TWO TYPES OF PEOPLE

by L. Ron Hubbard

Completing research on the highest levels of clearing now being taught as the upper course at Saint Hill, Class VI, O.T., I made a very fundamental discovery about Man and Life that I'd like you to know about.

You probably have speculated on this many times - are there two kinds of people: good people and bad people? Society is more or less organized on the basis that there are. And certainly one sees that some are successful and some aren't, some are good to know and some aren't.

Even in modern TV fiction one has the cowboys in the white hats and the cowboys in the black hats; indeed one probably couldn't have stories at all to Man's way of thinking unless there were heroes and ogres. And even fiction is rigged as a moral lesson in good and bad people.

Philosophers long before Greece pondered moral conduct in terms of good and bad. And Diogenes was looking for an honest man, implying some weren't.

More recent speculation in the 19th Century terms all men evil unless forced to be good.

Some schools of thought tried to avoid the point by saying early childhood formed character. Yet other schools maintained Man would always be evil unless personally threatened, which gives us the presence of police in the society. But even police sometimes work on the idea that there are good and bad people.

From all this one could judge that Man had a problem about whether people are good or bad.

Probably at this minute you could think of some examples of good people and bad people. You know those who rave and gnaw at the rug at the very thought of Scientology helping anyone, so therefore there must be people of evil intention toward their fellows.

And there are.

The research results you would be interested in show clearly that there are two types of behaviour - that calculated to be constructive and that calculated to be disastrous.

These are the two dominant behaviour patterns. There are people then who are trying to build things up and others who are trying to tear things down.

And there are no other types. Actually there aren't even shades of grey.

The disaster type can be repressed into inactivity (and illness) and the constructive type can also be repressed (and made ill).

Thus there are two basic actions, each with many other subsidiary actions.

There is also a cyclic or combined type who is alternately constructive and disastrous.

So there are cowboys in white hats and cowboys in black hats. And the cowboys in the grey hats are too sick to be in the game.

One scholarly chap (a very sick fellow) hopefully told me once that there were no true villians, no purely evil people. He was whistling past the graveyard. There may not be evil people, but there are people currently devoted to doing evil actions.

All such conduct is apparent and dominant. We see such people all the time. We just don't want to see them.

The underlying reasons for this are, in the absence of processing, fixed and unchangeable in any one lifetime.

As Man knows a man only in one lifetime, the basic cause or changes have not been observed. Thus to all practical purposes for Man, some are good and some are evil. And if we didn't have Scientology it would not only not be observed but couldn't ever be changed.

That this condition exists - that half are good and half are bad according to their personalities - oddly enough does not alter basic Scientology concepts. It explains why certain persons appear to be evil and some appear to be good.

Examining the actual goals of an individual shows us why.

About half the goals of any one individual are constructive, the remainder are destructive.

It takes a being a very long time to live completely through the cycle of one goal, much less a series of goals.

Therefore any one individual at any given long period of his existence is only fixated on disaster and at a subsequent long period is fixated only on being constructive.

So the same being at different lifetimes is good and evil.

Given a sudden overwhelming experience a "good person" may be shifted violently in his own goals pattern and become evil. And a "bad person", acted upon powerfully by life, will become good. But they also become sick. Their illness stems from being moved out of present time into past heavy energy patterns. It is no cure to so move them despite the assertions of 19th century mentalists and their shock "treatment". This shows why shock sometimes works and why changes of character come about. And it also shows why such changes are accompanied by severe illness and early death. The person is thrown violently out of present time into a painful past.

The problem is not a problem of sanity and insanity. It is a problem of disastrous motives and constructive motives and the degree to which either is suppressed.

By suppressing the damaging motives of a being who is currently inclined to disaster, one can make that being "behave".

But by suppressing the constructive motives of a being currently inclined to constructiveness (as in the military) one can make that being "behave" also. But both will become physically ill, neurotic or insane in the absence of processing.

So the same being in one long period is constructive and in the next long period disastrous.

As Man measures time in small bits such as youth, old age or a lifetime, he could conceive of a being as only constructive or only disastrous.

Fortunately for us, this also solves the ancient riddle that one cannot be granted power without also having good intentions. The only way final and powerful abilities can be returned to an individual is by ridding him of all these hidden compulsions, a task now accomplished at Level VI.

This gives the Scientologist a useful insight into character. A sick being is one who has been bent upon violence and was suppressed, or one who was bent upon constructiveness and was suppressed.

It also gives us a whole span of new processes for Level III called "Auditing by Lists", available in HGCs or from informed field auditors. This is quite in addition to what it does at Level VI. And it also tells us that no one with obsessive intentions will ever make it to the highest and most powerful levels with disastrous inclinations.

But at the street level, with no processing involved, we have these two basic types - good and evil.

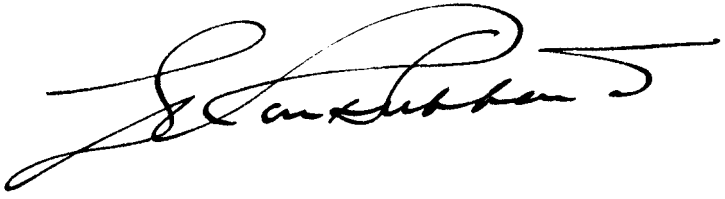

And these subdivide into the good who couldn't be good and became sick, and the evil who couldn't be evil and became sick.

But these facts are more than philosophic observations. They deliver to us understanding and more chance to be right about people. And they give us as well the wide open door to making people well at Level III.

One cannot push research as I have done in the past year into the stratosphere without learning more at sea level also. And this is what has happened here.

The basic travail of man is that he is divided into those who build and those who demolish, and in this conflict of intentions his fight, whichever side he is on, is always lost.

