WHEN YOU NEED REASSURANCE

When you hear people growling, when the lines are all awry, when the auditor has flubbed and the world of Scientology looks black, just remember that in the dozen years of sometimes despairing work and heart-breaking set-backs, the dream has yet come true.

We have it now. We can and are clearing them all - and you.

In Scientology just remember this when all looks dark:

IT WILL ALL COME OUT ALL RIGHT.

CLEARS MUST BE TRAINED

It is standard knowledge that a one-goal Clear is a very capable person.

A two-goal Clear is a human dynamo.

It should also be recognized that though they have these capabilities they are not, unless trained as an HPA/HCA, educated and are therefore incapable of utilising this released action and ability to the greatest good of the greatest number of dynamics.

An untrained Clear can, through non-education, become a severe embarrassment not through bad intention but solely because he wants to get something done. He wants to help but doesn't know how.

It therefore becomes mandatory that as soon as the first goal has gone to a free needle and been checked out fully by a Class IV Auditor as a lst-goal Clear, the individual must receive and complete training of HPA/HCA level BEFORE proceeding any further with auditing on his own case.

NEW YORK WILL HAVE A TAPE CONGRESS IN EARLY DECEMBER - REPLAYING THE TAPED LECTURES OF THE CLEARING SUCCESS CONGRESS HELD IN WASHINGTON

CONGRESS NEWS and the WORLD CLEARING PROGRAM

The Clearing Success Congress held on September 1st, 2nd and 3rd was a tremendous success. (Congress location was changed at the last minute as facilities were found to be inadequate at the Marriott for the greater number of people expected than what we had counted on.)

Fabulous things happened at this Congress, not all of them on stage or during regular Congress hours. There was a wedding; a birth (it happened in a hospital) of a baby boy to a staff auditor; the Door-prize-winners goal was found; Dick Halpern was cleared; Ron checked out several preclears' goals, and did some other auditing; Jim Skelton, the auditor who found the goal of the Door-prize-winner, was awarded Class IV and a DScn. by Ron; Reg Sharpe, author of "This Is Life" presented a color slide program, showing pictures of Saint Hill; - and most important of all - Ron announced the first feasible world clearing program.

WORLD CLEARING PROGRAM

This program is very simple, and it will snowball.

A Saint Hill Graduate establishes a Co-Audit in his area. He very closely supervises it. The co-auditors in it audit each other on processes to prepare them to have their goal found. When a member of the Co-Audit group is ready to have his goal found the Saint Hill Graduate then gives that person an individual intensive and finds his goal. When his goal is found he returns to the Co-Audit and now is run on the processes necessary to take him on out to Clear (First Goal Clear). The Saint Hill Graduate does not audit anyone in the co-audit on anything but finding their goal, and not until their case is ready for their goal to be found. This way within months or a year, according to the size of the Co-Audit, the Saint Hill Graduate will have cleared the entire Co-Audit Group. If there were 50-60 people in the Co-Audit, then there would be 50-60 Clears, probably in a year with that size a group.

When the entire Co-Audit Group had been run to First Goal Clear then the Saint Hill Graduate would locate their Second Goals.

Anyone could take part in one of these Co-Audits. Central Orgs and other Centres are running them. The one in Washington is being run by a Saint Hill Graduate and a top-notch HCA instructor, who, by the way is a First Goal Clear herself - and is having results way beyond expectation.

Clears are being made.

MORE ABOUT THE CONGRESS

Ron also announced at the Congress a new breakthrough both in technology and promotion. This is the Healing Promotion, see page 8.

Staff were introduced at this Congress, something that has not been done in some time. And a skit was done to depict the creation and growth and then the running out by Goals Auditing of a GPM (Goals Problem Mass).

Following the Congress Ron spent quite some time around the D. C. Organization, mostly auditing people and proving out past-found goals. (Among the preclears whose goals he proved out were Julia Salmen, Resident Director of L. A.)

All in all the Congress was the best one ever - and what with Scientology getting better and better Congresses will always be better than before ones. Next Congress will be on July 4th, 5th, 6th, and 7th - that is right, a four day Congress - at the Shoreham Hotel here in Washington. And it will naturally be better than any so far because you'll most likely be there Clear.

Following are some pictures of the Clearing Success Congress:

NEWS

Eleanore Turner, HCO Continental Secretary U.S., and Dissemination Secretary and Ability Editor left for Saint Hill October 6th on the U.S.S. United States. While she is there on the Saint Hill Course Continental Secretary functions will be carried out by Robin Hancocks at Saint Hill HCO WW. The posts of Dissemination Secretary and Ability Editor will be temporarily handled by Joseph Breeden, HCO Washington Staff.

With Eleanore at Saint Hill the Washington Organization has four Staff Members on the Saint Hill Course. The other three are Harold de Ford, whose goal has been found and he is going on to Clear; Wayne Rohrer, who is doing very well on course, just starting out on the Goals Auditing part of the Course; and Gordon B. Bell who just got there a few weeks ago and from latest reports seems to surviving.

Also, Andrew Bagley, recently of HCO New York, is now on course at Saint Hill, as is Stanley Stromfeld of New York.

Ken Salmen of HCO Los Angeles is due to return to Saint Hill in the very near future.

William "Red" Shea of Dallas, Texas will soon be returning to Dallas from the Saint Hill Course - Dallas is a City Office now with Dolores Stokes as its HCO Area Secretary.

