CLEAR

by L. Ron Hubbard

Clear is the name of a button on an adding machine. When you push it, all the hidden answers in the machine clear and the machine can be used for a proper computation.

So long as the button is not pressed the machine adds all old answers to all new efforts to compute and wrong answers result.

People who have old fixed answers reacting when they try to think get wrong answers to their current problems. Such old answers are not cleared. Rollo is still solving the tantrums of his mother who has been dead for years. Marybelle is still running away from the tramp who attacked her when she was 10 years old. So Rollo stays home as the solution to the women of the world. And Marybelle runs madly about as a solution to all the uncouth men she sees. Their friends think they're a bit odd. Their doctors prescribe pills. And we clear the answers which won't let them live.

As adding machines or any kind of calculators they would be junked. They give wrong answers to life because they already have a hidden answer in their "cogwheels".

They are not cleared.

Well, really that's all a "clear" is. Clears are beings who have been cleared of wrong answers or useless answers which keep them from living or thinking.
