International Membership	$30 per annum.
Lifetime Membership	$75
Associate Membership	$ 1

International Memberships bought at the above rate entitle members to 30% discount on processing and training, also 10% discount on books, E-Meters and tapes. International Members also receive P.A.B.s.

Lifetime Memberships bought after the above date entitle members to 20% discount on processing and training, also 10% discount on books, E-Meters and tapes.

Persons holding both these memberships will be entitled to a 50% discount on all processing and training and a 20% discount on books, E-Meters and tapes.

Old Lifetime Memberships, bought prior to November 15th, 1964, give as before a 20% discount on processing and training and a 20% discount on books, E-Meters and tapes - but in this case there will be no additional discounts on books, E-Meters and tapes if an International membership is also held.

International Membership is required to keep a certificate in force and there will be no professional rates for processing other than those stated in reference to membership discounts.

Any person at present holding an International Membership may have the benefit of the 30% discount by paying the equivalent proportion of $30 for 1965.

Associate Memberships entitle the holder to receive Ability Magazine each month and a Scientology pin. No discounts are available to Associate Members.

None of the above memberships may be bought at a discount and they are not refundable.

Membership cards must be presented at all times if discounts are desired.

Old Lifetime Members (Shareholders) will not receive cards for that membership, but a list will be available in Reception for checking when discounts are requested.
