Dear Fellow-Seeker:

A few short months from now, HERE is the letter which YOU may be writing to ME:

"Dear Friend: I cannot thank you enough for what Mentalphysics has done for me. My entire life is richer. I never dreamed that my mind could be the instrument of efficiency and power that it now is, or that there could be such improvement in my talents, my daily work and my ability to handle any problem that arises. I am doing far better financially than I have ever done, never had so many friends, and never enjoyed such glorious health. Nor have I ever felt such deep reverence for and profound gratitude toward the Supreme Power which is now so near and so generous. It is a NEW WORLD that you have disclosed to me, and my efforts in it are <u>being crowned with success.</u>"

Very likely, such a letter is what you WILL be writing to me, and everything in it WILL BE TRUE. Hundreds of others have written me letters of thanks, after they learned what Mentalphysics could do for them. If THEY found through Mentalphysics their road to Dreams-Come-True, why shouldn't you?

Naturally, you can hardly expect such remarkable changes in your life, unless SOMETHING IS DONE TO BRING THEM ABOUT. Other people, who have written me letters telling of such changes, did at first just as you have done. They put off sending for the messages of Mentalphysics. So I sent them another invitation, just as I am now sending YOU another invitation.

They filled out the information blank and sent it right in. Not long afterwards, they wrote and thanked me for the NEW WORLD they had found, and the GLORIOUS SUCCESS they were achieving. How glad they were that I had sent them another invitation!

> So here is another invitation for YOU. In a very short time, it may lead to the greatest happiness you have ever known. Then you, too, may be writing me a letter telling of your new successes, and the rich, victorious life you are leading, or the astonishment of your friends at the improvement in your health, your appearance, and your personality.

Here is the reason you can so confidently look forward to great changes in your life. Mentalphysics is the ACCUMULATED WISDOM of generation after generation of wise men, an unbroken chain of them extending back three thousand years. It is not my invention. If it were that alone, it could not be the POWERFUL AID that my followers have found it.

But when you add, to YOUR brains and your modern knowledge, the Wise Men's transcendental wisdom and the methods they have discovered through the centures, YOU ARE BOUND TO HAVE FAR MORE MIND-POWER, FAR MORE ABILITY, AND FAR GREATER SUCCESS IN YOUR EFFORTS. It would be strange indeed if your brains and theirs, when COMBINED, could not achieve far greater things than you alone could accomplish.

I cannot begin to tell you of the wonderful things that can happen to you, when you thus

add, to your present efforts, the wisdom and the methods of men who have practically been SPECIALISTS IN MIND-POWER through many generations. I've had wonderful things happen in my own life, I have seen them happen in the lives of those who practice Mentalphysics, and I am sure they will happen in YOURS.

Picture to yourself the kind of life you would LIKE to lead, the kind of person you would LIKE to become -- and remember the POWER IS WITHIN YOU RIGHT NOW TO MAKE THOSE PICTURES COME TRUE. The Carpenter of Galilee declared it, Buddha, Zoroaster, Hermes and other great minds reaffirmed it, the researches of modern psychology have ratified it, and wise men of the Orient today are USING it. Not only that, but followers of Mentalphysics in this country are using it and proving its effectiveness in their daily lives.

Letter after letter tells about surprised friends wondering at the great changes in our members, asking what they are doing to themselves, what they have done to make them look so much younger, or so much healthier, or what has happened to change their luck or their personalities. In letter after letter, members tell of greatly improved health, or increased earnings, or better mental condition, rapid growth of their talents and abilities, or greater success in home and social life. Naturally, therefore, I expect similar results when you become a member.

Why not do so at once? Send the enclosed information blank today, and soon you, too, may be writing me a message like the one that begins this letter, WITH ALL OF IT TRUE.

I offer to let you try the methods thirty days without cost. The $5.00 you send with the information blank is simply a deposit, which we guarantee to return to you if you return the material within thirty days after receiving it. Thus, for thirty days you can try the methods, without any cost whatever, and PROVE THEIR VALUE AND THEIR EFFECTIVENESS IN YOUR OWN LIFE.

There is nothing to hold you back, therefore, and EVERYTHING TO GAIN. Why deny to yourself life's richest rewards, when you can try the methods of Mentalphysics for thirty days without cost?