Ray Kemp of San Diego is on course at Saint Hill. The Church of Scientology of San Diego is also now a City Office, under the direct supervision of HCO Los Angeles

URGENT

Healing Promotion

by L. RON HUBBARD

One never achieves the high mark without finding something else on the way up.

We have resolved healing.

Clearing, of course, resolves it, and we can clear. There is however a lower level of resolution of sickness which any trained HCA/HPA can do easily. Indeed it is about the easiest Auditing that any auditor ever did. The entire technical run-down on it is contained in HCO Bulletin of July 30, 1962, "A Smooth HGC 25 Hour Intensive". I will be writing other bulletins on this. When this was first released reports began to come in from various quarters, that it was extremely successful. Further research reveals that, with the new series of buttons (HCO Bulletin of August 30, 1962) this is an easily applied solution to chronic somatics. Without exaggeration, this address to healing, is the resolution of illness at lower technical levels when properly done. Fifty to two-hundred hours can be devoted to a case, using this, as well as twenty-five. Do not confuse this with the 1961 Problems Intensive. It has similarities but is new.

Central Organizations, Centres and Field Auditors should begin an immediate programme on this. By healing you can graduate a pc up to clearing interest and thus we have a lower level feeder line, capable of successful accomplishment with normal HCA/HPA training.

The programme has the following thought major:

MAYBE YOU'RE NOT SICK
MAYBE YOU'RE JUST SUPPRESSED
SEE US AND FIND OUT

The phrasing can be more elegant, the message remains the same.

Legally, this permits us to heal without engaging in healing as, in actual fact, we address no illnesses and indeed, deny people are sick - they are only suppressed. Sickness occurs, we say, where suppression has been too great.

The arguement is - have you been sick? Did you go to doctors to be cured? Did they cure it? Then (as they didn't) maybe you're not sick, maybe you're just suppressed. So take some processing and find out.

And the person gets well! We use on him the exact button he came to us on. So he's never dismayed at any change of tack on our part. Then we interest him in clearing.

This, I am sure, is the long sought gradient. This used right, will build our new buildings, use our Academy Graduates and give us a chance to train up auditors to clearing.

Therefore, I recommend you get versions of this on cards for students and staff to hand out, retailor public literature handouts, and even get ads as we can in papers and street bus ads. Many promotion ideas leap to mind on this.

The legal arguement is simple, we don't believe in sickness, we do not address illness, we do not diagnose, we believe that freeing the human spirit also incidentally prevents sickness. We are doing prevention. We also find people do not have to be crazy to be suppressed, that nearly everybody is suppressed. We do send acutely ill people to doctors. We advertise to cure no diseases! That last is important legally. We only infer that people who think they are sick are really not but only suppressed.

Technically we train up our staffs to handle, in addition to other skills, this new Problems Intensive and we use it in the HGC at all times except when we are actually clearing - and we use CCHs only to prepare to deliver a Problems Intensive.

The Problems Intensive can be many intensives.

continued next page - -

The Certificates of Robin Sorrell (formerly Harper) and Jean Thomason are suspended until they are cleared.

This I recommend. Don't downgrade it. It's a suddenly emerged major tool.

We have at this writing these valid processes:

CCHs - HCA/HPA
The New Problems Intensive - HCA/HPA
Goals Listing - HCA/HPA
Goals Finding - SAINT HILL GRADUATES
Item Listing - HCA/HPA

So let's use our reserves of good HCA's and HPA's and wipe out illness while waiting for enough auditors to clear them all.

for those who want to learn to audit

For those who want to learn to audit the place to come is to an Academy of Scientology.

An Academy of Scientology is the only place on Earth where you learn to make the unwell well, the insane sane, and the sane saner.

An Academy is run on a very tight schedule, very strictly run. Students are given specific instructions and full answers to their questions. They are not asked to understand more than they can understand - they are told to. They are not allowed to do any actual auditing on the course until they have the basics and the fundamentals of the over all science well understood. Students are handled so they acheive understanding and do not lose.

There are four sections to an Academy and a student stays in a section until he has passed all requirements for that section. If a student in a higher section makes a gross auditing error he is demoted to a lower section until he has learned all over again the data and drills pertinent to his error.

A student is graduated from the course when he has passed all Bulletins, Tapes, Drills and has done all the Auditing required, and the Director of Training is satisfied. After graduating the student is interviewed by the HCO Board of Review and given his exams. Only after passing 100% on his exams and bringing his own case level up through processing, if HCO required it, is the student certified.

An Academy of Scientology is for those who want to learn to audit. It is not the place for those who only want to help themselves. The place for self-help is the Hubbard Guidance Center. The Academy is where you can learn to make your fellow man better; where you learn to help others lead a better life.

We would like you to learn to audit.

It will take cash and time on your part and hard intensive training, the like of which the Marines never saw, but you can do it - and it is the most invaluable training you can have - because who else besides a Scientology Auditor can make men free of mis-emotion, psychosomatics, bad-tempers, cobwebby minds and unexplainable pains?

So get your determination in gear. Courses start every Monday morning. If you don't want to take the professional HCA course you can take the Practical Course which does teach you auditing but not enough to authorize professional practicing.

There are two Academies at present in the U.S. - one in Los Angeles and one in Washington. Write the Registrar of either Central Org for more details

JOE BREEDEN
Ability Editor Pro Tem

MATERIALS REQUIRED BY STUDENTS ON HCA COURSE:
You will need to have your own Mark IV E-Meter.
In addition, you will need a copy of E-Meter Essentials 1961 and a notebook for tape lecture notes.
