ON BRINGING ORDER

We will bring order yet. You can assist us by not being dismayed at disorder. When you start to introduce order into anything disorder shows up as the second postulate and blows off. Therefore, our efforts to bring order in the society or any part of it will be productive of disorder for a while every time. The trick is to keep on bringing order and soon the disorder is gone and you have orderly activity remaining. But if you hate disorder and fight disorder only, don't ever try to bring order to anything for the resulting disorder will drive you half mad. Only if you can ignore disorder and can understand this principle, can you have a working world - or a working operation, for that matter.

MEMO:

To: HAS Students
From: L. R. Hubbard, Jr.

Whether you are about to become a student or are presently in an HAS Co-Audit course or even if you have just completed one, I would like to bring to your attention the subject of personal auditing.

In the HAS Co-Audit course you do a type of auditing called "muzzled" co-audit. You aren't allowed to do any thing except give the commands, acknowledge, nod your head when your preclear says something other than an answer to the command and put your hand out when things aren't going right or you have a question.

This is auditing in its most limited scope, but it makes possible the goal of "any two intelligent people can do it" and brings Scientology within the sphere of almost every one.

You can go a long way toward clear with this type of auditing. So close you can "Knock on the door". But muzzled Co-Auditing, as of now, won't take you to the top. I hope some day soon it can. We are working hard to refine it so it does.

What you need to get to the top is that extra push that professional individual personal auditing gives.

It has to be done by a very good auditor, like the one who teaches the HAS Co-Audit in your area. He is good. He has to be in order to be given the right to teach a course of this type. But even he can take you only so far via the HAS Co-Audit.

This is why I recommend that you get that "extra push" over the top.

I realize that the HCO Franchised auditor in your area is rather a busy fellow and he can teach just so many courses and personally audit so many people each week.

From the reports I've been receiving lately, the auditors wish they had a 30 hour day and a 9 day week. You people keep them hopping.

ABILITY Magazine
Minor Issue 107
Official publication of Dianetics and Scientology
FOUNDER: L. Ron Hubbard
Editor: Elanore Eddy
Published by the Hubbard Communications Office

Phone: ADams 2-6296

THIS MAGAZINE is coming to you from the Central Dianetic and Scientology Organization on this continent. We are here to serve you, the professional auditor and the public, to understand yourselves and your fellow man better and, most importantly, to engage in activities that raise that understanding and bring about in Man a higher ability and willingness to exercise his power of choice, to be cause over those things inward and outwardly that try to defeat him, to bring about a sane world, one without wars -- a world where you and your fellow man can walk down any path, anywhere, with pride, self confidence, without fear and in peace.

Scientology and the Central Organization do not take a passive role in its affairs with this universe. This is an Action, Doingness Science and Organization. We are working hard to make the dreams that Man has dreamt for eons come true and become fact.

We have come a long way since 1950. It has been a long, hard road but we are, and have been, making actual observable progress in overcoming man's inhumanity to man.

We are here to serve you. The services are many and varied. We have books, processing, training, certifications, information, and many other services.

I mean this sincerely: if we can be of any service to you, in any way, do not hesitate to write, phone, or come in person.

L. R. Hubbard, Jr.
Organization Secretary

If you have an HAS Certificate, I bet you think you are pretty good at this auditing game by now, don't you.

Well, did you ever take a good look at how smooth your HAS Co-Audit course went and how well it was conducted by the HCO Franchised auditor? Very smooth and well done, wasn't it?

Looks easy, doesn't it? Well, it takes a good deal of good training and experience to achieve that effortless look.

Did you ever compare the auditor's training with yours? Great deal of difference, isn't there?

I'm sorry to bring the facts home to you so hard. But you have a long way to go to get that certain savior faire that your instructor has.

Let me ask you this: would you like to be as good as he is, and maybe try to top him? I think so.

You see you don't have to turn professional, audit preclears, or teach courses. You can use the data and training in your everyday life, in your home, family or office. Scientology training can be applied to any field of endeavor. You decide where to apply it and it works.

Do you want to be the most effective fellow around? Then get the HCA Certificate, the next certificate above HAS. It is a valuable document to have. It takes work to get it. You have to earn it. It's worth it even if you never practice professionally in your life but only use it in your everyday livingness.

If you are interested in further training to Hubbard Certified Auditor (HCA) level, then talk it over with your nearest HCO Franchised auditor and he will give you the information you want about the Academy here in Washington. Or, if he isn't available, then write:

Registrar or Director of Training
1812 19th Street, N. W.
Washington 9, D.C.

You can start the HCA Course any Monday morning at 9:00. It lasts 8 weeks. Or you can take the course a week at a time at your convenience.

When you return home you will be well trained and have the know-how it takes; even so, don't be afraid to ask your local HCO Franchised auditor for a helping hand to get your "sea legs". He will be glad to help you out. And after a while you will be just as smooth as he is.

Just walk down any street in your city and look at the people, talk with them. They could do with some help. Well, why don't you be the fellow that can give it to them.

The Best Pay an auditor can receive is to know he has really helped a preclear up the ladder. Ask your instructor. I think he will agree and I hope someday you will find the same satisfaction.

(MEMO: continued from page 2)

If the Franchised Auditor in your area has his appointment book filled then may I suggest that you come here to the Hubbard Guidance Center for that "push". We have well trained and closely supervised auditors on staff who are very capable in the art and science or giving that extra "push".

You are given before and after IQ and Personality tests which are shown to you. You are personally interviewed by the Director of Processing and your own auditor.

The Registrar and the Director of Processing will be glad to help you make any arrangements you need as to lodging, auditors, scheduling, places to see, things to do, etc. Just contact either of them, any way, any time.

I would like to see you raise your abilities as far as you can in the HAS Co-Audit, then look around for a Franchised Auditor to get that "push" I've been talking about, and if he isn't available in the near future, then come on in to the Hubbard Guidance Center.

I have a pet saying which is: Don't try, do it.

Be seeing you soon.

Best regards,

NIBS
