EXPANDS a Budding Individual like FASTING. Before we get very far into the SEVEN "Weeks" it will be quite necessary for each Budding Individual to go considerable lengths of time -- 10, 20, perhaps 30 or more days -- without food of any kind.

The GREAT FAMINE begins sometime after 1957. It takes place during the period known as "BLISTERING HEAT". By 1957, if you present-day Budding Individuals are not far enough along on THE PATH to engage in a 40-day Fast at least every 40 weeks, it

means that you have been loitering. For this you will experience very miserable times until you have caught up to the place where you should have been in your EXPANSION into Life.

The FAST is of tremendous value to Budding Individuals. It not only youthifies the body when properly conducted, but it wonderfully clears the mind, makes it possible for you to reason and judge accurately, and it also helps you to increase wonderfully in will power. More important, however, the FAST causes the Super-Conscious Realm of Mind and the Conscious Mind (through the Sub-Conscious) to be very closely associated, so much so that The White Forces can be in close communication with you at all times, but especially when you are to be directed in helping other Budding Individuals who are not as far an THE PATH as are you, or for your own good and safety.

As soon as The White Forces can start directing you, you will then be able to make great and wonderful changes in the Physical Department of Life. You will then begin to experience the Magic of Eternal Youth. BUT, The White Forces are not permitted to be of assistance to those Budding Individuals who will not PRACTICE that which they ALREADY KNOW.

In your Monograph, "The White Forces Revealed", and "This Is The Life", you are given information regarding The White Forces -- the Angelic Hosts -- that has never before been published. These Monographs should be thoroughly studied, so that you know W-H-O you are dealing with, W-H-O will direct you in the amazing "Weeks" to come, W-H-O is to direct the "world harvest".

Don't wait until the UN Army attempts to rush in and "take" Jerusalem to start your work of re-newing yourself, Physically and Mentally -- START NOW. It is easy to make the start now, but the longer you put it off the harder it will be, because you will have so much to accomplish in such a short period of time -- if you are to come through alive -- that you'll have to work overtime in becoming the person you should have been already. You'll have to spend so much time on yourself that you will have no time for the assisting of others.

In your Monograph entitled "Re-Creation" you will find many splendid ideas and charts to show you just how to proceed from where you are to the place you should be right now. On page 23 there is a two-color chart that has never before been put into print. It will eventually become a revelation to you if you will make it a point to UNDERSTAND IT NOW.

Important: For those of you who are "eye-minded", let me suggest that you send to J. B. Carr, Box 811, Hollywood 28, California, for a "Prophetic War Map", and a "Kingdom Chart". The "War Map" which is large size, is of Palestine and Jerusalem.

You can make notes on it from day to day regarding the progress of battle as you Watch Jerusalem. The "Kingdom Chart" is expecially important. It gives you details regarding the SEVEN coming "Weeks" of time, plus the past since Adam, plus the future which includes the Millenium and the 43,000 years according to Scripture that lie beyond. Neither the Map or the Chart are for sale. However, we fell that Mr. Carr would be glad to send you both the Map and the Chart for a small contribution of, say, One Dollar. Please do not send to me. I am in no way connected with the publishing of the Map or the Chart.

Of course you did not know it, but all through the years you have been trained by The White Forces for the period of time that is very close at hand, for the TRANSITIONAL PERIOD which is already here. The world is going to go through a tremendous change, and it won't be pleasant for the world. You are going to go through an even greater change -- a much greater change, and if you do it in stride, EXPAND into the Five-Fold Life as you should, there won't be the slightest sign of a "birth pain" or a "growing pain" for you.

For a number of years we have stressed the importance of EXPANDING into the Five-Fold Life -- Spiritual, Mental, Physical, Social and Financial.

There were certain things that could not be revealed to you five years, ten years, fifteen years ago, but now they can. We are so close to colossal changes both in the earth, and in Budding Individuals, that it is necessary for you to know and to do something about them now. Fifteen years ago, or even ten or five years ago, the message that we are presenting at this moment would have been so far in the future that you would have done nothing about it; by now you would have been so crystalized in doing nothing that you would not be able to have more than a slight desire to enter the wonderful NEW AGE. It takes much more than a slight desire. You must have a white-hot desire. You must have (eventually) so much zeal, fervor and enthusiasm about becoming your NEW SELF that you will be constantly making most wonderful changes in yourself.

Those of you who are well along in years, whatever you do, don't say, "I'm too old to ever enter the Millenium; there is no hope for me." That is not at all true. Age has nothing to do with it, not any more. Positively NOT after the BATTLE OF JERUSALEM. Do the things, starting NOW, that you'll be doing in the NEW AGE, just ahead, and you'll most certainly live on and on, all the time acquiring renewed youth. At first you'll be the only one to know about it -- you'll feel it within. A little later on, you'll begin to radiate it in your thoughts, your actions and your appearance. Yes. Wonderful days are just ahead for zealous Budding Individuals.