So send the information blank today. Get a start you may never get otherwise, use this powerful aid to enable you to do, in a few months, what you might not otherwise achieve in a lifetime. Almost before you know it, you may realize that the DAY OF YOUR VICTORY IS HERE, your position in life vastly improved, and yourself the gloriously healthy, happy, remarkably talented and capable personage you know you CAN be.

Sincerely yours,

Edwin Dingle

Dear Noble of the Light:

Greetings in The Bond!

Recently, the first Commentaries of the Inner Chamber were mailed to you. I wish to congratulate you upon your progress. How would you like to receive now - without additional cost -

A handsomely bound book, containing the COMPLETE INITIATE COURSE (the first 26 lessons) in Mentalphysics?

Many students have written us that they would like the lessons all together in ONE BOOK, because the separate lessons are easily misplaced. In book form, they will last a life time, be always ready for reference - a year, five years, or twenty years from now. As you grow in wisdom, each year will increase your affection for this beautiful teaching. Decades from now, you may be indescribably grateful that you secured the lessons - in permanent book form - now, while you have the chance!

Your working lessons of the Initiate Course no doubt show the signs of much use by this time. Now you can get duplicates, brand new, and handsomely bound together IN ONE BOOK, which you can cherish as long as you choose to live.

Here is the way to get the Bound Volume without additional cost.

In addition to the book above described, we have published THE FIRST THIRTY COMMENTARIES of the INNER CHAMBER Teachings in book form, all in one volume - beautifully bound in purple and gold - a book which any sincere student will treasure always.

Instead of getting these Commentaries separately during a period of seven-and-one-half months - you can now get them, all in one book, and all at once. All you need to do is to send your donation for seven-and-one-half months, ($15.00) in advance.

AND HERE IS THE BEST PART OF ALL. When you send the fifteen dollars, not only are your dues paid in advance for seven-and-one-half months, not only do you receive the beautifully bound copy of the thirty Commentaries all at once - BUT we will also send you, along with it, at NO ADDITIONAL COST, the handsomely bound volume containing the complete Initiate Course. Thus you will have the first 56 lessons in Mentalphysics complete in two handsome volumes.

Ordinarily, Ding Le Mei does not like to send many lessons in advance. He wants the students to take the lessons in regular order, one each week, and practice each faithfully before going on to the next. But you have been long enough in Mentalphysics now for him to trust you to follow his wishes. Of

course, when the volume of thirty Commentaries comes, you will no doubt want to read all thirty so as to get a bird's eye view. But I am sure you will not try to practice the later lessons before you come to them in their regular order. You understand, by this time, that all preceding lessons must have been practiced, each for a week in turn, before practice of the later lessons can give you the utmost development. You know by this time that Mentalphysics is not a matter of reading, but a course of practice designed to make internal and spiritual changes in your mind and body, to develop systematically a change of consciousness in which greater and more beautiful things are possible.

Briefly - if you want these handsome and permanently bound volumes - all you need to do is to send in advance donations for seven-and-one-half months ($15.00). You then get all you would ordinarily receive for the same amount in monthly donations for seven-and-one-half months. BUT, you get them all at once, beautifully bound in a book - and you get BESIDES, duplicates of your first twenty-six lessons, also handsomely bound in book form - TWO books covering completely the first 56 lessons in Mentalphysics.

Please note: To get the two books, a SINGLE payment of $15.00 at ONE TIME is required. If you have already paid $2.00 or more on the Inner Chamber donations, this must not be deducted, but will be applied to your monthly donations BEYOND the thirtieth Commentary.

Remember, too, that in paying $15.00 in advance, you are helping Ding Le Mei to use this money meantime to Spread the Light further, to increase advertising to meet bills promptly and to make considerable savings in record keeping and handling costs. Ding Le Mei will appreciate such cooperation on your part - that is, if you are in position to give it. Otherwise, just continue as you have, and the Commentaries will be sent separately, as in the past, instead of in a bound book.

I urge you, if you can, to accept his offer. Have your lessons in permanent form so that they cannot become separated, or lost, and may be treasured throughout your lifetime.

Sincerely,

M. Bayseen

for Dean of Alumni