Or was lost until Scientology came along.

IT'S TIME FOR A CONGRESS AGAIN

It's the first big Congress since September 1962. It's the first time in nearly two years that large numbers of American Scientologists will get together to brush up on the news and technology, to re-new old acquaintances and to make new friends.

It is A Congress, even though held on two different coasts. In Washington and in Los Angeles, the same basic Congress will be given; some of the Seminar and other material may differ, but the basic Tape and Film Lecture program has been chosen by Ron especially for you to give you the most important current data.

We wish we could announce that Ron will be here in person to talk to you. He won't be this time. He is far too busy putting the finishing touches on the upper reaches of O. T. processing and working on producing a co-ordination of printed material to teach Scientology from the ground up.

Ron will be here to speak to you via his taped lectures and a film produced at Saint Hill. He wants you to get a thorough reality on just how far we have traveled in the 21 months since his last visit to America. It is an understatement, not an exaggeration, to say that more vital discoveries have been made in these 21 months than has ever befored occurred in the history of the race. Many missing pieces of the puzzle have been assembled, which throws a better light on to all the rest of Scientology knowledge of the mind and the spirit. The know-how for auditing any person from total unawareness of self as a thetan up through Clear and O. T. is complete. It doesn't matter how unknowing a person may be at the start of taking the Scientology route to full ability, or how bogged down his or her case, the road out is precise and clearly marked.

The Gradation and Classification Program is the vehicle of understanding how to audit any person with constant gain. Just as the Tone Scale clarifies the understanding of man for man, this program puts into the auditor's hands a precise scale by which he can know what to audit and when on whom.

The three days of the Washington Congress and the two days of the Congress in Los Angeles is a mighty short time in which to acquaint you with the wealth of data which Ron has prepared for you. We'll do it though. We're Scientologists and so are you.

Come and gather with the Free People for a weekend which will open new vistas of Life as it CAN be lived !

LEVELS OF AWARENESS CONGRESS

WHAT'S A CONGRESS? I'll quote some things that Ron has written about it:

"A Scientology Congress is an experience. It is something you should not miss. It's held for you, not for special Scientologists.

At a Congress you meet the Free People. In hotel rooms, in cafes, in lobbies, in the time - outs from packed Congress schedules, you meet the guys like you who have been talking and living Scientology all over the world.

At a congress you find the reality of how many we are. For everyone there is taking a Congress home to a lot of other people.

You're a lot less only one after a Congress. You know we are a going concern, a potent force on Earth, indeed, the only force that is doing something about it.

Who comes to a Congress?

Everyone and anyone. People who have read a book rub engrams with people who have audited for years. Women, men, yes and lots of kids, too.

A Congress Program is designed to embrace the new and the old. For there's always something new even for the old.

The schedule starts with registering on the first day, really gets going on the dot at 1:00 p.m. Then for two or three days we have at it from nine til nine.

Congresses aren't just talk -- they are composed of demonstrations, group processing, meetings, plannings.

Congresses are vital milestones usually. The new data, the old data reviewed, the new results, all these are presented.

In England and in the U.S. we have worked out a Congress "drill", as precise as a clock, where all the staff have their posts and all the functions and actions are grooved. We've gotten awfully good at this. The bones don't stick out any more. We've handled thousands and thousands of people in Congresses. We know how to give one and how to show people a good time.

A Congress is for everybody. I make sure of that. And everybody comes. Some people bring friends who never before heard of Scientology -- and they don't lose their friends either!

We could say a Scientology Congress is the biggest show on Earth -- it is.

For here we show a lot of people like you the road out."

Ron wrote the above for ABILITY 59 in 1957. We've had a few more years of experience in giving Congresses since that time and we're all set to welcome you to a most rewarding experience at the Levels of Awareness Congress and to create with you a bigger and better future for Scientology in America and for You personally.

Ron is very interested in You being at this Congress and has personally selected the program for you.

I have already told you something of what you can expect from the part of the Program which has to do with Gradation and Classification. There is more to tell. The other major subject which we will be presenting on the weekend of July 4th has to do with A Plan for World Peace - INTERNATIONAL CITY. It is very appropriate to this to include some more of Ron's article quoted above:

"In August of 1956 we had a political type Congress. It was a trial balloon, done to explore the third dynamic. It was an experiment pure and simple. I followed up on this, watched Scientology and public reaction to the 3rd and learned some astonishing things such as "The Aberrated 3rd Dynamic is the summed irresponsibilities of the 1st Dynamic", and definitions for sane and insane groups. An insane group is one formed by the weak to protect them against the strong. A sane group is an expression of communication by those who could each one stand alone. Also, there is no political "strong". Those who act so strong like Hitler et al are really the weakest we have. There is no weak vs. the strong. There is the weak vs. the weak who have to act strong to fool people.

Well, this gave us the true clue to government and a lot of things and we wrapped up politics as a study."

Ron wrote this in 1957. Now for the Levels of Awareness Congress on 4th of July weekend, 1964, he has taped a lecture presenting a plan by which O. T. s can co-act to reduce the chaos of the governments of this planet. You don't have to reach the state of Operating Thetan before starting to work toward the accomplishment of this plan, so find out about it now - and you can let Ron know of your views on it.

Clearing is with us at this 1964 Congress - very much so. The route to the super-clear state of O. T. has been thoroughly researched by Ron and mapped for the use of Class VI auditors who have been trained in the exacting skills necessary.

You will hear something about this at this congress and there will be much more news to follow in the coming months.

Clearing by destimulation in lower levels processing is becoming a routine procedure in the HGCs.

There's much more to tell -- but that's why we're having a Congress!

The staffs of Los Angeles and Washington are looking forward to seeing you on the Fourth of July weekend.