Chapter 7

If you can live just a few more years, you'll live to August 20, 1953, which is the end of the King's Chamber or Judgment Hall period. If you can live that long you'll be nearly three years into the last half of this Century which begins January 1, 1950, only about eighteen months away at the time of this writing.

We feel that if you can live that far into the FIRST of the SEVEN "Weeks", you'll be so well on your way to renewed youth that you'll have no difficulty in using present and new methods for living through the remainder of the SIX "Weeks" of time, and right into the coming Millenium.

The actual entrance into the coming Millenium isn't until January 1, 2,000 A. D. However, there is an over-lapping of Milleniums. The old Millenium extends its influence into the new Millenium for about 100 years, or until about 2100 A. D. The NEW Millenium also has an over-lapping influence. It is said that it actually started influencing the human race at about the turn of the present century -- 1900 A. D. The influence increased very gradually at first, but now the increase is becoming a tremendous force; that immediately after 1950 A. D. the influence will be terrific.

With the old millenium waning, and the NEW Millenium waxing, is it any wonder that Budding Individuals everywhere can make most remarkable changes in themselves by impinging upon the Life-Giving vibrations that the NEW Millenium is already radiating?

If a Budding Individual passes out of his physical body in death between now and the end of this century, he is going to miss tremendous opportunities to EXPAND into Life. He is going to miss the Thrilling Opportunities of working with The White Forces in helping mass-minded mankind "turn West". Unless, of course, the Budding Individual is purposely withdrawn from Physical embodiment by The White Forces to do Special WORK in the Higher Other World.

We haven't near the space in this Monograph to take up in detail each of the SEVEN "Weeks" of time, and what is to take place in each of them. There are to be great changes among the nations. The 13 tribes of Israel are to be regathered in Palestine and to exert their influence upon the entire world. Then, there is the coming of the Anti-Christ in person. There are so many things that are to take place that it will require much more space than we have here, to present them.

The most important of all the wonderful events taking place

in the SEVEN "Weeks" is the SECOND and THIRD comings of the Saviour. Both of these returns to earth take place immediately after the miraculous endings of the TWO battles -- The BATTLE OF JERUSALEM, and the BATTLE OF ARMAGEDDON.

The average Fundamentalist believes only in one Advent, believes only in one return of Christ to earth. For this reason he has great difficulty in reconciling Scripture that says one thing one place about the return of the Lord, and something entirely different in another place.

When once we understand that there are TWO separate and very distinct returns, then everything begins to clear up regarding the future. At once, there is no conflict in Scripture. One portion of Scripture describes the Second Return, other portions describe the Third Return.

The SECOND Coming of the Lord immediately after the BATTLE OF JERUSALEM, will be quiet and unnoticed by the mass-minded. Only an elect and select group of people will be present at His SECOND return. There were about five hundred people present at His final departure. His going away was very quiet, only the elect were there. His Second Return will be in exactly the same manner.

Immediately after the Ascension two men -- two angels -- in white apparel suddenly appeared. They addressed the group as follows: "Ye men of Galilee, why stand you gazing up into Heaven? this same Jesus, which is taken up from you into heaven, shall so come in like manner as ye have seen him go into heaven." Acts. 1:11.

There was nothing spectacular at all about the departure of the Lord. He simply ascended a distance and a cloud formed about Him which hid Him from the view of those gazing upward. Certainly it was most unusual. Natural law -- gravity -- was completely defied and overcome, but it all took place very quietly and secretly.

The appearance of the two angels was unusual, astonishing, mystifying, but nothing spectacular about their appearance. No one at a little distance from the group would have known that two angels had appeared, addressed the audience, and disappeared.

Christ's Second Coming, immediately after the BATTLE OF JERUSALEM, will be without the sound of trumpets. Only a very few -- the elect -- will know He has returned to earth to direct the activities of the elect in their work of assisting the mass-minded to enter the NEW and GREATER LIFE here and now.

The Work begins in Jerusalem and spreads out to all the

world. It begins in a very small, unobserved way, but constantly increases. Only those of the mass-minded who have "turned West" will know or can possibly comprehend that Christ has definitely returned to earth and that ALL THINGS are now in the process of BECOMING NEW.

The Second Coming is to take place in the First of the SEVEN "Weeks" of time, which brings the BATTLE OF JERUSALEM to a supernatural ending. The Third Coming takes place in the SEVENTH "Week" of time which brings the BATTLE OF ARMAGEDDON to a supernatural ending.

The Third Coming is spectacular -- "every eye shall see Him". This is the Coming that the Fundamentalists of today are expecting almost immediately, but this Third and last return of Christ to the earth doesn't take place until near the end of this century. Just how many years there are between the two Comings, on account of "the shortening of time", no one knows. There can't be more that forty or forty-five years between these TWO very separate and distinct Returns.

We haven't the space, neither is it necessary at this time, to make mention of the many colossal events that take place between the Second Return of Christ and His Third Return. Before He can return a third time it will be necessary for Him to depart after His Second Coming. All of this is completely revealed in Prophetic Scripture, and in due course of time will be made perfectly clear to Budding Individuals everywhere.

The Second Coming, although quiet -- "thief-like" -- is especially super-natural. Do you remember how "many came out of their graves and were seen in Jerusalem" at His First Ascension? This large group of Saints -- "the first fruits" -- will return with Christ at His Second Coming to assist in directing the activities throughout the world. Like Christ, these especially risen Saints have a supernatural body -- they can appear, disappear, re-appear as often as is necessary in pursuing their Work throughout the world.

The Second Coming of the Lord, remember, comes as quietly as the dawn of very early morning. First just a faint manifestation of light, then a few rays of light, after that the grayness of early morning, then daylight.

The Third Coming of the Lord is entirely different -- "Every eye shall see Him". The light will not be the "gray dawn of early morning", but will be as sudden as lightning and a million times brighter.

Before there can be a THIRD and final Coming of the Lord, this time with the Saints, and Angels -- all of the "company of

Heaven" -- there has to be, of course, a departure after the SECOND Coming. This takes place towards the end of this century, when the Anti-Christ is to rule the earth for SEVEN years.

Previous to the seven years PERSONAL reign of the Anti-Christ there is a three and one-half year period of considerable unpleasantness throughout the world. The True Chruch (consisting of all those who have "turned West") go through this period. It is a testing and forced-EXPANSION period or season for "slow" Budding Individuals everywhere. It is particularly intended for those who have been lagging, for those who have not become full-fledged INDIVIDUALS. It will give them an incentive to quicken their EXPANSION into the Greater Life, to "catch up with their Destiny". The Anti-Christ will not be personally present at this time, he will be present in "spirit" only, as regards active reigning.

However, immediately after this three and one-half years of refining, of the lagging Budding Individuals, the Rapture of the Saints actually takes place. This permits the Anti-Christ to appear in person and begin his SEVEN-year reign upon the earth.

The first half of his seven year reign he rules as a benevolent monarch; the last half as a fiend from perdition.

There will be millions of Jews who will not have "turned West" all during the six "Weeks" of time previous to the SEVENTH "Week" when the Anti-Christ appears in person. These particular Jews are granted extra-special privileges by the Anti-Christ. This will continue for three and one-half years. The Jews will mistake the Anti-Christ for their true Messiah.

Beginning with the last three-and-a-half years of the seven year PERSONAL reign of the Anti-Christ he, as we indicated above, shows himself as he really is -- a diabolical fiend from the nether region -- and the persecution of the amazed and disillusioned Jews of that day begins.

It is during this terrible time that millions of the Jews see their error, and along with tens of thousands of other persecuted nationalities, "turn West".

This is very important: If you will read Prophetic Scripture with the thought in mind that there are THREE 3½ year periods of time that have to do with the Anti-Christ, you will no longer be confused in attempting to make Scripture harmonize.

Three 3½ year periods would be a total of 10½ years. They are as follows:

The FIRST 3½ year period is experienced by the ELECT here on earth for their RENEWING and PURIFICATION.

The Anti-Christ is not present in person, is present in "spirit" only, as regards active reigning.

The SECOND 3½ year period is under the PERSONAL reign of the Anti-Christ. He acts as a benovelent ruler, showing especial consideration for the Jews of that day. He will be revered by nearly all of humanity.

The THIRD 3½ years shows the Anti-Christ to be what he actually is, a fiend from Hell. Jews and all other nationalities are persecuted in a diabolical way. The earth is an inferno of pain, sorrow, torture, death and destruction. Millions "turn West" before being murdered. It is during this time that the Anti-Christ puts an end to all earthly authority, civil and ecclesiastical.

At the present time do not give too much consideration to what is to take place in the last "Weeks" of the SEVEN "Weeks" of time.

Once the BATTLE OF JERUSALEM is fought and miraculously ended, you'll have splendid insight regarding the future. That is, of course, if you have EXPANDED into Life sufficiently to be of use in the work that The White Forces have intended for you.

At the present time it is not intended that Budding Individuals see too much of the future beyond the BATTLE OF JERUSALEM other than the important highlights. The important thing now is to WATCH JERUSALEM; watch the progress of the fighting there so that the sudden and MIRACULOUS ENDING at some time in the not-too-distant future does not "catch you unprepared". By unprepared we mean not sufficiently EXPANDED in the Five Departments of Life to take advantage of the tremendous changes and opportunities that will be presented to each and every Budding Individual throughout the world who is far enough on THE PATH to be used by The White Forces.

Work on your EXPANSION INTO LIFE. Don't give your health, your age, your present environment, your financial circumstances too much consideration if they are not all you wish them to be at this very moment. That is, DON'T WORRY ABOUT THEM. Just gradually EXPAND those Departments that are unexpanded, and do this entusiastically. Then, when Jerusalem is liberated, you, too, will experience liberation and will then be able to EXPAND in a most thrilling way.

Your EXPANSION <u>then</u>, of course, depends on what you do about it NOW.
